Eighty-fifth Annual Session

1957

EIGHTY-FIFTH ANNUAL SESSION
of
CALIFORNIA STATE GRANGE
OCTOBER 15, 1957
PASO ROBLES, CALIFORNIA
TUESDAY MORNING

Preceding the eighty-fifth session of the California State Grange, there was registration of delegates and visitors at the Industrial Building, Paso Robles Fairgrounds, 8:30 A.M.

At 9:30 a.m. the famous stage coach arrived carrying State Grange Master, Mrs. Sehlmeier, and Mrs. Glenn, escorted by the Sheriff's Posse of San Luis Obispo County.

The Paso Robles High School Band presented a short band concert.

At 10:00 A.M. the meeting was called to order by State Master, George Sehlmeier, in the Industrial Building. The Assistant and Lady Assistant Stewards escorted Brother Sehlmeier to his station, followed by all State Grange Officers.

Presentation of the flag followed with Patroness Ceres, Marjorie Mills, as Standard Bearer. "Star Spangled Banner" was sung by all. Those who were not members of the Sixth Degree retired and the California State Grange was opened in regular form in the Sixth Degree.

Roll call of officers present as follows:

Master	George Sehlmeier
Overseer	M. M. Kibler
Lecturer	Margaret Avery
Steward	John Freitas
Assistant Steward	W. G. LaCaille
Chaplain	Leta Littler
Treasurer	Marshall Dopkins
Secretary	Clara Williamson
Gate Keeper	William Davis
Ceres	Marjorie Mills
Pomona	Esther Williams
Flora	Effie Spencer
Lady Assistant Steward	Margaret Robinson
Pianist	W. C. Campbell
Executive Committeemen.....	William W. Pisenti
	J. B. Quinn
	Lloyd Piper

Brother Elmer McClure of Oregon State Grange was introduced by Master George Sehlmeier.

The meeting was closed in the Sixth Degree and opened in the Fourth Degree, after which 113 members were escorted in. Twenty-six Youth Grangers were escorted in, as were Carle Fiedler, California State Grange Youth Chairman, and Emma Michalk of the Youth Committee.

Brother Elmer McClure, Master of Oregon State Grange, spoke briefly. He stated with regret that Brother Ray Gill was unable to be present inasmuch as he was at present hospitalized for major surgery. Brother McClure introduced Sister McClure and Sister Pearl Dentel, Home Economics Chairman of Oregon, who stated she hoped to gain much from her visit at this Session.

Dr. Julian A. McPhee, President of California Polytechnic College was introduced by Master Sehlmeier. Dr. McPhee gave an enthusiastic message to all. Dr. McPhee requested the California State Grange to assist young farmers to be self-sustaining and independent on their own farms. They hope between now and 1970 to have a student body of 10,000. In closing he extended an invitation to all and any California State Grange members to visit the College.

Convention program was read by Sister Williamson, State Secretary. Motion was made and seconded that the program be approved. Carried.

MASTER'S ANNUAL ADDRESS**INTRODUCTION**

Preceding the opening of the 85th Annual Convention of the California State Grange, an Agricultural Olympics Program was arranged by the California Polytechnic College in San Luis Obispo. This program attracted national attention and was participated in by many of our members. We wish to extend our most sincere thanks to "Cal Poly" for arranging this program for the entertainment and interest of those attending this convention.

This 85th Annual Convention of the California State Grange is being held in a historic area. Through this part of the State, came the Padres who established their Missions; one in San Miguel, about 10 miles north of Paso Robles, and one in San Luis Obispo.

It is probable these early settlers gave this City its name. We now speak of it as Paso Robles, but nearly everyone knows the title as El Paso des Robles, meaning the "Passage of the Oakes." This part of California has a historic background.

This is the first time the California State Grange has held its Annual Convention in San Luis Obispo County. It is apparent there has been no meeting place where there has been greater hospitality and where the whole community has joined whole heartedly in entertaining the State Grange and assisting in every way in making this Session both profitable and pleasant.

Before this Session, are some of the most important issues which have been presented to the State Grange Sessions for the last several years. It is possible there will be differences of opinion on some of the issues upon which the delegate body will be required to make a declaration. but we are confident as the Session proceeds, the delegates will keep in mind there is no harm in differences of opinion.

We are certain, when the gavel falls, and the 85th Annual Session of the California State Grange passes into history,

the program will be both progressive and constructive. With the delegate body of this Session, lies the responsibility of adopting the program which must be followed by the State Grange during the coming year.

THE STATE GRANGE YOUTH PROGRAM

The State Grange Youth Program includes all Grange members from 15 to 21 years of age. During the last year, there has been outstanding progress in the Youth Program. Reports indicate, there has been a more active interest in the activities of Subordinate and Pomona Granges by Youth members. We most sincerely hope that all Granges in California will give attention to have young people become members.

The Easter Vacation Youth Conference held at the California Polytechnic College this year, was the best attended and most successful spring conference so far held. Under the able direction of the State Grange Youth Committee members, Dr. Carle Fiedler, chairman, Emma Michalk and George Schmidt, Youth Chairman, not only the Spring Conference, but youth activities in Granges have gone steadily forward.

When young people become members of the Grange, they should be given an active part in Grange meetings. They would be interested in forming degree teams and participating in other activities of the Grange.

CALIFORNIA STATE, COUNTY AND DISTRICT FAIR

During this year as in former years, Granges throughout the State have given active support to County and District Fairs.

Grange Day at the California State Fair was held on September 4th. The usual luncheon was served in Governor's Hall by the Orangevale Grange Home Economics Club. The Grange luncheon at the State Fair now has as large or larger attendance than any other such function held during the Fair. The Hospitality Booth under the direction of Mrs. Mabel Glenn and Mrs. Lydia N. Joiner always attracts wide attention. Many of our Granges won prizes in County and District Fairs, and in some instances if it were not for the Grange booths, there would be little on display at the Fair.

In our visits to some of the County and District Fairs, we found the Grange booths were of outstanding interest and beauty. Much credit is due the committees who ar-

ranged the booths. We believe County and District Fairs have a very important place in building up community interest. We most sincerely hope in the years ahead they will continue to grow in service to the community where they are located.

Again, we commend Granges for their part in these fairs.

CALIFORNIA PHYSICIAN'S SERVICE CONTRACT

The first contract with the California Physician's Service was signed during the latter part of 1946. During part of the first year of operations, it was required that 50 percent of the members of a Subordinate Grange must enroll before they could participate in the program. Shortly thereafter, this plan was abandoned and members could become enrolled at the State level. This program is the only one which has no age limit. All members of the Grange, no matter what their age, have equal benefits. Some other contracts likewise state they have no age limit, but the benefits are very greatly reduced for elderly people. It has been the rule of the California State Grange that all members who enroll in this program, no matter what their age, are entitled to equal benefits.

During the last few years there have been very substantial increases in hospital and other medical costs. A Ward Room early in 1947, could be had for a charge of \$6 to \$8. In some instances, now the same room has risen to a cost of \$18 and some even higher. If the upward trend of hospital costs continues, it may result in a condition where many thousands of our people cannot afford hospitalization and medical care. While there has been some increase in doctor's fees, it appears the increased cost of hospitals has been far the greater. While there may be reasons for higher rates, it might not be out of place to give warning, if these costs reach a level where too many people cannot afford necessary hospitalization and medical attention, it is probable movements will again originate to have State participation in medical costs. Recently it became necessary to increase the rates in the Grange California Physician's Service program. The California State Grange Executive Committee reluctantly consented to the increase when California Physician's Service presented figures of losses they have sustained during the last year. Notwithstanding the increase in rates, the Grange program is still one of the most liberal available to the people of all ages in California. The California Physician's Service is not insurance; they

are a service contract. In insurance, the policy must set forth the exact amount to be paid for any one service. If the amount in the policy is less, the company pays the policyholder and they must settle with the hospital or the doctor.

We believe a strong movement for greater enrollment in our program should be undertaken in the immediate future. If enough members enroll, we believe the rates can be reduced.

CALIFORNIA GRANGE NEWS

The California Grange News was established in January, 1932, by authorization of the California State Grange Convention held in Sacramento in 1931. The first few issues were published in a magazine form, then the publication went to full newspaper size and is now printed on tabloid.

Due to former experiences, many of the older members of the Grange, when the paper was first started, were of the opinion, the Grange News could not succeed. One important change was made to establish this paper. In former years, a Grange paper was published under contract with an editor, while the California Grange News is owned and operated by the California State Grange. The progress of the paper was slow; many problems had to be overcome. Since the News has been established, the Grange membership has received the paper free of cost. As far as we know, it is the only Western Grange paper that does not have a subscription paid by the membership. During the last few years, the publication has made substantial progress. Our advertising income is larger than the other three papers who are members of the Western group, combined. The California Grange News is now in a very strong financial position. Our Grange publication has gained prestige and is now recognized as one of the strong rural publications in California.

The Managing Editor, Craig Hazlewood, will give a more detailed report to the convention.

SOIL CONSERVATION

The Grange has always vigorously supported Soil Conservation. Conserving the fertility of our soils should be the concern of every citizen. Unfortunately sometimes persons who are not acquainted with the objectives of conserving and improving our soils have expressed the opinion, soil conservation is largely a movement to make it possible for

farms to raise larger crops and increase the income of their land.

Soil conservation is intended to conserve the fertility of our soils on down through the years. There are many areas in United States where erosion has washed the top soil to lower ground, and the production on hill sides has in many instances been greatly impaired, and in other instances almost completely destroyed.

The people of today, are the custodians of the fertility of our soils for generations yet unborn, and we feel confident when these people realize what soil conservation means to them, they will pay tribute in these simple and yet eloquent words: "How Great Is Our Heritage?"

Soil conservation also has a close relationship with water conservation, and can do much to promote and increase to the value of water conservation, especially in smaller projects.

The control and preservation of our forests is also closely related to soil conservation and development of our water resources. We most sincerely hope the California State Grange will continue to use its influence in the interest of soil conservation and the protection and development of our forests.

COMMUNITY SERVICE

During the past year, several of our Granges participated in the National Grange Community Service Contest and we are happy to announce that one of our Subordinate Granges was classed among the top 10 winners at the national level.

The judges who will visit the Grange which is in the top 10 are in California today to review the Community Services performed by the winning Grange, in this State. Tomorrow evening, prizes will be presented to the winning Granges in California; also recognition and checks to some of our deputies who secured the required number of Granges to participate in the Community Service Contest to win an award.

The 1958 Community Service Program will soon be underway and we urge all Granges in California to give consideration to entering this contest. Even if they do not win a prize, the service they perform to the community is very much worthwhile.

SOCIAL SECURITY

Social Security has become important not only to employees but to self-employed farmers as well. There probably have been a few difficulties in determining, in some instances, just how Social Security will assist the self-employed farmers.

When the measure came before Congress to make Social Security available to self-employed farmers, the Grange was the only farm organization which supported this movement.

Social Security, as years go by, will undoubtedly have a more important part in many of the segments of our economy. We most respectfully suggest that self-employed farmers and others acquaint themselves with the benefits available through the Social Security program.

ATOMIC ENERGY

During the last few years, the Federal Government has spent many billions of dollars in developing nuclear power. During recent years, there has been an inclination on the part of the Federal Government to turn over to private industry, the development of atomic energy for private gain.

No one today would attempt to estimate the effect of atomic energy, once it is fully developed, on not only the economic but the social standing of people in the United States. We believe it is unwise and not in the interest of public welfare to turn over to private capital, the development of this great resource. Due to the billions already spent by the Federal Government, we believe it is the best interest of all the people the Federal Government control the development of atomic energy, and not turn over to private capital.

Out of this development has come the Atomic Bomb, and along with it the Hydrogen Bomb. We doubt if there is any scientist today who will dare attempt to make a definite estimate of the destructive force of these two bombs. If war should come and one or more of the nations involved should resort to the use of these bombs, they could easily destroy civilization itself. We believe atomic energy fully developed, can easily revolutionize the economy of nearly every nation in the world, and by the same analysis if not outlawed in warfare, it can result in destruction which is almost beyond the imagination.

STATE GRANGE HOME ECONOMICS DEPARTMENT

During the 1956-1957 fiscal year, the progress and achievements of the Home Economics Department have been outstanding.

The California State Grange gratefully acknowledges the work of the women in the Grange. To attempt to state in this report, all of the achievements, would make the report, far too long.

The Home Economics Department, Pomona Home Economics Clubs, and Subordinate Grange Home Economic Clubs made outstanding contributions to the progress and growth of the Grange. The Home Economics Department has taken part in all Grange activities with the possible exception of the legislative and economic program.

Mrs. Mabel Glenn, State Grange Home Economics Chairman, will give a more detailed report to this convention on the activities and achievements of the Home Economics part of the Grange.

Of particular interest, is a History of the Home Economics from 1936 to 1957 prepared by Mrs. Glenn. We understand this History will be made available to all Home Economics members who may be attending this convention. Great as have been their progress and achievement, we are confident the years that lie ahead offer still greater opportunity for service.

HIGHWAY CONSTRUCTION

The highway construction plan with appropriations made by Congress is now underway, but reports reaching this office indicate some of the projects authorized will have a higher cost than was estimated by the engineers. This has created rather a serious problem. However, at this time, it appears where funds are not available the extent of the project may be somewhat curtailed.

The construction of new highways and freeways in California to meet the needs of increasing traffic has resulted in very high figures for highway construction. In many instances where freeways have been built, cities both large and small, very vigorously protested the freeway going around the town. We believe when new freeways are built, if it is possible to secure the rights of way, no such freeway should pass through the city. In some instances it seems there have been unnecessarily high expenditures in build-

ing a freeway, that is in overpasses and underpasses, and other parts of the highway.

The National Grange supported the Federal Highway Program, and in California, the California State Grange, has given support to those developments which we feel are in the interest of better traffic conditions and safety on the highways. However, in highway construction as in other developments, there appears to be continuously increasing cost. Notwithstanding this, it seems imperative that due to the large number of motor vehicles now registered in the State, we must continue to widen and straighten our highways.

Highway safety appears in other parts of this report.

INSURANCE

One of the problems confronting motor vehicle owners is a steady upward trend of automobile insurance rates. During the last year, many insurance carriers have suffered substantial losses due to frequency of accidents on the highways, increased costs of repairs, and in cases of injury, higher hospital and medical care have contributed to the increase of costs of motor vehicle insurance. Until some method is found to reduced the number of automobile accidents, there is little hope insurance rates will be reduced or even held at the present level. Along with the increased costs referred to above, are the sometimes very high verdicts rendered by juries in suits for damages resulting from automobile accidents. At this writing, there seems to be no indication automobile insurance rates will not continue to rise unless automobile accidents and costs resulting therefrom are materially reduced.

The Farmer's Insurance Exchange of Los Angeles some years ago was named the official automobile insurance carrier for all Grange states west of the Mississippi by the National Grange. This organization was also endorsed by the California State Grange. During this Session, a representative of this company will report to the delegates.

The California State Grange Compensation Insurance Policy is available to Grange members. This policy is written under an agreement with the Truck Insurance Exchange in Los Angeles, and is available to all Grange members engaged in agriculture. But in this insurance also, due to increases in compensation benefits, the rates within the next year or two may show some increase. At this time, however, there has been no change.

The Grange Insurance Association makes available to Grange members, insurance for fire and extended coverages. Apparently many Grange members who could avail themselves of the rates offered by this Association, are still paying higher costs to other companies. We are confident, all Grange members eligible for this insurance who now have their property insured with another company, could make substantial savings by carrying their insurance in the Grange Insurance Association. A representative of this Association will report to the convention.

JUVENILE GRANGES

During the year, several new Juvenile Granges have been organized and one re-organized. We most respectfully urge all Subordinate Granges to acquaint themselves with the values of a Juvenile Grange, and the type of training and the influence of the high ideals which the members of Juvenile Granges enjoy.

Under the able leadership of Mrs. Lydia N. Joiner, State Superintendent of Juvenile Granges, there has been steady progress in Juvenile Grange work in California. Mrs. Joiner will give a more detailed report to this convention.

OUR SCHOOL CRISIS

Due to a heavy immigration to our State during the last few years, school problems have arisen in many localities, both urban and rural. In many instances, due to the large number of children, where new communities have been established, it is not possible for the taxpayers to meet the cost of school facilities, therefore, the people of the State voted bonds to assist in school construction but notwithstanding the amounts voted, there still remains in many areas, a shortage of school facilities, which practically amounts to a crisis.

Not only the increase in the number of children to attend school, but the sharp upward trend in the construction of buildings, is an important factor in school costs. For several years, the California State Grange adopted resolutions requesting the State Department of Education to make available to Boards of Trustees, plans for school buildings, which constitute considerable portion of the building costs.

However, education cannot wait. We believe when a State has such a heavy increase in population as has occurred in California, there is some justification that Federal Aid be requested.

There are still several areas in the State where two groups of children in different classes are attending the same school; one group in the forenoon and one group in the afternoon. Every reasonable program to relieve this condition must be undertaken without delay. The children are here and ways must be found to make school facilities available for them.

JUVENILE DELINQUENCY

During the last few years, so-called juvenile delinquency has given much concern to governmental and other agencies dealing with this problem.

Some of the happenings in recent years may well give concern, not only to those agencies who have the responsibility of trying to solve this problem, but to all citizens as well. When small children break into a church and wreck the interior, the time has come for careful consideration and serious reflection as to the best course to pursue.

While it is true there is only a small minority of the juveniles who are responsible for violating the law, nevertheless, the occurrences are frequent enough to give everyone grave concern.

While some years ago the California State Grange supported some of the laws now in the statute books, to correct some of the abuses of child labor, we have come to the conclusion if some of the young people reaching the age of 14 to 16 years are allowed to work, not only would this, in our opinion, reduce juvenile delinquency, but at the same time it would be helpful to the young people.

It is also generally conceded that much of this so-called delinquency is due to the availability of liquor. Every measure should be taken to stop the use of liquor by these young people and children. If necessary, more severe penalties should be imposed, when a conviction is secured. Building more juvenile halls to confine these young people is not the answer to this problem. In the final analysis, we are convinced the first, and most important step, must begin in the home.

CREDIT UNIONS

Grange Credit Unions have become an important part of Grange activities in California. We are proud to state California has a larger number of Grange Credit Unions than any other State Grange in the Nation. Not only does a

Grange Credit Union make it possible for members to secure loans, but at the same time, it is one of the most advantageous organizations for savings available. There are many benefits which Grange members can enjoy by becoming members of our Credit Unions.

Charles O. Busick, Jr., Chairman, State Grange Credit Union Committee, will report to this convention.

CHANGES—STATE GRANGE ADMINISTRATION

During the last year, several important changes have been made in Grange administration. Due to the demands of the Audit Bureau of Circulation and requirements of Federal Postal Authorities that every publication must have a paid subscription list, the California State Grange Executive Committee ordered a list of all Grange members in California be compiled in the State Grange Headquarters. This work was done under the supervision of the California State Grange Secretary. For the first time in the history of our State Grange, there is a complete list of all Grange members in California on file in the State Grange office building.

Another important change, when the former State Grange Secretary resigned and the vacancy was filled by the Executive Committee, the State Grange Secretary's office was established in the office building in Sacramento. This change has proved advantageous and benefited the administration of the State Grange. This has resulted in much quicker and better cooperation between the Secretary's office and other Grange departments. All Grange activities stand at an all-time high.

During the year, a number of new Grange halls were dedicated. The State Grange Secretary's Office will give a detailed report on the number of halls dedicated and the financial operations of the California State Grange.

FARM LEGISLATION

During the last Session of Legislature, a number of bills were introduced effecting California agriculture. While not many of them were passed, we believe that the farmers of California did not fare too badly with the last Session of the Legislature. While there are some changes in the State Agriculture Program which might have been beneficial, by and large, the results were reasonably satisfactory.

The program of the California State Grange for California farmers, goes back to the middle 1930's. In 1937, California State Grange sponsored the California Marketing

Act which now has all the programs and marketing order used by California agriculture. This law still bears its original title, California Marketing Act of 1937. The 1957 Sessions of Congress made little or no changes in the farm program. In 1956, the Soil Bank Plan was adopted. This was rather a stop-gap movement until more definite measures could be adopted effecting American Agriculture. This plan has not proven satisfactory. It now seems probable during the early part of next year's Congressional Session, important changes in the Farm Program will be before Congress.

Secretary of Agriculture Benson has indicated he may advocate a complete change in the present administration of the Farm Program and Parity Payments. The home owning type of farmer is being crushed out of existence by the present legislation effecting farmers. In this State, the program by dealers and processors in financing poultrymen by supplying not only feed but sometimes all the facilities is a dangerous and undesirable procedure. After the poultryman has given his time and labor, if the price drops, he is dispossessed, and his time and labor are lost. During the last Session of the Legislature, three bills were introduced which would have prevented any person in California from raising a few chickens or turkeys for sale. Under the proposed amendments, the poultry could not have been sold to any market, but only on the persons' premises. The California State Grange defeated these bills. More restrictions of this nature are constantly being advocated.

In 1955, California State Grange advocated an all-out Congressional investigation of the relationship of farm income to consumer's dollars. Congressman Cooley of North Carolina stated that such a committee had been appointed and the investigation would begin. Congressman Grant of Alabama had been appointed chairman. For some reason this committee did not function. Now a new committee has been appointed under the chairmanship of Congressman Anfuso of New York, who states he knows nothing about agriculture, but intends to conduct this investigation. If such an investigation can be fully carried out, we believe the result in information being made available to both producers and consumers should prove to be very helpful.

At present, American agriculture is suffering from a price squeeze. Farm prices have gradually receded, while cost of production has increased. The Four Point Program for Agriculture, adopted by the 1956 Session, attracted wide

attention. In this program, the State Grange supported the Congressional investigation referred to above. We feel it important that a limit be placed on the amount any one producer can receive under parity payments. We believe it was not the intent of the law to make huge sums available through the parity program.

To have parity payments, there should be greater equality in their use. In some instances, producers of cotton have planted beyond their quota, then paid the penalty and sold the balance at a profit. By this practice, they have practically nullified the provisions of the cotton limitation program.

In 1949, the California State Grange approved what was then known as the Brannan Plan. This plan provided that farm commodities be allowed to flow into the market without restriction and when the market price went below the parity level, then the Government would pay the producer the difference between parity and market price. There was some criticism directed to the California State Grange for this approval, but now eight (8) years later, true with some reluctance, it admitted the Brannan Plan, which the Secretary of Agriculture now apparently would like to call deficiency payments, will be before Congress in 1958. This is proof of the fairness and soundness of the California State Grange agricultural declarations. The present farm program of trying to raise farm prices by buying commodities off the market is not sound, and is neither fair to producer nor consumer. Present indications are the whole farm program will be revised by Congress in 1958.

CHANGES IN STATE GOVERNMENT

During the last year or two, conferences have been held to study California's State Government. One of the first was held in the Stanford School of Law last year, and a program was adopted.

During the last Session of Legislature, a committee entitled "The Citizens Advisory Committee on Legislative Procedure" to discuss problems of State Government, and make their declarations available to members of the Legislature. Time and space in this report does not permit a review of all suggestions coming from this committee. However, one of the most important of the recommendations is the recess now provided for in the Constitution be repealed, and the Legislature meet in continued session for the time allotted in the Constitution without a constitutional recess.

There were a number of other recommendations made by this committee. No doubt, there are reasons for changes in the Constitution regarding legislative sessions. Some members of the conference at the Stanford Law School and the committee referred to above were of the opinion legislators should have practically a full-time office.

We believe there are ample reasons for a complete investigation of California's State Government. Apparently in some instances, our Government is overstaffed and much time is lost, and greater expenses result which could be materially reduced by adopting a more efficient and less cumbersome State Government.

GRANGERS BUSINESS ORGANIZATION

For several years, it has been the objective of the Board of Directors of the Grangers Business Organization to have their own building. On May 4, 1957, the beautiful new Grangers Business Organization building, facing on V Street, Sacramento, was dedicated. Approximately 500 Grange members and others participated in the dedication ceremony.

During the last few years the Grangers Business Organization has enjoyed steady growth. It was established in 1935; during the first few years our business organization faced many difficulties; some of them financial. But now, we are pleased to state the affairs of Grangers Business Organization stand at an all-time high, and the organization is in a sound financial position.

We most respectfully urge all Grange members to acquaint themselves with the savings which can be made by making purchases of commodities sold by the business organization and purchasing their petroleum products, automobile tires and batteries through Tidewater Oil Company distributors who are distributing these products for the Grangers Business Organization.

Paige L. Harper, manager of the business organization, will give a more detailed report to this convention.

WATER CONSERVATION AND POWER DEVELOPMENT—CALIFORNIA'S NO. 1 PROBLEM

To try to explain in detail the plan for water conservation and power development would make this report far too long, therefore we are discussing several projects.

Probably the most controversial of water and power development now in consideration is the dam at Oroville,

generally referred to as the Feather River Project. During the 1956 Session the California State Grange opposed State construction of this project, and requested the Federal Government construct the Feather River Project. The original plan now conceded, provided for a bond issue of \$1,500,000,000. Many times it has been asked, "Why did the State of California try to take over the construction of the Feather River Project when it was well known the Bureau of Reclamation had developed plans for improving the Feather River?" There have been several answers given, but the two that seem to be nearest the real reason are under state construction there would be no acreage limitation and large land owners would get all the water they need, many times at the expense of the smaller operator. The other, the power developed would be turned over to the P. G. & E. Co. Under federal construction the acreage limitation would apply and the power developed would be integrated with the Central Valleys Project.

During the last session of the Legislature, bills were introduced for two appropriations: for Feather River, \$25,000,000 during the January Session of Legislature; and \$32,000,000 during the Session after Constitutional recess, the first appropriation was adopted. We are of the opinion the Legislature had no right to invest millions of the people's money in this project, unless the bond issue had been submitted for vote, and approved. It was evident the proponents of the project were fearful if the people were requested to vote on this huge bond issue it would not be supported. Many times during the discussion in legislative committees, the proponents of this plan stated the power revenues would pay part of the cost.

Competent engineers have stated the project will not develop enough power to pump the water over the high elevation of the Tehachapi Mountains, but it would be necessary for the State to appropriate between \$30,000,000 and \$35,000,000 annually, down on through time, for this project. If constructed by the Federal Government, the cost of water would be much lower and the power developed would be in the interest of the people.

When the Legislature reassembled in March, notice was given by one of the large water distribution districts in Southern California, that either the Legislature would pass a constitutional amendment to amend the Counties of Origin Law for California, or they would not approve any appropriations for the Feather River. The Assembly passed some

amendments, but these were defeated in the Senate. This resulted in the North turning against the South in water conservation and distribution. We believe if the Metropolitan District had been less determined to have a firm supply of water, no matter if it impaired the Counties of Origin Law, this condition would not have arisen. However, in the final analysis it worked to our advantage to prevent more state appropriations being made for the Feather River Project. It is our belief no one objects to having all the surplus water in Northern California made available to areas where a serious shortage exists, but it cannot be done by unreasonable demands or by arrogant threats.

There was a committee of 18—9 senators and 9 assemblymen—appointed to try to agree on a Constitutional Amendment. It is now apparent this committee will fail. We are firmly of the opinion a Constitutional Amendment is unnecessary. It would be unfair to the Counties of Origin to place in the Constitution a firm, irrevocable agreement to transport to Southern California a supply of water, even if conditions should arise where the areas of origin would suffer water shortages. We believe when the California State Grange voted last year for federal construction of the Feather River Project it was a sound declaration.

The only important project in the immediate future is the San Luis Rey Reservoir on the west side of the San Joaquin Valley. This project was planned to make water available to some of the counties in the coastal areas, especially Santa Clara and San Benito, also to about 440,000 acres of land on the west side of San Joaquin Valley, which is now in danger of impairing soil, due to minerals in the water which is being pumped from wells.

We are sorry the Bureau of Water and Power in Los Angeles, and the Metropolitan District, took the attitude to oppose this project unless it was made a part of the Feather River. San Luis Rey is a flood storage reservoir. In other words, it is planned to fill the reservoir when the Sacramento and San Joaquin Rivers are at flood. The lift from the Delta Mendota Canal is 400 feet. The Federal Government should construct the San Luis Rey without delay in order to protect the lands on the west side of San Joaquin Valley. Also, a canal from this project should be constructed to transport water to parts of Tulare and Kern Counties.

One of the most vigorously contested projects is the construction of power facilities on the Trinity River. The Trin-

ity Project is expected to furnish water for the North Sacramento Valleys canals, and part of the San Luis Rey, and also for the San Joaquin Valley. We can understand why private utilities want to build these facilities, but we believe the proposals in the Scudder Bill, which provides for the so-called Partnership Plan, are directly in opposition to the best interest of the areas affected, and likewise would prove very detrimental to making public power available to lift the water to the San Luis Rey Project. To turn these facilities over for private development would be a betrayal of the best interest, not only of California, but the Federal Government. The Partnership Plan briefly expressed, would include the Federal Government to provide the funds to build the water facilities of the Trinity, and then turn over to the P. G. & E. the cash register to collect power rates from the people. There is a possibility the influence of the private utilities may have had something to do with influencing the Secretary of Interior in making his proposal for the partnership program on the Trinity.

The Small Projects Law may have some advantages in conserving water, especially on smaller streams. Suggestions have also been made, the development of the so-called Northern Coastal areas of the State be fully investigated, with the possibility of transporting water to Southern California.

To summarize, the Feather River Project should be built by the Federal Government, the San Luis Rey reservoir should be constructed without delay by the Federal Government, and later integrated with Feather River. The Trinity facilities should likewise be built by the Federal Government, and power made available for pumping water of the project, and also the benefit of the people.

SAFETY PROGRAM

During the last few years, the California State Grange, in cooperation with the Farmer's Insurance Exchange have for its safety programs, offered valuable prizes to those Granges which participated. Due to the very few Granges which presented reports on safety programs during the last year, the California State Grange Executive Committee expressed belief that the prizes were not justified due to the lack of interest by Subordinate Granges; while several entered the contest, only a few finished and presented a report. Notwithstanding this action by the Executive Committee, we believe all Granges should continue safety pro-

grams not only on highways but on the farm, and in the home. Records indicate that deaths due to accidents in the home and on the farm rank high in fatal accidents in the United States.

Safety on our highways to reduce the inexcusable loss of life has received much attention. The State of California and many local organizations, and highway engineers have tried to make the highways safer for driving. Notwithstanding this, the frightful and inexcusable loss of life on our highways continues. It is probable that excessive speed is one of the principal contributing factors in automobile accidents. But, we believe, only when we have more rigid law enforcement, accidents may be reduced. The low fines generally imposed by courts where there is a law violation will not prevent accidents. In some cases a jail sentence would be effective in letting the driver know that endangering the lives of people on the highway must be stopped.

As an illustration of the attitude of the Legislature, a law was adopted by the last session which the California State Grange supported. On the second or third offense, the drunken driver must be given a jail sentence. Some legislator, in the closing days of the session, amended this bill, i.e., the drunken driver will either go to jail or have the option of supplying a pint of blood. One case recently tried, the driver offered the blood which probably could not be accepted, and therefore, the driver went without either fine or imprisonment.

Before we can make our highways safer, speed must be reduced, drunken drivers must be given sentences that will convince them the use of intoxicating liquor while driving the car will not be tolerated, and heavier fines be imposed where there has been more than one offense. We believe only when more drastic measures are taken, it will be possible to stop the killing on the highways of California.

IN MEMORIAM

During the past year, many earnest and loyal workers have passed away. We realize how inadequate are words, how futile the written page, to fully convey to those who have suffered such a loss, our sympathy. But to those Grange homes where there is a vacant chair or a step, will not be heard again, we express our sincere and deepest sympathy.

It is appropriate the California State Grange should pause from our sessions to pay tribute by a memorial service.

This service will be conducted by the Worthy Chaplain, Leta Littler.

CONCLUSION

While there have been many statements made by the economists and others regarding the present so-called prosperity, it is a well known fact the upward trend of an inflationary period is giving the Government great concern. It has been estimated that in some instances as high as 75 percent of this prosperity is based on credit buying. Former Secretary of the Treasury Humphrey recognized this trend and tried to prevent further inflation by using the very effective but dangerous weapon by raising rediscount interest rates. However, many business interests used their influence and there are no further raises. This inflationary period has placed American agriculture in what is commonly termed a price squeeze, production costs are increasing and income in many instances declining. A sharp downward trend in the stock market is also an indication our economy is not on a sound basis. However, at the present time, there is no cause for alarm. Due to the experience of 1929, several laws were enacted by Congress which would be very helpful in preventing even a serious recession in the economy of the Country. President Eisenhower has on a number of occasions called attention to the inflationary period and urged that the people to some extent at least discontinue extensive credit buying. But it is also apparent before too long it may be necessary to take drastic measures to curtail the inflationary period which is now in full swing.

During recent months due to the enforcement of a decision by the U. S. Supreme Court for the integration of colored people in schools in the South, lead to the unhappy and to some extent, serious happenings in Little Rock, Arkansas. It might be necessary to use Armed Forces to compel this integration. There is also a possibility such compulsion may not settle this difficulty.

We believe the present so-called cold war can be settled and will not lead to what is commonly termed "fighting war." Atomic and Hydrogen Bombs as stated in another part of this report, if used, would destroy civilization itself.

The Little Rock incident has apparently in many areas throughout the World, where people have dark skins, raised some doubts as to the sincerity of our Government in our declarations of complete equality of all persons in the

United States. This distrust, if allowed to extend too far, may seriously weaken the influence and World leadership of the United States. Countries like India, Pakistan, and others are on the march, in other words, they are desperately trying to overcome their deficiency in food for their people. We are firmly of the opinion, it would be far more effective, if the United States would send more food, less money and arms to needy nations throughout the World. When people are hungry, generally their patriotism diminishes.

The very recent performance by Russia in sending a satellite into the sky, should make everyone conscious not only the value of such an experiment, but the future dangers which might develop from its use, especially its use in war. We believe our Country should give more incentive to young people to enter the field of science. This is an important need.

While it is generally recognized, a change is taking place, especially in rural communities, some persons are advocating that the time of the home owning farmer is past and there will be less home owners, but more people employed. One of the great bulwarks of our American Democracy are communities where people live, own their farms and their homes, and take interest in the improvement and advancement of their community, and where there are churches in which everyone has an interest. This home-owning community life must be maintained. We are happy to say the Grange has been the outstanding champion of this type of living.

As we pass into the crucial period of 1958, both in international relations and domestic affairs, every citizen should be alert and take an active interest in the affairs of Government. In helping to solve these problems, we should be courageous yet tolerant.

This may be our constant prayer: Lord renew the courage that prevails, the steady faith that never fails, and make us stand in every fight, firm as a fortress to defend the right.

Mr. Ken Kit, Polytechnic College Journalism Staff Representative was escorted to the Master's desk where he presented winning ribbon awards on Agricultural Olympics held at Cal Poly on Monday.

Brother Niels Jeppsen, San Luis Obispo Pomona Master, was presented a trophy which was awarded the highest sweepstakes for the State of California.

AGRICULTURAL OLYMPICS

Placings in "Agricultural Olympics" Men's Events were as follows:

Beef Judging—Gilbert O. Dalton, Bakersfield, Kern County, first; Dorothy Bragga, Petaluma, Sonoma County, second; W. L. Water, Sonoma, Tuolumne County, third; Lester Rougeot, Paso Robles, San Luis Obispo County, fourth; Jerald Walker, Arroyo Grande, San Luis Obispo County, fifth.

Soils Judging—Andre Gootjes, Riverside, Riverside County, first; Ed Milldrum, Ripon, San Joaquin County, second; Ben Davies, Porterville, Tulare County, third; Russell Spain, Watsonville, Santa Cruz County, fourth; Lloyd Avery, Riverside, Riverside County, fifth.

Sack Sewing—Floyd Davis, Carlotta, Humboldt County, first; O. G. Ervin, Auburn, Placer County, second; Ray M. Brodin, Watsonville, Santa Cruz County, third; Lester Rougeot, Paso Robles, San Luis Obispo County, fourth; Edward Burgess, Hydesville, Humboldt County, fifth.

Hog Calling—Floyd Hall, San Bernardino, San Bernardino County, first; Andre Gootjes, Riverside County, second; Dorothy Bragga, Petaluma, Sonoma County, third; Samuel Neilson, Dinuba, Tulare County, fourth; T. C. Gordon, San Jose, Santa Clara County, fifth.

Dairy Cattle Judging—Russell Spain, Watsonville, Santa Cruz County, first; Edward Burgess, Hydesville, Humboldt County, second; Ben Davies, Porterville, Tulare County, third; Floyd Davis, Carlotta, Humboldt County, fourth; George Woodcock, Fortuna, Humboldt County, fifth.

Forging—George Andreas, Visalia, Tulare County, first; William W. Pisenti, Santa Rosa, Sonoma County, second; J. W. Anderson, Greenfield, Monterey County, third; William Bragga, Petaluma, Sonoma County, fourth; no fifth awarded.

Tractor Driving—Lester Rougeot, Paso Robles, San Luis Obispo County, first; John Craspay, San Miguel, San Luis Obispo County, second; Paul Gnehm, Watsonville, Santa Cruz County, third; Howard Beninghoven, Zenia, Trinity County, fourth; Edward Burgess, Hydesville, Humboldt County, fifth.

Auctioneering—Ray Broden, Watsonville, Santa Cruz County, first; A. P. Kirkpatrick, Tulare, Tulare County, second; Herbert Sutton, Paso Robles, San Luis Obispo County, third; no fourth or fifth awarded.

Fruit Judging—Ina Stock, San Luis Obispo, San Luis Obispo County, first; Wilma Overholtzer, Princeton, Glenn County, second; Mabel Glenn, North Sacramento, Sacramento County, third; Velma Sutliff, Fort Bragg, Mendocino County, fourth; Lucy Killitte, Tulare, Tulare County, fifth.

Vegetable Judging—Flora Davies, Porterville, Tulare County, first; Emma Wait, Sacramento, Sacramento County, second; Rose Waters, Sonora, Tuolumne County, third; Pauline Ewers, Ukiah, Mendocino County, fourth; Laura McBee, Bakersfield, Kern County, fifth.

Flower Arranging—Lillie Hurt, Red Bluff, Tehama County, first; Effie Spencer, San Jose, Santa Clara County, second; Genevia Bonham, Big Bear, Trinity County, third; Ina Stock, San Luis Obispo, San Luis Obispo County, fourth; Zella King, San Luis Obispo, San Luis Obispo County, fifth.

Needle Threading—Loreta Elrod, San Jose, Santa Clara County, first; Gerry Freeman, Coalinga, Fresno County, second; Barbara Rougeot, Paso Robles, San Luis Obispo County, third; Diane Denning, Danville, Contra Costa County, fourth; Genevia Bonham, Big Bear, Trinity County, fifth.

Egg Judging—Audria Cline, Pleasant Hill, Contra Costa County, first; R. M. Rosenscraft, Huntington Beach, Orange County, second; Racelia Dalton, Bakersfield, Kern County, third; Mrs. Sam Neilson, Cutler, Tulare County, fourth; Loreta Elrod, San Jose, Santa Clara County, fifth.

Butter Judging—Barbara Rougeot, Paso Robles, San Luis Obispo County, first; Anna Hobkirk, Muscoy, San Bernardino County, second; Caroline Rose, San Jose, Santa Clara County, third; Emma Dawnor, Tehachapi, Kern County, fourth; three-way-tie for fifth place among Orange County contestants included Louella Martin of Costa Mesa, R. J. Rosenscraft of Huntington Beach and Lola G. Fairchild of Garden Grove.

Hand Churning—Gennie Warner, Lodi, San Joaquin County, first; Louise Creasy, Atascadero, San Luis Obispo County, second; Mary Estu, Bakersfield, Kern County, third; Diane Denning, Danville, Contra Costa County, fourth; Vivian Clow, Fair Oaks, Sacramento County, fifth.

Calf Leading—Louella Martin, Costa Mesa, Orange County, first; R. M. Rosenscraft, Huntington Beach, Orange County, second; Caroline Rose, San Jose, Santa Clara County, third; Emma Michalk, Visalia, Tulare County, fourth; Nellie Litke, Concord, Contra Costa County, fifth.

Nail Driving—Loreta Elrod, San Jose, Santa Clara County, first; Blanche Kimberley, Tehachapi, Kern County, second; Theodora Moura, San Jose, Santa Clara County, third; Emma A. Wait, Sacramento, Sacramento County, fourth; Mary Johnson, Galt, Sacramento County, fifth.

Parade-of-the-Counties Cake Contest—Ina Stock, San Luis Obispo, San Luis Obispo County, first; Mrs. Harold C. Smith, Sebastopol, Sonoma County, second; Marie Rogers, Coalinga, Fresno County, third; Lottie Clark, Tulare, Tulare County, fourth; Mary McKee, Merced, Merced County, fifth.

County totals (first five place-winners):

San Luis Obispo.....	84	Santa Cruz	36
Tulare	58	Kern	36
Santa Clara.....	51	Sonoma	34

Meeting was turned over to Brother J. B. Quinn.
Reports were read by all State Grange Officers.

OVERSEER'S REPORT

WORTHY MASTER, FELLOW STATE OFFICERS,
BROTHERS AND SISTERS, GREETINGS:

It is fitting that we should pause, to recognize the great amount of work, contributed by the Grangers of this area, to help make this session of the California State Grange a success.

A year ago I prepared an illustrative school, to assist Grange officers, it was requested by many Grangers; most of the requests could not be filled, for during this year, your Overseer has received no reimbursement for travel expenses.

To meet the needs of our members and the times, we must develop a strong and aggressive program of action, broadened to include the co-operative effort of all the officers and as many of our members as humanly possible.

We must wage an ever increasing and vigorous campaign against the endless and often greedy maneuvers of Power Trusts.

The water problems of our state are so acute that we must now develop a broad overall water program, similar to the one proposed in our pad of resolutions under conservation No. 8.

A youth program tailored to fit the year round needs of our Young Grangers is needed.

Since last convention your Overseer and Sister Kibler have taken the government Radiological training, so that needed understanding of this very important field would be directly available to this State Grange.

In Public Relations it has been our good fortune to establish very pleasant relations with Grange officials of many states, and with our National officials who have spent many hours helping us perfect our understanding of Grange Work.

While serving on the cotton committee of the National Grange I have been privileged to make some new proposals for an agriculture program; said proposals were favorably received.

I have been the guest of Brother Haff, president of the Ohio Grange Insurance, who spent most of a day showing me through and instructing me in the various mechanics of this great service which has attracted nearly 150,000 members to the Grange of that State.

I have spent some time with Idaho's highly-successful Grange purchasing Co-operatives.

Brothers and Sisters the Grangers of this great State, seem to be divided by a thing called "Sides". Our founders in conceiving this great Fraternity did not envision the formation of sides, but saw it as a true brotherhood of men and women, dedicated to the advancement of mankind, through education and co-operative effort.

In conclusion, Brothers and Sisters, I wish to say that whenever differences of opinions arise, let us remember the words of Thomas Jefferson, who said: "If a book be false in its facts, disprove them; if false in its reasoning, refute it, but for God's sake, let us freely hear both sides.

MORTIMER M. KIBLER

LECTURER'S REPORT

WORTHY MASTER, OFFICERS OF THE CALIFORNIA STATE GRANGE, AND PATRONS . . . GREETINGS:

Reviewing this Grange Year, I feel that the Granges of California deserve a great deal of credit for a very successful and fruitful year in presenting Grange Principles. The Lecturer's work forms a vital part of your Grange

program. I wish to congratulate the California Lecturer's for their interest, co-operation, and their many successful programs for 1957.

All the new and reorganized Grange Lecturers were furnished with past and present State Lecturer's Bulletins, reports sheets, and letters of Congratulations as soon as my office was notified. They were also told the advantages of using the California State Lecturer's Library and the use of the books.

The State Lecturer's news articles were mailed promptly twice each month to the California Grange News. I wish to thank the office of the California State Grange paper for their co-operation in connecting with my news articles.

The State Grange Bulletins of 10, 9, 8, and 10 pages have been properly mailed to each Pomona and Subordinate Lecturer in California. Where there was no Lecturer listed, the Bulletins were sent to the Masters.

The Quarterly Report Sheets were duly sent with each of the Bulletins to each Lecturer in the State. The reports sheets from these Lecturers have been received and recorded. It has been most gratifying to the interest and complete co-operation of the Lecturers. Many reports were received from several Subordinate Lecturers for the first time in 4 years. I do appreciate their interest and help—by many suggestions from their reports of the different Lecturers and have shared through the news articles and many used in composing the State Lecturer's Bulletins. Many requests for new ideas, special and extra programs, and helpful Lecturer's problems have been mailed from my office. This certainly means a huge correspondence and is an inspiration to the Lecturer's work. Many, many thanks to each who have written and so willingly co-operated.

I wish to thank each and every one who generously contributed to the State Lecturer's Program at the 84th Convention at Long Beach.

The National Achievement Entries for 1956, the prize winners were:

Pomona Granges

Somona Pomona Grange No. 1—Evelyn Kelley Weaver, 2,818 points—Blue ribbon.

Northern Humboldt No. 48—Daisy Eye, Lecturer, 2,129 points—Red ribbon.

Subordinate Granges

Joshua Tree No. 664—Agnes Bailey, Lecturer, 3,794 points—Blue ribbon.

Gridley No. 457—Mary Patterson, Lecturer, 3,390 points—Blue ribbon.

Muscoy No. 589—Grace Stitzel, 3,820 points—Blue ribbon.

Martinez No. 747—John A. Olson, Lecturer, 3,375 points—Blue ribbon.

Norco No. 597—Ada Finch, Lecturer, 2,407 points—Red ribbon.

Achievement list for 1957 as follows:

Pomona Granges

Sonoma Grange No. 1—Evelyn Kelley Weaver, Lecturer, 3,528 points—Blue ribbon.

Riverside No. 31—Roby Lou Schrink, Lecturer, 4,272 points—Blue ribbon.

Subordinate Granges

Sonora No. 705—Della Silver, Lecturer, 3,477 points—Blue ribbon.

Martinez No. 747—Ruth Center, Lecturer, 3,394 points—Blue ribbon.

Cherry Valley No. 586—Abbie Catton, Lecturer, 5,262 points—Blue ribbon.

Hesperia No. 682—Ruby Cochran, Lecturer, 3,548 points—Blue ribbon.

Sonoma Valley No. 407—Edith Pfalzgraf, Lecturer, 3,112 points—Blue ribbon.

Ranchito No. 654—Audrey Travis, Lecturer, 3,400 points—Blue ribbon.

Redwood Valley No. 382—Irene Carlson, Lecturer, 3,203 points—Blue ribbon.

East Palo Alto No. 409—Lula McFadden, Lecturer, 2,276 points—Red ribbon.

Half Moon Bay No. 794—Helen Lahr, Lecturer, 2,488 points—Red ribbon.

San Dimas No. 658—Cora Bosworth, Lecturer, 2,310 points—Red ribbon.

Muscoy No. 589—Grace Stitzel, Lecturer, 2,877 points—Red ribbon.

This is a splendid record and they have been recorded.

Congratulations to all these Granges and all their members who have entered this worthy contest.

The Library service for the Lecturers has been very active with 88 Lecturers participating. The mail service has been busy with the sending and the returning of the books, skits, and programs of all types from my office. I am sure that the Lecturers have received much benefit from this service.

We had many entries on the National Highway Safety Essay Contest from the Youth Grangers. The winners for this contests are:

First Prize—George Klare, age 18, Somerset, California—Three Forks Grange No. 44, El Dorado County—Cash award of \$15 from the National Automotive Foundation.

Second Prize—Dorothy Sheppard, age 16, Vinton, California—Sierra Valley Grange No. 466, Plumas County—Cash award of \$10 from the National Automotive Foundation.

Third Prize—Judith Ann Moorefield, age 17, Rte. 1, Box 394, San Luis Obispo, California, San Luis Obispo Grange No. 639, San Luis Obispo County—Cash award \$5 from the Automotive Foundation of Washington, D.C.

Honorable Mention—Alice Gillespie, age 16, 16016 Slover Street, Fontana, Cal.—Fonbloom Grange No. 602, San Bernardino County; appropriate reward was given by the State Lecturer.

One of the most interesting and beneficial programs of the year are our Booster Night programs. The many Grange Lecturers presented many fine programs for February Booster Night for encouraging new members for this year. The many and annual Booster Night program is held generally in the September which we give to the public all our Grange program and principles. The 1957 entries which have not been judged—due to the lateness of presenting Booster Night Program are:

For membership over 150 members

Sonora Grange No. 705—Della Silver, Lecturer.

Live Oak Grange No. 503—Alice Owen, Lecturer.

San Luis Obispo Grange No. 639—Mildred Graff, Lecturer.

Palermo Grange No. 493—Florence Kell, Lecturer.

Durham Grange No. 460—Victorine Shaffer, Lecturer.

Yucaipa Valley Grange No. 582—Ralph M. Speelman, Lecturer.

Vista Grange No. 609—Floy Watkins, Lecturer.

Redwood Valley Grange No. 382—Irene Carlson, Lecturer.

Soquel Grange No. 789—Olive Wallach, Lecturer.

Los Molinos Grange No. 471—Barbara Brown, Lecturer.

Hesperia Grange No. 682, Ruby Cochran, Lecturer.

Granges with less than 150 members

Martinez Garne No. 747—Ruth Center, Lecturer.

Muscoy Grange No. 589—Grace Stitzel, Lecturer.

Half Moon Bay Grange No. 794—Helen Lahr, Lecturer.

Anderson Valley Grange No. 669—Allena Mathison, Lecturer.

East Palo Alto Grange No. 409—Lula McFadden, Lecturer

Rubidoux Grange No. 611—Lynn Marsh, Lecturer.

Rio Linda Grange No. 403—Teckla Ellsworth, Lecturer.

Westside Grange No. 373—Mildred Ryan, Lecturer.

San Dimas Grange No. 658—Cora Bosworth, Lecturer.

It is truly Grange work with the members co-operating with your Lecturer to complete a successful program for Booster Night Programs. Congratulations to all who entered your Booster Night program. Your State Lecturer presents all who enter this contest of programs with "Award of Merit." These have been mailed to all the entries so far and all will be remembered who send in their program which many of them will take place in October. So many of the Granges have entered in Fair Booths all over the State and these come during the fall months and have won many appropriate prizes.

The Honor Pomona Lecturers for the year 1956 whose Subordinate Lecturers have sent in 4 reports are:

Antelope Valley Pomona Grange No. 39—Paz Pearlson, Pomona Lecturer.

Lake County Pomona Grange No. 43—Alice Trimble, Pomona Lecturer.

Placer-Nugget County Pomona Grange No. 29—Charles McBride, Pomona Lecturer.

Riverside Pomona Grange No. 31—Roby Lou Schrink, Pomona Lecturer.

San Bernardino Pomona Grange No. 32—Nettie B. Palmer, Pomona Lecturer.

San Fernando Valley Pomona Grange No. 41—Mildred Hanson, Pomona Lecturer.

San Mateo Pomona Grange No. 49—Neola Kriess, Pomona Lecturer.

Glenn County Pomona Grange No. 12—Mildred Reese, Pomona Lecturer.

Congratulations to these hardworking Pomona Lecturers and each Subordinate Lecturer who made these wonderful records possible. Appropriate pins have been given to Pomona Lecturers by your State Lecturer.

Recognition Cards with the Tally sheets have been mailed the first quarter to all Pomona Lecturers. Those having 4 reports for the year will receive a Gold Star. The Blue stars represent the failure to send in a report on time. Red stars indicate that no report has been sent.

The Pomona Lecturers keep score and present these cards to the Lecturers at the end of the Grange year with appropriate ceremony, generally during the month of January.

Many Lecturers reported program on "Safety" in the home, on the Farm, Forest Fire measures, and safe driving. Many requests for materials and programs were sent from this office. Many Grangers are co-operating with State Safety Council, with Community Safety and Civil Defense. These combined projects of the Grange and Community secure a very definite program for the Grange and their standing in the Community.

Lecturers of California, I am very thrilled to report the Dedication of the Lecturer's chair with Lecturer's Plaque by our State Home Economics Chairman, Sister Glenn. We appreciate Sister Glenn's help in selecting the chair for which your Lecturers gave the money last year. Also the Dedication of the chair. It is used in Wisteria Hall.

I wish to compliment the Lecturers who presented many wonderful booster programs for the advancement of membership last February.

Community service programs took us all by surprise and thrilled us in Riverside County—Nuevo Lakeview Grange No. 581 won first place in State of California and one of the 10 to be judged by Sears Roebuck Foundation and The National Grange. The judges are with the Grange today and we will know the results of the judging at the National Grange Convention at Colorado Springs in November.

During the past year your State Lecturer has participated in many Lecturer's conferences:

Given many programs for Subordinate Lecturers.

Guest Officer for many Subordinate and Pomona Lecturers.

Attended Dedication of many Grange Halls.

Attended many Pomona and Subordinate Grange meetings.

Many times Guest speaker.

Attended many Grange Days at the many Fairs.

Presented Lecturers with Lecturer Scrolls at their installation.

Presented many awards

Pomona Lecturers achieving 100% reports.

Awards of Merit to Booster Night Program Entries.

Presented the Awards of Highway Contest to the Youths.

Presented the Achievement Award Ribbons.

Presented Past State Lecturer's pins to Sister Atkins and Sister Hamann.

Attended many mighty fine Booster night programs.

Attended many Installations of Officers in 1957.

Attended many celebrations of Grange Birthday and parties.

Many time Honored Guest at Birthday and guest nights.

In fact it has been a very thrilling and inspiring year as Lecturer for the California State Grange.

I wish to thank each Lecturer and State Officer for their year's co-operation and valuable assistance given to me; able assistance given to me for the State Lecturer's program at Long Beach convention; many suggestions and projects; and, courteous treatment given when an Honored Guest. These facts and many more have been an inspiration to me and are deeply appreciated.

Fraternally submitted,

MARGARET AVERY, Lecturer
California State Grange.

STEWARD'S REPORT

WORTHY MASTER, OFFICERS AND MEMBERS OF THE CALIFORNIA STATE GRANGE, GREETINGS:

Greetings:

Worthy Master, Officers and Members of the California State Grange, Greetings:

Again it is my very great privilege and pleasure to serve as your State Grange Steward.

Before this delegate body are not only resolutions dealing with legislation and economic questions, but likewise some which are of great importance to the Grange itself.

I am confident when the gavel falls and the 85th session of the California State Grange comes to a close, resolutions will have been adopted, and a program approved which will be of great interest to all the people of the State.

In closing I wish to thank all Granges for their invitations to their installations, hall dedications, affairs, etc.

My very best wishes to every one for a pleasant and successful convention.

Fraternally submitted,
JOHN FREITAS, Steward,
California State Grange,

ASSISTANT STEWARD'S REPORT

TO THE OFFICERS AND MEMBERS OF THE CALI- FORNIA STATE GRANGE, GREETINGS:

To the Officers and Members of the California State Grange, Greetings:

Once again, it is my privilege and very great pleasure to report to you and serve as your Assistant Steward. I am humble and very proud to aid and be a member of this great organization.

As always, my best wishes for a most pleasant and successful convention.

Fraternally,
W. G. La CAILLE
Assistant Steward
492 W. Los Angeles Dr.
Vista, Calif.

CHAPLAIN'S REPORT

WORTHY MASTER, OFFICERS AND MEMBERS OF
THE CALIFORNIA STATE GRANGE, GREETINGS:

It is with great pleasure that I greet you from the chaplain's station on the 85th annual session of the California State Grange.

The convention affords the membership a time of good fellowship together. It also is the means of presenting our ideas and ideals to promote the welfare of our state and nation. We unite in a concentrated effort to bring before our legislative bodies resolutions of merit and worth. The pages of Grange history record the results of this endeavor, and generations yet to come will benefit from this dedicated service to all people, regardless of their race, creed or color.

We seek divine wisdom and guidance in our deliberations, the principles of truth and equality for all mark this great fraternity with eminence and superiority.

I am grateful indeed for the Chaplain's chair presented to me by my own Los Angeles Pomona Grange. It is placed in the women's building with a suitable plaque attached.

May we all foster and strengthen the purpose for which the order was founded—unity and peace.

The chaplain's office represents many phases of religious work, but it is gratifying indeed to have the opportunity of service in His name.

Fraternally submitted,

LETA M. LITTLER

Chaplain California State Grange

ANNUAL REPORT OF THE STATE GRANGE SECRETARY

**WORTHY STATE MASTER, OFFICERS AND MEMBERS OF THE CALIFORNIA STATE GRANGE,
GREETINGS:**

I am grateful for the privilege of serving you as State Grange Secretary for the past seven months.

/Various changes have taken place during the year such as a permanent office setup in the State Grange Headquarters in Sacramento, and a complete membership list of all grange members in California.

These changes have done a great deal toward increasing the speed and efficiency of this office, and making the work more enjoyable.

I submit to this 85th Annual Convention the following report which has been duly substantiated by a certified public accountant.

NEW GRANGES

During the fiscal year beginning October 1, 1956 two new Subordinate Granges were organized in California. In Sonoma County, Adobe Grange No. 796 was organized January 17, 1957 by District Deputy Ralph Hobbs; and in Shasta County, Centerville Grange No. 797 was organized March 10, 1957 by District Deputy Hugh Carpenter.

Juvenile Granges organized during the fiscal year were as follows:

Tulare Juvenile Grange No. 153, Tulare County, March 1, 1957 by Deputy W. H. Jeter.

Silverado Juvenile Grange No. 151, Napa County, March 2, 1957 by Deputy Allen Lindebeck, Centerville Juvenile Grange No. 152, Shasta County, March 10, 1957 by Deputy Hugh Carpenter, and Ukiah Juvenile Grange No. 154, Mendocino County, July 5, 1957 by Deputy Fredrick Clark.

Two Juvenile Granges were reorganized during this fiscal year. Deputy Rubie Alberti reorganized both of these. They were San Luis Obispo Juvenile Grange No. 83 on May 31, 1957 and Morro Bay Juvenile Grange No. 144 on March 22, 1957. Both are in San Luis Obispo County.

HONOR GRANGES

Three Granges applied for Honor Grange Awards during the year. Norco Grange No. 597 placed for the eighth year. Both Sebastopol Grange No. 306 and Costa Mesa Grange No. 612 have applied and received their fifth year award.

MEMBERSHIP

Records as reported to the National Grange in the June 30th quarterly report show a Juvenile Membership of 903 with 28 Granges reporting.

Pomona membership was reported at 12,147 members with Sonoma County Pamona No. 1 leading with 624 members. Butte, Santa Clara, Stanislaus and San Luis Obispo all report a membership of over 500 each.

The June 30th report shows a membership of 44,360 in 352 subordinate Granges in California. The Golden Sheaf membership has risen to 50 in California.

GOLDEN SHEAF CERTIFICATE

Mae Church of Two Rock Grange, Sonoma County, was awarded the Golden Sheaf Certificate for fifty years of continuous membership.

CLARA WILLIAMSON,
Secretary California State Grange**GATEKEEPER'S REPORT**WORTHY MASTER, STATE OFFICERS, DELEGATES,
BROTHERS AND SISTERS OF THE GRANGE:

Greetings:

Welcome to the California State Grange's Eighty-fifth
Annual Convention, being held here in the City of Paso

Robles. We as Grangers can give thanks as we look back over the past years and see the many accomplishments made by the Grange. We as Grangers must continue to sow the seeds of our ambitions, being ever mindful of our obligations and advancing the principles of our Order, to an ever higher esteem.

I wish to thank the various Granges throughout this Great State for their many generous invitations during the past year. It's been a privilege and a pleasure to serve as one of your State Officers.

Fraternally submitted,
WM. J. DAVIS
State Gate Keeper

CERES REPORT

WORTHY MASTER, OFFICERS, AND PATRONS OF
THE CALIFORNIA STATE GRANGE:

Greetings from the station of Ceres. Another year has passed all too quickly. To me it has left many pleasant treasured memories of meetings with my fellow brothers and sisters and regrets that I was unable to accept many of the kind invitations received by me as Ceres of the California State Grange.

I deem it a great honor to be your State Ceres and enjoy serving you as such, and extend to all of you my best wishes for a pleasant and fruitful session.

Fraternally submitted,
MARJORIE MILLS

POMONA REPORT

WOTHY MASTER, OFFICERS AND MEMBERS OF
THE CALIFORNIA STATE GRANGE:

Greetings: It is with pleasure that I greet you from Pomona's office. I am very happy to be able to serve you as Pomona and I extend my best wishes for a pleasant session.

ESTHER WILLIAMS

FLORA REPORT

WORTHY MASTER, FELLOW OFFICERS, BROTHERS
AND SISTERS:

I extend greetings to this 85th Session of the California State Grange. I have enjoyed my office very much. Have visited many Granges and always enjoyed meeting each and every one, and I wish to thank these Granges for the wonderful welcome I received. And to all the ladies who have assisted in the Rose drill and Court I thank you all, also for the wonderful friendships created and co-operation throughout the state.

EFFIE SPENCER

LADY ASSISTANT STEWARD'S REPORT

TO THE OFFICERS AND MEMBERS OF THE CALI-
FORNIA STATE GRANGE

Greetings:

Patrons, I would like to convey to you the best wishes from the members of the American River Grange whom I serve as delegate almost as regularly as I answer your roll here.

For the past two years, I served as their Master, and I would like to say, we are about to receive our reward, which we have waited for so many years. New members and a ray of hope come from a promising subdivision which has grown with great momentum in the vicinity. It has given us rentals as well as the help to rejuvenate the hall.

One is always hopeful that each session of the California State Grange will be enjoyable as well as constructive; let this eighty-fifth session be no exception.

I would like to thank the members of this California State Grange for the honor of serving here for you have made this office most esteemed by your kind remarks and your friendly handshake.

Fraternally submitted,
MARGARET ROBINSON
Lady Assistant Steward
California State Grange

PIANIST'S REPORT

WORTHY MASTER, STATE OFFICERS, BROTHERS AND SISTERS:

Welcome to the 85th Convention of the California State Grange.

I have been your Pianist for some time now, and I have enjoyed every minute of it. I feel that music is a very essential part of Grange work.

Each Grange should have some kind of music, whether it be piano, violin, saxophone, or mouth organ, and it is pretty safe to say that each Grange has someone in it that can play some sort of music.

It gives the members a lift in singing, it helps the officers to march around the hall, it will chase away the blues, just like a friendly "hello," and a hand clasp. It is also capable of bringing people together.

It is your duty as a citizen in your community to render this service, if at all possible. Don't hold back just because you are not a professional; there is more people that wish they could do it, than there is that can.

The thing is, that you are doing the best you can in your Grange, and if every member was to do everything they could, for the benefit of the Grange, great achievements would be the reward.

I wish to thank Sister Ruth Quinn for furnishing the music for the entrance of the State Officers. I also wish to thank all Granges for their invitations to their celebrations.

Again I say it has been a pleasure and a privilege to serve as your Pianist, and again, let me know your favorite song and I will try and play it at this Convention.

Fraternally Submitted,

BILL CAMPBELL
Your Pianist

State Grange Headquarters
January 4, 1957

The meeting was called to order at 10:30 A.M., with Brother Quinn and Brother Piper present. Brother Pisenti called and advised he would not be able to attend.

The minutes of the October 31, 1956 meeting were approved as read.

Mr. H. K. Shirk, President of the Grange Fraternal Fire Insurance, and Mr. Penner, also of the Grange Fraternal Fire Insurance, appeared before the Committee and requested permission to prepare and print a leaflet outlining the financial benefits of the Grange; this leaflet to be distributed to all Grange members. Mr. Shirk was informed by the Committee that the California State Grange has a leaflet entitled "Benefits of Grange Membership in California," which outlines briefly the benefits the Grange has to offer its members. Brother Quinn suggested Mr. Shirk send in a definite outline of the literature which they wish to have printed, that this information be forwarded to the Com-

mitteemen and they would then make a decision. The Committee was not in favor of the title to be used for the folder—"Financial Benefits of the Grange".

A letter received from Sister Mabel Glenn, Home Economics Chairman, was read. Sister Glenn suggested that due to existing conditions at Wisteria Hall, a competent caretaker be employed, a courteous one, living quarters provided, to care for State Grange buildings and yard, preferably a Grange member and wife. No action was taken.

A letter submitted by the State Grange Juvenile Committee was read to the Committee. The letter stated the Juvenile parlor in the Wisteria Hall was planned as a reception room and that the furniture which was purchased with Juvenile funds should not be used outside of the Juvenile parlor, and that it should not be used by Wisteria Hall renters in other parts of the building. No action taken, as the office will inform renters accordingly.

The Committee ruled there should be no smoking allowed in the main hall, and ordered a sign be put up and that the sign must remain stationary and not be moved at any time.

The Worthy Master read a letter received from the Council of America, requesting the Master attend a meeting to be held January 28 and 29th. As the Worthy Master has accepted invitations to install officers of various Granges, he will be unable to accept the invitation.

The Committee recessed for lunch and reconvened at 2:00 P.M.

Brother Percy Simons, Executive Committeeman of Sacramento Grange No. 12, appeared before the Committee, representing Sacramento Grange No. 12. As the Sacramento Juvenile Grange has already outgrown its present meeting place in the Juvenile Room of Wisteria Hall, it was requested the Executive Committee consider remodeling the lower floor of the State Grange garage and that it be used as a Juvenile hall. The Committee took no action, but suggested Brother Simons get an estimate of what it would cost to remodel and that he then present the information to them for further consideration.

It was moved by Brother Piper, seconded by Brother Quinn, that the Orangevale Grange be granted their request to serve the 1957 Grange Day luncheon at the California State Fair. Motion carried.

Moved by Brother Piper, seconded by Brother Quinn, that

\$281.50 be transferred from the Extension Fund to the General Fund. Motion carried.

The California Grange News editor appeared before the Committee and advised them the printers had increased the printing cost, the additional cost being \$270.00. The Committee agreed we meet the additional increase of printing rates. The increases were due to result of two increases in cost of newspaper pulp and two increases by printer's union.

The editor also asked the Committee's opinion on appointing a Grange News representative in the Los Angeles area. It was suggested the Grange News appoint a representative to take care of the necessary business as directed by the Editor in that area, and that his name appear on the Grange News masthead. The Committee agreed this arrangement would be on a trial basis.

The Committee gave its approval that the California Grange News editorially support the small business firms, in the same spirit the California State Grange supports the home owning farmer.

The Committee gave their approval the acting State Secretary be permitted to purchase a file cabinet.

Meeting adjourned 4:30 P.M.

Respectfully submitted,
MARY R. WENDT,
Acting Secretary

January 15, 1957

Charles O. Busick, Jr., Credit Union Chairman, appeared before the Committee. He requested the Executive Committee encourage the new members of the Grange to join the Credit Union. He stated except in a few instances the officers of the Credit Union do not inform the candidates that not only do the members receive 3% dividend, but also a free insurance policy by Cuna, and he felt they should educate the members of this additional benefit. He felt the Executive Committeemen are in a position to induce Credit Union officers to educate the Grange members of all the benefits offered them by the Grange Credit Union.

The meeting was called to order at 10:15 A.M., with all members present.

The minutes of the January 4, 1957 meeting were approved as read.

The Worthy State Master briefed the Committee on further information regarding the proposed folder which the Grange Fraternal Fire Insurance has requested the Executive Committee approve they print, outlining the financial benefits of the Grange. The Committee decided to wait until they received the copy of the folder before they take any action.

The charges filed against Emmet Ivey, Santa Clara County Pomona Master, were read to the Committee. It was moved by Brother Quinn, seconded by Brother Piseni, the charges filed against Brother Ivey be dismissed for reason of insufficient evidence. Motion carried.

Moved by Brother Piper, seconded by Brother Quinn, that the title of Kirtley MacBride be changed from Assistant to the Master of California State Grange, to Public Relations Officer. Motion carried.

The Committee suggested the starting of the membership list be put off until sometime late February when the newly elected secretaries are a little more familiar with their chairs and duties of their office.

The Committee did not take any action on the request the State Grange furnish identification card for members.

A letter written by the Oregon Grange Bulletin was read regarding the request by the National Grange Monthly. Moved by Brother Quinn, seconded by Brother Piper, that if necessary the State Master be authorized to call a meeting of the four State Grange Masters to definitely state their aims regarding the request of the National Grange Monthly. Motion carried.

Moved by Brother Quinn, seconded by Brother Piper, that the California State Grange enter an ad 2x5½ in the first edition of the Centennial section of the Sacramento Bee. Motion carried.

Moved by Brother Piper, seconded by Brother Quinn, that the annual safety contest both for Subordinate Granges and Youth essays be discontinued during 1957 because of lack of interest. Motion carried.

Mr. Penner, of Grange Fraternal Fire Insurance appeared before the Committee at 3:00 P.M. and presented a part of the proposed literature which they plan to have printed in the folder outlining the financial benefits of the Grange. The Committee indicated they would want to see a copy of the complete folder before they take any action.

Moved by Brother Quinn, seconded by Brother Piper that

the audit of the 1955-56 State Secretary's books, audited by William Flannery, C.P.A. be sent to all Grange Masters in California, with notation it is for Masters only. Motion carried.

It was moved by Brother Quinn, seconded by Brother Pisenti, the State Secretary be authorized to purchase such supplies and files as she may deem necessary for her office.

Meeting adjourned at 5:30 P.M.

Respectfully submitted,
MARY R. WENDT

Mrs. Mary Forbes, secretary of Maywood Grange, Orland, California, appeared before the Committee to be interviewed for the position of Secretary of the California State Grange.

Mrs. Clara Williamson, a member of Pescadero Grange and San Mateo Pomona Grange, now residing in Suisun City, also appeared before the Committee to be interviewed for the position of State Grange Secretary.

It was moved by Brother Quinn, seconded by Brother Piper, Sister Clara Williamson be elected to succeed Sister Mary R. Wendt, Secretary of the California State Grange, her term of office to begin March 1st, 1957. Motion carried.

Brother Craig Hazlewood, editor of the California Grange News, appeared before the Committee and submitted their Profit and Loss statement. The Editor recommended an increase in salary for the bookkeeper, Mrs. Virginia Garmany. The Committee stated they would consider his recommendation later during the meeting and inform him of their action.

Mr. Charles H. Hauser, Chairman of Butte County Grange Sales Tax Committee, appeared before the Committee regarding the Referendum Protest of Farm groups to Sales

Tax in Butte County. He stated that while they are not opposed to a sales tax they are opposed to the division of the tax in Butte County and other neighboring counties. He stated it was the opinion of their Committee the intent of the Bradley-Burns bill has been violated by Butte County politicians and it remains for the citizens to correct these abuses and retain their rights. He also requested the Executive Committee endorse their resolution opposing the Sales Tax, and further asked that the Grange News run some articles on the next issues and acquaint the Granges of the proposal on the Unified County Sales Tax.

It was moved by Brother Quinn, seconded by Brother Piper, Mrs. Ruth Haase, our Worthy State Master's secretary, be authorized to sign California Grange News and Office Building fund checks. Motion carried.

The Executive Committee agreed the Audit report of September 30th, 1956, made by William Flannery, of the former State Secretary's records, be mimeographed rather than printed.

Moved by Brother Pisenti, seconded by Brother Quinn, the State Master be authorized to make the trip to Washington, D.C., in favor of Legislation.

Dr. Carle Fiedler, Chairman of the Youth Committee, appeared before the Committee regarding a scholarship fund.

It was moved by Brother Piper, seconded by Brother Quinn, that the California State Grange make available two scholarships of \$250 each, at California Polytechnic college, for a student majoring in Animal Husbandry, and one for a student majoring in Field Crops. Motion carried.

It was moved by Brother Pisenti, seconded by Brother Piper, that the offer made by Ed Albaugh of Adin to donate an 8-month-old Shorthorn animal to a qualified student be accepted. Motion carried.

Moved by Brother Pisenti, seconded by Brother Piper, that the State Grange authorize the payment to Dr. Carle Fiedler of the amount on hand in the Youth Fund, less \$25, in order to keep the account open, in order that he may meet whatever expense may be incurred at the Easter Conference to be held at Cal Poly College. Dr. Fiedler was informed he is to make proper accounting to the Executive Committee after the Conference is held. Motion carried.

A letter received from Sister Lydia Joiner, requesting the Executive Committee consider purchasing a Spirit Dupli-

cator for use in the State Juvenile Superintendent's office, was read to the committee. The Executive Committee decided the office write Sister Joiner and ask for further information as to type and cost of such duplicator. It was suggested that in the meantime Sister Joiner send whatever literature she wanted mimeographed to this office and the work will be done here and returned to her for distribution.

It was moved by Brother Quinn, seconded by Brother Piper, the Executive Committee approve a student loan of \$500 to Brother Charles Rogers. They instructed a letter should be written when sending the note stating that if later Brother Rogers needs more funds, that he make application again and it will be given consideration by the Committee. Motion carried.

Moved by Brother Pisenti, seconded by Brother Quinn, that the list of Master's names in the Counties requested by the San Joaquin Safety Council be given to them in order that they may invite the specified counties to attend their Safety Conference. Motion carried.

It was moved by Brother Quinn, seconded by Brother Pisenti, that payment of the voucher which includes mileage over 300 miles in Sister Margaret Avery's bill be allowed, but that a letter should accompany the check informing Sister Avery that any other vouchers which include mileage over 300 miles will not be paid unless the office has been notified such trip is to be taken, and the office has approved such mileage, as per previous Executive Committee ruling. Motion carried.

No action was taken on the request that Kirtley MacBride represent the California State Grange at the Legislature.

Respectfully submitted,
MARY R. WENDT

REPORTS OF DISTRICT DEPUTIES

Antelope Valley

Worthy Master, Officers, and Members of the California State Grange

The Pomona and Subordinate Granges of Antelope Valley have had a successful season, the Pomona and three subordinates have had a slight gain in membership and three subordinates a slight loss. All Granges and their H.E.C.s have held regular meetings, and the first five degrees have been exemplified.

We also have two youth groups and one Juvenile Grange.

Many of our members take advantage of the G.B.O., C.P.S. Insurance, etc., our credit union loans increased from \$39,000 to \$52,000.

Brother Sehlmeier and Sister Sehlmeier were guests of the Antelope Valley Fair board and our Granges for Grange day at the Fair. Joshua Tree Grange won first with their exhibit booth. Wildflower H.E.C. won third in their department. Alpine and Wildflower operated concessions.

All our Granges are represented at this convention by both delegates and visitors.

I have enjoyed serving as deputy in Antelope Valley.

H. W. DWYER,
District Deputy

AMADOR COUNTY

**Worthy Master, Officers, and Members of the
California State Grange**

Ione Grange No. 681 is in good condition. The Lecturer has had good programs and the meetings are well attended. The Grange takes an active part in Civic Affairs. The Booth took fifth place at the County Fair. The H.E.C. is active.

Shenandoah-Willow Springs Grange is in good condition. The meetings are preceded by potluck suppers and are well attended. Their Booth took First place at the County Fair.

The El Dorado-Amador Pomona Grange meets monthly and the meetings are well attended.

The El Dorado-Amador Grange Credit Union assets are \$160,000 and we are showing an increase each month.

Fraternally submitted,

JOSIAH H. SAUNDERS, Deputy

DEL NORTE COUNTY

**Worthy Master, Officers, and Members of the
California State Grange**

Greetings:

The condition of the Granges in Del Norte County are in a leveling off process. The cut-back in the lumber industry has caused some of our members to seek work elsewhere, but the activity of the Granges are as before. All of the Granges including Pomona, had feature exhibits at the County fair, participated in the State Home Economics program, entered and filed reports in the community service contest and only Klamath Valley Grange will not be represented at the State Grange Annual Convention this year.

Investigation has been made as to the possibility of organizing a Grange in Smith River, but the report is not favorable at this time. Klamath Valley may organize a Juvenile Grange when their new hall is completed, probably in 1958.

Klamath Valley Grange was forced to move from their hall by a realignment of the highway, but have been meeting regularly in the Fireman's Hall in Klamath Glen, under restricted conditions. This, however, has not lessened the activities of the Grange or the Home Economics.

Crescent Redwood Grange is just about breaking even in membership. They have improved the interior of their hall and the Home Economics department has been fairly active. This Grange won the blue ribbon at the County Fair.

Lake Earl is the most active Grange in the County. They have the largest membership and the most active Home Economics. This Grange never remains idle, they had multiple projects at the County Fair, an annual June Dairy Dinner, serving over 400 people, the Dairies in the County fully co-operating. They continue improvement on their hall and give many hours to community service.

Del Norte Pomona Grange continues its support of the North Counties water program and will present an award for first year achievement to a County 4-H member.

As Deputy, I have visited with each of the Granges at least once each quarter, and with Crescent Redwood Grange, almost every meeting.

The Del Norte Grangers Credit Union has been a blessing to many of its members, and is slowly increasing its strength financially and in membership.

Respectfully submitted,
LEO H. KLOSKE
District Deputy

GLENN COUNTY

Worthy Master, Officers and Members
of the California State Grange

Greetings:

The past year has found the Granges of Glenn County very busy in the many activities they have entered into. Some of these include dinners for raising money, scholarships given to graduating agricultural students, entering exhibit

booths in the Glenn County Fair and winning—in most cases top money, donations to families who lost their homes in fires, taking care of the sewing and needlework at the fair, drill and degree teams exemplifying the work both at home and at other granges, operating a cafeteria at the fair, and obtaining better telephone service for a rural community.

In addition to the above mentioned activities, the Glenn County Grangers Credit Union has continued to grow, and I think the officers in charge need a big vote of thanks for all the time spent from which they received nothing except the personal satisfaction of seeing something succeed in which they believe.

I am looking forward to a bigger and better year, and I wish to state that it has been a very pleasant task to serve as deputy and to work with the patrons of Glenn County.

Fraternally submitted,
LLOYD V. PIPER

NORTHERN HUMBOLDT COUNTY
Worthy Master, Officers and Members
of California State Grange

Greetings:

I wish to report that the past year the Granges of Northern Humboldt have been busy as a district in trying to reduce property taxes and are also active in attaining flood control development in Humboldt County.

The Granges have been working very hard to procure garbage dumps for several areas. Fieldbrook has been outstanding in securing good roads throughout the district and also they have remodeled their hall to state specifications and are now renting their hall for public school use. Mad River Grange is enjoying their new home and the attendance is good. The County Home Economics is doing exceptionally outstanding work.

As a whole the Granges in Northern Humboldt have had a substantial increase in membership.

Fraternally,
S. M. WILLIAMS
District Deputy of
Northern Humboldt County

KERN COUNTY**Worthy Master, Officers and Members
of the California State Grange****Greetings:**

It has been a pleasure to serve as Deputy for another year in Kern County. I have had the opportunity of visiting with the Granges throughout the year and have found six of the eight to be very busy carrying out their program for 1957. In visiting the different Granges, I have found that where there is a strong and active H.E.C., the Grange is a good and lively Grange. It seems as though the ladies have at their command just what it takes to get the job done.

Two of our Granges did not set up any program for this year and they are just coasting along.

Tehachapi Grange No. 662, has just recently completed their new hall. They have a very nice and well arranged building and are very happy in their new home.

Rosedale No. 565, received second place on their booth at the annual Kern County Fair. They also won a number of individual prizes on their produce. They worked very hard and were much deserving of these awards.

Delano Grange No. 546, has plans to award a nice calf to the most outstanding boy in agriculture at their local high school.

Fairfax Grange No. 570, recently observed Booster Night with a potluck followed by a program arranged by the lecturer. The principal speaker was Peter Pownall from New Zealand. He is visiting this country in the interest of agriculture for his country. Fairfax is sending a news letter each month to their members keeping them informed on the activities of their Grange.

The Kern County Grange Federal Credit Union is rendering the best of service to its members. Both the loan and shares insurance have paid off in the death of five of our members so far this year.

In closing, I wish you a happy and successful convention in Paso Robles this year. Hope to see all of you there.

Fraternally submitted,
C. C. KOFAHL
Deputy

KINGS COUNTY**Worthy Master, Officers, and Members
of the California State Grange**

Greetings:

I am happy to report a good year in Kings County, with a good gain in membership, in Pomona and Subordinate Granges. We have two fine degree teams, who conferred the fourth degrees in April, and also in October.

A bus was chartered to State Grange Convention in Paso Robles, where the new members received the 5th and 6th degree.

Last spring the Kings River Grange had mortgage burning and dedication, the State Master officiated with other state officers attending. It surely was a fine ceremony long to be remembered.

It was again a pleasure to have the 10th consecutive John Elberg hamburger fry at our home; it is something that we look forward to and this year there were many State officers with us.

Our Home Economics are doing fine, always busy, they had a booth at the Kings County fair and received first award.

The Granges also had a booth at the Kings County fair, and received 2nd award.

Had our annual Fourth of July picnic at Burris Park, good attendance and a good time enjoyed by all.

Some of the Grangers met for breakfast and to go to church Sunday, all attending in a body.

The Pomona Grange has a planning commission in Kings County.

Fraternally,
JOHN I. ELLBERG
Deputy

LAKE COUNTY

Worthy Master, Delegates, Brothers and Sisters
Greetings:

Lake County has had a steady growth in membership throughout the past year, until last quarter, when we lost 14 members for various reasons. It is a constant necessity to keep our members interested and working.

Several of our Granges entered booths at the County Fair. Clearlake Grange won 2nd prize, Scotts Valley Grange won 3rd prize and Kelseyville Grange won 4th prize.

Konocti Grange has been very active and striving to get enough money to build their own hall. In time they will accomplish this ambition.

Bachelor Valley Grange has completed their kitchen and are going ahead steadily in the work on their hall.

Scotts Valley Grange bought a building last year and are enlarging it, they are putting in rest rooms, kitchen and other facilities to make it habitable.

We have water problems today, as in years past and we are trying to find ways to regain our lost water. A large part of our income in Lake County comes from recreation, tourists and vacationers, because of this we need to stabilize the water level in Clear Lake and we have flood problems too in the northern part of the County. Lake County even tho it is a small County has three different water sheds within its borders. The South Fork of Eel River on which P.G. and E. have a powerhouse we would like to see diverted into Clear Lake, to Cache Creek, which is the outlet of Clear Lake, and Putah Creek basin, which is the source of water for the Monticello Dam impoundment in Napa County. We are the source of almost or possibly more than a million acre feet of water, yet we do not retain a gallon of this water.

It is about time that something should be done about the problem. The Central Valley Project has been on the books for many years, in fact I believe the State of California started it and had to give it up because of the cost but with the aid of the Federal Government the work is going ahead slowly.

Two years ago we had 75 inches of rain in Middletown and on Cobb Mountain they had 101 inches. The Monticello Dam was 90 feet high at that time, they had a tunnel 28 feet in diameter to bypass the dam, yet in two good rains Putah Creek filled the dam and flowed over the top better than 5 feet deep. This wall of water was approximately 800 feet long. There were between 54,000 and 65,000 acre feet of water which went over the dam and thru the tunnel each 24 hours. It probably took about 150,000 acre feet to fill the dam before it could flow over the top and all this water was lost. I think that numerous small dams in the upper parts of all watersheds in addition to the larger dams below would retain flood waters, and lessen property

damage in the lower regions of each watershed. The small dams could be drained to create a constant flow over a longer period of time and all could benefit equally from north to south in this great state of ours. We will all have to get together and work things out though.

In Lake County Unions have been trying to organize labor and there were pressures on the Supervisors to pass right to work laws. We are a County without a railroad and could be hurt if there was trouble between the Unions and our business people. Business is controlled to a large degree by Government and I see no reason why labor should have immunity from being regulated, when the welfare of all are involved. We need unionism, it is a necessary evil or a Godsend, according to the position from which you view it. If you were short of ammunition and in the South Pacific, it wouldn't be a palatable perspective if there were no controls on unions.

Respectfully Submitted,
JAMES R. TRUE
Deputy Lake County

MENDOCINO COUNTY

Worthy Master, Officers and Members of the California State Grange

Greetings:

It is with great pleasure I submit the following report of the Granges in my district. I have visited every Grange, some Granges several times. My installation team and myself had the pleasure to install seven subordinate Granges and one juvenile Grange officers. With the help of Brother Arthur Burke, Sister and Brother Trimble and the co-operation of Ukiah Grange members, also Matron and J. G. Master of Fort Bragg, and Matron and Patron and J. G. Master of Whitesboro Grange, we formed and installed a new Juvenile Grange at Ukiah, with 45 charter members. Sister Arlene Wildermuth, J. G. Master was installing officer, Matron Eve Rowe was Marshal, LeRoy Rowe and Elizabeth Ann Clark were her assistants.

It has been a pleasure to serve the Master and California State Grange as district Deputy the past eight years.

Fraternally submitted,
FREDRICK W. CLARK
District Deputy, Mendocino

MONTEREY COUNTY**Worthy Master, Officers and Members
of the California State Grange**

Greetings:

It is my pleasure to report to you on the Grange activities of Monterey County.

Shortly after Installation of the new Officers, conferences, including all of the officers, were held at different locations. These conferences were well attended, and, in my opinion, much knowledge was gained regarding the Officers' responsibility.

In September another conference was called consisting of the Masters of each Subordinate Grange. All except two were present.

We have had a normal overall gain in membership. Five subordinate Granges have Youth Groups and a Pomona Youth Group has been organized.

Home Economics Committees have been actively engaged in projects in the best interest of their Grange and communities.

Monterey County Pomona Grange once again sponsored a Scholarship supported by the contributions of the Subordinate Granges awarded to the outstanding boy majoring in Agriculture, and the outstanding girl majoring in Home Economics.

One Subordinate Grange sponsored a Scholarship awarded on the same basis.

The Subordinate Granges have supported the Fairs in Monterey County by entering booths in the Agriculture Division and Home Economics Department.

The Granges in Monterey County have supported the Livestock Auctions in the F.F.A. and 4-H Club Divisions at the Fair by purchasing animals and pledging minimum starting bids which has been a contributing factor to the high sale value of the Livestock sold.

In my visits to the Subordinate Granges in Monterey County I have observed the Granges generally in good condition.

Wishing you a successful Convention and a prosperous 1958 Grange Year, I remain,

Faternally,
CHESTER DEAYER
District Deputy
Monterey County

NAPA COUNTY**Worthy Master, Officers and Members
of the California State Grange**

Greetings:

I am pleased to report that all Granges in Napa County are in good financial condition with a substantial net gain in membership for the County during the past year.

Again as in former years the Pomona and Subordinate Granges actively supported the County and District Fairs, entering very attractive agricultural booths in same.

It was my pleasure to assist the Officers and Members of Silverado Grange to organize the Silverado Juvenile Grange this past year. Meetings are being held regularly with very good attendance.

In visiting the Granges throughout the County I find them conducting their work cheerfully and efficiently.

The Napa County Grangers Credit Union continues to grow, having assets now of more than \$250,000.

Fraternally submitted,
ALLEN LINDEBECK
District Deputy

PLACER-NEVADA COUNTIES**Worthy Master, Officers and Members
of the California State Grange**

Greetings:

As your District Deputy of Placer and Nevada County, it is my pleasure to report that all our Subordinate Granges are active and are in good financial condition and they are holding constructive meetings.

I have visited each Grange at least once and some of them several times.

Placer Nugget Pomona Grange No. 29 has had regular meetings with fair attendance. In July we held our annual picnic meeting at Loomis Grange Hall. Again this year we presented \$100 to the outstanding Future Farmer of America and \$100 to the outstanding Future Homemaker of America. Very interesting lecture programs have been held this year.

Loomis Grange has been the outstanding Grange this year. They entered the community service contest, spon-

sored the formation of the Loomis-Penryn Senior Club, also sponsored community Easter sunrise service, and Penryn Pony League baseball club; gave a dinner and cleared \$127 to buy balls, bats, and accident insurance for the ball club. A committee of men go to DeWitt once a month to entertain the men there. Grange members have donated 150 dozen home made cookies plus candy and cigarettes for this project. They entered booths at the Roseville and Auburn fairs and won prizes at each affair. They also had a hamburger stand at both fairs.

Gold Hill Grange held their Past Masters Dinner in January and were guests of the 4-H club in February. Have installed a new lighting system in the hall, also in the kitchen. They sponsor the 4-H club and have card parties once a month for their money-raising project.

Mount Vernon Grange has put on dinners as their money-raising projects again this year. They sponsor the Blood Bank. They have painted and redecorated the kitchen. They give donations to all charitable organizations. Both the Home Economic Club and the Grange won prizes on their booth at the fair in Auburn.

Long Valley Grange has been having interesting meetings with fair attendance. Are still working on the kitchen. Won prizes at the Auburn fair on their booths.

Meadow Vista Grange is quite active. They sponsor Easter sunrise service, community service, little league baseball, garden contests and community church. They also sponsor health programs and blood bank. Have had overnight picnics, hamburger fries and dinners for their members. Entered booths at the Auburn Fair and won prizes.

Placer Foothill held their annual May Morning Breakfast. Attendance this year has been very poor. The Home Economics Club turned over \$100 to the Grange.

Sierra Nevada Grange is having good attendance. They sponsor March of Dimes, blood bank, and help the needy. They are still planning to build their own hall.

Banner Grange attendance very good. Sponsored March of Dimes card party, and gave an award to a Future Farmer and a 4-H member. They are also very active in community work.

Rough and Ready Grange attendance is good. Donation made to Grass Valley Hospital Fund. Have rummage sales and card parties as their money-raising projects. Gave food and clothing to a family who lost their home by fire.

Ophir Grange not active but members keep dues paid up.

All Home Economic Clubs are very active this year and are doing good work in helping the Granges.

Our credit union is going along nicely. Have taken in several new members and have gained in financial assets during the year.

Meadow Vista and Mount Vernon Juvenile Granges are both very active. Both Juvenile Granges entered booths at the California State Fair and the Auburn Fair and won high awards at each fair.

Fraternally submitted,

E. B. GAGE
Deputy

PLUMAS COUNTY

Worthy Master, Officers and Members of the California State Grange

It is my pleasure to report that all Granges in Plumas County are in sound condition and are showing a small gain in membership.

Two of our Granges entered booths in the County Fair, taking first and third prizes.

We have had active legislative committees in all Granges and feel we have had a fairly successful year in legislative matters.

The Home Economics Clubs have been active and as always, a great help to the Granges.

Feather River Grange is building a kitchen annex on their Grange Hall.

All of the Subordinate Granges have supported 4-H clubs in their areas, and have engaged in community improvement and charitable work.

This Deputy installed officers for all Granges, and conducted officer's training meetings.

Fraternally submitted,

BRUCE MILES, Deputy
Box 836, Loyalton, Calif.

RIVERSIDE COUNTY**Worthy Master, Officers and Members
of the California State Grange**

Greetings from Riverside County:

Again the time has arrived when the Delegate Body of the California State Grange will be called upon to decide the many important resolutions that will come before them on this Eighty-fifth Session in the beautiful city of Paso Robles.

The Granges in Riverside County have been very active again at the County and District fairs, winning many cash awards.

Home Ec. Clubs as usual continue to do outstanding work, and some have built up a substantial membership.

More Granges are becoming aware of the advantages of the Community Service Contest and we are very proud to have a winner in the "top ten" bracket by the Nuevo-Lakeview Grange. Anza Grange "our youngest" placed in the State contest.

Norco Grange dedicated their new Hall in September after one year of hard work by the members.

Cherry Valley Grange dedicated their new addition late in 1956.

Rubidioux Grange is planning a new addition to their hall and the Twin Buttes Grange has moved to a new location in Arlington.

Much welfare work has been done by all the Granges at the hospitals and rest homes.

The Credit Union is doing well and is offering a fine service to the Grange members.

The G.B.O. and the Grange Insurance, also the C.P.S. seem to be the same as at the last report.

Our youth program can stand some improvement; also the Juvenile Grange.

Taking all segments of our order under consideration, conditions look very well in Riverside County.

It has been a pleasure and honor to serve again as Deputy.

Fraternally,

SIDNEY M. RISPALJE

SACRAMENTO COUNTY**Worthy State Master, Officers, Delegates and Members
of the California State Grange**

Greetings to you from Sacramento County:

Another year of our Grange journey in life has passed leaving the reassurance of the wholesome effects which the noble principles of our order has reflected upon its members and the communities of this county. This being accomplished through such worthwhile events as Christmas parties for the children of both city and rural communities.

I have had the pleasure of installing the officers of six subordinate Granges and Pomona Grange in my district. A number of friends were in attendance at each installation, some who have since become members.

Liberal contributions being made to charitable organizations by the subordinates and Pomona Grange.

One Grange giving much needed financial assistance to a brother and his family who lost their home by fire and their Home Economics Club also aided them with a linen shower.

Picnics being held through the warm summer season for Grangers and their families and friends. The Pomona Grange "go to church Sunday" was attended by a group of Grangers from the entire county.

The ladies of the Home Economics Clubs have been very active holding fashion shows, breakfasts, dinners, food sales, card parties and rummage sales.

Agricultural exhibits were displayed at the county fair by two subordinate Granges and Pomona Grange, each receiving cash awards. One Grange participating in a very extensive and complete community service program.

The improvements to three Grange halls has been made and the planting of a community grove on the grounds of another, each tree bearing the name of the giver.

One Grange held a very impressive ceremony graduating four juvenile members into their subordinate Grange. The juvenile Granges of this district exhibited their handiwork at the State fair, some receiving quite notable awards. One Grange sponsoring a Cub scout and Brownie troupe.

A very capable third and fourth degree team have conferred the ritualism of the degrees to candidates over the county.

Sacramento County Pomona fifth degree team has also conferred the fifth degree regularly each quarter.

Your Deputy has visited all Granges in his district and found them all quite busy and in adequate financial condition.

Sacramento County Grange Federal Credit Union now under new management is progressing very well. Hoping this 85th annual session of the California State Grange will be a very successful one.

Fraternally submitted,

PERCY R. SIMONS

Deputy, Sacramento County

SAN BENITO COUNTY

**Worthy Master, Officers, Delegates and Members
of the California State Grange**

Greetings:

During the past year, the Granges of San Benito County have eliminated from their rolls some of the so called dead-wood, which, in some instances has resulted in a slight decrease in membership. However, all the Granges are in a good position financially with good working members.

The Granges have been active and represented on County Committees pertaining to Water, Education, and Taxes. A great interest was shown in our County Fair, with most all Granges represented and winning awards. All Granges have been active in Community projects, having originated or assisted in all major projects for the benefit of their community. The three subordinate Granges, together with the Pomona Grange voted to award three scholarships this year to the boys majoring in agriculture and the girls majoring in home economics.

The degree work has been exemplified in Hollister and San Juan Granges. The Home Economics Clubs, as usual, have done a very good job. It has always been my belief that the Home Economic Club is probably the most important factor in stimulating the Granges in their various activities, not to mention the wonderful fund raising activities they promote.

In visiting the various Granges, I have found them well

administered, doing their work well, with the membership taking an active part in all their activities.

Fraternally submitted,

K. C. JOHNSTONE

Deputy, San Benito County

SAN BERNARDINO COUNTY

Worthy Master, Officers and Delegates to the 85th Session of the California State Grange

It is a pleasure to bring you greetings from the largest county in the world. Our Granges in the San Bernardino County Pomona district have experienced a good year. It is a distinct pleasure to report that all Granges have engaged in community service work of value, entered the National Grange Community Service Contest and submitted final reports of their efforts. We have active home economic committees in all Granges, and all except one submitted reports in the Home Economics Recognition Program contest. The Pomona Grange home economics committee is also very active, it submitted a report in the Pomona Home Economics Program contest for the second year. All Granges held Booster Night programs to which all Grange News advertisers were invited as special guests, and all held guest officer nights at which they had the opportunity to extend the hand of friendship to Grangers from other counties thus promoting the welfare of the Order. We look forward to the 1958 Grange year as a challenge and further opportunity to serve the finest farm family fraternity in the world.

JACKSON C. RAINES

Deputy San Bernardino County

SANTA CRUZ COUNTY

To the Officers and Members of the California State Grange

Greetings:

It is again time for the annual report and I am glad to say the membership in Santa Cruz County is doing very well.

I installed all the officers in Santa Cruz County, also in San Mateo County last January and held one Master's conference during the year.

I attended each Grange several times during the year and helped wherever it was possible, their Booster nights were well attended and each had a very fine program.

The Pomona and Subordinate Home Economic Clubs are quite active with their various projects.

Two of the Granges entered an exhibit booth in the County Fair with Madonna taking first prize and Roache third. Santa Cruz Live Oak had a cooked food booth and realized a nice profit, they have also had turkey dinners to help pay for their new hall. Soquel has done exceptionally well with their "He Man Breakfast," and card parties each month. Roache has had ham dinners and card parties to raise money and still sponsor the "Well Baby Clinic". Corralitos has done very well with their public dances and have had several dinners.

Two of the Granges in our county have made a nice gain in membership, one is at a standstill and two have lost in membership. The two that are gaining are paying for their Grange Hall, the one standing still is renting a hall and the two that are losing members burned the mortgage on their Grange Hall several years ago.

My one hope for the future is, as soon as a Grange has burned the mortgage they will start another worthwhile community project and go in debt to pay for it, "A Grange without a definite purpose in view is like a ship at sea without a rudder".

SISKIYOU COUNTY

Worthy Master, Officers and Members of California State Grange

Greetings:

It has been my pleasure to serve as District Deputy in Siskiyou County for another year.

We have eight Subordinate Granges in this county, many of them located in isolated, mountainous country. I have made every effort to visit them and help them, when I am needed.

I organized an Installing team, who assisted me with the Installation of Officers throughout the County.

New members are continually being initiated into the

various Granges. At least two Granges have entered the Community Service contest.

Gazelle Grange has recently formed a youth group of over twenty young Grange members.

Siskiyou County Pomona Grange is sending one of this group to the California State Grange Convention.

All Granges in this area, including Pomona Grange, entered Booths in the County Fair. Each one winning a substantial prize.

We have a thriving Credit Union organization, serving many Grange members. A steady growth is noted.

Most of the Granges in this County own their own Halls, all of which are a credit to the organization.

The Grange plays an active part in the community and Civic life of the County.

Best wishes for a successful and interesting convention.

Deputy, Siskiyou County

SOUTHERN SONOMA COUNTY

Worthy Master, Officers and Members of the California State Grange

Greetings:

It is a pleasure for me to again report for the Granges of Southern Sonoma County.

There has been much progress, and increase of membership in some of the Granges, while others hold about even. One new Grange has been organized, and added to the District during the past year, namely the "Adobe Grange," bringing the total number of Granges up to eleven for Southern Sonoma County.

Rincon Valley has recently completed a beautiful new hall, which is indeed a credit to them, and should be responsible for a substantial increase of interest and membership.

The degree teams have been very active this year, traveling all over the County, taking in many new members.

Our Sonoma County Pomona Grange No. 1, has also conferred the Fifth Degree on a large class of candidates. It has been very active with important committee work and resolutions, the result of which is recognized by County

Officials, as well as many others throughout the County.

Booster Nights are being sponsored by nearly all Granges in the County, with fine programs, which is creating interest and gaining a few new members as the result.

Fraternally submitted,

RALPH HOBBS

Deputy, Southern Sonoma County

STANISLAUS AND TUOLUMNE COUNTIES

**To the Officers and Members of the
California State Grange**

Greetings:

It is a pleasure to report as Deputy for Stanislaus and Tuolumne Counties. The membership of our Granges remains about the same as last year. We have new Grange Halls under construction at Mt. View and Sonora, and they will soon be ready for use.

Our Home Economics Clubs were busy this year with many different projects. One of which is to help with the Pomona Grange restaurant on the Fairgrounds at Turlock. We took our usual number of ribbons in the Agricultural booths at the Fairs in both counties.

Our G.B.O. and Grangers Credit Union are in good condition and increasing in sales and membership.

I have visited all of the Granges except Westport which has no regular meeting night and I expect a good attendance at our convention.

Fraternally submitted,

A. H. BOLTER

TEHAMA COUNTY

**Worthy Master, Officers and Members
of the California State Grange**

Greetings:

It is a privilege to report for our Tehama County Grangers.

Our Grangers are all very active and getting along very well. I believe we have stayed about even on our membership. We will be very well represented at the Eighty-fifth Convention.

Tehama County Granges were very active at the County Fair. Seven Granges had booths, all of them taking prizes with El Camino taking first prize, Pomona Home Economics took first prize on their booth.

We had our Annual Grange Day.

Our third, fourth, and fifth Degree Team was very active and did a nice job of the Degree Work and their drill.

I hope this Eighty-fifth Convention is the most successful one we have ever had.

Fraternally submitted,
ASHLEY G. ROGERS
Deputy

TRINITY COUNTY

Worthy Master, Officers and Members California State Grange

The Granges of Trinity County salute you and the delegate body of this eighty-fifth annual convention! May the decisions made here prove to be wise ones.

Our Granges show an increase in membership during the past year and attendance has been held to normal. Some Granges show a marked improvement in both attendance and new members.

Our Credit Union has made wonderful progress and has proved a great help to the Granges in our district, more than doubling its membership and assets in the year past.

The great Trinity River Project is going ahead at a fast pace, and soon the pure mountain water from the "Trinity Alps" will be flowing down to the vast "Central Valley" region where it is most urgently needed.

Trinity County is sending nine delegates to this convention, the largest delegation it has ever had in its twenty-six years of Grange history.

Fraternally submitted,
CHARLES E. DAVIS
Deputy, Trinity County

TULARE COUNTY

Worthy Master, Officers and Members of the California State Grange

It is with pleasure that I again report for the Granges of Tulare County. Most of the Granges have been very

active and gaining in membership but some had a slight loss. The Farmersville Grange Hall has been remodeled and improvements to either kitchens, surroundings or equipment have been added to halls of Tulare, Elbow Creek and Poplar Granges.

Three subordinate Granges entered the Community Service Contest and two entered booths at the County Fair with West Visalia Grange taking a third prize. Tulare County Fair had the first annual Grange Day on Thursday, September 19, 1957. We were very happy with the co-operation. Brother and Sister Sehlmeier were our guests and he spoke at the Grange Luncheon that featured a Grange recipe. The Grange received very good publicity for this project and this helped with good public relations. There were so many Grangers working at the fair that every day was almost a Grange day.

The master's conference was an inspiration this year. Other officers were invited and Brother J. B. Quinn conducted the session. Many interesting subjects were discussed.

It was my pleasure this year to organize Tulare Juvenile Grange No. 153 and install it's officers. It is doing real well with a gain in membership (33 members). Tulare Grange has been very active in community affairs this year.

Tulare County Pomona Grange sponsored a chartered bus trip to the Ivory Pine Sawmill and logging camp in the mountains and also a trip to the state fair in Sacramento on Grange Day. Forty members made the trip and a good time was had by all.

I have visited all the Granges in my district and some several times by invitation. The co-operation from the masters has been wonderful and also from the membership. I believe that all are stressing participation in more agricultural programs and projects.

Fraternally submitted,

W. H. JETER

Deputy

WEDNESDAY AFTERNOON

State Grange reconvened at 1:45 P.M. at the Industrial Building.

Master George Sehlmeier introduced George Schmidt, representative of the Future Farmers of America. Brother George Schmidt had just returned from Kansas City, where he received his "American Farmer Degree".

The California Grange News Booster Barrel Contest was presided over by Brother Craig Hazlewood, Editor of the Grange News. Several of the drawings were made and prizes presented. The balance of the contest would be held on the Fair Grounds, since time was limited. A guitar was presented to Dr. Fiedler to be given to a Grange youth who is to play it and sing at the 1958 Session. Ida M.

Salbina won the trip to Hawaii and Lloyd Piper won the Wedgewood stove.

Carol Luce and Brother Hill from Salinas were introduced as escorts of Future Farmer Groups. George Schmidt presided as Master of California State Grange for a short period. Sister Mabel Glenn, State Home Economics Chairman was introduced and gave her annual report.

HOME ECONOMICS COMMITTEE REPORT

Worthy Master, Officers, and Members of the California State Grange.

Greetings:

Once again I come before the California State Grange Convention to make a report for the H. E. Department of the State. This is my 21st year in this H. E. work, and I have seen the programs unfold from a small beginning in 1936 to now. More than 345 Subordinate and 45 Pomona Clubs are reporting.

The State is divided into seven Districts, with a District Chairman in each District, who visits, holds district meetings, and helps to promote the program before the membership. The chairmen are very necessary, and I hope in time, more can be added for this very essential work.

Twenty-six District meetings have been held.

The Theme program for the year has been "Showers of Blessings". Exhibits are here on display, showing the line of work carried on by each Club.

The Education Loan Fund has received \$554.61 and four loans made. It's interesting to note that in 1912, a resolution for a \$200 scholarship was made as a direct loan; then after nine years, the scholarship became the Educational Loan Fund for which the sum of \$1,000 was set aside from the general fund, to furnish and promote the Wisteria Hall fund which has been our largest project.

The rain checks from the Umbrella March has placed \$1,568.59 to help eliminate the debt.

Our opportunity to build Grange membership, and at the same time help to liquidate the debt on the Hall was extended to the H. E. Department 1761 new members have been listed.

Some 8,000 Wisteria Hall cook books have been sold for this project.

Meals for millions, our overseas relief, received a check for \$575.78 from the Clubs; this is the first year for this special project.

We were able to place two Subordinate and three Juvenile Bibles to newly organized Granges. The gift fund for State Master and wife has been presented; a very beautiful Hammond wrist watch to our State Master.

Twelve days were spent at the State Fair in interest of the Grange, manning the hospitality booth. We were privileged to present the Associate Dean of State Polytechnic College, Mrs. Mary Ella Murry, who spoke to us at our conference on Wednesday morning.

Four State Officer's chairs, one past State Flora, a Vera Balkley—and 11 Deputy chairs have been presented Wisteria Hall during the year.

For the National program 29 Flames of Friendship are now on exhibit here, 14 achievements completed 26 Subordinates and three Pomona.

Two articles a month for Grange News, as well as special news letters from each of the seven District chairmen have furnished the membership news in each District.

I have visited in all the Districts, and note the program of activity that is far reaching; hospitals visited, old people at rest homes remembered, those who are ill, our Service men, disaster barrels for relief. We have built, conserved, helped those in need; sent food and funds to foreign countries, scholarships awarded, sky watchers on defense programs, Red Cross, and the spiritual, financial, social and fraternal activities promoted.

The social and recreational part of the State H. E. program is had through the H. E. breakfast planned for our enjoyment each year. Here having broken the bread of

fellowship and fraternity, we part with a burst of song and pleasant memories. Trans Ocean Air Lines has provided us with many delicious jars of jam, jelly, nuts, and cocoanut honey, direct from the Islands.

We are very grateful to the many contestants and the judges.

We, therefore, close another successful year in our line of work, thankful to all who have made this possible, especially my District chairmen for very efficient work.

Brother Penner of the Grange Insurance Association gave his annual report.

FORTY-FIRST ANNUAL REPORT OF THE GRANGE INSURANCE ASSOCIATION OF CALIFORNIA

Worthy State Master, Delegates and Visitors:

The Grange Insurance Association of California, now in its forty-first year of continuous service to Grangers of California, takes pride in reporting substantial growth over the fiscal period extending from September 1, 1956 to August 31, 1957. Reflected in this report are many gains significant of the support and interest of the membership, state-wide.

In the period just mentioned, we were privileged to process a total of 2757 applications for insurance, representing a net "in force" insurance gain for risks accepted and assumed of \$3,797,584.00.

As of August 31, 1957, and please bear in mind that this is an audited report, the Association "in force" insurance was \$36,610,775.00. By way of comparison we would like to cite you the figures of yesteryear going back over a full five-year period:

Fiscal Year	Applications Written	Insurance in Force
1952-53	2009	\$22,318,762.00
1953-54	2140	25,744,178.00
1954-55	2407	29,506,980.00
1955-56	2613	32,813,191.00
1956-57	2757	36,610,775.00

These figures, we believe, are indicative of a very steady and healthy growth. You will note that our new business

written in the short expanse of only five years increased by nearly 750 applications for insurance and that our in force insurance jumped nearly \$14,000,000.00.

Assets of the Association, ending August 31, 1957 were \$292,947.30. Now let's take a look at the book assets five years preceding. As of August 31, 1953 we reported an audited statement of \$144,521.62. We thus gained nearly 103% in controlled assets, again indicating to us that finances of the Association are keeping steady pace with our volume growth in insurance risks assumed.

Gross Premium income for the year was \$125,806.98, yielding us a net underwriting profit of \$51,618.89 after deduction of all loss settlements, adjustment expenses, renewal discounts and agent commission fees. This figure together with our interest yield on savings accounts, investment dividend yield, and interest on a first mortgage brought our total income for the fiscal year to \$61,628.64.

The expense of operating the business—salaries, taxes, insurance, legal and accounting, advertising, postage, utilities and other miscellany, was \$26,725.43. Gross income minus operational expense thus gave us a net income for the fiscal year of \$34,903.71.

Under our policy of low cost insurance to Grangers we are discounting gross premium payments, applicable to renewals by 10% contingent on there having been no loss experience in the prior term. This past year we rebated a total of \$6,601.78 to insuring members. Many letters of appreciation reached us indicating their pleasure for this additional reduction in the overall cost of insurance.

Grange policy losses for the fiscal year were held to very low levels, proving that our Grangers are really preferred risks. We entertained and settled losses totaling \$29,038.18 which figure was reduced appreciably by recovery under our contract of reinsurance. Our cost of adjustment, involving time and mileage travel by the adjuster, added another \$826.14 to this figure. While most of the large stock companies are shedding tears of crocodile size, and we refer to recent news releases, over their sizeable fire losses today, we seem to be escaping with the barest minimum. Whether we are more selective in our underwriting of risks or whether it's just because Grangers, being sober, industrious, and good-housekeeping people makes them the lesser risk is a moot question. We are inclined to the latter belief.

In regard to the news release just mentioned, the insur-

ance companies of California deplored the fact that casualty, automobile, and fire losses had risen to excessive heights the first eight months of 1957 and hinted strongly that rates in all three fields would take an upward hike about January 1. While this loss experience is contrary to our own it is very true that we find ourselves in the spiraling trend of rising costs in the conduct of our business. We shall, however, try our level best to hold the line as far as rate increases go. This will require an ever-increasing growth in the number of our policyholders. Volume helps mightily toward defraying operational costs of doing business. We, therefore, solicit the support and active participation of all Grangers who are not now policyholders in this Association. It is one of your Grange benefits so why not take advantage of it.

Again we want to take this opportunity of paying tribute to the persons who are actually the backbone of your Grange Association—the Grange insurance agents throughout the State. Individually and collectively they share sole responsibility for the measure of success we have enjoyed in our service to the membership. We also want to thank the thousands of policyholders who have actively supported through their participation and helped to build the organization to its present height.

Fraternally submitted,
W. R. PENNER, Secretary

Brother Putnam, California Physicians' Service representative addressed the group.

Chas. O. Busick, Chairman of the State Grange Credit Union Committee, was escorted to the Master's station and gave his yearly report.

REPORT OF CALIFORNIA STATE GRANGE CREDIT UNION COMMITTEE

The Grange Credit Unions during the year 1957 experienced a substantial growth, both in the number of new members and in total assets.

California continues to enjoy the reputation of having more Grange Credit Union members than any other State, having approximately 12,000 members, with savings in excess of four and one-half million dollars. Likewise, it has the largest number of credit unions serving agricultural members in any State in the union.

With the restriction on credit and the increase in interest rates by many lending institutions, many of our Grange members found credit available at a reasonable rate at their Grange Credit Union.

Early this year, CUNA Mutual Insurance Society extended its savings insurance (share insurance) to cover savings up to \$2,000.00. Most of our Grange Credit Unions have taken advantage of this extended coverage and as a result, many of our members have increased their savings in the various Grange Credit Unions, though in some instances not enough to supply the demand of many who are in need of money for one purpose or another.

There are still a few counties that do not have Grange Credit Unions serving the Grange members. It is to be hoped that this situation can soon be remedied by the incorporation of Credit Unions to serve areas not now having Grange Credit Union facilities.

The need for strong, well-managed Grange Credit Unions is greater than ever at the present time.

Respectfully submitted,

CHARLE O. BUSICK, JR.

Grange Credit Union Committee

WEDNESDAY EVENING

Voting took place between 7:30 and 8:30 P.M.

State Grange reconvened and stood at ease as George Maslach, Associate General Counsel of Farmers Insurance Group was escorted to the Master's Station. After introduction by the Worthy Master he stated he was substituting for Brother Levy, President.

FARMERS INSURANCE REPORT

I am in the unenviable position of substituting for Tom Leavey, and the old adage holds true that a substitute is never as good as the original. I was told that my talk should be brief and, though attorneys are not noted for their lack of words, I don't think I will have any difficulty in staying within my time limit.

Mr. Leavey, one of your members, was unavoidably unable to be present, and asked me to convey his sincere regrets. He is a farmer first, and insurance man second.

I know that Mr. Leavey has always cherished his association and the association of the Farmers Insurance Exchange with the Grange. The growth of the Grange and the growth of the Exchange have gone hand in hand.

Although we are raising our rates, we are also issuing a new policy which will give certain added protections which we feel are in the best interests of the Farmers Insurance policy holders.

During the last year we have uninsured's motorists coverage which we have been issuing for a premium of \$1.00 a year. This has worked out extremely well, as it protects the Farmers' policyholder from damage by an uninsured motorist.

GEORGE MASLACH.

Brother Garred was introduced.

Sister Evelyn Simonson was escorted to the Master's Station and presented him with a Certificate of Award for service on behalf of the Veterans Administration.

Nuevo Lakeview was awarded first prize of \$150 in the 1957 Community Service Contest. In the absence of the Master, check was presented to Brother Elmer Rinker, Pomona Master of Riverside County to be delivered.

Loomis Grange—2nd prize—\$75

Forty dollars each was awarded in the following order to East Palo Alto, Fair Oaks, Lake Earl, Sunnyvale, Whitesboro, Anza and Ono.

Deputy Awards in the Community Service Contest were:

\$25.00—Jack Raines, San Bernardino

\$21.00—Ernest Russell, Butte Co.

\$15.00—Leo Kloske, Del Norte Co.

\$9.00—Chas. Davis, Trinity Co.

Fixing closing time for introduction of new Resolutions. Motion was moved and seconded that none be received after the close of tonight's Session.

Accepted and carried.

Sister Florence McDougal, Chairman of Fishing Committee gave her report.

ANNUAL REPORT

"FARMER OF THE SEA" COMMITTEE

Worthy Master and Delegates, 85th Annual Session California State Grange:

Greetings:

The California State Grange Committee on Fishing—an Interim Committee—is happy to report a very successful year.

This Committee engaged in a vigorous legislative program on all fishing matters presented at the 1957 Session of the State Legislature. Our objectives, based on biological research and conservation, were all brought to satisfactory conclusion and State Legislation enacted in accordance with our proposals.

We are well aware that this success could not have been achieved without the excellent co-ordination of effort, under the direction and recommendation of the Worthy State Master, and the many hours of work contributed by Brother

Kirt MacBride of the California State Grange office. We are unanimous in our expression of appreciation and thanks to that office for their guidance and leadership.

The five members of this Committee have cataloged a rather imposing record of attendance and participation at hearings and meetings of all kinds over the past 12 months, for one purpose only—to present our problems and secure support for better fisheries legislation in the State of California, and to which we dedicate our best efforts and abilities.

During the last year the combined Committee attendance record includes 147 Subordinate Grange meetings; 73 Pomona Grange meetings, and one National Grange Convention. Meetings with representatives on a National level, the Asst. Sec. of Fisheries, Dept. of Interior, Senators, Representatives, etc., State level including Gov. Goodwin Knight; County and local meetings and hearings for a total of approximately 316 meetings. This represents committee contribution only, in addition to which the four Granges represented have added many educational and publicity features.

The Committee is honored to have had the privilege and opportunity to assist the California State Grange office on fisheries legislation, and we hope to continue a constructive conservation program, beneficial to all fishery interests, in accordance with the Grange principle of advancing the interests and promoting the welfare of all peoples.

THURSDAY MORNING

October 17, 1957

The third day's session of the California State Grange convened at 9 A.M. in the industrial building at the Fair Grounds.

The meeting was called to order by Worthy Master George Sehlmeier.

The opening song was followed by presentation of the flag, by the Worthy Ceres.

Roll call noted all Officers present.

Journal proceeding of yesterday was read and approved.

Dr. Fiedler, State Youth Chr. gave his annual report.

CALIFORNIA STATE GRANGE YOUTH COMMITTEE ANNUAL REPORT—OCTOBER 1957

Worthy Master, and Members of the California State Grange,
Greetings:

At the State Grange Convention in 1956, the members of the Youth Committee were permitted to attend the var-

ious committee meetings and in many instances took part in the committee discussions. The Youth members were very grateful for this opportunity, as they felt they had been accepted as part of the working Grange. The 1956 convention was acclaimed, by the Youth, the most successful and educational they had ever attended.

The Youth wish to thank the State Grange for having had this opportunity, and also for passing a resolution which allows the Youth Chairman of the Subordinate and Pomona Granges mileage to the conventions.

The theme, for the Youth, this past year has been Democratic Leadership. The Easter Youth Conference for 1957 was organized around this theme, with faculty members of Cal Poly College holding the symposium; on this theme, and with the experience the Youth had at the 1956 convention, they have seen in action, by doing, and by being a part of, Democratic Leadership in the California State Grange.

Many of the Youth are becoming good leaders in their communities and good officers in their Granges. At this convention we are happy to have the Chairman of the State Youth Committee, George Schmidt, also come as the representative of the FFA, and address this delegate body in that capacity. Young people of this caliber are a great asset to the Grange and it is hoped that many of the Youth will be able to take such parts in the future.

The 1957 Easter Youth Conference was the largest yet held in this state. Cal Poly is again to be congratulated and thanked for furnishing all the necessary facilities and personnel for lectures, tours and entertainment that could be desired.

We wish to thank the California State Grange for establishing two scholarships at Cal Poly, one in the Animal Science department and one in the Crops department.

We wish to thank Brother Ed. Albough, of Adin, Modoc County, for his offer of a gift, of a registered polled Short-horn calf, to one of the Youth members, even tho we are not able to accept it this year.

We are grateful to the Mission San Miguel for allowing the Youth Committee the use of their facilities for our first session of this conference and also for the tour and courtesy of the Mission.

Others who have made this conference a success are, the Paso Robles Chamber of Commerce, especially Barney

Schwartz their president, and the San Luis Obispo Pomona Grange, and District Deputy Rubie Alberti, who has spent much time making arrangements for this successful 1957 Youth Conference. Our thanks to all of you.

With so many organizations and individuals helping the Youth program many Granges throughout the state have been encouraged, and able, to organize Youth Committees.

This committee feels that a good solid Youth Program is being established in this state. With emphasis being placed on Democracy, Leadership and Grange Ritualism. Many Youth degree teams have been formed throughout the state and in most Granges Youth members are holding some of the offices of the Grange.

The fifth degree will be conferred, at this convention, by a degree team made up of Youth Members from all parts of the state. These Youth have had only two weeks notice that they might be expected to confer this degree. Without exception each one accepted the part assigned without hesitation; in some instances the person had not planned on attending the convention because of school work, but the Grange needed them and they have come through. There has been no opportunity for a practice until just one day before the work is to be put on, but I am sure that we will see a perfect exemplification of the fifth degree by these Youth members. They are:

Bob Austin, Master—Member of Joshua Tree Grange No. 664, Los Angeles County.

Paul Johnson, Overseer—Member of Elbow Creek Grange No. 733, Tulare County.

Gennie Warner, Lecturer—Member of Woodbridge Grange No. 482, San Joaquin County.

Serena Dunson, Chaplain—Member of Greenfield Grange No. 357, Monterey County.

Garry Lund, Steward—Member of Cupertino Grange No. 4, Santa Clara County.

Wm. Tensfeld, Assistant Steward—Member of Joshua Tree Grange, No. 664, Los Angeles County.

Nancy Finley, Lady Assistant—Member of Sonora Grange No. 705, Tuolumne County.

Ginger Allen, Ceres—Member of Paso Robles Grange No. 555, San Luis Obispo County.

Dorothy Bragga, Pomona—Member of Two Rock Grange, No. 152, Sonoma County.

Carol Ruiz, Flora—Member of Sonora Grange No. 705, Tuolumne County.

David Littler, Gate Keeper—Member of Los Angeles Grange No. 65, Los Angeles County.

Diane Denning, Secretary—Member Danville Grange No. 85, Contra Costa County.

Belinda Orabuena, Treasurer—Member of Greenfield Grange No. 357, Monterey County.

George Schmidt, Executive Committee—Member of New Era Grange No. 540, Merced County.

Chas. Creasy, Executive Committee—Member of Atascadero, San Luis Obispo County.

Carl Hill, Executive Committee—Member of Elbow Creek Grange No. 733, Tulare County.

The Court of Pomona will be made up of other young women members of the Youth Committee who are attending this conference. They too, no doubt, will serve as willingly as those who had to be notified so they might learn their speaking parts.

The fact that these Youths have come through at this time, when the Grange needed them, is proof that the California State Grange has a sound and progressive Youth program or this could not have been accomplished.

Our project for the past year has been to develop understanding and co-operation between the older and young members of the Grange. We feel that this has been done, through the Democratic Leadership of the California State Grange.

Fraternally submitted,
CARLE FIEDLER, Chairman
EMMA MICHALK
GEORGE SCHMIDT

Brother Paige Harper, Manager of the Granger's Business Organization, gave his Annual Report.

GRANGER'S BUSINESS ORGANIZATION REPORT

Worthy Master, Officers and Members of the California State Grange:

It is again my privilege to report to you the operation of your Grangers Business Organization during the past year.

During this period we earned a profit amounting to approximately eighty-five thousand dollars. This profit was derived from the petroleum operation, commodity sales, plant rentals, real estate sales, interest income from notes and savings accounts and other investments. The bulk of the profit was from petroleum sales to Grangers by the Tide-water Oil Company under the Grange contract. Profits from the latter are paid every three months in cash by the Grangers Business Organization to members purchasing under this contract. The profits from other sources is distributed annually.

In May of this year a new building, adjacent to State Grange Headquarters in Sacramento, costing approximately fifty thousand dollars was dedicated. This structure which consists of office space, a store and warehouse area was financed by funds from certificates and is entirely debt free.

The board of directors during the year authorized the redemption of older certificates amounting to the monetary value of the new certificate issue.

In closing may I take this opportunity to thank all Grangers for their co-operation and loyalty which over the years has been responsible for the success of the Grangers Business Organization.

PAIGE L. HARPER, Manager

Brother Eaton of Nuevo-Lakeview Grange No. 581 was escorted to the Master's Station and congratulated for his Grange having won first place in National recognition for the State of California in the Community Service Contest.

Partial report for the Conservation Committee was given by Brother Merle Mensinger.

State Grange stood at recess while the Juvenile Program was presented.

Juvenile Grange Officers occupied the State Grange Officers Stations during the program.

JUVENILE GRANGE PROGRAM

Matrons March.

Morro Bay J. G.'s seating of their officers.

Presentation of the flag, followed by the pledge of allegiance.

Master raps down.

Master speaks—Sisters and Brothers, we are here today to tell you something of the officers' work in the Juvenile Grange. My name is Robert Woodworth. I am the Master. I will introduce each of my officers and they will tell you about their work.

First is our Overseer who is Pamela Marshall.

Overseer—I try to help the Master and take his place when he is absent.

Master—Next is who is our Steward.

Stewards—Stewards guard the gates and with the help of my assistants I put the Grange furniture in place before our meetings and put it away afterward.

Master—The A.S. and L.A.S. are Russel Melton and Pat Novoa. They have already demonstrated part of their duties.

A.S.—We assist the Steward in care of Grange property and examine the members at the opening of the Grange.

L.A.S.—We conduct members or guests about the room and lead Candidates for the degree.

Master—At our altar stands John Schmid who is our inspirational officer for today, with him to help him are Tim Selby and Rowenna Smith. Raps up.

Chaplain—Good J. G. members put their trust in God. I hold in my hand a Bible, the book in which both young and old look for wisdom and instruction (places open

Bible on the altar) and direct my assistants to place on our altar, a cross, symbol of Christ's sacrifice for us (places cross) and a candle, symbol of God's truth, the light of the World. (Chaplain bows head as a signal for prayer.

"Our Father which are in Heaven, we thank Thee that we are permitted to meet here together. Help us to control our Spirits and as we grow in years may we live uprightly and do good to others; we ask it in thy Holy Name. Amen.

All—"God grant our prayer").

Song—.

Master raps down.

Master—In the Grange, we have three goddesses who encourage us to work for the good of our Order. Our Graces are Patty Aurand, Linda Mayfield, and Cynthia Melton.

Ceres—I am Ceres, Goddess of Grain, there are many interesting things to learn about the grains we eat from the harvest fields of the world. (Places basket of grain).

Pomona—I am Pomona, Goddess of Fruit, no tree bears fruit that does not blossom in the Spring, teaching us that Youth is the time of study if a useful life is to be enjoyed. (Places basket of fruit).

Flora—My work is to encourage our members to grow flowers as reminders of girlhood. (Places basket of flowers).

Master—Next is Marilyn Mayfield who is our Lecturer.

Lecturer—The Lecturer's responsibility is very important. My work is to arrange Grange programs that will be fun and by which we can learn something new.

Master—Next is our Secretary Cerena Petty.

Secretary—The Secretary keeps the records and writes letters, records are a history of what we do in our meetings.

Master—Next to the Secretary is James Hannigan, our Treasurer.

Treasurer—I have the money to keep safely. I keep accounts carefully so there will be money for needed expenses.

Master—In our Grange we have a H.E.C. Chairman, today she will have a very special duty to perform. Last but not least is our Gatekeeper Ricky Cavillo.

Gatekeeper—I guard the outer gate.

(A knock at the door). Steward goes to answer and reports:

Steward—Worthy Master there is a knock at our door. Honored State Officers who we would like to have as our guests.

Master—You will please welcome them and have your assistants bring them to my station.

A.S. and L.A.S. conduct guests. A.S. introduces Brother Sehlmeier, L.A.S. introduces Sister Sehlmeier and H.E.C. chairman introduces Sister Glenn.

Master—I now turn our program to our Worthy Lecturer.

Lecturer—Our program is to be made up of numbers from various Juvenile Granges.

First we will see a Hawaiian dance by members from Mendocino County.

Next will be a program prepared by San Luis Obispo Juvenile Grangers:

1. A pantomime—Sweet old fashioned girl, by Sharon Rouse.
2. A song by David Mahoney and 3 other boys.
3. A pantomime—"Seventeen," Jennette Fernandez.
4. A pantomime story—"Little Blue Riding Hood." Wednesday, played by Dwane Mohoney; Little Blue Riding Hood, Robert Decker; Grandma, Michael Mahoney; Frank, John Lorton; Announcer, Richard Lorton.
5. A song by Peggy Keane—"Keep Your Cotton-pickin' Patties Off'a My Heart".
6. Two piano solos—Gail Thompson.
7. Tammy—Sung by Judy Doup and Cookie.
8. John Lorton singing "Don't Be Cruel" and "All Shook Up."
9. An original—"Can-Can" by Jennette Fernandez, Peggy Keane and Sharon Rouse.

Now a group from Sisquoc will present two quadrilles. All will sing the last verse of "We are the Grange of the Future."

I now turn the meeting to the Worthy Master.

Master—Retire Flag. Thanks audience. Benediction. Dismiss.

THURSDAY AFTERNOON

2:00 P.M.—Memorial Services conducted by State Chaplain Leta Littler.

MEMORIAL SERVICE

Thursday afternoon at 2 o'clock a Memorial Service under the direction of State Chaplain Leta Littler was pre-

sented. A procession of 49 ladies carrying floral tributes entered the hall preceded by the Chaplain.

Twenty-nine candles were lit upon a satin-covered altar where the floral tributes were placed as each name of a departed member was called by the Chaplain.

The Glee Club of 50 voices from Paso Robles high school presented two inspiring numbers during which tableaux of unusual beauty were given.

Twenty-eight counties were represented with a total of 48 deaths in their respective districts. The rank and file was symbolized by a scroll placed on the altar with a floral tribute.

High tribute was paid to the deceased by the Chaplain in her Memorial address and the charge to carry on with the high ideals of the Grange in memory of those who have been called from their labors. Following the benediction taps closed the service.

Craig Hazlewood, Jr., Managing Editor of the Grange News made his Annual Report.

CALIFORNIA GRANGE NEWS REPORT

The California Grange News is pleased to present a favorable report before this convention.

The fiscal year ending September 30, 1957 was highly successful both from an editorial and financial point of view.

One indication of editorial progress is the ever-growing frequency with which other newspapers quote the Grange paper. This shows a strongly increased interest in the Grange stand on important issues and, as well, an increasing awareness of the GRANGE NEWS as the spokesman for the California State Grange.

County news correspondents again proved their faithfulness to their Pomona and Subordinate Granges by sending in a record number of news releases. At times, in fact, the paper was hard-pressed to find space in which to print all the excellent reports.

Grange members may obtain a realistic appreciation of the extent of the news coverage in their paper from a survey taken of one issue. More than 1,000 names of Grange members appeared in news stories in this issue.

Many of the members still do not appreciate that their paper is published in four regional editions of varying size. While the average paper sent to each member consists of 20 pages, actually the GRANGE NEWS publishes from 52 to 56 pages per issue.

The Booster Barrel contest again chalked a record response. Grange members liked the new "Get Acquainted" coupon idea. Response in this phase of the contest was so outstanding, the "Get Acquainted" slips will become the cornerstone of the 1957-58 effort.

Grange members are urged to take these coupons to their

local GRANGE NEWS advertisers. In this way they make a forward stride in supporting their paper. More than just winning a prize, they are helping to keep their cost in receiving the GRANGE NEWS at a very low minimum.

GOOD OF THE ORDER COMMITTEE REPORT

We feel that especial thanks should be given for arrangements for the Convention to Sister Ruby Alberti, District Deputy of San Luis Obispo County and Brother Jeppsen, San Luis Obispo County Pomona Master.

Membership in most Granges in California is progressing well and we trust it will continue to do so through the combined efforts of all Grange members.

As we consider the various Benefits available to all Grange members it should not be difficult to obtain new members and to encourage continuation of membership.

We appreciate the work being done by the Juvenile Grange, Youth Committee, California Physicians Service, California Grange News, G. B. O. and Grange Credit Unions, our sincere thanks is offered to the delegates and visitors for their co-operation at this Convention.

The Election Committee Chairman read the returns of the runoff to fill the unexpired term of Executive Committeeman J. B. Quinn. Jackson Raines elected.

A motion was made, seconded, and carried to authorize the Executive Committee to approve the last day's Journal.

Brother Bragga, Sonoma County Pomona Master, read a special resolution thanking Cal-Poly, San Luis Obispo County Grange, and all parties concerned for their splendid work in making the convention a success.

TO PASO ROBLES AND ALL THE OTHER COMMUNITIES OF SAN LUIS OBISPO COUNTY:

The delegate body and visitors of the California State Grange extend to the Chamber of Commerce, The City Council, The High School Band of the City of Paso Robles, The Law Enforcement Officers of the City and County, Board of Directors and Management of the San Luis Obispo County Fair, the Radio, TV and Press of the County, California Polytechnic College at San Luis Obispo, the Pacific Telephone & Telegraph Co., for their battery of telephones, for the use of the Grange, and all others who assisted in making this Convention such an outstanding success.

Also the Pomona and Subordinate Granges of San Luis Obispo County, Brother Gerald Walker and his GROVER CITY GRANGE for preparing the Pomona Feast, Sister Queenie Ridlon, the Pomona Home Economics Chairman, Sister Ida Avila, who so ably supported Sister Rubie Alberti, the General Chairman of the Grange Convention Committee, Brother Harry Lewin, the co-chairman.

Without the untiring efforts of Sister Rubie Alberti, this memorable convention would not have achieved its crowning success:

To the California State Grange Youth Group for conferring the fifth degree in such an able and outstanding manner.

THEREFORE, BE IT RESOLVED, that this 85th Session of the California State Grange go on record as a beacon for succeeding Conventions to follow in promoting a real approach to the purposes and principles of the Grange.

WILLIAM, E. BRAGGA,
Master Sonoma and Pomona Grange No. 1.

Installation of Officers was the next order of business. The installing team was composed of Vayne Ralston, Installing Officer; he was assisted by Mrs. W. H. Jeter as Acting Master; Mrs. Ruth Quinn, Marshall; Mrs. Mildred Spain, Regalia Bearer; Mrs. Minnie Ferguson, Emblem Bearer; Mrs. William LaCaille, Steward; and Mrs. Fidler, Musician.

Grange was closed in the fourth degree. The patron's chain was formed and "God Be With You Till We Meet Again" was sung.

The 85th Annual Session of the California State Grange came to a close at 2:45 A.M., Saturday, October 19th..

Respectfully submitted,
Clara Williamson, Secretary

RESOLUTIONS PRESENTED 1957 ANNUAL CONVENTION, CALIFORNIA STATE GRANGE

Paso Robles—October 15th to 18th, Inclusive

AGRICULTURE

- 1 Weed Control Canada Thistle Seed Agri. 1
ESCALON GRANGE NO. 447
(As Amended)

WHEREAS: Farmers, local government and state agencies spend millions of dollars each year in weed control, and

WHEREAS: It has come to our attention that grain being shipped into the State of California is infested with Canada Thistle seed, and

WHEREAS: Canada Thistle is one of the worst primary noxious weeds and at present time no known control exists, and

WHEREAS: If the farm land of the State of California becomes infested with Canada Thistle, the economic loss to the farmers and to the state as a whole will be enormous,

THEREFORE, BE IT RESOLVED, that the California State Grange use all its influence to amend the California Agriculture Code to prohibit any movement into the State of California of anything infested with Canada Thistle seed.

2 Penalty on Excess Cotton Acreage Agri. 2
TULARE GRANGE NO. 198

WHEREAS: Our country has a surplus of cotton and have acreage limitations and marketing quotas in order to reduce the surplus and to receive a better price and are then eligible to receive the government support price, and

WHEREAS: Any farmer who plants in excess of his allotted acreage must destroy or pay a penalty equal to fifty per cent of parity on that portion which exceeds his allotted acreage, and

WHEREAS: Some large corporation farmers overplant their allotment by several hundred acres and pay the penalties, thus adding to the surplus which results in a smaller acreage allotment for the following year in order to bring production in line with consumption, and therefore, makes a hardship on the small home owning farmer, as it reduces his already small acreage and results in a lower price for cotton,

NOW, THEREFORE, BE IT RESOLVED, that the California State Grange do everything in its power to get the Congress of the United States to enact a law which would place a penalty equal to one hundred per cent of parity on that portion which is planted to cotton in excess of his allotted acreage, if not destroyed by the date set by the County A.S.C. Committee.

3 Opposing Proposed Area—New Idria Agri. 3
Wildlife Management Area

COALINGA GRANGE NO. 779

WHEREAS: This Grange has been advised of the proposed Withdrawal and Reservation of Lands, New Idria Wildlife Management Area, and

WHEREAS: The establishment of said proposed Area

would adversely affect the interests of members of this vicinity,

THEREFORE, BE IT RESOLVED, the California State Grange oppose said proposed Area for the following reasons:

(a) Private acquisition of any of the reserved land, by public sale, homestead or mining claim, would no longer be possible.

(b) By reason of the above, the sale of such land to the public for return to tax rolls would be precluded.

(c) The land would be administered more and more in the interest of wildlife, and less and less in the interest of livestock.

(d) Wildlife carrying capacity would be increased and big game would be competing with cattle for forage.

(e) The already acute problem of access to public lands through private lands, with damage along the way, would be worsened.

4 Amendment to Beef Promotion Bill Agri. 4

OAKDALE GRANGE NO. 435

WHEREAS: A beef promotion Bill No. 2241, passed by the State Legislature and signed by the Governor reads as follows:

"A fee of 10 cents per animal to be paid voluntarily by the producer unless he signs an agreement with the Department of Agriculture that he does not want to pay it", and

WHEREAS: We believe that the bill should read as follows:

"A fee of 10c per animal to be voluntarily paid by the producer when he signs an agreement with the Department of Agriculture, that he wants to pay it",

THEREFORE, BE IT RESOLVED, that the California State Grange go on record favoring an amendment to the beef promotion Bill No. 2241.

5 Increasing Milk Prices Agri. 5

OAKDALE GRANGE NO. 435

(As Amended)

WHEREAS: The base price of grade "B" milk has been lowered on 3.8 milk, and

WHEREAS: The price of feed and other products the

producer has to pay has been advanced in price beyond what he can pay and stay in business, and make a reasonable profit, and

WHEREAS: The spread in price between grade "B" and grade "A" milk is dangerously wide; thereby forcing grade "B" dairymen to go to grade "A" or go out of business with a lot of expensive equipment on their hands,

THEREFORE, BE IT RESOLVED, that the California State Grange work with the distributors or processors, asking for a basic price within 75% of the Grade A price for 3.8% milk, and

BE IT FURTHER RESOLVED, that the California State Grange work with the Secretary of Agriculture, to work out a 90 per cent payment plan with any parity payment, payment to be paid directly to the dairymen.

64

Farm Surpluses**Agri. 6****SONOMA COUNTY POMONA GRANGE NO. 1**

(As amended)

WHEREAS: The present farm economy is continuously plaguing the family farmer with high cost of production and comparatively low prices for his products, and

WHEREAS: A temporary surplus often effects the market to the extent that many, many family farms have been forced out of business, and

WHEREAS: The Secretary of Agriculture has funds appropriated by Congress known as "Section 32 Funds" for the purpose of purchasing such surpluses for school and food for needy programs, thereby helping to stabilize the market as well as utilizing the food, and

WHEREAS: The Secretary of Agriculture, we believe, has not used these funds to relieve these adverse marketing situations of our small farmers,

THEREFORE, BE IT RESOLVED, that the California State Grange urgently requests the Secretary of Agriculture to use these funds in agricultural areas where marketing conditions threaten the existence of our family-type farms.

65

Stabilizing the Egg and Broiler Industries Agri. 7**COTATI GRANGE NO. 769**

(As rewritten)

WHEREAS: The plight of the poultry and egg growers in California is extremely serious, and

WHEREAS: Congressman James C. Auchincloss (R., N. J.) has introduced in Congress a bill for stabilizing the egg and broiler industries by instituting a program of production regulations by growers and/or hatcheries themselves,

THEREFORE, BE IT RESOLVED, that the California State Grange support the Auchincloss Bill and so inform the Committee on Agriculture of the United States House of Representatives.

66 Renewal of National Wool Act Agri. 8
DIXON GRANGE NO. 574

WHEREAS, we have a shortage of sheep in the United States and have to import two-thirds of the wool used to clothe our people and armed forces, and

WHEREAS, the stockpile of wool is nearly gone and we need more encouragement to raise sheep in this country to bring the production up to 300 million pounds annually,

THEREFORE, BE IT RESOLVED, that the California State Grange ask Congress to renew the National Wool Act of 1954 for an additional four years without amendment.

67 Warehouse Storage of Beans Agri. 9
SANTA BARBARA COUNTY

WHEREAS, the State Public Utilities Commission granted rate increases to warehouses for storage and cleaning of beans amounting to \$6 per ton for storage and \$7 per ton for cleaning, and

WHEREAS, the farmers put said beans into warehouses free from contamination, and

WHEREAS, some warehouses have allowed beans to become contaminated by rats, and

WHEREAS, the warehouses are charging the bean growers for "black-lighting" and re-sacking of contaminated beans,

THEREFORE, BE IT RESOLVED, that the California State Grange request the California Legislature to enact a law requiring the warehouses to assume full responsibility for the condition of sacked beans after they are put into warehouses.

CONSERVATION**6****Opposing State Construction****Con. 1****Feather River Project****WELCOME GRANGE NO. 791**

WHEREAS: It is proposed that the Feather River Project be built by the State of California, and to bond the State for between 2 and 4 billion dollars, and

WHEREAS: The cost of irrigation water under the State Feather River Project would be greater than a similar project built by the Federal Government because the Federal Government does not charge interest on water developed for irrigation, and

WHEREAS: The wise 160 limitation of the Federal Reclamation Law is not provided for in the State plan, and therefore the State construction of the Feather River Project would be helping the corporate farmer and not to the interests of the small family farmer, and

WHEREAS: The Federal Government has shown it can and will build multiple-purpose water projects without delay and has built Shasta, Folsom, Keswick, Friant, Isabella, Pine Flat, Stony Gorge, and West Park projects, and is now building Montecello and Trinity dams while the State of California has not built one single dam,

THEREFORE, BE IT RESOLVED, that the California State Grange go on record that any improvement contemplated on the Feather River be done by the Federal Bureau of Reclamation and not by the State of California, and

BE IT FURTHER RESOLVED, that the California State Grange is opposed to the appropriation of any more money by the State Legislature for the State Feather River Project.

7**C.V.P. Remain Under Federal Ownership Con. 2****KERN COUNTY POMONA GRANGE NO. 26**

WHEREAS: The communities of Delano, McFarland, and Wasco are now being served by the Friant Kern Canal under the management of the Bureau of Reclamation and are very well satisfied by this arrangement, and

WHEREAS: If the State purchases the C.V.P. we the people of the State of California would be buying something that we already own, and thereby paying a much higher price than we are now paying, and

WHEREAS: If the State purchases the C.V.P. we would lose our one-hundred-sixty acre limitation, and

WHEREAS: The one-hundred-sixty acre limitation is very desirable to us,

THEREFORE, BE IT RESOLVED, that the California State Grange go on record as being very much in favor of having the C.V.P. remain under Federal ownership and stay under the management of the Bureau of Reclamation.

9 Opposing Increase in P.G.&E. Power Rates Con. 4
KERN COUNTY POMONA GRANGE NO. 26

WHEREAS: The Pacific Gas and Electric Company is now making enormous profits at existing rates, and

WHEREAS: At least two of the top men of P.G.&E. Co. are now receiving salaries far beyond the value of any man to any corporation, and

WHEREAS: An rate to consumers will never be decreased no matter how bad or how low our economic structure might become, and

WHEREAS: We the farm people are facing difficult times at present with every indication that the future might become more difficult, and

WHEREAS: We farmers and especially the smaller operators must buy what we require at the seller's price, and sell our produce at the buyer's price, and

WHEREAS: Farmers in general find themselves at the mercy of the seller and buyer,

THEREFORE, BE IT RESOLVED, that the California State Grange go on record as being opposed to any rate increase by the Pacific Gas & Electric Company.

11 Opposition for the Creation of a Perpetual Con. 6
California-Oregon Interstate Commission
STOCKTON GRANGE NO. 758

WHEREAS: There is now before the Legislatures of both California and Oregon a proposal for the creation of a perpetual California-Oregon Interstate Commission for the sole purpose of regulating the use of the waters of Upper Klamath Lake and that part of the Klamath River which lies in Oregon, and

WHEREAS: Such Interstate Commission will, if formed, have the power to fix its own compensation, employ a staff of unlimited number and fix their compensation; set up a permanent office, make "surveys", acquire property and expend money, all at the expense of the taxpayers of the two states, and

WHEREAS: The only purpose that could be accomplished by this proposed Interstate Commission in return for this expenditure of money would be to limit the amount of water taken from Upper Klamath Lake and/or the Klamath River in Oregon for irrigation, thereby increasing the amount that could and would be used by a private power company, the California Oregon Power Co., and

WHEREAS: Such action would invade the long established property rights of several hundred farmers on the Klamath-California Federal Reclamation Project, residing in Klamath County, Oregon, and in Modoc and Siskiyou counties, California; would lessen the value of their properties, diminish their production and increase their irrigation costs,

THEREFORE, BE IT RESOLVED, that the California State Grange oppose the ratification of the report or the creation of the proposed perpetual (or temporary) Interstate Commission or any other commission for the same purpose.

13 Development and Distribution of Con. 3, 5, 8, 11
State's Water Resources

MERCED COUNTY POMONA GRANGE NO. 23
(As amended)

WHEREAS: It is essential that all areas of the State of California come to an equitable agreement on the development of the State's Water Resources, the distribution, and their uses within the entire State, and

WHEREAS: The public of the entire State will benefit by a common workable solution of the water problems, in which balanced consideration is given to the water and power needs of agriculture, domestic use, industry, recreation, in and among the various areas of the State, and

WHEREAS: Any solution of California's water problems must be non-sectional. A solution for any area must be weighed and determined with the best interests of the State

as a whole and must be fair, as well, to other areas within the State,

THEREFORE, BE IT RESOLVED, that the California State Grange at its regular Annual Convention, go on record and assist in any capacity, legislative or otherwise, to bring about a fair and equitable solution of the water problems of the entire State.

14

Improving Harbor at Jenner

Con. 9

BODEGA BAY GRANGE NO. 777

WHEREAS: Petitioning the Corps of Engineers, U. S. Army, to institute detailed surveys and plans for a shallow draft Harbor at Jenner, at the mouth of the Russian River in Sonoma County, California, and

WHEREAS: There already exists a tidal basin, or lagoon; a south jetty and a south crest wall structure at Jenner, mouth of the Russian River, Sonoma County, and

WHEREAS: In the preliminary hearings and examinations, the Corps of Engineers, U. S. Army, did recommend the mouth of the Russian River as a harbor of refuge for shallow draft vessels, and

WHEREAS: This harbor would be located at a suitable distance from the established Federal Project at Bodega Bay and from a proposed Harbor at Point Arena Cove in Mendocino County where a harbor of refuge, because of the dangerous shoreline, is urgently needed; and

WHEREAS: At a hearing conducted by the Corps of Engineers, U. S. Army, a shallow draft harbor was recommended at the mouth of the Russian River provided upstream storage would be created to strengthen the fresh water outflow to aid maintaining a channel at the mouth of the Russian River, and

WHEREAS: This upstream storage project is now under construction namely the Coyote Valley Dam and Reservoir which includes sufficient storage to materially increase the fresh water downflow which added to the effect of the tidal prism would scour and dredge a channel, provided a north jetty were constructed,

THEREFORE, BE IT RESOLVED, the California State Grange urgently request the Congress to institute detailed surveys and plans as quickly as possible with the objective of constructing and maintaining a shallow draft harbor at the mouth of the Russian River at Jenner, Sonoma County, California.

15 Schools and Institutions to Purchase and Con. 10
Use California Produced and Processed Tuna

SAN DIEGO HARBOR GRANGE NO. 775

WHEREAS: At the last session of the California State Legislature, a bill introduced to legalize the use of import food in California school cafeterias was rejected, and

WHEREAS: It was clearly pointed out, the use of same was in violation of the law, and

WHEREAS: Commercial fishing is an important and integral part of the economy of the State of California, and

WHEREAS: A great deal of tuna is used in the meals served in schools and other State supported institutions, and

WHEREAS: These institutions and schools could help retain for the welfare of all the citizens of the State, the millions of dollars that are produced by the Farmer of the Sea,

THEREFORE, BE IT RESOLVED, that the California State Grange request each Subordinate Grange and County Pomona Grange in the State of California to actively urge and encourage the school districts and other institutions in their area to buy and use California produced and processed tuna. Such a policy would be in compliance with the law of the State and would provide a prime, wholesome food for consumption.

18 Suggested Changes to the Anti-Dumping Act Con. 13

SAN DIEGO HARBOR GRANGE NO. 775

WHEREAS: In 1952 and in 1956 the production of albacore tuna in Japan so far exceeded expectations and was so large it broke down the price structure of the market and cause a crippling injury to the American tuna producer when it was dumped on the U. S. market, and

WHEREAS: The negative finding of the Treasury Department on complaints filed under the Anti-dumping Act of 1921 proved that the American producer of tuna cannot expect any protection from future injury under this act as it is written and administered, and

WHEREAS: What has happened in the last five years can be expected to happen again in the foreseeable future,

THEREFORE, BE IT RESOLVED, that the California State Grange recommend that consideration by the House

Committee on Ways and Means, and the Senate Committee on Finance, be given this session to the following suggested changes to the Anti-dumping Act of 1921, as amended:

1. That the public hearings be required on each complaint filed with the Treasury Department.
2. That a public report on the disposition of each complaint be required, such report to include the evidence brought forth at the public hearing, and any other evidence used in making the decision.
3. That the provision for a Judicial review of the complaints and the findings be made.
4. That the Secretary of the Treasury be given the power to subpoena records from private companies involved on both sides of the complaint, including those of foreign exporters.
5. That differentiation be made between manufactured articles whose abundance varies because of economic conditions and commodities whose abundance depends on natural conditions.
6. That, in order to shorten the time between complaint and the decision, and to further shorten the time of injury to the American producer, provision be made for the Tariff Commission Injury hearings to proceed at the same time as the Treasury Department's, and for them both to be reported on at the same time.
7. That the Tariff Commission should be required to hold public hearings, and to make public records on them and their decisions.
8. That criteria should be established in the law as to what constitutes injury to the domestic producer.

19 **Amending the Anti-Dumping Act Con. 14**
SAN DIEGO HARBOR GRANGE NO. 775

WHEREAS: The American producers of Albacore, yellowfin and skipjack tuna have suffered and will continue to suffer serious and substantial injury by reason of the importation in the last year of about 14,000 tons of frozen tuna from Japan at \$100 per ton less (or nearly 30% than the actual cost of production, and

WHEREAS: A complaint filed in October 17, 1956 with the Treasury Department under the Anti-dumping Act of 1921, as amended, and dismissed on March 1, 1957, with

the finding that albacore was not being and was not likely to be sold in the United States at less than fair value within the meaning of the Anti-dumping Act, and

WHEREAS: The charges made in this complaint were founded on documented facts, and the disposing of this tuna in the U. S. at below cost has been freely admitted in the Japanese press, either the American producer received an unfair determination under the law, or the law is incapable of preventing dumping of this nature. An act under which there have been 146 complaints made and only 4 affirmative findings found is faulty either organically or in its administration and should be perfected or eliminated, and

WHEREAS: The only apparent recourse is to ask the Congress of the U. S. to examine this law in the light of its effectiveness or failure in preventing the thing it was framed to prevent,

THEREFORE, BE IT RESOLVED, that the California State Grange request that hearings be held this session on the subject of amending the Anti-dumping Act by the House Committee on Ways and Means and the Senate Committee on Finance.

20

**Repeal of Counties of Origin
California Water Law**

Con. 15

SANTA CRUZ-LIVE OAK GRANGE NO. 503

WHEREAS: The repeal of the Counties of Origin California Water Law, will take away the power of a county to control the distribution of its water supply, and

WHEREAS: This law is the only effective assurance that Northern California water can, in an orderly manner be retained for economic distribution in Northern California and the central valleys,

THEREFORE, BE IT RESOLVED, that the California State Grange go on record as opposed to repeal, altering or weakening of this law.

22

Protect Domestic Fisheries

Con. 17

ORANGE COUNTY POMONA NO. 36

WHEREAS: In 1956 Orange County Pomona Grange adopted a resolution in support of the California State Grange Committee on Fishing requesting support in the

matter pertaining to unrestricted high seas fishery by foreign powers, while strict conservation methods were imposed on the American fisherman, particularly the salmon fisheries, and

WHEREAS: This resolution was duly adopted by the California State Grange in 1956, and

WHEREAS: This situation has become even more inequitable in the last year, and is properly a matter to come before the National Grange, the States of Oregon and Washington also being affected,

THEFORE, BE IT RESOLVED, that the California State Grange petition the National Grange, and its Committee of Five, to investigate this problem and recommend action to the National Grange at the Federal level in protection of the domestic fisheries.

23 Opposing Partnership Construction Con. 7, 16, 18
of Trinity River Project

WELCOME GRANGE NO. 791
(As amended)

WHEREAS, where public power is available, the private power rates are lower than in other areas, and

WHEREAS, A partnership construction is directly against the long established policy of the Government in developing multi-purpose water and power projects, and

WHEREAS: A partnership construction of the Trinity Water and Power Project would be in the interest of the private utility and not the taxpayers, who would be financing the construction of the dam,

THEREFORE, BE IT RESOLVED, that the California State Grange oppose the partnership construction of the Trinity River Project, and

BE IT FURTHER RESOLVED, we ask our legislators to oppose the partnership construction of the Trinity Power and Water Project as proposed by Fred Seaton, the Secretary of the Interior.

61 Sonoma County Geysers Con. 19

SONOMA COUNTY POMONA GRANGE NO. 1

WHEREAS, the squandering of our natural resource here in Cloverdale during the last 35 years, and the servile subserviency of our political and business leaders to this

policy of waste is in great contrast to the free enterprise system of Italy, where similar geysers have been harnessed for over a decade and are today generating about one tenth of all the electricity generated in Italy, and

WHEREAS, the insistence of the Pacific Gas & Electric Company that our geysers be advertised as a tourist attraction and not as a cheap source of electricity, over all these years, has done irreparable harm to the well-being and economic welfare of every taxpayer in Sonoma County, and

WHEREAS, all underground natural resources are depletable in due course of time except our geysers, because this underground geo-thermal furnace of endless energy generates steam in perpetuity at no cost to the taxpayers, and will become a major asset for attracting new industries to the Redwood Empire, and

WHEREAS, Governor Knight in his reports over our television networks has repeatedly told the people of California that we must conserve all of our natural resources, and never once has he stated skip the geysers, the largest natural water resource of its kind in the world which can be harnessed for generating electricity for the public welfare,

THEREFORE, BE IT RESOLVED, that the California State Grange have our Honorable Governor immediately exercise his constitutional authority and proclaim the geysers a natural resource, for the reason that it is self-evident that the largest natural water resource of its kind in the world which can be harnessed for generating electricity for the public welfare should not be classed as private property.

LOS ANGELES HARBOR AREA GRANGE NO. 774

WHEREAS, the tremendous contribution that the coastal waters of California add to the economy of this state is not too well realized by the public, and

WHEREAS, the beaches and coastal waters of California are an irreplaceable part of our way of life, and very valuable in dollars and cents, and

WHEREAS, almost 70 per cent of the sewage and industrial wastes in California are discharged into our coastal waters, making pollution a serious and increasing hazard to our living marine resources, and

WHEREAS, there is no question that a stronger state-wide pollution control program which recognizes the importance of protecting our marine resources is absolutely essential,

THEREFORE, BE IT RESOLVED, that the California State Grange do everything possible to emphasize the importance of protecting the marine and fresh water resources of this state from the noxious effects of waste discharges.

GOOD OF THE ORDER

- 25 **Improving National Grange Song Books G. of O. 2**
 MOUNT HAMILTON GRANGE NO. 469
 (As amended)

WHEREAS: The participation of all members in the song period is an important part of the Grange Ritual, and

WHEREAS: The new song books published by the National Grange are printed in such small type that many members are unable to read them,

THEREFORE, BE IT RESOLVED, that the California State Grange requests that attention be paid to printing the notes and words in the song books in larger type when a new edition is printed.

-
- 29 **Increased Membership for Interim Fishing G. of O. 6**
 Committee to Include Recreational and Marine Problems
 NEWPORT HARBOR GRANGE NO. 776

WHEREAS: There was established by vote of the California State Grange at its 1955 Session a State Grange Committee on Fishing, and

WHEREAS: This Committee has been selected from Bodega Bay Grange, Los Angeles Harbor Grange, Newport Harbor Grange, and San Diego Harbor Grange, with 5 members selected to act thereon, and

WHEREAS: This Committee is an interim Committee of the California State Grange, and functions throughout the months between annual sessions of the State Grange in behalf of all matters relating to fishing problems presented by the Subordinate Granges, and

WHEREAS: During the Legislative Session in 1957 in Sacramento this Committee, directed and under the guid-

ance of the State Grange Master and his public relations officer, made its initial appearance in efforts to support or oppose legislation affecting particularly the people of California who make their living at commercial fishing, supplying the markets with seafood of various types, and

WHEREAS: Contacts made during the past term indicate that much constructive work and co-operation could be maintained with recreational fishing interests throughout the State, and possibly result in better relationship between State Fishery Departments and the public involved, both commercial and recreational fishing, and

WHEREAS: This Committee has, up to this time, been concerned primarily with commercial problems but in view of the need of greater co-operation with other interests, it would seem to be for the best interests of the Grange membership to have this Committee increased to 7 members, the additional two members being selected as representative of recreational fishery interests, and

WHEREAS: Fishery problems exist throughout the entire State of California,

THEREFORE, BE IT RESOLVED, the California State Grange approve the increase of this Committee to 7 members, adding 1 additional member from the Northern part of the State and 1 from the South, specifically for the purpose of bringing recreational fishing and marine problems under its study and recommend to the State Grange office legislation in which that office should participate.

30 **Retaining the Agricultural and Urban G. of O. 7
 Segments of Grange Membership**

ORANGE COUNTY POMONA GRANGE NO. 36

WHEREAS: Believing firmly that membership in the Grange provides basic fundamental needs and outlets for a well-rounded family organization, and

WHEREAS: The original benefits of the Grange programs were of special interest and appeal to agricultural people, and

WHEREAS: The rapid transition from agricultural areas to suburban, with modern trends and problems, requires a modernized appeal and incentive for potential membership, both to increase the organization and also provide a new

and aggressive program to retain the interest of present members,

THEREFORE, BE IT RESOLVED, that the California State Grange and the National Grange become fully alerted to these rapid changes in trends and methods, and initiate and sponsor organizational, educational, social, and legislative programs sufficiently flexible to be adapted to the interests and appeal of both the agricultural and urban segments of its membership.

55 Home Economics Club Mileage G. of O. 10
SACRAMENTO GRANGE NO. 12

Be it resolved, That Sacramento Grange No. 12 requests the California State Grange to allow 3 cents per mile (one way) to all Subordinate Home Economics Chairmen attending the California State Grange Convention, who have sent in regular reports to their Pomona HEC Chairman and have attended their County HEC meetings.

LEGISLATION

34 Commercial Fishing Industry Legis. 2
BODEGA BAY GRANGE NO. 777
(As amended)

WHEREAS: The fishing industry is a substantial section of the economy of California providing in millions of dollars new extractive wealth and providing employment for industries such as ship repair yards, grocers, fuel companies, engine manufacturers, insurance underwriters, and associate industries, and

WHEREAS: We believe that the only true fisheries law should be based on conservation, and

WHEREAS: Laws have been made in the past that in reality merely stop one segment of the fishing industry from utilizing this natural resource, to give it to another, and

WHEREAS: There may be a tendency to base these laws on political influences rather than conservation, we believe the interests of both segments of the fishing industry, can best be served by true conservation laws based on biological research,

THEREFORE, BE IT RESOLVED, that the California State Grange believing in the inherent rights of the democratic principles of free enterprise, recommends that an impartial committee be set up, composed of 2 commercial, 2 recreational, and 2 biological representatives to review and recommend non-discriminatory legislation for all segments of the fisheries, they to report in an advisory capacity to the Legislative Assembly Fish and Wildlife Committee, and any expense incurred by this Committee to be equitably borne by the interested segments.

36 Opposing Service Charges on Inactive Legis. 4
Commercial Accounts by Banking Institutions
WASCO GRANGE NO. 545

WHEREAS: It is grossly unjust and inequitable to farmers and the public in general for banking institutions to make service charges upon inactive commercial accounts, in that said service charges as imposed by the banks do not represent or reflect any services performed by the bank; and

WHEREAS: This practice can completely consume an inactive account over a period of time; and

WHEREAS: The Wasco Grange feels remedial legislation should be passed to correct and prohibit this and other unjust and unfair charges,

THEREFORE, BE IT RESOLVED, that the California State Grange go on record as opposing and condemning such practices by banking institutions.

38 Impose Restrictions on Foreign Produced Legis. 6
Shelled Walnuts
TURLOCK GRANGE NO. 573
(As amended)

WHEREAS: There are times when large quantities of extremely low quality shelled walnuts are brought into the United States from other countries, and this was a particularly vexing problem for the industry during 1955-56 marketing year; in fact, the low quality material imported from 1955 foreign crops was offered at continually declining price until as late as June 1957, and

quently is inflicting even greater hardship on the domestic industry,

THEREFORE, BE IT RESOLVED, the California State Grange assist in every possible way toward the end that the National Grange will participate in behalf of its fishing people members, who are supplying a highly nutritive and necessary food for the people of our country, in accordance with its approval in past Convention Sessions wherein it was indicated a remedial quota was approved by the National Grange, and

BE IT FURTHER RESOLVED, that the California State Grange Master, as official delegate to the National Grange Convention, does personally petition the National Grange to make official its Committee on Fishing as was voted in 1955, and which has never been accomplished, and that Committee become thoroughly familiar with the problem, the remedial legislative measures proposed, and act in behalf of the membership in proper recommendations to the National Grange for active participation in hearings, pleadings, etc., at the Federal levels.

41

Opposition of Pay Television**Legis. 9****MORGAN HILL GRANGE NO. 408**

WHEREAS: It has been proposed that there shall be set up a form of "Pay Television", and

WHEREAS: It is believed that such action would eventually result in a monopoly over important events that should be the right of the public to view if televised, and

WHEREAS: "Pay television" is already a fact by reason of the high cost already paid for television sets and the exceedingly high cost of service and parts, and

WHEREAS: There can be no assurance of anything other than mediocre programs being served the public, and

WHEREAS: The granting of closed circuit television control would result in the denial of free use of air channels to the general public without taxation, now

THEREFORE, BE IT RESOLVED, that the California State Grange go on record as strictly opposed to the granting of any type of "Pay Television" to anyone, and that this resolution be presented to the 1957 delegate body for consideration.

42

Labeling Act Revision**Legis. 10****ORANGE COUNTY POMONA GRANGE NO. 36**

WHEREAS: In 1956 Orange County Pomona Grange adopted a resolution in support of the California State Grange Committee on Fishing requesting that there be a revision of the Labeling Act whereby imported raw fish, canned in the United States and elsewhere, be identified by a proper label indicating prominently thereon the name of the exporting country—inasmuch as the public had no choice in the purchase of canned fish, particularly tuna, labels being no indication of domestic or import contents, and

WHEREAS: This resolution was further adopted by the California State Grange in October 1956, and given approval by the National Grange in November 1956 (Journal of Proceedings, page 113—"Fishery") with the proviso that this matter be referred to the National Grange Committee of Five for action, and

WHEREAS: To the best of our knowledge and belief the National Committee of Five has not been appointed, and therefore the appeal of the fishing granges has been dormant without action, and

WHEREAS: It has been satisfactorily indicated that the buying public will make a preference in favor of domestic canned tuna if given an opportunity,

THEREFORE, BE IT RESOLVED, that the California State Grange reiterate its stand before the 1957 National Grange Convention with regard to adequate and proper labeling of imported canned tuna and albacore, and that the Committee of Five render a report on their findings and recommendations within the shortest time possible.

43 Junk Mail i.e. "Occupant" or "Box Holder" Mail**Complaint and Opposition to Increase of First****Class or Equal Rated Mail****Legis. 11****NEWPORT HARBOR GRANGE NO. 776**

WHEREAS: There has been an increasing and alarming trend to flood the mails with every conceivable type of literature, referred to as "junk" mail—addressed merely to "occupant" or "Box Holders", and

60

Opposed to Pay Television**Legis. 14****MORGAN HILL GRANGE NO. 482**

WHEREAS, the U. S. government, through the department known as the Federal Communications Commission, has introduced, promulgated, and promoted the broadcasting of television programs with the reception of said programs on a non-pay or "free" basis, and

WHEREAS, various commercial interests are now bending every effort to secure a change in the regulations so that a charge may be made for the reception of various programs, which would obviously be very unfair to the listener and viewer of such programs, who has purchased his equipment on a basis of "free" reception, now

THEREFORE, BE IT RESOLVED, that the California State Grange go on record as being opposed to any plan that would compel any viewer of television programs to pay for any part of said programs and, also, that letters be sent to our Congressmen and to the Federal Communications Commission, telling them of this opposition.

62

Tuna Import Act of 1958**Legis. 16****SAN DIEGO HARBOR GRANGE NO. 775**

WHEREAS, the American producers of tuna have failed despite every possible effort in their attempt to compete with the Japanese producers of tuna on a straight-out competitive basis, and

WHEREAS, they have been hindered and harmed in every attempt they have made to aid their situation by the Executive Branch of the United States Government, while the Japanese Government has, on the other hand, stimulated, encouraged, and helped the Japanese industry with every resource available to it, and

WHEREAS, the unrestricted flow of imports of tuna from Japan have brought the domestic producers to the brink of destruction and have harmed the objectives of the United States' trade policy in respect to Japan by decreasing, rather than increasing, her dollar earnings in this country, and

WHEREAS, the problem has reached such overwhelming proportions that the months, not years, of existence for the American producer are numbered unless Governmental relief is forthcoming, and

WHEREAS, the only hope lies in the Congress of the United States and the bill which has been introduced in the Senate and House of Representatives known as the Tuna Import Act of 1958, which would limit the importation of tuna to this country in a way equitable to both the American and Japanese fishermen,

THEREFORE, BE IT RESOLVED, that the California State Grange will support the passage of that act with every resource at its command.

BE IT FURTHER RESOLVED, that copies of this resolution be sent to the National Grange.

68 Taxation by County Governments Legis. 17

NORTHERN HUMBOLDT POMONA GRANGE NO. 48

WHEREAS, taxation by county governments in its present form puts a heavy burden on the common property owner, and

WHEREAS, it is estimated by reliable sources that some 60 per cent of the people of the State of California do not share in this tax burden, and

WHEREAS, those 60 per cent are eligible to receive the benefits of this taxation, (schools, fire protection, county hospitals, welfare), and

WHEREAS, the only revenue these 60 per cent of the people pay is the gasoline tax and sales tax, which is also paid by the common property owner, and

WHEREAS, a resolution was presented to the Humboldt County Board of Supervisors by the Home Owners and Taxpayers Association, Inc., which suggested patterning a tax program after certain eastern states, which resulted in equalized and lowered taxes of the common property owners of those states, and which program consisted principally of taxing non-property owners, (renters, trailer house owners, etc.), and

WHEREAS, the Home Owners and Taxpayers Association, Inc. requested the Humboldt County Board of Supervisors, the Assemblyman, and the Senator of that district to make every effort to incorporate this form of taxation into the laws of the State of California, and

WHEREAS, the Humboldt County Board of Supervisors, the Assemblyman, and the Senator warmly received this proposal,

THEREFORE, BE IT RESOLVED, that the California State Grange go on record to support this movement in every way possible, thus aiding its own members as well as all of the overtaxed common property owners of the State of California.

47

ROADS AND HIGHWAYS

(Substitute Resolution)

R.&H, 1, 2, 9

WHEREAS, increased building of freeways and highways in California has been very detrimental to rural life, in that valuable farming lands have been divided into parts thus curtailing efficient farming operations, and

WHEREAS, many farmers have been forced to move or radically change their methods of operation at severe financial loss because of the division of their farm lands for the construction of freeways,

THEREFORE, BE IT RESOLVED, that the California State Grange oppose the present policy of the California division of highways of cutting through valuable farm lands, and to use all its facilities to assist the farmers of California in saving their farm lands from being taken over for freeway use without consideration of the agricultural productivity of these lands, and wherever possible new freeways shall follow the route of present highways.

53

**Oil Drums Along Highways for
Litter Disposal**

R.&H. 7

VALLEY CENTER GRANGE NO. 631

(As amended)

WHEREAS: The shoulders of the highways of the State of California are strewn with beer cans and litter, and

WHEREAS: The present system of fines has little effect, because of the difficulty in apprehending the offenders, and

WHEREAS: Some states, notably the State of Washington, have oil drums along the highways at convenient distances, with a sign preceding which reads, "Litter Disposal ¼ Mile", and

WHEREAS: The sign gives the motorist time to slow down and stop before the oil drum is passed by, and because of this arrangement the State of Washington has litter free highways, and

WHEREAS: The money diverted from our California Highways fund for cleaning up litter on our State highways at the present time amounts to \$750,000 annually, according to the State Highways Engineer's office,

THEREFORE, BE IT RESOLVED, that the California State Grange request the State Division of Highways to increase this program.

54 Amendment of California Vehicle Code R.&H. 8
ESCALON GRANGE NO. 447

WHEREAS: Section 142-C of the California Vehicle Code requires no licenses except for a \$10.00 fee good for five years on cotton trailers, fertilizer spreaders, and loading equipment, etc., and

WHEREAS: Grape gondolas used between vineyards and processing plants are used only seasonally and are a vehicle of the same classification,

THEREFORE, BE IT RESOLVED, that the California State Grange go on record as favoring that section 142-C of the California Vehicle Code be amended to include grape gondolas used between vineyard and processing plants.

Roads and Highways Committee Resolution

WHEREAS: Under present plans of the state highway commission 23 miles of U. S. Highway No. 40 between Emigrant Gap and Truckee will remain two-lane for the 1960 Winter Olympic games at Squaw Valley, although the rest of Highway 40 between Sacramento and the Nevada Line will be four-lanes, divided, and

WHEREAS: Thousands of motorists from all over the world will come to these famous games and will suffer the inconvenience of a two-lane highway near the site of the games, and

WHEREAS: This situation will give California untold bad publicity, and

WHEREAS: It appears it will be impossible to four-lane all of these 23 miles because of lack of time and money, but it appears that the 12-mile stretch near Hampshire Rocks could be four-laned if the California State Legislature wished it so, and

WHEREAS: 90 per cent of the cost of this intercontinental highway in California is borne by the federal government, with California paying only 10 per cent, and there appears to be ample federal money to four-lane the 12-mile stretch near Hampshire Rocks, now

THEREFORE, BE IT RESOLVED, that the California State Grange go on record as requesting the 1958 session of the California Legislature to adopt a resolution urging the state highway commission to four-lane the 12-mile stretch of U. S. 40 near Hampshire Rocks in time for the 1960 Winter Olympic games, which will be held in February of 1960.

Opposing Freeway in Shasta County

SHASTA COUNTY POMONA

WHEREAS, the proposed freeway in Shasta County between Anderson and Redding goes through a productive farming and dairy district, and

WHEREAS, a more direct route would miss this farming region, and

WHEREAS, the right of way through this farming district would cost the State much more than the other route,

THEREFORE, BE IT RESOLVED, that the California State Grange do all in its power to have this route changed.
