## MASTER'S ANNUAL ADDRESS

### INTRODUCTION

This year the California State Grange has the honor of again entertaining the National Grange. Committees under the chairmanship of J. Blaine Quinn have made extensive preparations for not only the State Grange, but the National Grange. No effort has been spared to make both conventions pleasing and profitable. Not only the Grange members, but the Chamber of Commerce and other agencies have been very cooperative in making arrangements for the two Grange sessions.

The ample convention facilities in Long Beach will make both Grange conventions much easier to carry on their extensive work. This is the first time in the history of the Grange, as far as we know, that both the National and a State Grange convention have opened on the same day and are holding their sessions simultaneously.

Before this convention are questions of the greatest importance to the future development of California. We are now reasonably certain the movements for the protection of the home-owning farmers will largely rest upon the California State Grange. Water conservation, development of power and other resources will be before this convention for consideration and declaration. These questions are discussed in other parts of this report. It is reasonable to assume there may be differences of opinion on many of these issues, but we have confidence the delegates of this convention will follow the long established principle of the Grange in deciding questions calmly.

When the gavel falls and the 1959 State Grange Convention ends, a program will have been adopted which will be sound and constructive not only as far as water development is concerned, but also to protect the interest of the home-owning farmers of California. This responsibility rests with the delegates of our 1959 State Grange Session.

### CALIFORNIA STATE FAIR, COUNTY, AND DISTRICT FAIRS

During the 1959 Fair season, as in former years, the Granges throughout California were active in supporting County and District Fairs. Many of these Fairs would have experienced difficulty in maintaining the number of booths and exhibits needed if the Granges had not participated.

All Granges who placed booths in Fairs and otherwise supported them are to be commended for this support.

County and District Fairs have a value far beyond merely viewing the exhibits. They develop interest in the community and through this interest, people generally become more conscious not only of the value of products produced in the district, but likewise in many other community programs.

The California State Fair was one of the largest in recent years. As in former Fairs, the California State Grange maintained a Hospitality Booth during the entire Fair. Mrs. Mabel Glenn, State Home Economics Chairman, was hostess, assisted by some of our other members. This booth has always attracted wide interest.

The Juvenile exhibit during the California State Fair was one of the best so far presented. If these exhibits continue to increase it will be necessary to ask the State Fair for larger space for Juvenile displays.

The usual Grange luncheon which has become one of the largest now held during the Fair was well attended. The Fair Oaks Grange Home Economics Club served the luncheon.

For the first time, the Sacramento County Pomona Grange No. 2, Home Economics Club, conducted a food booth during the California State Fair. The booth was known as the "GRANGE CORRAL." The booth was well patronized by people who attended the Fair, and many expressions were heard regarding the food and the service. Reports indicate this was a very successful undertaking for the Sacramento County Pomona Grange, financially and otherwise.

We most sincerely hope in the years ahead the California State Grange, and Pomona Subordinate Granges throughout California will continue to support the California State Fair, County and District Fairs.

### EDUCATIONAL PROBLEMS

Due to the rapid increase in population in many areas of the State new school buildings are necessary and in some instances the cost is beyond the ability of the local taxpayers to meet this increased expense. It is apparent that in some areas people are beginning to wonder if our schools are not going a little too heavy in the expenses for administration to the detriment of other school costs.

For several years a movement has been under way for the consolidation and unification of school districts, sometimes placing a large area under one Board of Trustees. The

Grange in California has always taken the attitude the best interest of the schools lies in having those people whose children attend, be made the trustees. We believe it would be advantageous to all concerned if a thorough review be made of our school system, not only regarding the cost of administration and its effect on the interest of schools, but at the same time a review of the cost of school buildings.

For several years the California State Grange delegate body passed resolutions requesting the State Department of Education to have plans for school buildings developed and then make those plans available to districts where a new building was necessary. We can see no reason why this cannot be done. It is difficult to understand when a school building is erected in one locality and a district just a few miles away plans to build a similar structure why the taxpayers should be compelled to pay a rather high cost for architect and similar fees.

Meeting the needs of increased school facilities is one of the principle problems confronting many areas, especially rural in this State.

Education cannot wait. Children must be given the opportunity to go to school when they reach the right age. It is apparent there is a movement underway not only to consolidate and lessen the number of trustees giving them wider areas of administration, but at the same time to gradually increase the number of administration to be appointed rather than elected by the people. This movement should be given attention by all Granges in California.

### STATE GRANGE HOME ECONOMICS DEPARTMENT

During the last year the California State Grange Home Economics Department has again made an outstanding record of achievement. Mrs. Mable Glenn, State Home Economics Chairman, is nearing her 24th year in office. The State has been divided into 7 districts, each one with a district chairman. These are supported by Pomona and Subordinate Home Economics clubs. With the possible exception of legislative and economic programs, our Home Economic Department has participated in practically all Grange movements.

During the last two years our Home Economics Clubs have been responsible for a substantial number of new members for the Grange in California. When this statement was written the complete report for 1959 was not available. However, for 1958 for welfare alone, these clubs raised \$34,466.70. On projects during the year in addition to welfare,

they gave \$1,000.00 for "Meals for Millions," and \$1,671.23 to establish a fund for California Polytechnic College. This fund is to be used to assist girl students who may find it impossible to complete their college term for lack of funds. This is not a scholarship, but is to be used to assist girls who need financial aid.

The California State Grange is well aware and deeply grateful for the outstanding contribution to Grange growth and activities by our Home Economics Clubs. Mrs. Mabel Glenn, State Grange Home Economics Chairman, will report to this convention.

### HIGHWAY SAFETY

For several years the California State Grange has undertaken Highway Safety programs. Notwithstanding the construction of new highways, the removal of curves, and many improvements by highway engineers, the killings on the highways of California have not been reduced.

Highway Safety Conferences have been held, one very recently called by the Governor of California, but it seems apparent until there is more vigorous law enforcement the death rate on our highways may continue. There is no longer any doubt that speed is the principle reason for disastrous highway accidents.

Beginning January 1st, 1960, the maximum speed of motor vehicles in California will be reduced to 65 miles per hour. Under the present law of 55 miles per hour there is a provision that if the driver feels the highway is safe ahead he can increase the speed up to the point where he feels he is driving carefully. However, under the new law becoming effective January 1, 1960, the speed limit will be 65 miles per hour and there is no provision in this law to give the driver any discretion as to the safety of the highway.

No matter what may become necessary to stop reckless speeders and drunken drivers this must be done. Penalties should be increased until the inexcusable killings on the highways of California are stopped.

### GRANGE INSURANCE

During the last year the California State Grange Executive Committee after several months of careful consideration approved a contract with Occidental Life Insurance Company for a term life insurance policy for Grange members in California. This policy is now available.

Many members have expressed wonder that the policy could pay such a high amount for a premium of \$27.50 for

a family, and \$23.00 for a single person, for each six months. This is a protection and not an investment policy. It is designed to give high protection to families with children. All the policies expire at 70 years of age. As far as we have been able to learn there is no insurance policy of this type now available which gives such high protection for such a small premium.

We most respectfully suggest all Grange members in California fully investigate this policy in order to learn the advantages it offers to our membership.

The Grange Compensation Insurance policy is available to all Grange members engaged in agriculture. This requirement is in accord with state law. Compensation insurance is also available to Grangers who may desire to have this protection. It is apparent that some of our Granges are of the opinion liability insurance policies will give protection when a person is performing some service for the Grange and suffers an injury. Liability will not provide protection in such a case. This must be done through compensation insurance. The Liability Policy for Grange Halls have the following rates:

Membership up to	50	Rate	\$15.00
	51-100		20.00
	101-200		22.50
	201-300		25.00

These are based on \$5,000 injury to one person, \$10,000 injury to two or more persons in same accident, and \$5,000 property damage.

Reports received in our office indicate some Granges are paying much higher rates for liability coverage. The protection can be increased to a higher figure for a very nominal cost. We would recommend not less than \$50,000 for one person or \$100,000 for injury to two or more persons in same accident. These policies are available through all Farmer Insurance Group offices.

We most respectfully suggest that if a Grange has any service performed, they carry compensation insurance. If the labor is donated this could be arranged by setting the salary based on an average wage and then computing compensation insurance on such a basis. All rates for compensation insurance are fixed by state law.

The Grange Insurance Association of California has available fire insurance and extended coverage for all Grange members in California. We suggest if a Grange member is not insured at present time they investigate the

rates and the coverage offered by this Association before arranging for insurance.

All the insurance benefits outlined above are available only to Grange members in this State.

### CALIFORNIA HIGHWAYS

Last year, Congress made available large appropriations to build an inter-state system of highdays and secondary roads. California received \$10,000,000 for this purpose. However, the funds provided were not sufficient to complete the highway building program adopted by Congress.

During the last session of Congress, the tax on gasoline was increased one cent to provide additional funds for highway building. The State of California has also developed a plan for extensive highway building and improvement. It is apparent that much of the planning has been devoted to freeways; many of these including plans for incorporated cities. In some instances, it appears the highway department has been somewhat indifferent in regard to city planning to place these freeways on routes where they will not interfere with the orderly and desirable arrangement for freeway transportation.

If legislation is necessary, we believe it should provide that the State cannot construct a freeway through an incorporated city without the consent of the City Council, or in unincorporated areas, without the consent of the Board of Supervisors. In the last few years, in some instances, the Highway Department has insisted on routes which would destroy large areas of very fertile land, when it would be possible to move the route a few miles, and avoid this destruction. The communities affected by the freeway location should have protection against arbitrary freeway location by the State.

The construction maintenance, and location of California's highway system is of great importance to the areas through which the proposed freeway may be planned. In some instances where a community has objected to the plans submitted by the State for a freeway, especially through a city, there has always been a rumor that unless the city accepted the location of the freeway, none would be built. Such an attitude by the State Department, if it exists, is not in accord with the best interests of the people affected. A city that is rapidly increasing in population should give careful consideration to location of freeways.

## TAXATION

The increasing tax burden of all taxpayers in California has reached proportions which should certainly claim the attention of everyone interested in the affairs of Government, at all levels. The huge and still mounting National debt should give some concern to every American citizen.

It has been estimated, during the next fiscal year, the budget for the State of California will have risen considerably above two billion dollars. In addition to these Government costs, taxes at the county and municipal levels have shown substantial increase.

A number of suggestions have been made, and plans advocating reduction in Government costs, but so far, these movements have met with little or no success. It appears Government costs are moving in a cycle that seems to be difficult to stop. It is only when enough people become aroused, and earnestly undertake movements to curtail the rapid mounting debt of Government that some reductions might be brought about. Some Government officials have advocated a reduction in Government costs, but they soon find their suggestions become unpopular, and the matter is dropped. However we have been of the opinion for a long time that substantial savings could be made if there were a complete overhaul of California State Government. There is a possibility we have too many commissions, too many boards trying to perform Government services. If a careful investigation were made, it might develop California's Government could be more efficiently operated if some of these commissions were reduced, and some of the departments could get along with less expenditures.

Rapidly mounting taxes have become a problem which may well arouse the interest of every taxpayer. It is unfortunate when some organizations start movements to reduce taxes, they seem to be of the opinion the first course is to reduce welfare payments and apparently seldom look beyond that part of Government expenditures. It might be well to take a look at the higher brackets of Government. However, due to the fact that tax reductions generally affect many people, immediately a counter movement starts to prevent any revision which would mean a downward trend of taxes.

It is reasonably safe to assume as the tax burden grows, leadership will develop both with Government officials or people outside of the Government to bring about a downward revision of the costs of Government.

## STATE GRANGE CALIFORNIA PHYSICIANS SERVICE

Many times members erroneously refer to California Physicians' Service as insurance. This is not an insurance contract, it is a service program. Under the laws of California any insurance carrier that writes health protection, and hospital care, must set forth in the policy the exact amount the company will pay on any one claim. Under the California Physicians' Service program it is their responsibility to pay hospitalization and doctor expense up to the amount provided in the contract.

Many of our members have availed themselves of this service and have expressed their appreciation for the value of this program when illness came. It is the only contract of its kind that has no age limit. Many of our members who had the misfortune to require the use of this program have expressed their praise and gratitude for the financial help provided by California Physicians' Service.

We hope more of our members will avail themselves of this program. If the enrollment could be substantially increased it is reasonably certain the rates can be reduced. When this contract was signed in 1946 and operation began in 1947, a three-bed ward room generally cost approximately \$6.00 to \$8.00; this same room today is \$22.00 or over. The substantial increase in medical care and hospitalization is resulting in new discussions of some type of Government assistance in medical and hospital care. Whenever the cost for this service rises to a point where many people cannot afford hospitalization or doctor care, it is probable movements will be started for some assistance from the State or Federal Government.

The California State Grange Executive Committee has interviewed a number of insurance carriers and up to this time has not been able to find one which equals California Physicians' Service and which has no age limit. Therefore, we believe members not now enrolled should investigate the California Physicians' Service program and avail themselves of this service.

Mr. L. Paul Putnam, representative of California Physicians' Service, will report to this convention.

## COMMUNITY SERVICE

During the past year a number of our Granges in California participated in the National Grange Community Service program. It is apparent, however, considering the num-

ber of Subordinate Granges in California, the interest is not great. This is largely due to the extensive programs of community service and welfare work which is a part of the Home Economics Club work in this State.

It is apparent when the Granges within the State are extremely busy with other projects they are less apt to become interested in the National Community Service program. However, the California State Grange should continue to urge Subordinate Granges to take part in the National Grange Community Service program.

### CONDITION OF THE GRANGE

During the year just closed the Grange in California has made substantial progress in many fields, especially in participating in the development and conservation of our water and other natural resources.

At the present time the prestige of our State Grange stands at an all time high both in Sacramento and Washington, D.C.

A number of Granges dedicated new halls and have participated in many activities in the communities where they are located.

The membership of the Grange in California has stayed about even in the last year.

There are problems facing the State Grange which will be discussed during the session and upon which our Committee on Grange Law and Good of the Order will probably submit a report.

We can say with assurance that no organization with the nominal dues of the Grange has as many benefits or gives as wide service to its' membership as the Grange in California.

### GRANGE CREDIT UNIONS

In 1934, two representatives of the National Security Administration called at our office to learn if the California State Grange had any objections to organizing Grange Credit Unions in California, and if such a movement was undertaken would the State Grange support the organization of Credit Unions. This was the beginning of Grange Credit Unions in California. When first organized many members of the Grange were of the opinion a Credit Union was almost exclusively for the purpose of making loans. In more recent years, however, it is now reasonably well known that in addition to making loans Credit Unions have available a very satisfactory savings plan.

In recent years Grange Credit Unions have also arranged financing purchases made by Grange members. Some of our members have reported to this office that they have saved very substantial funds by financing the purchase of an automobile through the Grange Credit Union.

We urge all members of the Grange to investigate the many services available through our Credit Unions. We feel confident the time will come when all of our Grange Credit Unions will be able to make available all the credit needs of our Grange members.

Charles O. Busick, Jr., Chairman of the Grange Credit Union Committee, will report to this convention.

### **CALIFORNIA GRANGE NEWS**

The California Grange News has continued to expand and is now in the strongest financial condition in the history of the paper. At the present time the California Grange News is supported entirely by advertising revenue. It has become one of the most widely known rural publications in California.

Under the able management of Craig B. Hazlewood, Jr., managing editor, the paper has had a very successful year.

When the California Grange News was established in 1932 it was the intent to make it the means by which Grange members throughout California could be informed on activities of the State Grange, and through the news columns, the activities of Pomona and Subordinate Granges.

It is apparent the California Grange News is of great value to our membership.

Craig Hazlewood, Jr., managing editor, will give a report later to this convention.

### **STATE GRANGE YOUTH PROGRAMS**

Every member may have pardonable pride in the growth and importance of our State Grange Youth program. Under the able leadership of Dr. Carle Fiedler, State Grange Youth Chairman, and with the important assistance of Mrs. Fiedler, the Youth program has made wide progress in California during the past year.

The attendance at the Spring Conference at California Polytechnic College in San Luis Obispo was the largest in the history of the Grange Youth movement. The Mid-Summer Conference held at Humboldt State College in Arcata was more than double of one year ago.

These young people are not only interested in the Grange, but during their discussions while in conference, it is apparent they have a keen appreciation and insight in public affairs that are now of importance to the community, County, State, and Nation.

We most respectfully urge all Pomona and Subordinate Granges in California to ask more young people to become members of the Grange. Not only will it be of value to the Grange, but of far greater value to the young people who will have the opportunity to participate in this movement.

We are pleased to welcome them to this convention and extend the usual invitation to the youth who would like to attend committee meetings at this convention to come in. It is apparent California has one of the strongest and most active Youth movements in the United States. It is worthy of every Grange member's support.

## FARM PROGRAM

### The Survival of the Home-Ownning Farmers

During the last few years many public statements have been made; namely, the home-owning farmers of this Nation could not survive; and the future of California and American agriculture lay almost wholly with large operations. There is no doubt if the present so-called farm program continues it will eventually crush the home-owning farmers. The production of cotton is a fair example of how the present program eventually destroys home-owning farmers. Producers overplant their acreage allotment and then sell this surplus at a profit even after paying the penalty. Two years ago the California State Grange adopted a resolution that penalties should be increased to 100% of the overplanted acreage. When this disregarded acreage allotment occurs, this reduces the acreage for the home-owning farmer to the point where he can no longer survive.

Not only has the so-called Federal Farm Program been detrimental to the home-owning farmers but has resulted in a dangerous trend in American Agriculture. Federal Administrators have proposed farm production can be sold at the price level in the "open market." If this should occur it has been estimated farm commodities would drop even to a level lower than in 1931.

Dr. Walter W. Wilcox, of the Legislative Reference Service, Library of Congress, has stated such a free market might bring a decline in net income of 25 to 40% and this drop in prices would be concentrated on feed, grain,

and livestock, sectors of the farm economy. In his position in charge of Legislative Reference, Library of Congress, Dr. Wilcox is in a position to make a fair estimate of what might happen if the program recommended by the Department of Agriculture should be put into effect.

We wonder sometimes how much longer the people of the United States, farmers, consumers, and others alike, will tolerate the tax burden of \$7,000,000,000.00 per year to buy commodities off the market. This movement often results in the consumers being compelled to pay higher prices for commodities even after carrying the burden of this heavy tax. The last Congress utterly failed to take action which would remove this undesirable, unworkable plan. This must be done before American Agriculture suffers from the disastrous drop of prices which might follow.

The only two farm programs at the National level which are working satisfactorily are the Wool Act and the Sugar Beet Plan. The 1954 Wool Act has been satisfactory and recently by a referendum, the Wool producers of the Nation added additional powers to this law. The Wool Act operates under compensatory payments. In other words, the amount paid to producers on a post production plan comes from tariff on wool. Nearly all the other National farm programs are operated on a subsidy basis which constitutes including storage the \$7,000,000,000.00 cost. From press reports, it now seems that notwithstanding the criticisms of the Brannan Plan there is some prospect that Congress will probably, not through choice but necessity, again give consideration to this plan of post production payments. It is reasonably safe to assume it is not the intent of the present laws to pay producers high subsidies on the production of their crops. The law as it now operates is apparently increasing production and imposing a heavy tax burden on the people of the United States. Even with the compensatory system as provided in the Brannan Plan, there should be a limit on how much any one producer can receive from the Government. The payment should be on a basis to make it possible for the farmer to continue to produce, but should not include as the present law does, substantial profits.

In 1949, the California State Grange endorsed the Brannan Plan and now 10 years later there is prospect this plan will be one of those considered by Congress next year. If we are to continue to burden our people with \$7,000,000,000.00 a year in taxes it might be worthy of consideration to use these funds to reduce the costs of farm commodities to the consumers of the United States. However, at this time it is reasonably certain that unless Congress has the courage and

foresight to abolish the present and unworkable program and we continue the course advocated by the administrators in Washington, this might result in a disastrous breakdown of farm prices. We believe a modified Brannan Plan is the best answer to America's farm program.

### **Contract Farming and Vertical Integration of Agriculture**

So-called contract farming is making its insidious and dangerous invasion of American agriculture. Under such a system the American farmer would find himself wholly at the mercy of large processors, marketers, and other groups. It has been estimated if this trend is not finally stopped it might result in American farmers becoming tenants on their own land.

Contract farming along with vertical integration of agriculture will eventually result in destroying the home-owning farmer, and at the same time may become detrimental to consumers resulting in forming large combinations of handlers and processors which would result in a monopolistic control of processing and distribution of food products.

Under vertical integration it is proposed that farmers form cooperatives and retain control of the processing and marketing of their commodities as near as possible to the consumer. It has been stated in the City of Los Angeles approximately six or seven large companies control the distribution of food and in the City of Seattle there are eight. While for a time this may seem to have some advantages for the consumer eventually it may lead to a monopolistic control which would be extremely detrimental to both producers and consumers.

Time and place in this report does not permit an analysis of either of these trends, but we most urgently suggest our Committee on Agriculture present to this convention their views on the best way to combat the dangers of contract farming.

### **The California Marketing Act of 1937**

Outstanding among State laws for marketing programs is the California Marketing Act of 1937. This law was sponsored through the Legislature in 1937 by the California State Grange.

At the present time there are 29 farm commodities which have marketing orders under this act.

Under this law, producers or producers and processors jointly may agree on a program. The law provides 65% of the

producers in number, and 50 percent of the volume, or 65 percent of the volume and 50 percent of producers must vote by referendum to approve the program. This law has developed into a very effective Self-Help Program. Several other states have adopted a similar law.

### **GRANGERS BUSINESS ORGANIZATION, INC.**

During the year the contract with the Tidewater Oil Company for delivery of gasoline and other petroleum products for Grange members expired. The Board of Directors after careful consideration renewed the contract for another period of five years.

Notwithstanding these contracts with Tidewater Oil Company, the Grangers Business Organization, Inc., still owns all the plants which were in use when delivery of gasoline and other commodities were made by the Grangers Business Organization distributors.

The Grange store in Sacramento has had a very successful operation during the past year. We are confident if more of our members would acquaint themselves with the savings that can be made by purchasing petroleum and other equipment through the Grangers Business Organization the business would show a rapid increase. During the time the Grangers Business Organization has been in operation dividends far in excess of \$1,000,000 have been paid to members who avail themselves of purchases from this cooperative. We therefore most respectfully suggest our membership acquaint themselves with the equipment and supplies available through the Grange store and also the savings which can be made by purchasing petroleum products and other accessories under the contract with the Tidewater Oil Company. We are well aware that some large oil companies are constantly meeting the Grange price, but every member should keep in mind if these companies should succeed in what is apparently an effort to destroy the Grangers Business Organization, it is very probable prices on petroleum products would take a sharp upturn. We therefore suggest our membership avail themselves of the benefits made available by Grangers Business Organization.

Paige L. Harper, business manager, will report to this convention.

### **SOIL CONSERVATION**

It is disturbing to note that many areas in our State lack interest in maintaining the fertility of our soil through the program of soil conservation. Unfortunately rumors have

been circulated soil conservation is a movement to make it possible for farmers to get a greater profit from their land. This is an entirely mistaken impression. Maintaining the fertility of our soils is not only of importance today, but many years in advance. As new problems of production arise the fertility of the soil will be of inestimable value to generations yet unborn.

We are happy to state the California State Grange and The National Grange have always supported soil conservation movements. Along with soil conservation must go the development and protection of our forests. When hillsides are denuded of the protection against erosion by timber and other growths the carrying away of top soils by water is greatly increased. In some areas in the United States such erosion has almost destroyed the productivity of hillsides. This damage can be prevented by intelligent and systematic soil conservation and by a sound and constructive management of our forests.

### JUVENILE GRANGES

It is encouraging to note there has been greater interest not only in the Granges functioning during the year, but in organizing new ones. It is probable many of our Granges are not aware of the value of a Juvenile Grange to the children who may have the privilege of being members. The instructions they receive, the holding of their own meetings, and the principles which they learn have a lasting impression upon their lives.

Under the able leadership of Mrs. Emma Michalk, California State Grange Juvenile Superintendent, the Juvenile Granges in California have shown steady progress and improvement during the year.

We suggest all Subordinate Granges where there are enough children to organize a Juvenile Grange give attention to starting one of these worthwhile organizations. We believe it is advisable for Masters of Subordinate Granges to appoint a committee to investigate the possibilities of organizing a Juvenile Grange, thus making available to children of the Grange the great value they receive by belonging to a Juvenile Grange.

### CALIFORNIA'S WATER PROBLEM

The development and conservation of California's water resources is the number one problem in this State. Ever since Central Valley's Project was first developed and construction started, the California State Grange has consist-

ently, year after year, adopted resolutions providing the Central Valley's Project should be constructed as a coordinated, integrated project, administered by the Bureau of Reclamation under Federal Reclamation law.

In 1951, the California Legislature adopted legislation to take over the development of the Feather River by the State of California. This immediately resulted in the Bureau of Reclamation withdrawing from Feather River development.

The comprehensive plan for development of the Central Valley's Project included the Feather River. Since the State took over and started planning and developing this river, little or no progress has been made.

During the last several sessions, the California State Grange passed resolutions requesting the State to abandon construction of the Feather River, and ask the Federal Government to make it a part of the Central Valley's Project. This would have resulted in the power developed on the Feather River to become integrated in the Central Valley's Project system.

Problems have arisen from the proposed State construction which may prove difficult to solve. Water from the Friant and Shasta Projects is being delivered in the San Joaquin Valley \$3.50 per acre foot, canal side. The Folsom Dam just coming into service, will deliver water in that area \$2.75 to \$3.00 per acre foot. The Monticello Dam in Napa County, about the same price as Folsom; while water impounded by the Oroville Dam will, according to estimates, cost \$10.50 per acre foot, canal side. There may be some difficulties arise when farmers accepting water from the Shasta Friant Canal pay \$3.50 and farmers practically on the other side of the canal are compelled to pay \$10.50 per acre foot, canal side, for water.

It has been estimated by competent engineers, the Oroville Dam will not generate enough power to pump the water across the ridge to Southern California. It may require a figure around \$34,000,000 or \$35,000,000 annually to operate this part of the program.

However, at the last session of the Legislature, appropriations were made to continue with construction of the Feather River Project. The San Luis Reservoir on the west side of the San Joaquin Valley, according to estimates, will deliver water from the Trinity Project for \$7.50 an acre foot, while water from the Feather River which may be impounded in the same reservoir, will cost \$11.00 or \$11.50 per acre foot. This wide discrepancy in price, both in the

San Joaquin Valley and the San Luis Reservoir, is one of the difficult problems which the State Water Department and the Legislature must solve.

The development of California's water resources is becoming more complicated as the population of the State increases. While estimates have been presented, and statements made, just how much water any community of the State might need in years ahead, we are firmly of the opinion, no one, no matter how skilled, can even make a reasonable estimate as to the use of water in different areas in California. As a solution to California's water development, the Legislature, at the last session, voted to submit a bond issue to the people of California for \$1,750,000,000.00 to develop California's water resources. This will be voted upon at the 1960 General Election. The California State Grange should, before the 1960 election, make a careful analysis of this proposal, and make this known to all our Granges in California.

Acreage limitation on projects constructed by the Federal Bureau of Reclamation, must comply with the provisions in Reclamation law placing limitation on how much water any one user can receive. When this law was first passed in 1902, it was designed to prevent speculation where large tracts of land were purchased, and when water was delivered, the prices in many cases quadrupled. It was further designed to protect the smaller farm operators, and is based on the sound principal when the Government impounds water by public funds, the water should be as widely and equitably distributed as possible. Large corporate and other farm holders have consistently made efforts to repeal this law. In every instance, the Congress of the United States has defeated such an attempt. In the last strong effort, the bill to exempt Central Valleys from the acreage limitation was not even reported by the U. S. Senate Sub-Committee to the General Committee on Public Lands.

The term "160 Acres" is generally used, but California being a community property state, the acreage has increased to 320. One of the major issues which must be decided by the Legislature is whether an acreage limitation be placed in California law, and distribution of all water development by the State, be subject to an acreage limitation.

The Governor has repeatedly stated there shall be "No Undue Enrichment" by water development. We believe it

is essential, the Governor call a special session of the Legislature next year to decide these questions.

As this report is being written, we are firmly of the opinion, unless some limitation on the use of water is placed in California law, the prospect of adoption of the \$1,750,000,000 bond issue may be greatly impaired or may result in defeat of the bonds.

### IN MEMORIAM

During the last year Sister Carrie Holmes, widow of Past Master of the California State Grange Joseph Holmes, passed away. Brother Joseph Holmes was Master of the California State Grange from 1913 to 1917. During the last few years Sister Holmes was not active in Grange work. When her husband was Master of the California State Grange she was active in all Grange affairs.

During the year, many Grange homes have been saddened by the loss of loved ones. Words of sympathy or written communication though offered with the greatest sincerity, hardly ever convey the real spirit of sympathy which the California State Grange extends to those of our members where there is a vacant chair, and where the voices and steps of loved ones will not be heard again. Therefore, it is appropriate that this State Grange Convention should pause in its labors to pay respect to these worthy Brothers and Sisters.

### CONCLUSION

During the last year there apparently has been a continuous upward trend in the present inflationary period. Along with this there was a short recession. One of the greatest evils of inflation is increasing interest rates resulting from so-called "tight money."

Two or three years ago, the interest on bond issues was as low as \$1.50 to sometimes as high as 2 percent. Now, it is not unusual to find the same type of bond bring an interest as high as 3 percent, 3½ percent or in some instances as high as 4 percent. The recent issue of Government bonds bearing interest at 5 percent, is proof of this uncertain and dangerous trend. Raising interest rates is a very effective and at the same time a very dangerous weapon to overcome the present inflation. It is probable the present inflationary period may gradually diminish, but there is always a possibility in attempts to reduce this condition by increasing interest rates, might have a very serious and disastrous reaction.

Some economists are of the opinion the inflationary period will go on for many years, while others are doubtful. Some even apparently are of the opinion, if it is not controlled, it might result in a complete breakdown in the economy of the Nation. Due to safeguards, which the Government enacted during the depression years of the early 1930's the economy of the Country, especially its monetary system, is less liable to suffer a serious depression. However, all steps possible should be taken by the Government to gradually diminish this inflationary period.

During the last few years, in many places, we have found young people engaged in crime. There has, for the past several years, been serious consideration of over-coming of what we have termed "juvenile delinquency." While the California State Grange some years ago, supported labor laws which prevent young people of 16 years of age from working, without a permit, we have finally come to the conclusion that if boys, and girls too, want to work, were given employment, we believe this would do much to reduce this unfortunate trend among many of our children and youth. One of the most effective movements would be a reawakening of the responsibility of parents in training children, and making possible a good home life. We believe more juvenile laws would be less effective than home training of children.

We are living in a changing world. Countries who we long thought of as backward are coming forward. Unquestionably in the not far distant future, they will become more active in world affairs. In some of these instances, United States can do much to preserve peace by guiding these Nations along the right path.

History clearly indicates, when a Nation turns from oppression to a revolution, it always results in extreme measures in Government. No one need have fear the United States will ever turn to some other undesirable type of government administration which now dominates some other nations.

We believe the American people are too intelligent for such a course, but there is a grave danger which may give everyone concern, namely, too many of our people completely disregard the duties of citizenship, and stay home on election day. History clearly indicates when people lose interest in Government, corruption usually begins. We hope, in the years ahead, there will be renewed vigor, and renewed responsibility on the part of the citizens of the United States to go to the polls and vote on election day. When people are interested in the affairs of Government

this becomes one of the important safeguards of American Democracy.

### OVERSEER'S REPORT

Reports of State Officers were given.

To the Officers and Members of the California State Grange:

Another year rolls around and finds us basking in the sunshine and hospitality of Long Beach—everything that nature could do for our pleasure has been done.

In the background though the stern realities of the facts of life, government and general welfare of agriculture are starkly before us—let us hope the deliberations will reflect the determination of the Grange to continue with the spirit, principles, and practices that have made us great—

keep out outside influences that would destroy our independence. Make the people of America realize their stake in an independent agriculture, and the continuance of the individual dignity of the American way of farm life.

Respectfully,

J. B. Quinn, Overseer

## LECTURER'S REPORT

### WORTHY MASTER, FELLOW OFFICERS AND DELEGATES:

In looking back over the progress of this past year, I fully believe that the Lecturers of our Pomona and Subordinate Granges have improved their programs and contributed an important factor in our objective to increase attendance and build our Grange membership. They have done their work well. I am especially pleased with the overall cooperation which I have received and wish to thank you all for your gracious receptions tendered to me at the more than 125 meetings I have attended during the past year.

In January, seven of the Pomona Lecturers were awarded special pins for achieving status as Honor Lecturers in the quarterly report system. These Lecturers were: Verda Wick, Butte County; Ethel Goodlin Del Norte County; Bernice Rice, Lake County; Felix Henderson, Los Angeles County; Mabel Skinner, Mendocino County; Nettie Palmer, San Bernardino County and Ruth Kibler, Tulare County. A change has been made in this system and a newly designed certificate will be awarded to all Lecturers qualifying with all prompt reports. The design for this certificate will be selected during the Lecturer's conference this week. To date 175 Subordinate and 22 Pomona Lecturers have qualified for this award.

Early in the spring a series of eleven District Lecturer's Conferences were held in various locations throughout the state. Attending one or more of these conferences were 160 Lecturers or 40% of the state total. There were also 347 other members attending for a total attendance of 507, representing 189 Granges. Participating in the program of these conferences were State Officers, District Deputies, District Home Economic Chairmen, Pomona and Subordinate Lecturers. Although the attendance failed to reach our expectations, I believe a majority of those attending recognized the value of the lessons presented and that we can be assured that the results were favorable. I most certainly

recommend that these or similar type conferences be continued as a permanent project of the State Lecturer's program.

Included in our projects for the year were several contests: The Highway Safety Essay Contest which closed in May had eight entries and a committee of judges selected the following as winners:

1. Christine Valena, Bodega Bay Grange No. 777.
2. Alberto Novo, Sonoma Valley Grange No. 407.
3. Reginald Bannister, Del Sur Grange No. 786.

Awards of \$15, \$10 and \$5 were presented to each of these winners in appropriate ceremonies at their own Grange halls. All entries submitted received a pin from the National Grange. The awards were made possible by contributions of the Automotive Safety Foundation and National Grange. The first place entry was entered in National Grange District competition.

In the Booster Night contest 30 Granges participated. A judging committee of Masters, Lecturers and others selected the following winners in each class:

Class of less than 100 members:

1st—Pine Creek Grange No. 770, Grace Reed, Lecturer. Awarded a Blue ribbon.

2nd—Rough & Ready Grange No. 795, Clara Deardorf, Lecturer. Awarded a Red ribbon.

3rd—Muscoy Grange No. 589, Anna Hobkirk, Lecturer. Awarded a White ribbon.

Class of more than 100 members:

1st—San Luis Obispo Grange No. 639, Mildred Graff, Lecturer. Awarded a Blue ribbon.

2nd—Dos Palos Grange No. 541, Sarafino Mello, Lecturer. Awarded a Red ribbon.

3rd—Yucaipa Valley Grange No. 582, Nell R. McGee, Lecturer. Awarded a White ribbon.

The ribbon awards were presented by the National Grange. State Grange Certificates of Merit will be presented to all Granges participating during the Lecturer's conference this week. The first place winner in each class has been entered in National Grange competition.

The Talent contest will take place during the Lecturer's Program tonight and the Quartette contest will be held during the Lecturer's conference on Wednesday morning. Winners in each of these contests will represent the

State Grange in the National finals which will be held on Friday of this week.

Early in the year a chain letter exchange of programs was started and to date a number of Lecturers have participated in this project.

In the Lecturer's Library 30 books have been added to the list. A catalog list of all these books have been made available to the Subordinate Lecturers. The list now totals 232 books. There have been 135 book loans made to Lecturers from the library this year. Contributions of \$1.00 each have been received from 111 Granges and \$62.10 has been expended for books, postage and other miscellaneous items, leaving a balance of \$48.90. An accounting of this fund has been forwarded to the Executive Committee of the Grange.

1800, six and seven page bulletins have been mailed to all Granges within the state during the past four quarters.

2000 National Grange song Booklets "Let's All Sing" have been distributed to Granges who requested them.

125 Lecturer's Scrolls were presented to Lecturers at installations which I attended.

During the year more than 600 letters, requesting material, information and matters pertaining to the Lecturer's work were received and about 75% of these were answered.

I would like to express my sincere thanks to the many who sent me letters and cards of sympathy and condolences following the death of my beloved wife. These messages of comfort and cheer helped considerably to ease the burden.

And, so, with a successful year behind us, I know that we can look forward to an even greater year in 1960. The Lecturers of the Granges in California, working together, cooperatively and progressively, I assure you, will advance with increased enthusiasm, in their goal to build the Grange of the future.

This report submitted in fraternity,  
EMMETT W. IVEY, LECTURER

### STEWARD'S REPORT

#### WORTHY MASTER, OFFICERS AND MEMBERS OF THE CALIFORNIA STATE GRANGE, GREETINGS:

Once again, it is with great pleasure, that I greet and serve you, from the Steward's station at the 87th annual session of the California State Grange.

The past year has been a busy, but pleasant one. In the contacts with Granges and members throughout the State of California, I am thankful that I was able to travel from one end of the State to the other on the Sixth Degree tour.

On this tour, I met many fine Grange members. It was a thrilling and inspiring trip and I am proud that I was able to take part in the work of this great organization.

In closing I wish to thank all Granges for their invitations to their installations, hall dedications, affairs and etc.

My very best wishes to every one for a pleasant and successful convention.

Fraternally Submitted

JOHN B. FREITAS, Steward  
California State Grange

### ASSISTANT STEWARD'S REPORT

#### OFFICERS AND MEMBERS OF CALIFORNIA STATE GRANGE, GREETINGS:

Once again we are assembled for our annual convention and it is my great pleasure and privilege to serve as your assistant steward.

I could not let this opportunity pass without expressing my gratitude for the wonderful experience on our tour of the State with the State officers on the degree team.

I shall always cherish the memory of the warm recep-

tions and the co-operation of the Grangers throughout the State.

It was a real reward to me and makes me very proud to be a member of this fine organization.

Fraternally Submitted,

BILL LaCAILLE, Assistant Steward

## CHAPLAIN'S REPORT

WORTHY MASTER, OFFICERS AND MEMBERS OF THE CALIFORNIA STATE GRANGE, GREETINGS:

It is a privilege and pleasure to greet you from the Chaplains station, and to wish you a most enjoyable time, while attending the Convention of the National and State Granges here in the Southland.

We have looked forward to the time when the National Grange would meet again in California, and it is our good fortune to have Long Beach selected for that event.

This year has been unusually active for me. I have been engaged in many and varied aspects of Grange work. Welfare work has especially occupied my time, and the countless hours I have given, have been well rewarded with satisfying results. My loyal group of Grange Sisters and Brothers have made success possible, in the Sunshine Mission work in Los Angeles, and credit for our endeavor has been given to the Grange by Press and Radio. We do not seek personal recognition for our efforts, but as your Chaplain, I wish to report this phase of Grange welfare activity.

During the recent tour of the State Officers it was my privilege to dedicate a Plaque and Redwood tree in the Odd Fellows Cemetery in Santa Rosa, as a Memorial to deceased Grangers. I also assisted as Chaplain in the funeral services for Sister Virginia Alexander in Prunedale. We also observed many achievements accomplished by the efforts of men and women dedicated to the principles of FAITH, HOPE and CHARITY. May they never cease to be the foundation of this great Fraternity.

I wish to thank you for your letters and comments on the Chaplain's corner in the Grange News. I appreciate your interest and loving kindness. May we all work together in the great common bond of Christian love and service—to promote peace and harmony.

Sincerely and Fraternally,

Your Chaplain, LETA LITTLER

## ANNUAL REPORT OF THE STATE GRANGE SECRETARY

WORTHY MASTER, OFFICERS AND MEMBERS OF  
THE CALIFORNIA STATE GRANGE:

I bring Greetings from the office of Secretary.

This has been a most enjoyable and interesting year. The duties in the Secretary's Office are increasing with the age and expansion of the Grange in California, which is covering broader fields as it progresses.

The Secretaries of California have cooperated completely, making it possible for California to have a 100% report to the National Grange for the entire year.

It has been a pleasure to work with the Officers and Members of the Grange.

The following report has been duly substantiated by a certified public accountant.

### MEMBERSHIP

The June 30, 1959 report to the National Grange showed a membership of 43,719 in 347 Subordinate Granges: All Granges reporting.

Pomona Grange membership at the end of June 1959

was 12,266 with 47 Pomona Granges. Butte County Pomona Grange No. 16 reported the highest membership with 717 members. Sonoma County Pomona Grange No. 1 was second in membership with 680, followed by Santa Clara County Pomona No. 4 with 584, and San Luis Obispo County Pomona No. 27 with 525.

Juvenile membership for the quarter was reported at 803 with 36 Juvenile Granges reporting.

### GRANGE HALL DEDICATIONS

Four Grange Halls were dedicated during the 1958-1959 fiscal year by State Master George Sehlmeier, bringing in California the total number of Halls dedicated to 203. A check for \$50.00 from the California State Grange was presented to each of the following: Buckeye Grange No. 489 Shasta County; Bodega Bay Grange No. 777 Sonoma County; Klamath Valley Grange No. 712 Del Norte County; Castle Grange No. 455 Shasta County.

Two new Grange Halls have been dedicated this past month which do not count in this year's report, as it was after the close of the fiscal year; Calaveras Grange 715, Calaveras County and Orchard City No. 333, Santa Clara County.

### CERTIFICATES OF AWARD

Certificates were awarded to all Secretaries qualifying through their prompt and efficient reporting to the State Grange Office.

### NEW GRANGES

During the fiscal year ending September 30, 1959 a new Subordinate Grange was organized by District Deputy Rubie Aberti in San Luis Obispo County. Corral De Piedra Grange No. 799 was organized January 14, 1959.

District Deputy James B. Frost organized the new Pomona Grange No. 50, in Ventura County on September 9, 1959.

### REORGANIZED

District Deputy Ashley G. Rogers reorganized Westside Juvenile Grange No. 116 on January 16, 1959.

Pomona Master Gilbert O. Dalton reorganized Rose-dale Juvenile Grange No. 61 on March 2, 1959.

### HONOR GRANGES

Four Subordinate Granges were given recognition as Honor Granges during the past year. These were: Sonoma

Valley Grange No. 407, Sonoma County; Ukiah Grange No. 419, Mendocino County; Sonora Grange No. 705 Inc., Tuolumne County; Soquel Grange No. 789, Santa Cruz County.

Whitesboro Juvenile Grange No. 130, Mendocino County, received this honor during the past year.

### SIXTY YEAR AWARD

Silas L. Stice, Two Rock Grange No. 152, Sonoma County, and Lucy Stetson, Bennett Valley No. 16, Sonoma County, were presented with the Award for sixty years of continuous membership.

### GOLDEN SHEAF CERTIFICATES

Golden Sheaf Certificates were awarded to the following five patrons for fifty years of continuous membership: Peter J. Shields, Sacramento Grange No. 12, Sacramento County; Walter Drake, Antelope Grange No. 161, Sacramento County; Cornelius F. Van Maren, Antelope Grange No. 161, Sacramento County; Gertrude G. **GATEKEEPER'S REPORT**

WORTHY STATE MASTER, STATE OFFICERS,  
BROTHERS AND SISTERS OF THE GRANGE.

Greetings from the Station of Gatekeeper.

Without a doubt this 87th Annual Convention will mark a very impressive experience to those that are attending for the first time and also to those that have been here before.

The California State Grange is very fortunate to have the National Grange meet here in Long Beach at the same time. Without a doubt this delegate body will show the National Grange the seriousness of there purpose here this week by enacting the proper legislation to carry on the high traditions of this Order.

The past year you may have witnessed the State Officers conferring the 6th degree at the various Grange Halls throughout the State, the experience I have derived from that can not be placed in words. The warm greetings and meeting of old acquaintances was most gratfying and to witness the Officers giving there charges was outstanding.

In closing I wish to thank the various Granges for the invitations I have received during the year and may you all have a very enjoyable and successful week and that when you return to your homes you will feel the peace of mind and the confidence of a job well done.

Thanks for giving me the privilege and honor to serve as your Gatekeeper.

Fraternally submitted,  
WM. J. DAVIS, Gatekeeper  
California State Grange

## CERES REPORT

WORTHY MASTER, OFFICERS, MEMBERS OF THE CALIFORNIA STATE GRANGE, DELEGATES, AND FELLOW PATRONS:

From the office of Ceres, greetings. It is an honor and pleasure to serve as Ceres of the California State Grange and to meet the friendly Patrons attending this 87th Annual Convention here at Long Beach. It brings back memories of the 84th Annual Session held here and the hospitality shown us at that time. My heartfelt thanks to all.

I regret that I could not make the entire tour with my fellow State Officers conferring the 6th degree and so meet more of you wonderful Patrons personally. We are happy to again have the opportunity to see the 7th degree conferred by the National Grange now in session.

Fraternally submitted,  
MARJORIE MILLS, Ceres  
California State Grange

## POMONA REPORT

WORTHY MASTER, OFFICERS AND MEMBERS,

Greetings from the office of Pomona.

A very busy year has passed since our last convention at Santa Cruz. It has been my privilege to be the guest at many of your Grange affairs during the past year. I would have liked to have accepted many more but time and distance prevented.

Since this is the year we are host to the National Grange it was my great privilege and pleasure to go on the tour of the State to confer the 6th Degree. I was able to travel the entire distance. It was an opportunity not often given to a State Officer to be able to meet so many wonderful Grangers in their own areas. So many small courtesies were extended to each of us. It was also a pleasure to become so much better acquainted with my fellow State Officers. This was something we never could have done just meeting once a year at convention. The memory of jokes and funny things that happened along the way will be cherished always. The attendance at a Grange funeral and the cemetery will be among my memories. The pleasure of being a house guest and a passenger in someone's car as well as dedication of a tree to the memory of Grangers at another

the many dinners prepared for our pleasure deserve a big "Thank you."

The nightly conferring of the 6th Degree was always interesting. Each time we heard the work more meaning was gained from the ritualistic words.

The weather was good to us and the scenery was beautiful everywhere. I for one never tired of the wonderful "Feast" of fruit, especially the grapes. There was always an abundance of other good food as well.

I do wish for everyone a most successful 87th State Grange session at Long Beach.

Fraternally,  
GLADYS TRUE, Pomona  
California State Grange

## FLORA REPORT

WORTHY MASTER, OFFICERS AND MEMBERS, GREETINGS to one and all.

Another year has swiftly flown by. I would like to thank all who have extended to me that wonderful hand of friendship.

I enjoyed meeting so many Brothers and Sister's throughout the State on the recent trip of the State Officers.

I wish to thank all who helped with the beautiful decorations. Each was different, but each outstanding in its own right. For the beautiful roses which were used in the 6th Degree to who so ever furnished them.

I remain wishing all a wonderful Convention and much success.

Fraternally,  
EFFIE SPENCER, Flora

## LADY ASSISTANT STEWARD'S REPORT

WORTHY MASTER, OFFICERS, DELEGATES, BROTHERS AND SISTERS OF THE STATE GRANGE, GREETINGS:

These past two years as your Lady Assistant Steward have been among the happiest years of my life, and I want to thank the hundreds of our wonderful members for their kind words, and I wish I might have had the pleasure of ac-

cepting all of the many invitations to your Grange Affairs. My only regret has been that I was unable to attend but a small part of the State Officers tour.

For myself, and for many of you who are looking forward to the experience of witnessing a National Convention, and receiving the 7th Degree—

The happiest time ever.

Fraternally,  
MARGARET SARACCO,  
Lady Assistant Steward  
California State Grange

### PIANIST'S REPORT

TO THE OFFICERS AND MEMBERS OF THE CALIFORNIA STATE GRANGE, GREETINGS:

Not being much of a speaker, all I can say is, that I enjoy being your Pianist.

I might not be the best in the West, but I'm noisy. My fingers do my talking for me.

I wish to thank Sister Quinn for taking my place on the State Officers Tour while conferring the Sixth Degree, and for marching the State Officers into the Auditorium this morning.

I am sorry I couldn't go on the tour this year.

If, at anytime, during this convention I start playing to fill in, don't hesitate to sing or dance. I enjoy seeing you have a good time, call out your favorite song and I will see what I can do with it.

Let's have another enjoyable convention.

Fraternally submitted,  
BILL CAMPBELL, Pianist

## **MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE MEETING, FEBRUARY 5, 1959**

The California State Grange Executive Committee was called to order by State Master George Sehlmeier. Brother Piper and Brother Raines were present. Brother Mensinger was detained, but arrived before lunch.

State Master Sehlmeier informed the Committee the National Grange's wishes to circulate the National Grange Monthly to the four western states, namely: Washington, Oregon, Idaho and lastly California. The state masters of these above mentioned states are planning a conference to be held in Oregon, February 13. The State Master requested approval to attend the meeting in Oregon. He further stated Editor Hazlewood would accompany him. However, his expenses would be paid by the Grange News. Editor Hazlewood will discuss the Grange Farm Group program later.

Editor Hazlewood asked if the Grange News should continue with the Audit Bureau circulation inasmuch as it costs

the News \$800.00 per year. Brother Raines moved if the Audit Bureau of Circulation is of no value to us that we temporarily discontinue it. Brother Piper seconded the motion. Motion carried.

Editor Hazlewood inquired of the Committee whether or not they would grant small raises to employees of the Grange News, namely: Ellen Walrath, present salary of \$260 month and Marilyn Davis, present salary, \$270 per month. Moved by Brother Raines, seconded by Brother Mensinger the salary of Ellen Walrath and Marilyn Davis of the California Grange News be increased \$10.00 per month. Motion carried.

State Master Sehlmeier invited Dr. Fiedler to appear and report before the Committee to orient the members regarding the Cal Poly Grange. Dr. Fiedler disclosed the Grange on the Cal Poly Campus being a fraternal organization puts the College in a peculiar spot inasmuch as there are several Greek Fraternities trying to break into the campus. He added, the Grange has not operated successfully for the last three or four years. That they have had as many as five masters elected and installed in five consecutive meetings. If the Grange operated as a committee, nonmembers could set in on the meetings if they were invited. Dr. Fiedler advised the Dean of Activities, Dan Lawson; Dean of Students Chandler, the Dean of Arts and Sciences, and the Dean of Agriculture could make it go, and will make it go if it is organized along the line of a club or a committee operating the same as other organizations on the campus. The chief project the Easter Conference would be their main activity. The By-laws are written by the College. All the organizations on the campus must follow the By-laws, which must be approved by the President of the College. Brother Raines suggested they have the Grange membership somewhere else in San Luis Obispo County, and have a Grange Club in Cal Poly. Students could retain their membership in their home Granges and register as members at Cal Poly. The Committee or Club would be open to invitation only. This group will be the liaison between the Grange and the College. Registration for the Easter Conference will be on the 23rd of March. Dates of the conference, 22, 23, 24, 25, and morning of the 26th. Brother Harper Hazlewood, MacBride, and Sister Glenn will open the conference on the 23rd, and the degree on the 25th. Headquarters employees are invited to the Sunday evening reception held at the San Luis Obispo Recreation Center.

J. C. Raines reminded the Committee the members who

paid their dues in advance should be given proper credit, etc.

State Master Sehlmeier informed the Committee he had previously attended a meeting at Cal Poly and noticed the Grange lacked leadership. State Master Sehlmeier advised Dr. Fiedler to go ahead that he would be down on the 23rd to the Easter Conference and arrange some officers meetings.

Dr. Fiedler stated that if this system is adopted, we could go ahead with the organization of the Humboldt State College Grange Youth on the same lines.

Moved by Brother Raines, seconded by Brother Piper, the Master of the California State Grange be authorized to proceed with the organization of a club on the Cal Poly Campus in accordance with the Chairman Dr. Fiedler. Motion carried.

Dr. Fiedler reported Richard Viau, winner of the calf last year neglected to make a report to Ed Albow. He stated contact was made with Deputy Deaver regarding the foregoing without success. Dr. Fiedler was instructed to again contact Deputy Deaver to remind Richard Viau to submit the report to the Grange Youth Chairman.

It was moved by Brother Mensinger, seconded by Brother Piper the State Grange office be authorized to have a new intake for electrical power on the best terms available. Motion carried.

Moved by J. C. Raines, seconded by Merle Mensinger, the California State Grange approve the life insurance plan of the Occidental Life Insurance Company as set forth in Plan II with the provision the California State Grange receive five per cent administration fees for handling the California State Grange part of the plan. Motion carried.

In regard to the Parkfield Grange property, it was moved by Brother Mensinger, seconded by Brother Raines the Master of the State Grange confer with the Grange attorney to learn the necessary procedure to transfer the former Hames Valley Grange hall to trustees of the Hames Valley Club, and the lot formerly owned by Parkfield Grange property be transferred to Estrella Grange. Motion carried.

Brother Dopkins, Treasurer of the California State Grange and Clara Williamson, Secretary of the California State Grange appeared before the Committee and gave a complete review of Grange finances.

Request for advertising space by Grange Mutual Life Insurance and their activity in California was discussed by the Committee, but no action was taken.

Request by Charles Busick Jr., for payment of attorney fees for 1959 was rejected. The Committee is of the opinion the attorney was not retained for 1959.

Extension rules of National Grange discussed.

Plans for both the National and State Grange Convention were discussed by the Committee.

The Committee approved the request for \$7.00 payment for continuation of the "Farm Business Service" supplied by the National Grange.

Brother Emmett W. Ivey, Lecturer, of the California State Grange met with the Committee and outlined his program for the coming year. The Committee approved, with some minor changes, his suggestions.

Affairs of the State Grange office were discussed by the Committee. Especially regarding the employment of additional help since Mrs. Leiren moved out of state. The Committee approved hiring a part-time employee to take care of the additional work.

After some discussion, it was moved by Brother Mensinger, seconded by Brother Piper, the salary of Sister Bruegger be increased from \$300.00 to \$325.00 per month, and the State Secretary from \$275.00 to \$300.00, effective March 1, 1959.

There being no further business the meeting was adjourned.

## **MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE, APRIL 24, 1959**

On April 24, 1959, the California State Grange Executive Committee held a short session following the meeting of the Grangers Business Organization. All members of the Committee were present. State Master George Sehlmeier presiding.

The Committee discussed arrangements for the National and State Grange Convention, as the two conventions will

be run concurrently. It was moved and seconded the Wilton Hotel, Long Beach be made State Grange Headquarters. Discussed the matter of committee rooms for Thursday, November 12th, and the contract for rental of the Convention Hall at Long Beach. The State Master will see Overseer Quinn, Monday, May 27 in Los Angeles regarding arrangements for committee rooms, etc.

It was moved by Brother Mensinger and seconded by Brother Piper, the California State Grange submit their usual program to the National Grange that the State Grange carry on their usual procedure without change. Motion carried.

The State Master and the Committee members discussed the Grange Mutual Insurance regarding their entering the State of California. Attorney Olson, Grange Attorney was called for consultation regarding the above. Moved by Brother Piper, seconded by Brother Mensinger, the California State Grange institute injunction proceedings against the Grange Mutual Life Company, Nampa, Idaho, against the entering or operating in California, and the use of the Grange name in the State. Motion carried.

The committee gave permission Assemblyman Lunardi, Assemblyman, 6th District be given names and addresses of the Grange officers and offices in his district, including Nevada, Placer, El Dorado, Amador, Alpine, Calaveras, Tuolumne, Mono Inyo, and Mariposa counties. The list will be compiled, typed and mailed to Assemblyman Lunardi in the near future.

The electrical construction for the State Grange was discussed and the State Master took committee on tour inasmuch as the matter was passed at a former meeting.

The Grange State Fair luncheon was discussed in order to inform the chairman of the Special Events Committee of the California State Fair and Exposition who to contact for luncheon plans September 9. Moved by Brother Raines, seconded by Brother Piper, the 1959 Grange luncheon at the State Fair be awarded to the Fair Oaks Grange. Motion carried.

The conferring of the Sixth Degree over the State of California was carried over to the next meeting.

The Committee adjourned at 5:00 P.M.

## **MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE MEETING, JULY 23, 1959**

The meeting was called to order at 10:00 A.M., by State Master George Sehlmeier, chairman. All members of the Committee were present.

Editor Craig Hazlewood appeared before the Committee and presented a plan for a concentrated State-wide sales campaign, requiring extra editorial assistance at times. The plan was approved.

Mr. Heaton, representative of the Greyhound Bus Lines, appeared before the Committee to discuss a State-wide plan for chartering busses for members attending the State and National Convention at Long Beach in November. State Master Sehlmeier suggested State Headquarters set up a system of organization for the Granges with funds coming in to Headquarters, and coordinate with Mr. Heaton who will set up the program for the busses. The baggage limit is 150 lbs. per person. It was moved by Brother Piper, seconded by Brother Mensinger the California State Grange approve the plan. Motion carried.

The Grange Day luncheon menu was presented for approval. (It consisted of tossed salad with piece of tomato on top, snowflake (mashed potatoes), generous portion of baked ham, green beans, roll, butter, coffee, ice cream, and home-made cookies. Robinhood Caterers charge 79c including tax.)

A motion made by Brother Mensinger, seconded by Brother Piper the menu be approved with one exception the tossed salad be changed to a jello salad, providing the price will not be changed. Motion carried. The tickets will not be distributed; they will be sold at the luncheon on Grange Day, September 9.

The Committee discussed the trophy for the Grange handicap race. It was moved by Brother Raines, seconded by Brother Mensinger the California State Grange purchase the trophy for the fourth race.

Sister Mary Wendt appeared before the Committee to report on the California State Grange Insurance Plan. She advised 101 applications have been approved. Approximately two-thirds of the checks for the remaining six months have been paid. The question of separate policies for man and wife was discussed. Brother Raines referred to the insurance manual and read the pertinent law to the Committee, which states the husband will apply for the family plan. A separate policy for the wife is not permissible. Sister Wendt informed the committee a large table and four drawer file

was purchased for approximately \$51.00. Mrs. Heinrich, working in the insurance department, will need a container for checks and a 3x5 file for insurance cards. She also requested permission to purchase other necessary articles. The Committee approved.

The Committee recommended more of the California Physicians' Service fund be used for promotion and increasing the enrollment.

State Secretary Clara Williamson appeared before the Committee to discuss Deputies badges for the coming State Convention. She advised they could be purchased from Fuller Regalia or Pasqualia in San Francisco. The question arose as to whether the deputies would wear sashes or badges. It was moved by Brother Raines and seconded by Brother Mensinger the State Grange obtain prices for deputies sashes, deputies badges and badges for the State officers. Sister Williamson informed the Committee she needed a typewriter, and that she desired a standard make machine. It was moved by Brother Raines, seconded by Brother Piper, Sister Williamson be authorized to investigate a trade-in, inquire into the cost of a standard typewriter and try out the typewriter to find out which make she would like. Sister Williamson also informed the Committee she needs assistance before and during the Convention. State Master Sehlmeier suggested the request for assistance be delayed until later inasmuch as there may not be many resolutions, etc., that possibly later, Sister Wendt would be able to assist with various duties. Sister Williamson also requested a fund be established for Secretaries awards, and a gift for Brother Caton. It was moved by Brother Mensinger, seconded by Brother Raines Sister Williamson receive \$25.00 for the fund.

Plans for the State Convention at Long Beach were discussed. The State Master informed the Committee \$5.00 per person would be required for each person in order to reserve a room at a motel or a hotel. However, they are quoting the same rates charged in the year 1956. The Committee retained the same rule in regard to reserving double beds for officers and their wives. If twin beds are desired, the officers will pay the difference. Mileage will be 5 cents per mile both ways for deputies; if they use a train, or bus, fares will be paid. Delegates badges were discussed. The State Master stated the color of the badges would be determined by the Chamber of Commerce. Brother Quinn will send a sample of this years, in order to avoid the same color of badges used last year. The Committee agreed to pay the bill for 55

redwood burl trays for the National Officers. Plans for the customary State dinner of the National Convention held in the ball room of Hotel Lafayette on Sunday evening, November 8, at 6:30 p.m. A motion was made by Brother Raines, seconded by Brother Piper the California State Grange give a dinner Sunday evening for all officers of the National Grange and delegates. Motion carried.

The matter of organizing a Grange in San Francisco or Los Angeles was discussed, but no action was taken by the Committee.

A plan for remodeling State Grange Headquarters building was discussed. However as Mr. Baird, their representative, was ill he was unable to submit it.

The matter of a cooler for Wisteria Hall was discussed. The Committee suggested we look at 2-horse coolers and obtain estimates.

It was determined by the Committee, touring the State to confer the Sixth Degree would start early in September, approximately September 10th. Brother Quinn will advise about the transportation. However, the plan will be to start in the northern end of the State, Humboldt and Del Norte will have to go together. Combining several counties and giving the degree twice in one day was also discussed. The treasurer and executive committee members will be excused from the tour. The Fifth Degree should be conferred before the Sixth Degree team arrives. Brother Raines will take care of the Southern California scheduling where they can go, and how many counties will incorporate. The local Granges are expected to decorate and they might have refreshments, and also check to see if the Grange halls are large enough.

State Master Sehlmeier informed the Committee Attorneys at Law Muller and Woolpert for the estate of Dovie Freeman, deceased, would inform us when the bequests of a hair wreath and an organ would be delivered. "The articles will be delivered to you on the date of Decree of Distribution which will be within the next few months." The letter was dated June 10, 1959.

The Committee decided to have a check of two counties and compile a breakdown for State level in regard to the Cooperative Extension Work in Agriculture and Home Economics at the University of California, Berkeley 4, California, in order to investigate the budget of the foregoing extension service.

The Committee suggested taking the resolutions which were submitted to the State Convention at Long Beach.

The requests for rosters by Anandel Farms and Albert Mailing Lists were denied by the Committee.

The correspondence and subject matter covering the California Council on Children and Youth was deferred for discussion at a later date.

Correspondence on plans for retired Grangers, etc., was briefly discussed, but no action was taken by the Committee.

State Secretary Clara Williamson was called into the meeting to explain "postage meter" or bulk mailing. Sister Williamson explained bulk mailing runs from January of the year, that it cost \$20.00 a year, and that headquarters could save money. It was moved by Brother Mensinger and seconded by Brother Raines the California State Grange purchase a bulk-mailing permit from the post office, starting immediately. Motion carried.

The Western States Grange Leaders Conference starting Monday, August 31 to September 3 at the Hotel Owyhee, Boise, Idaho, were discussed. Action taken by the Committee consisted of the following: The Committee left it up to the State Master whether or not he and other State officers would attend the Conference.

The question arose as to whether or not the sisters and brothers serving meals at the mid-term and winter deputies conferences should have their meals paid by State Headquarters. The Committee decided the California State Grange would not pay for their meals.

The rotary lawn mower of the Grange Headquarters needed repair. However, the D & D Saw Shop submitted a bill for \$27.63. The Gardener purchased a used rotary mower in the amount of \$35.00. A motion was made by Brother Mensinger, seconded by Brother Piper, the California State Grange purchase the rotary lawn mower from the gardener, Mr. Beehler, not to exceed \$35.00. Motion carried.

Estimates for the purchase of an electric sweeper for Grange Headquarters were submitted and discussed. The Committee deferred the purchase of the sweeper.

Three settees in the Headquarters Building needed recovering. Estimates from these three merchants were submitted with samples. A motion was made by Brother Mensinger, seconded by Brother Piper, the State Grange purchase covers for the settees at the price submitted by Cal-Rich Mfg. Co., 2918 J Street, Sacramento in the amount of \$44.50.

Grange Attorney Olson appeared before the Committee. The matter of filing an injunction suit against the Grange Mutual Life Company, Nampa, Idaho, was discussed. There

were several other legal matters which were brought to the attention of the attorney.

Since there was no further business, the meeting was adjourned.

ELIZABETH J. BRUEGGER,  
Secretary to Master of  
California State Grange

## EXECUTIVE COMMITTEE MEETING

### September 25, 1959—California State Grange Office

The California State Grange Executive Committee was called to order at 9:45 A.M., Friday, September 25th, with Brother Merle Mensinger presiding due to the State Master being out of town.

All members of the Executive Committee were present.

Discussion on request the Executive Committee approve paying \$250.00 to send a youth to the Future Farmers of America Convention this year. The committee took no action for this year as they did not feel they had sufficient information about this matter or the youth selected, but directed the office to secure additional information and if they felt it merited the \$250.00 expenditure, they would consider sending youth to the 1960 Future Farmers of America Convention.

The committee suggested the State Master write a letter to all the State Officers, department heads, etc., regarding reservations at the Convention headquarters.

Moved by Brother Raines, seconded by Brother Piper, per diem and expenses be allowed to officers and deputies who are required to stay over to help the National Grange with the Seventh Degree. Motion carried.

A request by Sister Effie Spencer, State Flora, requesting two double beds at Convention as she is taking two ladies with her who will assist her with the drill. Moved by Brother Piper, seconded by Brother Raines that Sister Spencer be allowed one room with two double beds. Motion carried.

Moved by Brother Raines, seconded by Brother Piper, Sister Emma Michalk, State Juvenile Supt., be granted her request for \$60.00 prize money for exhibits at convention. An additional \$15.00 also granted for two year supply of ribbons for the exhibits. Motion carried.

Request from Sister Rose Bateman to collect mileage to

the 1958 Santa Cruz convention as Pomona H.E.C. for 150 miles. The committee felt it was too late a date to make request for 1958 convention expense.

The office was authorized to purchase Touchmaster II 13" Pica Typewriter, and keep the old typewriter, as the trade-in would not warrant giving it up. 10% cash discount to be requested off total cost of typewriter.

The committee approved purchase of badges for the National Grange.

The committee approved purchase of District Deputy badges, with the silk fringe. Suggested we try to secure a smaller badge, one not quite as long as the present badges.

The committee approved purchase of State Officer's badges, with yellow fringe.

Regarding request by Sister Mary R. Barrett to show travelogue, 26 minutes of film, at our 1959 session. The Executive Committee decided there is no room on our agenda to permit showing travelogue.

No action was taken on request received from department of Agriculture and Home Economics, State of California, asking use of our 1959 roster.

Mr. Phanner, public accountant for California Grange News appeared before the committee and discussed profit and loss statement.

Letter was read from the Grange Insurance Association, regarding income tax appeal case now pending with the Department of Internal Revenue. The Executive Committee will request officials of Grange Insurance Association to meet with our Executive Committee in the near future.

Meeting adjourned 4:45 p.m.

Respectfully submitted,  
MARY R. WENDT

### **NOTES TAKEN AT THE EXECUTIVE COMMITTEE MEETING, OCTOBER 17, 1959**

The meeting was called to order at 10:30 A.M., by State Master Sehlmeier chairman. Brothers Lloyd V. Piper and Merle Mensinger were present. Brother J. C. Raines was absent.

The following executive committee members of the Grange Insurance Association of California were present: H. K. Shirk, G. A. Critchett, Paul Stewart.

The joint meeting was called due to questions arising from income taxes in which the Grange Insurance Associa-

tion used the name of the California State Grange. A change in the By-laws of the Grange Insurance Association (copy attached).

The State and National Grange Convention programs were discussed. Dr. Carle Fiedler submitted the second draft. The programs are to be submitted to Long Beach Convention Bureau for printing Monday, October 19.

State Master Sehlmeier reported on Grange finances prior to coming National and State Convention.

Expense accounts resulting from the Sixth Degree tour by State Officers were discussed.

The menu for the banquet for National Grange delegates and officers and State Grange officers held Sunday, November 8 at 6:30 P.M., Lafayette Hotel was approved by the members.

The dinner on Sunday, November 15th held at the La-Habra Grange Hall in Orange County for the National Grange officers, delegates and visitors and transportation by bus was also approved by the Committee members.

Dr. Fiedler, Grange Youth Chairman, appeared before the Committee to discuss the youth program. Dr. Fiedler will check with the Grange youth to find out if they will be able to confer the Fifth Degree Friday afternoon.

The Committee agreed that the youth chairmen's names should be printed in the roster.

Dr. Fiedler reported on the calf that was awarded at last year's convention to Richard Viau. The Committee members agreed that Dr. Fiedler take care of the matter.

Brother Piper inquired about the "Per Diem Forms" that were discussed at the last Executive Committee meeting. The Committee approved purchasing different colored vouchers and instructed the State Secretary Clara Williamson to purchase the vouchers.

The question was raised as to how many copies of resolutions should be run this year, the Committee suggested 650 copies. The number of copies of the Master's speech was also discussed, and the Committee thought the number of copies should be increased accordingly.

The new Speed-O-Print Photo-Copy Machine letter was found in the folder and the price was submitted to the Committee of \$247.26 and \$222.26 respectively. The Committee members agreed to purchase the machine with the State Master's approval. State Master Sehlmeier had an appointment to dedicate Orchard City Grange Hall at 6:30 p.m., and left before the Speed-O-Print Photo-Copy Machine could

be discussed with him. Sister Bruegger, Secretary to the State Master carried on with the meeting after 2:30 p.m.

The resolution regarding the State Grange flower from Santa Clara County Pomona Grange was presented to the Committee. This same resolution was presented to the committee last year without action at that time. However the Committee agreed they would choose a flower, possibly the rose.

With the agenda covered, the meeting was closed at 5:45 p.m.

ELIABETH J. BRUEGGER,  
Secretary to George Sehlmeier, Master  
California State Grange

## **MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE—WILTON HOTEL**

### **LONG BEACH, CALIFORNIA—NOVEMBER 8, 1959**

The meeting of the Committee was opened by State Master George Sehlmeier, chairman. Brothers Piper, Mensinger and Raines were present.

A motion was made by Brother Mensinger, seconded by Brother Raines, Dr. Carle Fiedler, Youth Chairman, be allowed \$350.00 youth expenses. Dr. Fiedler to report how the money was used. Motion carried.

The organ bequeathed by Sister Dovie Freeman (deceased) was discussed. The State Master informed the Committee the State Grange has been receiving bills and paying storage to Paso Robles Van and Storage in the amount of \$15.00 for the months of April, May, June, July and September. Recently another bill in the amount of \$2.50 was received for the month of October. A motion was made by Brother Mensinger, seconded by Brother Piper the State Grange take all necessary steps the organ be released from storage. Motion carried.

A bill was presented by the Valley Oaks Grange Home Economics Club for refreshments served when conferring the Sixth Degree. A motion was made by Brother Raines, seconded by Brother Mensinger the bill in the amount of \$29.18 be paid. Motion carried.

Letters requesting names and addresses of masters and secretaries of Granges were received from the following:

a. Select Market Planning, Library Division, 175 Fifth Avenue, New York 10, New York. The members of the Com-

mittee suggested a letter be written to Select Market Planning asking the question "What is your market plan?"

b. Mr. James D. Stokes, Regional Manager, Region 1, Department of Fish and Game, P.O. Box 1687, Redding, California, requested a list of Granges and their current officers for the area covered by Region 1 comprising of eight northern counties of California, namely: Tehama, Trinity, Humboldt Del Norte, Siskiyou, Modoc, Lassen and Shasta. The Committee members agreed the list requested should be mailed.

c. J. T. Elings, Farm Advisor, Cooperative Extension Work and Agriculture and Home Economics, State of California, Room 310 Old Post Office Building, Seventh and E Streets, Sacramento, California requested the names and mailing addresses of Subordinate and Pomona Grange masters in Sacramento county. No action was taken by the Committee.

State Master Sehlmeier distributed the Certified Public Accountant's report on the treasurer and secretary's books to the Executive Committee members.

Sonora Grange No. 705 desires to borrow \$10,000.00 from the Stanislaus Grangers Credit Union to complete their Grange Hall. A motion was made by Brother Mensinger, seconded by Brother Piper, the Executive Committee approve the letter in lieu of a resolution sent in by the Sonora Grange on a \$10,000.00 loan from the Stanislaus Grangers Credit Union. Motion carried.

State Master Sehlmeier informed the Committee every year a letter is written to the California Inspection Rating Bureau for renewal of a 1959 Group Workmen's Compensation Policy stating the State Grange will guarantee the payment of premiums for members engaged in agriculture. A motion was made by Brother Piper and seconded by Brother Mensinger the State Grange send this letter to the Bureau guaranteeing the payment of premiums of Grange members who are insured under this policy. Motion carried.

Liability insurance was discussed inasmuch as some Granges were overcharged. Santa Clara County Pomona Grange was cited as an example. State Master Sehlmeier quoted a current list of rates issued by the Truck Exchange as follows: 50—\$15.00; 51-100—\$20.00; 101-200—\$22.50; 201-300—\$25.00. or 5-10 and 5 which is too low; however the increase is very nominal. These rates include a medical policy.

Brother J. B. Quinn appeared before the Committee and was presented with a letter from Brother Gill, Monta-

villa Station, Portland 16, Oregon, regarding a possible change in his reservation.

There being no further business, the meeting was adjourned at 12:15 p.m. Respectfully submitted,

ELIZABETH J. BRUEGGER  
Secretary to George Sehlmeier, Master  
California State Grange

## DEPUTY REPORT

### AMADOR COUNTY

Greetings:

Ione Grange and Shenandoah-Willow Springs Granges of Amador County are holding good meetings and are in a good financial condition.

New members have been added to the membership of both Granges.

The El Dorado-Amador Pomona Grange has been active with monthly meetings with Subordinate Granges.

Fraternally yours,  
JOSIAH H. SAUNDERS,  
District Deputy

## BUTTE COUNTY

### Worthy Master, Officers and Members of the California State Grange

We of Butte County extend greetings to all and invite you to stop in and see us when you come our way.

The membership of our district is at an all time high and while some are making a rapid gain all are striving to maintain a steady quota or show a gain. For the quarter just ended ten showed a gain, one even and one had a one member loss.

Once more nine of our Granges entered the Community Service contest and I feel that this created a lot of interest in the district and influenced to some degree the gain in membership. Many of the projects were of much value to their respective communities. I have worked on some of these projects and the cooperation and friendliness of the members working to help others proves again the value of the Grange to the community. Most of the Granges got their fiscal report in on time.

We continue to help and encourage the Youth Groups we have to take part in the Grange work and some of them continue to hold office and do very good work. We also use them in degree work and installations where possible.

Most of our Granges have had the degree work conferred by visiting teams or by their own degree team, at least once and some twice or more. This is a hard point to put over as many are inclined to want to obligate.

I have visited all Granges during the year and have had many opportunities to help out, advise and instruct members and officers and to serve on the degree teams for all five degrees.

Pomona has made an extra fast growth which is partly due to the Butte Pomona Grange Benefit Association as the members of this group must belong to Pomona first. Many legislative matters have come before our Pomona Grange and been acted upon.

Our Pomona Master has been doing a fine job as Master and deserves a lot of credit. We meet at a different Grange

each month. Pomona has over 700 members and the G.B.A. has about 420 members and must close its membership at 496.

The Butte Grange Federal Credit Union is still growing steadily and has close to \$160,000 which is nearly all loaned out at present.

It was our pleasure to have the sixth degree at Durham Grange Hall the evening of October 9th for large group of candidates from Yuba, Sutter, and Butte Counties.

I heard some happy comments from those officers of these Granges who were asked to take part in conferring the Sixth degree here that night.

We have lost several of our members by death recently and some of our best workers, who I hope we can replace with new and young members soon who will carry forward the work of the order.

We have had a very good Grange year and I regret very much that I could not be present at the State and National Grange conventions in Long Beach, California.

Fraternally yours,  
ERNEST E. RUSSELL,  
District Deputy

### COLUSA COUNTY

#### Worthy Master, Officers and Members of the California State Grange

Greetings:

Once again I will present my annual message as deputy of the Granges of Colusa County. Conditions are about the same as that of one year ago. We have lost several members by death, but we are constantly striving to keep our membership alive by taking in new members, consistently bearing in mind that we should keep the quality of our new material on a high plane.

At our annual County Fair Colusa Grange won top honors this year in the large booth exhibits, while Arbuckle Grange, exhibiting for the first time in some years, did well by taking second place in the smaller, or 100 square foot division. Thus our Granges are keeping in the public eye, as well as winning some nice cash prizes for themselves.

We join together each January at a county installation at which time the Pomona Grange, Arbuckle, Colusa, Maxwell, and Williams officers are installed. Usually, because of the distance involved, Stonyford Grange officers are in-

stalled at their own Grange. These installations are open to the public and we try to invite prospective members and interested people of the county to attend. Thus we try to make these affairs our big Grange night of the year.

It is always a pleasure to serve as Grange Deputy. We always endeavor to help wherever asked, and install officers in various counties, as well as our own. We invite any Grange members from other localities throughout the state to come and visit us whenever possible.

Fraternally submitted,  
MARSHALL DOPKINS,  
District Deputy

### CONTRA COSTA COUNTY

#### Worthy State Officers, Delegates and Members of the California State Grange

Greetings from Contra Costa County.

It is a privilege to report for Contra Costa County. Shortly after Installation of the Officers, a conference, including all of the Officers and the Worthy State Lecturer, Emmett Ivey, was held and well attended, and in my opinion, much knowledge was gained regarding the Officers responsibilities.

During the past year, some of our Granges eliminated from their rolls some of the so called deadwood which resulted in a decrease in membership. However, I am sure that they will gain back what they lost and show a gain soon.

Three of our subordinate Granges displayed Agriculture exhibits at the county fair and received 1st, 2nd and 3rd awards and three Home Economics Clubs had booths and received 2nd, 3rd and 4th awards. The Juvenile Grange booth took 1st.

The three active Granges followed the National Program and did outstanding welfare and Community Service projects. One Grange entered the National Community Service Contest.

Our Home Economic Clubs that are active, were busy this year with very worthwhile projects, giving breakfasts, dinners, foodsales, rummage sales, and card parties.

The Granges play an active part in community and Civic life of the County. Resolutions were sent to the Board of Supervisors on water, smog, rapid transit and road and rightaways.

I have installed four Granges this year. I have visited all Granges during the year and have participated in some

of their activities. I find them conducting their work cheerfully and efficiently.

The Credit Union is doing well and and is offering a fine service to the Grange members.

It has been a pleasure and honor to serve again as deputy.

Best wishes for a successful convention.

Fraternally submitted,  
MANUEL J. TREBINO,  
District Deputy

### **DEL NORTE COUNTY**

#### **Worthy Master, Officers and Members of the California State Grange**

Greetings:

The Granges of Del Norte County again have had an active year. Each Grange having a feature Exhibit Booth at the County Fair. They also entered and filed reports in the Community Service contest.

The HEC of each Grange has been busy as usual with their different projects. Lake Earl's HEC put on their 4th annual June Dairy Month dinner, successful as usual and again their lunch booth at the County Fair brought in a good amount of money. Klamath Valley Grange this year gave their first Dairy Month Dinner and gave several successful dinners in August and September.

The membership stands about the same as 1958 but I have noticed the last couple of months that a number of new applications have been received by each of the Subordinate Granges.

I have attended at least one or two meetings of each Grange each quarter, and have enjoyed their friendship and good fellowship.

I will continue to work for the Grange to the best of my ability.

Fraternally submitted,  
LEO KLOSKE,  
District Deputy

### **EL DORADO COUNTY**

#### **Worthy State Master, State Officers, Brothers and Sisters**

Greetings:

It is a pleasure to report for my county for the year of 1959.

Most of my Granges are in good shape financially and have shown substantial gains in membership. I had the pleasure of organizing a youth group at Pilot Hill Grange No. 1. Most Granges had booths at our County Fair and were awarded substantial prizes.

My county is taking advantage of the many benefits of the Grange. Our Credit Union comprising El Dorado and Amador Counties is doing a splendid service to our members.

I have held many schools of instructions at the beginning of the year to help the new officers.

Fraternally submitted,

GEO. H. KLARE,

District Deputy

## FRESNO COUNTY

### Worthy Master, Officers and Members of the California State Grange

Greetings:

It is a pleasure to report for my Fresno County Granges. I visited most of the Granges early in the year, stressing membership and attendance. As soon as a date could be arranged at which the State Master could attend I called a conference of all the Masters of Madera and Fresno Counties.

This has been our procedure for a number of years. It gives the local Masters an opportunity to become personally acquainted with the State Master. He answers any questions they have regarding Grange procedure. He also is in a position to explain to them the State Grange program as prescribed by the delegate body at the last annual convention. These local Masters Conferences have been attended by a large per cent of our Masters, and they look forward to it from year to year.

We have lost quite a number by death. I think the final report will show some net gain in our county.

We have several Granges that have been quite active through the year and have made a net gain for the year.

Coalinga has a nice Youth group and a number of the Youth are officers in the Subordinate Grange. This tends to make a continuing Grange.

The Pomona Grange has been active in trying to eliminate or modify a building code that has been proposed for the County of Fresno. The Pomona Grange had lost too large a per cent of its members. However, the State Officers

saved the day by giving the sixth degree in our area. A large group, especially of Madera County, (that do not have a Pomona Grange) are joining the Fresno County Pomona.

I think this will about hold our membership to normal.

If we could enlighten our membership as to the great benefits they are receiving by the work of the State Grange of Rose Bateman (Home Economics Chairman) from the we would have no trouble in maintaining our membership.

The Home Economics department, under the leadership Kerman Grange has been very active and maintained a large attendance at all meetings.

The Credit Union has grown in membership and amount in savings and loans, under the leadership of Mildred Boyd.

The business agents of the GBO have handled sulphur and vineyard wire in large amounts.

Respectfully submitted  
O. M. DAVIS,  
District Deputy

### **NORTHERN HUMBOLDT COUNTY**

**To the Officers and Members  
of the California State Grange**

Greetings. It has been a pleasure to serve as Deputy since July of 1959.

During the few months I have visited every Grange in my district and have seen progress.

We have had the driest year in history and have great water problems as the rivers are but a trickle.

We are looking forward to a better year in 1960 and a solution to our water problems.

Fraternally submitted,  
H. R. "BUCK" JONES  
District Deputy

### **SOUTHERN HUMBOLDT COUNTY**

**Worthy Master, Officers and Members  
of the California State Grange**

Greetings:

I have visited the Granges in my district.

Some of the Granges took part in the District and County Fairs and won prizes.

Worked getting members for the 7th degree. Working on the Youth membership.

Had a Masters meeting with the State Master present. Brother and Sister Quinn installed officers of various Granges.

Fraternally submitted,  
FLOYD DAVIS,  
District Deputy

### KERN COUNTY

#### Worthy Master, Officers and Members of the California State Grange

Kern County Pomona Grange holds one business meeting each month in one of the Subordinate Grange Halls. The attendance varies but generally is fair.

Four of the Subordinate Granges have one business meeting and one social meeting each month. Two of the subordinates have two business meetings and usually have a separate social event during the month. Weedpatch Grange is still holding on but have only held three meetings so far this year. After much work and discussion Wasco Grange finally surrendered their charter this year, with many of its members demitting to nearby Granges. All of the HEC groups are active except Weedpatch. There has been a small membership gain with Tehachapi doing an outstanding job.

The Kern County Pomona Grange Drill Team has been very busy throughout the year keeping up with the first five degrees. Three of the subordinates also gave the first four degrees. Kern County had a large group of candidates for the Sixth degree at Earlimart which was very impressively conferred by the State officers.

The Kern County Grange Federal Credit Union has made a very satisfactory gain in membership and shares.

Four of the Subordinates celebrated their 25th anniversary with many members receiving their 25 year pins.

I had the pleasure of installing four sets of officers this year. A joint installation of Pomona and Rosedale officers at Rosedale Grange Hall, Panama officers at Panama Grange Hall, and Fairfax officers at Fairfax Grange Hall.

I enjoyed the work very much and had the very best of cooperation from the members and especially the installing team who were ready and willing at any time to go and help.

C. C. KOFAHL,  
District Deputy

**KINGS COUNTY****Worthy Master, Officers and Members  
of the California State Grange, Greetings:**

It is a great pleasure to again report to you from the Kings County Granges.

Our Pomona and Subordinate Granges have done well with a good gain in membership, and the highlight of this year is four of our Subordinate Granges celebrated their 25th anniversary and one celebrated its 20th anniversary.

Pomona will celebrate its 25th anniversary on January 7th, 1960.

Our youth committee is doing good, taking an active part in the meetings and the work as a whole.

Our two degree teams conferred the fourth degree, doing a beautiful and impressive job.

Kings County Pomona Grange in conjunction with Fresno and Madera County Granges, conferred the Fifth degree at the Lincoln School in Kingsburg on September 25th. On the same night, we had the pleasure of witnessing the State Officers confer the Sixth degree which was very impressive, and made it an evening to long be remembered.

We also had our annual 4th of July picnic, with a good attendance and a good time.

We also had our annual Hamburger Fry at our house with many State Officers present, a good program, for a very enjoyable evening.

We also had a booth at the Kings County Fair.

Fraternally yours,  
JOHN I. ELLBERG,  
District Deputy

**LAKE COUNTY****Brothers and Sisters, Greetings:**

Convention week is one of the things to which I look forward from year to year. When I can again meet old friends and make new ones.

This is a time when we gather here in convention to pass upon new questions and policies. To keep the ship of State on it's progressive course, to support the timorous and prod the complacent.

Lake County has had one of its driest years and like most of the state, we too, have our water problems. Though we have three distinct watersheds within our County, we have access to only a small percentage of the water which

falls upon our County in the rainy season. In the northern part of the County is the South fork of the Eel River which is dammed to form Lake Pillsbury. Power is generated and the water is also used for irrigation purposes in one small valley. The Cache Creek Watershed, which comprises the greatest area, including Clear Lake, cannot be utilized to it's fullest extent because we cannot put in dams to conserve the excess runoff in the winter. We have several sites where such dams could benefit both present users of the water, Yolo County and Lake County. Lake County has the largest body of fresh water all within the State, Clear Lake, and yet, many of those that own property contiguous to the Lake cannot use the water because Yolo County has acquired the rights to this water, and have blocked all our efforts to put in dams that would conserve the excess water that falls in the winter. I am certain that any or all dams that could be built would not only benefit Lake County, but also the present users, Yolo County. In the southern part of the County is the Putah Creek watershed. It is the source of water for Berryessa Lake, which was recently completed. Do to lack of rain this last year it is quite low now. It will probably take five years to fill the lake to it's capacity, which is 1,600,000 acre feet of water. So you can see some of the reasons why the northern part of the State is against giving away a firm supply of this God given fluid, which is so necessary to the sustenance of life.

It is a never ending struggle to keep up membership when everyone is so complacent in all their doings of life. Yet I am sure it is not a malady that is confined to Lake County. All of our Granges are working hard. All but two have their own halls or are in the process of getting them. This year Scotts Valley Grange moved into their own hall and are struggling to complete it. Eastlake Grange bought an old grammar school building and had it moved onto a lot donated to them by one of their Grange Sisters. They have the building on the lot on cribbing and are in the process of getting the foundation and other facilities in so they can occupy the hall. There is much work to be done as they plan to remodel it.

Konocti Grange has had aspirations for a hall of their own since they were organized and have a lot upon which to build. But with building costs ever on the increase it is a slow process. They have done a lot of work to improve the hall in which they meet which belongs to the Native Sons. They are very community spirited and their influence is felt

because of the many things they do and contribute to as well. All our Granges are to be commended as well for their contribution to their communities.

JAMES R. TRUE,  
District Deputy

### MADERA COUNTY

My wife and I spent some time in January and February, canvassing the Ripperdan district of Madera County.

There are quite a few Grange members from the Kerman Grange that are interested but it seems no one wants to hold an office. They said they would like to belong to a Grange in Madera as they never attend the Kerman Grange. I feel there is a good chance of starting a Grange in that district.

As soon as the harvest is over it will be much easier to talk to them about the Grange and people are beginning to inquire more and more about the Grange. I myself have been very busy working my place and buying raisins, and haven't had the time through these busy months to put in more time.

I have made some inquiries around Chowchilla and I believe, if I can contact the right people, that will become officers that it will be easy to start a Grange in Chowchilla.

I attended a Deputies Conference in Sacramento and board meetings.

I have visited Dixieland Berenda Grange 784, five times during my term in Mary 14, April 11, April 25, August 8 and September.

I have assisted them in their ritual work, have stressed membership, and the importance of the degree's, especially 1st, 2nd, 3rd, and 4th.

My wife and I were instrumental in encouraging Dixieland Berenda Grange members to take their 5th and 6th degrees. They were given at Kingsburg, the 15th of October, 18 members took their 5th and 6th degrees. The first time any of their members had taken their 5th and 6th degrees. Eight or nine of them plan on taking their 7th degree on Saturday, November 14th.

Their opening and closing exercises have improved and they now wear their regalia. They have gained 12 new members for the 1st and 3rd quarters. Their paid up memberships are 45, attendance good or average.

I have attended every meeting in my own Grange, Ma-

dera Grange 783. I have stressed membership in our Grange and we had quite a gain in membership, due to the new benefits of fertilizer and insecticides, etc. Being Madera Co. GBO agent and Fire Insurance agent has helped a lot in inducing members to join the Grange. My wife, who is membership chairman, brought in ten new members at one time. They were given their 1st and 2nd degrees the early part of the year, and 12 took their 3rd and 4th degrees April 5th. Dixieland had 4 members that took their 3rd and 4th with our group.

Fowler Grange put on the 3rd and 4th degrees for us at our hall on a Sunday afternoon, we had 75 people present. It seemed to be very successful giving it on a Sunday afternoon. We had very good response from our members.

We gained 14 members in the 1st and 3rd quarters and now have 66 paid up members. One member deceased this year.

Fraternally yours,  
JACK GOERINGER,  
District Deputy

### MENDOCINO COUNTY

#### To the Officers and Members of California State Grange in 87th Annual Session at Long, Beach, California

Greetings:

Realizing that this year has been one of our hardest and knowing of our work to be done at this 87th session.

I am proud to be one of those who have put out effort to make our Granges bigger and better for those who come after us. May this session be one of the most successful yet.

I had the pleasure of installing the following Granges for 1959:

Whitesboro Subordinate and Juvenile Granges in joint ceremony; Comptche Subordinate and Anderson Valley Subordinate Granges in joint installation, and Laytonville Subordinate Grange at Laytonville.

I have visited all the Granges in my district several times this year, including Mendocino Pomona Grange, helped with the degree work.

Mendocino Pomona Grange No. 10 has steadily increased its membership, and as we put on the fifth degree before the sixth degree was conferred, we have well over 300 members. Too bad we cannot do that before every convention, members taking the Sixth degree, as so many who are obligated

at State Grange, never affiliate with their home Pomona Grange.

Ukiah Grange No. 419 secretary turned in such a good report, I feel I must enclose it in full.

Sponsored a Blue Bird group, sponsored and paid a \$50 entrance fee into Ball Club for Juvenile Grange, enabling them to join the League, HEC served dinner to the Rotary Club, profited \$104.51 on dinner. Donated to the Boy Scouts, served dinner to 15 new citizens and their sponsors without charge. Awarded a \$50 scholarship to Karren Lane of Redwood Valley Grange, to help her in her nurses training. A \$50 Friendship Bond was purchased from Little Lake Grange. Donated Grange Hall to Pony League for their spring dance. We are a member of the Roadside Council. Donated to the following: TB Association, United Xmas Fund, 4-H Club, each \$5, \$50 to a fellow Granger, who was severely hurt, \$15 to Konocti Girl Scout Council \$17.42 to Meals for Millions, \$1 to National Grange Youth Leadership Fund, \$100 to delegate fund to State Grange. Formed a Youth group with nine members. Life membership to Mr. and Mrs. F. C. Bull, Golden Sheaf pin to Sister Gertrude Snyder, exemplified third and fourth degrees three times during the year. Arthur Burke has organized the Grange Messenger. Had a hamburger stand at the District Fair in Ukiah, netted \$533.00, Feature Booth, second prize, \$225.

A memorial program honoring six members. Past Master's night honoring 11 P.M. We had past officers from 11 different Granges.

Our Juvenile Grange put on our Booster Night program Harvest Feast serving 120 members. Bazaar and a smorgasbord dinner served. Fraternally submitted to District Deputy Fredrick W. Clark, by Alverta Baylie, secretary Ukiah Grange No. 419.

Fort Bragg Grange No. 672 entered booth at Mendocino County Apple Fair, and received first prize, helped with Rhododendron Festival & Art Show, with respective churches as trustees, treasurers and teachers. Helped Grange family whose home was destroyed by fire, Xmas boxes to the needy, scrap books to the two local hospitals, and to the retarded children's class.

Improved Grange hall and grounds, paid a debt of \$660.72 on hall. \$1206.40 donated to a family in distress. Donated and erected 18 rural road signs. Three cemetery signs donated. \$129.29 donated to charity, 115 pairs eye-glasses to the needy.

Fraternally submitted by Esther Hadlow, secretary.

Whitesboro Grange No. 766, gathered books for Albion Chapel Library, Volunteer Fire Department, raised enough money to buy fire engine for Albion. We are working to find a place to store the engine. Gave blood for a needy person, all members are being typed for a blood bank, had a very successful yearly bazaar, HEC sponsored a youth delegate to the youth conference at Arcata. Conferred all four degrees several times during the year. Had 11 for the third and fourth on Oct. 23rd. Purchased 54 new chairs for Grange meeting room. Have given several parties and dances for the children, which was well represented, also community card games once a month.

Garcia Grange No. 676, sponsors the Boy Scouts and softball team, also have a cemetery committee and helped get fire equipment for the community. Gave several dances for the youth group, which was well attended, exhibited vegetables and fruits in the Mendocino County Fair, and received many ribbons.

Redwood Valley Grange No. 382, gave scholarship to Don Jamison, had a fine Booster night program, with Little Lake Grange helping in the entertainment. Improving the front of the hall. Had election of officers on Oct. 9, 1959.

Comptche Grange No. 671 has been very busy with degree work this year, sponsor a Xmas party every year, for all the children in that community, with gifts and candy for all the children. Gave several public dinners and improving their hall a little more each year.

Anderson Valley Grange No. 669 had a joint installation at the hall with Comptche Grange, formed a youth riding club, which is doing fine, have taken in several new members and put on all four degrees several times during the year, also have several teen age Grangers very active in the Grange, held election of 1960 officers on Oct. 23, 1959.

Donated to different organizations, also to the National Grange Youth Leadership Fund \$10.00. Raised money by rummage sales, to be able to give our voting delegates \$100 to the State Grange convention at Long Beach. Sponsored a girl in Fair Parade Queen Contest, and she took second place.

Laytonville Grange No. 726 held her own under the leadership of second term Master, Nellie Dean. She is a very fine Master and has given the Grange much of her time. She has also visited Pomona Grange and other Granges. Laytonville Grange has pledged themselves to help get a good lighting system for the Laytonville school football field.

Laytonville Grange, Mendocino County, sponsored Boy Scouts, series of 6 card parties, series of 6 dinners, gave \$5 to Crippled Children Fund, seven new members, placed Grange sign on public highway, dance and barbecue, held two regular meetings each month, held one HEC meeting each month, good attendance, gave benefit dinner for community project, contributed \$50 toward lights for high school ball park, election of officers, joined youth organization.

Whitesboro Juvenile Grange No. 130, under the leadership of Matron Eve Rowe, now finishes up her 8th year, has made a continued contribution to the children of the coast. Here is a report of their year's work:

Purpose of the Juvenile Grange, our motto is "In Youth We Learn." We have 22 members, range from 5 to 14 in age. This is what we have done so far this year, made Valentines for the hospitals in Fort Bragg, donated \$1 to the Mattila fund, Easter basket of food to a needy family, also Easter baskets to the children, donated \$2 for Earn for Ears, \$1 for Italian Fund, \$1 for Meals for Millions, sent in 60 pairs of eyeglasses to the news eyes for needy, sent in Vet Dog Coupons to help buy a seeing eye dog for the blind. Donated \$25 to the Subordinate Grange to help buy chairs. Made Easter cards for the hospitals in Fort Bragg, put on a dinner, had a booth at the State Fair, 10 children exhibited in it and we took 14 ribbons and prizes. Had a booth in the Mendocino County Fair, also entered the fair parade with a float. Made 100 table favors for the National Grange convention and five large ones for centerpieces. We made all our items we sold at the bazaar such as, leather work, potholders, pin cushions, dolls, vases, etc., 3 dolls in baskets and stuffed toys we made to give to welfare for Xmas. Went to zoo in San Francisco. Fraternally submitted by Eve Rowe, Matron.

### MERCED COUNTY

#### Worthy Master, Officers and Members of the California State Grange

It is indeed a pleasure to report for the eleven Granges in Merced County.

We started the year with better than a forty loss in membership but have progressed to the point where we can now boast of a gain in membership.

Our Home Economic Clubs are participating in several charitable projects throughout the County.

The four degrees were exemplified in several Grange Halls and were well attended.

About half the Subordinate Granges in the county participated in the Merced County Fair.

Pomona Grange has taken an active part in County Government discussions. I believe attendance has reached the upswing.

The Merced County Grangers Federal Credit Union has shown a substantial gain in assets and membership. We have a very faithful group working together here for the betterment of their fellow Grangers.

The highlight of our year was possibly the Sixth Degree presentation by the State Officers in the Hilmar Grange Hall. The work was enjoyed by seventy-seven candidates and a host of other members.

It has been a pleasure to serve the Master and California State Grange as Deputy for Merced County.

Fraternally submitted,  
WM. L. PETERSEN,  
District Deputy

### MODOC COUNTY

#### Worthy Master, Officers and Members of the California State Grange

Again it is my privilege to report on the activities of the Granges in Modoc County.

I have visited all Granges, installing officers and assisting them in degree work.

Davis Creek, Cedar, Eagle and Alturas Granges have made repairs on their respective halls. Lookout Grange has assisted their Community Church.

Our Grange Credit Union has had a very successful year and continues to take care of the financial needs of its members.

Some of the Grangers entered the Modoc County Fair with agriculture Booths, Eagle Grange winning first place and Cedar Grange second.

Cedar Grange Home Economics Club won first prize in the Women's Division.

We have had an increase in membership.

**MOJAVE VALLEY POMONA****Worthy Master, Officers and Members  
of the California State Grange**

Greetings from Mojave Valley Pomona:

The activities of the seven subordinates in this area have all been constructive. One Grange has completed its project in the National Grange Contest.

The other Granges have done almost equally as well but did not enter the contest.

All Granges except one entered booths in the San Bernardino County Fair and received high awards.

All are extremely concerned about the importation of water into Southern California and this area in particular. There are outside interests who would be in favor of bringing water here under any circumstances and who need to be informed.

The Home Economics Clubs in all branches are doing very good work.

The Credit Union is of great benefit and we have a large membership.

We find that guest officers nights are a decided benefit for promoting good of the order.

All Granges have had elaborate Booster Nights, which encourages new people to consider becoming members.

HARRY LEWIS,  
District Deputy

**MONTEREY COUNTY****Worthy Master, Officers and Members  
of the California State Grange**

Another convention is here and it is my pleasure to report on Grange activities in Monterey County.

Grange interests in Monterey County in general is good. Membership growth shows a slight gain over last year.

The Home Economics Committees have concluded a busy year with their various Grange activities and community projects.

The Pomona Grange is continuing it's scholarship project in cooperation with the Subordinate Granges in the county.

The Subordinate Granges have supported the Monterey County Fair by entering booths in the Agricultural division not only adding to the attraction of this division but also increasing their treasury in premium money to the extent of \$975.

The Granges have also supported FFA and 4-H Club projects within their communities.

The Granges in Monterey County have taken an active part in local government and community affairs by securing representation on various committees such as: The Monterey County Beautification's, Water Conservation and Flood Control Committees, and various Agricultural Committees.

Ten of the eleven Subordinate Granges in Monterey County own their own hall. These halls are made available for activities such as: Youth meetings, entertainment, and many others of interest in their community.

Judging from the past years interest in Grange work in Monterey County I feel we can look forward to continued growth and progress in the coming year.

Wishing you a most pleasant and fruitful convention.

CHESTER DEEVER,  
District Deputy

## NAPA COUNTY

### Worthy Master, Officers and Members of the California State Grange

Greetings:

It is my pleasure to report that all Granges in Napa County are in good financial condition with good attendance at meetings.

A net gain in membership was recorded for the year.

All Granges actively supported the County or District Fairs by entering Agricultural booths in same.

The Home Economics Committees were active in all Granges, holding regular meetings.

The Napa County Granger's Credit Union continues to prosper and grow. It now has assets of more than \$375,000.

**PLACER AND NEVADA COUNTIES****Worthy State Master, Officers and Members  
of the California State Grange****Greetings:**

Once again it is my pleasure to report all the subordinate Granges in my district are active and in good financial standing.

Placer Nugget Pomona Grange No. 29 has held regular meetings with good attendance. In July our annual picnic meeting was held at Banner Grange Hall. We held our annual public Whist card party in April to raise money for the Future Farmer and Future Homemaker of America awards which is given each year to the outstanding boy and girl. Each received one hundred dollars (\$100) to further their education. Pomona Home Economics sponsored a youth delegate and paid his expenses so that he could attend the youth conference at Arcata in July.

Loomis Grange is the most active one this year. They cleared over \$1300 by entering booths and running a hamburger stand at both the fairs held in Placer County this year. They sponsor senior citizens club and Penryn 4-H club. They also supervise dances for grade school children and Hi-Jay dances for high school and junior college students, among many other projects. They have started a new addition to their hall, which they hope to finish in the near future.

Gold Hill Grange is holding their own, with a full attendance of all officers at every meeting. They have given four books to the library in Lincoln High School, as a tribute to our youth members. Plans are still underway to repair front of hall.

Mount Vernon Grange attendance has not been very good this year. They sponsor the Death Benefit Club and Blood Bank. Many of their members work at the Blood Bank Mobile Unit when it comes to Auburn. The Grange, Home Economics and Juvenile Grange all took prizes at the County Fair. They also give donations to all charitable organizations and help needy families.

Long Valley Grange is still having wonderful attendance. The Home Economics Club and the Grange both won prizes on their booth at the district fair. Two of the members go to DeWitt Hospital twice a month and entertain the patients. The Grange has put a new roof on their hall and remodeled the kitchen. They are also very active in civil defense work.

Meadow Vista Grange is having fairly good attendance. They sponsor Easter Sunrise Service, community service, little league baseball team, community church, Death Benefit Fund, health program, and blood bank. They have had two very successful progressive dinners this year. Entered booths at Auburn fair and all took prizes.

Placer Foothill Grange has not been too active this year. They held their annual May Morning Breakfast with a fair attendance. Several State Officers were present.

Sierra Nevada Grange is having a good attendance again this year. They give donations to Placer County Tuberculosis and Health Association and help all needy families in the community. They also sponsor a March of Dimes Card Party. Their new hall is still in the planning stage and they are having card parties and public dinners to raise money for this project.

Banner Grange is going strong this year. Gave one card party with the entire proceeds going to the polio fund and another with the entire proceeds going to a Grange member who needs an eye operation. They took first prize on their booth at the fair in Grass Valley.

Rough and Ready Grange is having good attendance at meetings. They have speakers on all vital subjects at meetings, which keeps the members interested in attending the meetings. Won a prize on their booth at fair in Grass Valley.

All Home Economics Clubs are very active. They have raised money for delegate funds, scholarship funds and sent money for National Library Fund.

Our Credit Union now has over two hundred and thirty one thousand dollars (\$231,000) and has taken in several new members this year.

Meadow Vista and Mount Vernon Juvenile Granges are very active and both won prizes at the Auburn Fair and the California State Fair.

ELDON B. GAGE,  
District Deputy

## PLUMAS COUNTY

### Worthy Master, State Officers and Members of the California State Grange

I have the pleasure to report the Granges of Plumas County in excellent condition. We are able to report a small gain in membership since last year.

Although not entered in the community service contest, all the Granges of Plumas County have done important work in that field.

Our Home Economics department has had a successful season under the able leadership of Sister Mabel Greig.

We are happy to be hosts to the Officers of the California State Grange on October 10, when the Sixth Degree was conferred. In the project we were assisted by Lassen County Granges and Nevada Star Grange.

### **RIVERSIDE COUNTY**

**To the Officers and Members of the California State Grange  
Greetings from Riverside County**

The year 1959 has been a good one for Riverside County. All of the Granges have had a substantial gain in membership and the interest and activities are on the upbound.

As Deputy, I have visited all Granges and have met many new friends. Our Degree work has been outstanding throughout the county.

HEC has been very active and the Riverside County Pomona Grange made two \$250.00 awards, after which one award will be given each year. The HEC through their projects, raised a good share of the funds for these awards.

It has been an honor and a pleasure to serve as Deputy for Riverside County.

Fraternally yours,  
SIDNEY M. RISPALJE,  
District Deputy

### **SACRAMENTO COUNTY**

**Worthy Master, Officers and Delegates**

Greetings to all from Sacramento County. Hoping for a pleasant and successful convention for everyone.

It is with the utmost pleasure that I am again privileged to report the proceedings of the Granges in my district. They have been very busy with some arranging festivals, others serving breakfasts and holding bazaars with three subordinates and Pomona entering agricultural feature booths at the County Fair. Our Pomona Grange with the assistance of the eight subordinates very successfully operated a food

concession at both the County and State Fairs dividing the net proceeds with the subordinates. Our newest and very active Grange served the Grange Day Luncheon at the State Fair and also entered the National Grange Community service program.

The three Juvenile Granges in our County entered a very interesting display at the State Fair, each receiving an award with one receiving the blue ribbon on the Alaska display. One Grange at the southern boundary of our county was awarded first prize for a beautifully arranged agricultural display at the Grape festival in Lodi, also this very active group of Grangers sponsored a festival in their town and community which was deemed as an undertaking too complex for a leading civic organization but through perseverance the Grange succeeded, and a very lovely daughter of a Grange member was elected Queen to preside over the festival.

Another of our very progressive Granges paid off the indebtedness on their hall and held a bond burning ceremony. The first and second degree team has initiated several classes of candidates and the fifth degree team conferred the degree to all fifth degree candidates and also to a class in Placer County.

I am indeed sorry to report the illness of one Worthy Master who has been a very loyal and faithful Grange member for many years and also a Past State Grange Officer.

I have visited the Granges in my District and find them to be in sound financial condition. Our Credit Union which has supplied the financial necessities of many of our patrons has also increased its assets very materially.

Fraternally submitted,  
PERCY R. SIMONS,  
District Deputy

## **SAN BERNARDINO COUNTY**

### **Worthy Master, Officers and Delegates of the California State Grange**

Greetings from San Bernardino County. We are happy to have the State and National Grange conventions held in the Southland. Our Granges have been active in all phases of Grange work, and all except one participated in the community service contest sponsored by the National Grange. We sponsored a sixth degree class in our area prior to the conventions to prepare our members for the seventh degree,

and furnished a class of three hundred fourteen, which we believe is a record for this year. We have done some things which might well have been left undone, and failed to do some things which probably should have been done. However, our Granges are working to be Builder Granges in the Grange Builder Year and we are thankful for the opportunity to work for that worthwhile Grange goal—to promote the welfare of our Order and **MAKE IT PERPETUAL.**

### **SAN DIEGO COUNTY**

#### **Worthy Master, Officers and Members of the California State Grange**

Greetings from San Diego County:

I am very pleased to submit the following report of the activities in this district for the past year.

All of the Granges have been very busy on community programs and have cooperated fully and shared equally as well in the many activities of the Pomona Grange.

The Granges again made the Future Farmers award to a high school student and our Home Economics group made its first annual scholarship award to a girl student. These awards are very worthwhile and are looked upon with increasing interest by high school students in our county.

Granges and individual members won substantial cash awards and many ribbons at our County Fair this year with their excellent exhibits which will no doubt encourage more participation next year.

In conclusion may I thank you for the privilege and the honor of serving as your Deputy, and to all members my best wishes for a happy and fruitful year in 1960.

Fraternally submitted,  
RAYMOND ZARBAUGH,  
District Deputy

### **SAN JOAQUIN COUNTY**

#### **Worthy Master, Officers and Members of the California State Grange**

Greetings:

I am pleased to report that Pomona and all Subordinate Granges are holding regular monthly meetings. Attendance has been fair and with a small increase in membership.

---

Pomona and some Subordinate Granges have entered County and District Fair with Pomona again taking a Blue Ribbon.

The highlight of the Grange year has been the dedication of the Calaveras Grange Hall at San Andreas. This is one of the most beautiful Grange Halls within California.

The San Joaquin County Credit Union continues to grow with membership of about 850.

Fraternally submitted,  
ELMO O. WARD,  
District Deputy

### **SANTA BARBARA COUNTY**

#### **Worthy Master, Officers and Members of the California State Grange**

Greetings:

It is again time for the annual report and I am glad to say we have held our own during the terrific boom at Vandenberg. Most of the ranchers have gone to the big wages and do what they can on the farm on time off, so attendance hasn't been too good, but we are glad most are keeping their membership. A lot of the women are working, too, and have their families to take care of after work, so it has been bad for Home Economics, too.

We have a very enthusiastic Juvenile Grange, and a Youth Group ready to start up.

The Granges have been active and represented on County committees pertaining to water taxes, education, County Fair and all Granges have been very active in community projects.

Our Credit Union is very active.

Our Home Economics Departments are working very hard, so we know we will go ahead next year.

### **SANTA CLARA COUNTY**

#### **Worthy Master, Officers and Members of the California State Grange**

Greetings:

Being one of the later Deputys to be appointed in 1959, it is an honor and a privilege for me to make this report of one of the best counties in the state, I believe.

After returning from Deputys Conference, a meeting was called for all the Masters with 99% attendance. We discussed plans for the balance of the year. Having served only six months in this capacity I have become better acquainted with the principals of the Grange, and have enjoyed the co-operation of all the Masters and the members.

The Grangers in Santa Clara County are active in all there endeavors taking part in Civic and County affairs. Ten Granges of the twelve entered booths in Santa Clara County Fair receiving approximately three thousand dollars in prize money.

The Home Economics Ladies entered six booths in the Women's Division also receiving prize money. They maintained a concession selling strawberry short cake and coffee. There were twelve Granges participating in the earnings of three thousand, five hundred and sixteen dollars.

Pomona Grange gave a Worthy Student one hundred dollar scholarship, majoring in agriculture.

Pomona Home Economics gave one hundred dollar scholarship to a young lady majoring in Home Economics at Cal-Poly. They were also the first organization to build and donate to the Fair Association a barbecue pit in the Fair Grounds family park.

Pomona Youth Grangers are again active taking part in conference at Cal-Poly and Humboldt College, also entered a booth in the fair and received a prize.

Pomona Grange is showing a splendid growth with good attendance and a membership of over five hundred.

The Subordinates are working on membership and should show a nice gain this quarter.

October 3rd, Santa Cruz, San Mateo, Contra Costa, Santa Clara counties joined together for conferring of the 5th and 6th Degrees, San Jose hosting State Officers. A class of ninety three taking the 6th Degree, our own Pomona team conferring 5th Degree.

Our Worthy Master was present and officiated at the dedication of Orchard City Hall, Oct. 17, 1959. They are working hard to add a kitchen and dining room.

Santa Clara County Granges have a very active Credit Union and is growing every day.

Wishing you a successful convention and a prosperous 1960 to officers elect.

JOHN BUCK,  
District Deputy

**SANTA CRUZ COUNTY****Worthy Master, Officers and Members  
of the California State Grange**

Greetings:

The work of another year is fast drawing to a close and I feel that it has been a successful and prosperous one.

The gain in membership is not as great as I had hoped for but all the Granges in Santa Cruz are active and the spirit is good.

It was my privilege to install the officers in Santa Cruz County again this year.

The Officers Conference was an inspiration this year with our Worthy State Overseer Brother Quinn as the main speaker. Many interesting subjects on Grange work and ritualism were discussed.

We are especially proud of our Youth Group in Santa Cruz Live Oak Grange. They are a wonderful group of young folks and quite active in Grange work. They entered a booth in the County Fair this year and won first prize in their division.

The Santa Cruz Live Oak Grange had a food booth in the Fair again this year and realized a nice profit from it, they also still have their turkey dinners each month and have bought and paid for an additional parking lot next to their hall.

Roache Grange won first prize on their booth in the County Fair and had a ham dinner and card party to raise funds for enlarging their kitchen.

Madonna Grange won second prize on their booth at the County Fair they gave a one hundred dollar scholarship to one of the top ranking Home Economic student's at Watsonville High School this year.

Two families in the Madonna District had the misfortune to lose their home by fire this year so Madonna Grange came to the rescue and helped to provide furniture and clothing for these families.

Soquel Grange have been doing very well with their "He-man breakfast," each month, supporting a community blood bank, taking part in Soquel-O-Rama, Capitola Begonia Festival and are adding extra rest room and storage space at the rear of their hall.

Corralitos Grange have public dances twice a month to raise funds. They also have a youth canteen twice a

month for seventh and eighth grade and high school pupils. The Grange hall has been repainted this year.

The Booster Night of each Grange was well attended and a fine program was presented.

The Pomona Grange has increased in membership this year and have had better attendance. They presented two one hundred dollar scholarships this year which was started by 1958 Pomona Home Economics Club. One was presented to the highest ranking Home Economics Student and the other to the highest ranking agricultural student in Santa Cruz County high schools.

I hope this will continue in the future.

## SHASTA COUNTY

### Worthy Master, Officers and Members of the California State Grange

I am happy to report that the Granges of Shasta County are active and showing membership gains.

Shasta Pomona and nine of the thirteen subordinates are represented at this convention.

On August 21st Castle Grange held dedicating ceremonies for their new Grange home.

The annual Pomona Picnic was held in August with good attendance. Participation in the District and County fairs was very good. The various Home Economics Clubs are all very active.

Shasta County Granges were host to a joint Sixth Degree Initiation at the Redding Grange Hall on October 7th. Seventy-nine candidates from Shasta, Trinity, Siskiyou and Modoc witnessed the degree.

We were saddened October 21st by the death of Brother George Hoxie Master of the Buckeye Grange.

Looking forward to another successful Grange year in 1960, I remain,

Fraternally,  
GEORGE INGRAM,  
District Deputy

**SISKIYOU COUNTY****Worthy Master, Officers and Members  
of the California State Grange**

Greetings:

It is again my pleasure in this year of 1959 to report as the district deputy of Siskiyou County. It has been a very fine year. We feel we have made progress in membership. We also have a new hall nearing completion in Gazelle.

We have eight Granges in Siskiyou County. With lots of distance between. The installing staff is very good and has travelled to all Granges in the county.

There are two youth groups in the county.

Pomona Grange is sending a young person to State Grange convention.

Greenhorn Grange is the largest Grange in the State which is also sending a youth to the State Grange—most Granges in the county entered booths at the county fair.

Siskiyou County has a very active credit union which helps many people. The various Granges in the county take a very active part in the community affairs and the civic life of the county.

**NORTHERN SONOMA COUNTY****Worthy Master, Officers and Members  
of the California State Grange**

Greetings from Northern Sonoma County:

The past year has again found most of the Granges in Northern Sonoma County very busy in the many activities they have entered into. These activities have made the community in which the Granges are located a better place to live in.

At the beginning of the year, there was nine Granges in Northern Sonoma County. However, Freestone Grange, after every effort possible, decided to give up their charter. When this Grange gave up their charter, they had 33 members and 30 of the 33 members asked for demits in order to join other Granges, and most of them have done so.

A Master's Conference was held at Sebastopol Grange in the early spring in conjunction with Southern Sonoma County Granges. Our worthy State Master conducted the conference.

Sonoma County Pomona Grange No. 1 exemplified the 5th degree on a large class of candidates on August 1, 1959, followed by the Feast of Pomona. Over 200 members witnessed the degree work.

The Sonoma County Grange Credit Union continues to grow and more Granges are realizing the importance of the Credit Union. At present, the Credit Union is conducting an extensive educational program in order that all Grange members can fully understand it's purpose.

Bodega Bay Grange No. 777 dedicated their beautiful hall on November 3, 1958. The officers who took part in the dedication did outstanding work.

Booster Nights in the Granges have been very well planned by the Lecturers and attendance has been far above average.

In visiting the different Granges, I have found that attendance at meetings and interest shown by members has been very satisfactory.

It has been a pleasure to serve as a district deputy for Northern Sonoma County for the year 1959 and we sincerely hope that the 87th California State Grange session will be a profitable and enjoyable one.

## **SOUTHERN SONOMA COUNTY**

### **Worthy Master, Officers and Members of the California State Grange**

Greetings:

It is again my pleasure to report for the eleven Granges of Southern Sonoma County. The past year has been a very busy one in this district.

The degree teams have been active conferring the degrees for most of the Granges in the County, taking in many new members. We are looking forward to a substantial gain in membership within the coming year.

We have three or four Granges that have been struggling along, but they seem to be weathering the storm, and are becoming more stable.

Several of our Granges entered booths at the County Fairs, all taking prizes, and creating much valuable publicity for our Granges. Grange Day at the Fair this year was an event of which we feel quite proud, and believe it is gain-

ing in popularity each year, and also give the Grange movement a boost and the publicity it needs.

Our Sonoma County Pomona Grange No. 1, has been very active this year. It has accomplished much through its several very efficient committees, and work of general procedure. The fifth degree was conferred on a large class of candidates, in a very efficient manner. Many have been obligated during the past year, leading up to a substantial increase in membership.

Our Credit Union has also been very active, and is growing steadily.

The Home Economic Clubs of the Granges have been very active in their various projects, working very hard for the welfare of their Granges.

On October 4th, the State Officers conferred the sixth degree on a very large class of candidates, which was performed in a very impressive ceremony.

Best wishes for a most successful 87th session of the California State Grange.

RALPH HOBBS,  
District Deputy

## STANISLAUS AND TUOLUMNE COUNTIES

### Worthy Master, Officers and Members of the California State Grange

As Deputy for Stanislaus and Tuolumne Counties, I am pleased to report that all Granges in my district are in good condition. There has been very little change from last year.

We had our usual success at the County Fairs. All Granges took part in helping with the Pomona Grange Kitchen on the Fair grounds. In October we served meals to the members of the State Horsemen's Convention and we will be busy again at the December Turkey Show.

Our Home Economics Clubs are active with various projects which includes help at both State and County Hospitals and aid to 4-H and Scout Clubs.

Our Granger's Credit Union is gaining in membership and assets.

The Fifth Degree was put on at the Turlock Grange Hall recently and a large crowd attended. Stanislaus County was well represented when the Sixth Degree was put on by State Officers at Hilmar.

I expect to see a nice crowd from my district at this convention as we have happy memories of the last Grange Convention held in this city.

A. H. BOLTER,  
District Deputy

### TEHAMA COUNTY

#### Worthy Master, Officers and Members of the California State Grange

Greetings:

It is a pleasure for me to report for the nine Granges of Tehama County, eight Subordinate and one Pomona. I am pleased with the progress they have made.

We had our "Annual Grange Day" at the County Fair Grounds and it was very successful.

Our Third, Fourth, and Fifth Degree Team have been doing a fine job putting on the Degree work in the County.

Our HEC Clubs are doing very well.

I am very pleased with our Granges.

ASHLEY G. ROGERS,  
District Deputy

### TRINITY COUNTY

It is with great pleasure that we of Trinity County greet our fellow Patrons of Husbandry at this joint convention of National and State Grange Delegate bodies. Our Pomona and Subordinate Granges are more than holding their own in membership and we are especially proud of our youth and their activities. Ninety-five per cent of our youth are Sixth Degree members and a number are taking advantage of this opportunity of taking the Seventh Degree.

Trinity County is being represented here by eighteen Grangers. We consider this a fairly good sign that this isolated county is Grange minded.

With greetings to our National and State Masters and their official families, Trinity County is proud to be here and to help prove that "California Knows How."

CHARLES E. DAVIS,  
District Deputy

**TULARE COUNTY****Worthy Master, Officers and Members  
of the California State Grange**

Tulare County Granges have had an interesting and active year. Tulare Pomona was organized fifty years ago so one big project was celebrating the 50th anniversary. We were happy to have visitors from all over the state at this program of the Pomona lecturer.

State officers have visited our county several times this year. Brother and Sister Sehlmeier and Sister Glenn were present at the District HEC meeting in Dinuba the first of the year and then stayed over for two installations I had in Porterville and Alpaugh Granges. Alpaugh celebrated their 25th anniversary that night and 25-year pins were presented by Brother Sehlmeier. Your deputy presented the pins at Earlimart's 25th anniversary celebration soon after the Alpaugh installation. All of these meetings were well planned for beautiful decorations, good food, interesting programs, and good fellowship.

Brother Jack Raines was featured speaker at our annual Grange Day at the Tulare County Fair and the State Grange Officers conferred the 6th degree on a class of ninety-seven candidates from Tulare and Kern counties in Earlimart.

Your deputy received invitations to install officers for: a joint installation of Kings County Pomona and subordinate Grange officers held in Hanford, Tulare County Pomona and eight subordinate Grange officers held in Dinuba, Porterville and Springville officers in Porterville, and Alpaugh and Earlimart officers in Alpaugh. Besides the two 25th anniversaries in Tulare County, I was also invited to attend, in Fresno County, Kingsburg Grange's 25th anniversary and, in Kings County, Central Union Grange's 25th anniversary.

Tulare Pomona Grange members were invited to attend Fresno Pomona Grange in a body. A very good time was had and we all enjoyed the feeling of brotherhood we have when Granges of different counties, different states or even different communities get together. More of this sort of thing should be done among more Granges. Along this line we have degree teams exchanging work often in our county. Farmersville has been invited to confer degrees several times. Porterville, Dinuba, and Tulare also have good working degree teams. Tulare Pomona officers also set a good example with their 5th degree exemplification.

The two Juvenile Granges of our county have done wonderful work this year. The year started for them with a

joint installation in Farmersville. Farmersville later held a graduation ceremony for those old enough. This program was very beautiful, also inspirational for the young people. Many prizes were won by both the Tulare and Farmersville J.G.'s at the State Fair. Several attended Grange Day at the California State Fair with their parents. One graduating J.G. won 1st in the state for bread in the adult National Grange contest. The Juvenile Grangers were invited to take part in their sponsoring Granges programs and also had a part on a Pomona Grange program. They helped with some community service work by planting trees at three different community buildings.

I have attended many more meetings to which I was invited and attended all state conferences and conventions. I enjoy our Grange work and working for the programs our state membership has set for us.

Fraternally,  
W. H. JETER,  
District Deputy

## VENTURA COUNTY

### Worthy Master, Officers and Members of the California State Grange

Greetings:

As a Deputy it gives me great pleasure to report at the 87th annual session of the California State Grange.

Ventura County has had a very successful year. Each one of our Granges has had a gain in membership. Two of our Granges entered the Community Service contest for the first time.

Our Granges always look forward to having a Deputy from another county install the officers and always want a joint installation. Our State Overseer, Blaine Quinn, sure does fine work with the assistance of his wife, Ruth and Brother and Sister Ferguson.

Fillmore Grange made a gain and it looks very promising for a most successful year in 1960.

La Avenida Grange is doing fine. They have a good attendance at their meetings and had a nice gain this last year. They are looking forward to having a hall of their own. They have taken in several younger members, which sure pleases their Deputy.

Ojai Valley Grange has had a most successful year. Having taken in several younger members which is good for any Grange, and are putting some of them in office. They

still sponsor Boy and Cub Scout Troops, and aid the Girl Scouts as well. The Home Economics have sure worked hard the past year putting on dinners and selling fancy work to pay for their kitchen.

The Ojai Degree Team put on the Degree work several times the past year, in Santa Barbara County as well as Ventura County.

We organized a Pomona Grange. Sixty-four signed the charter and to date have 92 members. We believe it will help to organize more Subordinate Granges in the County.

Ventura County was pleased to have the State Officers come to Ventura to put on the Sixth Degree on Sept. 30th, 1959. I believe it gave our Grangers the biggest boost of anything in the past years.

Fraternally submitted,  
JAMES B. FROST,  
District Deputy

**"Be Content"**

Take what God gives oh heart of mine,  
And build your house of happiness.  
Perchance some have given more,  
But many have been given less.  
The treasure lying at your feet,

**43RD ANNUAL REPORT  
OF  
THE GRANGE INSURANCE ASSOCIATION OF  
CALIFORNIA  
NOVEMBER, 1959**

W. R. Penner, gave annual report on California Grange Insurance Association of California.

Worthy Master and Delegates to the Convention:

This, our 43rd year of continuous service to Grange members of California has culminated a fiscal period that has seen our fortunes reach a new high. It has reflected a steady tone of growth. It has enabled us to maintain a program of low cost insurance due to that rising volume production of new business. And, we are happy to say that certain enabling legislation has and will continue to help us offer services to members in areas where we have previously had to contend with certain limitations.

The fiscal year was tops in our policywriting department. Never before in the history of our organization have we attained the heights that we have enjoyed this past year. We have watched our operations grow from a mere handful of policies written in our beginning years to the record crop of 3,353 policies processed through our office in this past year. Hardly more than a decade ago we had less than ten millions of dollars in inforce insurance; today we have more than 49½ millions of insurance in force for Grange members state-wide.

Premium production for the 1958-59 period amounted to \$154,567.48 after cancellations.

Total assets in control of the Association as of August 31st, had reached the all-time high figure of \$418,472.06.

Our balance sheet closing the fiscal year indicates a break-down of these assets as follows:

Savings and commercial bank accounts.....	\$73,506.40
Premiums receivable (accounts current).....	5,556.19
Accrued interest receivable.....	56.25
Inventory of supplies.....	3,864.57
Total Current Assets.....	\$82,983.41

In our investment portfolio we have acquired a very fine list of blue chip or growth securities that can not only be converted to cash in time of emergency, but while held

as investment are yielding us a handsome dividend return. These consist of:

Mortgage receivable.....	\$ 2,362.81
Industrial bonds.....	9,850.00
Industrial and banking stocks at market value....	304,637.76
<b>Total Investments.....</b>	<b>\$316,850.57</b>

Our fixed assets remain about as in prior years and consist of:

Office equipment	
Building and Land—After depreciation.....	18,446.12
Deferred Charges:	
Prepaid insurance.....	191.96
<b>TOTAL ASSETS.....</b>	<b>\$418,472.06</b>

Losses for the year were comparatively light running to \$42,657.72 net after reinsurance collection. We have continued our program of reinsurance under contract with the Insurance Company of North America, ceding to them a proportionate share of each risk in excess of the legal retention set forth in our state charter. The maximum insurance acceptable by the Association, also a state charter stipulation, is presently set at \$40,000. On a policy of this size at least 4/5 of the amount would be farmed out to our secondary company and in event of loss, partial or total, they would share proportionately in the loss settlement. This contract has worked out exceedingly well for the Association and our policy owners, providing us an excellent buffer against sudden catastrophe that might drain our surplus funds held in trust for members.

In line with Association policy of maintaining rates at lowest possible level consistent with good business practice the fiscal year just closed required only a bare minimum in rate adjustments. We have also continued the practice of offering a contingent discount based on a no loss experience in a current term. During the fiscal year we rebated \$8,374.42 to our insureds. We gratefully acknowledge the many fine commentaries coming from our insureds throughout the state upon receiving their return checks.

During the 1959 session of the state legislature we applied for and were successful in obtaining a permissive amendment to our fraternal insuring act lifting restrictions on our services that we have had to contend with these many years. Over a long time we were forced to confine our

efforts to offering insurance to those members residing in the unincorporated areas, therefore, our insurance was written almost entirely on farm properties. This meant no participation in our services by those members who might be town dwellers. In 1955, we were granted the right to coverages in incorporated towns and cities not in excess of 7,500 population. With the advent of the 1959 amendment, now in full force, all restrictions have been removed which means that Grange insurance can be written on any Grange home, household contents, and appurtenant buildings on the home premises. They, of course, must reside within the borders of California. We particularly invite the Granges of the larger metropolitan areas to make our insurance available to their members through a Grange insurance agent of their selection, if that step has not already been taken.

Again this year, as in past years, we have for distribution to Granges of California, a 1960 edition calendar. It is attractive and will make a nice appearance on your Grange hall wall. Delegates to the convention may secure a copy for their home Grange by making application at our desk in the lobby. We only ask that you promise to present it to the Grange when you get back home, or better still, personally see to it that the calendar is posted in the Grange building.

In closing we would like to express our sincere appreciation and thanks to all Grange policyowners for their continued good will and support of this Association. We will always try to merit your confidence by giving the very best in insurance service. If you are a policyowner in our organization come to our annual meeting called for 3:00 P.M., Wednesday, at the Hotel Wilton. Interested observers are also cordially invited.

Fraternally Submitted,  
W. R. PENNER, Secretary

**CALIFORNIA PHYSICIANS SERVICE REPORT**

L. Paul Putnam, Special Representative, gave the Annual Report for California Physicians Service. Mr. Putnam told of the close association of the California State Grange with C.P.S. and the many advantages C.P.S. has to offer to members of the Grange. He also indicated the possibility that C.P.S.-Grange benefits would be increased in about a year.

---

Report by State Grange Youth Chairman, Dr. Carle Fiedler.

**ANNUAL REPORT OF THE  
CALIFORNIA STATE GRANGE YOUTH COMMITTEE****Worthy Master, Officers and Members of the  
California State Grange****Greetings:**

The Youth Committee of the California State Grange has made considerable progress during the past year, and much of this progress has been due to the fact that Sister Mabel Glenn State Grange Home Economics Chairman, has put into effect a program calling for each Subordinate Grange Home Economics Committee to sponsor a youth to one of the Youth Committee Conferences. This program has increased attendance at the Cal Poly Conference and also the Humboldt State Conference as well as attendance of youth members here at this convention. We thank Sister Glenn and all the women of the Home Economics for their support and assistance.

The conferences this year were the largest yet held. Cal Poly showed a healthy increase in attendance and Humboldt State was double that of last year. Not only was attendance better but enthusiasm and interest ran high.

The faculty members at both colleges, who participate in the conferences, are very co-operative and are continuously helping the Grange committee with ideas to improve the conferences. The young people who attend are also helping to improve them with good and practical ideas.

"Responsibility" was the theme for the Cal Poly Conference, and "Awareness of Initiative" was the theme at Humboldt State. It was brought out at the conferences the importance of the responsibilities of the officers and members of the Grange and of communities and the necessity of initiative of individuals, organizations and communities in order to carry on our democratic way of life; as one speaker put it, "Freedom is the acceptance of Responsibility".

The conferences are developing our young members into leaders who are accepting their responsibilities and who are aware of the fact that they must have initiative to further the interests of the Grange. Thus, they are developing an interest in the Grange and its principles, and as you can see, are taking an active part in the proceedings of this convention. They are becoming mature, as they attend the conferences and work in the Grange, and are willing and able to accept office and committee appointments in their Granges and to see that the job is well done and completed.

At this convention the Youth Degree Team will again confer the fifth degree, the youth are all aware that the ritualism is of great importance in Grange work and welcome the opportunity to demonstrate their interest. They have added something new in the way of a drill, following the fifth degree, which you are sure to find beautiful and refreshing.

The Guide Dogs for the Blind Project has created considerable interest, many of the youth members are raising dogs, and there have been a number of donations for the Guide Dog Foundation. This project will continue for the coming year.

John Blackstone, of Corral De Piedra Grange, San Luis Obispo County, was the recipient of the Polled Shorthorn heifer, given by Brother Ed Albaugh of Lookout Grange, Modoc County. John showed the heifer at the county fair and was awarded the prize of "Champion Female of All Breeds", in the FFA division. Congratulations go to John and thanks go to Brother Albaugh for his interest and generosity and his help in starting some of our young Grangers in a wonderful enterprise. The first heifer, donated by Brother Albaugh and given to Richard Viau, of Prunedale Grange, Monterey County, two years ago, now has a beauti-

ful heifer calf, this calf will be awarded to some qualified youth member as will another calf which Brother Albaugh is donating this year.

The Youth Committee wants to give thanks to the members of the faculties of Cal Poly and Humboldt State Colleges who worked on our conferences and helped to make them so successful; to the Arcata Chamber of Commerce for providing a tour of the businesses and industries of the area; to Brother George Sehlmeier Master, California State Grange and Brothers Piper, Raines and Mensinger, the members of the Executive Committee of the California State Grange for their appearance and help on the conferences and the entire youth program; to Craig Hazelwood Jr., Editor of the Grange News, for appearing on our programs and for the excellent publicity given the conferences; to Paige Harper, Manager of the Granges Business Organization, for setting up a project, for the youth, with the Tidewater Oil Co., and his part in our conference program; and again to Sister Mabel Glenn and all the Home Economics women for their support; and to those Grange members who provided refreshments and floral decorations for the degree work and dances at both conferences.

Report by State Grange Youth Chairman, Dr. Carle Fiedler.

Fraternally submitted,  
CARLE FIEDLER, Chr.,  
WILLIAM TENSFIELD

Report by Richard Garrod, representative of Farmers Insurance Exchange.

### **REPORT TO THE CALIFORNIA STATE GRANGE CONVENTION**

Long Beach, California, November 8-12, 1959

Master Sehlmeier, visiting State Masters, Brother and Sister Grange Members:

It is again my pleasure to report to you as a representative of what we maintain is the best Insurance Company in the world, also the best Insurance Group in the world.

In the year 1958, the Farmers Insurance Group retained the advertising agency of Honig, Cooper, Harrington and Miner. This was our first step toward national advertising and we hope you all have seen the new Fast Fair and

Friendly Farmers' ads in Readers Digest, Life, Saturday Evening Post and other national magazines.

Under the practice of Fast, Fair and Friendly Service the Farmers Insurance Exchange has paid out in excess of 66 million in claims settlements, 26 million on material damage (which includes collision, fire, theft and comprehensive), 5 million on medical claims, roughly  $\frac{3}{4}$  of a million on the claims under bodily injury and property damage losses, uninsured motorist claims, and  $\frac{3}{4}$  million in third party. While speaking of claims, under the Fast, Fair and Friendly Service of the Farmers Insurance Exchange it is with pride that I point out, that out of the 40,000 bodily injury claims paid by us in the last year, 212 were actually resolved by a court or jury and of this number only 52 were settled for an amount greater than we had voluntarily offered in settlement.

The year 1958 was the greatest year in the history of the Farmers Insurance Exchange, that is next to the year 1928 when the Farmers Inter Insurance Exchange was conceived and implemented. In 1958 the Farmers Insurance Exchange increased its premiums written by 19% to 115 million, against 96 million in 1957.

In the year 1958, the Farmers Insurance Group contributed \$4,372.13 to the California State Grange treasury making the total payments since the Farmers Inter Insurance Exchange was started in excess of \$75,000.00. Truthfully we like the Grange endorsement and the insurance business we receive from the California State Grange membership is good insurance business. And, speaking as a Farmers Insurance Group Agent, I know that all the Farmers Agents want your insurance business to continue in the future because Grange members are good insurance risks. To carry out the Fast, Fair and Friendly Service theme of the insurance company, I thank you.

Respectfully Submitted,  
Richard R. Garrod  
Special Representative,  
Farmers Insurance Group

Brother Mitchell, Master Connecticut State Grange and Sister Mitchell,

Brother Bender, Master Texas State Grange and Sister Bender,

Brother Walkins, Master Oklahoma State Grange, and Brother Ray Gill, Past Master of Oregon State Grange and

Sister Gill, were introduced by our Worthy State Master. They addressed the delegation.

2 P.M. Memorial Services conducted by State Chaplain.

### MEMORIAL SERVICE

November 11, 1959

On Armistice Day, November 11 at 2 P.M. an impressive Memorial service was presented by the State Chaplain Leta Littler. Preceding the service the Youth Group served as candle lighters.

The hall was beautifully decorated with fall flowers, over 50 plants of blooming chrysanthemums converted the Auditorium into a garden of beauty.

A processional of 30 couples led by the State and National Chaplain marched into the hall and were seated before a satin covered Altar. The names of Seventy Nine deceased were read, and as the roll call was given, a floral tribute was placed on the Altar.

On the stage a recording Angel inscribed the names in the Lambs book of life, as a candle was lighted along a pathway leading to the foot of a large illuminated Cross.

Beautiful inspirational music by the Revelators Quartet, The Ray Group and soloist Barbara Aldrich gave impressive meaning to the service.

Sister Evelyn Fidler of Yucaipa served as organist.

Following the Memorial address of the State Chaplain, a tribute to the valiant Hew's of all Wars was given by the National Chaplain Franklin C. Nixon. He then placed a wreath before the tomb of the unknown soldier, which was beautifully set as a tableaux on the stage.

Two Marines stood as a honor guard in respect to the Valiant dead.

My Buddy was impressively given by a trumpet duet which gave significant meaning to the tableaux.

As the beautiful strains of "In the Sweet Bye and Bye" was played on the organ—the procesional proceeded from the hall.

The Worthy National Chaplain gave the benediction followed by the plaintive notes of Taps.

### GRANGE NEWS

#### Report to the Convention

The dominate event of the California Grange News' 27th year of operation was an unprecedented increase in the volume of news from Pomona and Subordinate Granges.

This increase was particularly felt during the winter months from January through March. Better than double the volume of news copy was received in those months than any previous year.

To a newspaper, such an exceptional increase is a heart-warming sign, reflecting both the vitality of the organization and the interest of the membership in their paper.

On the other hand, it created a new problem: Shortage of space, a problem which was solved by the adding of extra pages in the more crowded sections.

Advertising volume held satisfactorily. Participation in the Booster Barrel contests was 6,000. In the long range view, member participation in these contests is essential so that the merchants will continue to give their support. The Grange News depends entirely upon advertising for its revenue; thus it is to the financial advantage of the members to participate in the Booster Barrel contests.

The California Grange News continues to be the largest Grange publication in the United States, printing more news per issue of Grange activities than the next three largest combined.

Our staff is enthusiastic; we view the future optimistically. We recognize, however, that our greatest asset is the Grange member whose energy and loyalty has built this paper into such a successful phase of the Grange program.

## **REPORT OF FISHING COMMITTEE**

### **Worthy State Master, Officers and Members of the California State Grange:**

The "Farmers of the Sea" Committee is pleased to present the following report to all of you attending this 87th Annual Session of the California State Grange.

The most successful achievement accomplished by this committee during this year 1959 came with the passing into law of the Grange sponsored legislation permitting net boats to fish for sardines in Santa Monica Bay (District 19A) for canning purposes as well as for bait.

Members of this committee have appeared before both Assembly and Senate Fish and Game Committees many times in support of fish and game legislation.

We have also appeared in opposition to legislation that we did not feel was in the best interest of all peoples concerned.

We have attended hearings and meetings concerned with the problems of water pollution as well as hearings held by the Small Craft Harbors Commission.

We have been in constant contact with the California Department of Fish and Game on issues of concern to both commercial and sports fishermen.

Members of this committee have been greatly interested in research as well as world trends that effect our fisheries from the standpoint of conservation as well as markets.

Constant contact between committeemen has been maintained by mail so that we have been able to keep up to date on the problems occurring in all areas of the state.

The "Farmers of the Sea" committee when first established by the vote of the State Grange convention delegates had five members representing commercial fishermen. This year Worthy State Master Sehlmeier appointed two more members to make it a committee of seven. These new members represented the sports fishermen. This has made it possible for us to have a better understanding of both sides of fish and game problems.

The members of this committee wish to express our appreciation to our State Master for his council and encouragement.

We would also like to thank Brother MacBride for his ever willing and able assistance.

We are grateful to all of the Grange members for their help and valuable information.

With all sincerity we hope that because of all of these things the "Farmers of the Sea" Committee has been and will continue to be of service to the Grange.

Fraternally,  
Nellie E. Gillette, Chairman  
Ray K. Carpenter  
Florence McDougall

**PROPOSED AGRICULTURE COMMITTEE RESOLUTION**

WHEREAS: Although California is the No. 1 State in the nation in agriculture, and

WHEREAS: In spite of this fact, many California family-sized farmers have problems which make it difficult for them to stay on the farm, and

WHEREAS: The California State Grange has always championed the family-farm way of life, and

WHEREAS: Two deputies to the California State Director of Agriculture, both exempt from civil service, are expected to be appointed shortly,

THEREFORE, Be it resolved: That the California State Grange request Governor Edmund G. Brown of California to designate one of these civil-service exempt Deputies as a Deputy in Charge of Family Farm Problems, and

FURTHERMORE, that such Deputy, when appointed, confine his activities to assisting the family-sized farmer in this state.

Brother and Sister Ray Gill were escorted into the hall, while the delegation gave them a standing welcome.

Sister Mabel Glenn, State H.E.C. Chairman, gave her report.

**H. E. C. REPORT**

**Worthy Master: California State Grange, Greetings.**

There are 345 Subordinate Home Economic Clubs, 45 Pomona and 7 district's as the working unit in the Home Economic department of the California State Grange.

Thirty-two district and tri-county meetings have been held out over the state to present the year's program, share ideas and learn of the vast amount of work carried on in each Grange County of the State and discuss problems.

I have tried to meet with, and be in touch with most of these district meetings which are under the supervision of each district chairman. I would like to pay special tribute to these seven district chairmen who have so successfully served their district, without their help, much of our work would be unreported.

Our program of work for 1959 for the nine months period of this year show a report of 1576 new members secured through the H. E. departments. Delegates fund set aside of \$8000.00. Meals for Millions \$1137.41 a check was

presented Miss Rose at our conference. World Peace letters 15, and awards made to Five. Cal Poly March \$1740. 91. A State Grange check for this amount will be sent to Mrs. Murry dean of the women at Cal Poly. National Library fund \$127.80. In craft work 23 displays of fruits suitable for Pomona Station is on exhibit. 65 National Grange gift baskets presented. Tree posters showing membership in each county is a very outstanding and instructive exhibit. 39 Tree posters on display. Many pounds of canceled postage stamps and Eye glasses for the needy have been reported from the districts as well as care packages and clothing sent over seas.

The youth assistance in attendance at Conferences has doubled with the Home Economic pushing.

Meeting at the Deputies conference early in December the 1959 program was arranged and January saw the new program with "Trees" as the theme launched. In June, my State Committee ladies and myself assisted with open house at State Grange headquarters, again explaining the program and National Gift basket.

Some 200 dresses were made in the National dress contest—District 3 had the honor of seeing one of their dresses chosen first in youth class—suitable prizes were later presented to Helen Shiromizu for her outstanding workmanship.

The hospitality booth at the State Fair is a means of contact with many persons interested in the Grange. Two articles a month to the Grange News is the medium of reaching our membership over the State, along with other State Officer's I attended the regional conference at Boise. Idaho for a week. Have met with the youth groups both at Cal Poly and Arcata speaking to them on the "Romance of the Home Economic." Many birthday celebrations, dedications of halls, letters, Fairs, picnics, and other forms of entertainment have been part of this year's work. For the nine months period the clubs have earned \$173,518.86 and contributed to welfare projects the sum of \$22,588.07. The result of the year is encouraging and the credit belongs in no small measure to the support th eHome Economics chairman both subordinate and Pomona have given the program supported by the membership. My grateful appreciation to one and all.

For the year 1958—

Projects reported

\$196,282.43 earned—of this sum \$80,188.82 was realized from dinners.

l.. Welfare—\$34,466.70.

\$1000 Meals for Millions fund helped to feed \$30,000. A plaque was presented the clubs for this outstanding contribution.

Cal Poly received a check for \$1671.22 and a contract entered into for its usage.

Assistant Stewards escorted Brother Chester Deaver, District Deputy of Monterey County to the State Master's station. Brother Deaver presented our Worthy State Master and Sister Sehlmeier with a gift from the District Deputies and State Officers.

#### Federal Farm Program

Committee Resolution read by Chairman of Agriculture Committee, Brother Hepworth. Recommended Do Pass. Adopted.

WHEREAS: The Federal Farm Program as now administered is unworkable and is resulting in an increase in farm surpluses, and

WHEREAS: The American people are being taxed

seven billion dollars annually (which includes storage) to buy farm commodities off the market, and

WHEREAS: This plan is unworkable and has not reduced surpluses, and

WHEREAS: The present subsidy plan has resulted in extremely heavy payments to large producers and has operated to the detriment of the family sized farm and if this present plan is not soon abandoned it will result in destroying the home owning farm population of the United States, and

WHEREAS: We believe the present farm program, including the soil bank, should be immediately terminated, and

WHEREAS: The present parity formula is obsolete, therefore

BE IT RESOLVED: That the California State Grange ask for a revision of the parity formula to be brought up to date, and

BE IT FURTHER RESOLVED: That a plan be adopted providing compensatory payment should be based on a post production plan. Agricultural products should be allowed to flow into the market places and if the price is lower than the parity level the farmer will receive the difference between the parity level and the market price. If the commodity sells at parity level or above there will be no payment. The compensatory payment should be based on the cost of production and the parity level at a point which will return to the farmer a reasonable income. There should be a rigid limitation on the amount anyone producer can receive.

## RESOLUTION OF COMMENDATION

### Good of the Order Committee Resolution

WHEREAS: The membership of the California State Grange has increased from less than 15,000 in 1929 to over 45,000 in 1959, and

WHEREAS: The California State Grange enjoys a position of high prestige and recognition in the legislative halls both on the state and national levels as a leader in agricultural industry and a guardian of the interests of the home-owning farmer, and

WHEREAS: The California State Grange has taken the lead and been responsible for the development of our natural resources in the best interests of the people of the state, and

WHEREAS: The California State Grange is in a position to offer to its members many direct and indirect benefits, both individually and collectively, and

WHEREAS: We believe this tremendous growth in membership, high prestige, recognition, and benefits accruing to the members is a direct result of the wise and courageous leadership of our retiring State Master, George Sehlmeier,

THEREFORE, BE IT RESOLVED: The delegates assembled at the 87th session of the California State Grange express their sincere appreciation of his efforts over the past 30 years and wish he and Sister Sehlmeier many happy years ahead.

BE IT FURTHER RESOLVED: That a copy of this resolution be presented to Brother and Sister Sehlmeier.

---

It was moved and seconded that the State Grange commend Mr. McCarthy for reducing his budget in the interest of economy in Government. Carried.

Report of Good of the Order Committee was given by Chairman Chester Deaver. Report accepted.

### **GOOD OF THE ORDER COMMITTEE REPORT**

Your committee on Good of the Order has carefully considered those resolutions assigned and has concluded its work to the best of its ability. We wish to express our appreciation to those Grange members who assisted with information in the committee room and to the delegates for their patience and cooperation. We would especially like to express our appreciation to those Youth members who attended our committee meetings. We believe this fine Youth movement in the State of California deserves the continued support of the Granges throughout the State.

We endorse that portion of the State Master's address pertaining to the Good of the Order which was not covered in our resolutions.

In our deliberations we reviewed membership standing in the California State Grange and found the membership gain normal. It is the considered opinion of the committee that in the various jurisdictions of Subordinate Granges of

this state, there are many persons who are willing and qualified to become members of our organization. We recommend that the membership make this opportunity available to them.

Being a fraternal farm organization, we believe our ritual has a very important place in Grange work. We recommend that the membership be given every opportunity to comprehend the values expressed therein .

Conservation Report was given by Chairman Campbell.  
Report accepted.

#### CONSERVATION COMMITTEE SUMMATION

The Conservation Committee of the 87th annual convention of the California State Grange wishes to thank all of the Grange members who appeared before the committee and gave information in regard to resolutions assigned to the committee.

The committee endorses that portion of the State Master's annual address which was not covered in the resolutions acted upon.

The conservation of the natural resources of California is one of the most important phases in the economy in the State and the California State Grange has always supported wise conservation.

This committee earnestly hopes that all members of the California State Grange will read and support the conservation resolutions adopted at this convention, and printed in the Journal of Proceedings.

It also strongly recommends that all Grange members contact their state legislators, county supervisors, and city councilmen whenever it is convenient to do so in behalf of the principles contained in these resolutions.

### RESOLUTION OF THANKS FROM THE CALIFORNIA STATE GRANGE 87th ANNUAL SESSION

By William E. Bragga

Past Master Sonoma County Pomona Grange No. 1

The California State Grange Convention in the Long Beach, Municipal Auditorium, Long Beach, California, wish to go on record in expressing sincere thanks to the following for helping to make our 87th Annual Session an outstanding success:

To the City of Long Beach and County of Los Angeles for courtesies extended our visitors and delegates. To Ken Hansen and his auditorium staff. To Howard Jones and staff of the Long Beach Convention Bureau. To the Long Beach Press Telegram, Long Beach Independent, Los Angeles Times, Los Angeles Mirror News, Los Angeles Examiner and Sacramento, Modesto and Fresno Bee Newspapers.

To the Associated Press, United Press, Local Radio and T. V. stations which so graciously carried convention news.

To Clara Williamson, State Grange Secretary and to Marshall Dopkins, State Grange Treasurer for the part played by their offices.

To Pomona Master Reginald Lewis of Orange County for the feast of Pomona.

To Lee Tripp, Pomona Master of San Fernando Valley for all flower arrangements.

To Pomona Master, Kenneth Greene of Los Angeles County for special arrangements.

A special thanks to Charlene Todd, Home Economics Chairman of Los Angeles County Pomona Grange and her able assistants who each morning prepared baskets of fruit for the delegates of the National Grange at the Lafayette Hotel.

To Emma Michalk, State Grange Juvenile Superintendent for a fine program from her group.

To State Grange Lecturer, Emmet Ivey, for his fine presentation featuring education, inspiration and entertainment.

To Worthy State Chaplain Leta Littler for her fine Vesper hour program and for a beautiful memorial service honoring our departed Brothers and Sisters. A very special tribute to our Worthy Chaplain for honoring this session with the presence of Worthy National Chaplain Franklin C. Nixon, who paid a Veteran's Day tribute to the valiant in the service.

To Dr. Carle E. Fiedler, Chairman of the State Grange Youth Committee and Mrs. Fiedler for an outstanding performance in conferring the Fifth Degree by the State Grange Youth Group and to the Antelope Valley drill team for a fine drill.

To the officers of the California State Grange who so ably exemplified the Sixth Degree.

To our Worthy Flora, Effie Spencer for the presentation of her fine Sixth Degree floral group.

Thanks also to Vista Grange for the use of their officer's stations during the business sessions of the convention.

To Tony Feola, Civic Auditorium custodian, and his able assistants for their fine help and cooperation with auditorium accommodations.

To all others who in some way have helped to make this 87th annual convention of the California State Grange such an outstanding success.

This 87th Annual Session stands ever in the annals of California State Grange history as an everlasting tribute to the 30 years of unselfish devotion and outstanding leadership given to the Grange in California by our retiring Worthy Master, George Sehlmeier and his good wife, Elizabeth.

Wisteria Hall at Sacramento should stand as a monument for years to come to the California State Grange Home Economics Group under the capable and efficient leadership of Mrs. Mabel Glenn. This hall is the only State Grange Home Economics hall in the United States and was built by women of the California State Grange.

It was moved and seconded the California State Grange Executive Committee be authorized to approve the minutes of the days session and minutes be printed in Journal of Proceedings. Carried.

Brother Gill, Past Master of Oregon State Grange addressed the delegation.

The State Treasurer, Marshall Dopkins, thanked the Committee who helped him distribute the mileage and per diem checks.

Sister Gill addressed the delegation and Worthy Stewards then escorted Brother and Sister Gill from the hall, as the delegation stood singing "God Be With You 'Till We Meet Again."

The State Officers surrendered their stations and the officers elect were retired to the outer hall and marched in for the Installation of Officers.

#### INSTALLING TEAM

Installing Officer—Vayne Ralston  
Installing Marshall—Mildred Spain  
Installing Master—Novella Jeter  
Installing Chaplain—Bertha Green  
Installing Steward—Olive LaCaille  
Installing Flag Bearer—Lavania Hansen  
Installing Emblem Bearer—Minnie Fergusson  
Installing Regalia Bearer—Katherine Fiedler

Following the very impressive installation, the Grange was closed in the fourth degree. The Patrons Chain was formed and "God Be With You 'Till We Meet Again" was sung. Thus the 87th Annual Session of the California State Grange came to a close.

#### COMMITTEE RESOLUTION

##### Roads and Highways Committee Resolution

WHEREAS, the state division of highways and its engineers seem to be arbitrary in their selection of freeway routes, without due understanding of local and community needs, and

Whereas, municipalities and counties usually have a far better knowledge of traffic patterns, home and land values, and the effects on city and county landscaping and beautification than do the state highway employees,

THEREFORE, BE IT RESOLVED, that the California State Grange, in 87th annual convention at Long Beach, November 9th through 12th, 1959, does hereby request the state

division of highways not to determine freeway routes until and before such routes have been specifically approved by city and county governments, and furthermore,

THAT the California State Grange support legislation to protect valuable farm lands when less productive lands are available for freeway routes taking into consideration the fact that as the population increases the need for fertile farm lands becomes more and more acute.

#### Litter Disposal Education

Ed. 3

##### VALLEY CENTER GRANGE NO. 631

WHEREAS: A great portion of the litter on our highways and public places consists of cans, bottles and cartons and

WHEREAS: The annual cost to the public of removing this litter is tremendous, in addition to being a public menace and an eyesore along our highways, and

WHEREAS: These companies that distribute the containers that become litter have the means to reach the public through TV and radio commercials and other means of advertising,

THEREFORE: Be it resolved that the California State Grange suggests that these companies devote a part of their sales campaign on TV, radio, and other advertising mediums, to telling and showing how to properly dispose of this litter.

#### 14 Request Purchasing the New 50-Star Flag G. of O. 8

##### NORTHERN HUMBOLDT POMONA GRANGE NO. 48

WHEREAS: Many Granges in the state of California have not yet purchased the new 50-star flag, and

WHEREAS: We feel that these flags should be in every Grange as soon as possible.

THEREFORE, be it resolved that the California State Grange look into the matter of having 50-star flags available for the Granges to purchase, thereby effecting a saving to the individual Granges as well as standardizing the many flags which will be in use.

**GOOD OF THE ORDER****14 Opposing Use of Grange Name by Companies G. of O. 7  
Without Approval of The California State Grange****LA AVENIDA GRANGE NO. 655**

Endorsed by Ventura County Pomona Grange No. 50

Endorsed by Santa Barbara County Pomona Grange No. 38

**WHEREAS:** The use of the name "Grange" has become increasingly valuable as the years go by to various organizations, cooperatives, business firms, service organizations, insurance companies and other types of commercial enterprises who have used, and are now using the name "Grange" in their operation. The California State Grange and the National Grange were alarmed recently when a commercial feed organization in the State of California attempted to copyright the name "Grange", which had it been granted, prevented the Grange from using their own name publicly. This concern now using the name "Grange" acquired the right to use this word when they purchased the assets of a bankrupt concern some 75 years ago. The National Grange went to considerable financial expense to prevent this concern from gaining a copyright on their name, and hailed the decisions of the court as a great victory, and

**WHEREAS:** The interests of the Grange and its prestige and integrity must be preserved, and

**WHEREAS:** That any concern, association, business enterprise, cooperative or any type of service organization using the name "Grange" in their style of operation, and so doing business in the State of California, be required to first obtain permission from the Master and Executive Committee of the California State Grange, or the approval of the delegate body at the regular Annual Meeting of said State Grange; to use the name "Grange" in their style of business operation, and

**WHEREAS:** If any such association now using the name "Grange" in their operations of any nature within the State of California, but under the supervision of the Executive Committee of the California State Grange, with a member of the Executive Committee of the California State Grange to be present at all Board meetings of said enterprise or business; with power of veto on any phase be vested in the Executive Committee of the California State Grange which is deemed prejudicial to the best interests of the California State Grange. The same form of procedure now in opera-

tion with respect to the Grangers Business Organization be used as a guide.

THEREFORE: Be it resolved, that whenever any enterprise or organization using the name "Grange" in their transaction of business, expands their operations to include anyone other than members of the Grange, then at the discretion of the Executive Committee of the California State Grange, or the delegate body of the California State Grange at their regular Annual Session, said enterprise or business, must divest themselves of all reference to the name "Grange" in their subsequent operations; under the findings of said Executive Committee of the California State Grange; and said business or enterprise must conform to the decision of said Executive Committee.

Be it further Resolved, any member of the Grange, whose actions are contrary to the decision of the Executive Committee of the California State Grange, and who refuses to comply with the regulations deemed necessary by said Executive Committee, shall be considered committing acts prejudicial to the best interests of the California State Grange.

                         **Conduct by an Attorney**  
NORTHERN HUMBOLDT COUNTY  
POMONA GRANGE NO. 48

WHEREAS: Many people in the State of California have retained attorneys to represent them legally, and

WHEREAS: These people have paid fees for this service and representation, and

WHEREAS: There are attorneys in the State of California who have violated the confidence of their clients by not adhering to the rules of professional conduct as set forth in the "California State Bar Act and Rules of Professional Conduct," page 41, Chapter 8, page 43, Chapter 15, and

WHEREAS: At the present time, no recourse is offered a client who finds himself at the mercy of an unethical attorney except to file a civil suit within 2 years, which suit may not be taken by another attorney because it is not common practice for one attorney to bring action against another, and

WHEREAS: The President of the California Bar Association, Graham Sterling Jr., has suggested (as published in the San Francisco Examiner) that a sum of \$250,000.00 be set up to reimburse the clients of unethical attorneys, the sum to be made up by all attorneys contributing to the fund, and

WHEREAS: This appears to be an admission that many attorneys are practicing law contrary to the "California State Bar Act and Rules of Professional Conduct,"

THEREFORE: Be it resolved, that a State law be enacted directing the Governor of the State of California to appoint five men to sit as a Board of Commissioners to hear the charges of a client on the misconduct of his attorney. That this Board be permitted to retain an investigative department to investigate and then report its findings to the Board of Commissioners so that all charges and reports could be considered and a proper decision rendered. If a decision is rendered in favor of the client, the attorney shall lose his license to practice for a period of not less than six months, the client to be compensated an amount as set forth by the Board of Commissioners, and all costs be borne by the defendant. If the defendant or complainant feels that the decision of the Board of Commissioners was unjust, he may then appeal for a jury trial on a State level.

**ORANGE COUNTY POMONA GRANGE NO. 36**

WHEREAS: A resolution to investigate the heavy importation of foreign goods now offered in our California retail outlets, and its consequences upon local employment later, and

WHEREAS: Our retail stores and other outlets are now selling a great variety of merchandise which is not manufactured in our country, and

WHEREAS: This merchandise is in direct competition to our local products, and in many cases much cheaper, and

WHEREAS: These foreign goods are made with cheap

labor, whose people do not enjoy the high standard of living which applies to our country, and

WHEREAS: This continued importation and selling of foreign goods will sooner or later create unemployment, and also effect our economy,

THEREFORE: Be it resolved and recommended,

First, The California State Grange go on record as opposed to the volume of imports and the type of merchandise permitted to enter this country, and

Second, fully recognizing foreign trade is necessary to any country, we believe, however, the imports should be confined to those least competitive to our own, those goods which show a shortage in this country.

Be it further resolved, the California State Grange Executive Committee look into the whole matter; to the end that the proper Departments of Government will be advised of the adverse effect upon our economy, particularly labor.

WHEREAS: the Statewide Manufacturing Milk Committee, which the California State Grange was instrumental in organizing, worked industriously in behalf of the Grade B dairyman in 1958 and 1959, and

WHEREAS, this committee introduced and pushed through the State Legislature Senate Bill No. 1443, by Senator Hugh P. Donnelly of Turlock, former Stanislaus County Pomona Grange Master, and

WHEREAS: SB 1443 provides for quality standards in all dairy products sold in California, both domestic and imported and this will help the Grade B dairyman get a better price for his milk, and

WHEREAS: the work of the Statewide Manufacturing Milk Committee was so outstanding that it should be encouraged to continue meeting and to propose either marketing orders or further legislation to help the harassed Grade B dairyman,

THEREFORE BE IT RESOLVED that the California State Grange, in 87th annual session in Long Beach November 9th through 12th, 1959, does hereby go on record as praising the work of the Statewide Manufacturing Milk Committee, and further

That the California State Grange do everything in its power through this committee and through other means to assist the Grade B dairyman.

Fair Oaks Grange No. 724

WHEREAS: The olive industry in the United States is suffering from the following:

1. A surplus of canned olives for the past three years due to low cost foreign competition, and
2. A Tariff Law out dated since it was enacted in 1935, and
3. The present import duty charged is negligible and

WHEREAS: Imports from Spain, Portugal, Italy, and France have exceeded seventy-three million pounds against United States production of twenty million pounds, based on 1957 statistics furnished by United States Department of Agriculture,

THEREFORE, Be it resolved, the California State Grange request the President of the United States and/or Congress to increase the tariff on imported olives, olive products and by-products, high enough to protect American producers of olives.

**Request Imports of Tapioca Flour  
Be Labelled Tapioca Starch**

**Agri. 12**

Tulelake Grange No. 468

WHEREAS: We herewith request that the State and National Grange join the domestic potato and corn industry in its request that the U. S. Tariff Commission require imports of tapioca flour be properly labeled tapioca starch. The Tariff Commission is holding a public hearing in the hearing room, Tariff Commission Building, 8th and E streets, Washington, D. C., beginning at 10 a.m. Eastern Standard Time, January 26, 1960, and

WHEREAS: This hearing is being called to study and determine whether or not the imports of starches and flours are affecting the domestic potato and corn starch industry. The potato industry feels that imports of tapioca flour should be properly labeled tapioca starch because this commodity is used for the same purpose and in direct competition with our domestic potato and corn starch. The duty on flour is about one-fourth the duty on starch. Elimination of this mislabeling practice will make it possible for our corn and potato starch manufacturers to pay a reasonable price for the raw product used in the manufacture of potato and corn starch,

THEREFORE: Be it resolved that the California State Grange and the National Grange join the domestic and corn industry in its request that the U. S. Tariff Commission require that imports of tapioca flour be properly labeled tapioca starch.

### Repeal Present Tax Method Regarding Business Producing Logs, Lumber and/or Materials on Hand

Legis. 4

Northern Humboldt County Pomona Grange No. 48

WHEREAS: All business engaged in the production of logs, lumber and/or materials in the State of California pay taxes on only the logs, lumber and/or materials on hand, stock piled on the first Monday of March of each year, and

WHEREAS: Businesses do not pay taxes on logs, lumber and/or materials cut, manufactured and/or sold between the first Monday of March of the following year, and

WHEREAS: The amount of logs, lumber and/or materials, cut, manufactured and/or sold between the first

Monday of March of one year to the first Monday of March of the following year, constitutes the bulk of the business done by these companies, and

WHEREAS: Land is going out of production, in one instance, because of wasteful cutting of timber which reflects in higher taxes for the small property owner, and

WHEREAS: Humboldt County is the second highest taxed county in the State of California and

WHEREAS: Humboldt County should be one of the lowest taxed counties in the State of California, due in part, to the large lumber industry engaged in business in Humboldt County,

THEREFORE: Be it resolved, the California State Grange propose legislation be enacted to repeal the present tax method now used by County Assessors to tax business in the production of logs, lumber and/or materials and further propose that all business so engaged be taxed on their production similar to the Petroleum and Cotton Industries.

**Oppose Further Increase in  
Property Taxes****Legis. 1****Oakdale Grange No. 435**

WHEREAS: Opposing further increases in property taxes which would be necessitated by so-called equalization with private utility taxes. Experts claim such action would increase property taxes by 40%, and would be manifestly unjust inasmuch as public and private utilities are able to set their rates in order to realize a fair return of income, while Agriculture is already being forced to a great degree to produce at a price which is already below the cost of production, and

WHEREAS: This would require the State of California to equal the taxes paid by property owners for the maintenance of schools. As at present, the State pays but 28% of the amount property owners are required to pay toward the maintenance of schools, and while they have materially increased their contribution of former years, hard-pressed property owners would appreciate an equal sharing of this major tax.

THEREFORE: Be it resolved, the California State Grange oppose any attempt to adopt this plan of tax equalization.

**Investigate Selling of Almonds Under Agri. 6  
Marketing Act**

Arbuckle Grange No. 696

WHEREAS: The California almond industry has for the past nine years been operating under a Marketing Act controlled by the Secretary of Agriculture the purpose of this being to maintain a relatively stable price for almonds, allowing the grower a profitable return for his crop, especially in years of high production as in 1959, and

WHEREAS: During the 1959 crop year, the Almond Control Board voted to have a 30% set aside for the year's almond tonnage, leaving a saleable portion of 70%, the idea being that this 70% should return to the producer a fair price for his product, and

WHEREAS: It now develops that the grower will be paid a price that has declined approximately 30c per pound from that of a year ago, while production costs have increased steadily since the Marketing Act has been in effect,

THEREFORE: Be it resolved, the members of Arbuckle Grange, living in an area of over 10,000 acres of producing almonds, ask the California State Grange to investigate the reason for this loss, both in saleable portion and price of this crop. We feel that when a large portion of a crop is withheld from sale there should not be such a terrific decline in price;

Be It Further Resolved, the California State Grange investigate the selling of almonds under the present Marketing Act. We do not feel that the Marketing Act has accom-

plished its promised purpose, that an inflationary price has been passed on to the consumer, without giving the grower an increased return.

WHEREAS: Increasing numbers of the motoring public are using the highways of the State of California for pleasure driving, and

WHEREAS: Present roadside rest-stop facilities for the motoring public are hopelessly inadequate and are not comparable to facilities provided by adjoining states, and

WHEREAS: The addition of such facilities conveniently located throughout the State would serve the public interest by

- a. providing places for rest and comfort, thereby refreshing the motorist and reducing driver fatigue.
- b. providing disposal units for waste material, thereby minimizing the health menace caused by decaying debris and eliminating litter, thereby increasing the enjoyable scenic use of the State Highways,

THEREFORE: Be it resolved, the California State Grange take immediate steps to have the State of California include in its highway development program, adequate roadside rest-stop facilities to the end that the comfort and safety of the motoring public be assured and the scenic beauty of the State be maintained; and that the Honorable Governor Edmund G.
