1966
NINETY- FOURTH ANNUAL SESSION
OF
CALIFORNIA STATE GRANGE
Stockton, California

TUESDAY, OCTOBER 18, 1966

The California State Grange opened its 94th annual convention at the Civic Memorial Auditorium in Stockton at 10 A.M.

Presentation of the State Grange Officers followed.

Patrons who were not members of the Sixth Degree retired to the lobby and the Grange was opened in the Sixth Degree. "America, The Beautiful" was sung by the Assembly, led by Deputy Lester Wendt, Mojave Valley.

Worthy State Grange Flora, Donna Bertozzi, presented the flag. "The Star Spangled Banner" was sung.

W. M. Carlile, Jr., Deputy Mayor of the City of Stockton; B. L. Faunce, President of Stockton Chamber of Commerce; and Kay Briski, Secretary of the Stockton Chamber of Commerce, were escorted to the Master's station. Each addressed the Assembly and welcomed the Grangers to Stockton.

Worthy State Overseer, Vayne Ralston, made the response.

ROLL CALL OF STATE GRANGE OFFICERS

Election Committee report was given by Committee Chairman, John Buck.

A total of 455 ballots cast—4 Voided—41 Unused.

Having a majority vote, Worthy Master declared Brother Kenneth Bley, elected Assistant Steward of the California State Grange. Brother S. E. "Dick" Rafter re-elected Executive Committeeman for the term expiring 1969.

Having the majority vote, Worthy Master declared Fresno the Convention City for 1968.

Brother Kenneth Bley thanked the delegates, as did Brother Dick Rafter.

Brother Fred Garrison thanked the delegates for naming Fresno the Convention City for 1968.

Brother O. M. Davis of Fresno County, Past Master of the Executive Committee of the California State Grange, was es-

corted to the Master's station and he addressed the delegation.

R. A. Findley, representing Grange Insurance Association of Seattle, presented Verdugo Hills Grange No. 699 with a clock radio and Long Valley Grange No. 642 with a transistor radio.

Brother Walter Adams, Chairman of the National Welfare Committee gave a partial report.

The Grange was declared at ease

John F. Foran, Assistant General Counsel of the Farmers Insurance Group was escorted to the Master's station where Master Quinn introduced him to the Assembly. Mr. Foran spoke of the importance of voting in the November election, and especially on No. 8 on the ballot.

Congressman John McFall was escorted to the Master's station with State Grange Legislative Representative Herman Grabow. Brother John McFall was introduced to the Delegation, and welcomed his fellow Grangers to his District. He spoke of his 16 years of working with Grangers; and is proud that he now works with them on a National level.

Master Quinn introduced Brother Herman Grabow who presented Congressman McFall with a milking stool.

Worthy Master Quinn turned his station over to Junior Superintendent Eve Rowe who asked that Matron and Patron Solgat of Redwood Valley Junior Grange No. 174 be escorted to the Master's station. Sister Rowe commended Brother and Sister Solgat for having one of the most outstanding Junior Granges in California. The Grange was presented a rug. Brother and Sister Solgat received a Certificate and Sister Solgat received a pin. Sister Solgat addressed the Assembly and introduced the Master of Redwood Valley Grange No. 382 who has attended all the Junior Grange meetings. Master Byron Graham was lauded for his cooperation.

Brother James Ryan continued with partial report.

Motion was made to reconsider Resolution Good of the Order No. 1.

No. 38 "RELATIVE TO CONFERRING OF FIRST-FOURTH DEGREE" G.ofO. 1

Brother John Freitas, Deputy of Southern Sonoma County was in charge of the Installation. Brother Kenneth Bley was installed as Assistant Steward. S. E. "Dick" Rafter was installed as Executive Committeeman of the California State Grange for the constitutional term ending 1969.

Installing Team: Jessie Rafter, Marshall; Ida Freitas, Emblem Bearer; Eulalia Archer, Regalia Bearer.

Worthy Master thanked the Installation Team and extended congratulations to the new Officers.

Worthy Master expressed his gratitude to all on behalf of Sister Quinn and himself.

The Delegation sang "God Be With You 'Til We Meet Again", and the Worthy Overseer, Vayne Ralston, by order of the Worthy Master proclaimed the Ninety-fourth Annual Session of the California State Grange closed.

Fraternally submitted,
MARJORIE BROWN, Secretary
California State Grange

MASTER'S ANNUAL ADDRESS

AGRICULTURE

California's total 1965 agricultural output still is the largest of any of the states, amounting to \$3,751,000.00. California also exports the largest cash total in agricultural exports of any of the states. This output of the soil accounts for about one-third of all the jobs in California and accounts for fully 30 per cent of the total economy of the state.

This is too large a total to be brushed aside and should be the concern of every thinking citizen within California. Many ill timed statements are made concerning agriculture in California being destined for immense, corporate type operations.

True, the size of most of the agricultural operations within California must, as a necessity, be beamed toward increased acreage—this does not mean that there should be nothing less than 25,000 acre or larger agricultural installations in this state. Take rice growing for example. We understand there is one rice growing installation of 50,000 acres in this state—the owners of the land claim they would welcome a net income of \$1.00 per acre on their yearly operations. How would this affect a present grower of 5,000 acres—hardly believe this 5,000 acre installation could survive with this net income per acre. The answer would be to increase to 50,000 acres—how many rice growers today are financially able to increase to 50,000 acres and where would they buy the land for the increased acreage. How many 50,000 acre rice installations would there be for California's total rice acreage of 356,000 acres? This should give the 5,000 acre rice grower something to think about. He may be a large grower

today, but he will be ruthlessly eliminated from the farming picture if he cannot increase to 50,000 acres. You can go down the line of agricultural endeavor for all of California's multitude of crops—make them all 25,000 acre or larger installations for what is called "efficiency". Consider what it will mean if this comes about! First think of how few installations there will be and its affect on the life of California. What will become of the thousands of homes of the present efficient operators of individual farms? They will go empty. What about the communities they serve—90% of the homes will be vacant, 90% of the schools will have no students, 90% of the banks and branch banks will be inoperative and what about the individual business houses that prosper with the purchase of the millions of dollars of modern household appliances and needs of this space age. What about cities, parks and public installations? Who will pay the taxes to keep them going? The most tragic loss of all is the home and community life. The labor of the few seasonable laborers will never make up a fraction of the contribution to the economy by the present citizens in rural areas of California. The owners of these 25,000 acre and larger installations will be largely absentee—in Brentwood, Sea-Cliff or villas on the Mediterranean. This will be reminiscent of feudal Europe of 150 years ago and the present system of land ownership in Central and South America. This should not be the future of agriculture in California and with the fighting spirit of the Grange and all who value human decency, this will not come about. It can happen though, through indifference and ignorance.

The Grange was founded on the principle that the efficient, independent family farmer as well as efficient individual enterprise should be maintained as a bulwark of freedom. When there are no independent business installations of any nature, no farms less than 25,000 acres, this will be a strange and soulless land.

However, automation and mechanization of agriculture is on the march and there will be major changes in the farming pattern each coming year.

The Grange in California has fought for years to bring the present system of Federal price supports, grants, and all the other various methods of so-called assistance to agriculture to a more equitable standard. For the past 15 years, we've followed a system of comparatively high support prices to several favored commodities with what we consider far from the desired results. We have the spectacle of immense acreage receiving, year after year, as high as one million dollars yearly for an individual or corporation, in support prices. Surely, the original intent of this legislation was not to promote larger farm installations,

but to protect the efficient, independent agricultural operations from disaster.

For the past seven years, the Granges in California have endorsed a system of direct cash payments under certain conditions to all agricultural crops, having an annual national total value of 25 million dollars or more. It is simple, in fact, so simple that it causes consternation among those who want to perpetuate a system of thousands of federal employees, searching, measuring and keeping records of billions of dollars worth of agricultural crops. Also those who have fattened at the expense of the Federal Government for years with millions of dollars worth of support payments annually. First, each producer would, under most conditions, be allowed to produce whatever crop he chose. He would market his crops to the best advantage with private firms. In order to protect him from disaster, there would be a figure set that would not encourage inefficient operations, but would be a check against disaster. This would be the duty of the Secretary of Agriculture. Then, each producer would market his crops, taking an itemized receipt from the purchaser. If the total price the producer received did not meet the figure set against disaster, then and only then could the producer collect a cash sum to bridge the difference between what he actually received and the figure set against disaster. There must be a limit though, on the total amount any one operation could collect in a calendar year. This would keep immense operations and speculative interests from over planting, as they would be guided by the total amount they could receive from the Federal Government in any given year. This is far from perfect, but it is infinitely superior to what we've been doing in the past 14 years and we believe it deserves a trial. It could be instituted for a period of two or three years on one presently supported crop and one crop not federally supported. If it did not work satisfactorily, it could be abandoned with little or no ill effects. This type of legislation has been introduced in the United States Senate by Senator Herman Talmadge of Georgia, but the powerful forces representing millions of acres of land in large tracts that have relied on government help over the years, have so far, been strong enough to by-pass this desired action.

In the recent weeks, there were amendments introduced in the United States Senate to limit the total payment to any person or corporation under agricultural supports or grants, to \$100,000.00 annually. This also was not approved. We believe that the general public, when fully aroused, will demand reasonable limits to large corporate and private installations to be

received from the Federal Government in support payments. We might add that in 1960, the National Grange in session at Winston-Salem, North Carolina, adopted a resolution calling for a ceiling of \$50,000.00 as the total amount in support agricultural payments to any operation in a calendar year.

AUTOMATION, MECHANIZATION AND THE SCIENTIFIC REVOLUTION IN AGRICULTURE

Literally, this is the day of computerized bulls and mechanical bees down on the farm.

In California, it is the day of the airplane as a farm tool—planting seeds, applying fertilizers and insecticides, defoliating cotton, and even to herding wild ducks out of California rice fields.

The science of genetics is used to increase yields or to permit a crop to be harvested mechanically, using the science of pathology to detect plant and animal disease and using the science of chemistry for effective controls. Do not smile, we use the science of biology to fight the “bad guy bugs” with “good guy bugs”.

Today, machines do the chores which a few years ago required the back-breaking toil of thousands of men. Now we use the cotton picker, tomato harvester, potato harvester, carrot digger, and the berry harvester.

There are imminent break-throughs with machines to harvest grapes, lettuce, cantaloupes, celery, and asparagus. There is a new lettuce harvester using an electronic sensor which “feels” each head of lettuce and selects for cutting only those of an adequate firmness and size. Other machines are being considered to eliminate backbending toil of weeding and thinning.

We understand a Salinas Valley lettuce grower has invented a lettuce planter which not only sows the seeds evenly spaced (to do away with hand-hoe thinning), but also this machine lays down a chemical weed killer, an application of fertilizer, and a mulch to keep the soil from crusting and thus preventing the young plants from breaking thru the surface.

Today, the California dairymen use the results of computers in upgrading their herds with artificial insemination. For a nominal sum, they can order semen from the bull or bulls they believe will pass along the desired characteristics to the progeny of their cows. Few dairymen could afford to own breeding bulls that are worth from \$50,000 to \$150,000, but their services are available.

Just a word about mechanical bees. Bees are vital to agriculture—they pollinate California's crops worth approximately 200 million dollars each year. Breezes also aid in spreading pollen.

A Chula Vista Farmer, Sam Vener wanted to grow tomatoes inside plastic greenhouses, so he couldn't count on the breezes to pollinate the flowers, neither could he tolerate live bees inside the greenhouse. Agricultural science still has to provide a housebroken, stingless bee. So Mr. Vener invented a small battery-driven electric vibrator which is called the "mechanical bee". When touched to the flower stem and activated by a push of the button, it shakes the pollen free. In an open field around 50 per cent of the flowers on a tomato vine set fruit—this can be stepped up to 90 per cent by spraying the flowers with a hormone.

This is tremendously expensive but intensive research will, in time, bring the cost down within reach of most growers.

All this sounds fantastic, but it's a cold, sober fact. The modern farmer must take advantage of every device that will reduce drudgery, improve output and increase his net income. The cost will be high, but here again, efficient and wide-awake producers can combine their resources and either buy or lease on a co-operative basis, these modern tools and techniques and thus reduce their individual cost in order to stay in business.

The efficient, independent farmer must be willing to arrange his plantings, harvesting and other necessary features along with his neighbors to stay in the running. Otherwise, he will be ruthlessly swept aside by immense corporate installations that are financially able to finance these costly innovations.

FOOD FOR PEACE

Never in human history, has any nation sallied to the support of those peoples and nations fighting hunger, disease and ignorance than the United States. Billions of dollars worth of food-stuffs, countless millions of direct financial aid for hospitals, dispensaries, farm machinery, sanitation and the fundamentals of bodily care have been unselfishly distributed throughout the globe. As a humanitarian nation, we must continue to do everything within our power to bring hope to millions of helpless people. Almost one half of the human beings on this planet go to bed each night hungry. In our zeal and endeavor to relieve human misery, we must remain strong and use discretion.

Misguided emotionalism must be replaced with calm reasoning. This nation could well double its output of wheat, feed

grains, rice and beans to supply some of the world food deficiencies, but upon sober second thought, who would pay for this abundance? Some one must foot the bill for all these millions of tons of additional food supplies. Most of the nations whose people need these foodstuffs seem unable to pay for them. Private capital could not finance the total and the only remaining source is the Federal Government. Do we want billions of bushels of wheat, feed, grains, rice, and beans stored again in warehouses, financed by a beneficent Federal Government, or simply donated to those in need. Before embarking on a wild and unlimited increase in food production, we should find out just how it will be financed.

AGRICULTURAL LABOR

Now there is Federal legislation establishing a minimum wage of \$1.00 per hour for certain agricultural workers, effective January 1, 1968. This covers all farms employing over 500 man hours of labor during a growing and harvesting season. It will eliminate most farms employing less than seven full time hands. The wage scale in California is considerably higher than this \$1.00 per hour national minimum, but it is a step in the proper direction. It will force labor in certain sections of the United States, now producing crops in competition with California, to at least pay \$1.00 per hour instead of 50c to 75c per hour, which has prevailed.

We must face the fact that in certain nearby nations, the daily wage of the average farm worker is just about the present hourly wage of \$1.40 per hour demanded by the Federal Government before workers can be used from Mexico.

The present unionization of four large agricultural producing corporations in California, is of vital significance to all California farmers using supplemental and permanent agricultural labor. Most California growers depend on their year's income from the price they receive for their crops as harvested. Many of the immense installations in California now produce, transport, process and even distribute, the products they grow—making their fundamental production of crops, a captive force. They have little interest in the price of the product as it comes from the soil, because they can get their required revenue out of transporting, processing or distribution.

This places the basic producer at a decided disadvantage in marketing his own crops—only by shrewd cooperation of each crop, with combined intensive cooperation in planting, growing, harvesting, as well as marketing, can the efficient, independent

California producer expect to stay in business. This is almost a jungle, but it is here and the independent producer must fight with every resource at his command.

The Grange has advocated, for years, that all segments of independent growers of such crops as grapes, peaches, plums, mellons, berries, lettuce, vegetables, in fact all commodities, band together as a unit in the selling of their products. They would have force and their voices would be heard and respected. The Grange offers its full facilities as a meeting place, source of headquarters and any means of banding these efficient, independent producers in a common cause. It can be done, but only the growers themselves can take advantage of this opportunity.

ASSESSMENT OF FARM LANDS

At the 1965 Session in Bakersfield, Assemblyman, Brother John Williamson of Kern County, outlined his proposal, known as A.B. 2117. This was approved at the 1965 Session and at this writing, we believe there are just two counties in California whose Board of Supervisors have approved—Marin and San Mateo Counties.

At the 1966 General election, there will be Constitution Amendment No. 4 introduced by Senator Farr of Monterey County. While a step in the right direction, we still are of the opinion that legislation following the outline of former Senator Paul Lunardi's proposed legislation will more nearly meet the requirements of preserving prime agricultural land in California. It will give the owner of the land, discretion in keeping his farm land and at the same time, protect the entire tax paying public from real estate speculators and immense land holdings from hiding behind comparatively low agricultural assessment until they feel the time is ripe to subdivide or place the land in other than strictly agricultural production.

The Grange will support any legislation that will keep agricultural lands assessed at their agricultural use, but will fight against any schemes to protect large holdings with low agricultural assessment merely as a blind to hide behind until the land can be more profitably diverted to other uses.

The Grange in California was instrumental during the dark days of the 1930's in setting up pro-rates and marketing agreements for agricultural products in California. Without this action, thousands of California farmers would have been forced off their land. It was a wise provision and those of our Order who inspired this action can never be fully thanked. These marketing orders and pro-rates have been the guide for hundreds of such

agreements now in force throughout this country and they can be expanded to practically each farm crop.

The 1966 Congress approved legislation that would permit the Secretary of Agriculture Freeman, if he deemed it advisable, to call for a referendum of all cotton producers in the nation to vote for a proposition for \$1.00 per bale deducted from each bale of cotton from the 1967 and succeeding crops, for use in promoting larger uses of cotton as well as improvements in quality, cultivation and all phases of cotton. The California State Grange Cotton Advisory Committee strongly endorsed this action as did the National Grange. The State Master testified at Phoenix, Arizona on Aug. 29 favoring the implementation of this referendum in time for funds to be raised from the 1967 cotton harvest. It is a start in self help for cotton growers and might be the means of gradually removing all crop restraints, etc. This would allow cotton with an expanded acreage and demand to stand on its own feet, eliminating the necessity of Federal controls, acreage restrictions and marketing limitations. We urge every cotton grower in California to get actively behind this movement so that cotton growers can start helping themselves.

The California State Grange is proud that it was the only California farm organization at the Phoenix hearing, supporting this proposed referendum.

PESTICIDES AND HERBICIDES

California maintains its over \$3,000,000,000 annual agricultural output largely through judicious use of proper pest controls. Without them, as a nation, we would be hard pressed to even feed our own 190,000,000 people, and have billions left over in food and fibre each year for export.

Great strides have been made in promoting the use of less toxic controls for successful crop production, but we must make still further progress. Misguided people in the large centers of population are easy prey for uninformed emotional people who do not understand the complex problems of modern agriculture. We in agriculture should take an active part in demanding further research into chemical and biological fields so that we can provide still more effective and safe controls over insects, fungus and blight. We need the full cooperation of our gigantic agricultural chemical industry, our agricultural schools, together with the financial aid of each state and the United States Department of Agriculture. With hard, earnest work, we can gradually remove all injurious effects of adequate pest control.

The Grange will assist whenever possible in promoting and the marketing of potent pesticides that are within the financial reach of agricultural producers and will also remove the threat of toxic dangers.

FOREIGN TRADE

Trade is a two-way street—nations must buy in order to sell. To gain admittance to world markets for our agricultural production and industrial output, we have to be willing within reason to accept good to pay for the items we export.

Common sense dictates that we save as much of our own agricultural production as humanly possible. California is particularly vulnerable in the round table dealing over agricultural exports and imports. Specialty crops, produced almost exclusively in California, total over 250 million dollars annually. Many of these crops are also articles of export from other producing nations.

The nightmare in California is that these California specialty crops will be used as a club or a pawn in exporting wheat, coarse grains and similar products. Plainly, to export wheat, etc., our Federal Government will sacrifice California almonds, walnuts, dates, figs, olives and similar items.

If sacrifices are to be made in agricultural exports and imports, they should be equalized entirely down the line and California specialty crops not be ruthlessly bartered away by an influx of lower cost produced agricultural output.

CONSERVATION

The Preamble of the California State Grange Constitution reads that "The lakes, rivers, streams, as well as the beaches of California belong to the people and should be preserved for them in perpetuity."

We've traveled far from this ideal in the intervening years since 1873. We can still save some of the priceless scenic treasures as well as the water resources of California so that future millions of our citizens will be able to live in comfort amid the natural beauty of this state.

Recent Congressional legislation, as well as proposed legislation, surrounding the present future allotment of waters of the Colorado River affect every citizen of this state. The Grange congratulates the officers of the Metropolitan Water District of Southern California, the City of Los Angeles, as well as other interested parties in California for their successful start in negotiating for a modern desalting water plant off the California Coast which will use the same nuclear heat that desalts the ocean

water to generate electric energy to bring down the cost of the water for domestic and industrial use. The first plant will furnish domestic and industrial water to a city the size of San Francisco. By intense research, the cost of this desalted water will be drastically lowered so that future plants will reflect these savings. This water will probably never be cheap enough for agricultural use, but if we can utilize the Pacific Ocean for domestic and industrial water for 10 to 15 million people, think of release of millions of acre feet of water from other California sources that can be used for irrigation. This is one of the most important happenings in all the annals of California water supplies and reflects the theme of the century—progress. Future generations all over the thousand mile length of California will be able to live more comfortably in California due to the initiative of these public officials in using the tools of our modern space age for the benefit of all.

The San Luis Reservoir in Merced County, built jointly by the Federal Government and State of California, is ahead of construction estimates. This reservoir will impound Federal water mainly from the Trinity Dam and the State portion will be filled largely by water from the Oroville Dam. The Federal water will be used largely by the Westlands Water District and the State water below the Federal Service areas in Fresno County. The Grange is disturbed over the arrangements with the Westlands Water District. These people have never signed a recordable contract with the Bureau of Reclamation, that they will divest themselves of their surplus acreage amounting to around 500,000 acres after 10 years of Federal water. Also, there are so many loopholes in the proposed agreement with the Westlands Group, that we feel the U. S. Secretary of Interior has completely abandoned all the proper safeguards necessary in negotiating a contract of this character. Repeated insistence by various groups that the Secretary of Interior require recordable contracts signed by the Westlands Group before close to 150 million in Federal funds are spent to bring water to their lands. So far this has not been done.

One favorable step is the Federal authorization of construction of the Auburn Dam, to further domestic, industrial, and irrigation water needs for Central California. All thinking citizens should be on the alert to see that proper safeguards are implemented before any water contracts are made by the U. S. Department of the Interior. The Federal Government now has close to one billion dollars invested in the Central Valley Project. This has been instrumental in keeping California the leading agricultural state in the Union. All thinking

citizens should take every step within their power to see that future installations of Federal water storage dams are used for the greatest good of the greatest number.

Californians must face the facts of life relative to water. Twenty-five years ahead, when projections are that there will be 40 million people within our borders, we will have to look beyond our boundaries for additional water. Bold schemes have been advanced—one California engineering firm has plans for a 100 billion dollar system of dams, lakes, transmission lines, etc., embracing Alaska, Canada and Western United States. They figure that even with this water project, we will have to look to the Pacific Ocean for additional domestic and industrial water supplies. They figure the sale of electric power generated by the impounding of the many reservoirs will in a large measure, retire the 100 billion dollar initial outlay. Even the modern engineers have to adopt the fundamental plan of the Federal Government in the 1940's—that the sale of electric energy generated by Federal dams reduces the cost of water for irrigation.

The Columbia River sends around 40 million acre feet annually to the Pacific Ocean. To date the Northwest States have been unwilling to even consider allowing any of these waters to be exported to California, Nevada or Arizona. One can well see their need for caution. However, we can also have our own engineering dreams—it might be possible to install a gigantic water transmission line to be laid on the floor of the Pacific Ocean. This could start upstream from Astoria, Oregon. It would siphon water down the entire Pacific Coast to California. The water that had already passed over most of the States of Oregon and Washington could not then be used for any purpose upstream and there would be no argument as to surplus, or any menace to navigation on the Columbia River. A similar scheme has been suggested for Northwest California rivers—their flood waters be stored in dams close to the Pacific Coast and then brought down the Pacific Coast beneath the ocean's surface. These plans while seeming visionary are worthy of consideration and we must explore every conceivable plan to insure sufficient water for California's future needs.

It is interesting to note that the State of Arizona has two Federally constructed power lines to wheel power from the Bonneville Dam and other Federal projects in the Northwest to final use in that state. At the same time, California has but one small 250,000 KW line from the Oregon-California Line to the Shasta Dam—this will supplant the energy that will be needed in getting the water from the Federal Trinity Dam to the San Luis Reservoirs.

The Grange along with Congressman John Moss and Harold Johnson of California, as well as the late Senator Claire Engle, fought for at least one Federal power line into Central California. A combination of private power companies and others who were pressured into endorsing the private lines, were successful in depriving eight million California citizens living in 80% of the land mass of California, of the benefits of a Federally constructed power line. This California private power plan also had the approval of the U. S. Secretary of Interior. Seventy-five per cent of the power that will come to California over these private power company lines originates at the Bonneville Dam, entirely constructed with Federal funds. Not alone this, but the recent agreement with Canada provides the building of immense dams on the upper reaches of the Columbia River in Canada. The United States shares in the costs and also shares the output of power to be generated. This also will be wheeled into California by private power lines. This is one of the most flagrant abuses of proper procedure of Federal installations in California history. The Grange has no quarrel with private electric power companies—they have their proper place in our modern economy. They should not, however, supplant the Federal Government in transmitting electric energy produced by Federal installations.

A Federal power transmission line from the Oregon border to California's Central Valley points would serve as a yardstick in determining proper power rates—it would not preclude the use of these power transmission lines by the private power companies. It is fundamental that whoever transmits the power, dictate its price and ultimate use. This miscarriage of power transmission should be a lesson to all citizens who believe in proper wheeling of Federal power.

Grange membership in California, as well as millions of citizens who appreciate real conservation, are still mindful of the betrayal of California's interests two years ago when our supposed friends endorsed the construction of two private power transmission lines from the Oregon-California border through this state.

A similar give-away is being sanctioned in the Westlands Group in Fresno County. The Federal Government is spending close to 190 million dollars to bring water to the Westlands Group, comprising around 500,000 acres with individual holdings as high as 50,000 acres. While professing to uphold the present Federal acreage limitations, there has not been a single contract signed as far as we know by the owners of these 500,000 acres. The soil conditions and general topography of the land in this

area are such that these 500,000 acres will receive a windfall unprecedented in Federal Irrigation history. We call it an example of bad faith on the part of Federal officials, supposedly guarding the interests of 190 million American citizens.

In the various Federal Water impounding proposals now approved, we should demand that the interests of the entire population be protected and that Federal Laws be upheld and not by-passed by devious methods of administration.

This office has long hammered at the need for conservation right now of California's most priceless assets, its farm lands, scenic beauties and water resources. Already in some sections of the State, the results of careless or ignorant public officials is evident. When California's population reaches 40 million within the next 25 years it will be too late to plan. Right now is the time to arrange for additional lands for recreation, proper allocation of highways and freeways, adequate plans for heavy industry, schools, business, homes and vital—the preservation of prime agriculture lands for food and fibre. Already thousands of acres of the finest agricultural lands on the globe have been needlessly sacrificed to unwise installation of highways, business, homes and other intallations that could easily have been located in less destructive locations. It's too late to moan about these failures but we can prepare now and guard against further depredations.

Grange members can see that already existing laws are enforced, that public officials study the future needs of a rapidly growing population. See that fly-by-night subdividers heed strictly to present laws and prevent the eye sores that haunt us in practically all areas of the State. Make the future a well planned, orderly growth that will insure adequate lands for agriculture, lumbering, recreation, industry, business and homes. Then we can all march together toward a newer and better civilization. The future is in our hands only if we will work today.

WATER AND POLLUTION

The Grange endorses any and all practical means of rescuing our lakes, rivers, ocean fronts, as well as cities from water and air pollution. Most public spirited bodies in America now have seen the alarming march of health destroying pollution and at long last have wakened to the peril this creeping menace affords. Many of our rivers and some of the Great Lakes have been so polluted that all forms of animal life have disappeared.

We in California must take action now to remove the present water pollution now destroying the life and vigor of our lakes, rivers and streams. After the animal life is destroyed, it is too late for regrets. We must protect the beauties of such lakes as Tahoe, Clear Lake and hundreds of other scenic spots so desperately needed by our present 19 million people and we must find ways of increasing these outdoor spots for the additional millions that will join us as the years go by.

Each year sees the ruinous effects of industrial smog and motor exhausts creeping up the Central Valley and streaking the atmosphere in the Bay Area. These health destroying fumes can be controlled if not totally eliminated.

It will take local, county, state and national action on a determined basis to keep the air we breath, and the waters we drink as nature intended.

California's 1965 general legislative session approved Senate Bill No. 309 by State Senator McAteer, that will start a comprehensive plan in restoring San Francisco Bay to some semblance of its former scenic beauty and purity.

The legislation is by no means perfect, but it is an acknowledgement of a responsibility by the citizens of California toward preserving one of the great beauty spots of the American Continent. More constructive action is necessary to keep California the Green and Golden State we should all be proud of.

California must prepare now for the future. Already, there are too many miles of California Ocean front with signs reading, "Private Beach, No Trespassing".

RECREATION

Recreation takes an important place in the National scene not alone this, the economic value of visitors, gives a spurt to our entire business life. Already, we see tragic evidences of lack of planning in unsightly installations, ugly road signs, litter and other evidences of carelessness.

The Grange endorses the movement that wherever possible, steps be taken to provide additional recreational areas and parks, but not at the expense of already producing farm lands that in some sections provide the only means of a tax base. There are ample sites in California still available that will not remove valuable agricultural and grazing lands from the tax rolls.

There is considerable discussion on the plans of the Federal Government and State of California in establishing addi-

tional Redwoods. The Grange, in its fight for proper conservation, recognizes the California Redwoods as one of our most priceless assets. They must be preserved from unregulated butchery, but in so doing, we must also give heed to the economy of the State. Proper reforestation will lead to efficient preservation of lumber—we cannot wipe out with one edict, that all harvesting of Redwood and other necessary timber in California must cease. True, some industrial firms have, in the past, paid little heed to preserving this Redwood heritage of ours—these people should be brought into acceptable standards in lumbering practice. With proper care and judicious harvest, we can still have a lumber industry to round out our California diversified economy and preserve for all time, one of the most impressive spectacles on earth, our Redwoods. Some of the major lumber concerns in California have brought forth plans to cooperate with Federal and State officials to form a partnership in preserving the Redwoods. These should be carefully scrutinized and if they will preserve the continuity of the Redwoods and at the same time, allow a proper course in harvesting lumber, we encourage acceptance of mutually agreeable plans, but only after thorough study.

At present, there are two major plans to be considered by Congress—one for the buying of around 43,000 acres of existing Redwood forests in private hands for a National Redwood Park; the other for the purchase of close to 90,000 acres of private Redwood land. We believe the totals involved are too high. The ownership of State and Federal lands in the Northern California counties now comprise around 70% in two counties and way over 60% in others. This land is all exempt from taxation and leaves the remaining property in private hands at a disadvantage when revenue must be provided for necessary governmental needs. To take an additional 45,000 acres and at the highest 90,000 acres of already taxable land from the tax rolls is literal confiscation. This would remove most of the merchantable timber in Northern California from the tax rolls and would make ghost towns of the region. Surely, no thinking person would want this, but we have supposedly intelligent people demanding this land be removed from private hands. We might suggest that a few thousand acres of private land be purchased to round out present state owned Redwood lands in order to make a continuity of park areas. This should be sufficient to protect the Redwoods for all time. Also, there should be strict regulations relative to cutting of

Redwoods on private lands—proper reforestation practices should be mandatory; so that the private lands would still be able to provide lumber and necessary income for the economy and still at the same time, with proper replacing, insure perpetual supply of Redwood trees. This we think is a more sensible solution. It is to be hoped at the 1967 session of Congress, proper legislation will be approved that will protect the present Redwoods in public hands and also by reasonable regulations insure a perpetuity of Redwood forests in private hands. The efforts of the Grange will be along these lines.

Once our scenic treasures are diverted to other uses, they are lost for all time. Each Grange has a duty to their community to see that proper safeguards are put into effect now that will provide adequate parks, playgrounds, recreation sites, camping and other forms of outdoor life.

TAXES AND FISCAL POLICIES

The real estate property taxes in California have just about reached the point of no return—in other words, the limit has been reached in collective revenue from homes and farm lands. Many schemes have been advocated, but the hard facts of life are that many of the funds which are collected annually, go to pay for items already spent and are fixed charges. They cannot be legislated or wished away. Calm judgment will have to be used to protect the land owners in California from confiscatory assessments and taxation. A comparatively low assessed valuation may mean exorbitant tax rate and equally as vicious is comparatively low rate of taxation with unrealistically high valuations. The recent exposures throughout the state of questionable and in some cases criminal abuse of assessment power by public officials, should waken the entire population as to the seriousness of our present tax structure. The first requisite is to elect to public office, men and women of integrity—partisanship should not enter, but those seeking office should be above suspicion as to character. When honest men and women are elected to public office, then we will receive honesty in the administration of public duties. This is the first test. Many ideas have been advanced as to the proper course in taxation. Maybe we should look to the two remaining avenues for revenue—after there is fair valuation of all property, then we can consider either a raise in income taxes or increase in sales taxes. Opponents of increasing sales taxes state that a 4% sales tax takes a far greater proportion of

those in the \$4000.00 yearly income bracket than those with higher yearly income—this citizen with \$4000.00 yearly income pays double his total income in sales taxes than does the person with \$8000.00 annual income and three times as much as the man with \$12,000.00 yearly income. The \$4000.00 per year citizen has a valid argument in this. An income tax is in reality, the fairest method of taxation. When you make the money, you pay accordingly to your total income. The income tax has been largely preempted by the Federal Government and there may be heavy opposition to increasing the present California State Personal Income taxes. The Grange will oppose any increase in additional taxes whether by sales or income unless the projected amount is immediately reflected in a decrease in the real estate taxes. It will be a fatal mistake to allow any additional taxes imposed without the same amount to be realized, taken from present real estate taxes. Experience has proven that whenever new taxes are imposed to off set already high taxes in other fields, there is no reduction and the increased revenue goes to other expenditures. We must hold the line in further increases in taxes if we are to survive as a going concern.

FEDERAL TAXES AND EXPENDITURES

The United States Government is not a never-ending fountain of money—the present distribution of Federal funds to almost every known field of charity, grants and largess, will in time, destroy the very foundation of our national life.

The Grange was founded to protect the weak, feed the hungry and assist the needy. There is reason in our generosity. We give billions of dollars annually to the entire world and in some quarters are told that if we do not keep up with this unlimited squandering of billions of dollars in almost every corner of the globe, we will lose our friends.

We might tighten our money belt a trifle and see how much these so-called friends will receive at the hands of others. The Grange has insisted for years that there should be a strict accounting of the disposal of these billions each year and it might be a good place to start with decreased, unnecessary Federal spending abroad. The billions that are supposedly being spent on the so-called "War on Poverty" have been largely used in paying salaries to administrative officials from the national to the local level. We doubt seriously if those who actually need the funds, receive a small fraction of the total billions being needlessly paid out. The Grange believes

in equality of opportunity for every one of our 190 million inhabitants, but this does not necessarily mean that the Federal Government should finance every human need and function from birth to death.

We call on the serious minded United States Senators and Congressmen to carefully scrutinize each appropriation for these billions and especially our two United States Senators Kuchel and Murphy, also every one of our 38 Congressmen, should be canvassed to see just what they propose to do with further Federal spending in this direction. The action must come from the Congress of the United States who still have the power of the purse. They have a responsibility to the people of California to see that due diligence is used in appropriating public funds for questionable benefits.

The same strict accounting demanded of our United States Senators and Congressmen should be duplicated with our state, county and local public officials. To those who seek office in the State Senate and Assembly, the question should be squarely asked, "How do you stand in increased state spending? What will you do as a California legislator to see that the newly arrived people of California bear a fair share of the financial burdens of our State?" We feel that a state which has added 10 million new citizens in twelve years should secure a larger portion of its increased expenditures from those who come to join us.

The same questions should be asked of those seeking county and local office. The only way to secure sanity in spending public funds is to demand in advance from those seeking office, a statement of what they will do if they are successful in obtaining public office. No vague promises, but something you can rely on. When the Grange membership, as well as all thinking citizens, take this interest in those who seek public office, we will begin to retrace our steps toward efficiency in government.

TRANSPORTATION

This space age demonstrates the vital part transportation and communication lays in each and every act on the globe today. Modern society could exist for a short period without adequate and dependable transportation. Every single act of business depends in a large measure on safe, rapid and uninterrupted transportation. The old methods are gone—we face the present and future.

Recent applications of various railroad systems to consolidate have been voiced in the press for some months.

Many of them may be in the public interest. Foremost though, is the interests of consumers along with those who are employed by these lines. In some instances, there can be savings in operation and the removal of useless duplication of services. However, in so doing, let us keep an adequate system of competition for service that will make the competing rail lines keep on their toes in service, rates and public convenience. To arbitrarily remove all vestige of rail competition by unwise consolidations would put the country's rail transportation in a straight jacket and might be ruinous in time of a national or international emergency. We should keep this fully in mind and oppose any acts that will remove all phases of competition in rail transportation.

Many inequities in freight rate schedules have developed and we urge our members to take an active part in restoring proper balances in freight rates within this state and on interstate commodities. Many freight rate structures within California are so far out of line that it almost precludes any interchanges of commodities within this state. Unwieldy and outmoded methods of labor, work rules, and all other operating practices that are wasteful and uneconomic, should be thrown out, in order that our rail lines can properly hold up their end with adequate service, rates and safety.

Every California agricultural producer is vitally interested in adequate rail rates plus proper service in order that his products may reach the consuming markets which in many instances require the longest rail hauls of any area in the United States. Only by maintaining proper rail rates can millions of dollars of California products of the soil be assured of a continuing market.

Recent testimony before state boards have shown that a reduction in freight rates on various grains, concentrates from the major producing areas in the mid-west to California would result in increasing local production of beef, lamb, hogs, poultry meat and turkey meat, by allowing the California producer to, in some measure, meet competition for the local market in lower feed producing costs which in many instances is 60 percent of the total production cost. A proper adjustment in freight rates would result in increased production of the above-named products, additional revenue to the rail lines through increased tonnage, increasing millions of dollars in added wealth to California's agricultural producing areas, and provide additional millions in wages to the processors and

transportation facilities hauling these additional products to California and other markets.

The various western transcontinental rail carriers have proposed a slight reduction on rates for corn, concentrates and some other feed items from the Mississippi River to Pacific Coast Points. These are inadequate for much benefit, but it is a start, and continued effort should be made to secure still more comparable rates on these commodities.

Another spectre has risen in the agricultural picture as to freight rates. Some of the transcontinental carriers have proposed rates on west bound fresh and cured meats from the Midwest to Pacific Coast points that are way out of balance with present rate structures. These rates, if allowed to stand, would seriously impair the livestock industry of the Pacific Coast and would harm California livestock, meat packing and allied interests. We have no quarrels with adequate rates on all commodities and to single out one segment of California livelihood as a target we feel is discriminatory and should be defeated.

TRUCK TRANSPORTATION

California now has over 10 million motor vehicles rolling on its highways. This is more than any other state and even with billions already expended on expanding highways, we are still 10 years behind time.

Careful planning must be exercised by highway officials, both federal, state, county and local to see that a proper balance is maintained in adequate allocations of highway funds and improvements. A balanced system of highway facilities is desperately needed and the over-all benefits of the entire state should be considered as the first highway need.

Cooperation between rail lines and commercial truck carriers should be encouraged, so that tonnage that can be adequately handled by the rail lines and can be moved over their facilities to relieve the congestion on the highways. Traffic that is necessary for truck transportation, will always be handled by motor carriers.

Careful attention should be given to maximum weight of loads on public highways, widths, length and height of motor vehicles so that the interests of the general public will be protected. No restrictive measures should penalize any legitimate use of highway transportation, neither should unfair and unsound competition be countenanced.

Any increase in already burdensome gasoline taxes should be examined rigidly before adoption and the Grange has stood firm in demanding that all funds raised from gasoline taxes on highway travel should be used for the purposes of maintaining and improving highways.

We view with considerable alarm the recent actions in diverting portions of the gasoline tax to Metropolitan Rapid Transit. Mass transportation in our concentrated areas of population is a necessity, but it should be financed by other means than diversion of needed funds for the extension and improvement of our highways.

HIGHWAY ROUTING

California is paying the penalty for ill considered and arbitrary routing of freeways and highways through some of the finest agricultural and scenic lands on the globe. Modern society demands fast, economical transportation but the defacement of some areas is a tragedy. Millions are spent in condemning and purchasing rights-of-way where studied action could route some of these freeways with little mileage addition to areas with little or no damage to existing installations. Usually it is accomplished by absentee direction. More time should be spent by responsible officials in reviewing the proposed routings before millions of dollars worth of irreplaceable agricultural land, scenic and historical areas are ruined.

Recent actions in Mendocino, Humboldt and Del Norte Counties furnish an example of issues involved. Some areas of California depend on their economic life through proper two-lane highways through scenic areas. They cannot exist with outmoded planning, most of these scenic treasures can be saved and in addition, modern highways can connect these areas with the rest of the state. In metropolitan areas we see evidences of highway butchery. They are an affront to civilization and could have reduced their ugliness by advance planning. The time is right now to start revamping our conception of modern highways and make them conform to a pattern of reason and the preservation of needed agricultural and scenic land.

In travelling California's thousand mile length, many of our vital highway arteries parallel the rail lines. The rail lines can handle many times their present tonnage and we see in the not too distant future, drastic action needed in routing via the rail lines traffic that can be handled by them to advantage. This will be necessary because there will simply not be suf-

ficient public funds nor will there be room for continued unlimited expansion of freeways and highways.

The rail lines at least in California will take some of the congestion from the highways and of course the necessary truck transportation will go on uninterrupted. This can be done with proper consideration for all conditions. Then we will have a fully co-ordinated system of highway and rail transportation, supplemented by underground pipe lines and whenever possible, river traffic.

REAPPORTIONMENT

The Grange, along with millions of thinking United States citizens, deploras the inaction in both houses of Congress in delaying action on one of the most controversial issues before the American public today. The time honored custom of allowing the separate states the right to apportion their houses of legislation was usurped by a Supreme Court decision. We live under a government of law and should respect the law, but if interpretation of the law is against what the majority of sober citizens think is proper, then the only way to remove the objection is in the case of reapportionment, by Constitutional amendment.

The California State Grange has repeatedly endorsed resolutions asking the Congress of the United States to submit to the electorate, a proposal to the effect that within states having two houses of legislation, they be allowed to apportion one of them on other than population basis exclusively. Surely this gives a system of checks and balances that is reasonable in representative government and we think it should be submitted to the people for action.

It is to be hoped that when the 1967 session of Congress convenes, this proposition will be introduced and so worded that it will specifically spell out the resolutions adopted by the California State Grange.

This situation is forcibly brought home to those in California when the 1967 Legislature will be represented in large areas with territory much larger than many states with just one state senator.

EDUCATION

California faces the almost insurmountable task of providing room for increased school attendance due to the heavy migration to this state which shows little sign of diminishing. With this in mind, we must be realistic and arrange our school finances accordingly.

The future of this nation and the world in a large measure depends on what is done in the formative years of education in the schools of the United States. Proper leadership is made by adequate instruction in the elementary grades, so that students entering high school will absorb the subjects necessary and then go on to institutions of higher learning, fully equipped with basic knowledge.

We believe one of the major causes of high school dropouts (not listed by the experts), is the lack of fundamental training in the elementary grades in the very essence of knowledge. We mean the ability for the high school entrant to read intelligently, write legibly, spell correctly, have a working knowledge of rudimentary English, to be able to cope with simple mathematics and to have a background in essential facts of American history. It is folly to try to compare present day requirements with those of 50 years ago, but the student in elementary school still needs the basic requirements listed above and, without them, many will fall by the wayside and become dropouts in high school. This is not an impossible goal to attain. It means proper attention by all elementary school boards in California to demand that these elementary subjects be part of our educational system. There is no short cut to learning. Following a clearly defined pattern and modern methods should be encouraged, but not at the expense of rudimentary knowledge.

The Grange has long insisted on these wise provisions in elementary education and our members should use every effort to see they are implemented in their areas.

The California State Grange, for the past two years, has been represented on an advisory board relative to school consolidation. The Granges in California have resolutely stood on solid ground in insisting that the basic educational needs in almost all instances are better known and more ably handled by local interests, rather than by absentee supervision. It was almost frustrating to attend meeting after meeting with those representing areas with one million or more in population trying to ride roughshod over any move to preserve some semblance of local control in finances, consolidation or what is commonly called "unification".

In some instances, economics may be affected by unification, but largely, the present school districts should be given ample time to plan wisely—these districts should not be forced into unification when they feel the best interests of the students will be served with some semblance of freedom of choice by their own taxpayers. There are many isolated areas in California that would be seriously harmed by a forced unification. These

districts should not be saddled with expensive elections each two years, in trying to force them into unwanted unification. Neither should funds be withheld because they have the independence and courage to stand up for what they consider is just.

The Grange supports legislation that will enable school districts to maintain some portion of their initiative and when they are ready for unification, they will vote to adopt these measures. Anything short of this is in direct conflict with what is considered basic rights of our citizens.

SCHOOL CONSTRUCTION

The Grange has endorsed for years, the preparation of school room plans on a state-wide basis available to districts that wish to conserve their educational funds. In a state one thousand miles long, with every scale of local climate, one set of plans would be useless. Those practical for semi-tropic areas would be hopelessly inadequate in the mountain areas with severe winters. The wealthier districts would still be free to explore all the latest innovations in school architecture. Those that were practical would soon find favor over the entire state-wide area.

At the 1965 general legislative session, a Senate resolution was approved asking for a study of standardized plans for California school construction. It is to be hoped that definite legislation will result in the 1967 general session, so that school districts which so desire, may avail themselves of standard building plans that will save millions of dollars over a period of years.

HIGHER EDUCATION

The coming years will make adequate training in colleges mandatory in order to take a proper place in the modern world. The advancements in science, agriculture, industry and business will be such that those lacking adequate training will be hopelessly lost in the struggle. We must see that all who will devote their time and energy have the opportunity to remain in institutions of higher learning until graduation. Already steps have been taken on a national basis to assist those who show aptitude with financial grants. These loans should be repaid when the graduates are in gainful occupation. This removes the sting of a hand-out. It is a business arrangement—the student borrows the funds with the understanding they will be repaid.

For many years, the California State Grange has had a system of student loans to assist in furthering education of our members—the funds so advanced to be repaid after grad-

uation. It is working every day and the same can be applied on a state-wide or national basis. The future belongs to the gifted and the richest nation on earth can well afford to make plans to keep millions of willing young citizens ahead in educational attainment.

California citizens have been keenly interested in some of the activities of certain groups of students in our state universities. This is the age of expression and while these students are young adults and should be treated as such, we are in accord with millions of California taxpayers, that public funds collected for education should be used for that purpose exclusively. They should not be used to introduce certain forms of behavior and vulgarity which in some instances descend into the gutter, in the name of education. There is ample room for freedom of expression at our institutions of higher learning. Those who do not wish to conform to the minimum standards of decency, should be removed from the campus and their activities should be confined in these various forms of expression to off campus activities. We believe over 90% of the students at our state institutions of higher learning are here for one purpose, to secure an adequate education to fit them for the ruthless competition they will face tomorrow. They should be given every opportunity for study, but within the bounds of reason and decency.

AGRICULTURAL COURSES IN HIGH SCHOOLS AND COLLEGES

The science of agriculture is one of the most vital necessities for the future. With solemn warnings by scientists that 25 years ahead, there will be insufficient food for the billions of human beings by present standards of production, should spur the efforts of educational and governmental officials to expend every means of research into more adequate methods of agricultural production. Marked as has been our progress in soil productivity, we have not yet scratched the surface in more advanced methods.

Additional funds are a necessary to keep agriculture abreast of the times. We need education in the arts and sciences but the nation that finds the answer to feeding the billions on earth 25 years ahead will dominate the globe. Let us be farsighted and provide the necessary tools for our future leaders in giving them suitable schools, implements and instruction in modern agriculture.

The Grange should fight to expand agricultural courses in our high schools in every area where needed.

SAFETY

This is one of the most abused words in our language. In spite of crusades, warnings and promises, the home is still the most prolific source of accidents. When you add the senseless carnage on the highways, you have a picture that is an indictment of modern civilization. We drive motor cars capable of speeds up to 100 miles per hour and put them in the hands of irresponsible operators, making them lethal weapons. We may have some respite in drunken driving on our highways with recently enacted legislation and it is to be hoped that those who indulge in abnormal amounts of liquor, will keep away from the wheel of an automobile.

Every year, the rates for automobile liability and its allied forms increase by leaps and bounds. The saturation point is rapidly being reached and the answer is, care by all those using the highways. We applaud the recent book describing the appalling lack of safety, built-in features in our modern cars—some of them are deathtraps when a collision occurs. They are all glittering, covered with chrome and fancy trimmings, but they do not have adequate bumper supports either front or rear—any head-on crash or rear crash results in either multiple deaths or hundreds of dollars in useless repair bills that could have been prevented with proper bumper placement. We feel the car manufacturers are lacking in their duty to the public in failing to build in rugged protection with front and rear bumpers. We might also inquire of the insurance carriers as to why they do not band together as a body and make representations to the car manufacturers toward safer construction. It would be a step in the right direction and might eliminate the necessity of the carriers raising their rates each year.

We urge our members to remove all sources of potential accidents in their homes, farms and places of business. Education in accidents in every branch of society will reduce premium rates and will benefit all financially. The Grange affords our members within California, a Workmen's Compensation Liability Policy for those employing agricultural labor. When accidents are reduced to a minimum, a dividend is returned to our policyholders. We hope it will be possible to return a sizeable dividend to our members again this year.

GRANGE SPONSORED CREDIT UNIONS

California's leadership in Grange sponsored Credit Unions is well rewarded by the fact that California has more Grange Sponsored Credit Unions than all the remaining Grange States combined.

It is a mark of leadership and the National Grange has now recognized this desirable form of attracting attention to the value of the Grange.

These Grange Credit Unions forge a strong arm of the Grange—they are a bulwark for financial stability. They encourage thrift in providing Loans and Life Insurance to protect both borrower and beneficiary. They provide adequate financing when needed by members. They are owned and operated by Grange members and their steady growth is a sign of their filling the needs for money-saving loans and profitable investment in shares. Each member in California can have a part in this demonstration of cooperation.

Very wisely, the California State Grange provides for presentation of the Grange Credit Unions at each annual State Session and we encourage all our members to investigate the value from every standpoint of these components of California Grange life.

YOUTH ACTIVITIES

We of the Grange have a sober responsibility to encourage the youth of our Granges to promote adequate leadership in the years ahead. No finer training can be had than that of Grange procedure and its accompanying instruction in leadership through actual participation in Grange affairs. California's 1000 mile length presents a number of problems both financial and in area planning. Brother Carle Fiedler, California State Grange Director of Youth Activities, works around the clock in planning interesting and thought provoking activities for our youth. There should be an appointed Youth Committee in each California Grange—this will start action in encouraging young minds to see the value of Grange teachings and will insure leadership so desperately needed in the future. Our Granges which now have the advantages of Grange Youth Groups are happy, expanding and working Patrons!

YOUNG FARMERS OF AMERICA

We salute this fine segment of young men and women with their families as a vital part of California agriculture. They fill a long needed want in activities for this group and each year, we make plans for them to be actively represented at the State Session. Many Young Farmers of America are officers in our Subordinate and Pomona Granges—we encourage them to carry on with this fine work.

JUNIOR GRANGES

Sonora Junior Grange No. 176 was organized January 27, 1966 and Fort Bragg Grange No. 76 was re-organized April 23, 1966. Whitesboro Junior Grange No. 130 was accorded the honor Junior Grange Certificate for the year 1965-1966.

Every member in California should attend a Junior Grange Meeting. They would then become active supporters of a Junior Grange within their own boundaries. Those who give of their time and talent in guiding these young minds in a proper way of life are building far better than they realize—they are moulding firm Patrons as citizens for the future.

Our Grange philosophy can be readily expounded in Junior Grange activities — the accomplishments of these interested youngsters is astounding to those who take the time to view their activities and guide them into paths of American citizenship.

No higher service can be given than to sponsor and assist in our Junior Grange Movement.

WORLD AFFAIRS

The tensions and blood-shed around the world still occupies a major portion of the attention in this land. We are hoping for some solution of the Viet Nam conflict with all its horror and death, that will enable this nation to stop the fighting and loss of American lives.

There is no easy way out—if we abandon those in Viet Nam we might give a go-ahead to the forces of communism throughout the world. They will take note that the United States is abandoning our former friends and asking them to make the best deal they can with the forces of repression. Maybe in the days ahead, some international body can get all those now involved in the Viet Nam conflagration to sit around the conference table and arrive at some solution that will preserve the right of small nations to carve out their own destiny. Anything short of this will have caused the thousands of American lives already sacrificed to be a useless gesture. This office has at various times, urged a strict blockade of the offending ports. Surely our men are entitled to some protection from those selling them wares and articles of destruction used against American military personnel in Viet Nam.

There are mutterings in Central and South America—millions of desperate, hungry people are the victims of immense land holdings. Africa teems with repressed military activities.

Let us hope they do not erupt in a tragedy that will shock the entire world.

This nation should maintain a strong position, we must remain strong agriculturally, financially and economically. This requires the best brains and intelligence the nation affords. Personal pride and ulterior motives must be subjugated to the needs of our 190 million citizens and their future. Let us hope we can chart a course that will maintain our strength and at the same time, assist those who actually need and deserve our aid.

We believe the time has come to assert ourselves to some of our former allies in Europe, who without our aid in years past, would to this day be under the heels of tyrannical forces. Most European nations are enjoying unparalleled prosperity and can well afford to bear some of the burdens this nation has financially and militarily assumed since the end of both World War I and World War II.

NATIONAL GRANGE CENTENNIAL YEAR

Every member within California must feel a wave of enthusiasm for the celebration of the 100 years contribution to the welfare of the Nation of our Order. Plans for this outstanding commemoration have been outlined through releases by the National Grange and as the year rolls on, we will witness many celebrations of a National nature.

The 1966 National Grange Session at Minneapolis will inaugurate pilgrimages to the Oliver Hudson Kelley farm homestead in Minnesota. There will be a dedication of the National Meditation Shrine at Gettysburg, a celebration at the Nation's Capitol prior to the National Session at Syracuse, New York in November 1967. It is to be hoped hundreds of California Patrons will avail themselves of the opportunities to be part of these gatherings.

The imperishable idea of the Grange though, is still very much alive and just so long as our membership continue to live by the precepts of the Founders, this Order will prosper and its contributions to society will continue to make the world a better place in which to live.

NEW CALIFORNIA STATE GRANGE HEADQUARTERS BUILDING

June 11, 1966 ushered in a memorable day in the life of the Grange in California. The handsome new headquarters building located in the Grange Triangle at the intersection of Stockton Boulevard, U and V Streets was dedicated with appropriate ceremonies attended by National Grange Master, Brother Her-

schel D. Newsom and a host of civic as well as state dignitaries.

It was an historic occasion and marks a new chapter in progress for the Granges in the state. The building is a tribute to those dedicated Patrons who had the foresight and courage to build for the future. This building is considered one of the finest examples of public architecture in Sacramento and will serve as a monument to Grange leadership. It fills a long felt need and the hundreds of our members who come to visit Sacramento are thrilled by its beauty and efficiency. A comprehensive report on its financing will be made by State Treasurer, Brother Harry P. Schmidt, during this session.

CALIFORNIA GRANGE NEWS

The Voice of California Agriculture, known as the California Grange News, continues to expand and improve its position as the recognized outstanding agricultural publication in California.

Its wide coverage and acceptance by public agencies is most encouraging. Its financial condition is being constantly strengthened.

The California Grange News stimulates interest in all Grange activities throughout California and its special editions such as conservation, education, state fairs and other equally valuable features, have been accorded national recognition.

Business Manager and Editor, Brother Craig Hazlewood and his remarkably efficient staff look forward to still greater triumphs.

INSURANCE

Adequate insurance in all forms is one of the basic bulwarks of our modern civilization. The Grange has long recognized this and we provide various facilities.

The Grange Insurance Association of California

The Grange Insurance Association of Seattle

We group these two affiliates together as they are operating almost as a unit.

The Grange Insurance Association of California was formed in 1916 to provide fire insurance coverage for Grange members in rural areas. It has expanded its services during the 50 years of its life and has saved many thousands of dollars for members in fire protection. It has now combined its activities with the Grange Insurance Association of Seattle, Washington. This makes a strong, complete, well-managed affiliate to protect members in all branches of General Insurance, Fire, Automobile and allied risks.

Congratulations to the combined forces of these Grange sponsored institutions! There is already ample evidence of financial savings through the operations of these adequately financed and efficiently staffed affiliates.

The Grange Insurance offices are located in their own headquarters building at 925 Howe Avenue, Sacramento. Competent agents with offices located at convenient points throughout California will properly service all our members.

Workmen's Compensation Coverage

Grange members employing agricultural labor have a major Workmen's Compensation Coverage plans written through the Truck Insurance Exchange. When losses by accident are reduced to a minimum, a dividend is returned to our policy holders. A substantial dividend was returned in 1964-65 operations, and indications are for a similar dividend return this coming season. This is just one of the many features making Grange Membership in California so attractive.

California Physician Service

Adopted by the Grange in 1946, this hospital and surgical coverage has protected thousands of members in California. It is still favored by a large segment of our members and its benefits as a group coverage is limited to Grange members within California and their families. With the recent implementation of Federal Medicare, the CPS has written a supplemental policy termed, "Medigap", which gives comprehensive coverage to all members enrolled in CPS when they reach the age of 65. Complete brochures with detailed information can be had on application.

Commercial Insurance Co. Hospital and Medical Coverage

This is a supplemental protection available to Grange members and their families in California. During its protective coverage, it has paid close to one million dollars to our members in hospital and surgical bills. Many of our members have received the full \$4900.00 in payments for service in a calendar year. The Commercial people also have an attractive policy for those of our members eligible for Federal Medicare. This gives comprehensive coverage at surprisingly low rates.

Grange Term Life Insurance Plan

This low cost term life coverage is available to Grange members within California through arrangement with Occi-

dental Life Insurance Company. It gives protection for death with payments as high as \$13,500.00 and with accidental death, the payments double. The premium remains constant during the life of the policy but the benefits decreases as age advances. Many thousands of dollars have already been received by beneficiaries of this sound plan.

In fact, most every known form of insurance coverage is available to our members through the Grange Insurance Association of California, Grange Insurance Association of Seattle, California Physicians' Service, Commercial Insurance Company of New Jersey, Workmen's Compensation coverage through the Truck Insurance Exchange, and Term Life Insurance coverage through the Occidental Life Insurance Company.

GRANGER'S BUSINESS ORGANIATION

This supply system of the Grange in California justifies its worth in continued money-savings for petroleum products, wire fencing, pipe, roofing and most all necessities for modern farm and home equipment. The GBO during its year of profitable service has returned in excess of one million dollars to members in savings.

Business Manager, Brother Paige Harper continues to ably manage the affairs of the GBO and all members are encouraged to investigate the bona-fide savings that can be effected in day-to-day purchases. The offices and portion of the supply warehouses are located on the Grange triangle in Sacramento at 3823 V Street.

HOME ECONOMIC COMMITTEE

This valuable arm of the Grange has contributed so many honors to the Grange that it is extremely difficult to phrase proper words to express the admiration of the entire membership for their accomplishments. Under the wise leadership of Sister Gladys True, her corps of tireless District Chairmen, the entire Home Economic's Committee throughout California have demonstrated, again and again, their devotion by hard, systematic work in all branches of philanthropy, public welfare and support of the Grange. These works are all done on a voluntary basis and the thousands of hours devoted to community progress continue to be reflected in the general welfare of every community where the HEC are active.

Th following figures outline some of the financial activities of the HEC in the period between September 30, 1965 and October 1966.

ANNUAL REPORT OF HOME ECONOMICS COMMITTEE FUNDS DISPERSED IN CALIFORNIA

SEPTEMBER 30, 1966 TO OCTOBER 1, 1966

Contributions to the following projects

Crippled Children	\$ 1,677.78
Cancer Fund	1,674.87
Red Cross	284.25
Mentally Retarded	1,202.88
Scholarships (98 reported given)	7,315.53
Miscellaneous	18,197.10
Meals for Millions	1,408.45
CARE—Water Pump Project	552.23
Sub-Total	\$ 32,313.09
Mabel Glenn (Centennial Fund)	242.00
Delegates Funds	12,651.46
State Grange Bldg. Fund (Received by State HEC)	368.82
Nat'l HEC Bldg. Debt Retirement Fund	401.24
Total	\$ 45,976.61

Received on the following projects

Fair Booths	\$ 35,988.38
Meals and Food Sales	95,149.60
Dances	10,160.95
Card Parties	24,812.93
Rummage Sales	17,322.99
Miscellaneous	65,840.97
	\$249,275.82

Hours of Welfare or Community Service Work — 255,019

IN MEMORIAM

Each year at our annual session we pause with reverence to pay tribute to the memory of our Brothers and Sisters who have gone on to a higher life. Many of the Grange benefits we enjoy today came largely from the labors and farsightedness of those devoted Patrons. A tribute of love and remembrance is an indication of the vigor and character of our Order. So long as we cherish the memory of those whose diligence allows us many of our present comforts, this order of Patrons of Husbandry will endure.

CALIFORNIA CONSTITUTIONAL AMENDMENTS PROPOSED

At the General Election on Tuesday, November 8th next, there will be sixteen Constitutional Amendments to be considered. There is insufficient space and time to give a detailed analysis of each of these propositions. A copy of these amendments is included in the printed copies of the annual address, so that the members and delegate body can study them.

Many resolutions covering endorsement or protest will be debated on during this session and there are some observations relative to a number of them at different portions of this address.

GOOD OF THE ORDER

The past twelve months have been outstanding in California Grange life. The New Headquarters Building was dedicated, many new projects were initiated by our 336 Subordinate and 47 Pomona Grange. They make our state and each community fortunate enough to have Grange representation, a better place in which to live. We will not rest on past accomplishments and must forge on in this exciting, changing space age.

New technics are being used on our farms each day, new forms of approach to prospective members must be inaugurated in the same manner. More and more, there are activities that tend to compete with Grange attendance such as modern highways, high powered luxurious automobiles, pleasure boats, improved recreational facilities, bowling alleys, drive in moving picture theatres, golf courses as well as television and radio. These activities are part of our modern life and we must arrange our programs, meetings and activities to take full advantage of all these modern complex features. Grange meetings must be made vital and interesting with up to date presentations, educational and recreational programs that demand attention. We must reach out and enroll those who are qualified to join with us in making this California of ours the most desirable place to live, rear our families and enjoy life to the fullest. This is the aim of the Grange in 1966.

Most heartening is the recent upswing in membership reflected in the June 30, 1966 quarterly report and reports so far indicate another gain for the September 30th quarter. Keep on with growth, and the future is ours!

OVERSEER'S REPORT

Worthy Master, Officers and Members of the California State Grange.

Greetings:

This ninety-fourth session of the California State Grange has been called to order in this fair City of Stockton, in this fine agricultural area. It is with deep gratitude we accept the hospitality which has been extended, and present our thanks.

The Grange officers of this county and officers of this city, have put forth every effort to make this session of the California State Grange a successful and pleasant stay.

As we review the Grange activity of the past year we can take pride in our many accomplishments, such as the new headquarters building in Sacramento, of which every Granger can be justly proud.

We also take note of the fine and untiring work of Sister True, the excellent job being done by her committee in selling the cook books and all of the other activities which they perform.

We recognize the fine work of all of the Subordinate Granges, which have formed degree teams, and performed so many other functions, such as the community progress reports indicate.

We wish to commend Dr. Fieldler for the outstanding work he has performed with the young groups. These young people are the Grangers of tomorrow.

During the last session of the legislature, many bills were enacted into law, which were of benefit to agriculture, with the help of the fine leadership we have in Sacramento. The bills which were detrimental were also stopped.

I wish to thank all of the Granges who extended invitations to attend their meetings and also to express my regrets to those which I was unable to attend.

At this convention there will be many resolutions presented, expressing the wishes of the various Granges. The delegate body will pass on these resolutions and we believe the result will be a just and reliable decision for the best interests of Agriculture.

With a salute to the fine leadership we have in the Grange from the top, to the Gatekeeper in the Subordinate Grange, who have served so faithfully to make this the great organization that it is, we hope for a profitable and pleasant year.

Fraternally submitted,

VAYNE O. RALSTON, Overseer
California State Grange

LECTURER'S REPORT

Worthy Master, Fellow State Officers and Delegates:

Once again it is my pleasure to report to you on the activities of this office. I fully believe that the Pomona and Subordinate Lecturers of this State have made progress and have maintained a high standard of achievement in their efforts during this past year. Listed among the 900 reports I have received this year so far were the following programs:

Speakers, 475; General Discussions, 78; 4H, F.F. and Junior Grange, 123; H.E.C., 41; Movies, 389 (listed as educational programs); Ceremonies, 305; Degree Work, 214; Booster Programs, 97; Readings, 227; Musical, 220; Skits, 229; General Balanced Programs, 277 (listed as Inspirational and Entertainment Programs); Parties and Anniversaries, 110; Games and Poems, 158 (listed as Recreational Programs).

In tabulating the 3,000 programs listed it is evident that our Lecturers are presenting a good variety of programs and I have noted, in the many meetings that I have attended this year, an improvement in the manner in which these programs have been presented. Two Pomona and 70 Subordinate Lecturers have not sent in any reports so far this year. This is a slight improvement over the report of last year.

Following last year's convention 31 Booster night programs were received as entries in the State contest. These were judged and the following Lecturers were selected as winners:

In Granges over 100 membership:

1st—Soquel Grange No. 789, Mabel Olson, Lecturer. Awarded a Blue Ribbon.

2nd—Yucaipa Valley Grange No. 582, Rose Porter, Lecturer. Awarded a Red Ribbon.

3rd—Orchard City Grange 333, Alfrieda Van Nattor, Lecturer. Awarded a White Ribbon.

In Granges of less than 100 members the winners were:

1st—Aptos Grange No. 800, Sara Mello, Lecturer. Awarded a Blue Ribbon.

2nd—Encinitas Grange 634, Mary Bey, Lecturer. Awarded a Red Ribbon.

3rd—Yucca Grange No. 736, Phyllis Damann, Lecturer. Awarded a White Ribbon.

The two winning entries were sent to National Grange and Aptos Grange No. 800 placed fifth in National Grange competition and received a ribbon award from the National Grange.

Booster Night reports, as well as Operation Forward Programs reports are still coming in and will be judged during the next few days. I have received so far, 48 of these reports as entries in the State contest.

Twenty-seven Lecturers and 142 Subordinate Lecturers were sent certificates for prompt reports for 1965. This is slightly less than the number of Lecturers receiving these certificates the previous year.

As of October 1, 1966, 23 Lecturers have qualified for Performance Award Certificates from the National Grange and the certificates will be sent to them as soon as they are received from the National Lecturer. The Lecturers are:

Gold Star Certificates **Points**

Jewell Ingraham, Napa Co. Pomona Grange No. 7.....	3325
Sara Mello, Aptos Grange No. 800	3250
Edna Opie, Sonora Grange No. 705.....	3200
Gerry Polumsky, Shiloh Grange No. 515.....	3100
O. B. Shuler, Riverdale Grange No. 624.....	2900
Mary Bey, Encinitas Grange No. 634	2900
Vera Brunell, Brownsville Grange No. 708.....	2850
Virginia Boothby, Glen Avon Grange No. 591.....	2850

This is a nice gain over participation in this project from last year, and we will hope for even a greater number next year.

We have received 32 entries in the Art contest and they are on display in North Hall in the auditorium and will be judged Wednesday morning. There are also a number of entries in the Photo colorgraph contest and they will be judged on Wednesday. The Talent contest will be held tonight at 7:30 P.M. here in the auditorium preceding the Lecturer's Program.

The paper work of this office has taken up a considerable amount of time this year and continues to increase each year. I have received and answered more than 1,000 letters this year as well as preparing and mailing 1,800 quarterly bulletins of six and seven pages to all Lecturers, State officers and other State Lecturers. I also prepared and printed 500 Feature Program bulletins and they are ready now for distribution. I have also sent out many special programs as they were requested by our Lecturers here in California.

I wish to thank Brother Craig Hazlewood and his staff for his cooperation in printing, in full, the column, "To The Lecturers". It has been a pleasure to write this column for each issue of the Grange News and I appreciate the many fine comments I have received from you about the column.

The Lecturer's Loan Library has continued to be a help to the Lecturers who have used it and it is in good financial condition. A report has been given to the Executive Committee and to the Secretary on the income and expenses. There is now a balance of \$27.72. Sixteen new books were added to this collection this year and it now contains over three hundred items. Expenses of printing the Feature Program bulletins has been taken from this fund.

Thirteen District Lecturer's conferences were held at the start of the year and interest was especially good. Attendance reached 716 with 211 Granges represented. Of these, however, only 159 were Lecturers of which 62 were participants in the agenda of the conferences. This indicates a need for additional promoting to bring out the Lecturers to these conferences. They are planned for the benefit and as a help to the Lecturers and unless they are willing to make the effort to attend the conference in their area the project will become worthless. I certainly hope that you who are elected to office next year will urge attendance at all State Grange conferences and District meetings. The efforts of your State officers must not be in vain, without sacrificing the enthusiasm even we need.

It has been my pleasure to visit many Granges this past year and I regret that I was unable to visit all who had invited

me. Time and distance makes this impossible but I do appreciate being invited and when ever possible will try to visit with you.

The many problems affecting our very complex way of life of today call for a united Grange program. We are needed, and all of our efforts must be extended to the utmost to meet these challenges that may well affect our future. We must recognize the fact that fewer of our members are farmers and their numbers are declining at a rapid rate. To compensate for this we must maintain even a greater interest in the problems of agriculture and advance our efforts in this field. We must remember that ours is an organization devoted to the principles of freedom and righteousness and to the interests of all the people. The opportunity for us to contribute to the betterment of our people and our community is unlimited and we must generate the enthusiasm among our members to make this contribution for the benefit of those who follow after us. We must become interested in these problems and we must take action to overcome them before it is too late. In the Grange there is work for all and we must all be willing to work to achieve our goal.

State Lecturer's Lending Library Account for 1966

Balance October 1, 1965	\$ 28.66
Income for 1966 to September 30	130.00

Less expense	139.94
Balance on October 1, 1966	27.72

Fraternally submitted,
 EMMETT W. IVEY, Lecturer
 California State Grange

STEWARD'S REPORT

Worthy Master, State Officers and Members of the California State Grange.

Greetings:

It is a privilege and an honor to serve you as Steward at this 94th annual session of the California State Grange. I shall endeavor to perform the duties of Steward to the best of my ability. I sincerely appreciate the effort put forth by the Grange members of this county to make our stay a most pleasant and fruitful convention.

I am confident that the program adopted at this 94th session will be acted on with diligence and prudence by the delegate body.

At this time I wish to thank the many Granges throughout the State for their kind and generous invitations to their many functions this year. I regret I was unable to attend them all and wish them every success in the future.

Faternally submitted,

LEONARD HENDRICKS, Steward
California State Grange

ASSISTANT STEWARD'S REPORT

Worthy Master, Officers and Members of the California State Grange:

I would like to take this opportunity to express my appreciation publicly to the State Master for the appointment and the privilege of serving the California State Grange as State Assistant Steward. It is indeed an honor and I have endeavored to the best of my ability to fulfill this position.

I would also like to thank the many Granges for the many kind invitations extended to me to attend their meetings and functions. I only regret that time and distance makes it impossible to attend all of them.

Faternally submitted,

KENNETH BLEY, Assistant Steward
California State Grange

CHAPLAIN'S REPORT

Worthy Master, Officers and Members of the California State Grange,

Greetings:

It is a privilege and pleasure to greet you from the Chaplain's station and present a report from this office. The past year has been one of service in and for the Grange work. Many doors of service to others are opened through the Grange program in its contribution to community projects. I have assisted with many of these projects and it has been rewarding indeed. I had the opportunity to attend the National Grange Convention in Topeka, Kansas, last year and was proud of the prominent position, exhibits and reports of the California State Grange. May we continue to maintain this high standard of activity.

Sorry not to accept all of the invitations to various Granges throughout the State, but due to time and distance it was impossible. Thank you one and all.

It has been a pleasure to meet you through the Chaplain's corner in the Grange News and I appreciate your letters and comments.

In view of the disturbing conditions in our country today, it is plain to see organizations such as the Grange, with high principles and standards, must continue to uphold the essential fundamental understructure of this great land.

We must strengthen the guidelines, for they represent the stability and solidarity necessary to stem the alarming trend of revolt and strife; also the destruction of lives and property.

The Grange can provide leadership at all levels by effectively planning strong public support, which will contribute toward the solution of this difficult problem.

As a fraternity we must disregard the remedies that are politically unpopular, and stand upon true and just principles, seeking always the greatest good for the greatest number, which is contrary to the thinking of those who would destroy our way of life.

The enemy recognizes that their stronghold is to eliminate ideas and ideals which holds society together, disrupting the family circle, discarding Faith in Divine Power.

The Christ Spirit is dynamic and a powerful moving force, may the Grange ever be a witness to this high tower of protective sanctuary.

May the deliberations of this convention reflect the true values of the Grange. Faith, Hope and Charity.

Fraternally submitted,

LETA M. LITTLER, Chaplain
California State Grange

ANNUAL REPORT OF THE STATE GRANGE TREASURER

Worthy Master, Officers and Members of the California State Grange:

This is the annual report of the treasurer. This will be the longest and the largest report from this office since I have been your treasurer.

The report this year will include the disbursements for our new headquarters building. A statement of assets and liabilities of the California State Grange as of September 30, 1966 will also be included.

Fraternally Submitted,
HARRY P. SCHMIDT, Treasurer
California State Grange

1965-1966 ANNUAL REPORT—STATE GRANGE SECRETARY

Worthy Master, Officers and Members of the California State Grange:

Best Wishes from the Office of the Secretary.

It is a pleasure to be able to report on the cooperation shown by the secretaries of the Granges in California.

We have again been commended by the National Grange for a 100% report for all four quarters of the fiscal year.

We at the State Grange office are very proud and grateful for the beautiful new headquarters building that was constructed and completed this year. Our Worthy National Grange Master, Brother Newsom, was on hand to take part in the ceremonies and dedicate our fine new Grange Building.

The many generous donations from the Granges and Grange members throughout the State have been most gratifying and it is my pleasure to receive these contributions as they are received in the office.

I hope if you have not had the opportunity to see our building, to please come and visit with us in Sacramento. We will personally give you a special tour of the building.

The following report has been duly substantiated by a Certified Public Accountant.

MEMBERSHIP

The report to the National Grange for the June 30, 1966 quarter recorded a membership of 39,378 with 335 Subordinate

Granges reporting. This showed a net gain of 81 members from the March 31, 1966 quarter. San Luis Obispo Grange No. 639 having the largest membership in the State with 538 members.

Granges who have made a 10% or more net membership gain for the year are:

Moorpark No. 809	
Alpine No. 665	Welcome No. 791
Magalia No. 762	Centralia No. 625
Berry Creek No. 694	Loomis No. 638
Stonyford No. 686	Glen Avon No. 591
Pleasant Hill No. 737	Twin Butte No. 781
Garberville No. 514	American River No. 172
Konocti No. 755	Orangevale No. 354
Fair Valley No. 752	French Camp-Lathrop No. 510
San Dimas No. 658	Half Moon Bay No. 794
Dixieland-Berenda No. 784	Anderson No. 418
Ukiah No. 419	Happy Valley No. 720
Hopeton No. 760	Dorris No. 393
Winton No. 531	Scott Valley No. 386
Lucerne Valley No. 673	Windsor No. 410

Granges who have made a 20% or more net membership gain for the year are:

Whitethorn No. 793	Golden Poppy No. 798
Owen's Valley No. 808	Del Rosa No. 711
Guenoc No. 373	Stockton No. 758
Little Lake No. 670	Aptos No. 800
Delhi No. 741	Manton No. 732
Golden Empire No. 806	Zenia No. 722
Wintersburg No. 583	Ostrom No. 751

Charles Deardorf, Deputy of Nevada County showed the largest net increase average per Grange in his jurisdiction for the year ending June 30, 1966 — gain of 42 or 14%.

Certificates of Merit and Pictures from the Farmers and Traders Life Insurance Company who sponsor the membership campaign have been received at the State Headquarters and will be mailed to each of the qualifying Granges who showed this net gain.

Pomona Grange membership for the same quarter, showed a membership of 10,558 in 47 Pomona Granges. Butte County Pomona No. 16 again heads the list for the largest Pomona membership with a total of 781. Sonoma County Pomona No. 1 was second with 604 members, followed by Santa Clara County Pomona No. 4 with 514 members.

Junior Granges in California reported 506 members with 15 Granges reporting. There are 22 active Junior Granges in the State.

NEW GRANGES

During the fiscal year closing September 30, 1966 there were 2 Junior Granges organized.

Sonora Junior Grange No. 173 — Organized Jan. 22, 1966 by

Sister Eve Rowe, Superintendent of Junior Granges.

Fort Bragg Junior Grange No. 76 — Re-organized April 23, 1966 by Hugh Graham, Deputy, Mendocino County.

GRANGE HALL DEDICATION

One Grange Hall was dedicated this past year by State Grange Master, J. B. Quinn, making a total of 223 Grange Halls dedicated to date in California. A check for \$50.00 was presented to Rough and Ready Grange No. 795 at their Hall Dedication from the California State Grange.

CERTIFICATES OF AWARDS

Certificates were awarded to all Secretaries qualifying by making prompt and efficient reports to the State Grange.

HONOR GRANGES

Whitesboro Junior Grange No. 130 of Mendocino County has received recognition from the National Grange for having fulfilled all requirements for being an Honor Grange.

GOLDEN SHEAF CERTIFICATES

Golden Sheaf Certificates were issued to two members having completed 50 years of continuous Grange membership:

Hilda Bastow — Windsor Grange No. 410

Bertha Joseph — Mountain View Grange No. 332

SILVER STAR CERTIFICATES

Upon completion of 25 years of continuous Grange Membership the 242 patrons listed below have been awarded Silver Star Certificates.

CALIFORNIA STATE GRANGE

GATE KEEPER'S REPORT

Worthy Master, Officers, and Members of the California State Grange

It certainly has been a privilege and a pleasure to be able to serve you in the position of Gate Keeper.

Sister Moody and I feel most honored for having been invited to attend your special Grange meetings. For you who invited us, and we were unable to attend, we feel we are the losers.

It will be a pleasure to serve you again during 1967 and we will be looking forward to seeing you at the Riverside Convention next year, our Grange Centennial.

If you wish to avoid the Los Angeles traffic, take 99 to Bakersfield then go east on State 58 through Mojave to Howard's Corner, then south on 395 to Riverside. Take the 7th Street off-ramp right to the Convention Hall.

See you there.

Respectfully and fraternally submitted,
Albert E. Moody, Gate Keeper
California State Grange

CERES' REPORT

Worthy Master, Officers, and Members of the California State Grange:

Greetings:

Although it is difficult to follow in the footsteps of someone as gracious as Sister Marjorie Mills, it has been a privilege

and a pleasure for me to serve as Ceres of the California State Grange during the past year.

I truly appreciate the hospitality and many courtesies extended to me and the kind invitations which I have received. I wish that I might have been able to accept all of them.

May each of you have an enjoyable and profitable ninety-fourth convention here in Stockton.

Fraternally Submitted,

Doris Schmidt, Ceres
California State Grange

POMONA'S REPORT

Worthy Master, State Officers, and Members of the California State Grange:

Greetings:

It is with pleasure I bring you a message from the station of Pomona, the Goddess of Fruits and urge upon you the value of good work. The worth of any individual or organization is measured by the quantity and quality of the service it renders.

We as Grangers must do our part in making life fuller and richer for all mankind. Never has it been more important to remind ourselves that we must have Hope, which, with us, is emblematical of the fruit blossoms in early summer. May these blossoms fill us with hope for the matured fruit of the orchard and the fruits of life further on in our journey through the difficult years ahead.

As we plant our trees from which we expect to receive the proper and rightful reward, let us not forget to also plant into our lives those virtues of character by which the true measure of our success or failure is judged. If we measure up to our opportunities, sowing good seed and cultivating the growing plants, our lives will be profitable and we will be making preparation for the Great Harvest which is to come.

May our deliberations at this 94th Annual Session ever be cheerful and charitable and mark a new milestone in the progress of our Order.

Fraternally submitted,

Mildred Spain, Pomona
California State Grange

REPORT OF FLORA

Worthy Master, Officers, Members and Delegates of the California State Grange.

Greetings:

It is truly a great pleasure and honor to have served as your Flora for the past year.

I wish for you a very prosperous and successful ninety-fourth Annual Session of the California State Grange.

I would like to thank the various Granges throughout the State for their generous invitations during 1966.

Fraternally submitted,
Donna L. Bertozzi, Flora
California State Grange

LADY ASSISTANT STEWARD'S REPORT

Worthy Master, Fellow State Officers, Delegates of this 94th Convention, Visitors, Brothers and Sisters.

Greetings:

It is my sincere pleasure and honor to greet you from this station for the first time. My greatest hope is to serve you well. in this very inspiring work, with the dignity my predecessors have set forth.

There is much work and deliberation to come from this 94th session of State Convention. Our country's strength may well depend on the Granges for proper direction in world affairs. The strain is great, but the education in understanding outweighs all obstacles.

I thank the many kindness and invitations received from the different Granges and only regret not being able to accept them all.

My wish is for prosperity and fulfillment of all endeavors to be achieved this week and may we always to steadfast in purpose

Fraternally submitted,
Carrol Coast, Lady Assistant Steward
California State Grange

MUSICIAN'S REPORT

Worthy Master, State Officers and Patrons.

Welcome to the 94th annual State Grange Convention.

It is a great pleasure and privilege to serve as your Musician. I wish to thank all Granges that sent me invitations to their different activities. I cannot be in two places at one time and therefore couldn't attend them all, for which I am sorry.

I wish to thank Sister Fiedler for a good job of playing for the Entrance March of the State Officers; also Brother Wendt, District Deputy of Mojave Valley, for leading us in song.

No Grange meeting is complete without music of some sort. If any Granger can supply music, I think they should do it to be a good Granger. You don't have to be a professional musician.

Fraternally submitted,
Bill Campbell, Musician
California State Grange

**MINUTES OF THE CALIFORNIA STATE GRANGE
EXECUTIVE COMMITTEE****Bakersfield, California****October 18, 1965**

The California State Grange Executive Committee met in Bakersfield, California, Monday, October 18, 1965 at 10:00 p.m. in the quarters of State Master Quinn, at the Bakersfield Inn.

In addition to State Master Quinn, Committee Members, Piper, Ralston and Rafter were present.

The State Master presented to each Committee Member, the audit report of CPA Wm. Flannery; covering the operations of the State Secretary and State Treasurer's Office for the Preceding Grange fiscal year.

Moved by Ralston, seconded by Piper that an allowance of \$5.00 per day for meals of the State Secretary, also Sister Denny and their assistants at the 1965 State Session be authorized. Motion carried.

No further business offering, the meeting adjourned at 11:15 p.m.

**MINUTES OF THE CALIFORNIA STATE GRANGE
EXECUTIVE COMMITTEE****Bakersfield, California****October 23, 1965**

The Executive Committee of the California State Grange met at the Bakersfield, Inn, Bakersfield, California, Saturday, October 23, 1965 at 9:00 a.m. There were present in addition to State Master Quinn, Committee Members, Lloyd Piper, S. E. Rafter and newly elected member, Chester Deaver. Also present, was newly elected State Grange Overseer, Wayne Ralston, State Grange Treasurer, Harry P. Schmidt and Secretary, Marjorie Brown.

State Master Quinn called the meeting to order and the reading of yesterday's Journal of Proceedings approved as corrected.

Committee welcomed Brother Chester Deaver, newly elected member of the Executive Committee.

Various matter discussed: Regional Master's Conferences.

New Headquarters Building Finances, and Grange Insurance Association of Nampa, Idaho.

Brother Lloyd Piper spoke on Commercial Insurance and submitted a special disability policy that would be available to California State Grange Members and their families. It was moved by Brother Deaver, seconded by Brother Rafter that the policy be accepted. Motion carried.

No further business offering, the meeting adjourned at 10:45 a.m.

MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE

Sacramento, California

November 2, 1965

The California State Grange Executive Committee met in the office of the Master in Wisteria Hall, 3830 U Street, Sacramento, California, Tuesday, November 2, 1965 at 9:00 a.m. There were present, in addition to State Master Quinn, Committee Members, Piper, Rafter, and Deaver, as well as Overseer, Wayne O. Ralston.

State Master Quinn called the meeting to order and the minutes of September 9th were read, approved and signed. Also the minutes of the two previous meetings held in Bakersfield, California, October 18th and October 23rd were read, approved and signed.

The offices of State-Wide Representatives and Special Representatives were discussed. It was moved by Brother Piper and seconded by Brother Deaver that these offices be terminated. Motion carried.

Brother Carle Fiedler, Director of Youth Activities commented on membership and various phases of Youth Activities, Youth Brochure, trips etc. Request was made by Brother Fiedler in regard to installing officers in Antelope Valley and Merced County. Permission granted. Request was also made to give conferences at Cal Poly, San Luis Obispo, Kellogg Campus and Modesto Jr. College. Motion was made by Brother Rafter, seconded by Brother Piper that these three conferences be given. Motion carried.

List was presented to members by State Master Quinn for new Granges in various counties throughout California,

and the opinions of the three members of the Executive Committee were made in regard to this. Membership problems, Grange benefits in general were discussed.

Form letter from Brother Henry Roberts of the Grange Mutual Life Insurance Company of Nampa, Idaho was read and this Company's plan in relationship to the California State Grange was discussed. Motion was made by Brother Deaver, seconded by Brother Rafter, that as conditions have changed, it is now necessary to re-evaluate the entire program. Motion carried.

Brother Craig Hazlewood of the Grange News and Auditor, Brother Phanner presented their annual fiscal report and other phases of their operations. Plans for the entire assembling and printing of the News in Auburn were discussed, but it was decided to proceed with caution in this matter. Motion was made by Rafter and seconded by Deaver to transfer funds from the Capital Federal Savings and Loan to the Beverly Hills Savings and Loan Company. Motion carried.

State Secretary, Sister Marjorie Brown gave her report as of October 31, 1965 and bill was presented for City and County taxes. Last year's tax (63-64) \$3,452.94 and this year's (65-66) \$3,553.64 were compared.

Matters concerning the construction and furnishing of the New Headquarters Building were discussed. Brother Wayne Ralston, Overseer, will remain in Sacramento during the State Master's absence (State Master Quinn will be in Topeka, Kansas at the National Convention) to watch process of building in case of deviation.

Letter to Sunnyvale Grange No. 416 dated June 2, 1965 was read and discussed.

Bill from Vendley Co. dated July 1965 was again discussed. There is question to its validity and further investigation will be made by State Master.

Various Insurance matters were discussed.

Matter of signing Payroll Deduction Checks by State Master at Bakersfield as emergency measure was presented.

State Master Quinn reported that the various appeals by members of Granges in Humboldt County to the National Grange had been denied under date of letter dated 10-4-65 from National Master Newsom to Brother Edward T. Howell, Trinidad, California.

Letter to R. T. Freeman was read and discussed.

Letter 8-2-65 from Sister Ada Cowdery was read and discussed.

The mailing of Assemblyman Williamson's Bill AB 2117 to all Granges was discussed and the opinion of the Committee was to wait until later to do this.

It was agreed by the Committee and State Master to hold the Deputies' Conference on the 11th and 12th of December in Wisteria Hall and intensive training of Deputies was planned.

Motion was made by Brother Rafter, seconded by Deaver that Richard Welti be reimbursed for tires that blew out while transporting materials to Bakersfield Session. Motion carried.

State Master announced that the Speedy Delivery Bill had been paid as the State Grange had been reimbursed \$33.34 for breakage of the dictating machine.

Conferences to spur membership was further discussed and plans to begin in early spring were made.

Impending Session at National Convention in Topeka, Kansas was discussed.

Motion was made by Brother Rafter and seconded by Brother Piper for check of \$365.00 for Professional Services to CPA Flannery. Motion carried.

The tentative appointment of Brother Thomas Wright, Master of Sonoma County Pomona Grange as Deputy for the Northern Division of Sonoma County was discussed and the Committee approved this action.

No further business offering, the meeting was adjourned at 4.00 p.m.

MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE

Sacramento, California

December 10, 1965

The California State Grange Committee met at the office of the Master in Wisteria Hall, 3830 U Street, Sacramento, California, Friday, December 10, 1965 at 9:00 a.m. There were present, in addition to State Master Quinn, Committee Members, Piper, Rafter, and Deaver, as well as Overseer, Vayne O. Ralston.

State Master Quinn called the meeting to order and the minutes of November 2, 1965 were read, approved and signed.

Brother Craig Hazlewood of the Grange News presented his report—explained change from accrual to cash basis and financial status of Grange News. Brother Rafter asked for breakdown on accounts receivable from Auditor. This will be

done before the next meeting. Commission matter was discussed concerning Beverly Hills Savings and Loan ad. It was agreed to negotiate new agreement and pay the \$200 commission to William Vernon.

State Secretary, Sister Marjorie Brown presented her report. Student Loan Fund was discussed and request was made for a list of delinquent loans. The customary Christmas bonus for the office personnel was discussed. Moved by Brother Piper and seconded by Brother Rafter that bonuses of \$20.00 each be given. Carried.

The new State Grange Building was discussed and Bill No. 4 dated 11-29-65 amount \$15,699.33 was presented. Moved by Brother Piper and seconded by Brother Rafter that Certificate No. 4 be paid. Motion carried.

The Committee then retired from the meeting room to view the progress of the New Construction next door. Portable petitions for the second floor were discussed. Also removal of the present trees in front of the new building was discussed and will be investigated further.

Various insurance matters were presented and discussed.

Bill from Yolo Record amount \$12,144.60 for cookbooks was presented. Moved by Deaver and Seconded by Rafter that this be partially paid in the amount of \$6,000. The balance to be paid not earlier than 30 days. Motion carried.

The suit by Pat Martin was discussed (on the AC4 of three years ago).

Letters of November 12 and December 8 from Cow Palace concerning awards were presented. Moved by Brother Piper and seconded by Brother Deaver that this be duplicated as of last year. Carried.

The State Master presented his views on the National Agricultural Hall of Fame.

G.B.O. relationship was discussed.

Status of Island Grange in Kings County and property deed was discussed.

Resolution from Plumas Sierra Pomona Grange was presented to Committee relative to changing deer season. It was agreed to refer it to State Convention of 1966.

Bill dated 12-7-65 total \$86.16 from State Lecturer Ivey was presented and approved for payment.

Various aspects of membership gain to be presented at Deputies Conference were discussed.

In view of the ratification by a sufficient number of Grange States of the National Grange Constitutional amendment affecting per capita dues to the National Grange, it was moved by Deaver, seconded by Rafter that effective January 1, 1966, the per capita dues from each Subordinate Grange members in California be increased 12½ cents, making the total pay-

ment to the State Grange, 90 cents per quarter. This follows the resolution adopted by the delegate body at San Jose in October 1964. Motion carried.

Copy of letter dated 11-23-65 from National Master Newsom to A. E. Zetterberg of Arcata, California was read. It dismissed the complaint filed by Brother Zetterberg through Brother James T. Hammons.

The 1966 State Session in Stockton was discussed. State Master Quinn outlined that he planned an informal visit within the next two weeks with Brother Elmo Ward, General Chairman for local arrangements to go over the proposed hotel and motel accommodations and an available date for the Officers of the State Grange to meet in March 1966. Report would be made to the committee soon as information was definite.

State Master Quinn announced that Sister Quinn had been reappointed as a member of the National Grange H.E.C. Committee.

No further business offering, the meeting adjourned at 5:25 p.m.

MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE

Sacramento, California

January 29, 1966

The Executive Committee, California State Grange met at the office of the State Master, January 29, 1966, 9:30 a.m., State Grange Headquarters, 3830 U Street, Sacramento, California.

State Master Quinn called the meeting to order. There were present in addition to the State Master, Committee members, Brothers Piper, Rafter, and Deaver. Overseer Brother Wayne Ralston was also present.

The minutes of the previous meeting held December 10th were approved and signed.

The report of State Secretary, Sister Marjorie Brown was presented, discussed and accepted.

Brother Craig Hazlewood, Business Manager of the Grange News presented his report. He reported satisfactory progress financially. Debts being systematically reduced.

Salary raises for employees was discussed and he was

requested to send copies of current salaries and copies of previously established salary scale to the members of the committee for review and action at the next committee meeting.

The William Vernon matter was discussed, with Brother Hazlewood to meet with Vernon, Ursul Narver at Portland, Oregon for a brief conference on 2-1-66.

It was moved by Piper, seconded by Deaver to authorize the purchase of an electric typewriter for the Grange News office, Motion carried.

Brother Hazlewood presented the negotiations with Oscar Pfanner, Public Accountant who plans to lease the entire second floor of the New Grange Headquarters building. The various needs of the lessee were discussed. Rental charge on a five year lease basis was set at 25 cents per square foot per month. The various conditions for lease were gone over and all points covered with the acceptance assured by both lessor and lessee. The State Grange Attorney was authorized to process and pass on the validity of the lease.

The New Grange Building was discussed and the committee took a short recess to visit the site. The committee approved the payment of Architect Progress Report No. 6, amount \$31,353.31.

Plans for the formal dedication were set for June 11, 1966 and negotiations will be undertaken immediately.

Request from Sister Leta Littler, State Chaplain for envelopes and stationery was approved.

The 1966 State Session at Stockton was then discussed. It was planned to have a meeting of the Committee and all State Grange Officers as well as Committee heads to convene at the Stockton Auditorium at 9:30 a.m. 3-5-66 to make plans and also arrange a rehearsal of the 6th Degree by the State Officers present on the main floor of the Auditorium. Final decisions of headquarters also to be made on March 5th.

The question of Federal Income Taxes was discussed and the Committee was of the opinion that the present system of supplying the Washington, D. C. Office of the US Bureau of Internal Revenue with eight copies of the annual Roster was adequate for the present.

Letter dated 12-17-65 from the NCCD was read—no action needed.

Letter dated 1-15-66 from Charless Flinn relative to Life Insurance was read and filed.

Brother Baxter's plan for extension was reviewed and taken under advisement.

Brother Arnold Milner of the GIA of Seattle, was introduced and explained the insurance program of his company in connection with the New Headquarters Building. Moved by Rafter, seconded by Deaver that Brother Piper be appoint-

ed to negotiate with Brother Milner as to specific coverage and rates for final decision by the entire Committee. Motion carried.

Letter dated 12-17-65 from State Master Quinn to Attorney Lloyd V. McCormick in connection with the Pat Martin case was read, discussed and approved.

Letter dated 12-13-65 from Sister Gladys True requesting prize money during the year 1966 was presented. Moved by Rafter, seconded by Piper that prize money totalling \$60.00 be authorized for Sister True as requested. Motion carried.

Reports of the 1-28-66 meeting of the GBO Executive Committee was presented and filed.

Letter dated 1-27-66 from Brother Parsons of the Corral De Tierra Grange in Monterey County was read, relative to proposed sale of Grange Hall. The State Master would notify the Grange, the proper proceedings in matters of this kind. State Master would visit with Master of Corral De Tierra Grange at Springfield Grange on 2-19-66.

The proposal to move the Junior Grange Exhibits at the State Fair was discussed and State Master would investigate and make proper provisions.

Letter from Sister Alice Trimble, relative to the Seventh Degree Club was read, discussed and filed.

Letter postmarked 1-7-66 from Brother Melvin Beach, resigning as Assistant Steward, California State Grange, was read, to be effective immediately. Moved by Deaver, seconded by Piper that the resignation be accepted. Motion carried.

Letter dated 1-15-66 from Brother Claire Forbes, Master of Maywood Grange was read. It referred to the raffle of an automobile by the Grange. State Master Quinn requested Brother Forbes to visit the State Office for further discussion.

Various resolutions from Granges were read and were authorized to be part of the agenda at the State Session in Stockton during October 1966.

Plans for the booth at the California State Fair during September 1966 were discussed. Further action would be decided on after State Master's meeting with the State Fair Board.

No further business offering, the meeting adjourned at 4:30 p.m.

**MINUTES OF THE CALIFORNIA STATE GRANGE
EXECUTIVE COMMITTEE****Stockton, California****March 5, 1966**

The California State Grange Executive Committee met at Stockton, Calif. March 5, 1966. The formal meeting was called to order by State Master Quinn on the stage of the Municipal Auditorium, at 2:00 p.m. The full committee consisting of members, Piper, Rafter and Deaver were present.

Prior to the meeting, the San Joaquin County Convention Committee Group and State Department heads, together with State Officers met in the North Hall where a most interesting address was given by Brother Harry Graham, National Grange Legislative Consultant. Then, the State Officers present rehearsed both the Opening Ceremonies as well as the exemplification of the Sixth Degree.

When the official Committee meeting was called to order by State Master Quinn, the Committee approved and signed the minutes of the previous meeting held in Sacramento, January 29, 1966.

Moved by Piper, seconded by Deaver that State Master Quinn be authorized to sign checks issued against State Grange Building Disbursement Fund. Motion carried.

Discussion was held relative to drapes and furniture for the new building. The State Master was requested to obtain bids and submit samples for suitable drapes and the Committee planned to meet in Sacramento, March 12th to decide on purchases.

The Committee took no action on the letter dated March 2nd from Inter-Cal Associated Agencies, Inc. on medical coverage.

State Secretary, Sister Brown's financial report was presented and discussed. Moved by Deaver, seconded by Piper that Sister Mary Lou Comstock's request for \$200,000—funds for flood relief—be sent Brother Bert Tinstman of Orick Valley Grange. Motion carried.

Report of California Grange News was discussed. Moved by Deaver, seconded by Piper that the Grange Tour checking account be transferred to the United California Bank. Motion carried. The cash basis of monthly financial statement of the News was discussed, but no additional action taken.

State H.E.C. Chairman, Sister Gladys True appeared before the Committee and outlined general plans. She would assemble information on increasing the amount of the total grants to needy co-ed students at Cal Poly and Humboldt State College, reporting after the April Cal Poly Conference.

The consideration of an interim appointment for Assistant Steward was discussed. Moved by Piper, seconded by Dea-

ver, that Brother Kenneth Bley be appointed to serve till the delegate body elected a successor at the State Session, Stockton, during October 1966. Motion carried.

Invoice dated 1-31-66 from Frank O'Brien Co., amount \$50.00 for conducting survey on rental figures for New State Headquarters building was presented. Moved by Deaver, seconded by Piper approving for payment. Motion carried.

The 1966 Exhibit also placement of Junior Grange exhibits at the 1966 State Fair was discussed. State Master would report after appointment with State Fair officials. Moved by Deaver, seconded by Piper that arrangements be made to have Junior Grange exhibits located as formerly. Motion carried.

Letter dated 1-28-66 from National Grange Public Relations Office relative to Grange Float in Rose Bowl Parade was read.

Brother Carle Fiedler presented his report on Youth Activities. Moved by Deaver, seconded by Piper that a suitable plaque, cost not to exceed \$30.00 be presented to Dr. Julian McPhee at the April 1966 Youth Conference at Cal Poly, April 5th, in recognition of the services to the Grange Youth championed by Dr. McPhee during his tenure at Cal-Poly. Motion carried. Moved by Piper, seconded by Deaver that State Master Quinn contact the Westinghouse Electric Co. with respect to bill for \$582.20 by Vendalator Co. for repairs on air conditioning and heating unit in Wisteria Hall. Motion carried.

Brother Piper reported on insurance coverage for the New Headquarters Building. Soon as additional information is received, Brother Piper will contact the committee.

The 1966 Extension rules were submitted to the Committee and were approved.

State Master announced that Sister Nora Arnold District HEC Chairman had resigned and Sister Zelma McGirr, of Alturas Grange, Alturas, Calif. had been appointed in her stead. Proper recognition of Sister Arnold's services to the HEC and Grange would be given. Due to ill health, the resignation of Sister Grace Warner, Chairman of District No. 3 was also announced. A successor would be determined later on.

The question of recompense for personnel was discussed and further information was requested by the committee before any action is taken.

The meeting adjourned at 4:30 p.m.

**MINUTES OF THE CALIFORNIA STATE GRANGE
EXECUTIVE COMMITTEE****Sacramento, California****March 12, 1966**

The California State Grange Executive Committee met in the State Master's office, Wisteria Hall, Sacramento, March 12, 1966. The meeting was called to order by State Master Quinn at 1:45. The full committee, consisting of members, Piper, Rafter and Deaver, was present. Overseer, Brother Wayne Ralston was present.

The forenoon was spent at the showroom of M. G. West, Office Furnishings. A tentative figure of \$5,000 was reached. Possibility of an overall discount of an amount equal to sales tax might be arranged. It was moved by Piper, seconded by Deaver that the State Master be authorized to negotiate with furniture company to reconcile differences between figures. Motion carried.

Tree removal was discussed. It was moved by Piper, seconded by Rafter that SMUD be contacted to remove all of the trees facing Stockton Blvd. without charge. Motion carried.

Custodian Service: It was moved by Rafter, seconded by Deaver, that the services of Sutter be investigated for quality and if satisfactory, to arrange a six month agreement. (\$225.00)

Auditing Subordinate Grange Treasurers' books: A simplified system for auditing books of Treasurers of Subordinate Granges was discussed. The following suggestions were offered, records at hand should be:

1. Treasurers' Cash Book (showing receipts, disbursements and balance on hand)
2. Secretary receipt book and warrant (order to Treasurer to pay)
3. Bank Statement. (for last 3 months.)

Action Needed:

- a. Reconcile Treasurers' Cash balance with Bank Account (use back of bank statement for this purpose.)
- b. Compare Secretaries' receipt stubs to Treasurers' receipts and bank deposits.
- c. Compare Secretaries' warrants (orders to pay) to the Treasurers' list of disbursements.
- d. Audit Committee should suggest and urge neatness (fewer erasures and cross-outs) and clear figures.

Drapes for new building: Discussed samples and prices of Hollywood Drapery Co. Moved by Rafter, seconded by Piper that the State Master be authorized to obtain another bid and be guided thereby in placing order (\$1,560.00 including lining)

Insurance on new building was discussed: Different proposals obtained by Brother Piper were reviewed.

GIA \$839.00. Farmers \$619.40, difference \$219.60. Further investigation on coverage and dividends considered necessary before final decision is made.

There being no further business, the meeting was adjourned.

MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE

Sacramento, California

April 9, 1966

The California State Grange Executive Committee met in the State Master's office, Wisteria Hall, Sacramento, April 9, 1966. The meeting was called to order by State Master Quinn at 9:05 a.m. The full Committee, consisting of members Piper, Rafter and Deaver, was present including State Grange Overseer, Wayne Ralston.

Minutes of the Executive Committee meeting of March 12, 1966 were read and approved.

A visit was made to the new building and grounds. On return to Wisteria Hall, conference was held with Mr. Tomich, Architect, Mr. Olson, Attorney for the State Grange, Mr. Bob McClain, Asst. to Mr. Tomich and Mr. Ted Bradfield, representing Mr. Petersen, Contractor, to discuss alterations needed for upstairs rental. A figure of \$16,553.00 was discussed which would include all costs to satisfy tenant for upstairs. A \$450.00 reduction was agreed. Cost of Vinyl tread for two stairways \$500.00 Carpeting for both stairways \$250.00.

Mr. Olson gave a review of the lease for Mr. Pfanner's office.

The committee retired for lunch and reconvened at 1:45.

A general discussion was held on the subject of adequacy of the airconditioning upstairs. State Master Quinn urged the obtaining of a disinterested party to check the capacity of the airconditioning unit.

Drapes were again reviewed: The Committee rescinded its prior instructions regarding lining. Motioned by Rafter, seconded by Piper, that lining was not necessary. Brother Deaver recorded a "no" vote. Carried.

Brother Craig Hazlewood gave a report on the Grange News. The question of hiring an Advertising Manager to promote the revenue from ads was discussed. It was suggested that Brother Hazlewood investigate a plan of appointing Brother Howard Herbes as Advertising Manager for the State and confer with Mr. Pfanner on method of compensation and a "package" be presented to the Executive Committee at a future meeting.

The State Secretary, Sister Brown's written report was distributed, studied, discussed and accepted. A system of double entry bookkeeping for Grange accounting was discussed and it was agreed that something definite would be undertaken after June.

The following bills were presented:

\$50.35 dated Feb. 28, 1966—Testing material from Lowry & Associates Laboratories.

\$21,569.38 dated April 1, 1966, Cert. No. 8—Construction Installation.

It was moved by Brother Deaver and seconded by Brother Piper that these be paid. Carried.

Correspondence in regard to Headquarters Hotel at Stockton was read. An attempt will be made to obtain the necessary number of rooms at the Eden Lodge Motel.

Invitation from Diners' Club 3/25/66 was declined.

Expense sheet from State Grange Lecturer was approved for payment.

Correspondence dated 3/30/66 from Secretary, Yucaipa Valley Grange was referred to GIA of Seattle.

Letter dated 4/5/66 from Clarence Azevedo in regard to Grange Day at the State Fair was read.

No action on letter from Ada Doss, Deputy, other than acknowledgment.

Letter from Los Angeles County Pomona Master Butler, dated 4/4/66 relative to Rose Parade Float was read—also letter from State Master to Master Butler was read and question of public subscription studied and it was felt that because the float was to be a National Grange "project" and would be supervised by the National Grange, we should have Brother Butler get approval of Brother Newsom.

There being no further business, the meeting was adjourned.

**MINUTES OF THE CALIFORNIA STATE GRANGE
EXECUTIVE COMMITTEE****Sacramento, California****May 13, 1966**

The California State Grange Executive Committee met at the office of the Master in Wisteria Hall, 3830 U Street, Sacramento, California, Friday, May 13, 1966 at 9:00 a.m. There were present in addition to State Master Quinn, Committee Members, Piper, Rafter and Deaver, including State Grange Overseer, Vayne Ralston.

State Master Quinn called the meeting to order and the minutes of the previous meeting held April 9, 1966 were approved and signed.

State Secretary, Sister Brown gave her report on financial conditions. Also, matter of replacing rosettes on regalia was presented. It was motioned by Piper, seconded by Deaver that these be acquired. Carried.

Buying of old plates from Capital Printing Company (now bankrupt) was presented by Sister Brown. It was decided that Brother Olson, Attorney for the Grange will make request for offer and matter will be decided on later after investigation as to whether it would be worthwhile or not.

Building operations: Lease signed by Oscar Pfanner was presented. Resolution made by Rafter, seconded by Piper authorizing Secretary and Master of California State Grange to sign lease of leased portion of the second floor of the new building. Carried.

Change order with a total amount of \$16,553.00 by Petersen, Inc. was presented. This is the cost of remodelling the portion of the second floor of the Headquarters Building leased to Oscar Pfanner. Moved by Piper, seconded by Deaver this be accepted. Motion carried.

Unsigned note postmarked Goleta, California 4/9/66 was read asking that total amounts received as subscription for the New Headquarters Building be published in the Grange News. This was not approved. Also, the idea of a plaque with subscribers names listed was discussed. This was submitted for discussion at a later date.

Landscaping: The landscaping of the grounds was discussed and the idea of securing professional landscaping service (usually nurseries will give professional advice) or authorizing Richard Welti to secure bids for the various plants desired and install them himself was discussed. The State Master was requested to secure bids from two nurseries and also furnish information on the total cost by Richard Welti and report to the Committee.

Dedication Plans. The State Master presented a plan to have the ceremonies start outdoors at 10:00 a.m. with Herschel D. Newsom as dedicating officer. After a brief ceremony, there will be open house in the New Headquarters Building for the balance of the day until around 6:00 p.m. Light refreshments will be served in Wisteria Hall by the H.E.C. Brother Rafter suggested that a card of directions be placed on front entrance as a guide to the various offices and signs placed at each desk of each of the Grange Officials and Departments of the new building. The Committee approved.

Dedication Date—June 11, 1966.

Deputy Conference: Will convene the evening of June 11th, 7:30 p.m. in Wisteria Hall. The Deputies will arrange for their own meals on June 11th but Sacramento Grange No. 12 would appreciate serving breakfast in Wisteria Hall starting at 7:00 a.m. Sunday, June 12th till 8:00 a.m. Then, the Sacramento County HEC would be pleased to serve luncheon in Wisteria Hall around noon, June 12th. The Deputy meeting to be adjourned around 3:00 p.m. on June 12th. Approved.

Matter of presentation of clock for new building by Brother William Booth was discussed. Motion by Deaver, seconded by Rafter that suitable clock be chosen. Carried.

\$234.25 from Mojave Valley in memory of Phoebe and Henry Johnson: It was decided that when suitable picture is found for this purpose, notification will be made.

Motion was made by Rafter, seconded by Piper that all future requests for individual items and furnishings as memorials be presented to the Executive Committee for approval. Carried.

Dr. Carle Fiedler gave a report on his Youth Activities.

Repainting of walls and woodwork at Wisteria Hall was discussed. State master was requested to get bids for painting of walls and woodwork. Motioned by Deaver, seconded by Rafter that this be done. Carried.

Insurance for new building was discussed as related to completion date. GIA—\$839.00, Farmer—\$619.40. It was moved by Rafter, seconded by Deaver that the Farmers present detailed proposal of the policy covering the new building which will be presented to other interested carriers. Approved.

State Fair Booth was discussed, particularly placement of Grange Booth. Grange Day Luncheon was discussed. Moved by Deaver, seconded by Rafter to continue Grange Day Luncheon at the Fair on same basis as previous year for 1966. Carried. Letter 5/4/66 from Golden Empire Grange was read. Bill from Austin Carroll, Tree Surgeon, for \$195.00 dated 3/31/66 was approved for payment.

State Lecturer's Report on Meetings for 1966 was presented and plans made to invite State Lecturer Ivey to attend future

Executive Meeting later to discuss revamping of program. Bill for expenses from State Lecturer dated 4/30/66 amount \$142.17 was approved for payment.

Letter from H. N. Althouse, National Grange Extension Director dated 4/11/66 was read, No action.

Farmers Insurance Exchange letters dated 3/31/66 and 4/25/66 on Workmen's Compensation payments were presented.

Bills from Hollywood Drapery for \$1000.00 and \$170.00 (rods): Mover by Deaver, seconded by Rafter that bill for \$1000.00 be approved for payment and bill for \$170.00 held for investigation. Carried.

Letter from Gladys True dated 4/23/66 concerning appointment of Sister Yabsley as HEC Chr. for Dist. 11. Moved by Rafter, seconded by Piper that this be approved. Carried. Letter dated 4/23/66 requesting use of cookbook money to pay for necessary furniture in employees lunch room and couch for restroom. Moved by Deaver, seconded by Piper that this be approved. Carried. Also letter dated 5/5/66 requesting desk from State Office be allocated to Sister True for use in her HEC work. Moved by Piper, seconded by Rafter that this be granted. Approved.

Letter dated 4/24/66 from Sam Chinn was read.

Letters dated 4-27-66, 4-22-66, 4-15-66 from Mary Tibbetts requesting sale of cookbooks by purchasing them at \$1.25 to sell for \$1.75. Motion by Piper, seconded by Deaver that unless purchase was made in large amount of 500 books at least, this proposal would be rejected as inequitable to Grange HEC ladies. Carried.

Letter dated 4/29/66 from Title Insurance & Trust Co. was read.

Encyclopedia Britannica deal (letter 5/9/66). Moved by Rafter, seconded by Deaver that this be rejected. Carried.

Certificate No. 9 from Nicholas Tomich, Architect dated 5/5/66 totaling \$13,274.01. It was moved by Piper, seconded by Deaver that this be paid. Carried.

Letter from Assemblyman Bob Monagan, dated 5/5/66 was read.

Letter dated 5/6/66 from National Grange concerning National Grange Magazine was read and discussed.

Letter from U.S. Department of Internal Revenue dated 4/25/66 was read.

The forthcoming 1966 Stockton Convention was discussed, including exemplification of Degrees. This exemplification matter will be investigated by the State Master and he will report to the Committee.

Plan from Commercial Insurance Company for recruiting members from list of Cattlemen was presented. This will be investigated.

There being no further business, the meeting was adjourned at 4.30 p.m.

Insurance matters were discussed, and coverage starting June 1, 1966 for the new building was explained by Brother Piper as to general liability.

Telegram from Lars Nelson, Master of the Washington State Grange congratulating State Master Quinn on new building was read.

Report from the Grange News by Brother Hazlewood, Editor, was presented. Also present, were Brothers Howard Herbes, Oscar Pfanner, and Jack Galvin. Coodinated staff meetings between the departments of the Grange News and the Executive Committee to make the News a vital vehicle in obtaining membership was presented. It was moved by Brother Piper and seconded by Brother Deaver that list of recommendations for program of improvement and coordination of the Grange News be presented to the Executive Committee. Carried.

Grange signs (such as Rotary and Lions) placed at entrance of cities and towns with Granges was discussed.

The problem of the Auburn Journal was discussed as to the desirability of the job of composing the Grange News.

Grange Tours: It was moved by Piper, seconded by Rafter that Grange Tours be actively publicized in the Grange News. Carried.

Closing of paper for month of July was discussed and it was agreed that this same arrangement be carried on for this year.

Brother Oscar Pfanner, Auditor for the Grange News presented his report as to the finances of the Grange News.

C.P.S. Medigap Plan presented. It was agreed that this would be further discussed by representative at the Deputies' Conference.

State Master, Brother Quinn returned to the Headquarters Building and presided till adjournment.

Bill dated 5/31/66 from E. F. Corbin Co. presented. Motion by Piper, seconded by Rafter that each item be checked before payment. Item of couch for ladies lounge presented. Moved by Piper, seconded by Rafter that State Master be authorize to secure a suitable couch, not to exceed \$69.50 plus sales tax. Carried.

State Lecturer's expense sheet dated 6/1/66, amount \$85.25. Moved by Piper, seconded by Rafter that this be approved for payment. Carried.

Release dated 5/6/66 from National Grange relative to National Grange publication was read. No action.

Dedication Ceremonies presented—as all seemed to be in order, no action was taken.

Letter from L. A. Jones dated 5/13/66 was read.

Japanese Youth visit communication dates 5/28-6/14-1966 was read.

National Cotton Council Release dated 5/19/66 was read, and discussed.

Centennial Membership affairs presented—no action.

Resolutions received since last meeting presented.

Bill dated 6-2-66 - from C. R. Graham & Sons Transfer, amount \$240.85 was presented. Moved by Deaver, seconded by Piper that this be paid. Carried.

Bills from Kenny Supply Company dated 6-3-66 and 6-6-66 were presented. It was moved by Deaver, seconded by Rafter that these be paid. Approved.

Bill dated 6-8-66 from Hutchings Painting Service for \$800.00 for the painting of Wisteria Hall presented. Moved by Piper, seconded by Deaver that this be paid. Carried.

Renting and care of Wisteria Hall discussed. It was moved by Deaver and seconded by Rafter that the previous schedule be adhered to in the rates for renting. Carried.

Survey dated May 26, 1966 from the National Grange was presented. No action.

Bill dated 5-31-66 from Hollywood Drapery in amount of \$170.00 for rods was presented for payment. It was moved by Piper and seconded by Deaver that this be paid when it is determined that it has been deducted from original construction contract. Carried.

Letter from Internal Revenue Service dated May 25, 1966 was read. No action.

Contract for Janitorial Service (Sutter Janitorial Service) as of June 1966 was presented and read.

Building affairs discussed such as heating, finishing of upstairs, explanation of exterior lights, complete set of building plans, airconditioning system, spots to be refinished by contractor, cracks in cement curbing, loose roof shingles, light in Secretary's office. Change order for the second floor, was signed by the Executive Committee.

Mr. Pfanner leasing of upstairs apartment discussed at 25 cents per sq. foot. It was agreed to take the inside measurement and present amount to Mr. Pfanner.

Convention affairs were discussed and it was agreed to send list of officers who will occupy block of rooms reserved for the officers of the California State Grange to Eden Lodge of Stockton.

Letter dated June 3, 1966 from Sisquoc Grange concerning oil and gas lease was read.

Invitation to Brother William Brake, Chairman of the Community Progress Program, National Grange to visit California Granges, was discussed. State Master Quinn was authorized to write Brother Brake as to dates that might be available for his visit.

There being no further business, the meeting adjourned at 5:00 p.m.

MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE

Sacramento, California

July 26, 1966

The California State Grange Executive Committee met at the new Headquarters Building, 2101 Stockton Blvd., Sacramento, California, Tuesday, July 26, 1966 at 9:00 a.m. There were present in addition to State Master Quinn, Committee

Members, Rafter and Deaver, including State Overseer Wayne Ralston and State Secretary, Marjorie Brown. Brother Piper being unable to attend as he was out of the State.

State Master Quinn called the meeting to order and the minutes of the previous meeting held June 10, 1966 were approved and signed.

The financial report of State Secretary, Sister Marjorie Brown was presented, discussed and accepted. A system of double entry bookkeeping for Grange Accounting was discussed. Moved by Deaver, seconded by Rafter that a proposal outlining the double entry system be presented at the next executive meeting. Motion carried. It was also moved by Rafter, seconded by Deaver that the State Secretary submit to the committee at the next meeting, a list of items of major expense and income received for the first 6 months of the year. Carried.

The matter of the rent for the space used by the Grange News in the new building was discussed. Committee decided to retain the amount of \$75.00 monthly at this time. A check in the amount of \$500.00 was submitted from the Grange News—receipt to show "Dividend return for operations of the Grange News."

An itemized statement dated July 5, 1966 from Richard Welti listing the gardening labor to be done around the new Grange building was discussed. Moved by Rafter, seconded by Deaver that Mr. Welti be paid an amount not to exceed \$100.00 per month (this includes Janitorial Service in Wisteria Hall and all gardening work around the building according to his proposed statement). Motion carried.

Building Operations were discussed with Mr. Tomich, Architect, Mr. Bob McClain, Asst. to Mr. Tomich and Mr. Petersen, Contractor. Moved by Deaver, seconded by Rafter to approve change Order No. 1, totaling \$16,103.00 and Change Order No. 2, totaling \$2,255.00. Motion carried. Letter from Mr. Tomich's office was read regarding the guarantee of the new State Grange building.

Committee retired for lunch and reconvened at 1:30.

Lease of additional space to Mr. Oscar Pfanner on the second floor was discussed. This to be submitted for discussion at a later date as Mr. Pfanner was out of town.

Insurance matters were discussed.

Letter from Mr. James Burgess, GIA of California read. No action.

Salary adjustments were discussed. Committee decided to set up a salary scale for staff members and action on their review would be taken at the next Executive Meeting.

Bill dated July 13, 1966 from Thomas Olson, Grange Attorney, for retainer fee commencing July 1, 1966—\$250.00 and

services rendered in connection with Pfanner Lease—\$150.00, totaling \$400.00 presented. Moved by Rafter, seconded by Deaver that this sum be paid. Carried.

Internal Revenue and State of California requirements on Social Security, Withholding and State Unemployment deductions explained to the committee by State Master.

Western States State Masters' and State Officers' Regional Conference, Portland, Oregon, September 2nd and 3rd, 1966 discussed. Committee agreed for the State Master to send regrets we would be unable to attend.

Plans for the 1967 Convention in Riverside, California were reviewed.

Student Loan request from Brother Wayne Higgs, a member of Rio Linda Grange No. 403, Sacramento County for the amount of \$600.00. Correspondence to follow up on this request before loan is approved.

Leter from State Grange Chaplain, Sister Leta Littler dated 7-5-66 was read.

Letter dated 6-22-66 from Senator Kuchel relative to Cotton Promotion Bill read.

Copy of letter dated 6-28-66 from Sister Blanche Newsom of the National Grange to Eleanor Brusvan, Secretary, Sacramento Grange No. 12 was read.

Letter 6-28-66 from Brother Stephen Nygren, National Grange Prince read.

Telegram from Alta Peck, National Grange H.E.C. Chr., was read regarding the National Grange Sewing Contest winner in California, Mrs. Mary Jean Rose of Downey, California.

Letters dated 6-21-66 from Harry Althouse, Extension Service and reply of 6-29-66 read to the Committee.

Letter dated 6-29-66 to Sister Elvira Powell, relative to requirement for C.P.S. of California Insurance Medigap Program read.

Letter dated 7-1-66 from Nelson Leavelle, Farmers and World affairs read. Will investigate further on this.

Letter dated June 13, 1966 from Lawrence A. Jones, Deputy Commissioner, California Div. of Corporations to Clara Williamson, Treasurer, Solano Co. Grange Credit Union read.

Letter dated 6-22-66 from Senator George Murphy relative to reapportionment read.

Letter dated 6-27-66 from John S. Cornelius, Principal, El Cajon Valley High School was read.

Various Resolutions from Granges were discussed and were authorized to be part of the agenda at the State Session in Stockton during October, 1966.

State Secretary displayed a postal scale machine needed for her office use. Moved by Deaver, seconded by Rafter to purchase the scale, Price \$6.50 carried .

Various correspondence was reviewed by the committee. Plans for the forthcoming Convention in Stockton, California were discussed.

The matter of revised printing of the Constitution and By-Laws of the California State Grange was discussed. Copies of the changes to be made and sent to the Committee for approval.

Mr. Bob McClain, and Mr. Petersen, Building Contractor were presented to the Committee. Moved by Deaver, seconded by Rafter to accept Change Order No. 3 in the amount of \$6,110.36.

Certificate No. 10 from Nicholas Tomich, Architect dated July 25, 1966 totaling \$24,468.36. Upon the recommendation of Mr. Tomich, Brother Rafter moved that the State Grange only pay around \$20,000.00 on the total bill of Certificate No. 10, seconded by Brother Deaver. Also moved by Rafter, seconded by Deaver that the Punch List referred to, dated 7-26-66 be specifically outlined to show the 18 corrections to be completed on this project. Letter from Mr. Tomich's office dated 7-25-66 stated that he recommended a suitable amount of monies be retained from the next payment due.

Mr. Elmer Christner of the Elmer's Landscape Design & Construction was presented to the Committee to explain a sprinkler system proposed for the State Grange building grounds. All beds to be equipped with sprinklers except the rose beds. Bids of \$1,275.00 for galvanized pipe fittings and \$900.00 for Ridig Vinyl Plastic Risers to be galvanized—12 inch high— $\frac{1}{2}$ inch D. Committee decided to let Mr. Christner know their decision.

Herman Grabow, Leg. Repr. appeared before the Committee to discuss the Milk Producers prices.

Letter dated 7-18-66 from Herschel Newsom, Master National Grange regarding the matter of sending the mailing lists of the California State Grange Membership to the National Grange Headquarters for their mailing out of the National Grange Monthly Magazine. To be discussed at a later meeting.

The following bills were presented:

7- 1-66	Sign by Linck Art	\$ 53.28
6-30-66	Skalisky Decorators	182.71
5-31-66	Hollywood Drapery & Upholstery	170.00
5-31-66	Corbin Furniture Co.	\$5,044.00

Moved by Brother Rafter and seconded by Brother Deaver that these bills be paid. Motion carried.

It was recommended by the Committee for the State Master to look into the guarantee of the Air Conditioning System of the new building.

Letter dated July 23, 1966 from Humboldt Grange No. 501 thanking the State Grange for sending the special Certificate for Sister Ida Pasco.

The matter of a mechanical copy machine was discussed. No action at this time. State Secretary was asked to find out if the rental of the machine now being used in her office could be applied toward the cost of the machine.

There being no further business, the meeting adjourned at 5.30 p.m.

MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE

Sacramento, California

September 8, 1966

The California State Grange Executive Committee met at the office of the Master at the new Headquarters Building, 2101 Stockton Blvd., Sacramento, California, Thursday, September 8, 1966 at 9:00 a.m. There were present in addition to State Master Quinn, Committee Members, Piper, Rafter and Deaver, including State Grange Overseer, Wayne Ralston, State Secretary, Marjorie Brown. State Grange Treasurer, Harry Schmidt attended meeting later in the day.

State Master Quinn called the meeting to order and the minutes of the previous meeting held July 26, 1966 were approved and signed.

State Secretary, Sister Brown gave her report on financial conditions as of August 31, 1966. Report accepted. Itemized list of expenses and income received in the General Fund during the period of October 1, 1956 to August 31, 1966 submitted to the Committee.

Brother Craig Hazlewood, Editor of the Grange News appeared and the matter of the National Grange Monthly Publication being issued to Grange Members in California was discussed. Moved by Piper seconded by Rafter to furnish the National Grange with an initial circulator list with the stipulation that the list be used only for the sole purpose of mailing the National Grange Monthly and that the California State Grange be reimbursed the sum of \$175.00 for the cost of preparing the list. Carried.

Further landscaping for the grounds of the new Headquarters Building was discussed. State Master was directed to se-

cure bids for cost of putting either lawn or shrubs on the west side of the building facing Stockton Blvd. Agreement with Richard Welte for exterior garden and ground care for Wisteria Hall discussed—held over until next meeting.

Mr. Pfanner leasing of upstairs apartment discussed. Moved by Rafter, seconded by Piper to accept bid of Mr. Pfanner to pay \$36.00 monthly for said apartment with the understanding that within a 30 day notice, the apartment be vacated to allow for future tenant. Motion carried.

Youth Meeting: Moved by Deaver, seconded by Rafter that Dr. Carle Fiedler, Director of Youth Activities be authorized to attend a Youth Group Meeting (suggested by Brother Rafter) in the southern part of the State. During September, 1966) Carried.

Building Operations were discussed with Mr. Bob McClain. Assistant to Mr. Tomich, Architect. Moved by Rafter, seconded by Deaver to withhold \$1,734.54 from the total amount due on Certificate No. 11—\$21,734.54, pending completion of work to be done on Item No. 7 on Nicholas Tomich's punch list, dated July 26, 1966. The matter of withholding this amount of \$1,734.54 subject to the review of Thomas Olson, Grange Attorney. Carried.

Bill dated July 25, 1966, Job No. 721 from Nicholas Tomich, Architect (Architectural Services in connection with the construction of new State Grange Building) Balance of \$3,782.62 due. Moved by Rafter, seconded by Piper that this balance be paid. Carried.

Grange News financial report submitted by Brother Craig Hazlewood, Editor and Oscar Pfanner, Auditor for the Grange News. After some discussion, it was moved by Brother Rafter and seconded by Brother Piper to authorize the Grange News to pay an amount of \$1,700.00, to Brother Howard Herbes Southern California Manager for accumulated monies due him for Sales Advertising.

Recessed for lunch.

Reconvened 1:30 p.m.

June 30, 1966 Membership reports discussed.

Further plans for the forthcoming 1966 Stockton Convention were discussed. The matter of the Home Economics Committee's Cook Book account was discussed. Insurance Policy of Brother Joe Silva with the Commercial Insurance Company discussed.

State Master Quinn reported on his Testimony Hearing of Proposed Cotton Research and Promotion Order given in Phoenix, Arizona, August 29-30, 1966, relative to the subscription of \$1 per bale for promotion and Research for wider use of cotton.

State Lecturer's expense sheet dated, August 19, 1966, amount \$17.46 and expense sheet dated September 6, 1966, amount of \$82.16 submitted for approval. Moved by Rafter, seconded by Piper that these bills be paid. Carried.

Letter dated 8-11-66 from State Chaplain, Sister Leta Littler read.

Letter dated 8-15-66 from J. M. Jerome, Phillips Petroleum Co. read.

Insurance matters discussed. Moved by Rafter and seconded by Deaver that the Grange Mutual Life Insurance Company of Nampa, Idaho be invited to attend the first Executive Committee meeting, following the 1966 Convention in October. Carried.

The matter of reprinting the Constitution and By-Laws of the California State Grange discussed. Moved by Piper, seconded by Deaver, the revised edition be printed. Carried. It was also moved by Brother Rafter and seconded by Brother Deaver to have the California State Grange Youth Brochure printed. Carried.

Various Resolutions to be part of the agenda at the State Session in Stockton were discussed.

National Grange Session to be held in Minneapolis, November, 1966 discussed.

Correspondence dated 8-27-66 from the Washington State Extension Service read.

The matter of ordering white Bibles for the Superintendent of Junior Granges, Sister Eve Rowe was discussed. Moved by Deaver, seconded by Rafter to purchase 12 of these Bibles at \$2.25 for Sister Rowe to present to the new Junior Granges. Carried.

The matter of salary adjustments to be held over for the next Executive Meeting.

Committee voted to hold the next Executive Committee Meeting, Saturday October 8, 1966.

There being no further business, the meeting adjourned at 4:00 p.m.

DEPUTY REPORTS**EAST BUTTE COUNTY**

Worthy Master, State Officers and Members of the California State Grange:

Greetings:

It is a pleasure for me to report for the six Granges in East Butte County to the delegate body of the 94th Session of the California State Grange.

It has been a very busy year. Each Grange has a membership chairman with committees bringing in centennial membership applications, and we have a net gain in members in East Butte County thru this quarter. Wyandotte Degree Team put on the full Four Degrees twice this year. Four of the Granges have entered the Community Progress Program. The H.E.C.'s of all the Granges have been working hard raising funds for their many projects thru dinners, card parties, box socials and breakfasts. Have donated or sponsored to the following. To Crippled children, Mentally retarded children, Cancer Fund, Campfire Girls, Student Fund, National Grange Building Fund, sponsored 4-H in two Districts, furnished milk for poor children lunch at school, to State Grange Building Fund, also furnished clothing to 4 families that had fire loss. Also helped with their individual Grange Hall improvements. There can never be enough praise given the H.E.C. women for their time and labor spent on the many projects and the Grange.

We have a very active Federal Credit Union, gained in shares and loans each month this year. All Granges are showing more interest in G.B.O., also Grange Fire Insurance.

I have visited all the Granges three or four times this year.

It has been a pleasure working with the Granges in East Butte County this year. Being my first year as deputy, the co-operation was very good.

Fraternally submitted,
Leonard Hendricks, Deputy

WEST BUTTE COUNTY

Worthy State Master, State Officers and Members of the State Grange:

Another year, another report.

This year I am reporting for six Ganges as Butte County has been divided into two Deputy districts, East Butte and West Butte. Mine is West Butte with six Granges. Present membership for my six is 1,226, September 30, 1966.

Membership gain has been the one important thing we have been working for. It seems almost impossible to make gains

and hold them, one quarter gains are made, next quarter they show loss, so working for membership must never quit.

Our Pomona is still the largest in the state with a membership of 783 at the end of September 30, 1966. The Pomona still gives their Scholarships for Ag Students and H.E.C. have had very good attendance at Pomona meetings. Have put on the 5th degree once in the spring and will put it on the 30th of October.

Taking everything into consideration we have had a very good year in Butte County.

Fraternally,

Justus Borchers, Deputy

SAN JOAQUIN-CALAVERAS COUNTIES

Worthy Master, Officers and members of the California State Grange

Welcome to Stockton, the center of one of the richest agricultural areas in the Nation. It is indeed a pleasure for S. J. County to be your host for this 94th California State Grange Convention. All of the Granges in the county have taken part in planning and preparing the details and arrangements to make this a most successful and enjoyable convention.

Membership has been the main objective of all our Granges this year. Meetings of the Masters have been held periodically for discussing methods of gaining new members. County-wide, we have made a substantial gain in new members.

Several of the Granges have awarded scholarships to help a student who is interested in agriculture or home economics.

Pomona and Calaveras Granges entered booths in fairs and came out winners. All of the Granges are having regular meetings and are very active with many money raising projects. Several of the Granges are active in Community Service.

All the HEC's in the county have been very active and the meetings are all attended. Several entries for the sewing contest and needlework.

Joint installation was held the second Saturday in January with our Worthy State Master and Mrs. Quinn installing; assisted by local members. All Granges participated except Calaveras. Due to unpredictable weather they held their own installation.

Fraternally submitted,

Elmo Ward, Deputy

COLUSA COUNTY

To the Officers and Members of the California State Grange:
Greetings:

I have considered it an honor to represent the State Grange as your deputy in Colusa County for the past year. While we

haven't accomplished as much as we hoped for, in most cases we have held our own. The plans we are now making, we will do better in 1967.

Respectfully submitted
R. C. Stuart, Deputy

CONTRA COSTA COUNTY

To the Officers and Members of the California State Grange:
Greetings:

The Granges in Contra Costa County have maintained their membership. I wish I could say there was a large gain but that was not achieved. Hope next year will be better.

I had the honor of installing two Subordinates and our Junior Grange.

We are continuing our contribution to the 4H All Star Program.

Three of our Granges entered feature booths and Home Economics booths at the County Fair and received good prizes.

The H.E.C. in our Granges have worked faithfully raising money giving dinners, Rummage Sales and Bazzars, etc. Their welfare work has been outstanding too.

I tried to save Diablo Grange from disbanding but due to lack of interest with the few members belonging, there was not enough left to continue. The few members left have joined the Pleasant Hill Grange.

I have visited all my Granges on several occasions. I have helped as much as possible answering their questions and helping with their problems to the best of my ability.

Our biggest concern is the increase in membership.

Our Credit Union continues to give good service to our members.

I sincerely hope that the convention at Stockton this year will be a pleasant and successful one for the California State Grange.

Fraternally submitted,
M. J. Trebino, Deputy

EL DORADO COUNTY

Worthy State Master and Officers of the State Grange:

I was appointed deputy for El Dorado County June 25th.

I have visited all seven Granges once and some twice. All of the Granges are in good standing.

Most all of the Granges have made repairs of one kind or another on their halls. Membership has dropped off but we hope to correct that soon.

The El Dorado-Amador credit union is enjoying another good year helping Grangers with their problems. Some of the

Granges give scholarships to graduate seniors. They are also helping 4-H Clubs and the Scouts.

It has been a real pleasure to attend the Grange and H.E.C. meetings.

Fraternally submitted,
Leland E. Miller, Deputy

NORTH FRESNO, MADERA COUNTIES

Worthy Master, Officers and members of the California State Grange.

Greetings:

This has been an interesting and busy year. With the assistance of an able team I was privileged to install the officers of the California State Grange at the annual session in Bakersfield. And again this year I installed the officers of the Pomona and fifteen Subordinate Granges of Fresno and Madera Counties in a joint ceremony in January.

I visited each of the Granges under my jurisdiction on more than one occasion to give what help I could and to try to set up programs for membership gain. Some of the Granges have shown an increase in membership but others have not. Some have lost members. We have suffered the loss of valued members through death.

We were hosts to a District conference of Lecturers in February, led by our Worthy State Lecturer. It was my privilege and pleasure to attend the dedication of our new headquarters building and the Deputy conferences.

I have been the guest at several special affairs and been on the Booster Night program at Granges in my and adjoining counties.

Fresno and Madera Counties were hosts to eighteen young Japanese for a ten days stay on farms in the area. They were members of the Japanese Seinendan Council and their visit was under the sponsorship of the National Grange and the IFAP.

The Pomona Grange with the cooperation of all the Granges of the area sponsored a Vietnamese girl for a year's study in the County, raising \$1000 to finance the project.

Most, if not all, of the subordinate Granges and the Pomona gave from one to four scholarships ranging in value from trophies to \$100 each.

We have stressed the need and value of publicity and were privileged to have Brother Quinn make several tapes for TV and radio broadcasts which were a great boost to us. We were glad to welcome him and Sister Quinn to our county upon the occasions when they were available. Also Brother and Sister

Deaver, Dr. and Sister Fiedler have been most welcome guests during the year.

Sister Boyd retired as manager of the Credit Union, but continues to work with and for us. Brother Andy Tarailo is ably steering the course of the Fresno Granges Credit Union with the assistance of alert and able committees.

The HEC's continue to feed us and raise funds for scholarships and other projects. Awards have been won in sewing and in the cooky contest. Many worthwhile projects have been initiated, one of the latest being Project Westside to help the underprivileged of that area.

I have enjoyed all phases of Grange work and feel privileged to serve as a deputy.

Fraternally submitted,
Ada Doss, Deputy

SOUTH FRESNO COUNTY

Worthy State Master Officers of the State Grange;

Greetings.

We all look forward to the Annual Convention with much anticipation towards seeing our Grange friends again, and receiving the inspiration we all get from attending. It is with deep regret that I will be unable to attend this year.

The past year has been rewarding, the Granges under my jurisdiction have made progress even with many deaths among the older members. One of the Granges made a high mark in membership, with 39 new members. I have visited all my Granges, also many social nights and dinners at which I was asked to speak.

We attended an installation at Springville, by invitation from Brother Sam Neilsen, Brother Neilsen did a beautiful job of installing the officers.

We were invited to Lemoore to their lovely installation by Brother John Ellberg, there Brother Chester Deaver was the installing officer. The Lecturers Conference in Kingsburg was ably led by Brother Ivy and we all learned much and enjoyed the day. Our Fresno County Credit Union is growing very fast under the able leadership of Andy Tarailo and Mildred Boyd. Mildred Boyd has resigned as full time treasurer and handed the reins over to Andy, who we are sure will do it well.

We joined the Coalinga Grange for their Boosters Night a steak dinner and carnival.

The Caruthers Grange has given the 1st and 2nd Degrees in the Spring and will now give the 3rd and 4th Degrees to several of the other Granges of the County. We enjoy hosting our fellow Granges.

I enjoyed the Tulare Fair as Brother Sam Neilsen's guest and it was a pleasure to meet State Master and Mrs. Quinn, Chester Deaver and the other officers here.

My surgery in May certainly stopped much of my activity as far as attending meetings were concerned, but I've kept my phone busy. I hope to be in much better health next year and able to do much more for the Grange.

It has been a most enjoyable year working with my fellow Grange members.

Fraternally submitted,
J. (Ed) Saint, Deputy

MOUNTAIN AREA—SOUTHERN HUMBOLDT COUNTY

Worthy State Master, California State Grange.

Following is my annual report on the activities of the Mountain area of Southern Humboldt County, Granges, my visits and the resulting activities. The first part of this report repeats the report sent you April 11, 1966, which listed the accomplishments to that date. The balance completes the year through October.

On January 4th Sister Heinrich and I visited Miranda Grange, helped in their election of officers, and encouraged them to work on membership and on choosing a community service project. They have one in mind which could be developed by creating a little more interest.

January 14th Miranda and Garberville Granges combined for their annual installation of officers. State Master, Brother Quinn was the installing officer.

January 19th Garberville Grange conferred first and second degrees on four new members and received six members from the dissolved Harris Grange by Demits. We also voted to accept as a community service project, the numbering of all residences and business buildings in Redway, with the co-operation of the County Planning Commission and the Department of Public Works. Since that time 350 numbers have been issued and as many more are available as the vacant lots are used. These numbers are obtainable at the Redway Post Office upon request.

We attended a number of Grange Credit Union meetings to be better informed as to its function, in order to pass this information on to inquirers.

January 23rd. Attended Humboldt Pomona meeting at Spruce point.

January 31st. Attended Whitethorn Grange. This meeting followed several personal visits to prospective members in which we endeavored to create enough interest in their almost dormant Grange to keep them functioning, and so save their

charter. At this meeting we obligated ten new members and helped them elect their 1966 officers.

February 2nd. Conferred third and fourth degrees on four members of Garberville Grange No. 514.

February 8th. Two car loads of Garberville Grange members visited Whitethorn Grange and assisted in the installation of their officers. Lee Metcalf, Past Master of Garberville Grange was the installing officer. The Whitethorn Grange seems to be greatly encouraged and I believe will go ahead with renewed interest.

February 16th. Obligated two new members in Garberville Grange at a regular session.

February 27th. Visited Pomona Grange at Bayside.

March 2nd. Reported Community Service Project of numbering buildings in Redway completed, and voted to begin another project, namely: cleaning up three acres of brush covered lots belonging to the Southern Humboldt Unified School District, which adjoins the elementary school grounds in Redway.

This project is to be shared by the Coordinating Council, The Redway Fire Department, Garberville Chamber of Commerce with the approval of the School Board. This work has since been started, with several ladies providing lunch and coffee to the workers, and several interested neighbors providing tools and man hours to help.

When finished this will be a beautiful little neighborhood park, just one block off Highway 101.

March 10th. Attended a regular meeting of the Southern Humboldt Unified School District Board of Trustees. Permission was asked of the Board for the Grange and other Community Service Clubs to clean up the lot on the southeast side of the Redway school property. This permission was unanimously granted.

March 16th. Garberville Grange celebrated its 33rd birthday with a potluck dinner, open house, and a very good local talent program.

March 27th. At the Pomona Grange meeting at Ferndale I was requested to assist Deputies Dave Thompson and Floyd Davis in trying to get the property at Redcrest, which is tied up in litigation, released to the Holmes Grange for their new Hall, so they can begin building while the weather is good.

March 29th. I met with the Humboldt Supervisors, and also saw the Humboldt Title Company and the P. L. Lumber Company of Scotia. I believe a plan is now being worked out whereby this can be accomplished.

April 2nd. Attended State Lecturers' program conference at Spruce Pt. Took our Lecturer and several other members.

April 6th. Two members reinstated in Garberville Grange.

April 12th. Helped Whitethorn give 8 new members third and fourth degrees.

April 17th. Attended Miranda pot luck and awarded two members their 25 year pins.

April 24th. Attended Pomona Grange at Rohnerville.

May 23rd. Assisted in choosing students to receive Pomona Scholarship awards.

May 24th. Visited Alder Pt. Grange.

July 1st. Visited Mattole Grange. Encouraged them in their membership drive. Last part of July and August away on vacation.

Sept. 30th. Visited Rohnerville Booster night. Took first prize for our entry in Pomona Grange Talent Show. Also took first prize for taking the most non-members with us.

Oct. 11th. Took several of our members to Whitethorn Grange to hear a talk by Sheriff, Gene Cox, of Humboldt Co. explain what we in the outlying districts could expect in the way of protection through his office. Whitethorn Grange has increased its interest and is working on several Community Service projects: a new branch of the County Library; Clean-up of old cars; a new Post Office building; and a water project. Their membership is also increasing. They have also formed a very enthusiastic H.E.C. all of which is very commendable.

October 6th. Am assisting Redwood Grange in getting their plans drawn according to specifications so they will be accepted by the County Inspection Dept., so they can get started on their new building.

October 28th. Went to Mattole Grange and took several of our members to assist in installing their new officers for 1967.

I have attended the Southern Humboldt Credit Union once each month.

Fraternally submitted,
O. W. Heinrich, Deputy

NORTH HUMBOLDT COUNTY

Since January 1, 1966, I have visited each Grange in my district at least twice. The last visit to each Grange has been made since September first. My district showed a decrease in membership on June 30th, but, in the last three months most of these Granges have taken in new members.

I am happy to report that there has been inquiries by both new member prospects and by past members that have dropped out.

All but one Subordinate Grange meets twice each month with a fair attendance. The remaining Grange meets once a

month and I believe its members are showing more interest. Therefore, I hope they become a stronger Grange in the near future. Pomona Grange No. 48 meets regularly once a month with good attendance which has quite a lot of activity.

It is my opinion that here is beginning to be better co-operation between the Grange members themselves and also the granges in this district.

Respectfully submitted,
Edwin Fr  drickson, Deputy

LAKE COUNTY

Worthy State Master, State Officers, Brothers and Sisters:

Here it is convention time again and I look forward to meeting old friends and to making new ones. Friendship is something we must work at, if we expect a friend to turn to in time of need.

My illness during the early part of the year has made me realize how many friends I have, when I look at the many cards that have been received, wishing me well. I'm happy to say that I'm feeling much better and ready to once again get busy with Grange work.

Four of our Granges in Lake County have Degree teams which put on all four Degrees, and they have been quite busy this year. Guenoc Grange tops the list with 44 new members having had the Degrees and have about 20 more waiting to take the Degrees. Others who have Degree teams are Konocti, Clearlake and Bachelor Valley Granges. Each has also conferred the Degrees several times. However, death has also taken more than the usual number of our members and we are always saddened to realize that we are all getting to that age. It is more important than ever to take into our Granges more members and especially those of a younger age.

The Granges are busy and those struggling hardest to have their own halls are the most active. This year one more Grange is acquiring a hall. Konocti Grange has been able to obtain a long term lease on an old school building. They are working hard now to get it in shape so they can begin to hold their meetings there. They will have full control of the management of the building, thus will be able to rent it out or use it for any Grange purpose.

Eastlake Grange is doing considerable remodeling in their kitchen and renovating of some of the rest of the building. They also acquired an old school building, had it moved to a lot they purchased and now about 3 years later have a very nice "home" for themselves.

Bachelor Valley finished paying off the indebtedness on their building early in the year and immediately began to plan other projects for the Grange to work on. They had just a con-

crete floor in the building and have now covered that with linoleum tile and have improved their kitchen with new cupboards.

Clearlake Grange, with the largest and finest hall in the county, finds it quite a struggle to keep it up and have plans for painting the kitchen again.

Scotts Valley Grange has their hall almost paid for and they also have done a lot of remodeling in their kitchen to make it more convenient to work in. Scotts Valley and Eastlake are the two smallest Granges so they are always hurt worse when death or other reasons take members from the rolls. But they keep going and the work they do means a lot to the Granges in the County.

Kelseyville has had the unhappy experience of having their Master, Elmer Bruce, die very suddenly in August. The Overseer, Charles Hein, is keeping things going though and I'm sure they will get back to working for the good of the Grange. Things were very slow for them during the summer months, with so many of their members working in the pear harvest just at the time of the death of the Master.

Guenoc Grange has a group of young marrieds in the new membership and they have organized a Square Dance Club which meets each Friday evening in the hall. We are all hoping to realize a long time dream of getting a new kitchen and dining room added to the building. So far it is just a dream, with work added to raise money, and someday I'm sure that dream will come true.

Fraternally submitted,
James R. True, Deputy

LASSEN COUNTY

Worthy Master:

Janesville and Johnstonville Granges experienced a fairly successful year.

Membership increased in the last quarter in both Granges.

The Johnstonville Grange worked hard to make payments on their remodeled hall.

The Janesville Grange, under the leadership of Master Seth Foster, instituted a Community Progress Program. This program shows considerable promise both in helping the Grange and serving the Community.

The District Deputy has visited both Granges regularly and has stressed the importance of increasing membership.

The idea of Community Progress and Community Service has been advocated. Proper presentation of degree work has been encouraged.

Fraternally submitted,
R. L. Hartman, Deputy

MERCED COUNTY**Worthy Master:**

Greetings from Merced County. As for your request a report from Merced County.

I have visited every Grange in the County at least 3 times this year and all of Pomona meetings plus 2 booster nights at Dos Palos and Delhi, both well attended with prospect members. Talked on members and the 100 yr. birthday program. All Granges are working for new members and I do believe that we are going to make a good gain by Oct. 1967. I also have 4 Granges that are working on Community Progress and I hope to have more.

Worthy Master I don't know what else to report on that I can do to increase our membership.

Hope to have all of Merced County Grangers represented at our annual meeting in Stockton. See you there.

Fraternally submitted,
J. J. Mancebo, Deputy

MOJAVE VALLEY**Worthy Master, Officers, and Members of the California State Grange:**

Again it is my pleasure to send you greetings from Mojave Valley:

The Granges in this district have been quite active and enthusiastic this year. They have taken in many new members, and I think the over all count will show a slight increase. With their continuing work and spirit I am sure will show a better report next year.

Again this year the San Bernardino County Fair was well supported and greatly appreciated by the management. Grange Day was a great success with representation by Brother and Sister Quinn. Five feature exhibits were entered and all received a prize. Two Granges had very successful food booths. Many trophies were donated in 4-H competition.

Much interest is being shown in community affairs. One Grange sponsors a successful community fair and several have entered the Community Services Contest. Also several scholarships were given deserving young people.

As always the Home Economics groups have been very active and successful in their various communities.

One Grange has almost completed its new Hall and many others have made notable improvements.

Our Federal Credit Union is active and increasing in total assets, having over 280 shareholders and total shares of over \$126,000.00 with good dividends being returned. Total assets are over \$140,000.00.

Many of our members are taking advantage of the many benefits of the large insurance program offered to Grangers.

Mojave Valley Granges have suffered a great loss in the death of our beloved former Deputy Brother Henry A. Johnson. His devotion and work will be greatly missed.

With every wish for a successful convention at Stockton.

Fraternally submitted,
Lester E. Wendt, Deputy

NAPA COUNTY

Worthy Master, Officers, Delegates and Patrons:

It has been a rewarding experience and a pleasure to serve as Deputy in Napa County since being appointed last December. I am presently serving as Master of my local Grange, however, I hope to be relieved soon for I feel I will have plenty to do as deputy.

Napa County has four local Granges and Pomona Grange. The Pomona Grange has been meeting only every other month, however, in nineteen-sixty-seven we plan to meet every month. Napa County is a small county consisting mainly of the Napa Valley which extends from Napa Junction in the south to Calistoga in the north. Our local Granges are distributed according to the county population. The Silverado Grange is located at Calistoga, the Rutherford Grange is near the center of the valley, and the Napa Grange and the Welcome Grange are in the southern area.

We now have two Grange-owned halls in Napa County. The Rutherford Grange Hall is the oldest hall and has become a landmark on Highway 29. The Welcome Grange, our youngest Grange, dedicated their hall on the 9th of October this year, with the State Master J. B. Quinn as dedication officer. It was a very impressive occasion and had a very large attendance of Grangers from our own and surrounding counties. It is gratifying to see our people always willing and ready to support any Grange activity.

We have been very active in the local Fairs. We have two annual fairs in our County, the Town-and-Country Fair in Napa City in August and the County Fair at Calistoga held in July. Our Napa County Granges took first place in both fairs with our Agricultural booths.

I have visited all of the Napa County Granges, several times this year. We have had a gain in membership even though we sadly had to drape the charter many times for faithful and loyal patrons. Each Grange has put on the full degree work two or more times this year. The Pomona Grange put on the fifth degree in both May and October.

We chartered two buses to the State Fair on Grange day and Napa County had the largest delegation there. Everyone attending had a joyful time and the weather was perfect. We are looking to the future with much enthusiasm for the Grange in Napa County as well as for the State and National Grange. May the convention at Stockton be the greatest and most promising for all.

Fraternally submitted,
Leonard C. McGlone, Deputy

NEVADA COUNTY

Worthy Master, Officers and Members of the California State Grange:

Having been appointed Deputy of Nevada County last May by State Master J. B. Quinn, this is my first report on the three Granges in my district.

Have visited each Grange several times and encouraged them to bring in new members also to keep the members they have interested in Grange work.

Banner Grange is active and gave the proceeds from a "Public Party" toward the fund for a CRYO surgical machine which will be installed in a local hospital. The other Granges have also contributed to this fund.

Golden Empire Grange entered a feature booth at the Nevada County District Fair taking third prize. Attended their Youth Group meeting when Dr. Carle Fiedler, Director of Youth Activities was a guest. The Junior Grange is coming along very well.

Rough and Ready Grange has purchased the old historical I.O.O.F. hall and plan to enlarge the kitchen also add on a dining room. Work has already been done on the parking area. We were honored to have State Master Quinn and Sister Quinn there for the dedication of the hall and the tenth anniversary dinner. Both the Grange and Home Economics Committee had exhibits at the Nevada County Fair. All three of the Home Economics Committees have been busy raising money for their Granges and taking part in the National and State Grange projects. I had the pleasure of attending the District Six H.E.C. meeting at Marshall Grange along with a group from Nevada County.

Had the honor of presenting an award of \$100 to a Future Home Maker of America at the Union Nevada High School. This award is given each year by the Placer Nugget Pomona Grange.

Each Grange is represented on the Board of Directors of the Placer-Nevada Credit Union.

Our Insurance agent has been active which has helped in the gain of new members.

The Ostrom Grange degree team of Yuba County has been to each Grange this year to confer the degrees. Their work is always impressive and gives the candidates a better understanding of the Grange.

Best wishes for a successful convention at Stockton.

Fraternally submitted,
Charles A. Deardorf, Deputy

ORANGE COUNTY

To the Officers and Members - California State Grange:

Orange County Granges have shown a slight increase in membership this year. If there were some magic formula to hold the interest of the younger people, in this progressive urban area of world renowned entertainment, our problems would be over. We cannot compete, but are making an effort.

Four of our Granges entered the Orange County Fair, and received \$850 in prize money.

Some individual members, all Subordinates, and our Pomona, have contributed toward the California State building fund. Those who have seen these new quarters are justly proud.

All eight Granges have entered the Sears Community Progress Program. Many hundreds of dollars in supplies, furniture and clothing, have gone toward projects to help the needy. Costa Mesa Grange has given a scholarship for the past eighteen years for the FFA. Master Hal Crittenden of Los Angeles Harbor Area Grange has gone into the service for his country, but they still carry on.

Our Home Economics Committees are all doing a wonderful job. It seems these ladies thrive in the face of adversity, bless 'em.

Pomona Grange members seem to like the meetings held in one place on a certain date each month, as it avoids confusion. We are meeting presently in Garden Grove Grange hall, on the fourth Monday.

We have been experimenting with the idea of a 'night out'—for food of course—at various restaurants in the locality, once each month. We try to ask everyone who might possibly be interested in the Grange to attend these 'get-togethers'—to build membership for the entire county.

Fraternally submitted,
William A. Booth, Deputy

PLACER COUNTY

Worthy Master, Officers and Members of California State Grange:
Greetings:

Once again it is a pleasure for me to report for Placer County.

Our Pomona Grange has had very, very good attendance at our meetings. On Jan. 21, 1966 Pomona and Subordinate Grange officers were installed in the H.E.C. building at the Auburn Fair grounds with over 300 members and friends present. State Master Quinn was the installing officer assisted by Sister Quinn as his Marshal.

Again this year in conjunction with the Subordinate Grange we gave \$100 to the outstanding F.F.A. boy and \$100 to the outstanding F.H.A. girl. Also gave \$25 to the 4H all star to help defray expenses to the 4H Conference at Davis in August.

Loomis, Long Valley, Mt. Vernon and Meadow Vista Granges entered feature booths at both the fairs and all took either first or second prizes. Two Junior Granges also had booths and won.

All the Granges are busy raising money for different projects such as delegate fund, Meals for Millions, State Building Fund, Student Loan, and many local affairs. Gold Hill Grange has purchased a restaurant type gas stove They put on Sunday breakfasts and public parties.

Long Valley has purchased new chairs for the hall and are improving their hall.

Loomis is very busy by helping people in the community who are in need—also buying new equipment for the hall.

Mt. Vernon has had several speakers on Community Affairs and have Gene Chapie explain the amendments on the Nov. election. They also assist needy persons.

Meadow Vista and Sierra Nevada are holding their own. They assist all needy persons and are quite busy in welfare work.

The Ostrom degree team has conferred the degree at three Granges.

The HEC Committees are very busy—visiting the ill—raising money, support the blood bank, serve cookies to blood donors and have put in many hundreds of hours on welfare work.

Our Credit Union is still going strong. We have assets of \$377,351.88 and 655 members.

The Junior Granges are getting along nicely.

I have visited all the Granges in Placer County three times this year and find them in good financial standing.

We have not had a gain in membership this year due to the fact Loomis Grange has had a severe loss of members.

Fraternally submitted,
Eldon B. Gage, Deputy

PLUMAS COUNTY

Worthy Master, Officers and Members of the California State Grange:

Greetings from Plumas County:

I wish to report that the Granges in my district appear to be in sound condition.

My records show a small increase in membership during the second and third quarters.

All the Granges in Plumas County participated in the County Fair.

Feather River Grange and Indian Valley Grange have been engaged in building improvements and Sierra Valley Grange had a thorough cleaning to remove smoke damage resulting from a wind storm. (Paid for by Grange Fraternal Fire Ins.) All the Granges have assisted in Community improvement and supported charities, student loans and etc.

The Home Economics Clubs have as usual provided firm support and leadership.

Fraternally submitted,
Bruce Miles, Deputy

RIVERSIDE COUNTY

Worthy Master, Officers and Members of the State Grange:

It is my pleasure to again report for the Granges of our County of Riverside. We have had a successful year—some of our Subordinates have made a substantial gain in membership while others have lost. However, county-wise we can claim an over-all gain of 29 members. Our problem is the universal one of keeping the new members interested in local affairs until they become interested in the Grange principles.

We had the privilege and honor of installing the Pomona Officers as well as several Subordinate Granges.

Nuevo-Lakeview and Glen Avon Granges award an Annual Scholarship to a student seeking higher education in their chosen field. Our Home Economic Committees in all the Granges are active as well as the County Home Economic Committee under the leadership of Cora Lee May.

The Pomona Grange entered an Agricultural Exhibit in both the Farmers Fair of Hemet and the Los Angeles County Fair. These exhibits are well worth the time and effort of some of the members in bringing to the public the name of the Grange, and demonstrating the products of our farms. The young people seemed to be very interested in the produce.

We had several of the foreign exchange students stop and ask questions through their interpreters.

I have enjoyed being a part of the Official Family this year and only wish that a fuller report might have been given.

Fraternally submitted,
Harleigh Gallup, Deputy

SAN BERNARDINO COUNTY

Worthy State Master and Sister Quinn, State Officers, and Delegate Body:

With your permission I would like to report once more as Deputy of San Bernardino County.

With considerable pride I am able to report three of our Subordinates have made net gains in membership. One Subordinate, however, experienced a net loss so that our area shows a net loss of one. We honestly think all our Subordinates will report substantial net gains in the next quarter.

Again, we have had the pleasure of installing Officers of San Bernardino County Pomona Grange and three Subordinates. Also Mojave Valley Pomona Grange and their subordinates as well as Ventura County Pomona and Owens Valley Grange in Inyo County.

Each of our Subordinates joined the Community Progress program and several community projects have made substantial starts.

A Degree team stands in readiness at any time to confer Degrees on a class of candidates and we do confer Degrees on all new candidates. As time and circumstance will permit we attend District area meetings in our own and neighboring Counties. Our Pomona Grange entered Fair Booths in the County Fair at Victorville in San Bernardino County and at Pomona in Los Angeles County. Our Booth placed First in its category at each Fair. We also won the Sweepstakes Trophy at the San Bernardino County Fair.

Sister Betty joins me in wishing the very best for each of you in the upcoming Centennial year.

Fraternally submitted,
Ulvuss G. Rose, Deputy

SAN DIEGO COUNTY

Worthy Master, State Officers and Members of the California State Grange.

Again it is my pleasure to report as Deputy of San Diego County. Seven of our nine Subordinate Granges entered booths in the San Diego County Fair at Del Mar. All but one of the subordinate Granges has entered the Community Progress Program for 1965-67 as of this date.

I have met with each of the subordinate Masters at least once during the year. Each Grange, including Pomona, have appointed Membership Chairmen and recently a joint meeting of the Membership 'Sales Directors' was held. Plans were laid for effective action to gain members.

For the 2nd Quarter in 1966, San Diego County showed an increase in total membership—the first of several quarters. We believe we can continue an upward trend.

Many of our Granges have been successful in acquiring younger members and we hope to have enough to establish a strong youth committee program.

The H.E.C. continues its stellar work in promoting fund raising activities to support Grange projects. Most of the Granges have again made plans for some affair, the proceeds of which are to be set aside for the Headquarters Building Fund.

The Vista Grange degree team exemplified the 4th Degree in Julian Grange early in the year. The Pomona degree team put on the 5th degree during the summer.

The San Diego County Granges Federal Credit Union continues to serve its members as it has for over 15 years.

More Grangers each year are taking advantage of the savings derived from the several insurance programs available, automobile, fire, life, and Health and Accident.

I again had the pleasure and honor of installing officers of Pomona and eight of the subordinate Granges in a joint installation last January. Julian Grange had a separate installation due to unpredictable weather. An excellent team assisted me on both occasions.

Sister Jessie joins me in wish the California State Grange a successful Convention in Stockton.

Fraternally submitted,
S. E. Dick Rafter, Deputy

SAN FERNANDO VALLEY

Worthy Master; Officers and Members of the California State Grange:

Greetings from the Granges of the San Fernando Valley:

There has been little change in the Grange Picture in the Valley the past year, Membership being the greatest problem, and not showing much improvement.

Winnetka, Reseda, and Verdugo Hills all very active with good meeting attendance and active participation in all programs.

Winnetka had the pleasure of sponsoring the FFA speech contest again this year for the fourth time, with the result Canoga Park High School winning over four other schools for the fourth year straight. They also made a very good showing with their livestock at the fair, with grand champion in the cattle class, and several winners in sheep.

Verdugo Hills combined with Winnetka Center for their Fair this year which was a huge success.

Winnetka has moved their meeting place to Canoga Park Womens Club, one block North of their former location, and changed their meeting nights to the first and third Thursday of each month, and will initiate six new members at their first meeting in November.

Degrees will be conferred by Ojai Grange Degree team.

Bro. Orval Stubbs, Deputy of Ventura County is representing Grange Insurance in our area and several have changed to Grange Ins. as their policies expire.

All Granges have held their election of officers and there have been some changes, we all look forward to a good year for 1967.

Respectfully submitted,
Nelson W. Van Horn, Deputy

SAN LUIS OBISPO COUNTY

Worthy Master, State Officers and Members of the California State Grange:

Again I bring you greetings from San Luis Obispo County.

This year 1966 has been an interesting one. I have attended each one of our seven subordinate Granges, three and some of them four times this year trying to get them interested in our Centennial Membership Drive. I feel that the results will be satisfactory.

San Luis Obispo Grange No. 639 is now the largest in the state having a membership of Five Hundred & Thirty-five (535).

Each Grange has a financial obligation that seems to grow larger each year, but fortunately they are met by the Home Economics Ladies who are constantly putting on Dinners, Rummage Sales, Bazaars, Card Parties and three of them do very well with a dance given once a month.

The Granges in San Luis Obispo County don't forget that they are an Agricultural Organization, they support the Future Farmers and the Four H by financing them with farm animals to be shown at County Fairs. They participate in fair booths and almost always coming home with first, second, or third money. They do not hesitate to write our State Senator on local interests and issues vital to agriculture.

We are fortunate to have the California State Polytechnic College here in this county and am pleased with the cooperation shown the Grange by the College Staff.

Sister Veronica and I will see all of you at the convention in Stockton and we wish the California State Grange a very successful session.

Fraternally submitted,
Gerald Walker, Deputy

SANTA BARBARA COUNTY

Worthy Master, Officers and Members of the California State Grange:

It is my pleasure to report on the Granges in Santa Barbara County.

I have visited all the Granges on several occasions and have answered their questions and help with their problems to the best of my ability.

It was again my pleasure and honor with assistance of the members of the Los Alamos Grange to install the Pomona and three Subordinate Granges in separate installations.

Some of the subordinate Granges participated in the County Fair and were successful in winning ribbons and cash prizes. All the Home Economics Committees have worked very hard, and contributed very much in supporting their Grange.

Our credit union continues to grow and is in very good financial condition and paying dividends.

Since the membership contest between the Granges, we are showing a gain in membership.

Fraternally submitted,
John A. Tendeland, Deputy

SANTA CLARA COUNTY

Worthy Master, State Officers, Delegates and Members of the Grange:

Greetings from Santa Clara County:

Santa Clara County held joint installation of 12 Subordinates and Pomona on December 5th, 1965, at Santa Clara County Fair Grounds. Our installing Officer was Past State Steward John Freitas and Sister Ruby Buck was Marshal. We had in attendance many State Officers and members of surrounding counties. The hall and dining areas were beautifully decorated. Refreshments were served by Pomona H.E. Chairman Irene Voss and her Subordinate Chairman. Thanks to all that helped.

Early in January a Masters and Membership Committee meeting was held and plans for the coming year were made. The Membership Committee and Chairman, Bro. John Ashley, have worked hard to show an increase in membership.

Again this year we had 10 Subordinates, Pomona, Pomona Youth Group and Cupertino Juniors enter feature booths in our County Fair with all receiving prize money. The H.E.C. had 4 Subordinates enter in the womens division, they also were in the money. Grange Day was August 25th with many of our State Officers in attendance. A pot luck dinner was held in the evening with Larry White of Berryessa Grange as Chairman.

Bro. Ed Terrell of San Jose Grange was appointed to head a Special Events Committee to plan bus trips and so far trips to the Ice Follies, Giants baseball game and Hearst's Castle have been enjoyed by many. Bro. Terrell has done a great job.

Granges in Santa Clara County have given scholarships and donated to all charity causes, plus the State Grange new building fund.

Our degree teams are working on a regular schedule in putting on the degrees.

The Credit Union keeps growing steadily. I am pleased to report 100% participation in the Community Progress Program. Also the participation of H.E.C. in their work at Agnew State Hospital, the Veteran's Hospital in Palo Alto, the Doll Tea sale for the Goodwill Industries and many other worthy programs too numerous to mention.

Sister Ruby and I always enjoy the constructive information given at the Deputys Conference and we go home with renewed interest of the Grange.

Sister Ruby and I wish to thank the Officers and members of Santa Clara County Granges for their courtesies and pleasant times extended us this past year, and also the adjoining counties for their invitations and hospitalities. MANY THANKS!

In closing I would like to wish the State Officers a most successful, harmonious and constructive 94th Convention at Stockton, California.

Fraternally submitted,
John W. Buck, Deputy

SANTA CRUZ COUNTY

Worthy Master, Officers and Members of the California State Grange:

Greetings:

Another year of Grange activity has passed into history, and many accomplishments have been attained but we must ever keep pressing forward to better our Order and gain new members.

The Granges in Santa Cruz County have all taken in new members this past year but the over all gain has not been up to expectations for besides the drop-outs, many due to Medicare coming into existence and there has been an especially large number of deaths in our County.

The members seem to be more interested in and taking advantage of the benefits the Order provides for them and I feel this creates a healthy condition.

Four of our Granges entered Display Booths in our County Fair and three of them won prizes. Aptos Grange constructed

and operated two food booths at the County Fair and at present they are negotiating for a lot and building in the Aptos area to be used for their Grange home. The Santa Cruz County Pomona held a Grange Day at the County Fair this year which was well attended and quite a success. Not only have the Ganges received a benefit by participating in our Fair but their Display Booths helped to make the Fair a success.

Soquel, Santa Cruz Live Oak and Aptos Granges still have their He-Man Breakfast, Turkey and Beef Dinners.

Soquel, Aptos and Pomona Granges have Degree Teams and have exemplified the Degrees in the County several times this year. The Santa Cruz County Pomona Degree Team also conferred the Fifth Degree in Monterey County this year.

Each Grange held a Booster Night meeting, the programs were very good and well attended and quite a number of non members were present.

It was my privilege to install all the Granges in the County in a Joint Installation again this year.

Even though the membership gain is not up to expectation I believe the Grange spirit and interest among the members is greater than it was a year ago.

May this be a very pleasant and successful Convention in Stockton, one that will inspire us with greater determination to promote the principles upon which our Order was founded.

Fraternally submitted

Russell Spain, Deputy

SHASTA COUNTY

Worthy Master, Officers and Members of the California State Grange.

Greetings:

We started the 1966 Grange year for Shasta County by a series of installations in December. The first was a joint installation by Brother Vayne Ralston and his very able helpers from Siskiyou County, held in the Redding Grange Hall. Most of the Valley Granges participated. My wife and I installed for McArthur, Fall River and Hat Creek Granges at Fall River Grange Hall. We also installed, on request at latter dates, officers of Granges whose members did not make the joint installations.

The Granges of this County report meetings being held regularly, with attendance often being poor, especially during the summer months. Membership shows a slight overall decline. New members join for the benefits that are offered and do not participate as they should in the work of the Grange.

However, the Grange is working and many worthwhile projects are in progress. Hall improvements are being made constantly, with two of our Granges enlarging and modern-

izing their kitchens; others laying new floors and remodeling interiors. These activities are necessary in order that they may serve as community centers for meetings and for putting on the dinners that they serve the public.

Assessed valuations are high on Grange as well as other property and it is a constant struggle to pay the taxes levied. Dinners, rummage sales and card parties are part of the activities of all our Granges in meeting this cost.

Several Granges displayed prize winning booths at the local fair. Our Pomona Grange is sponsoring a blood bank for Grange members and our Credit Union has shown a steady growth and is rendering good service to our members.

Fraternally submitted
Howard Duncan, Deputy

SISKIYOU COUNTY

Worthy Master, Officers and Members of the California State Grange.

"Greetings from the top of the State":

It is indeed a very pleasant duty, to be able to report from this fine and productive County.

The eight subordinate Granges in this county are scattered in a two hundred mile radius in the mountainous and isolated areas.

We find all Granges active and progressing forward.

Several of the Granges entered booths at the Siskiyou County fair, here in Yreka and all took prizes.

Our growing credit union is playing a very important role, in its use to many grangers.

The young marrieds are taking an interest in the Grange and are forming Degree Teams and take part in other activities. Booster night programs are being held all over the county and are proving very beneficial.

We have had one installation in the county to date and more are being planned.

We are made to feel that Siskiyou County with its very substantial gain in membership is progressing very well. Interstate 5 Highway is going to take our hall at Greenhorn. The hall has been sold and they are now renting the hall until they can find another or rebuild.

With every good wish for a prosperous year and a very successful State Grange session in Stockton

Fraternally submitted
Wayne O. Ralston, Deputy

SOLANO COUNTY

Worthy Master, Officers and Members of the California State Grange.

We have only three Subordinate Granges in our County All have held regular meetings throughout the year.

Vacaville and Dixon Granges entered booths in the annual May Fair held in Dixon.

All the Subordinate Granges had installations in their own meeting places.

There has been a considerable loss of older members by death but each Grange has been doing their utmost to bring in new members to off set this loss.

Fraternally submitted
Emma Anderson, Deputy

SONOMA COUNTY (NORTH)

Worthy Master, Officers and Members of the California State Grange.

This is my first report as Deputy of Northern Sonoma County. The work as Deputy becomes more interesting as we roll along. I will be able to devote more time to the subordinate Granges in 1967 as I am no longer Pomona and Sebastopol Grange Master. We in the Northern half of Sonoma County have enjoyed a fine year. Some Granges have had a small gain and one in particular taking in more than fifty new members. Sebastopol Grange has just completed paying for one of the finest parking areas I know of, about one acre of black top paving.

Several of the Granges in my jurisdiction entered booths in the County fairs and received valuable cash prizes. I am working with our H.E.C. District Chairman trying to get all the Granges to participate in H.E.C. activities. We have enjoyed the visits of Brother and Sister Quinn to the Granges of Sonoma County and hope that they will continue to visit us in 1967. Pomona Grange meetings have been well attended and a large class of candidates were given the Fifth Degree at a recent meeting.

Sonoma County Grange Credit Union is still growing with assets of more than seven hundred and twenty five thousand dollars.

Our Grange Blood Club is also in fine financial condition. Best wishes for a successful convention,

Fraternally submitted
Thomas Wright, Deputy

SONOMA COUNTY (SOUTH)

Worthy Master, Officers and Members of the California State Grange.

Greetings from Southern Sonoma County:

It is my pleasure as Deputy, to again report on the Grange activities of Southern Sonoma County.

The nine Granges under my jurisdiction are in satisfactory condition. Most of the Granges in the southern part of Sonoma County have been active in all phases of Grange work.

The last quarterly report showed a good increase in membership. Bennett Valley Grange and Bellevue Grange entered booths in the Sonoma County Fair and received second and third awards.

It was my pleasure on December 5, 1965 to install the Officers of 12 Subordinate and one Pomona Grange of Santa Clara County in a joint installation at the Santa Clara County Fair Grounds. And again with the assistance of a staff of young ladies on January 8, 1966 to conduct a joint installation of Officers of the 17 Subordinate Granges and one Pomona in Sonoma County. The installation was held at the Veterans Memorial Auditorium in Sebastapol.

Sonoma County Pomona Grange No. 1 has been very active this past year and has exemplified the 5th Degree on September 17th with a class of 33 candidates.

Booster Night programs were well attended and have been interesting and constructive. There were many non Grangers attending these programs.

On July 27th, "Grange Day" was held at the Sonoma County Fair and our State Master J. B. Quinn and sixteen other State Grange Officers were present. A "Pot Luck" lunch was held in the park and was enjoyed by everyone.

In closing I want to wish the Officers and members of the California State Grange a most pleasant and constructive 94th State Grange Convention in the City of Stockton.

Fraternally submitted
John B. Freitas, Deputy

STANISLAUS AND TUOLUMNE COUNTIES

Worthy Master, Officers and Members of the California State Grange.

Another year has passed and it is a pleasure to report for Stanislaus and Tuolumne Counties at this 94th annual convention.

All of our Granges but two are represented here today—All Granges have been very active in different programs, such as improvements, Fairs and our County Grange Cafeteria at

the Stanislaus Fair at Turlock. I have visited every Grange in the two counties and all have promised to appoint Centennial Membership Committees.

At Sonora, a Junior Grange was organized with 40 charter members. Sonora and Stanislaus-Mountain View burned their Hall mortgages.

The Home Ec. Clubs are active in various programs, including help at State and County hospitals, and aid to Scouts and 4-H Clubs.

Our Credit Union gained 28 members this year. During the next year we will be working to increase our Grange membership.

Fraternally submitted
Alfred H. Bolter, Deputy

TEHAMA COUNTY

Worthy Master, Officers and Members of the California State Grange.

It is with great pleasure that I wish you, your fellow State Officers and Patrons a happy and successful 94th State Grange Convention and to thank the Grangers of San Joaquin County for their gracious hospitality.

Again I have found, and had, much pleasure in my work as Deputy of Tehame County. I have visited each Grange in our county at least three times, some more often, and the fellowship between our Granges has shown a cooperative spirit.

Our Granges participated in a Joint Installation of Officers with Lloyd V. Piper, Member of California State Grange Committee, performing the duties of Installing Officer with almost 100% of Officers present to be installed.

Each Grange Home Economic Committee has been active throughout the year.

All Granges participated in our Annual Grange Day and Public Barbecue held on April 23, 1966 which was an outstanding success.

Two of our Granges, El Camino and West Side, have entered the Community Progress program.

The Granges who own their halls have been improving them by painting and some remodeling.

Our two degree teams have been active throughout the year conferring the first, second, third, **FOURTH AND** fifth degrees.

Fraternally submitted
James V. Ryan, Deputy

TULARE COUNTY

Worthy Master, Officers and Members of the California State Grange.

Greetings from Tulare County:

The Granges of Tulare County have had many and varied programs this past year.

Most of our Granges had their own Installations this past year. They felt in this way this would increase interest in each community. I had the pleasure of installing five Granges in separate Installations, and two Granges with Pomona Installation.

We had our Master's Conference as soon as they were installed. State Master J. Blaine Quinn was in charge of this. We had a very fine turnout and enjoyed this meeting very much. Then I visited most Granges for instructions on all Officers' duties.

We then started a contest on Membership and attendance at Grange meetings. A prize was given to the Grange having the best net gain in membership, and a prize to the Grange with the best percentage of their members at Grange meetings for the year ending June 30th, 1966. Porterville Grange winning the prize for membership and Elbow Creek Grange for the best attendance. We will continue this for the next year.

Pomona Grange with the help of all Subordinate Granges and King County Pomona Grange again sponsored the F.F.A. Speaking Contest.

Sister Neilson and myself had the pleasure of having one of the Japan visitors in our home for two weeks early in June. We enjoyed this young man very much, even with the language problem, we got along real well with the help of many of our Japanese friends around our Community. Also met all eighteen of these Japan visitors at the Fresno State College. Had a wonderful dinner and program for these young men. Dr. Carle Fiedler was in charge of these visitors while in Calif. These young fellows had quite a buying spree at the G.B.O. Store.

Our Grange Day at the Tulare County Fair this year was well attended. Many of our County and State officials were present. Our Feature Speakers at this Dinner program were State Master J. Blaine Quinn and Sister Quinn and Herman Grabow. Also with us, were Bro. Deaver, State Executive Commitman, and Deputies from Fresno County, Bro. Saint and Sister Doss and District 9 H.E.C. Chairman Sister Workman and Bro. Workman. It was good to see many of our old Grange members again.

We were sorry West Visalia Grange was unable to enter a booth at the Fair this year. Alpaugh winning first prize in the 300 ft. booth class.

The H.E.C. Committees are all very active with all their programs. Supporting such programs as the work shops for handicap children and others.

Our Credit Union is growing slowly. Would like to see our members take more active part in this one of our most valuable benefits we have as Grange members.

We in Tulare have not made a gain in membership this past year, but I feel we are on the way up and next year we can report a gain.

Sister Neilson and myself attended many Grange meetings, and enjoyed working with all the Grange members. We just hope what little we did helped them.

Sister Neilson and myself wish to thank the Officers and members of Tulare County for the pleasant courtesies and favors extended to us this past year. It has been a pleasure working with you.

Wishing the Calif. State Grange a very successful 94th Convention in Stockton in 1966.

Fraternally submitted
Samuel Neilson, Deputy

VENTURA COUNTY

Worthy Master and Delegates of California State Grange:

I believe I will write this report backwards, starting from now to the first of 1966. The next paragraph would sound better upside down.

I am not very happy to report that we have had almost no gain in membership in Ventura County. Ojai Valley will probably show some gain, but the other Granges will show none. Fillmore and Moorpark will be even and La Avenida will show a loss.

The Grange did very well with booths at the Ventura County Fair. We won first with the Pomona booth for the fourth consecutive time.

Fillmore won first; Ojai, second, and Moorpark, seventh, in the 200-foot class. They were all very fine booths. Fillmore and Ojais' were exceptionally good.

Ojai and Fillmore also had very good Booster nights, and La Avenida has one coming up on October 27th.

Ojai Valley had a good Operation Forward program which Arnold Millner and Chester Deaver attended, we were sorry it was on a date where we could not attend our Lecturers' Conference.

All of the Granges have completed some community service work.

Moorpark again sponsored a Girls' Bobby-Sox Soft-Ball Team.

Fillmore gave a scholarship to a needy student of one hundred dollars.

La Avenida have sent clothes to the hospital for Crippled Children, at Porterville, California.

Ojai Valley, with the help of the Mira Monte P.T.A., put on a dinner at the Grange Hall, to attach the cable on the T.V. set the Grange donated, a few years ago. This will be done so that they can get all of the educational channels.

The Ventura Grange, with the help of some of the members of Ojai Valley, put on the First and Second Degrees in the Ventura Grange.

Ojai Valley put on the Third and Fourth Degrees for the Santa Barbara County Granges at Los Olivias, and the First and Second Degrees in our own Grange.

The Pomona Grange picnic was very well attended again this year.

We also attended several other picnics this year, including the San Bernardino County at Redlands, and the Santa Barbara County at that park no one can spell let alone say.

Then we attended the Monterey County Grange day at Monterey County Fair; which was very well attended, in fact, the best attendance at all the picnics we attended.

We have something in Ventura County's Moorpark Grange, to be more specific, that I bet no other Grangs has:

We have a Lecturer; Executive Committee woman set of twin baby girls.

I will go on record now, and say we should have many more occurrences of this nature in every Grange in California.

I will not recommend that every Lecturer and Executive Committee woman have a set of twins, just the ones that are legally qualified!

I believe I have reported everything of any importance and the last couple of paragraphs sound like I have run out of anything to say.

Fraternally submitted,
Orval Stubbs, Deputy

YUBA COUNTY

Worthy Master, Officers and Members of the California State Grange.

The Yuba County officers for 1966, which were installed by Emmett Ivey, Lecturer of the California State Grange, started their year with a great deal of enthusiasm which was encouraged by early planning meetings and attendance at State Grange Lecturer's and H.E.C. conferences. One of the main activities of the year was a picnic jointly sponsored by four counties and attended also by members and families of Granges of other

counties. This seems to be an excellent way to encourage members to get together and pool their interests in their Granges and communities.

All the Granges in Yuba County have been fortunate in their talented Lecturers and their efficient H.E.C. Chairmen who have worked in close harmony with their respective Masters. Without entertaining and thought-provoking programs and well planned Harvest Festivals and other fund-raising activities to bolster our fraternal order, both socially and financially, the Grange would be like a ship without power.

This year, the Ostrom Grange's traveling degree team has continued to initiate many new members into our order by invitation from Granges in surrounding counties as well as our own.

Our Credit Union is growing, our insurance program is expanding and our Obituary Association continues to serve our members. All our Subordinate Granges have Centennial Membership Committees and these are actively attempting to increase the membership of their respective Granges.

It has been a pleasure to work with the Officers of the California State Grange and with all the officers and members of the Granges of my county.

Fraternally submitted,
Homer Stevens, Deputy

COMMUNICATIONS

WESTERN UNION

Washington, D. C.

California State Grange
Ambassador Motor Hotel
206 Sutter St.
Stockton, Calif.

Greetings and best wishes to the officers, delegates and members of the California State Grange. May your 94th session prove to be one of the most fruitful in all of your history. As you map your program for 1967 I hope you will plan observance of our centennial year with an appropriate celebration in every Subordinate Grange at sometime during the year. As Grange leaders we must accept new challenges for dynamic bold leadership in our second century. We must provide the stimulation necessary to further promote and strengthen the bonds of the world's only family farm fraternity.

Fraternally yours,
Herschel D. Newsom, Master
The National Grange

Thirty-eight Pomona Granges were represented in the Memorial March. Each Pomona Grange represented the Subordinate Granges in their area. 102 deceased Past Masters, their wives or husbands were included in the roll call. Three past officers of the California State Grange, and wife of a Past State California Grange Executive Committee were among the list of deceased. The Rank and File were listed on a scroll and represented by the State Master and wife.

Beautiful tableaux were presented on the stage with the Youth Grangers participating. An electric cross was centered in a tableaux, and as the Pomona was named, a globe was lighted.

At the conclusion of roll call the entire cross was ablaze with light. A floral tribute was placed on the Memorial Altar in the center of the auditorium, as the roll was called.

A tribute was given for the service men in Viet Nam and a wreath placed beneath the flag in their memory.

The Chaplain encouraged the members to carry on with the good work of the Grange, which the deceased had so nobly accomplished in the past.

An eighty-voice choir from San Joaquin-Delta College presented beautiful and impressive music.

The plaintive notes of Taps closed the service.

Representing the Deceased

Processional led by Margaret Saracco and William LaCaille.

Effie Spencer and Mildred Spain representing Past State Flora and Pomona.

Lloyd Piper and Jessie Rafter representing V. R. Parrish, Past Executive Committeeman.

Elizabeth Sehlmeier and Dick Rafter representing Sister Myrtle Davis, wife of Past State Executive Committeeman.

REPORT OF CREDENTIALS COMMITTEE

Worthy Master, Officers and Members of the California State Grange.

It has been our pleasure to serve you again on your Credentials Committee. We are particularly thankful for your patience and co-operation when unforeseen difficulties arose. I wish to personally thank the members of the Committee: Sisters Bertha Green, Marie Rice, Myrtle Gallup, and Betty Rose along with Deputy Elmo Ward, for their successful efforts to make this work efficient and smooth as well as enjoyable.

The committee wishes you to know it was an honor to serve you.

Fraternally submitted,
Ulyss G. Rose, Chairman
Bertha M. Greene
Marie Rice
Myrtle Gallup
Betty Rose

HOME ECONOMICS COMMITTEE REPORT

Worthy Master, Sttate Officers, Brothers and Sisters

Another year of Grange work has passed and now it is my pleasure to tell you about some of it. Once again so many reports have come in about efforts to improve Communities, not only to improve the physical things but also to improve the cooperation among the people. Many of our areas are rapidly being urbanized and we must make a place for the Grange in the new environment. No one should feel that there is no longer a place for a "once all Farmer" Organization. We still have just as important a role to play in the Community. So to those women, who belong to Granges surrounded by a rapidly expanding city, I say, "look around you". There is so much to be done, and the Grange women are just the ones to find a way to do whatever needs to be done.

I want to COMMUNICATE to each Pomona and Subordinate Chairman, my thanks for the wonderful work you have done during the past year. It takes all of us working together to "put over" a program of Home Economics work, from the Subordinate to the National level. How well we accomplish that depends entirely on how good our COMMUNICATION has been.

Of course, the biggest event, at least for the Grange as a whole, during this past year, was the completion of our new State Grange Headquarters and the dedication on June 11th. It is a beautiful but not elaborate building, and was well planned for the needs of the Grange. Every Grange member in California can be proud of having this building and in knowing that it belongs to each of us. We have a part in helping now to pay for it. Many contributions from Granges and from Grange members as individuals have come in. In addition to this many of the Home Economics Committees have made contributions from money raising projects they have had. There has been \$368.82 sent directly to the State HEC and this has been sent on to the State Grange Secretary, to be applied to the building fund.

At the Dedication on June 11th the State HEC was asked to take charge of serving refreshments to those who were attending the ceremony. The wife of each Deputy, some State Grange Officers and the District HEC Chairmen, were each asked to bring home-made cookies for this event. These, along with punch, were served following the dedication, in Wisteria Hall.

We had the pleasure of being entertained by a group of young Japanese farmers, who were our guests at the dedication. They sang several songs for us, including their National Anthem. These farmers were in California for about two weeks, and under the direction of Dr. Carle Fiedler, Director of Youth Activities, California State Grange, were guests in various farm or ranch homes. They were very impressed with our new State Grange building and our Organization, and we were pleased to have them visit us.

You will remember that we first put on sale the cookbooks, "Our Favorite Grange Recipes", in October 1963. In 1965 a second printing of 15,000 books was ordered, and the first of these were available at our last convention in 1965. At this time we have completely repaid the California State Grange the money they advanced for the books and now have a few hundred dollars "in the black". With the money we make on the books, as they are sold, we plan to pay for all the new furniture and drapes in the new building. We have authorized the use of money to pay for preserving a large oak tree, on the grounds, by having it properly pruned, and in addition plan to pay for all the landscaping that was necessary. This will require a sum of around \$11,000.00.

The Home Economics Committees of California can be very proud of this project, which on a statewide basis, is going to provide for these things. As you "Tour" the new building you may think to yourself, "I bought and/or sold some of the cookbooks, so I helped to pay for these furnishings or the landscaping". I would personally like to thank each and everyone of you who helped with this project. This also includes those of you who sent in recipes to be put in the book. If you had not, there would have been no book. So keep up the good work. Again, I would like to ask that you have checks, paying for cookbooks, made out "California State Grange", but be sure to give the check to the person who gave you the books to sell.

Again you have increased your participation in the State and National Home Economics programs. We will start first with our State HEC project of providing money to Meals for Millions. This money will provide for feeding hungry children and adults in many parts of the world. Just 3c will provide enough Multi-Purpose (Vitamin and Mineral supplement) food for a meal. This food is shipped to many areas, the Far East.

India, South America, Africa, to name a few, and it is also used here in the United States. In some of the areas they are now being helped to build plants to manufacture the food from some native-grown material, thus saving the heavy shipping costs. Since the 1st of October 1965, we have given \$1,408.45, enough to provide approximately 46,715 meals. Besides this state project most of the Granges have their own "pet" welfare project and we certainly want to encourage you to keep up with these. The good that you are doing is enormous and is so important to those who are receiving it. Keep up the good work.

On the National Home Economics level, our main Welfare project has been through CARE. Each two-year period has been devoted to a special project and for the past two years it has been to provide water pumps to Latin and South American villages. We gave \$552.23 during this past year. In this way we have helped to COMMUNICATE with people of another country. By giving the means to obtain a good water supply, we are also helping to give them better health.

Another National HEC project is to help raise \$25,000.00 as a gift from the Home Economics Committees, all over the United States, to be given to the National Grange to help retire the debt on our National Grange building. During this past year we have had \$401.24 sent in to me. This money MUST come through the HEC, so don't send it directly to the National Grange, as we may not get the credit for it if you do. I again ask that you send these contributions along with your Quarterly Report, if possible. This way we will be sure that California will get the credit for the contribution.

Participation in the various contests could be much better. The Needlework contest of 1965, which had the National judging in November 1965, gave us two first place winners. Mrs. Gladys Connors, Elbow Creek Grange, won \$150.00 for her crocheted bedspread and Mrs. Edith Wall, Oakdale Grange, received \$75.00 for a stole. There were many very fine examples of excellent workmanship in the entries and we are just hoping we may have more National First place winners again this year.

The All-Cotton Sewing contest this year gave us another National winner. Mrs. Mary Jean Rose, sponsored by her mother, Mrs. Bessie Beiswinger, Rubidoux Grange, won first place in Class C. Her entry was a 4-year-old girl's dress, pinafore, pants and bonnet. Mrs. Rose received a Singer cabinet sewing machine, three \$100.00 checks, electric scissors and a box of Prims notions, as National prizes. In addition she also received a G. E. clock radio. I want to thank all those who sent in entry blanks and then finished their dress in time to be entered in the contest. The first important thing in the dress contest is to get the entry blanks in early. We hope that you will then get your dress finished, but if something happens that you can't, there is no harm

done by having sent in the entry blank. Sending the entry blank shows that you were told about the contest.

The Sampler contest is in it's second year. Again these will be judged at the convention and the first place one will be sent on to National. There are 11 entries this year.

The contest to choose a design for a Grange Flag has drawn 30 entries. The top three will be sent on to National. There are some very interesting ones and it would be nice if one of them was chosen first at the National judging. We are giving prizes of \$15, \$10 and \$5 to winners in both the Sampler and Flag contest. My thanks go to each of you who went to all the work of making up the entries in both of these contests.

Our State HEC cookie contest is being held for the second year, but with three classes instead of four. We had a fine variety of cookies entered last year, and the sale of cookies after the judging brought in \$120.00. The cookies will be sold again this year and the money added to our California Centennial Fund (the Mabel Glenn Memorial Fund):

Our Home Economics Plaques, which are bought from each Pomona, are on display in our Home Economics room, here at the convention. I do hope that every one of you have looked them over to see how effective our COMMUNICATION has been during this past year. We also have invited every Grange to put on display the History or Scrap book, which will COMMUNICATE to everyone what your Grange and HEC has been doing in the years since you were organized.

Every County or Pomona has been invited to bring 3 items of a Thrift or Craft variety to be displayed at the convention. In the past these have been of an endless variety. Some are made from new material but many are from things which might otherwise be discarded.

Our Women's March money will go again to the Student Loan Fund. \$1,608.56 was turned in during the March in 1965 but there was \$48.00 sent in during the year to be added to this. There are also some contributions which are sent each year to the State Grange Secretary for this fund. This money is for a good cause and we also have some fun with the "March" as well.

It is most important that each Grange have a Voting Delegate, at every convention, and we hope your Grange is represented here this year. If your Grange is not in a financial position to assist sending someone, then we ask that the HEC have some kind of project to make some money for this. The Voting Delegates are the people who tell the State Grange Master what they would like to have him do for the coming year. I hasten to add that I also hope that just as many as possible of the Home Economics Chairmen are attending. I would be a pretty sad person, if I did not have the HEC Chairmen here so I can

thank them for all that they have done to help with the work of the HEC and the Grange. During this past year there has been \$12,651.46 reported for Delegate use.

The Bluebird package, which many of you bring for the Women's breakfast Friday morning, is meant to give you a new friend. Be sure that your name and address is enclosed in the package, or you won't make that new friend.

Each year most of the HEC Chairmen, very faithfully make out, and send in a Quarterly Report. However, once a year we are asked to make a report which covers the work of the whole year. This is the HEC Recognition Report, as outlined in the National HEC program. These reports are to be from August 31st to September 1st of each year. An outline is given in the program booklet on just how to make this report. In the past years we have had very few sent in but this year I especially stressed the importance of making this report. I'm happy to report that I have received 43 Subordinate and 13 Pomona reports this year. I said I was happy, but that doesn't mean that I'm satisfied. With the large number of Granges in California we should have a great many more. Those that were received were judged and the First place Subordinate Report was sent, along with my Annual Report, to the National Chairman. First place in Subordinate Reports was given to Ida Pasco, Humboldt Grange No. 501, Humboldt County, second place went to Suzanne Donovan, Aptos Grange No. 800, Santa Cruz County and third place went to Emily Grant, Garden Grove Grange No. 613, Orange County. The Pomona award goes to Emilie Hayward, San Joaquin-Calaveras Pomona Grange No. 20. The National HEC allows for only one winner on the Pomona level, but we would like to give an Honorable Mention to Bee Warden, Southern Humboldt Pomona Grange No. 19.

This year, for the first time, the Junior Grange HEC was asked to file a Recognition report. I received just one from Whitesboro Junior Grange and this also was sent on to the National, along with the Subordinate and State Reports. Pomona Reports are sent no further than the State. We hope that the Junior Grange HEC will take time next year to read over very carefully, the instructions about this report and that we will have many more of them.

We had asked that the completed National HEC Wall Charts be sent in to the State so we could display them here at the convention. There is a Certificate of Merit for each HEC which completely fills out one of the Charts. One of the blanks has "Debt Retirement" on it. Since this is a National Chart, they are referring to the National HEC Building Debt Retirement Fund. Some of the Chairmen may have confused this, as my books showed no contribution from them to the National Fund. Either they sent the money for this fund directly to the Na-

tional Grange or they thought that contributions to our own State Grange building counted. In order to be entitled to one of the Certificates of Merit, it was necessary also to have filed a Recognition Report. Those who will be entitled to the Certificate are Ida Pasco, Humboldt Grange No. 501, Phoebe Krumm, Bear Creek Grange No. 663, Alice Wallace, Little Lake Grange No. 670, Lilly Walker, Yucaipa Valley Grange No. 582, Eva Bisterfeldt, Manteca District Grange No. 507, Helen Jones, Whitesboro Grange No. 766 and Mary Bey, Encinitas Grange No. 634. Thanks to each of these Chairmen who took the time to comply with the requirements.

In our annual report to the National Grange we have tried to give a great deal of credit for all the wonderful work in Welfare and Charity projects. But if the Chairman does not report these things in her quarterly or her annual report, there is no way for me to know about them, and thus be able to include them in the report.

Our women are still spending a great deal of their time, as well as the money, in doing work in hospitals, nursing and rest homes, and other places where they are needed. The help to entertain patients take a lot of time but many of our women give that time gladly. Sewing is another time-consuming project, along with the making of favors, tray decorations, laprobes, bed jackets, scuffies, gifts and "ditty" bags. These bags are filled with things such as comb, toothbrush, toothpaste, etc. Some of these bags are also made and filled with articles for children. Money alone would not do all of this. It takes a lot of time and the desire to do something for someone less fortunate than we are. Many needy families are helped at Christmas time and others have been helped after being burned out. Money is needed also for many of the projects; contributions to various Welfare, Charity and Health funds amounted to \$23,036.88 during this past year.

A letter of thanks was received from Mrs. Muriel Moe, for the cancelled stamps we have sent to her during the past year. She was able to send 800 lbs. of stamps to Norway, to help in this project to stamp out TB, not only in Norway but also in several European countries. She gives credit to the Grange women for a very large percentage of these stamps and she hopes we will keep sending the stamps to her.

Many items have been reported, by the Granges, as being sent to the Veterans Home, Napa County. Others have reported taking things to a nearby hospital for their use. Eye glasses have been sent to New Eyes for the Needy, as listed in the National HEC program. Others have been sent to the Veterans Home or to a nearby hospital.

During the past year we were saddened by the death of Sister Ruth Hill, District 11 Home Economics Chairman. Sister

Cartha Yabsley, who had traveled a good deal around the district with Sister Hill, was appointed to fill the position. Two other District Chairmen also resigned because of their health. The first was Sister Nora Arnold, District 1 and later Sister Grace Warner, District 3, also resigned. Both Sister Arnold and Sister Warner were District Chairmen for many years but I would like to pay special tribute to all three of them for their faithful service and for work well done. No State HEC Chairman could get along, in this large State, without the assistance of the 11 District Chairmen we have. Sister Zelma McGirr was appointed to be Chairman of District 1. She lives in Alturas, Modoc County, and she has Shasta, Modoc, Lassen, Siskiyou and Trinity Counties in her District. Sister Edith Kaiser has been appointed for District 3. She lives in Stockton and her District takes in Merced, Stanislaus, Tuolumme, Calaveras and San Joaquin Counties. Sister Yabsley lives in Santa Barbara and her District includes that county along with Ventura and San Luis Obispo Counties. Each of these Chairmen have had one District HEC meeting by this time and I'm sure they are going to do very well. It is a big job to take care of everything that needs to be done by the District Chairman and we found it difficult to find the right person for each of the Districts. Someone with the ability, time and the enthusiasm needed to do a good job.

26 District meetings were held in 1966 and attendance has been very good at each of these meetings. We have been especially pleased at the increasing number of men who are attending. Especially the number of Masters and Deputies as we are anxious for them to know of the work the women are doing. We are glad to have questions, about the HEC work, asked at these meetings and we try to go over the work as well as we can in the time permitted.

I was sorry that I was not able to attend a Youth Conference this past year as they are so very worthwhile for adults as well as for the Youth. I have received reports from a number of HEC on how they are trying to help the Youth in their Grange. This is being done by either helping them with their projects or encouraging them to carry out whatever money raising events they have. Contributions have been made to the State Youth fund to Dr. Carle Fiedler, Director of Youth Activities, when there was no youth in their Grange. The Grange is a good training ground for leadership and we hope that we are giving the youth a chance to show their ability.

As in the past years, Scholarships are given by many Granges, either on the Subordinate or Pomona level. These can be very important to the young person who receives one. They are given for just general studies or they may designate that the young person be planning to pursue studies in Agriculture, Science, Home Economics, Nursing, and one this year was given for

further music studies. The Granges reported giving 98 scholarships this year, which required \$7,315.53.

The HEC, and the Grange as well, should do all they can to help a Junior Grange, if they are fortunate enough to have one. Often a Junior Grange will continue successfully to just the degree that the children like and respect the Matron, and how well she can get them to work with her. The HEC can do a lot by trying to support the Matron in her efforts. If it is a new or Reorganized Junior Grange they may need a little help in raising some money for their projects. The HEC should be willing to help in this, if the Matron needs help. By this I do not mean that the HEC is supposed to raise the money for the Junior Grange but they certainly can assist them. The Junior Granges have an HEC program, which comes to them in their National Junior Grange material and many of them are doing a lot of good.

The money which we gave to Cal Poly for two years and then for the next two years to Humboldt State College, to help girls stay in school, has not had any of it used during this past year. This money is used only if a girl is in school and then for some reason runs out of money before the end of the semester. A grant of \$100.00 maximum, may be given from this fund to tide the girl over. In past years several times an amount of less than \$100.00 enabled the girl to "get by" and only what the girl just had to have was given. At the present time there is \$2,452.14 in the fund at Cal Poly and \$2,524.43 at Humboldt State. Both colleges have reported that while they had not used any of the money in 1966, it appeared that there was going to be need for some of it during this coming term. We have done nothing further about raising the maximum grant to \$150.00 or \$200.00, as suggested at one of the colleges. This requires more study to learn how rapidly this would deplete the funds. We are still looking into it.

The participation in District and County Fairs, by the Granges, is very important. Without our booths, some of the fairs would not have very good displays. The money the Granges earn (and I do mean earn, because they work very hard to put in a booth) by winning prizes, means a great deal to the Grange, as well as the honor of winning. Other Granges have food booths at fairs and this also helps them to earn money to carry on some of their projects.

I want to thank my District Chairmen for their support and for the very fine work they do during the year and also here at the convention. My special thanks go to Sister Ruth Quinn for her support and for the many times she has traveled with me to District meetings, when otherwise it would have been necessary for me to travel long distances alone perhaps. I would also like to express my appreciation to the State Grange Master.

Brother Quinn for his encouragement and to the Executive Committee for their co-operation and for allowing money for the prizes in the Flag and Sampler contest.

The work of all the women of the Grange have COMMUNICATED their concern near and far, and this report doesn't begin to tell the story. If you think what your HEC has done is small or will not go far remember this:

Don't waste your time in longing
For bright, impossible things,
Don't sit supine; yearning
For the swiftess of Angel's wings.

Don't spurn to be a rush light
Because you are not a star,
But brighten some bit of darkness
By shining where you are.

There's a need of the Tiniest candle
As well as the garish sun;
The humblest deed is ennobled
When it is worthily done.

You may never be called to brighten
The darkest region afar;
So fill, for the day, your mission
By shining where you are.

Fraternally submitted,
Gladys True, Chairman, HEC

SUMMARY OF H.E.C. FUNDS IN CALIFORNIA

September 30, 1965 to October 1, 1966

1. Contributed to the following projects	
A. Crippled Children	\$ 1,677.78
B. Cancer Fund	1,674.87
C. Red Cross	284.25
D. Mentally Retarded	1,202.88
E. Scholarships (98 reported given)	7,315.53
F. Miscellaneous	18,197.10
G. Meals for Millions	1,408.45
H. CARE—Water Pump Project	552.23
Sub-total	\$ 32,313.09
I. Mabel Glenn Memorial Fund (Calif. Centennial Fund)	242.00
J. Delegates Funds	12,651.46

K. State Grange Bldg. fund received by State H.E.C.	368.82
L. Nt'l HEC Bldg. Debt Retirement Fund	401.24
Total	\$ 45,976.61
2. Received on the following projects	
A. Fair Booths	35,988.38
B. Meals and Food Sales	95,149.60
C. Dances	10,160.95
D. Card Parties	24,812.93
E. Rummage Sales	17,322.99
F. Miscellaneous	65,840.97
Total	\$249,275.82
Hours of Welfare or Community Service Work — 255,019 Hours	

REPORT OF SUPERINTENDENT OF JUNIOR GRANGES

Worthy Master, State Officers, Brothers and Sisters:

Each year we look forward to our annual convention. And to pay tribute to those who are giving of their time and talent to the Junior Grange work. I am sure that they feel no service is more rewarding.

As we all know the Grange of tomorrow depends on the work we are doing today, the Grange is not just a fraternity, it is a way of life. A group of people working together to "Build a better America". Since the Grange is a family organization one of its major challenges is to preserve or restore the family organization. In order that we may do so, we should all be eager to help the children realize that the Grange is interested in them, and that our fraternity is one with which they can associate while young and continue as active members for the rest of their lives, they are the citizens of tomorrow, they are important. The well-being of the future generation depends upon the vision of today's citizens; what kind of community will your children inherit?

It is with a great deal of pride and pleasure that I once again report the activities of the Junior Granges of California. Their work is outstanding, the quarterly reports that come in at the end of each quarter tells the story.

We had a gain in membership of 66, with a total of 540 members. There are 24 active Junior Granges in the State, with 18 sending in their quarterly reports.

On January 22, I had the honor and privilege to organize and install the Sonora Junior Grange No. 176, in Tuolumne County and was happy to see that Fort Bragg Junior Grange No. 76 in Mendocino County and the Millville Junior Grange

No. 17 in Shasta County reorganize. Best wishes go to all three for a prosperous Grange year.

I had hope that more Matrons would file an annual report under the National Grange achievement report. As there are awards given from the National Grange to those filing the best reports being done by the JGs. We did have four fine reports turned in for this year, they were judged and the first place winner for California, was the Redwood Valley Junior Grange No. 174 in Mendocino County, they will receive the Junior Grange rug, and their Matron, Sister Helen Solgat, will receive the "Gold Wreath Junior Grange Matron's Pin". This report will be carried to the National Grange level, the Junior Grange submitting the report judged best in the National contest will be designated as the Junior Grange of the Nation and will receive a special gavel and block. The Matron or Patron of this Junior Grange will also receive a special award. Each Junior Grange who had an entry will receive a certificate and the Matrons and Patrons, will each receive a personal certificate of merit. The activities of these four Junior Granges would fill a good size book, and would be stimulating reading. Each placed emphases on ritualism, service to others, and to the community, development of talents, citizenship, and membership.

Each of the Matrons and Patrons, who have mailed in their quarterly reports, will receive a certificate from the California State Grange.

During the past year the JGs, have participated better in both the National and State Grange programs, as indicated by the 121 individual entries at the California State Fair, the sum of \$368.00 was divided in premiums, along with the ribbons.

Two JGs qualified for the Super JG award, in order to receive this pin, it must be earned.

This year we have more JGs working in the "Red books", a total of 416 books were mailed out. 32 of the JGs received the first year bar, 6 received the second year flag, 5 the third year owl, 5 the fourth year key, 2 the fifth year Bible, and one the sixth year gavel.

We have one entry in the State Grange Lecturer's Art contest. Three of the Junior Granges are participating in the "Penny for Pines Plantation", Cupertino Junior Grange has turned over \$68.00 toward this project, we hope to include this project in our State Grange program for this coming year.

Four Junior Granges donated to the "Greek Team", three donated toward the new State Grange building fund, four donated toward getting a clock for the new State Grange building. This money was earned from food sales, candy sales, cake walks, and coin marches. Eight Junior Granges had booths and exhibits at their county fairs, and three had entries in their parades.

They have held doll and car shows, honored their parents, put on degree and assisted the Subordinate Grange Lecturers with programs.

They make scrapbooks, cards and gifts, these are given to the hospitals.

I have had the pleasure and honor to install 6 Junior Granges, and to issue 6 graduation certificates and white Bibles to JGs who have graduated into the Subordinate Grange. These members having been brought up through the Junior Grange will have a better understanding of the Grange, and if elected into office, will fillfull the duties of his office with dignity.

At this time I would like to acknowledge and thank the Home Economics Committees that contributed to the Junior Grange fund this year.

In closing, I would like to encourage each and everyone to visit your Junior Grange, and if you do not have a Junior Grange, affiliate with one nearest you.

The Junior Grange theme for 1966-67 is "Now is the time to sow the seed". This is a challenge to the Grange—your Grange, as no other organization can better unite the families for a better constructive future. Now is the time to sow the seed, as we are almost on the threshold of our second century. May we plan now with wisdom and Divine guidance as we seek to chart the course for the second century. It is an opportunity we must fully utilize.

Fraternally submitted,
Eve Rowe,
Superintendent Junior Granges

ANNUAL REPORT OF THE DIRECTOR OF YOUTH ACTIVITIES

To the Officers and Delegates of the 94th Session of the California State Grange.

Greetings:

Activities in the Youth Department have been on the increase during the past year. It is good to report that many more Subordinate and Pomona Granges have organized youth groups, and these groups are taking active part in Grange projects and work.

Youth conferences were held at the San Luis Obispo Campus and the Kellogg Campus of Cal Poly. Both conferences were well attended by both youth and adult members of the Grange. At the Easter Conference at San Luis Obispo, Cal Poly President and Mrs. Julian A. McPhee were presented with Honorary Life Memberships in the Grange in appreciation of the cooperation of Cal Poly with the Grange, especially the Grange Youth, over a period of many years. Dr. McPhee retired on June 30th, we wish him and Mrs. McPhee much happiness for many years to come.

The California State Grange again presented an award to the Outstanding Ag Teacher at the annual convention of the California Young Farmers. It was my pleasure to make this presentation in behalf of the Grange to Mr. Wes Norton, Agricultural Instructor of Anderson High in Shasta County. The Community in which he lives gave him and his family a party to celebrate this honor which he deeply appreciates.

Paula Preston, of Springfield Grange in Monterey County, represented the Grange at the convention of the California Association of the Future Farmers of America. Paula made an excellent presentation to more than five hundred delegates at the FFA convention on ten important points in Grange procedure and work.

During the month of June it was the privilege of the Youth Department of the State Grange to arrange for eighteen young Japanese farmers to visit in the homes of Grange members for a period of ten days.

I wish to thank those Grange members in Fresno, Tulare, and Madera Counties who took these young men into their homes for this ten-day period and gave them such wonderful treatment and hospitality.

During their visit Mr. Lloyd Dowler, Dean of Agriculture, Fresno State College, arranged a tour of the Agricultural Department of the College for the Japanese and their host families. Following the tour a pot-luck picnic supper was provided by the Fresno Pomona Grange Home Economics Committee. The program after the picnic was highlighted by entertainment by the visiting Japanese who sang some of their folk songs and gave some of their native dances.

The Japanese attended the dedication of the new California State Grange offices and presented a symbolic figure to State Grange Master Quinn in appreciation of their visit and signifying their good will. As this was the first group representing the Japan Seinendan Council, an organization representing all youth groups in Japan, and having a membership of more than one million, the California State Grange has played an important part in promoting a good relationship between the youth of the two countries. It is interesting to note that the objectives of this organization is quite the same as our own; I wish to quote them for you: 1. We discipline our minds and bodies and thereby endeavor to develop better individuals. 2. We unite in the creed of friendship and cooperation. 3. We work toward the establishment of a better community. 4. We work toward world peace through love of mankind and justice.

We wish to encourage the continued cooperation with the many youth organizations here at home, the FFA, FHA, Young Farmers, Young Homemakers, the 4-H Clubs, the Boy and Girl Scouts, the Campfire Girls and others. Many Granges sponsor 4-H Clubs, Campfire Girls, Boy Scout Troops and Girl Scout Troops and provide the Grange Hall for their meetings and many Granges give awards to the FFA and FHA and other youth organizations for some of their projects and contests.

This relationship adds strength to the Grange as well as to the other group. Our motto is: VOLUNTARY COOPERATION—our goal is. FELLOWSHIP, ACTIVITIES, FUN, RECOGNITION, LEADERSHIP, SERVICE, MEMBERSHIP.

Fraternally submitted,
Carle Fiedler,
Director of Youth Activities

REPORT OF CALIFORNIA GRANGE NEWS

So what is the approach today to maintaining a solvent paper, which, thank the Good God, we now have? The answer lies in diversification. No longer will one crop, such as national advertising for example, or local merchant advertising, keep the paper going. We have to raise 4 or 5 different crops, such as travel, classified, special events promotion, circulation remuneration, etc. The sum of all these efforts added together, keeps the GRANGE NEWS afloat. We show only the slightest of profits but we are holding our own. Believe me, in this newspaper industry of now, in this day of tight money, we feel this an accomplishment.

Grange members, we are pleased to report, assist us greatly in continuing solvent by saving their sales slips. This contest

is the life blood of our paper; if but 40% faithfully patronized our advertisers, and sent in their slips, we would be in an envious position. We hope the delegates will carry this message back to their Pomona and Subordinate Granges.

We of the staff are mighty proud of the GRANGE NEWS. It not only is larger than the next three state Grange publications combined, but we also carry more editorial news and more farm news than any other state paper. I would like to thank our columnists, including our esteemed editorial writer, State Master Quinn, for their faithful and effective efforts. I also appreciate the counsel and support of the Executive Committee. Financing in 1966 a publication such as the GRANGE NEWS is a far different and more involved matter than 10 years ago.

Then the major segments of the industry, farm machinery, feed, fertilizer houses, and others, advertised widely in all organizational media. The GRANGE NEWS received its share. Today this lucrative advertising market has all but disappeared from organizational farm publications. Manufacturers now utilize only those magazines or newspapers which offer pinpoint concentrated circulation—or enormously large circulation at a very low cost per thousand readers. In the same period of time, also adversely affecting the GRANGE NEWS, has been the struggle to survive of the independent merchant in town after town. Family-owned downtown stores have given way to shopping centers ringing the community. These centers have been dominated largely by huge chains based in Los Angeles which, sadly, have little sympathy either with the Grange or its objectives. Thus our counterpart, the independent merchant, has suffered just as the Grange has from the encroachment of vast corporate interests.

The GRANGE NEWS staff has seen over the years hundreds of independent merchants, our good friends close their doors. We lose their advertising contract, that is the smallest consideration. We see an integral part of our society, one we cherish being chipped away.

In conclusion, a personal note. My illness came suddenly, just as an issue of the paper was nearing completion. The fact this issue is now in your hands is because of my colleagues who worked until late Saturday, their day off, thank Bill Cassidy, publisher of the Auburn Journal, and his composing room staff; and to State Master Quinn, Wanda Boland and Janice Borges who spent a difficult and trying day at the printers. Finally, to Brother Howard Herbes for his help in this small crisis. As in all matters these past 13 years, we have together served the GRANGE NEWS.

Fraternally submitted,
Craig Hazlewood,
Editor and Business Manager

50th ANNUAL REPORT OF THE GRANGE INSURANCE ASSOCIATION OF CALIFORNIA**Worthy State Master and Members of the Grange:**

In April of 1966 the Grange Insurance Association of California completed it's 50th year of continuous operation and service to Grange members of California. From a very humble beginning in 1916 we have grown to our present structure of inforce insurance for Grangers on state-wide level of \$86,702,158.

A statement of our financial position, drawn as of September 30th, reflects a very sound, healthy condition in all departments.

Total insurance written for the first three quarters of this calendar year is in excess of 38 millions in renewal and new business insurance producing a premium income of \$224,116.82. We fully anticipate income to exceed three hundred thousand dollars for the calendar year.

Total assets of G I A of California currently are \$519,603.26 with a surplus to policyholders of \$287,703.83. Categorically, we divide our assets as follows:

Current assets consisting of

Cash on hand and in the banks

Premiums receivable

Interest receivable

Reinsurance on paid losses receivable \$117,806.46

Fixed assets consisting of

Land

G I A office building in Sacramento

Furniture and Fixtures \$ 58,553.91

Investments consisting of

Bonds

Contract receivable

Industrial and banking stocks

Prepaid insurance \$343,242.89

Recent market adjustments in stock and bond holdings has registered some loss to us due to this decline, however, our investments are in well known blue chip issues and with future strengthening of the market we fully expect to recoup these losses.

Total operational expense for the period has been \$47,625.44 which is inclusive of salaries, payroll and property taxes, directors expense, advertising and promotion, utilities, and building maintenance. The ratio of underwriting expense to net premiums written is 29.6% representing the utmost in economical operation.

Loss-wise the Association has fared very nicely thus far this year. On state-wide basis our losses from all perils underwritten have run to \$61,787.14 net after reinsurance collection. This represents a loss ratio of 47.2% to earned premium and is inclusive of adjusting expense. In insurance circles we say that when a company's loss ratio remains under 50% of earned premium the loss experience is good. While we deplore the fact that anyone has suffered because we know insurance never fully compensates, we can point with pride that we, as an insurer, have responded in full measure to the coverage in force.

G I A of California is continually trying to keep up with the modern trends and methods of operation. We are currently making installation of a full complement of IBM equipment which will electronically process and reproduce all phases of our operation. We expect to have this operation in full swing within the month and we cordially invite all Grangers, when in Sacramento, to visit with us and view this type of operation.

If you have not already done so, please drop by and visit with us in the auditorium lobby. We have a personalized gift for you which can be yours for the asking.

Fraternally submitted,
W. R. Penner, Secretary

ADDRESS BY ORVILLE FREEMAN, Secretary of Agriculture

It is good to be back in the Golden State.

When I was a boy in Minnesota, I confess that I was more of a student of writers like Bret Harte than I was of Shakespeare—and Harte's "Luck of Roaring Camp" did far more to excite my imagination than "A Midsummer Night's Dream." Like many a boy in the Middlewest, I had a somewhat distorted vision of a California where gold was the big thing, the source of practically all wealth.

Just to prove that my education about California didn't stop with that romanticized approach, let me say that I have gone on to learn that no longer is it gold—it is agriculture—that is your real source of natural wealth. It isn't what you extract from under the soil that is one of your major sources of income—it's what you produce from the soil itself.

Your State, with its wonderfully diversified agriculture, not only feeds and clothes millions upon millions of our people but has large amounts left over for export. As a matter of fact, your

export sales of agricultural products alone far exceed the annual value of your gold production.

I recall that I met in San Francisco two years ago with some of our agricultural and business friends and I said at that time that California today is earning something like \$200 from its exports of farm products for every \$1 it derives from the mining of gold.

And I went on to say that the United States as a whole is now such a big exporter of farm products that the annual value of these exports equals the value of all the gold ever mined in California—from the famous Sutter's Mill discovery in 1848 to the present time—plus an additional 50 percent.

I would like to talk today about these agricultural exports—what our farmers across the Nation are doing, in general, and what California farmers are doing, in particular.

This is one of our Nation's outstanding success stories. No other nation has ever done so much to supply the world's markets. No other area the size of California has ever done so much to help feed and clothe both its own and the world's people.

I don't want to bore you with a lot of statistics but I think it is important that we look at this export scorecard. And I ask that we look at it not from the standpoint of a natural phenomenon—something that just sort of happened—but from the standpoint of a purposeful endeavor, something brought about by people, in agriculture, in business, in Government, working together for the good of all.

On June 30 we closed the books on a fantastically successful export year. The total value of American farm products exported came to \$6.7 billion. This was a gain of \$2.2 billion—almost 50 percent—over the exports of fiscal year 1960, just before the new Administration took office.

Now we are in a new fiscal year, the 1967 fiscal year, and in it we are doing even better than last year. Our agricultural exports for the July-September quarter were running 6 percent larger than a year ago. If this expanded rate continues, as we fully expect it will, the value of American farm products exported during the year ending next June 30 will reach or exceed \$7 billion.

As our foreign trade continues to grow larger, export increases are taking place in certain products highly important to California—among them cotton, meat and meat products, hides and skins, and feed grains. During the July-September period, cotton exports increased 29 percent over a year ago—moving from \$79 million to \$102 million. Exports of hides and skins went up 44 percent, moving from \$25 million to \$36 million.

Exports such as these mean income—big income—to our farm and city people. This partially speaks for itself when we

consider that one acre out of every four of our Nation's cropland now produces for export.

But over and above this contribution to individual citizens is the equally important contribution that our agricultural exports are making to the solvency of our Nation. Three-fourths of our agricultural exports are dollar-earning commercial exports. The expansions currently being made in our agricultural exports are not in food aid—they are entirely in the commercial exports that bring back American dollars from overseas, thereby strengthening our balance of payments.

During the July-August period, for example, our Nation's favorable merchandise trade balance came to \$445 million, and of this amount agriculture contributed over 80 percent.

Thanks to the highly successful program of foreign market development which this Administration has carried out with agricultural and trade groups across the Nation—many of them here in California—our agricultural exports today are much larger than our agricultural imports. The actual figures in fiscal year 1966 were: total agricultural exports, \$6.7 billion; total agricultural imports, \$4.5 billion; net favorable trade balance, \$2.2 billion.

Ten years ago our country was running an annual deficit in its agricultural trade balance of well over half a billion dollars a year. This is the amount whereby American imports of foreign agricultural products exceeded American exports of its own agricultural products.

Contrast this trade deficit—this trade shortfall—of half a billion dollars a year, with the new trade surplus—this trade asset—we have established in this recent period through export expansion. This is the important part of the scorecard for it shows that we are really winning the game.

It takes 50 States to rack up scores such as this—and among the 50, California is one of the top flight players. Three States lead the Nation in their contributions to our record agricultural exports—Illinois, California, and Texas. California has held the No. 1 spot in some years but this past year Illinois came out on top because of its very big increases in exports of soybeans and feed grains. California and Texas are tied for second place—and rather than referee any match between you, let me say you both are doing magnificently!

California, with your great diversity of agricultural production, now exports around half a billion dollars worth of farm products a year. A little of this is under the food aid programs but it is mainly commercial dollar-earning business.

You are the Nation's largest exporter of fruits, vegetables, and their products. Your exports of fruits and vegetables in fiscal year 1966 brought you nearly a quarter of a billion dollars in income.

You are the second largest exporter of cotton, and this brought you \$85 million of income. And I'm glad to say your exports of this important crop should be even larger this current year.

You are the second largest exporter of hides and skins, and these alone brought you \$12 million in income. Add to this your exports of meats and meat products, lard and tallow, and dairy products, and the exports of your animal industries came to more than \$40 million.

To round out the box score for California, last fiscal year you exported \$45 million worth of rice, \$17 million worth of feed grains, \$8 million worth of wheat, and a large value of many other important products including tree nuts, poultry, alfalfa meal, and others.

This is a record of which you can be proud. It is record which says that you are producing good products, in large volume, at competitive prices—and successfully getting them into the hands of world consumers, with cash money in return.

This record says, too, that California—like the other 49 States—is benefiting in tangible, measurable terms from the high priorities given by this Administration to the expansion of farm exports.

I remember very well my first year as Secretary of Agriculture—and the problems that we had before us. We had a problem of surpluses and a surplus of problems—as you will recall. One of the first things we did was to set certain priorities and put our people to work on devising approaches to these goals.

One of the big priorities was to increase our farm exports.

It is true that farm exports had been making some improvement. Ten years ago they were only \$3.5 billion. By 1960 they had reached \$4.5 billion. Also, a good beginning in market development had been made by a number of agricultural and trade groups.

But our goal was to build these exports higher—much higher. In this we have succeeded.

Our goal was to build closer and more effective working relations with our cooperators in market development—the agricultural and trade groups that I mentioned. In this too we have succeeded. As a matter of fact, it is this close, effective working relationship that has made it possible to achieve our export goals.

We found ways to speed up our export work. Our export cooperators willingly worked with us. The result was an expanded intensified market development program that today includes 45 cooperating organizations working in 70 countries.

In this work, California has been a willing, effective cooperator. If I were to call the roll to give well-deserved public credit to all who have contributed to this exciting new chapter in

American trade history—and I only wish I had time to do so—the list might well begin with California.

Your producer and marketing groups have been among the most active and successful in the Nation in promoting their products in the markets of the world. The California-Arizona Citrus League, the California Prune Advisory Board, the California Raisin Advisory Board, the Cannery League of California, and the Pacific Coast Deciduous Industry—to mention only some—have consistently been in the vanguard of our market development.

More than five years ago Governor Brown personally appointed and personally guided a Blue Ribbon export development committee for California agriculture. He appointed to it such capable men as Jesse Tapp of the Bank of America and George L. Mehren who is now serving with me as Assistant Secretary of Agriculture. This special committee, and the many who have worked with it, have been responsible for continuous appraisal of California agriculture's export potential; for studies of transportation costs; for an analysis of present or possible trade barriers; for representations through appropriate channels to remove such trade barriers; for initiative through marketing orders and other methods to promote the sale of agricultural products; for the development of products suitable for exportation; and for initiating changes in production or processing methods that might enhance the competitive status of California's products.

I would like to pay my personal respects to Governor Brown for the vigorous leadership that he has given in the export field.

He has played a strategic role in the World Trade Authority, which is really an instrumentality of his office. He has requested that the University provide authoritative data on which export activity could be based. He has supported the work of such groups as the U.S. Fruit Export Council, which has been a model of industry-government collaboration in export development.

He has worked continuously for transportation rates across California which will give California products fair opportunity to reach and compete in markets abroad.

Governor Brown has supported trade exploration and promotion through many of the State marketing orders for farm products. On many occasions he has made representations to the office of the President's Special Representative for Trade Negotiations, the Department of State, and the Congress, specifically to open channels of foreign trade for his State.

In truth, I may say no Governor—to my knowledge as Secretary of Agriculture—has worked harder or more effectively in the interest of the farmers of his State. He has done this job well, and the outstanding status of California's agricultural exports so establish.

I have spoken several times here of the market development work that is being done to build our country's agricultural exports—but this, of course, is only part of the export success story. We have worked equally hard to remove the trade barriers that block our limit access to foreign markets. It goes without saying that a salesman cannot do his job until the doors are open. We have done our best—and in many cases with outstanding success—to open doors, through consultations and negotiations, so that your products could enter and compete in foreign markets.

Like market promotion, this is a job that never ends. You are concerned in California, as we are in Washington, with the outcome of the trade negotiations now taking place under the Kennedy Round in Geneva. This is difficult bargaining, particularly because of the very limited concessions being offered by the European Economic Community. I give you my earnest assurance that in these negotiations, we are and will continue to be firm in demanding that we receive as much as we give. President Johnson's Special Representative, Christian A. Herter, expressed our determination early this month when he said:

"We are very disappointed in the initial (agricultural) offers of the Community and have said so in Geneva where the agricultural negotiations recently got underway. In the coming weeks, an intensive effort will be made to get the Community and our other negotiating partners to improve their agricultural offers.

"Our own agricultural offers were put forward in the expectation that the others would make and implement offers of comparable scope and magnitude. We have made it very clear that if this proves not to be the case, the U.S. offers will be modified or withdrawn to the extent necessary to achieve reciprocity."

I would like to say in conclusion that I believe this Administration—whether through its supporting domestic programs, its work to get access for American farm products in foreign markets, or its market development programs in cooperation with private enterprise—is doing more to build agricultural exports than any administration in history.

This is a true success story, for agriculture, for industry, for Government. The box score is there, for all to see. The export figures have never been so high—and they still continue to climb—for California and for the Nation.

And in this, the Golden State, agricultural exports have never offered a more golden opportunity.

ADDRESS BY DONALD E. WILSON

Chief of the Bureau of Agricultural Education and State FFA Advisor

I am most happy to have the opportunity to speak to you on the occasion of your youth recognition program in connec-

tion with the 94th Annual Session of the California State Grange.

This is my first opportunity to be with you since becoming State Advisor for the California Association of the Future Farmers of America. We are very well aware of the fine support extended to vocational agriculture in general and the Future Farmers of America in particular by the Grange. Your interest and support have assisted us to achieve our greatest enrollment in vocational agriculture at a time when the agricultural industry is experiencing serious problems and undergoing extensive changes.

We have recently asked for assistance from the Grange in connection with our problem at the new California Exposition—the new State Fair. Your Master, Blaine Quinn, has been very vocal in urging the provision of adequate facilities at the new Exposition and for the provision of a date that will meet the needs of most junior exhibitors.

Many fine resolutions have been submitted by various local and Pomona Granges urging that attention be directed by the management of the California Exposition to the needs of junior exhibitors. We still have a serious problem in connection with the new Exposition and as near as I can tell we have not made any significant progress. The Executive Committee of the new California Exposition is still considering the problem and will meet with members of Assemblyman Frank Belotti's Joint Committee on Fair Allocations and Classifications on November 21st. Shortly after that meeting, we hope to have some indication of what our opportunity to participate in the new California Exposition will be. Your resolutions and letters on this matter will still be very helpful, and I urge you to write to the California Exposition and Fair Executive Committee (1108 O Street, Sacramento 95814) before November 21st.

Dr. Fiedler indicated to me that I should give you my ideas on the need for vocational agriculture in the public secondary schools in this state—what vocational agriculture does for boys, and what the opportunities are in the future for vocational agriculture students.

As most of you are well aware, and as the Council of California Growers has so effectively indicated, agriculture is the largest single industry in California. Depending upon who you talk with, somewhere between 30 and 40 per cent of all jobs in California depend on agriculture. The on-the-farm productive portion of the agricultural industry resembles somewhat that portion of an iceberg that extends above water. The agriculturally related industries, which comprise the major portion of the industry, are less apparent and are virtually unnoticed by many of our citizens yet remain as the most important single portion of our economy. This, in itself, should indicate the need for in-

clusion of programs in agriculture in each of our secondary schools.

Currently in California we offer programs in vocational agriculture in approximately 230 out of the 600 high schools and in 30 out of the 70-plus junior colleges. Our enrollment this year has reached a new high of 18,009.

In many areas, however, there is a notable lack of agricultural programs. As an example I should point out that there are no significant programs of agriculture in metropolitan San Francisco. This is one of our major cities that owes its very existence to some extent to the agricultural industry. Through its port flow many agricultural products and much equipment and supplies utilized in the industry. On the basis of the need for training students in the area of ornamental horticulture, nursery work, landscaping and grounds maintenance alone, there is justification for numerous agricultural programs.

Here in the City of Stockton we have a very limited agricultural program at the high school level and only recently an expanded program at the junior college level. The City of Sacramento offers no program of agriculture in the secondary schools. Being in Northern California I perhaps should be a little reluctant to mention that the City of Los Angeles is a metropolitan leader in the area of agricultural education. They offer over 20 programs of vocational agriculture in their high schools and 60 programs of general agriculture in their junior high schools. The junior high school general agriculture program is not vocational and we do not include it in our enrollment, but 15,000 youngsters each year are introduced to agriculture, its importance to our national and state economies and to the general welfare of the Nation. These students probably will not be employed in agriculture, but they at least will have some awareness of agriculture.

To me an even more deplorable situation exists in some of our North Coast Counties. I suppose this is particularly apparent to me because of the fact that I was born and raised in Mendocino County and went through grammar and high school at Laytonville, where back in the early 1940s it was possible for me to enroll in a program of vocational agriculture and participate in the FFA program. The fact that a vocational agriculture program was offered in Laytonville in 1940 is the reason why I stand before you now in this capacity. In the early 1940s in Lake and Mendocino Counties there were 10 high schools offering programs in vocational agriculture. Now there remains but one. I realize that school districts in those counties have serious financial problems, but we weren't exactly rolling in dollars in that area in the 1940s.

What apparently happened was that during the agricultural teacher shortage immediately following World War II, some

programs were closed because of the lack of teachers; others were closed because of poor quality teachers. Other high school programs also experienced difficulty but were not closed. The answer to the problem in the case of agriculture was to close the program. Of course, programs in mathematics, history, English, or physical education were not closed even though from time to time they might have experienced difficulty with poor teaching. There is no excuse for weak programs in any subject matter area whether it be agriculture or algebra. I believe that programs should be strengthened, not dropped.

I think the Grange could be of great help to us in re-establishing programs in Lake and Mendocino Counties where (because of an agricultural economy and the advent of vocational agriculture programs that can include forestry, rural recreation, and natural resource management) such programs are sorely needed. In some instances farmers and ranchers are the most difficult to convince that programs in vocational agriculture are needed. They are pessimistic about the future of agriculture and concerned about the ever-increasing tax level. When an opportunity comes to drop a program, whether it be agriculture or some other course, they will encourage that the course be dropped. On the other hand, some of these same people will wonder why people in town do not understand their problems. What they do not realize is that if they were to have a program of vocational agriculture in their schools, students in the schools would have an opportunity to rub elbows with agriculture and become somewhat familiar with agriculture. An effective program in high school can provide an excellent public relations outlet in the community for the whole of agriculture.

Four years ago legislation was proposed which would have provided for the taxation of agricultural lands on the basis of its agricultural uses rather than its value as a potential subdivision. This legislation was badly needed in order to keep our productive land in agriculture. It was supported by the agricultural industry in general and the farm organizations in particular but was very narrowly defeated. Many people did not vote on that particular proposition.

In retrospect it appears that this legislation did not pass because most people were not interested or simply were not informed. Most people were not against it once they understood it. Perhaps if in a number of schools agricultural departments had been in operation and an effective program of public relations for agriculture had been instituted, people might have been more aware of the needs of agriculture and the legislation might have been successful.

Similar legislation, as you well know, will again be on the November ballot.

What does vocational agriculture do for boys? Vocational agriculture, through the Future Farmer organization, makes available to many boys leadership development opportunities that they will not encounter anywhere else in their high school program. In vocational agriculture and FFA they have an opportunity to participate in parliamentary procedure, public speaking, and various public service activities. Many scholarships are available. The FFA helps to instill pride in agriculture and to develop an optimistic attitude toward the future of agriculture. The vocational agriculture program through its project system helps to develop responsible work habits and attitudes.

There is a critical period at the high school age when boys who should rightfully be in the industry of agriculture may be siphoned off into the temporarily more glamorous occupations. Too often the high school counselor or representative from the university will say to a high school boy, "Take your math, physics, history, and English in high school and then come to the university. We will give you all the agriculture you will need. You do not need vocational agriculture in high school." What so very often will happen in this instance is that because during his high school years the student does not have direct contact with agriculture in his course work, he will drift away into some other industry or professional area when he is sorely needed in agriculture.

This leads me to my next point which is what are the opportunities in agriculture for the vocational agriculture student. Never before in history have the opportunities been as great as they are at this time. This is true for all levels of endeavor from professional veterinarians to grounds men in a city park system. Agriculture is mechanizing. We no longer have braceros. Trained equipment operators and technicians in the area of farm machinery repair are in general demand. The agriculturally related fields of sales and services are continually hiring people at various levels of education. The general area of agriculture in forestry, rural recreation and natural resource management is just beginning to develop with employment opportunities both in private and public concerns. In the area of agricultural education each year there are many opportunities. Agricultural teachers are in short supply. Extension agents are continually being hired and field men and appraisal officers in banking concerns are in demand. Again I repeat—employment opportunities in agriculture have never been better.

Even in the agricultural production area, where we continue to hear that the number of farming operations are decreasing, we do not train enough farm operators each year in California to replace those who are deceased or retired.

I have not mentioned a national and international trend that may have a tremendous effect on the need for people trained in agriculture.

Up until about two years ago we in agriculture were constantly being reminded that we had tremendous surpluses of food and fiber which could not be utilized. As recently as the Kennedy and Eisenhower administrations the United States faced the unfortunate situation of having to pay huge storage bills for surplus grains and other essential foods to the tune of billions of dollars each year. Nothing is more irritating to the average citizen that what seems to him to be excessive charges for the storage of surpluses of every sort despite all the efforts of the Federal Government to hold U.S. food production to reasonable limits—that is to grow each year approximately what can be used and no more.

Now we find ourselves in a new agricultural position. As of this summer we are faced with a smaller supply of essential foods than that for which there is a current world demand. President Johnson has ordered the National Security Council to study this sudden world food shortage problem. For the first time in a generation we no longer will have to pay huge storage fees but must wonder about world populations outracing the production capacity to feed them. The food supply was dramatically pointed up by a recent survey of stocks of wheat and feed grains. They are down to their lowest level in ten years. World demands between now and next summer could reduce the wheat supply to such an extent that directions for a 30 per cent increase in winter wheat may be given this fall. The chief reason for the sudden change from surplus to shortage lies in part in the population explosion not just here but everywhere. A recent story in the NEW YORK TIMES reports that the production of milk has dropped to what officials consider alarming levels. Dairy farmers throughout the United States continue to go out of business, and the slaughter of cows continues at a high rate under the impact of good beef prices.

If President Johnson is serious in his proposal to assist in the feeding of the world and we are successful in raising the standard of living in this country, particularly in certain geographical areas and among certain ethnic groups, the need for agriculture production will increase.

With this as a background, I can see nothing but optimism in connection with the need for training people in agriculture and the opportunities for employment for students of vocational agriculture.

I am intrigued by the theme of the Youth Department of the Grange this year—"Agriculture in the Space Age."

We have at Lompoc High School in Santa Barbara County near Vandenberg Air Force Base, a vocational agriculture pro-

gram. It appears that there may be a possibility of some space experimentation in agriculture in this area. The base commander indicated at one time that the vocational agriculture students might have an opportunity to place some plant material in space vehicles for later recovery and study. So I suppose your theme "Agriculture in the Space Age" is not as far-fetched at it might seem.

I have heard Mr. Quinn say on a number of occasions that one of the most serious problems that we have in agriculture is that we do not always agree among ourselves. I would agree very much with him when he encourages that we continue our efforts toward the development of some type of single, united voice for agriculture.

Another problem that concerns me is how we can effectively include more youth participation in our adult farmer organizations. When I attend conventions such as yours and that of the Farm Bureau, I am concerned because of the apparent lack of young people. I realize that our leadership now rests with experienced people, but we could be in danger of losing contact with the younger generation if we do not find an effective way to bring them into adult agricultural organizations. I would indicate to you, however, that the adult agricultural groups with which I meet do not appear to be as elderly to me now as they did 15 years ago when I started teaching.

It has been a real privilege for Mrs. Wilson and me to attend your meeting. My mother, Mrs. Rose Wilson, lived for many years in Laytonville in Mendocino County and was a sixth degree member and attended many state meetings. I have enjoyed speaking to you and will look forward to seeing you again.

REPORT OF AGRICULTURAL COMMITTEE

Worthy Master, Officers, Members of the California State Grange:

We, the members of the Agricultural Committee, having completed the work assigned us by the Worthy Master, wish to express our thanks for the privilege of serving in this capacity.

We tried to the best of our ability to seek all available information pertaining to the subject of the resolutions and gave our honest endorsement on each issue.

Our special thanks to Brother Graham of the National Grange Staff and others who appeared before the Committee to offer advice and information.

That portion of the State Master's address pertaining to agriculture is heartily endorsed by the Committee.

Fraternally submitted,
George Schmidt, Chairman
George Miller
Joe Cuzic
Fred Garrison
Howard Duncan

REPORT OF CONSERVATION COMMITTEE

We, the members of the Conservation Committee have completed the work assigned us by the Worthy Master.

It has been a privilege and an honor to serve on this committee.

We thank all of those who met with us, helping with the many problems in giving serious consideration to the resolutions before the committee. Especially we thank Brother Graham for his experienced advice.

The committee concurs with that part of the Master's address which deals with the conservation program.

Fraternally submitted,
Lloyd Sweringen, Chairman
Arthur Burke, Mendocino
Jules Faoro, Sonoma
Leonard C. McGlone, Napa
Gerald Walker, San Luis Obispo

REPORT OF EDUCATION COMMITTEE

It has been an honor and a pleasure to serve on the Education Committee of this 94th Session of the California State Grange. We have tried to consider each resolution with an open mind, changing the wording only when we had to combine resolutions pertaining to the same subject.

Fraternally submitted,
Dora Bray, Chairman
Ida H. White
Thomas Wright
Stephen M. Tait

REPORT OF GOOD OF THE ORDER COMMITTEE

Worthy Master, Delegates of the California State Grange:

It has been a pleasure and a privilege to serve on the Good of the Order Committee. The resolutions reviewed by us were given due consideration and changed only to clarify, keeping in mind the best interest of the Grange as a whole.

The Committee also goes on record as endorsing that portion of the Master's Address pertaining to Good of the Order.

I wish to thank the Brothers who served with me on this Committee.

Fraternally submitted,
Charles Newmayer
Byron W. Graham
David A. Thomson
J. R. Rogers
James V. Ryan, Chairman

REPORT OF LEGISLATION AND TAXATION COMMITTEE

The members of this Committee have now completed their examination and report upon the resolutions concerning Legislation and Taxes which were submitted to this 94th session of the California State Grange.

We sincerely thank all those who furnished information to help us in our consideration of these resolutions.

We appreciate this opportunity to serve the Grange.

Fraternally submitted,
George Neiley, Chairman
Vera Brunell
Errol Tait
Peter Weiss
Merrel Wright

REPORT OF NATIONAL WELFARE COMMITTEE

Worthy Master, State Officers and Patrons.

Your 1966 National Welfare Committee is pleased to bring you their findings of the Resolutions submitted and also appreciate the assistance given by Brother Harry Graham of the National Grange Office; Dr. Carle Fiedler and Sheriff Mike Canlis of San Joaquin County.

Fraternally submitted,
Erwin Fredrickson
E. A. Flower
Erle Jones
Lee Shawhan
Walter K. Adams, Chairman

REPORT OF TRANSPORTATION, ROADS AND HIGHWAY COMMITTEE

Worthy Master, and Delegates of California State Grange:

We, the members of the Transportation, Roads and Highway Committee, feel proud and honored to have served this 94th

State Convention. We wish to thank all those who helped us in our work.

Fraternally submitted,
Lester Wendt, Chairman
Lee Moffitt
Shirley Hutchins
Kermith Wheeler
Eugene Reese

RESOLUTIONS PASSED AT 1966 ANNUAL CONVENTION CALIFORNIA STATE GRANGE

Stockton, California, October 18-21, 1966

AGRICULTURE

No. 1 "RELATIVE TO LEGISLATION Agri. 1
ENABLING FARMER TO RECEIVE 100% PARITY"

Escalon Grange No. 447

WHEREAS: The demand for agricultural products throughout the world is ever increasing, and

WHEREAS: This increasing demand has caused a disappearance of many of the agricultural surpluses, and

WHEREAS: Under such conditions, the farmer is entitled to a fair share of the economy,

THEREFORE, BE IT RESOLVED, that the California State Grange ask Congress to enact legislation enabling the farmer to receive 100% of parity for his products.

No. 3 "OPPOSING ANY REDUCTION IN Agri. 3
THE FEDERAL SCHOOL MILK PROGRAM"

Kern County Pomona No. 26

WHEREAS: The special milk program established in 1954 due to rising dairy surplus, and

WHEREAS: This program constitutes for many elementary students their only source of milk, and dairy surplus is on a continual rise, and

WHEREAS: The nutritional value of milk alone justifies this program,

THEREFORE, BE IT RESOLVED, that the California State Grange go on record as being opposed to any reduction in this special milk program.

**No. 12 "RELATIVE TO PROPOSED CHANGES Agri. 12
IN NEW STATE FAIR MASTER PLAN PERTAINING TO
JUNIOR LIVESTOCK EXHIBITS AND FRANK BELLOT-
T'S ASSEMBLY CONCURRENT RESOLUTION No. 64"**

Dows Prairie Grange No. 505

WHEREAS: The California State Exposition Master Plan has advanced the following changes in the 4H and FFA Junior Division Exhibitions.

1. Reduce the size of livestock exhibit facilities from 135,000 to 85,000 square feet; ...
2. Change the date of Junior Division Livestock Exhibition from the present date of the last week in August and first week in September to the last week in June or the second week in July;
3. Exhibit buildings will be utilized for sleeping arrangements, with no dormitories available, and

WHEREAS: In the drafting of this Master Plan, neither the State leaders of FFA nor the State leaders of 4-H were consulted, and

WHEREAS: Reduction of livestock exhibit facilities would not accommodate the current 4-H and FFA exhibits at the same time, thus complicating transportation facilities. Under the present plan 4-H and FFA members cooperate in the shipping of livestock. This would create the need to duplicate effort and expense; would eliminate cooperation of chaperoning each other's groups, and

WHEREAS: Many junior exhibitors enter both 4-H and FFA exhibits, which would require duplication of traveling and shipping expenses for our youth, and

WHEREAS: At this early date neither the exhibitors nor their livestock are developed to their full potential, therefore, there would be fewer exhibitors who would attend the State Exposition because the quality of their livestock would be sub-par, and

WHEREAS: Many 4-H and FFA exhibitors would not be able to show their livestock at the State Exposition because of conflicting dates with local fairs in their area; therefore, the State Exposition would no longer represent a culmination of the show season where the "Better of the Best" are given the opportunity to compete, and

WHEREAS: There will be no funds available for dormitory facilities, the exhibit buildings will need to be utilized for sleeping arrangements. The use of exhibit buildings as dormitories is highly objectionable from a sanitary as well as a moral standpoint. Chaperones would have added difficulty in maintaining control over exhibitors, and

WHEREAS: Private sleeping accommodations are beyond the means of many junior exhibitors, thus greatly reducing the competition, and

WHEREAS: We feel that these young people are the future of California's agriculture; and that the State Exposition should serve as a public showcase for their achievement and as an educational experience contributing to their full development in the agricultural field. We feel these proposals would greatly reduce the effectiveness of the State Exposition as a learning experience for our youth, and the importance of the Junior Division show has been willfully neglected by those developing this plan,

THEREFORE, BE IT RESOLVED, that the California State Grange go on record as opposing the proposed changes of the Junior Livestock Exhibit in the California Exposition Master Plan, and stand in favor of maintaining the present dates for this exhibit, and also maintaining the present size of 135,000 square feet, with dormitory facilities being provided.

BE IT FURTHER RESOLVED, that the California State Grange go on record supporting Frank Bellotti's Assembly Concurrent Resolution No. 64, which was presented at an Agricultural meeting called by Assemblyman Belotti on August 17, 1966, in Santa Rosa.

Following Granges Concur:

Freshwater Grange No. 499

North Humboldt Pomona Grange No. 48

No. 92 **"RELATIVE TO LEGISLATION REGARDING CONTROL OF COTTON PESTS"** Agri. 16

Riverbend Grange No. 677

WHEREAS: Cotton is the main source of income for many of our members, and

WHEREAS: At the present time our Cotton is being destroyed by bollworms, and under present regulations we have no effective control of these cotton pests,

THEREFORE, BE IT RESOLVED, that the California State Grange do all in its power to request the Congress of the United States to remedy this situation by changing the tolerances from present levels to a reasonable level so that certain insecticides can be used that will control these cotton pests.

No. 93 **"RELATIVE TO COST OF LABOR UNION ELECTIONS"** Agri. 17

Riverbend Grange No. 677

WHEREAS: The labor union elections were held in Delano, and

No. 96 **"ADVISORY COMMITTEE RE-IM- Agri. 20**
BURSEMENT"

Agriculture Committee Resolution

WHEREAS: The California State Grange Master appoints Statewide Grange Commodity Advisory Committees to meet at the Chairman's call, with the consent of the Master, to discuss problems of special concern to the industry involved, and to inform the Master of their suggestions, and

WHEREAS: There are certain expenses involved in attending these meetings, such as, mileage and meals,

THEREFORE, BE IT RESOLVED, that these necessary expenses shall be re-imbursed to the Committee members attending these meetings by filling out a mimeographed form, signed by the Chairman and the Secretary of the Committee, to be presented to the Executive Committee for their consideration.

"PARITY PRICING OF MILK"

Agri. 21

Agriculture Committee Resolution

WHEREAS: Support pricing of agricultural products protects the National health as well as setting a "pricing floor" on agricultural prices, and

WHEREAS: Farmers have heeded the advice of the government and reduced production so there was less surplus for the government to purchase and to raise the price over the support price to relieve the government purchasing of agricultural products,

THEREFORE, BE IT RESOLVED, that the Secretary of Agriculture be requested to purchase on the open market needed agricultural products up to 100% of parity.

"NATIONAL ACREAGE ALLOTMENT Agri. 22
DISTRIBUTION"

Agriculture Committee Resolution

WHEREAS: The increased demand for food and grains has permitted increased acreage allotments,

THEREFORE, BE IT RESOLVED, that these increased allotments be distributed nationally in such a way to give maximum advantage to the owner-operator farmers who have practiced proper conservation procedures prior to the establishment of quotas.

CONSERVATION**No. 15 "OPPOSING CURTAILMENT OF Cons. 1
FUNDS AND MEANS FOR STATE TRAPPERS AND
BOUNTIES"****Shasta Pomona Grange No. 13**

BE IT RESOLVED, that the California State Grange go on record as opposing the State recommendation to abolish both State trappers and bounties. If both are removed, the predatory animals would soon take over the State (particularly less populated areas) causing much damage and as has been noted, coyotes are definitely on the increase.

**No. 16 "IN SUPPORT OF SENATE BILL 2218 Cons. 2
AND HOUSE BILL 9531"****San Diego Harbor Grange No. 775**

WHEREAS: Other countries are enforcing unlimited territorial seas, and

WHEREAS: The extensive fishing by all countries is depleting many areas of the ocean, and

WHEREAS: At the present time Russian Trawlers are dragging in spawning areas off our coast,

THEREFORE, BE IT RESOLVED, that the California State Grange strongly encourage immediate action and support from other Granges, State and National, to establish a 12 mile fishery zone.

Following Granges Concur.

San Diego County Pomona Grange No. 35

**No. 17 "RELATIVE TO DUAL PURPOSE Cons. 3
NUCLEAR POWER PLANT IN VENTURA OR SANTA
BARBARA COUNTY"****Ventura County Pomona Grange No. 50**

WHEREAS: The need for water in Ventura and Santa Barbara Counties is a well known fact, and

WHEREAS: The Pacific Ocean offers an unlimited supply of water to be desalted for domestic and commercial use,

THEREFORE, BE IT RESOLVED, that the California State and National Grange use its influence in bringing about a dual purpose nuclear powered sea water conversion and electric energy plant in Ventura or Santa Barbara County to supply present and future needs.

Following Granges Concur:

Ojai Valley Grange No. 659

La Avenida Grange No. 655

Santa Barbara County Pomona Grange No. 38

No. 18 "RELATIVE TO CHANGES IN THE DEER HUNTING SEASON IN CALIFORNIA" Cons. 4

Plumas-Sierra Pomona Grange No. 18

WHEREAS: The early opening of the deer hunting season is causing a hardship on livestock owners by using the open ranges, making it necessary to move their cattle off the ranges before the end of the grazing season, and

WHEREAS: The condition of the area is usually tinder dry during September,

THEREFORE, BE IT RESOLVED, that the California State Grange go on record favoring the opening of the deer season October 1st or the weekend nearest October 1st and closing October 31st or the weekend nearest October 31st.

No. 19 "OPPOSING THE TERMINATION OF SAN LUIS INTERCEPTOR DRAIN AT ANY POINT UP STREAM FROM PORT CHICAGO" Cons. 5

Danville Grange No. 85

WHEREAS: The Federal Government and the Department of Water Resources of the State of California propose to terminate the San Luis Interceptor Drain in the Sacramento River at Antioch, and

WHEREAS: The termination of the San Luis Interceptor Drain at any point upstream from Port Chicago would be detrimental to the quality of water need for agricultural and industrial uses, and

WHEREAS: The economy of Contra Costa County would be greatly injured by the loss of water of a quality good enough to use for agricultural and industrial purposes at present and in the future for increasing these industries, and

WHEREAS: Without these industries Contra Costa County would suffer great hardship,

THEREFORE, BE IT RESOLVED, that the California State Grange oppose the termination of the San Luis Interceptor Drain at any point upstream from Port Chicago.

No. 20 "ENDORISING THE PROPOSED SCOTT CREEK DAM" Cons. 6

East Lake Grange No. 727

WHEREAS: We consider that impoundment of water is a necessary and vital part in the planning for the future development of the County of Lake and the City of Lakeport, and

WHEREAS: Since the water supply for domestic, industrial, and agricultural use is seriously threatened through the normal

population expansion and increased land use, there is an urgent need for supplementing the present water supply, and

WHEREAS: The loss of property and land in the area from flooding and erosion is causing a serious financial burden to the taxpayers in the area, particularly through the loss of valuable farm land,

THEREFORE, BE IT RESOLVED, that the California State Grange favor the construction of the proposed Scott Creek Dam as a vital factor in the control of flooding of the area, and for the purpose of impounding waters needed for the future development of the County of Lake.

**No. 22 "RELATIVE TO HOMESTEADING IN Cons. 8
OWENS VALLEY**

Owens Valley Grange No. 808

WHEREAS: Homesteading in all ages has given people an opportunity to own their own land, and promote agriculture activities without an excessive outlay of money, and

WHEREAS: Homesteading would promote the general welfare of Inyo and Mono Counties, as well as the entire country, and

WHEREAS: Certain lands were withdrawn from Settlement Location, Sale, Entry, and all forms of appropriation for the protection of the water supply of the City of Los Angeles on June 25, 1910, as amended August 24, 1912, on March 4, 1931, and July 16, 1933, and

WHEREAS: At the present time there are thousands of acres in Inyo and Mono Counties which are desirable for homesteading, and are withdrawn from entry, and

WHEREAS: The appropriation of certain lands would not endanger the water supply of the City of Los Angeles,

THEREFORE, BE IT RESOLVED, that the California State Grange recommend that Congress study all the parcels involved, and open selected lands in Inyo and Mono Counties for homesteading.

**No. 26 "RELATIVE TO ENFORCING THE Cons. 12
PRESENTLY EXISTING 160 ACRE LIMITATION LAW"**

Newport Harbor Grange No. 776

WHEREAS: Immense land holdings still exist in the State of California, largely by possession of a few corporate interests who, by the very reason of their enormous possessions, endeavor to exercise political pressure to obtain reliefs and concessions from all levels of Government—local, State and National, and

WHEREAS: There is situated in the southern part of California a section known as the Imperial Valley, a very rich productive land served by irrigated waters obtained at low cost, and which are under Federal control, and

WHEREAS: There has been a law on record for some time known as the 160 acre limitation law, under the jurisdiction of the Department of Interior, which has now ordered that the Imperial Valley lands come under this 160 acre limitation law (previously excluded many years ago but never ratified by that administration or any of the succeeding ones) and the holders of such lands are called upon to comply with the contractual provision signed to obtain low cost water; namely, they were allowed to use Federal water for all of their lands if they so desired, but after having used it for a period of 10 years, they are to divest themselves of all excess acreage and come into compliance with the 160 acre limitation law. California's community property law allows 320 acres jointly to a husband and wife, and

WHEREAS: There is now being brought before the California State Board of Agriculture appeals to scrap the 160 acre law on Imperial Valley lands by the holders, the immense Irvine Ranch interests, one of the largest land holders in the State and certainly the southern part of the State, and

WHEREAS: The provisions of the 160 acre law had in view the assistance its provisions would render the individual or small farmer, making it less a financial hardship for him to cultivate his land and realize an ample income therefrom, and

WHEREAS: Should this 160 acre provision not apply to large land holders, it would encourage monopolistic control by a few of our agricultural production, and discourage individual ownership of farms, and break down the object of free enterprise.

THEREFORE, BE IT RESOLVED, that the California State Grange appear at all hearings of the California Board of Agriculture in opposition to such individual concession and scrapping of the 160 acre law on Imperial Valley lands, or any other large land holdings since this would open the door for others to appeal for the same concessions, and present a strong brief in favor of enforcing the presently existing 160 Acre Limitation Law, (320 acres in California) in all areas.

No. 97 "SUPPORTING FEDERAL APPRO- Cons. 13
PRIATIONS FOR CONSTRUCTION OF EAST SIDE OF
CENTRAL VALLEY PROJECT"

Fowler Grange No. 481

WHEREAS: Agriculture is dependant upon an adequate supply of water to produce the food and fibre needed to meet the demands of a growing population, and

WHEREAS: The cost of water must be within an economic price range to encourage agricultural production, and

WHEREAS: If the great farming belt of the San Joaquin Valley is to expand its rich agricultural production, the importation of surface water is essential, and

WHEREAS: The construction of the East Side Canal division by the Bureau of Reclamation is needed now to assure the delivery of a quantity of water within the economic range to produce agricultural crops,

THEREFORE, BE IT RESOLVED, that the California State Grange actively support Federal appropriations for the early construction of the East Side division of the Central Valley Project.

No. 98 **"ASKING AID FOR YUBA RIVER DAM PROJECTS"** Cons. 14

Conservation Committee Resolution

WHEREAS: Flood control is greatly needed by people who live below the rapid runoff Yuba River, and

WHEREAS: At present there is no irrigation water available for South Yuba County, and

WHEREAS: Marysville Dam has been included in the Omnibus bill just passed by both houses of Congress of the United States,

THEREFORE, BE IT RESOLVED, that the California State Grange support construction of Marysville Dam, and irrigation facilities on it and the Bullard's Bar Dam which is now being constructed by Yuba County Water Agency.

EDUCATION

No. 27 **"RELATIVE TO RECENT CONDUCT IN SOME UNIVERSITIES IN CALIFORNIA"** Educ. 1

Orland Grange No. 432

WHEREAS: The Patrons of Husbandry is an institution deeply concerned with the welfare of the institutions of learning and all matters concerning the advancement of the education of our young, and also to all things pertaining to the welfare of our State and Nation, and

WHEREAS: During the past two or more years our institutions of higher education have been beset with noisy and undignified "demonstrations" being conducted on the campuses by recalcitrant students, agitators from organizations not connected with the colleges and universities, a few misguided teachers, and

other individuals suspected of being professional agitators concerned only with the furthering of discord and chaos, and

WHEREAS: Our California universities and colleges have suffered a severe decline in respect and esteem causing loss of prestige, all as the result of the aforementioned occurrences, and

WHEREAS: We believe that attending these schools is a privilege, and the cost of maintaining these schools is a severe financial burden to the taxpayers,

THEREFORE, BE IT RESOLVED, that the California State Grange urge that students and all parties concerned with the management, instruction and attendance who are found guilty of indulging in rioting and/or un-American activities at tax supported institutions, be dismissed and denied further consideration at that institution, or any other tax supported institution.

**No. 30 "RELATIVE TO PROPOSED Educ. 4
REMOVAL OF LOCAL CONTROL OF DIRECTORS OF
JUNIOR COLLEGE DISTRICTS"**

Newport Harbor Grange No. 776

WHEREAS: An effort is being made to dilute and/or remove local control and authority from the Directors of the Elementary, High School and Junior College Districts, and

WHEREAS: Proposals indicate formulation of a Central Committee to assume over-all control and/or direction of these Districts, and

WHEREAS: Such action is another step in the direction bureaucratic control and usurping the rights of the citizenry involved in such Districts.

THEREFORE, BE IT RESOLVED, that the California State Grange investigate this proposed legislation and enter a protest against any type of Central Control—with the proper Committee in both the State Assembly and Senate.

**No. 31 "UNIFICATION OF SCHOOLS" Educ. 5
Fresno County Pomona Grange No. 24**

WHEREAS: State law requires elections every two years for the purpose of unifying school districts until unification is accomplished, and

WHEREAS: State aid is withheld until unification of school districts is completed,

THEREFORE, BE IT RESOLVED, that the California State Grange oppose the mandatory law that elections be held every two years until unification is accomplished, and request that finances not be withheld from school districts that do not unify

**No. 34 "INCREASED EMPHASIS ON THE Educ. 8
TEACHING OF PATRIOTISM AND CITIZENSHIP IN
PUBLIC SCHOOLS OF CALIFORNIA"**

Windsor Grange No. 410

WHEREAS: The Specific Objects as listed in the Declaration of Purposes of the Grange states that "We shall advance the cause of education among ourselves, and for our children, by all means within our power", and

WHEREAS. Such Specific Objects further states that "We must always bear in mind that no one, by becoming a Patron of Husbandry, gives up that inalienable right and duty which belongs to every American Citizen, to take a proper interest in the politics of his country", and

WHEREAS: Public Schools are institutions serving the people for their benefit and enlightenment and for the promotion of responsible citizenship,

THEREFORE, BE IT RESOLVED, that the California State Grange use its influence to promote a change in the law to improve public education and support all educational programs which will result in greater enlightenment, encourage patriotism, and strengthen knowledge and appreciation of the rights and responsibilities of citizenship in a representative republican form of government and in our American democratic society.

**No. 35 "RELATIVE TO SECTION 3100 OF Educ. 9
THE EDUCATION CODE, PART OF AB 145"**

San Diego County Pomona Grange No. 35

WHEREAS: The Legislature in 1964 enacted Section 3100 of the Education Code as a part of AB 145, and

WHEREAS: Section 3100 limited the authority of the State Board of Education approving reorganization plans to approve plans based on present high school district lines, unless an "exceptional situation" is found, and

WHEREAS: An "exceptional situation" is not defined in the Act and the State Board has in practice not found any "exceptional situations", and

WHEREAS: A requirement that unification take place only on existing high school boundary lines is arbitrary and capricious in that such a requirement does not take into account other factors important to school district organization, with the result that, depending on local conditions the following can occur:

1. Unification on existing high school boundary lines in some districts increase the difficulty of solving school construction problems.

2. Unification on high school boundary lines in some districts places diverse and disparate communities together in the same district and thereby makes the solving of local problems more difficult.

3. Unification on high school boundary lines in some districts increases the property tax load of the residents and decreases the assistance given by the State.

4. Unification on high school boundary lines in some districts creates severe problems of voter support of schools which did not exist before unification.

5. Unification on high school boundary lines in some districts creates financial problems which the new district is unable to meet, leading to reduced quality of education despite other advantages of unification, and

WHEREAS: County Committees on School District Organization and the State Board of Education should be free to consider various plans of school district organization and to propose the plan most likely to solve the particular needs of the area in question, without being fettered by arbitrary criteria, and

WHEREAS: Section 3100.5 of the Education Code requires a unification election every two years, which requirement provides for an unnecessary burden where no plan or reorganization is developed,

THEREFORE, BE IT RESOLVED, that it shall be the policy of the California State Grange that legislation be initiated which would amend Section 3100 of the Education Code to:

1. Eliminate the requirement that present high school district boundary lines be the minimum basis for reorganization.

2. Consider factors of school construction, tax support, and Community identity among with others, in reorganization plans.

3. Consider the defeat of a plan of unification as a circumstance which would allow approval of other plans for submission to the voters of the district, and

4. Repeal the requirement which requires an election each two years, unless a different plan is developed for submission to the voters.

No. 37 "RELATIVE TO SELECTION OF Educ. 11
MEMBERS OF THE CALIFORNIA STATE BOARD OF
EDUCATION"

Cupertino Grange No. 739

WHEREAS: At present the members of the California State Board of Education are appointed by the governor and are subservient to him politically and are obligated to his policies by virtue of their appointment. Many times the State Board has acted as an independent entity, ignoring the voice of the local school districts and their elected school boards and the people of California, often offering threats and pittances to gain their ends when they meet opposition, and

WHEREAS: The State Superintendent of Schools is elected by the votes of the State and is responsible to those who elected him, and

WHEREAS: This condition has created friction and confusion as well as waste and embarrassment in our State educational system,

THEREFORE, BE IT RESOLVED, that the California State Grange use its influence to promote a change in the law so that all the members of the State Board of Education, as well as the State Superintendent of Schools, shall be chosen by election. The State Board members shall be elected by and from representative subdivisions of the State and for a specific term of office as are other officers of the State.

GOOD OF THE ORDER

No. 38 "RELATIVE TO CONFERRING OF G. of O. 1
FIRST-FOURTH DEGREES"

El Camino Grange No. 462

WHEREAS: In the first degree in the obligation a patron promises to uphold the Constitution and By-Laws of the National Grange and of the State Grange and the By-Laws of his Grange, and

WHEREAS: The digest states in Chapter 9, Sec. 68, and Chapter 12, Sec. 12, that no more than the first two degrees may be conferred at the same meeting, and

WHEREAS: The patron being received in our Order hasn't any idea of what the second and third degree salutation means when they are obligated in the first and fourth degrees,

THEREFORE, BE IT RESOLVED, that the California State Grange recommend that all Granges confirm to, and conform to the digest by obligating or conferring the first and second degrees at one meeting, and the third and fourth degrees at the next meeting.

No. 40 **"RESOLUTION TO AMEND THE STATE BY-LAWS"** G. of O. 3

Del Norte County Pomona No. 42

WHEREAS: The By-Laws of the California State Grange affecting Pomona members require that a committee be appointed by the Master to investigate applications for members, and

WHEREAS: The National Grange Digest on Page 53, Section 7 on Membership, stipulated only that applicants be recommended by their respective Subordinate Granges as Fourth Degree members in good standing, and

WHEREAS: All members of a Subordinate Grange have already been investigated and accepted into the Grange by their neighbors who know them best, and are duly certified by their Masters and Secretaries, while such applicants could be entirely unknown to the members of a committee selected on the county level, all of which seem to render another investigation unnecessary, and

WHEREAS: Such additional investigation would in all probability delay the enrollment of such applicant for an additional meeting, which period would be particularly long for those Pomonas meeting only quarterly,

THEREFORE, BE IT RESOLVED, that the California State Grange regulations covering the admission of fourth degree members into the Pomona and found on page 17 of the State By-Laws, in Section 3, on members, be amended by striking out the words.

"The Master shall appoint a committee to investigate the applicant, the vote be taken on the recommendation of the committee."

No. 41 **"RELATIVE TO A GRANGE COMMEMORATIVE STAMP FOR THE CENTENNIAL YEAR"** G. of O. 4

Moorpark Grange No. 809

WHEREAS: The Centennial of Patrons of Husbandry is in 1967, and

WHEREAS: The United States Post Office is printing postage stamps of a commemorative nature for sale to the public,

THEREFORE, BE IT RESOLVED, that the California State Grange go on record as being in favor of a National Grange Centennial Commemorative Stamp, and that the stamp be issued and/or put on sale in conjunction with National Grange Week.

San Mateo County Pomona Grange No. 49

Gazelle Grange No. 380

Siskiyou County Pomona Grange No. 6

**No. 46 "RELATIVE TO SPONSORING A G. of O. 9
'GRANGE CENTENNIAL SPECIAL TRAIN' FROM
CALIFORNIA TO NEW YORK"**

Newport Harbor Grange No. 776

WHEREAS. Travel Tours have been successfully sponsored by the California State Grange for the last several years with membership response being good and excellent fellowship enjoyed by all, and

WHEREAS: The CENTENNIAL CELEBRATION of the Grange will be held in November of 1967 in New York, and

WHEREAS: Such an event will never again be available to the present Grange membership in the United States, and

WHEREAS: Many members would probably like to attend this very special event, especially older members of many years affiliation with the Order, but due to the distance to travel would hesitate in making the trip—the time of the year lending itself to inclement weather, and the confinement of bus travel dislike of some people to travel by air; excessive time involved to drive, handling of luggage, etc., and

WHEREAS: There is a heavy Grange membership thru an approximate center area of the United States from Colorado and New Mexico on east and a heavy membership north and south within hours travel to an east-west center crossing,

BE IT RESOLVED, that Newport Harbor Grange No. 776 does petition the California State Grange to initiate and sponsor a GRANGE CENTENNIAL SPECIAL TRAIN from California to New York, and

That the States of Oregon and Washington particularly be encouraged to initiate such a tour, accommodating the membership across the northern part of the United States; that all State Granges be informed in adequate time of such plans and sanction the project by publicity distributed to all Granges; that this be brought up at the National Grange Convention in Minneapolis in November 1966 to secure the thought trend of other State Masters,

BE IT FURTHER RESOLVED, that Newport Harbor Grange No. 776 would be willing to staff a registration desk at a suitable place at the Stockton Grange Convention to solicit membership interest in such a trip by train, and take names and addresses to start a roster for this purpose which can be used to approach the railroads for information, rates, routes, connections, etc.

That action in such a project must be started now, since the State Grange Convention in 1967 would be too late, and during the next year publicity could be built up, news within the Grange fed out periodically to keep interest alive and get more applications, and

Such a project would necessarily entail considerable paper work and would place additional work on the personnel in the State Grange office, therefore the members of Newport Harbor Grange would ask permission to handle the initial detail work, send out mimeographed information sheets to applicants from time to time, and then turn the files over to the State Grange at such time as they would request it to finalize the project, such work being done without cost to the State Grange except possibly the permission to use the Grange postal permit on bulk mail.

San Bernardino County Pomona No. 32

**No. 50 "RELATIVE TO WINE GROWERS" G. of O. 13
Sonoma County Pomona Grange No. 1**

WHEREAS: That part of Section 38A, page 87, of the 1963 Digest states that any Grange member engaged in the processing of spiritious liquors shall be expelled from Grange membership, and

WHEREAS: A resolution to end this discrimanatory practice was adopted at the 1965 State Grange Convention and was taken to the National Grange Convention by our Worthy State Master for action, and

WHEREAS: The National Grange Committee on Grange Law and Good of the Order recommended this be referred back to the individual State Grangers for adoption, and

WHEREAS: Previously mentioned the Vineyard industry in California surpasses all fruit industries in capital investment and annual taxes paid to State and Federal governments,

THEREFORE, BE IT RESOLVED, that the grower processors of grapes be made eligible for membership in any Grange.

**No. 53 "PROPOSED AMENDMENTS TO G. of O. 16
CONSTITUTION OF THE NATIONAL GRANGE"**

At the 99th Annual Session of the National Grange, two changes in the Constitution of the National Grange were proposed. To become effective these must be ratified by two-thirds or more of the State Granges.

AMENDMENT No. 1

Resolved that the Constitution be amended on Page 18, Article II, Section 1. The sentence which reads, "Applications must be certified by two members and balloted for etc." shall be amended after the comma after **members** by adding "**of the Grange to which the application has been made.**" The sentence would then read—"Applications must be certified by two members of the Grange to which the application has been made, and balloted for at a regular subsequent meeting.

AMENDMENT No. 2

Resolved that the Constitution be amended by adding a new section to Article 14, Chapter IV, Page 27 of the 1963 Digest as follows:

Section 2. Alterations or amendements having passed the National Grange at any annual meeting and failing to secure the necessary two-thirds ratification of State Granges before the next annual meeting of the National Grange shall be declared null and void by the National Master.

**No. 99 "RELATIVE TO GRANGE NEWS G. of O. 17
PUBLICATIONS"**

Riverbend Grange No. 677

WHEREAS: The "Grange Newspaper" is sent to all Grange members of California in good standing, and

WHEREAS: The Grange newspaper has become a news outlet for potluck dinners, etc.

THEREFORE, BE IT RESOLVED, the Grange newspaper contain more information concerning legislative and agricultural matters, as they can be worked into further publications.

(Good of the Order Committee Resolution) G. of O. No. 18

WHEREAS: As our Youth 5th Degree Team confers the 5th Degree at each State Grange session and do a fine job, and

WHEREAS: As the robes worn by the girls, with the exception of the three Graces, are in need of replacement,

THEREFORE, BE IT RESOLVED, that the California State Grange authorizes the Executive Committee to purchase the necessary robes for the Youth 5th Degree Team. These robes to be the property of the California State Grange.

**G. of O. No. 19
"PRINTING OF JOURNAL OF PROCEEDINGS"**

Monterey County Pomona No. 17

WHEREAS: It was a policy until 1963 regarding expenditure of Grange funds to record in the Journal of Proceedings individual warrant numbers, names of persons or properties to whom warrant were issued and nature of expenditures,

THEREFORE, BE IT RESOLVED, that the California State Grange reinstate the 1962 policy of printing the Journal of Proceedings at it relates to the above mentioned warrants.

G. of O. No. 20

**"RELATING TO INSTALLATION OF GRANGE
MUSICIANS"****Monterey County Pomona Grange No. 17**

WHEREAS: The California State Grange recognizes musicians as Grange Officers, and

WHEREAS: Grange Musicians are elected and installed under the same procedure as other officers, and

WHEREAS: There is no charge for the installation of Grange musician,

THEREFORE, BE IT RESOLVED, that the necessary steps be taken to formulate a uniform charge for the Installation of Musicians in this State.

LEGISLATION AND TAXATION**No. 54 "IN SUPPORT OF STRICTER Legis. 1
ENFORCEMENT OF PENAL PROVISIONS & Tax.
ON OBSCENE LITERATURE"****Fairfax Grange No. 570**

WHEREAS: The dissemination of obscene literature tends to have an eroding effect on the moral standards of our society and particularly the youth of our State, and

WHEREAS: The possession and distribution of obscene matter is repugnant to the principles of the Grange,

THEREFORE, BE IT RESOLVED, that the California State Grange go on record as favoring stricter enforcement of existing laws controlling the dissemination of obscene literature.

**No. 57 "RELATIVE TO PROPOSITION No. 14 Legis. 4
Escalon Grange No. 447 & Tax.**

WHEREAS: The people of California voted overwhelmingly in favor of Proposition 14 which nullified the Rumford Act, and

WHEREAS: The California State Supreme Court ruled Proposition 14 unconstitutional, and

WHEREAS: Because the decision of the Supreme Court was not unanimous, and the people of California are not in accord with this decision,

THEREFORE, BE IT RESOLVED, that the California State Grange request the California State Supreme Court reverse its decision on Proposition 14.

No. 58 **"OPPOSING SUSPENSION OF** Legis. 5
OPERATIONS AT THE MENDOCINO STATE & Tax.
HOSPITAL"

Clear Lake Grange No. 680

WHEREAS: Information has reached the membership of Clear Lake Grange No. 680, Lakeport, California, of a proposal in Legislature to suspend operations at the Mendocino State Hospital at Talmage, California, and

WHEREAS: The closure of this State Hospital would not only be detrimental to the inmates thereof and their respective families, plus creating a financial hardship upon the employees thereof located in Mendocino and Lake Counties,

THEREFORE, BE IT RESOLVED, that the California State Grange go on record as opposing any move in Legislature to suspend operations at the Mendocino State Hospital.

Following Grange Concur:

Lake County Pomona Grange No. 43

No. 59 **"RELATIVE TO WELFARE AND** Legis. 6
REPEAL OF SECRECY LAW" & Tax.

Berry Creek Grange No. 694

WHEREAS: We feel that one way to correct the mounting abuses of the Welfare Program of the State of California is to repeal the "Secrecy Law" W & I 10850, thereby making the names and addresses of welfare recipients public information, and

WHEREAS: A great portion of our tax money goes toward the support of the Welfare Program, and

WHEREAS: We are not opponents of the Welfare per se, but feel that the taxpayer is entitled to know how his money is being spent, and

WHEREAS: We are convinced that said "Secrecy Law" W & I 10850, only makes the abuses of welfare more prevalent,

THEREFORE, BE IT RESOLVED, that the California State Grange strongly favor the repeal of the Welfare Secrecy Law W & I 10850.

No. 60 **"RELATIVE TO WELFARE"** Legis. 7
Berry Creek Grange No. 694 & Tax.

WHEREAS: We are convinced that there are certain abuses of Welfare Programs prevalent in the State of California, and

WHEREAS: It is a matter of record that monies paid to many welfare recipients for rents is being used for other purposes, and

WHEREAS: In many instances money paid for the care and welfare of minor children is being spent for parents' pleasure rather than the welfare of the children, and

WHEREAS: We feel that a food stamp system that would pay directly to the merchant, and direct payment of rent by the Welfare Department to the landlord has great merit, and

WHEREAS: We as taxpayers and voters, know that there is much that can be done to correct the flagrant abuses of the taxpayers' money,

THEREFORE, BE IT RESOLVED, that the California State Grange request that these abuses be corrected, and favor and support a program of Food Stamp issuance to recipients of welfare, and support a policy of direct payment of rent to landlords of welfare recipients by the Welfare Department.

**No. 63 "RELATIVE TO EXEMPTION OF Legis. 10
REAL PROPERTY TAX" & Tax.**

Garcia Grange No. 676

WHEREAS: Many of our citizens find it increasingly difficult to meet their real property taxes, and

WHEREAS: We find them increasing year after year,

THEREFORE, BE IT RESOLVED, that the California State Grange support legislation to the effect that all persons sixty five years of age or over with a gross income annually of \$3,600.00 per year or less from all sources and having a home with an assessed valuation of \$3,000.00 or less be exempt from all real property tax—providing they have been a taxpayer and legal resident of the State of California for ten years.

**No. 64 "FAVORING EXEMPTION OF Legis. 11
PERSONAL PROPERTY TAX" & Tax.**

Garcia Grange No. 676

WHEREAS: Many of our senior citizens are living on small pensions or Social Security, and

WHEREAS: It has been difficult for them to meet their taxes,

THEREFORE, BE IT RESOLVED, that the California State Grange support legislation to exempt our senior citizens

of 65 years or older with an income of \$3,600.00 or less per annum from personal property tax.

**No. 66 "RELATIVE TO TAX ASSESSMENTS Legis. 13
 ON PRIVATE PROPERTY" & Tax.**

Fresno County Pomona Grange No. 24

WHEREAS: Tax assessments on private property is now based on potential values, and

WHEREAS: This method of assessing property makes it uneconomical for commercial farming (or present use),

THEREFORE, BE IT RESOLVED, that the California State Grange be in favor of recommending legislation for a more realistic method of assessing property taxes based on present use and the income of the land.

**No. 67 "RELATIVE TO GOVERNMENT Legis. 14
 USED LANDS" & Tax**

Owens Valley Grange No. 808

WHEREAS: There are parcels of land being condemned, bought and otherwise acquired for public use by the cities, counties, State and the Federal government throughout the country, and

WHEREAS: Quite frequently these parcels of land are on the county tax rolls, and in this case are removed, and

WHEREAS: When the parcels of land are thus removed from the tax rolls, it necessitates a higher assessment on the remaining property within the particular county in order to raise the same funds for county use,

THEREFORE, BE IT RESOLVED, that the California State Grange recommend that public land within the affected counties, if available, be made available for sale whereby equal value will be put on the tax rolls that would be removed through the previously mentioned public acquisition of other lands.

**No. 103 "RELATIVE TO BEVERAGE Legis. 22
 CONTAINERS" & Tax.**

Fowler Grange No. 481

WHEREAS: Our roads and highways are being used as a dumping ground for beverage containers, and litter,

THEREFORE, BE IT RESOLVED, that the California State Grange go on record as favoring a more strict enforcement of the present law.

**"INTERIM TAX COMMITTEE" Legis. 23
(Legislation & Taxation Committee Resolution) & Tax**

BE IT RESOLVED, that the Master of the California State Grange be requested to appoint an Interim Tax Committee, con-

sisting of not less than 7 or more than 11 members, representing all parts of the state to study all phases of the tax structure in the State of California and to report the results of their study to the California State Grange session of 1967.

NATIONAL WELFARE

No. 72 "FAVORING RESTRICTIONS ON Nat'l Wel. 1 CIGARETTE ADVERTISING"

Aptos Grange No. 800

WHEREAS: The incidence of cancer is on the increase in the United States, and

WHEREAS: Funds are constantly being solicited to aid in the fight against cancer, and

WHEREAS: An exhaustive study under Government supervision has established a definite link between cigarette smoking and lung cancer, and in spite of this, reports indicate that cigarette smoking is on the increase especially among children, and

WHEREAS: Some of this increase must surely be due to the large amount of cigarette advertising on television,

THEREFORE, BE IT RESOLVED, that the California State Grange actively press for legislation restricting cigarette advertising on television.

Following Grange Concur:

Santa Cruz Pomona No. 22

No. 73 "IN SUPPORT OF SENATOR Nat'l Wel. 2 DIRKSEN'S RE-APPORTIONMENT BATTLE UNDER AMENDMENT SJR 103"

Kern County Pomona Grange No. 26

WHEREAS: States have always had the privilege of choosing their own form of representation in their own State Legislature, and

WHEREAS: This privilege has been removed from every State by the Supreme Court of the United States, and

WHEREAS: We are strongly opposed to the National Government assuming dictatorial power over all persons in all States in these United States of America,

THEREFORE, BE IT RESOLVED, that the California State Grange go on record as being in support of Senator Everett Dirksen and his reapportionment battle under his amendment SJR 103.

Contra Costa County Pomona Grange No. 45

WHEREAS: The Work-Furlough concept has demonstrated repeated tax-savings value in the handling of county jail inmates, and

WHEREAS: The Work-Furlough concept helps keep families intact, and

WHEREAS: The Work-Furlough concept preserves careers and prevents delinquent careers, and

WHEREAS, The Work-Furlough concept has helped numerous California counties reduce welfare costs, and

WHEREAS: The Work-Furlough concept portends value to California agriculturists, and

WHEREAS: The Work-Furlough program is now utilized in 13 California counties and 20 States.

THEREFORE, BE IT RESOLVED, that the California State Grange hereby endorse the Work-Furlough concept as an effective, worthwhile, and valuable means of tax savings and human savings.

Fresno County Pomona Grange No. 24

WHEREAS: In collective bargaining under the present law, labor unions have the right to strike when a dispute ends in a deadlock, and

WHEREAS: Employers cannot operate without man power and must therefore submit to the union demands, and

WHEREAS: Strikes are detrimental to the National economy and public welfare, as well as the worker's and employer's welfare,

THEREFORE, BE IT RESOLVED, that the California State Grange requests that legislation on both State and National level be enacted, and that when collective bargaining has failed, will make mandatory either arbitration or settlement in some competent labor courts whose decisions will have the full force and effect of law.

No. 78 "RELATIVE TO THE BORDER Nat'l Wel. 7
PATROL"

Stanislaus County Pomona Grange No. 21

WHEREAS: There has been an acute shortage of agricultural labor in the Central Valley of California, and

WHEREAS: One of every three persons in the California working force are employed either directly or indirectly as a result of California agriculture, and

WHEREAS: Those persons engaged in agriculture in California believe in and support law enforcement agencies be they local, State or Federal, and

WHEREAS: Officers of the Immigration and Naturalization Service commonly called the Border Patrol continually enter private lands without warrant, harass individuals of Mexican extraction even though they be citizens of the United States of America or aliens who are lawfully in the United States of America and thereby disturb the harvesting of crops, deprive businessmen of their labor force and damage perishable crops, and prevent gainful employment of workers in the fields and orchards, and

WHEREAS: Members of the Border Patrol have violated speed laws and safety rules on the roads and highways and have further flown airplanes in violation of the altitude and safety rules creating dangerous and hazardous conditions for ranch and farm owners, their families and employees, and

WHEREAS: Members of the Border Patrol use profanity and physically abuse the Mexican workers and show little common decency and humanity and resort to the open use of firearms in an unreasonable, threatening and hazardous manner without legal or just cause and who refuse upon request to present proper identification cards, and

WHEREAS: The Constitution of the United States of America provides individuals protection from unreasonable search, and

WHEREAS. The members of the Stanislaus-Tuolumne County Pomona Grange No. 21 find no reasonable justification for the actions of members of the Border Patrol herein described, and

WHEREAS: Other agricultural organizations in California have grave concern over the existing conditions in their relationships with the Border Patrol,

THEREFORE, BE IT RESOLVED, that the California State Grange recommend to the National Grange, the California members of the United States Congress, the President of the United States, the Secretary of State, the Secretary of Labor,

the Secretary of Commerce and the Secretary of the Department of Justice that Section 1357 of Chapter 12 of Title 8 of the United States Code be amended to prevent the continuing of the Border Patrol practices hereinabove described and further provide penal and civil sanctions to be imposed upon any member of the Border Patrol who violates the constitutional and property rights of individuals in the United States of America.

BE IT FURTHER RESOLVED, that the California State Grange request and seek the assistance of all agricultural organizations in the State of California in the support of this resolution.

**No. 79 "REQUESTING THE ABOLISHMENT Nat'l Wel. 8
OF THE PRESENT NATIONAL ELECTORAL COLLEGE"**

WHEREAS: The Supreme Court of our country has ruled that the State Legislatures must reapportion themselves according to the one man vote principle, and the present Electoral College voting system is a flagrant violation of this principle, and

WHEREAS: To cite an example: The twelve largest States, plus any other one State, could under the present voting system elect a President of the United States, and

WHEREAS: The present system of communication and electronic computers enables the results of any Presidential election to be known in all parts of the country within hours after the polls close, the Electoral College System is useless and does disenfranchise the small States,

THEREFORE, BE IT RESOLVED, that the California State Grange recommend that the Electoral College be abolished at the earliest possible time and Presidential elections be decided by the popular vote of the people.

San Bernardino County Pomona No. 32

TRANSPORTATION—ROADS AND HIGHWAYS

No. 84 "RELATIVE TO INSTALLING Trans.
SEAT BELTS ON PUBLIC VEHICLES" R. & H. 1

Pleasant Hill Grange No. 737

WHEREAS: The frequency of travel on highways and freeways has increased with the possibility of more traffic accidents, and

WHEREAS: There are more and faster automobiles being sold and driven on more highways and freeways with higher speed limits, and

WHEREAS: More children are enrolled in schools using school buses to and from classes, and

WHEREAS: Air lines are required to provide seat belts for the safety of passengers using this mode of transportation, and

WHEREAS: Private automobile owners are urged to install and use seat belts for the safety of their families, and

WHEREAS: It is required that seat belts be installed in new automobiles and trucks off the assembly line, and

WHEREAS: Statistics show death and injury lessened by use of seat belts,

THEREFORE, BE IT RESOLVED, that the California State Grange recommend that public vehicles used to transport passengers from one point to another, ie; buses, taxis, school buses, be required to install safety belts for the use of said passengers as a precaution against possible traffic injuries or fatalities.

No. 88 **"RELATIVE TO IMPROVEMENT Trans.
OF STATE SIGN ROUTE No. 169" R. & H. 5**

Maywood Grange No. 479

WHEREAS: The State of California, Department of Beaches and Parks, are continually going before the State legislature asking for new bond proposals, asking the electorate to approve them in order that they be empowered to purchase additional beach frontage, and additional acreage for recreational purposes, and

WHEREAS: State Sign Route No. 169 through the lower Klamath river basin was proposed several years ago, but through lack of concerted effort locally the route has never been completely completed, and

WHEREAS: With completing Route No. 169 from the junction of the Redwood Highway No. 101, to the junction of State Sign Route No. 69 (across the Klamath river bridge from Weitchpec) would give access to one of the finest recreational areas, as well as a sportsman's paradise within the State of California, and at the same time relieve the taxpayers of purchasing additional recreational acreage, besides opening up a near river grade expressway for commercial, business and recreational vehicles that are at present required to cross two mountain divides to get to Highway No. 101, and

WHEREAS: The Chamber of Commerce and the business people of Del Norte County in their recent request for highway construction within Del Norte County proposed to the highway commission that State Sign Route No. 169 be completed from the Redwood Highway No. 101 junction to the Del Norte, Humboldt County line above Klamath Glen, and complete the rest of route to State Sign Route under a long range program which would mean ten or more years hence, and

WHEREAS: A fine new bridge has been built at Martin's Ferry about 3 or 4 miles west of Weitchpec or the road which enters the Redwood Highway No. 101 at Orick and large logging

trucks are operating over this bridge and the narrow crooked road between the Martin's Ferry bridge and Weitchpec, which is a portion of State Sign Route No. 169, which makes it very dangerous for traffic traveling over the Bald Hill road to Orick, and

WHEREAS: Maywood Grange has been assured that if concerted interest is demanded and shown that traffic justification is warranted that the State Chamber of Commerce will be pleased to further consider this Route No. 169, and

WHEREAS: The Grange has shown throughout the life of the Grange in agriculture, development of our rural mail service, establishment of our parcel post service recommendations that the Grange voice is acknowledged in business and throughout the legislative halls of this Nation to be just, and conservative in the Grange requests, and

WHEREAS. We believe improving and development of State Sign Route No. 169 to be a just request as a vital improvement of our highway system throughout the northern portion of the State of California as it will mean a great deal especially to Shasta, Tehama, Glenn and Butte Counties in both business, recreational and sportsmen's activities, and

WHEREAS: We believe the improvement and further completing of State Sign Route No. 169 to be conservative because it will relieve the taxpayers of California by opening up of an area to recreation and sportsmen that will be opened up eventually, thereby saving tax money to buy additional acreage at this time.

THHEREFORE, BE IT RESOLVED, that the California State Grange propose to the State Highway Commission that State Sign Route No. 169 be improved and built as per the request of Del Norte County business and Chamber of Commerce from Highway 101 to the Humboldt County line,

BE IT FURTHER RESOLVED, that State Sign Route No. 169 be completed as a two lane expressway from the junction of State Sign Route 69 at the Weitchpec bridge over the Klamath river to Pecwan as soon as can be done,

BE IT FURTHER RESOLVED, that the purchase of right-of-way, surveys and estimates be made at the earliest possible time and placed upon the drawing boards for prior construction of that portion of State Sign Route No. 169 from Pecwan, to the west, to connect with the westerly portion at or west of the Humboldt County line in Del Norte County.

Following Grange Concur:

Tehama County Pomona Grange No. 15

No. 89

**"RELATIVE TO FREEWAY
ROUTING OF ROUTE 120"**Trans.
R. & H. 6**Oakdale Grange No. 435**

WHEREAS: For exploration of other feasible routes which would in no way hamper the growth of the City of Oakdale, and

WHEREAS: The Grange does not consider the Stanislaus River as a barrier or a boundary to the future growth of the City of Oakdale, but that it is a natural resource and should be included in all future plans as a park for the fullest possible use by the people, and

WHEREAS: We further advocate that Freeway No. 120 be developed in the spirit and philosophy as expressed by Mrs. Lyndon Johnson at the National Road Builders Convention (in Denver) at which she appealed to the engineers for them to include in their early planning citizens that are endeavoring to protect hometown beauty spots from freeways, and

WHEREAS: We also compliment the State Division of Highways in their attempt to ascertain the peoples' opinions by providing public meetings long before final decisions are made,

THEREFORE, BE IT RESOLVED, that the California State Grange request the California State Division of Highways consider the alternate routes suggested by the Stanislaus County Board of Supervisors for Freeway Routing of Route 120.

REVISION TO STATE GRANGE CONSTITUTION

Previously adopted by the Delegate Body at 1965 Bakersfield Session.

At the 93rd Annual Convention of the California State Grange, Good of the Order No. 4, Relative to the Appointment of County Deputies, received a Do Pass as amended. The Good of the Order Committee recommended that the resolution be presented to the California Executive Committee for action at the 1966 Convention.

Article V, p. 12, of the By-Laws of the California State Grange, provided in part "The Master of the State Grange may appoint a Deputy Master for each county or Pomona district . . ."

The resolution of the Good of the Order No. 4 asked that Article V be revised to require consultation with the Granges concerned prior to appointment of the Deputy Master.

The Executive Committee, which consist of three members other than the State Master, considered this question and the result was a change in Article V of the Constitution and By-Laws of the California State Grange, as recently rewritten, to incorporate the request that the State Master consult with the Masters of the Granges in the district concerned prior to appointing of a Deputy Master.

RESOLUTION OF APPRECIATION

WHEREAS: The success of this 94th Annual Session of the California State Grange in Stockton, California, has been due to the efforts of many individuals, organizations, and committees, this Delegate Body wishes to thank the following for everything done to further the aims of our Order of Patrons of Husbandry:

To Bro. Elmo Ward, Deputy Master of Calaveras and San Joaquin Counties, Convention Chairman, his wife, Ardythe, Bro. Don Rowe, Pomona Master of Calaveras and San Joaquin counties, and the Convention Committee of many, many members of Granges in these two counties, for their efforts to make this convention so pleasant and successful, and to the following who were of immense assistance to the Convention Committee, we add a large 'thank you';

To Bro. Herman Grabow, Bro. Howard Herbes, and Sis. Wanda Boland, who worked so tirelessly and did a splendid job in the absence of Bro. Craig Hazelwood, Grange News Manager, to whom we wish a speedy recovery;

To our Worthy Chaplain, Leta Littler, for a most memorable service yesterday, and including a special appreciation to the several members of Ranchito Grange in Los Angeles County who traveled to Stockton in order to assist with the service, Bros. Shawhan and Enoch for making the electric cross, the Convention Committee and Bro. and Sis. Anderson, and Sis. Kaiser for the kindness and consideration before and during the convention, the Youth Grangers for their participation in the tableaux, Dr. Horton and the Delta College Choir, Sister Ardythe Ward and Genevieve Warner and Organist Evelyn Fidler for their inspiring music, and to Sisters Ruth Harding and Celia Harding, Bro. and Sis. Saracco, Bro. Bill La Caille, Bro. Ted Bliss, and Bro. and Sis. Rice for their efforts in preparing and assisting with the Memorial Service;

To Sister Gladys True, H.E.C. Chairman, and members of her hard-working committee for the enjoyable reception program for the California State Grange officers, the Special Committee from Escalon Grange, Bro. and Sis. Skiles, and Sis. Emile Hayward and the many others who served on that special committee; Sis. Edith Kaiser, H.E.C. District 3 chairman and all the women who helped in making the Women's Breakfast so very nice and pretty with table favors, Webbs for catering the excellent breakfast and the staff of the Scottish Rite Auditorium for making the H.E.C. Breakfast a successful event;

To Bro. Bill Campbell, Worthy State Musician, for providing extra music for the pleasure of so many patrons during the convention and Sister Fiedler for playing for the Officers' March-in at the opening of the Grange;

To Sister Marjorie Brown, Worthy State Secretary, and the members of the office staff for the untold hours of work in handling the hundreds of details prior to, during, and after the Convention;

To Bro. Ulyuss G. Rose, Deputy Master, San Bernardino County, and his helpers who assumed the huge task of the Credential Committee and to the Chamber of Commerce for providing space, equipment, and personnel to the committee;

To the Officers of the California State Grange for the 6th Degree conferred Thursday evening;

To Sister Donna Bertozzi, Worthy State Flora, for a fine drill presentation assisted by Sonoma County Pomona and Subordinate Granges and Bro. John Freitas, Deputy Master, So. Sonoma County, as Drill Master and all who helped with the stage decorations;

To Sister Eva Rowe, Superintendent of Junior Granges for the enjoyable presentation Wednesday Morning with special thanks to Redwood Valley Jr. Grange, Cupertino Jr. Grange, Mt. Vernon Jr. Grange, Whitesboro Jr. Grange for the booths and exhibits, and the Martinez Jr. Grange and Bro. Vern Davis of Golden Empire Jr. Grange for putting on the Junior Grange Program;

To Bro. Albert Moody, Worthy Gate Keeper, and the Deputies and Sixth Degree members Deputized for manning the numerous gates of the Convention Hall;

To the California State Grange Youth Group under Dr. Carle Fiedler, Director of Youth Activities for the youth portion of the program and the conferring of the 5th degree, Sis. Genieve Warner who acted as Youth Hostess, and speakers Paul Kresge, president of Future Farmers of America, Francis Riando, President of Young Farmers, and Don Wilson, Chief of Bureau of Agricultural Education;

To Bro. Emmett Ivey, Worthy State Lecturer, and his many helpers for the very entertaining and educational Lecturer's Program and Talent Show Tuesday evening including Bro. Ivey's special appreciation to the Convention Committee and members from San Joaquin County, and the auditorium personnel for their gracious assistance given to the Lecturer during the Convention;

To Sis. Mildred Boyd and Bro. Jacob Hullen, members of the Grange Credit Union Advisory Committee for the worthwhile question and answer period Tuesday afternoon;

To Ukiah Grange for the use of their stations for the State Officers;

To Bro. Floyd Davis for the beautiful staff and flag holders presented to the California State Grange;

To Bro. Paige Harper, manager of the Grange Business Organization and his staff for bringing his services to the convention;

To Bro. Al Flor, Deputy Registrar, who arranged the loan of the voting booth for the election.

To our honored guests;

Bro. Harry Graham, Legislative Representative,
National Grange,

Bro. Jack Silvers, Overseer, Washington State Grange,
Mr. Orville Freeman, Secretary of Agriculture for the
United States,

Bro. Bob Monogan, Member of California Assembly, San
Joaquin County,

Bro. John McFall, Congressman for the 58th District,
Bro. Allen Short, Senator, State of California,

Bro. Arthur Emerson, Executive Secretary of the Cali-
fornia Association of Soil Conservation Districts,

Bro. Charles Paul, Director of Agriculture, State of
California,

Bro. Merle Mensinger, Chairman of the Agricultural
Stabilization and Conservation Service, and Sister
Mensinger,

Miss Linda Foreman, California Dairy Princess, and her
chaperone Samee Williams,

Sis. Elizabeth Sehlmeier, wife of Past State Master of
the California State Grange;

THEREFORE, BE IT RESOLVED, that until we meet
again, the delegate body of the 94th Annual Session of the Cali-
fornia State Grange take to their respective Granges the lessons
learned and also the determination to strive for a larger and
stronger membership in the Grange.
