### MASTER'S ANNUAL ADDRESS

Last year we inaugurated the practice of underscoring particular recommendations in the Master's address by offering Executive Committee Resolutions to the convention. Some of these resolutions were modified in committee, and most were adopted as Grange policy. We have endeavored to carry out these and other Grange policies during the past year. Sometimes we have been blessed with success, sometimes frustrated with failure, and sometimes we have merely placed one foot in front of another in progressing towards a goal whose attainment may lie only on the horizon.

This year we have less Executive Committee Resolutions to offer, and we have also received fewer resolutions from subordinate Granges. I interpret this as a sign that over the years we have established sound and lasting Grange policy in many important areas and that these existing policies are adequate to guide us in the interpretation of new developments in these fields. Nevertheless, I think it would be desirable for us to officially affirm our belief in policies developed in previous years, excepting those which are obviously no longer applicable, or which have been superseded by more recent action. Let me remind you again that I and the other members of the Executive Committee consider executive committee resolutions as only suggestions to help the convention focus on what we regard to be high priority issues. We trust they will continue to be subject to the same careful scrutiny they received last year from the committees and the body as a whole.

*I recommend the reaffirmation of existing Grange policy resolutions, except those that have been superseded or are otherwise irrelevant. ECR 1 (G. of O. 10)*

### AGRICULTURE

Farm house lights are going out all over America. Here in California, the nation's agricultural center, the existence of large corporate farms in our rural communities and the agricultural activities of individuals and firms whose primary source of income is agricultural add a complicating dimension to this problem for the efficient family farmer. Even while

employing the latest technology to increased production he has difficulty offsetting the inflated cost of labor, transportation and materials. His problem is compounded by the fact that the attempt to cover increased costs with higher yields frequently creates an oversupply condition which in turn depresses commodity prices received by farmers. We are all familiar with this dilemma faced by family farms which we commonly call the farm problem or the infamous price-cost squeeze.

The Grange, in the best interest of its members and the farm communities which form the economic backbone of California has been struggling with this problem for years. In an attempt to provide a viable concept to distinguish the efficient independent family farm from farms of excessive size, the California State Grange has developed the farm base unit.

In simple terms, the farm base unit is the operating unit in any given commodity large enough to allow a farmer to produce with maximum efficiency and earn a decent living. One key part of the concept is that unlike the 160 acre law, the farm base unit should be flexible, both in different commodities and changing times. A second important part is the emphasis on efficiency and adequate income in order to preclude the establishment of units of sub-commercial size.

The California State Grange has taken several important steps during the past year to further perfect the concept and translate it into action. In January the farm base unit was presented in testimony to the United States Senate Committee on Migratory Labor, which has subsequently requested additional information on it. Shortly afterwards, State Senator George Zenovich introduced Senate Bill 405 to authorize the use of the farm base unit in supply management and promotional marketing orders under the California Marketing Act. Under SB 405, if the producers of a given commodity voted to apply the farm base unit concept, the size of the individual unit would then be determined for that commodity, and production from these units would receive preference in supplying the regular market demands. Conversely, the responsibility for the oversupply which created the original depressed price would in effect be prorated to production capacity in excess of farm base unit size. There are also provisions permitting promotional marketing programs to levy higher assessments on excess units for the same purpose.

SB 405 was sent to interim study by the Senate Committee on Agriculture after extensive debate, and will be the subject of a further hearing this winter. However, I am pleased to note that the principle has already received an indirect application in the recently adopted egg marketing order. We are currently exploring the application of the farm base unit concept to other policy areas, including water law and taxation.

In line with historic Grange policy and specific resolutions adopted last year, the California State Grange has also been active in promoting further expansion of the self-help concept of commodity management and the expansion of producer bargaining power. We have vigorously backed state legislation to create a pooling and base plan for grade B milk producers and urged democratizing amendments to proposed federal legislation designed to strengthen farm bargaining cooperatives.

Before the U.S. Senate Migratory Labor Subcommittee, we also advanced the idea of "Green Power"; the belief that a healthy rural society must be based upon greater economic power for producers and the ultimate acceptance of this principle by the general public. The federal government subsequently followed the principle in the exclusion of raw agricultural commodities from the price freeze. Recent attacks on the exclusion indicate that further public understanding is required.

*I recommend:*

- 1. affirmation of existing policy on the farm, self-help marketing programs, and farm bargaining cooperatives,*
- 2. The further implementation of the farm base unit as a marketing policy tool and its application to other areas of farm policy, (ECR 2 (Agri. 6))*
- 3. further development and work for public acceptance of the "green power" principle. ECR 3 (Agri. 7)*

### LABOR

I pointed out last year that any organization advocating the publicly guaranteed power of representative organization for bargaining purposes for farmers must be prepared to support a parallel development of organized bargaining power by the farmer's employees. However, it is equally important that the rights of individuals and the general public are insulated by a framework of law from potential abuses in the pursuit of group power. California farmers are perhaps the most progressive farm employers in the nation, and there is now general acceptance among them of some role for organized labor activity in agriculture. It is rather the breadth of that role and the constraints that should operate upon it that engender widespread disagreement.

In 1971, legislation acceptable to agriculture and some segments of organized labor made progress. Its ultimate failure was attributable to the rejection by the most prominent farm labor organization of the entire principle of control under law. As a result, this year, agricultural interests have placed Proposition 22, an agricultural labor relations initiative, on the November ballot. Proposition 22 contains many provisions essential in the orderly conduct of labor relations in agriculture, including control of secondary boycotts, limitations on harvest strikes and secret ballot elections.

The decision of the sponsors of the initiative to place a "pure" version of the bill on the ballot rather than the last legislative compromise has been criticized with some justice both on political and on substantive grounds. As written, some provisions may be constitutionally marginal or otherwise difficult to enforce and others might impede rather than foster the development of truly representative organizations among farm workers. However, on balance, Proposition 22 deserves the support of the California Grange first because it appears to be an improvement over the complete absence of regulation at present, and second, because its approval is likely to help break the current political stalemate responsible for Congressional inaction on national farm labor relations legislation, and defeat would surely inhibit further action at both federal and state levels.

For the second consecutive year, state legislation to extend unemployment insurance to farm workers was vetoed. Again the Grange introduced its own bill and subsequently endorsed the bill that eventually reached the Governor. This year in his veto message, Governor Reagan called upon agriculture, and specifically the State Board of Agriculture, to develop its own proposal for 1973.

I am gratified to see signs that the rest of agriculture may be approaching the realization we came to two years ago relative to the desirability of unemployment insurance coverage for farm workers. However, we must work to see that in any new proposal, farm workers are not treated differently from workers in other industries, and that agriculture receives the same support from the Unemployment Insurance fund that other similar industries receive. There are aspects of the program that are over-due for reform, but these should be approached across the board, and not limited to the farm community. In any event, we have offered our services to the State Board of Agriculture in its deliberations and hope they will be fruitful.

*1 recommend:*

- 1. reaffirmation of existing policy on unemployment insurance for farm workers, and*
- 2. endorsement of Proposition 22, and of national labor relations legislation covering farm workers. (ECR 4 (Agri. 8))*

### ENVIRONMENT

The rejection by the public of the "People's Lobby" initiative (Proposition 9) this June demonstrates two things. First, it is apparent that the public is sophisticated enough to see through simplistic proposals made by environmental quacks or opportunists, and second, that public trust can be maintained only through the vigorous pursuit of solutions by both government and industry to environmental problems. The Grange has been pleased to play a part both in the defeat of Proposition 9 and in the support of recent major advances in the fields of pesticides, water quality and waste disposal.

A major debate is currently underway in California concerning the appropriate organization of governmental efforts in the anti-pollution field. Legislation has been introduced to abolish all existing boards in the air, water and solid waste fields, consolidate their function under one superboard, and grant that board additional responsibilities of an advisory nature involving programs, such as pesticide regulation, now under the jurisdiction of other state agencies. Coordination of environmental programs is an important and laudable objective, but can be accomplished without dismantling existing agencies of proven effectiveness and without armchair quarterbacking where no real state program exists or where other agencies retain the regulatory program. A reasonable alternative to the present proposal (AB 2376) might be to strengthen the present quasi-independent boards operating on the model of the Water Resources Control Board and establish a coordinating council composed of representatives of each to develop more comprehensive policy in these areas, gradually integrating other jurisdictions as they prove germane.

Land use is probably the single most pervasive theme running through environmental problems today. Rural landowners have long considered themselves to be the original conservationists, but the old doctrine of stewardship must today be applied with new vigor and creativity. One of the great opportunities for the conservation movement is the development of a partnership between landowners and the public to use private lands to satisfy public needs. Government must be active in eliminating obstacles in areas like liability and implied dedication laws, and landowners in turn should seek to identify and serve public needs, including both those which require physical access to land, and those in which visual or other non-physical use suffice.

There is a growing and disturbing tendency among environmentalists to advocate the use of non-compensable techniques in placing, in the name of the public, limits on the use of private land. The use of the police power in land use planning and zoning is an obvious and beneficial necessity in many instances. However, in reacting to abuses of this power, landowners should explore possibilities for complying with established public policy on an economically sound basis. Specifically, landowners as a group have been lax in developing a regular source of funding for the public acquisition of land or rights in land. Similarly, limitations on the power of government to condemn land for aesthetic purposes may actually force public officials to attempt to achieve the same result without any public expenditure, to the detriment of the landowner. An added benefit of an attempt to improve the public's ability to compensate landowners would be to better focus the attention of the public on the true cost of environmental proposals in comparison to other competitive social policy objectives.

Finally, there is an absolute necessity to preserve some of the major physical asset of our rural society in California, prime agricultural land. The Williamson Act and local land use regulation programs constitute a good beginning, and the recognition of state interest contained in the local open space reimbursement program passed last year is a forward step in coordinating these efforts and focuses them more directly upon prime land. The Grange must reject attempts to hamstring existing programs, and assert the interest of society as a whole in the intelligent use of these resources for agricultural purposes on a continuing basis under the principles of free enterprise.

*I recommend:*

1. *affirmation of existing policy of pest control and water development,*

2. *development of an acceptable proposal for coordinating the anti-pollution activities of state government, (ECR 5 (Cons. 10))*

3. *development of a fund for public acquisition of land for conservation purposes. (ECR 6 (Conc. 11))*

4. *continued development of programs to preserve prime agricultural land. ECR 7 (Agri. 9)*

### RURAL LIFE

The quality of rural life is critical to its enjoyment by rural residents. Much of our work in this area is still in the experimental stage as we strive to deal with the problem of finding new ways to project old values in a changing world. Several of our proposals have focused on the use of state revenues from horse-racing for rural purposes. When the Legislature legalized wagering on horse races nearly forty years ago, it was done upon the understanding that the state's revenues from it would benefit agriculture. In fact, however, only a small portion of these revenues are now so earmarked, and less than half of those are actually expended in that manner. Of course, any increase in government expenditures in effect comes out of the common pool of public funds available for all worthwhile public purposes, but we should justly resent the denial of the use of horse racing funds as both the violation of an agreement and as a downgrading of the importance of rural California.

Last year we supported legislation to increase state support to local fairs. While this bill fell short of providing all that might be desirable in a fair financing reform program, it was vetoed on the grounds that no additional state expenditures on fairs were justified. We feel strongly that this is false economy, and that in the California fair system we have the core of a great and successful system of rural education, benefitting both young and old, and urban and rural citizens alike. We continue to urge increased expenditures on local fairs with

an emphasis on youth, and on the vocational education programs in the schools so closely connected with successful fair programs.

In addition, we would like to extend our request for additional fair financing this year to include proper completion and operation of Cal-Expo. The Cal-Expo complex has never received a chance to fulfill its original plan because of hopelessly inadequate financing. Consequently, it has offered less of a true state fair program than the supposedly outmoded old facility. We applaud steps made to the original conception, that hope that enough money will be committed to bring it to fruition.

The California State Grange was responsible for the introduction last year of a package of bills designed to promote the welfare of rural families. One of these bills proposed the establishment of government service counsellors in rural areas to ease the difficulty of dealing with government complexities in remote areas. We hope that the recently passed federal Rural Development Act may provide new impetus to this proposal, as well as offer opportunities in other areas to upgrade rural living.

A final consideration in maintaining the quality of rural life is preserving representative government in rural areas. With the one-man, one vote decision the traditional rural-urban balance in the state legislature is gone, and cannot be expected to return. This places an increased burden on local government as the unit of government where rural citizens can exercise some direct representative control over their interests and problems.

Several current developments could weaken the relative role that local government plays in our country. Proposals have been made to abolish special districts, consolidate cities and counties, make annexation by cities easier, or create single or multi-purpose regional agencies which would either assume local powers or exercise jurisdiction concurrently with local entities. In addition, various fiscal proposals have suggested either spending or taxing limits for local government which would have the ultimate effect of forcing a further shift in local powers to higher levels of government.

Many of these proposals have some degree of merit, and have been inspired by the irrationality of the organization of government at the local level, or by the failure of local jurisdictions to deal effectively with public problems. The Grange believes that rural citizens have a duty to first look to themselves to be sure that their representatives have not been permitted or encouraged to allow problems to go unresolved. Following that look, in each case the Grange will review the particular proposal at hand and its positive or negative effect upon the rural representative process. We would expect to offer vigorous opposition to proposals that appear to unwisely remove or dilute the control that rural citizens now exercise

over their own affairs, or seem unsound, inefficient, or ill-suited to their stated objective. Conversely, we should support proposals which would make government more progressive and responsive in rural areas.

*1 recommend:*

*1. reaffirmation of existing policies on rural life, vocational agriculture and local fairs,*

*2. the appropriation of sufficient horse racing funds to complete Cal-Expo. (ECR 8 (Educ. 1))*

*3. opposition to alterations in local government which would reduce the control of rural affairs by rural people. ECR 9 (Leg. & Tax 14)*

### **PUBLIC FINANCE**

Two significant changes, the withholding of income tax and the extension of the sales tax to gasoline, have been made in state tax policy during the last year, but a number of even more far-reaching revisions may be in the offing. Most of these potential changes involve a restructuring of the property tax and its role in financing various functions of local government. Property tax reform proposals are attractive in rural areas, particularly when they include absolute limits on the tax or on spending by local government, but each proposal has to be examined carefully on a balance to determine the source and extent of necessary replacement revenues and services.

The Watson Initiative, Proposition 14, is a good case in point. It limits property tax rates, mandates state assumption of funding for welfare, reduces local funding for education, and provides some substitute revenue sources, most notably a 2-cent increase in the sales tax. At the same time it leaves a revenue gap that may exceed one billion dollars and indirectly projects a radical change in the nature and capacities of local government. The proposed Reagan-Moretti tax package, narrowly defeated in the State Senate, was considerably less ambitious, but it contained spending limitations on local government that might well have also in time caused the shift of many local functions to the state or federal governments.

From our point of view, all of these proposals must be evaluated according to two criteria: How will they affect the relative percentage of the total tax load borne by rural citizens, and how will they affect government activities important to rural citizens? Since Proposition 14 sets flat statewide limits on tax rates, since rates are normally higher in urban areas, and since commercial and industrial property accounts for the major portion of the property tax base, it follows that commercial and industrial taxpayers will be the major beneficiaries of the proposal.

On the other hand, the ceiling on rates will undoubtedly intensify the search for new assessed value, which could push assessments on rural property to the upper limits of market value and undermine the political viability of use-value assessment programs like the Williamson Act. Because the savings

in rates for rural landowners would certainly be much less than the increase in assessed value, Proposition 14 would seem to be defective on this ground alone, without regard to other known or unknown tax increases, and the debilitating effect upon locally administered programs.

The Reagan-Moretti program offered less property tax relief but much less exposure to unknown tax demands and encouraged use value assessment by augmenting state reimbursement to local government for Williamson Act lands. However it also did not resolve the school finance issue, and its curbs on local spending were imprecise and would have undoubtedly placed a damper on local initiative. It is too early to say what the net impact on federal revenue-sharing will be on local government and taxpayers.

Were the Grange to design a property tax reform program, it would probably include the following elements:

1. retention of the property tax base for local purposes,
2. development of new direct or indirect sources of supplemental revenue for local government,
3. an expansion of use-value assessment to all rural land dedicated to agriculture or other open space uses,
4. implementation of property tax relief through the use of higher exemptions for homeowners, and the possible extension of this principle on a broader scale to farm base units,
5. development of replace revenue by increasing rates and closing loopholes in the income tax and related taxes, and where equitable, expanding the principle of user charges for public services.

Specifically, the Grange should seek further applications of the farm base unit principle, including reduction of the capital gains tax incentives for non-agricultural investment in land, and seek mandatory implementation of open space programs. In school finance, we must resist a statewide property tax if the net effect will be to unfairly raise the rural share of educational costs. We must also maintain the right of local citizens to demand and receive a higher level of educational programming than any statewide normative standards might underwrite. In transportation we should encourage increased expenditures for urban transportation systems only if the rural share of non-property tax dollars available for street and highway purposes is not reduced, and we should resist efforts to shift greater responsibility for rural roads to local government unless the shifts are accompanied by a commensurate increase in state or federal funds.

*I recommend:*

1. *opposition to Proposition 14, and the passage of a tax relief proposal equitable to rural citizens (ECR 10). Leg. & Tax 15.*

2. *support for school equalization legislation which will not increase the rural citizen's share of the educational finance burden (ECR 11) Educ. 2.*

*3. opposition to abandonment of state highways without funding of increased local maintenance costs (ECR 12). Trans. R & H 1.*

### NEW HORIZONS

The great potential of a group with common beliefs in a democratic society is the ability of that group to participate in the formation of laws, policies and attitudes. Where an individual's voice is lost a group speaks from a position of strength. The California State Grange has a structure that lends itself well to a strong and comprehensive legislative program.

Nearly two years ago the Grange Action Program (GAP) was conceived as a way of improving the operation of this structure in its ability to focus effectively on governmental issues. Since that time, we have been busy developing the framework in which that program could function, and identifying the individuals who might be able and willing to make the program move ahead.

Last month a symposium was held in Sacramento with the eleven CWA Region chairmen of the Grange Action Program and GAP was officially initiated. The regional chairmen will in turn initiate each of the coordinators and representatives of GAP at the Pomona level into the workings of the Grange Action Program and they will in turn initiate the Subordinate Grange chairmen.

The mechanics of the GAP program are quite simple. For every district from which a state legislator is elected we have a Pomona Grange and several Subordinate Granges. Therefore any legislator who is considering legislation of interest to the Grange can be contacted by Grange members from his districts to convey Grange policy. Every legislator will be aware that constituents in his district are members of the California State Grange and have voiced a common opinion. This will greatly enhance the opportunity of your Grange leaders to make the legislature respond favorably to Grange policy.

The potential benefits to be derived from this program are limited only by our imagination and initiative. For instance, once the lines of communication are fully developed, seminars at the Subordinate Grange level on problems encountered by Grange members may provide the motivation for the drafting and initiation of a piece of legislation. More important, GAP may also provide a stimulus at the Subordinate or Pomona Grange level for membership drive activities. Many other rural citizens will be interested in the same legislation that we are actively taking a stand on. Well publicized open meetings featuring State representatives discussing these issues could stimulate invaluable interest by the community in Grange activities.

As we seize the reins of rural leadership, and demonstrate effectiveness in our mission, we will naturally attract the interest of the younger members of the rural community, whose

stake in the future is greatest, and whose allegiance we must have if we are to maintain both continuity and growth. Increased membership will then in turn double back as a reinforcement of our stature in the eyes of public officials, hopefully touching off an ever-increasing upwards spiral of membership and influence.

One final byproduct of these developments is the necessity to expand our ability to serve the interests and expectations thereby created. Increases in membership and retirement of existing obligations will make possible some increased level of service. Nevertheless, I think it is also time that we review the costs of membership in our organization in terms of the value received and in terms of the potential benefits of even minor increases in that cost. In doing so, we must measure ourselves not only against other similar organizations, but against our aspirations and our responsibilities to the rural community and society at large, and against the means available to our present and future members. During the coming year we must accord high priority to a review of our growth, our services and our resources.

*I recommend continued implementation and improvement of the GAP and membership development programs, and a review of the resources and services necessary to fulfill our objectives. ECR 13 (G. of O. 11).*

### JUNIOR GRANGE

During the Grange year just closed, one new Junior Grange, Kelseyville No. 191 was organized and Windsor No. 94, Fort Bragg No. 76, Western Yolo No. 82 and Mattole No. 78 were reorganized.

State Junior Grange Superintendent, Sister Eve Rowe and her staff of Regional Superintendents, are to be commended for their efforts during the past year toward expanding this link of Grange development.

It is essential during the period in which we now live that we encourage and train young minds in the principles of decency, proper citizenship and future leadership. There is no finer outlet for adult activities than that of providing leadership and understanding of these future leaders of our Grange.

Subordinate Granges without an active Junior Grange are urged to make immediate investigation of the advantages of this valuable addition.

A more concise and detailed report of Junior Grange Activities will be rendered by Sister Eve Rowe, State Superintendent.

### YOUTH

The amount of interest centered on Youth Activities and the encouragement by our Granges will chart the course of our future as an organization. These young people will form a nucleus from which to develop future leaders of Granges and communities. Attention given now will be rewarded a

hundredfold.

Sister Betty Smith, State Youth Director and her Regional Directors, have demonstrated their interest by constant alertness to any activity or project that will further inspire and encourage today's Grange Youth.

Each year sees as increasing interest in District Conferences and Youth Camp activities, not only with the Youth, but with interested Patrons who by their participation will expand and strengthen the Youth Group concept.

Time will be made available during the session for an annual report of Youth Committee Activities by Sister Betty Smith, State Director.

### **WOMEN'S ACTIVITIES COMMITTEE**

A general review of the report of the Committee of Women's Activities would indicate they have not relaxed in their efforts to serve their communities and the people who live therein. By this dedicated effort, they continue to elevate Grange image and its services to less fortunate people throughout the land.

Their contribution to the stability and well-being of many Subordinate Grange units and the successful completion of many state-wide Grange projects is recognized and deeply appreciated by your State Grange office. Of course, few if any of these worthwhile projects could have been attained without the support and cooperation of the local Subordinate CWA Chairmen and their officers and membership, co-ordinated through the District CWA Directors into a state-wide program. Under the leadership of Sister Gladys True, State Director of Women's Activities, this splendid record of achievements will be coordinated with, and become a most important factor in the National Grange Record of Service.

Time will be made available at this session to Sister Gladys True for a more comprehensive and detailed report of the CWA Activities.

### **MEMBERSHIP**

In reviewing these past five years, Grange activity in our State, we find a record replete with achievements, not only in obtaining new Grange members but also in renewed interest, increased enthusiasm, and extending Grange influence and service throughout the State.

The membership program conducted for the past five years has proven its worth by its record of achievement. Each of the five years, there has been a net gain in membership and most important of all this net gain has been accomplished by the vast majority of individual Subordinate Granges. State Director of Membership, Sister Elsa Rodrigues, will render a retailed account in this regard.

### **CALIFORNIA GRANGE NEWS**

The California Grange News continues to expand and improve its position as a recognized agricultural publication in California.

This recognition and acceptance by public agencies is most encouraging. The Grange News stimulates interest in all Grange activities throughout California.

Under the able guidance of Editor and Business Manager, Brother Jack Berry and his efficient staff, the *News* looks forward to still greater accomplishments and service.

A more concise and detailed report will be rendered by Brother Berry and made a part of the Journal of this session.

### **CREDIT UNIONS**

The Grange Credit Union movement in California began in 1934. During its 38 years of service, untold benefits have accrued to individual Grange Credit Union members and by this record of service the Credit Union movement has grown until today, California leads all Grange States in the number of credit unions in operation. Not only do Grange Credit Unions make loans available to our membership, but at the same time constitute a most satisfactory savings organization. In some instances, Grange Credit Unions have reached the point where they can supply all their credit union members financial needs. During this session, time will be set aside for a credit union conference. I would suggest that all Grange members who have not affiliated with a credit union, investigate the advantages which are available from these worthwhile organizations.

Sister Eunice Smith, Chairman of the State Grange Credit Union Advisory Committee will render a report on Credit Union Activities to be made a part of the Journal of this session.

### **GRANGERS BUSINESS ORGANIZATION**

This cooperative supply system of the Grange in California justifies its existence in continuing money-savings in the purchase of petroleum products, wire, fencing, pipes, roofing and all necessities for modern home and farm equipment. The GBO during its years of service has saved Grange members millions of dollars on items purchased.

Business Manager, Brother Paige Harper, and the GBO staff continually seek ways to better serve Grange members. All Grangers are encouraged to investigate the bona fide savings that can be affected in day to day purchases. The office of the supply warehouse is located on the Grange triangle in Sacramento at State Grange Headquarters.

### **INSURANCE**

Without adequate insurance protection, it would be difficult, if not impossible, for modern business and enterprise to continue progress under our present day escalated cost structure. Recognizing this need, the Grange continues to provide, through its affiliated service organizations, a wide variety of coverage at a most reasonable cost.

### **CALIFORNIA BLUE SHIELD**

This hospital and health program has since 1946 rendered outstanding services to thousands of Grange members in times of medical need and hospital care. Blue Shield offers a program that is well worth evaluation by Grange members.

### **COMMERCIAL INSURANCE COMPANY**

The Commercial Insurance Plan instituted in 1965 has by service rendered to thousands of Grange members in our State, proven its worth. It is considered one of the most liberal hospitalization and surgical policies now in existence.

During its seven years of service, California Grange members have received hundreds of thousands of dollars in benefits.

I would urge all Grange members to personally examine this program as to its application to their needs.

### **WORKMEN'S COMPENSATION COVERAGE**

Through agreement with Truckers Insurance Exchange, California Grange members employing agricultural labor are afforded compensation coverage at a reasonable premium cost. Grange members in this category of qualification and need should contact California State Grange Headquarters, 2101 Stockton Boulevard, Sacramento.

### **GRANGE INSURANCE ASSOCIATION**

This association, owned and operated by Grange members, writes general, automobile, fire and extended insurance coverage in seven Western Grange States. The continued increase in policy holders in our State would indicate the programs offered are being well received by Grange members.

The Grange Insurance Association is located in its own headquarters building at 925 Howe Avenue, Sacramento, with agents located at convenient points throughout California to properly serve all Grange members.

Representatives of these service organizations will be present at this convention to discuss with Grange members, any problem they might have related to their particular area of service.

### **SERVICE AFFILIATES**

These Grange service organizations conceived and brought into being by Grange members carry the endorsement of the California State Grange and to fully participate in services rendered, require membership in the Grange.

### **IN MEMORIAM**

The stage upon which we play—the platform from which we operate—the foundation upon which we build was constructed by our predecessors. As we seek earnestly, not only to pay affectionate tribute to their accomplishments and their contributions to our welfare, it is also fitting and appropriate that we dedicate ourselves to give the best that is in us to carry

on their unfinished labors and at the same time, reap the joy and satisfaction which must have been theirs in handing down enhanced opportunities and improved circumstances.

On Thursday afternoon, the labors of this session will pause and under the direction of our State Grange Chaplain, Brother Harleigh Gallup, a fitting memorial service will be conducted in honor of our departed Brothers and Sisters.

### IN CONCLUSION

In 1867, the National Grange was conceived and brought into being to stimulate rural people, both farm and non-farm, to dignify as well as lighten their labor by diffusing knowledge and expanding the human mind.

On July 15, 1873, delegates from 28 Subordinate Granges convened the first State Grange session in the City of Napa, California for the purpose of organizing the California State Grange. In the month of October following this organizational session, the first annual State Grange business convention was held in San Jose, California with delegates representing 104 Subordinate Granges in attendance. Those Grange leaders were men and women of great vision and dedication to a purpose. By their efforts, a solid foundation was laid for future Grange service.

The Founders of the Grange were bold. They championed property rights and human rights. They also accepted responsibility and insisted that their fellow Americans do likewise, so must we. We should continue to build an organization which will inspire and incite a degree of self-discipline, while recognizing the necessity of organized discipline in achieving an orderly society.

The Grange of tomorrow can be the instrument which will bring understanding and close association between rural and urban people as together they teach the Grange ritualism. Old as it is, it still teaches us that there is a supreme being who provides a seed time and a harvest time and that the most important thing to work upon is the immortal mind.

Perhaps never before has the need for a vigorous Grange effort, broad community understanding and effort to develop leadership been so great. We should develop in every Grange community, a forum from which real down-to-earth grass-roots leadership is trained and the individual developed.

If we are to fulfill our date with destiny, the Grange must have unceasing devotion from its members, new and old, young and adult, in helping to put ideas into words and to receive ideas from others and transmit them into action in Grange meetings throughout the country side and through a well organized effort, translate this message of Grange action to legislative bodies, local, state and national.

Perhaps the greatest challenge to "The Grange of Tomorrow" will be the presentation and perpetuation of "mutual concern" and "fraternal fellowship" in a world that expects to buy everything (including their soul's salvation) with cold cash.

You and I and the community in which we live need the best Grange that we can build. Let us, therefore, plan wisely to build the Grange even as we have had to better equip ourselves in our respective enterprises. Let us increase the usefulness and improve the effectiveness of the Order of Patrons of Husbandry, that it may serve us better, even as we ourselves serve society in general, through the Grange.

Perhaps not in the experience of any of us now charged with leadership in the Grange, that this official delegate body implies, has there been the need to diligently analyze the position and opportunity and challenge that faces our organization. Ours is a great social and educational institution, and to serve well, we must build as well as express public opinion.

It is even more compelling than we know, however, that we build our organization in size and structure, good as it is in its basic foundation. However well we may think it is presently serving, we should recognize that improvements must continue to be our main objective.

The program, policies and projects of particular significance during the years ahead, if not completely outlined or formulated by this delegate body, are certain to be influenced by our actions here.

## OVERSEER'S REPORT

*Worthy Master, Officers and Members of the California State Grange, Greetings:*

This 100th Session of the California State Grange has been called to order in this northern city of Redding. History tells us, that the last session held here was in 1929—Forty-three years ago. Much has transpired during this span of years. There have been accomplishments that no one could foresee. Science and Technology are marching forward, performing new miracles.

The tremendous increase in population has been expanding cities and taking over farming areas.

This year of 1972 the California State Grange is celebrating 100 years of service to its members, the State and nation. We find new problems that must be solved.

The Grange is still dedicated to the same principles laid by our founding fathers. The preservation and support of agriculture, the well being of our citizens and the defense of the rights of the individuals.

Let us look forward to the future with the same high ideals and principals that have built our organization in the past century.

Grange members and officials have put forth every effort to make this 100th session of the California State Grange pleasant and successful.

I wish to thank all Granges who have extended invitations to meetings and installations. I want to express my thanks for those I was unable to attend.

Fraternally submitted,  
Wayne O. Ralston, Overseer  
California State Grange

## LECTURER'S REPORT

*Worthy State Master, State Officers, Visiting Dignitaries, Delegates and Members of the California State Grange:*

Following a year of traveling, learning, working with your Lecturers, trying to help you to understand the problems which face you, and find solutions for some of them, I too realize the magnitude of the task given to the Lecturers. I wish it was possible for me to visit in each Grange in this large State. However, as that is impossible, I have tried to send out helps and suggestions on a variety of subjects, using the National suggestions of the National Lecturer as a guide.

All Lecturers realize the importance of their duties and through cooperation with their fellow officers, much will be accomplished.

I would especially thank all lecturers who have so graciously invited Ray and me to attend their meetings and programs. We have enjoyed all meetings attended and are sorry we couldn't accept more invitations.

Praise and congratulations should go to all Lecturers in the State for the excellent work they are doing. Many hours of planning and preparation are expended to do the work they do for you and the Grange. Their programs have really been outstanding this year and I wish we could give them all awards for their enthusiasm and dedicated work. Shall we assist them in their work as we begin our next Century of Progress?

The Executive Committee has audited the Lecturer's Library Fund. 101 Lecturers sent in \$1.00 each and one Grange sent in \$15.00. I plan to use this money for helps to send out to all Grange Lecturers; perhaps in the form of an extra supplement with skits and pantomimes which are so often requested. Balance on hand September 30, 1972 was \$112.00.

Eleven Lecturer's Conferences were held in regions all over the State. I hope to be able to reach more Lecturers this coming year in areas where many couldn't attend this year. 131 Subordinate Lecturers attended and 28 Pomona Lecturers. The Community Night programs have really been excellent this year, presenting to the Community the Grange and its work.

Community Service and Community More Beautiful had seven entries this year with First Place at State level going to Mary Herbert, Lecturer Pony Express Grange No. 815. All entries have been sent to the National Grange. Sixteen Lecturers sent in excellent Performance awards for the year with Marie Rice, Lecturer of San Dimas Grange top with 10,150 points.

Certificates for prompt reports given this year were 159.

I wish to thank you for the opportunity of serving you as State Lecturer and the friendliness and assistance you have given me. I hope I may in some way make your coming year a successful year in Grange advancement.

Fraternally submitted,  
Helen Cramer, Lecturer  
California State Grange

## STEWARD'S REPORT

*Worthy Master, Fellow State Officers, Delegates, Brothers and Sisters, Hello Everyone:*

Once again it is with great honor and pleasure that I greet and serve you at the Steward's Station at this 100th Annual Session of the California State Grange in this beautiful city of Redding—the playground of northern California.

We have the privilege of meeting together and working as a unit for the good of our order. This should be a special time for us all to stimulate and refresh our aims and desires for a greater progress and growth in our Grange. We invite the Youth and Young Marrieds of our country who qualify, to join with us in carrying out the Grange ideals in the Second Century.

I would like to thank Brother Howard Duncan and his committees and all the Granges that helped set up the plans for this 100th Annual Session. Many thanks to the Granges throughout the State for their kind and generous invitations to their dinners and special events. Sister Hendricks and I regret we were unable to attend them all, and wish them every success in the future.

Fraternally submitted,  
Leonard Hendricks, Steward  
California State Grange

### **ASSISTANT STEWARD'S REPORT**

*Worthy Master, Fellow Officers and Members of the California State Grange:*

Greetings and best wishes from the Station of Assistant Steward at this, our Centennial Conference. May this session be productive and successful, keeping in mind, "Today is the first day in the rest of our lives," and this convention starts us on the next hundred years. Let us make the most of it.

Many thanks to those Granges for the many invitations this past year. I regret we could not attend all of them.

Fraternally submitted,  
Kenneth Bley, Assistant Steward  
California State Grange

### **LADY ASSISTANT STEWARD'S REPORT**

*Worthy Master, Fellow State Officers, Delegates, Brothers and Sisters, Greetings:*

It is once again my pleasure to address you from this station, also to meet so many friends that we only greet once a year.

Brother Coast and I thank you all for your kind words and invitations and although not able to make many, hope you will understand.

Have a wonderful time at this 100th session of the California State Grange and think well on the legislation to come before this body.

Fraternally submitted,  
Carrol Coast, Lady Assistant Steward  
California State Grange

### **CHAPLAIN'S REPORT**

*Worthy Master, Fellow State Officers, Delegates, Brothers and Sisters:*

As we come to the close of another year, I am happy to report, I have enjoyed being your State Chaplain throughout the year.

I appreciate all the assistance given me. I find that no one person can accomplish all the duties of an office without the full support of all connected with it. Your cooperation has been wonderful. Thank you.

May our faith in God be strengthened, that He may direct and guide us in all our endeavors to make this a better State and Nation.

Let us all pray for our leaders of all nations, that they achieve Peace and Brotherly Love throughout the world.

Fraternally submitted,  
Harleigh Gallup, Chaplain  
California State Grange

## TREASURER'S REPORT

*Worthy National Officers, Worthy State Officers, Delegates and Visitors:*

I wish to express my gratitude to the State Secretary and the State office staff for all their hard work and cooperation during my first year as State Treasurer.

I also wish to thank all those Granges who have extended invitations to my family and me throughout the year. We regret that we were unable to attend all of them.

This has been a year of continued progress. Expenses as well as income have continued to grow.

## 1971 - 1972 SECRETARY'S ANNUAL REPORT

*Worthy Master, Officers and Members of the California State Grange:*

Again it is my pleasure and privilege to greet you at our 100th Annual Session in the city of Redding and submit to you the activities and progress of our Order in California as recorded from the Secretary's office.

I wish to express my sincere appreciation to all the Secretaries through-out the State for their fine cooperation and assistance with the State office and to thank them all for their many invitations extended to me and my family during the year.

Throughout the year many donations have been received from Granges all over the State and it is very gratifying and overwhelming to receive these generous donations as they come into the office. I'm very happy to announce that 73 Granges have fulfilled their pledge of paying \$3.65 per member.

The names of these Granges are:

## **GATE KEEPER'S REPORT**

*Worthy Master, Officers, Delegates and Members of the 100th Annual Convention of the California State Grange:*

Dear Grangers:

The Deputies and I would like to begin this 100th Anniversary of our State Grange by letting you know we appreciate your consideration and cooperation in helping us keep our Gates and Convention secure from intrusion.

For Sister Moody and for myself, we again welcome another opportunity to be a part of this great convention assembly. May it be one of our most fruitful meetings.

Fraternally submitted,  
Albert E. Moody, Gate Keeper  
California State Grange

## **CERES REPORT**

*Worthy Master, Fellow Officers and Members of the California State Grange:*

I would like to thank everyone for giving me the honor of being your State Ceres. It is an honor I never dreamed of having. It has given Hugo and I an opportunity to attend many Grange functions throughout the State. We are sorry we could not attend all the things we were invited to.

Hugo and I have enjoyed working with the Youth and Young Marrieds the past several years.

Best wishes for a very successful 100th session at Redding.

Fraternally submitted,  
Lillian Wild, Ceres  
California State Grange

## **POMONA'S REPORT**

*Worthy Master, Officers and Delegates of the California State Grange:*

Congratulations to the California State Grange for One Hundred years of continuous years of performance. What a great achievement!

This is such a lovely location to have our 100th convention. I am honored to be an officer at this particular time. I trust every member feels so honored.

My thanks to all of the Granges that sent Brother Ward and me invitations to special celebrations.

I am sure the thoughts and prayers of the entire membership are with Sister Deaver. We all wish her a speedy recovery. A very warm welcome to all.

Fraternally submitted,  
Ardythe Ward, Pomona  
California State Grange

## FLORA'S REPORT

*Worthy Master, Fellow Officers, Delegates and Members of the California State Grange:*

It has been a real pleasure serving as State Flora again this year. It is a great privilege presenting our Country's Flag at Convention.

I would like to thank you all for the invitations my family and I received this year. We really wish we could have attended all of them. Leroy and I would also like to thank all of you for the nice gifts and congratulations of our new arrival.

It has been a joy working with the Youth and Young Marrieds in our district again this year.

My best wishes for an enjoyable, prosperous and very successful centennial session of the California State Grange.

Fraternally submitted,  
Ann Larson, Flora  
California State Grange

## MUSICIAN'S REPORT

*Worthy Master, Brothers and Sisters, Greetings from the office of Musician:*

Welcome to the Centennial State Grange Convention.

It is a great honor, and privilege, to be of service to such a great and powerful organization as the Grange.

The most enjoyable time in a person's life is of being of service to a group of people like you.

I enjoy every minute in Grange work.

If you have any favorite song you would like me to play, don't hesitate to request it.

Music is a must in your Grange. Don't think you can't do it, go ahead and do it. Don't forget, you are among friends.

I wish to thank those responsible for the basket of fruit and lapel flowers and Sister Bley for taking my place in the line of march in the entrance of State Officers.

Thanks also to Brother Wendt for leading in song and thanks also to all those that sang in the 6th Degree and for all the hand shakes from my brothers and sisters.

Fraternally submitted,  
Bill Campbell, Musician  
California State Grange

The Executive Committee of the California State Grange met at the headquarters building, July 20, 1972 at 9:30 a.m. In addition to State Master Deaver, there were present, Lloyd Piper and John Freitas. Brother Dick Rafter was unable to be present.

The Committee was called to order and the minutes of the preceding meeting of June 22 were read, approved and signed.

Herman Grabow gave the legislative report. Brother Grabow also read and explained some of the bills now on the agenda of the legislature.

Sister Gladys True, CWA Director joined the committee and asked that the Pomona CWA be excluded from rent in Wisteria Hall. Committee agreed that this rent be waived.

State Secretary, Marjorie Brown presented her report. Sister Brown reported favorable results on delinquent student loans. Matter of purchasing new station wagon was discussed and bids were presented to committee. Brother Piper will check on car prices in his area. State Master will check with prospective buyer of old station wagon.

Motion by Brother Freitas, seconded by Brother Piper that \$100.00 be donated for Grange Day at the State Fair. Carried.

Western States Leadership Conference was briefly discussed.

Brother Jack Berry joined the committee for a brief report.

Brother Piper asked that exact location, name and dates of Youth Camp near Sonora be secured, for insurance coverage.

Redding Convention Plans were discussed.

Date of August 17, 1972 was set for next meeting.

No further business offering, meeting was adjourned.

Approved: 8-17-72

## DEPUTY REPORTS

### ANTELOPE VALLEY

*To the Officers and Members of the California State Grange:*

The Antelope Valley Granges, I am pleased to report, show a gain during the past year. As far as I remember we have the highest membership since organized over thirty years ago.

We do have a large turn over in membership due to the urbanization of this area. For some reason many of the newer members tend to lose interest and drop out. However all Granges in this area show a gain except one.

Our Fourth District Youth Director is still working on the 'penny a day' project for retiring the debt on the State Headquarters Building. Our Antelope Valley district, according to the Grange News, is still the only Pomona District that is 100% behind the building program.

Valley Granges contributed \$50 to the 'Calf Scramble' at the Antelope Valley Fair.

Some of the Granges present a scholarship to some deserving student. These are not necessarily Grange members.

Three of the Antelope Valley Granges entered feature booths at the Antelope Valley Fair. The three Granges being Wildflower, Yucca and Joshua Tree.

All five degrees were exemplified three times during the year. Some changes were made in the procedure this year. Instead of one Grange giving two degrees, Yucca exemplified the First Degree, Quartz Hill the second, Alpine the third and Joshua Tree the fourth. All on the same night. This saves time and we hope will bring out more candidates.

The Antelope Valley Grange Credit Union shows a steady growth. We now have \$400,000 in assets and growing steadily. We have loaned around a million and a half dollars since organization.

The ladies of the different C.W.A.'s are still in charge of the canned goods and the baked goods at the Antelope Valley fair.

We have a member on the new legislative committee and will be ready to take a more active part in the legislative program of the State and National Granges.

I have visited all Granges in the area at least three times during the year—more if they asked me to come.

Also have attended all Pomona meetings this year to date.

It has been an honor and a privilege to serve as Deputy of this district, this past year.

Fraternally submitted,  
Vern Kief, Deputy

## EAST BUTTE COUNTY

*Worthy Master, Fellow State Officers, Delegates, Brothers and Sisters of the California State Grange:*

I take great pleasure in reporting for the six Granges in East Butte County. All six are steadily growing and all have made a moderate gain in membership this year. There are now 1404 Subordinate members in East Butte. Wyandotte Junior Grange is coming along good under Sister Diane Bettinger, our new Matron.

Our Junior Master, Lillian Daley, has been chosen Junior Princess for the Junior Granges. The Youth Degree Team has put on the Subordinate Degrees in Concow, Wyandotte and Palermo Granges, also helped in the Fifth Degree work for Pomona this year.

All the C.W.A.'s are very active with their many projects raising money for their Grange and donating to the many good and worthy causes. Nine Youths from Butte County attended Cal Poly Easter Conference and seven attended camp at Sonora.

I have visited all the Granges in my jurisdiction three or more times, and they conduct their meetings very well. I attended several Booster nights and they were well attended with a great deal of enthusiasm. Also attended several C.W.A. meetings, and State Lecturer's conference at Loomis. We installed the officers for five Granges and Wyandotte Junior Grange.

Our Credit Union again has shown an excellent growth this year in members, shares and loans and provides a real service for the members. G.B.O.'s business in Butte county is very good.

With very good wishes for a prosperous year and a successful One Hundredth Session of California State Grange at Redding.

Fraternally submitted,  
Leonard Hendricks, Deputy

## WEST BUTTE COUNTY

*Worthy State Master, Officers and Members of the California State Grange:*

The Granges of West Butte County have been fairly active this past year. A few suspended their meetings during the summer months, too many working and vacations to get attendance.

Most Granges have been gaining members, a few lost, some by death and suspension.

Membership gain or loss for the year: Gained 56; lost 22.

Biggs—9-30-71—130.....9-30-72—139.....gained 9

Chico—9-30-71—373.....9-30-72—399.....gained 26.

DeSabra—9-30-71—201.....9-30-72—222.....gained 21.

Durham—9-30-71—217.....9-30-72—214.....lost 3.

Gridley—9-30-71—123.....9-30-72—115.....lost 8.

Paradise—9-30-71—304.....9-30-72—293.....lost 11.

Net gain for the year 34 members.

I am confident the members lost will be gained back this coming year with extras.

Chico and DeSabla have had their elections and new officers installed.

Paradise has improved their hall with new lighting, floors, front porch and new kitchen equipment.

DeSabla has been having their monthly breakfasts and have purchased the lost for their new hall.

Biggs has a social meeting each month with good attendance and programs.

Durham and Gridley have been having regular meetings and earning money for their Grange projects.

I have not been able to visit my Granges as much as I would like to but my work seems to interfere many times.

Fraternally submitted,  
Justus Borchers, Deputy

### CONTRA COSTA COUNTY

*To the Officers and Members of the California State Grange, Greetings:*

As 1972 comes to a close the Granges in Contra Costa County are showing a nice gain in membership.

They all have put on the obligation work and two have put on the degree work twice for a small gain.

Our Junior Grange is doing an excellent job under their Matron Betty Holt. The Granges in Contra Costa County also sponsored awards to All Star Winners and other achievement awards to the 4-H members. I had the honor of presenting the awards.

C.W.A. have worked helping the Crippled Children's Home, Veteran's Hospitals. Also an active part in the community services, besides their rummage sales, dinners, etc.

Our Lecturers are also doing a good job. The Credit Union is still giving good service to its members.

All Granges were installed before the first of the year. I sincerely hope that the convention to be held in Redding this year will be a pleasant and successful one for the California State Grange.

Fraternally submitted,  
Manuel J. Trebino, Deputy

### EL DORADO COUNTY

*Worthy State Master and Officers of the California State Grange:*

Another good year is coming to a close with a gain in membership in El Dorado County.

The Granges are all improving their halls and Pony Express is moving into a new hall.

Sister Miller and I have attended all regional meetings in District Six.

We attended the Grange camp at Sly Park July 29 for young and older Grangers and received a lot of good information in Grange work.

Some of the Granges gave scholarships and others made donations to Boy and Girl Scouts and F.F.A.

I am sorry to say that only the fifth degree was conferred this past year.

The El Dorado - Amador Grange Credit Union is still doing a good job of helping Grange members.

Here's hoping for a good convention in Redding.

Fraternally submitted,  
Leland E. Miller, Deputy

#### NORTH FRESNO - MADERA COUNTIES

*Worthy Master, Officers and Members of the California State Grange, Greetings:*

We are pleased to report a net gain of twenty-three for Fresno and Madera County Granges.

The membership responds willingly to community work and visiting of the sick.

There has been a good turn out for the Past Masters nights and Community nights all have had fine programs.

One of our smaller Granges has purchased a building and have it mostly remodeled for a Grange hall. I think this will add to the interest of the members.

A working Grange is an active Grange.

We had the honor of having the Worthy State Master install the officers of this Pomona and County Granges.

There is an increased interest and activity towards scholarships for a deserving youth boy and girl.

Our members were concerned to hear of Sister Deaver's illness and wish her speedy recovery.

We are grieved to learn the Brother Saint, Southern Fresno County Deputy passed away October 13th.

We are looking forward to greeting the State Grange Convention next year in Fresno at the Convention Center.

I deem it a great honor to represent the State Master in this territory.

Ruth and I wish you a very successful 100th convention here in Redding.

Fraternally submitted,  
Harold C. Harding, Deputy

#### MOUNTAIN AREA—SOUTHERN HUMBOLDT COUNTY

*Worthy State Master, Officers and Members of the California State Grange:*

We have made a fairly good gain in membership. All the Subordinate Granges in the Mountain Area have shown substantial advancement this year.

All Subordinate Granges have participated in membership to the Blood Bank.

As overseer of Tooby Memorial Park, which was begun as a Grange project, I have attended to the maintenance of the park this summer, and in this I have had the wholehearted cooperation and assistance of many of the Garberville Grange members. This park is a great addition to the town of Garberville, as it supplies a place for recreation to the towns people and proves a very acceptable rest stop to the traveling public. It is in use every day during the season, and is patronized by many of the local organizations for their picnics and meetings.

Our Junior Grange participated in a float for the July 4th parade and won first place. Their theme was "Ecology", and was depicted by two effigys "Miss Litter" and "Mr. Trash" made with cans picked up along the highways by the J.G.'s themselves. They are a very enthusiastic group.

The men of the Grange put on a breakfast which was very successful.

In January three of our Subordinate Granges joined with us for their annual installation which was presided over by our State Master Brother Deaver.

Our C.W.A. had three entries in the sewing contest, with one winner at the local level.

Our Grange hall is a popular place of meeting for various organizations.

Our C.W.A. is at present working to fill a hope chest to be raffled off before Christmas. They have also sent a donation to CARE and have helped the Pomona C.W.A. with their scholarship fund.

Fraternally submitted,  
Otto W. Heinrich, Deputy

### SOUTH HUMBOLDT COUNTY

*To the Officers and Members of the California State Grange, Greetings:*

I would like to report that the four Granges in my jurisdiction are active, gaining in membership, having breakfasts, dinners and bazaars to raise operating funds.

The officers' meeting was well attended, I believe, and the course of the Granges through the year reflects it. I visited all the Granges in my territory and offered assistance and advice.

We started giving the degrees on a separate night other than meeting night, and offering all four degrees in one evening. This is catching on and working well with two Granges going together and I recommend it to others.

Several of my Granges participated in the fair and walked away with substantial prize money.

I have consistently urged the members to enjoy the benefits of all Grange services and think that some of our membership growth is due to this.

Fraternally submitted,  
David O. Thomson, Deputy

## KINGS COUNTY

*Worthy Master, Officers and Members of the California State Grange, Greetings from Kings County:*

We have had a good year—a gain in membership. One Grange gave two trophies at the Kings County Fair, one to a 4-H member, and one to FFA.

This Grange paid \$312.00 to the Building Fund or 100%, gave \$50.00 to the Heart Monitoring Machine, also donated to the High School Band for their Hawaiian tour.

One Grange had dinner for FFA, also had a dinner.

We also had the annual John Ellberg Hamburger Fry, which all Granges did their part. Out State Master and Sister Deaver were with us and several of our State Officers.

The C.W.A. had a busy summer, raising money, some served dinners, others had food sales, beautifying their halls, donating to Heart Fund, Meals for Millions, also Delegate Fund, CARE and Hard of Hearing.

Each Grange had a pot luck dinner for all their Grangers, raised money for Delegates to Convention.

Fraternally submitted,  
John I. Ellberg, Deputy

## LOS ANGELES COUNTY

*Worthy State Master Brother Deaver; Officers and Members of the California State Grange:*

Los Angeles County for 1972 has enthusiastically supported our State Grange's aims towards exposing and educating our non-Grange friends in the benefits of our fine family fraternity. Los Angeles County's Youth, under the optimistic direction of Roger Baker and his wife Vivian, is making our County a Star in the Southern California horizon. He now heads up the first and only Youth Installation Team in our State—is an instructor in Code-Ritualism and Grange parliamentary procedures—and I could go on. To say he's kept Los Angeles County Positive and active by himself would be in error, as he's had full and active support from Subordinate Masters, Dutch Worden of Ranchito, Herb Marshall of Fair Valley, and Roger's Mother-in-law, Evelyn Ray, Master of San Dimas. I would be derelict if I didn't mention the numerous committees that have cooperated and made their contributions, especially our permanent C.W.A. committees headed by Verda Blubaugh of San Dimas, Dalzire Bock of Fair Valley, Gertrude Sawyer of Ranchito, and Maebell Marshall, Pomona C.W.A. I believe the artistic and educational efforts in the Grange's competitive contribution to the Los Angeles County Fair in Pomona is to be admired—there were many ribbons, awards and dollars.

There were seven Granges in competition with total prizes of around \$4,000.00; here's where local talent comes to the surface and those who missed the fair were unfortunate.

The foregoing report should indicate that I'm proud to be the Deputy for Los Angeles County. With these Gung-Ho folks I'm not sure they are that way because of me, or in spite of me, anyway may God's Blessings continue to flow their way.

Fraternally submitted,  
Kenneth Greene, Deputy

### MENDOCINO COUNTY

*Worthy Master, Officers and Members of the California State Grange:*

I am happy to make my report as Deputy of this County. I am involved in the installation, visiting and in the first five degrees, which are conferred several times during the year. Sister Burke and I traveled several miles during the year.

Most of the Granges enter in the two fairs in Mendocino County and are busy making money for the several programs and projects they have, such as paying taxes, improving their Grange halls. One Grange is making plans to build a new Grange hall.

Several Scholarships have been awarded.

I have held schools of instruction in both Lake and Mendocino Counties.

Sister Burke and I attended the camp at Mendocino Woodlands and conducted a class of code reading.

We have had a slight gain in membership, some had no gain, others lost a few, with an overall gain. Our Pomona Grange conferred the fifth degree three times this year and will again in November. Ukiah Grange has a Youth Committee which confers the Third Degree. When a Grange needs help in conferring the degrees, I get a group together from the different Granges and confer the four degrees.

I believe the California State Grange will continue to go forward in years to come as in the past. We all think we should do better, by reducing the debt on the Grange building, more funds will be available to promote Grange activities.

Hoping to have a grand Centennial year.

Fraternally submitted,  
Arthur F. Burke, Deputy

### MERCED COUNTY

*Worthy State Master, State Officers, Brothers and Sisters:*

Once again it becomes the pleasure and happy privilege for Sister Agnes and I to send you greetings from Merced County. There's both good and bad things to report and I am happy to say the good outweighs the bad.

All Granges have been active during the year, participating in anniversary parties, bazaars, rummage sales, bake sales, dinners, card parties and breakfasts.

Sister Agnes and I have visited each of my eleven (11) Granges at least twice during the past year and have had the pleasure and honor of obligating many new members and, on

many occasions, presented several Silver Star Certificates and pins.

Hilmar Grange Degree Team conferred the first and second degrees once during the past year. Thirty-five (35) candidates were in attendance.

Merced Colony and Delhi have taken in several young members during the year. The Lecturers of these two Granges are to be commended for the many interesting programs they have presented.

During the past year I conducted a school of instruction for all Grange officers. It was not well attended but the few that came were very attentive and seemed interested which leads me to believe it was not all in vain. I intend to repeat the instruction immediately after our joint installation.

The Pomona and Subordinate C.W.A.'s have been active with community projects, and assisting when and where needed. I wish to commend Sister Mary Carson, our Pomona C.W.A. Chairman, for her ability to put together programs and make them into paying projects. She has done an outstanding job during the past two years.

Our Federal Credit Union has been most active in helping Grange members and continues to pay good dividends.

The Insurance Program along with the other valuable benefits the Grange has to offer continues to help increase our membership.

Now for the bad things to report: (1) So far we have been unable to get Degree Teams organized; (2) We are still confronted with the same two problems that I reported last year; (a) reaching our youth; (b) attendance. We are still hopeful.

Our best wishes for a most rewarding 100th session at Redding.

Fraternally submitted,  
Edward R. Whitson, Deputy

#### MODOC COUNTY

*Worthy Master, State Officers, Delegates, Sisters and Brothers:*

Again, It is my pleasure to report from the Northeast corner of our great State.

The Granges of this area have shown progress in membership gain this year. Our insurance program and Credit Union have had a most successful year.

The C.W.A. have not disappointed us as they have been very busy.

Again, I realize the great value the C.W.A. is to our Granges in this area.

We appreciate the help Worthy Master Deaver and Sister Deaver have been to us on their visits, also, State Overseer Wayne Ralston and Sister Ralston and State Lecturer, Sister Helen Cramer.

We are looking forward to more and greater success this coming year.

Fraternally submitted,  
Everett Starkebaum, Deputy

## MOJAVE VALLEY

*Worthy Master, Officers and Members of the California State Grange:*

Again I am happy and privileged to send greetings and give a report from Mojave Valley District.

The Granges of this district have been very active and successful this year. They have taken in many new members, in some cases reaching their highest membership total inception. Again as in the past we have shown a net gain for the year. One Grange has taken many new youth members. One Grange attained 100% participation in the Youth Fund drive, another having attained their goal last year.

Again this year, as years since its inception, the San Bernardino County Fair was well supported by the various Granges and are justly proud of their promotion of the County Fair. Five feature booths were entered and each received a prize for their entry, the total being \$900.00. One Grange had a food booth and most presented trophies to deserving 4-H and F.F.A. members. Grange Day has become a yearly feature and was again well attended.

The Granges are active in community progress as several Granges sponsor Boy Scout, Girl Scout, and Camp Fire Girl troops. One Grange has a weekly teenage dance which is well regulated and enjoyed by all. One Grange has its own 4-H community fair for the benefit of 4-Hers. One gives scholarships to deserving youth.

Our Grange Credit Union has made a good gain in all departments and has been a help to many Grangers. Our insurance program is expanding, as well as all Grange benefits to help in expanding membership.

With all good wishes for a successful and helpful convention at Redding.

Fraternally submitted,  
Lester E. Wendt, Deputy

## NORTH MONTEREY

*Worthy State Master and Members of the California State Grange:*

Monterey County can report a gain in membership the last year. We are sorry to report one Grange in our County, Alisal Grange No. 475, was unable to continue and consolidated with Prunedale Grange No. 388. The ten other Granges are very active with their worthwhile projects. All the Granges in Monterey County own their own hall; and many improvements have been made to their buildings and grounds.

The two Junior Granges are active. Five Granges entered booths in our County Fair, and received \$1200.00 in prize money.

The Credit Union has gained new members, loans have been increased, and is still growing in a very healthy manner.

We are very pleased with the Granges that went over the 100% mark on Burn the Mortgage.

The C.W.A. sisters are very busy on their individual projects in each Grange; and have contributed freely to their Granges. Pomona Grange awarded two one hundred dollar scholarships to students.

In closing I want to wish the officers and members of the California State Grange a most successful and constructive 100th convention.

Fraternally submitted,  
Clesson E. Buhler, Deputy

### NEVADA COUNTY

*Worthy Master, Officers and Members of the California State Grange:*

It is a pleasure to bring greetings from the three Granges of Nevada County.

Having visited the Granges in my area several times during the year and other Granges in outlying areas, I believe that we have made very good progress.

Banner, Golden Empire and Rough and Ready Granges have had public parties, rummage sales, dinners and other money raisers. All three Granges had exhibits at the Nevada County District Fair and won cash prizes. The C.W.A. have worked on all of the activities.

Banner Grange has done some work on their kitchen, rest rooms and refinished the floor in the main hall. Their building is now in excellent condition.

Golden Empire Grange, having a new building, installed a cooler, new curtains, finished the floor for dances, improved the parking area and drilled a new well. Their hall was dedicated by State Master Chester Deaver on June 25. State Musician Bill Campbell provided the music. Sister Deaver and Sister Schlemyer were guests for the occasion. There was a very good attendance.

Rough and Ready Grange made several improvements that were needed. A new black top road, an aluminum roof replaced the galvanized iron and wood shingles, cement foundation on one side and front of building also insulated aluminum siding on front and side. Men from the National Guard helped in cleaning the grounds which was greatly appreciated.

Placer Nevada Pomona Grange gave an award of \$100 to a Future Farmer of America whom was a student of the Nevada Union High School.

Have attended the C.W.A. district meetings also the membership meetings. Enjoyed the Grange Day luncheon at the State Fair.

Brother Don McKeever, our District Membership Chairman and wife have visited our three Granges and it was a pleasure to hear that our membership gain percentage-wise was at the top of the list for the State.

Placer Nevada Credit Union has been very active increasing membership and business has doubled since 1970.

Our Insurance agent, Ola Lee Hale has enjoyed a nice increase in business on home and automobile insurance.

Tom Sayed and his brother representing Mutual of Omaha have been active with health, accident and life insurance.

Banner, Golden Empire and Rough and Ready Granges will have a joint installation of officers December 3rd in the Golden Empire Grange hall. State Executive Committeeman Lloyd Piper will be the installing officer, State Grange Musician William Campbell will be at the piano.

Best wishes to all for a successful 100th convention in Redding, California.

Fraternally submitted,  
Charles A. Deardorf, Deputy

### ORANGE COUNTY

*To the Officers and Members of the California State Grange:*

We have progressed through another year of programs and activities in Orange County with a feeling of accomplishment.

The C.W.A.'s of Orange County have been active this year with their many fund raising and community-helping projects. I again thank Emily Grant for her effort and guidance as the Pomona chairman.

Future Farmer chapter support has been a major program this year with Scholarships and Trophies being presented. Young people need our help. Fair exhibits were other participation efforts in our county with over \$1300 received from premiums.

The four Subordinate Degrees were conferred during the year with all possible candidates in attendance.

The Youth Committee along with the Young Couples have been less active this year with only a Youth Delegate to Cal Poly. Rosemary Hansen, our 8th Regional Youth Director, has had less cooperation and response to communication on her programs. May her continued effort make a breakthrough this coming year.

Membership has remained relatively the same this past year with new members balancing the demits and deaths.

The operation of our Credit Union has improved greatly with less than 1% of the loans delinquent.

Since our last meeting Robert Wardlow, a past State Deputy passed away. He had served for more than twenty years in this capacity. Grange was one of the main activities in his life. So, is the passing of a Grange 'Patriarch.'

It has been an honor and a pleasure to represent Orange County as Deputy.

Best wishes for a successful and pleasant convention in Redding. I welcome you to Orange County anytime. Thank you.

Fraternally submitted,  
Stephen M. Tait, Deputy

## PLACER COUNTY

*Worthy Master, Officers and Members of the California State Grange:*

It gives me great pleasure to report from Placer County. All of our Granges have made a vast gain in membership. Our youth are becoming very busy and active. The Junior Granges are doing well.

We had the fifth degree exemplified at Banner Grange in Nevada County. Also had the first and fourth exemplified in our county.

I try to visit each Grange in the quarter. I have attended each District C.W.A. meeting and thoroughly enjoyed them. All our Granges have been busy on all money making projects and are all working toward the Building Fund.

Our Pomona Grange have given a one hundred dollar scholarship each to F.F.A. boy and F.F.A. girl in Nevada County and Placer County.

The Pomona Grange went on record opposing the closing of Grosse Ridge Wilderness area, also the annexing of Loomis to Rocklin and we are continuing the fight to keep Weimar Hospital opened at Colfax.

Our Pomona has pledged to give \$68.00 toward the Penny Pines Plantation. Most of the Granges have given in some way to the Retarded School at Newcastle. All Granges have made improvements and remodeling of halls.

Our Credit Union is coming along remarkably well with over 782 members.

Sister Dean and I attended Grange Day at Cal-Expo this year with a good crowd attending.

We had our annual Fun Night at Mt. Vernon Grange Hall with good attendance.

Fraternally submitted,  
Jay Dean, Deputy

## SAN BERNARDINO COUNTY

*Worthy State Master, State Officers, Fellow Deputies and Delegate Body:*

Since I last reported to you, I have really had some interesting experiences and feel that 1972 is working out nicely in our area.

Our Pomona Grange had a Feature Booth in the County Fair held at Victorville and again we won First Prize and Sweep Stakes. The same booth was taken to the Los Angeles County Fair in Pomona and here we took third prize and the Featurettes and Booster items won will permit us to bring back the same amount as we did last year. The prizes at the fairs permit the Pomona Grange to carry on its scholarships, help to a Foster Child and various other charity gifts etc., so it appears the hard work by those who participate is worth the effort.

We just finished the organization of a third Grange in the 29 Palms area. It is to be called Wonder Valley No. 816. Their Officers have been elected and their plans are for installation on November 5, 1972. There were 21 names on the Charter List and at the one meeting held since their organization 8 more names have been submitted. Road Runner Grange is now well established in the community of Morongo Valley and taking part in its activities as the Grange should. Copper Mountain is working to be a part of their community and it appears to be on the right track now.

The Yucaipa Valley Junior Grange is still going strong. Their Matron and Patron are good teachers and their labors are showing results. The field trips, craft work and teaching the ritual has proved to bring more Juniors into membership.

It is a pleasure to know that the State of California is growing in total number of members and we are proud that San Bernardino County can know it has had a hand in helping bring this about. Betty and I attend every Subordinate and Pomona Grange meeting in our area when it is possible and stand ready to help the Granges and their members at all times.

May the Convention in Redding prove to be a most successful one.

Fraternally submitted,  
Ulyuss G. Rose, Deputy

### SAN DIEGO COUNTY

*Worthy Master, State Officers, Delegates and Patrons:*

I have a chart of Grange membership in San Diego County for each quarter since March 1961—that is 46 quarters. Only 3 of these quarters have a higher membership than our county total for June 30, 1972. We are almost 100 members greater than our lowest quarter. Reports from many of our Granges promise even bigger gains in 1973.

Our Youth and Young Marrieds and Singles are continuing to show strength. We have lost a few to the Services and colleges, but replacements are joining our ranks. As in the past, Sister Betty Smith, here in her home county, shows remarkable leadership and enthusiasm for the affairs of her department. We have just about completed the organization of a Junior Grange in the County through the efforts and direction of Sister Mildred Painter, Regional Superintendent of Junior Granges in District 8.

The C.W.A. never seems to slacken its efforts and work on behalf of its particular Grange. On every hand reports are heard of the many and varied projects underway to promote and provide funds for Grange operations, in addition to the numerous special charitable and non-Grange functions.

Two of our Granges took good prizes at the Fair this year for their booths. We are hoping that more Granges will become interested in participating in this activity to preserve

and foster interest in Agriculture and its supporting organizations.

San Diego County is proud to salute the Youth Department and the C.W.A. of the whole State in their special effort to reduce the Mortgage Debt on the Headquarters Building through the drawing for the Cedar Chest. Good Luck!!

Jessie and I join in wishing the California State Grange a successful convention in Redding.

Fraternally submitted,  
S. E. "Dick" Rafter, Deputy

### SAN FERNANDO VALLEY

*Worthy Master, Officers and Members of the California State Grange:*

It grieves me to report that San Fernando Valley Pomona Grange No. 41 has less to be optimistic about than last year. One Grange whose membership had dropped so low four years ago that they could no longer afford the rental of meeting space and have been meeting in homes since then. This year another Grange, having taken in five new members and lost six, finds their dues income is not sufficient to continue paying meeting space rental, and is seriously considering meeting in homes.

Efforts in 1971 to interest the HI-Y and 4-H members in Grange membership failed, due to the lack of cooperation of their president. It was our plan to invite these young people to visit a Grange near their homes. I plan to start again this year with a new group and new officers.

The remaining Grange has suffered no losses in 1972 and has gained two. The Youth remain our only hope for the preservation of the Granges in San Fernando Valley.

### SAN LUIS OBISPO COUNTY

*Worthy Master, Officers and Members of the California State Grange:*

The Pomona and Subordinate Granges of San Luis Obispo County extend congratulations to the California State Grange on their One Hundredth annual session. They should be very proud of their accomplishments made during those years.

The C.W.A. Committees in all nine Granges are busy putting on different projects, the proceeds from these projects ably meet the expenses of their Granges.

San Luis Obispo, Estrella, El Paso De Robles and Triangle Granges had booths at the County Fair again this year, each winning a ribbon.

Grover City Grange voted to give a One Hundred Dollar scholarship to a student in Agriculture and one in Home Economics.

The C.W.A. Regional Meeting was held at San Luis Obispo Grange Hall Saturday March 4th. March 12th a Master's conference was held at the Grover City Grange Hall with all but one master present. The Lecturers Regional Conference was held at San Luis Obispo Grange Hall March 15th.

The California State Grange Youth met here in San Luis Obispo County March 26th through the 29th for their annual conference held at Cal Poly. It was the largest attendance of youth so far with one hundred twenty-five registering. It started off with a banquet at the Staff Dining Room with over one hundred attending.

Harold Wilson of Cal Poly was the principal speaker. Different shops and tours were on the program for the 27th and 28th. The Second Degree was exemplified by the youth in the auditorium at El Rancho Chorro, San Luis Obispo County Office of Education. The camp consists of sleeping huts donated by the State where the youth bunked during their stay here.

San Luis Obispo County Pomona Grange is renovating one of these huts as a community project.

As we go into the 100th session of the California State Grange at Redding, Sister Walker and I again wish you a very successful session.

Gerald Walker, Deputy

#### SANTA BARBARA COUNTY

*Worthy Master, Officers and Members of the California State Grange:*

It is a pleasure to bring you greetings from the Granges in Santa Barbara County.

The Granges here are all busy getting new members, but have been unable to keep the back door closed, so will not have a gain in membership.

All the C.W.A.'s are very active making money from their many projects to help with the finances of their Granges.

The Grange was very proud in taking part in dedicating a new County Park in Los Alamos August 27, 1972. The Los Alamos Grange donated a picnic area of a barbecue pit and tables to seat 120 people. The Pomona Grange served a beef barbecue to those attending the dedication. Those taking part in the dedication were State Master Deaver and Sister Deaver and State Chaplain Harleigh Gallup and Sister Gallup.

With every good wish for a prosperous year and a successful session in Redding.

John A. Tendeland, Deputy

## SANTA CLARA COUNTY

*Worthy Master, State Officers, Delegates and Members of the California State Grange:*

Again my privilege to report for eleven Subordinate and Pomona Granges.

Gilroy and Morgan Hill had their installation in Gilroy Hall November 21, 1971. Past State Overseer Emmett Ivey and Sister Ivey did the installing.

The eight Subordinates and Pomona held installation December 5, 1971. Installing officer was State Overseer Wayne O. Ralston with our team doing the floor work. Sister Ralston accompanied Brother Vayne.

Orchard City Grange held their installation January 11, 1972, installing officers were Brother and Sister Ivey.

Santa Clara County held their 27th Annual Fair. Participation was five Subordinate C.W.A. in Women's division, 11 Subordinates, Pomona, and our Cupertino Juniors and Orchard City Grange Youth Group, all received premium money.

Had a very nice turn out for Grange Day and dinner at our Fair on August 15, 1971.

C.W.A. sponsored the Doll Tea Sale, a benefit for Goodwill Industries rehabilitation program. Sister Irene Voss as chairman.

Pomona C.W.A. Chairman Helen Smith with the assistance of Beulah Emery and Brothers and Sisters had a very successful Strawberry Shortcake booth at our fair (money wise).

Masters' meeting was held January 16, 1972 with 100% attendance for degree dates, fair booths and membership.

Looking forward to a better year for membership, not too proud of this past year. San Jose Grange is planning for their 100th Anniversary May 13, 1973.

We have had so many nice courtesies extended to us this past year, Ruby and I want to thank members and officers of Santa Clara County Granges.

With every good wish for a pleasant and constructive 100th Convention at Redding, California.

Fraternally submitted,  
John W. Buck, Deputy

## SANTA CRUZ COUNTY

*Worthy Master, Officers and Members of the California State Grange:*

Five of our six Granges reported a net gain in membership for the year ending June 30th. The total net gain for the county was 73.

Our Pomona sponsored a contest to encourage better ritualistic work, better programs and better attendance. The series of six meetings were very successful with an average

attendance at all meetings of 103 and with a decided improvement in the opening and closing ceremonies. All six Granges participated enthusiastically and are looking forward to another such contest next year.

There has been wonderful cooperation in the county in all of the various projects. Harold Silva as chairman of the fair booth committee reported that every member he asked for help responded and they won first prize for their efforts along with a letter of thanks from the fair board.

The Fair Board issued free passes to all Grange members on Grange Day and reserved the choice section of the grandstand for the more than 120 members who attended the dinner and show.

The Soquel and Aptos Granges conferred the four subordinate degrees twice during the year and the Pomona conferred the fifth.

Soquel only missed by one point coming in first in the State contest in opening and closing and will compete here at the State session.

Our Credit Union is making steady and solid growth and is providing a real service for its members.

The deputy conducted three code reading classes and attended all officer meetings in the subordinates which asked him.

He held one meeting to try and interest a community in organizing a new Grange which so far has not born fruit.

He attended 61 Subordinate meetings, 11 Pomona meetings, 8 Junior meetings and 39 miscellaneous meetings also a part of the Washington State Grange session. Some of these meetings were in Idaho and Washington, and there would have been a visit to Pioneer Grange in Alaska but they skipped their July meetings.

Many members of the Santa Cruz County Granges live in Mobile homes and the deputy writes a weekly (sometimes weakly) column of "Grange Gleanings" in the Mobile News to keep the Grange members, and others informed as to Grange activities.

We think the Grange Action Program can be of real benefit to our Order and some of our Granges have submitted and endorsed resolutions on community and State problems.

Erle E. Jones, Deputy

## SISKIYOU COUNTY

*Worthy Master, Officers and Members of the California State Grange:*

I take great pleasure in reporting from the northern part of this great State, Siskiyou County.

The eight Subordinate Granges of this County are very active in many ways and also increasing their membership.

Nearly every Grange has entered Feature Booths in the County Fairs, each of them receiving a substantial award. In this county, much interest is shown in the Fairs, which gives an opportunity for youth, as well as adult organizations to compete.

The Young Marrieds are still working on the Degree Teams and taking part in many ways of the Grange activities.

We now have two Junior Granges in the County, Scott Valley, and Mt. Bolivar, every effort is being made to encourage the children and youth to become interested in the Grange work.

We have a progressive Credit Union which is a continual service to Grange members.

Most of the Granges have elected their officers for 1972 and 1973. Already four Subordinate and two Junior Granges have been installed, with the help of the installation team, who have so ably assisted with the installation for so many years.

The C.W.A. throughout the county are very active giving dinners and other meals, as well as Rummage sales, card parties and fun nights, some are giving scholarships to worthy students, others are sponsoring 4-H clubs or working to build a new hall or retiring the debt on a hall already in use.

Best wishes for a pleasant and successful convention in Redding.

Fraternally submitted,  
Vayne O. Ralston, Deputy

#### NORTHERN SONOMA COUNTY

*Brother Chester Deaver, Master of the California State Grange, Sister Doris and Officers of the State Grange. Brothers and Sisters:*

Another important year for the Grange has passed and we assemble again for our annual Convention to plan for the future.

I am pleased to report that all Granges in the Northern half of Sonoma County show a net gain in membership and all are healthy financially.

Several Granges entered County fairs and received valuable prizes.

Pleased to report that the Winsor Junior Grange re-activated and have a fine Matron and Patron and a good membership.

We have two degree teams, one from Pennngrove who exemplifies the first and second, the Demeter Club the third and fourth degrees, these degrees are exemplified quarterly and show a lot of promises, they are well attended.

Looking forward to this annual event and meeting again with State Officers and members.

Fraternally submitted,  
Thomas Wright, Deputy

### SOUTHERN SONOMA COUNTY

*Worthy Master, Officers and Members of the California State Grange:*

Another year has come to pass and again, my privilege to report for eight Subordinate Granges.

Since the last State Grange Convention, the Granges in the southern half of Sonoma County have showed a gain of 60 members.

Three Granges entered booths in the Sonoma County Fair and received cash prizes of \$1225.00.

Grange Day was held at the Sonoma County Fair on July 26th with a large attendance, including California State Grange Master Chester Deaver and Sister Doris Deaver.

On July 28th, 25 year pins were presented to 5 members of Bellevue Grange by Brother Chester Deaver, Master of California State Grange and on October 6th it was my privilege to present 50 year pine to three members, and 25 year pins to seven members of Bennett Valley Grange.

On November 13, 1971 it was my pleasure to install the officers of four Subordinate Granges at Kelseyville in the Odd Fellows Hall. Also on December 18th to install the officers of Sonoma County Pomona and 10 Subordinate Granges in Sonoma County at the Veteran's Memorial Auditorium in Sebastopol, and on December 19th to install the officers of three Subordinate Granges at Cloverdale and on January 7, 1972 to install the officers of Petaluma Grange at Petaluma. On January 24th to install the officers of Sonoma Valley and the officers of Adobe Granges at Sonoma Valley Grange Hall.

I want to thank the many Granges for all the kind invitations they extended to Sister Freitas and myself this past year. We are sorry we were unable to attend all of them.

Best wishes for a pleasant and successful 100th annual session.

Fraternally submitted,  
John B. Freitas, Deputy

### TEHAMA COUNTY

*Dear Worthy State Master:*

Welcome to Redding—the Gateway to the Shasta-Cascade Wonderland! I wish you, your fellow State Officers, and Patrons a very happy and successful 1972 State Grange Convention.

Serving as Tehama County Deputy is always a pleasure because of the excellent fellowship between the Granges in our county. The Travelling Gavel program has been revived again and created a new interest in visitation between the Granges.

In community activities our Granges are continuing their fight to keep the Tehama General Hospital open. Several of our Grange members are members of the Tehama General Hospital Commission and others are on the Tehama County Emergency Medical Care Committee.

They also have been active in supporting the retention of County Fairs and their improvement and many attended the conference held at the Tehama Totem Fairgrounds in September which was headed by our California Assembly Woman, Pauline Davis.

Our two degree teams have been active throughout the year as have our Junior Grangers. The Juniors have earned may merit badges and have made several and informative trips. Our Drill Team and the Junior Grange are presenting drills at our convention this year.

Our Committee of Women's Activities have been active in their Granges preparing anniversary and public dinners, card parties, rummage sales, food sales, bazaars, etc., to assist the Granges in promoting community projects, such as, the Tehama Totem Fair, Los Molinos Fair, parades, donations to Heart, Cancer, Crippled Children and the Opportunity Center of Tehama County for Retarded persons. They have also donated to the various charities sponsored by California State Grange C.W.A.

Our 20th annual Grange Day and Public Barbecue was successful through the whole hearted cooperation of all the Granges and the hard work of the various committees.

The Talent Show presented by members of the different Granges was held in March and was well attended. The first and second place winners presented their numbers at Grange Day.

Our Tehama Grange Federal Credit Union is growing and is well received by our Grangers.

Our membership gain has not been as large as we had hoped it would be, and, this loss has been due mostly to the death of quite a few of our beloved members.

Fraternally submitted,  
James V. Ryan, Deputy

#### TULARE COUNTY

*Worthy Master, Officers and Members of the California State Grange:*

It is my pleasure as Deputy to report on the activities of my district.

The eight Granges in my district are busy and have shown a gain in membership.

I have had the honor and pleasure of obligating new members during my two years as Deputy. Helped Brother Sam Neilson install the newly elected officers of seven of my Granges. Alpaugh had their officers installed in Alpaugh with Brother Neilson doing the installing.

The C.W.A. have been busy with cake walks, breakfasts, rummage sales, card parties, dinners and a feature booth at the Tulare County Fair.

I have visited each Grange in my county at least once and some twice in the past year.

Sister Helen Cramer had a Lecturer's conference in Tulare and it was well attended in spite of the fog. We were honored by the presents of the State Master and Sister Doris.

Grange Day at the Tulare County Fair was well attended.

Our Credit Union is growing by taking in new members also loaning money.

The wife and I want to thank the Granges for their wonderful hospitality shown us during the year.

Fraternally submitted,  
Elmer W. Killelte, Deputy

#### VENTURA COUNTY

*Worthy Master, State Officers and Patrons:*

Ventura County wishes to extend our best wishes to all for this Centennial Session of the California State Grange, and the Centennial Year of 1973.

We are deeply sorry and concerned that Ventura County Granges will not show a gain for the first time in several years.

The Pomona Grange has perhaps gained a little in membership this year. In the Ojai Valley Grange, it seems like we have needed to drape the Charter at almost every business meeting this year. Although we have taken in new members at almost every meeting, we will still show a small loss in membership. Fillmore and La Avenida Granges are both going to stay about even.

The Ojai Valley Junior Grange had a rummage sale, and cleared \$75.00. They donated \$30.00 of their profits to the Humane Society Animal Shelter at Santa Paula. They also went to Magic Mountain on a fun trip.

The C.W.A.'s are all still doing a lot of work. Pomona C.W.A. is working on the State project for the Hard of Hearing, and will make some contributions in this endeavor. Ojai Valley and La Avenida Granges are working with other Ojai Valley organizations in a project to buy a bus for the Blind Children of the Ojai Valley. Fillmore again is giving a scholarship to some deserving college student in either the Studies of Agriculture or the Home Economics field. The Pomona Grange again gave \$50.00 to the three girls from Ventura County who won a trip to the State 4-H Sewing Contest.

The Centennial Year of the Ventura County Fair just ended and the Granges of the County had three feature agriculture booths. The Pomona Grange again won a first prize of \$275.00 with a 300 foot booth. La Avenida Grange won a second prize of \$225.00 using a Centennial theme. (I thought they should have won first, it really was a beautiful booth.) Ojai Valley won a third prize of \$200.00, which was also a very fine booth.

**TELEGRAMS**

*Dear Worthy Master, Officers and Delegates:*

Dorothy and I extend our sincere best wishes to you as you open your 100th Annual Session. I'm sure you will have an enjoyable time in the social events of your Session and in meeting your Grange friends from all across your State. This is a very important function of a State Grange meeting, but I would urge you also to pay close attention to the needs of our nation and the world.

This is a very important time in the life of our nation. A time when organizations like the Grange are very much needed. I urge you to plan to build your Grange in 1973, both in membership and in importance to your community. This can be accomplished.

We can make a real contribution to the continuance of the principles which were established nearly 200 years ago with the signing of the Declaration of Independence.

Best wishes for a very successful Session.

Fraternally,  
John W. Scott, Master  
National Grange

Best wishes for a successful 100th session in Redding.

Fraternally,  
Leta Littler,  
Past Chaplain, CSG

*Dear Sisters and Brothers of the California State Grange:*

Not being able to be with you, I send you my very best wishes for a successful convention. Words can never express to you my heartfelt thanks for all the beautiful messages, get-well cards, flowers, gifts and most of all your prayers for my recovery, such beautiful prayers sent to me every day. Thanks from the very bottom of my heart. I pray that God will guide you as you deliberate on the many resolutions that when the convention closes you will put together a program for a wonderful organization that will be for all people.

With love and God bless you all,

Sister Doris Deaver

## STATE LECTURER'S PROGRAM

### "From Our Dusty Files"

(Back stage set up as a Grange Meeting as held in 1873, for the organization meeting of California State Grange.)

Narrators: Helen Cramer and Eugene Runyon

(Music, Mixed Quartet sings "Faith of Our Fathers".)

The organization of the State Grange of California took place at Napa on the 15th of July 1873. A special Deputy from the National Grange had been busy organizing the necessary number of Subordinate Granges. The special Deputy was the first president of the State Agricultural Society, Hon. J. M. Hamilton, Worthy Master of Guenoc Grange, Lake County. Granges represented were: Napa, W. San Joaquin, Chico, Stanislaus, Vacaville, Merced, Salida, Suisun Valley, San Jose, Hollister, Sacramento, Yolo, Bennett Valley, Santa Rosa, Healdsburg, Elmire, Dixon, Guenoc, Yountville, Grange Island, Petaluma, Salinas, Turlock, St. Helena, Greyson, Pedcadero, Bodega Bay and Temescol.

(MUSIC: Medley of patriotic and old time classical, "Battle Hymn of Republic," "America," and "Barcarolle.")

State Officers elected were:

|                             |                           |

## MEMORIAL SERVICE 1972

Processional ..... Musician

Opening Address ..... Chaplain

Patrons and friends, we pause from our deliberations to pay tribute to those Patrons who have gone to that Great Grange above, to that Paradise not made by hands, eternal in the heavens, to receive the welcome plaudit, well done good and faithful servants. They have been true and faithful workers in our fraternity here on earth. They have labored long and diligently for the Grange, their communities and their loved ones, to make our Community, State and Nation a better place to live in. God has not given us the easy road to travel to the land of Promise, but he has given us the assurance of a safe way. . . . A way of love and kindness. We travel by faith, one step at a time. He has placed them on the upper road that goes onward and upward to Our Father's Kingdom in Heaven. May our memory of them be steadfast.

## CREDENTIAL COMMITTEE REPORT

### *Worthy Master and Delegate Body:*

My thanks go first to the Grange Secretaries who sent their credential cards in to the State office on time. This made it easy for those Delegates and Alternates to receive their credentials. My apologies to those of you who were inconvenienced because a few Granges neglected to send their credential cards in.

My Credential Committee asked me to express their thanks to the California State Grange for the opportunity to serve in this capacity. My gratitude goes to them for a job well done. They were my wife, Barbara, my daughter, Naomi, my son, Bill, Gladys Montgomery, Mildred Barnes, Albert Barnes, Ruth McGee, Harvey McGee and Terry Null, all from Sacramento County and Gordon Lewis from Los Angeles County.

My sincere wishes for a speedy and complete recovery to our Worthy Sister, Doris Deaver.

Fraternally submitted,

E. D. (Gene) Moberg, Chairman

### WASHINGTON STATE CANDIDATE

Sweringen, Larry

## WOMEN'S ACTIVITIES REPORT

1972

*Worthy Master, State Officers, Brothers and Sisters:*

This past year has been a time for preparation for the BIG event coming up, our Centennial year. Not all of the work planned has been completed at the State Grange C.W.A. level. However, I'm pleased with much that has been accomplished and of course will hope that all will be done before the end of next year.

One of the most difficult projects has been trying to obtain a picture of all of the Past Masters of the California State Grange. Maybe you are thinking, as I did to begin with, how does it happen that we did not have in our possession, in the State Grange office, all of these or at least most of these pictures. Well, many of you will remember the floods we had a couple of times, from broken pipes, in the basement of the old office building. We think that some of the old records or pictures may have been destroyed that way. We have had only three State Masters since 1929 and so it has been difficult to find a picture of some of them. We've had pictures made of all we have been able to find, done in sepia, in an 8" x 10" size. Those we have found are now framed and identification of name and years of serving as Master put on them. We had the pictures of Brother George Sehlmeier and J. Blaine Quinn, Past Masters and of the present Master Chester Deaver, done also in sepia, but in a larger size. All will be hung in the State Grange office building. There are 22 Past Masters and with the present Master it means that in 100 years we have had 23 Masters. We have been able to get all but about 6 or 7 pictures we need to complete the project.

We have ordered and received 5000 Grange Centennial souvenir spoons and these will sell for \$1.00 each. We feel this will be a very special way to commemorate the year.

Centennial dresses are being worn for two events, at least, here at the convention. First for our Women's March and again at our Women's Breakfast. Many others will wear them at other times during the week.

The Walnut Cedar-lined Chest is over flowing with "goodies" from, not only the Pomona C.W.A.s but from Subordinate C.W.A.s and from the many individuals who just wanted to help. Tickets have been sold all over the state and each Grange will be credited with the amount of money turned in, toward making their "goal" in the debt retirement. The total amount of money raised through this project, a joint C.W.A., Youth and with the help of all the members, will not be known until Friday evening. A check, for the total amount raised, will be presented to the State Grange at that time.

Since most of the contributions made to the building fund are sent directly to Sister Marjorie Brown, the State Grange Secretary, it may appear that only a very small amount was contributed by the women, but this was never intended to be a project of any one section of Grange membership. All of our members are interested, I'm sure, in seeing that this debt is paid off as soon as possible. \$300.70, however, was received in my office and sent on to the State Grange Secretary, during the past year.

Although the Bible Fund is no longer in our C.W.A. program now, we did receive a small amount and the total, we have received since it was "reactivated", is \$416.55. We have purchased 4 Junior Bibles during 1972 to be given to a new or reorganized Grange, if they had not received one before from this fund. We had no new Subordinate Granges organized this year so no Bibles were purchased for them.

We still urge that Scholarships be given, either at the Subordinate level or cooperating at the Pomona level. During this past year \$9,034.37 was reported as having been given to 115 young people. These were given for such things as Agriculture, Home Economics, Nursing, Music, etc.

To benefit our young Grangers, there has been \$46.00 sent in for the work, at the State level, for the Junior Grange. \$31.00 came in for the State Youth fund. Several reported that their Grange had contributed to the National Grange Youth Leadership Fund also.

The funds at Cal-Poly and Humboldt State College, which we gave to them several years ago from our Women's March, is still doing a good job. A maximum Grant of \$100.00 can be given to a woman student, who would have to drop out of school because of the lack of money. This is usually very close to the end of a semester, which would mean that all of the units for that semester would be lost. Cal-Poly reported that they had aided two students this past year. Humboldt State College used none. The reason for this was that they said that \$100.00 only would not have let the student finish anyway so none was given. There is still about \$1,300.00 in the fund at Humboldt State and about \$1,200.00 at Cal-Poly.

Aid is needed in many places but since we could not help everywhere we concentrate on just a few from the State and National level. For many years we have had, as our one State project, MEALS FOR MILLIONS. During this past year we have contributed \$1,716.91 to this worthwhile effort to feed hungry people.

At the National level our GRANGE-CARE project for the past two years have been to aid in the country of Panama. Since these projects run for a two year period we will have a new one for 1973. This year we have contributed \$814.11 to CARE.

We have a new, permanent National Grange project and this is titled "Dream With The Deaf". We are asking that you try to help in your own community, in any way that is needed. This does not mean just the contribution of money but with your support and work with the Deaf schools, Workshops or any place you can. We have asked for money only for the Ann Sullivan Memorial Fund and we have received \$198.50 so far. I am asked to send this money just before the National Grange session, in a lump sum. Please do not send any of this money directly to our National Director of Women's Activities, Sister Alta Peck, as she just has to send it back in order for us to get the credit for it. Since this is quite a new project we anticipate that many more C.W.A.s will participate in one way or another as time goes on. We want this project to become so well known that when work with the Deaf is heard about that the name of the Grange will also be known as a great supporter. Contributions to the Ann Sullivan Memorial Fund will be welcome in any amount. Ann Sullivan, you know, was the teacher of Helen Keller who is just about the most famous person we know in recent history to overcome the double handicap of deafness and blindness."

Again this year the money from our Women's March will go into the Building Fund. At the convention in Santa Cruz, in 1971, we had \$1,702.35 turned in. Each Grange was credited with the amount they had turned in toward making their goal in paying off the debt, and it will be the same this year.

This year there was a lot of work done on our Women's building, Wisteria Hall, in Sacramento. A great deal of the work was done by the Grange people in Sacramento and Yolo counties. Hard back-breaking work and during the hottest weather this past summer. The building was painted inside and outside, floors scraped, sanded and refinished with a new type hard finish and all the table tops were redone with the same material. New drapes and refrigerator were provided by the Sacramento Pomona Grange and C.W.A. The State Grange provided money for much of the material, paint, etc., and some of this is coming from the Mabel Glenn Memorial Fund. Sacramento Pomona C.W.A., each year, has the Wisteria Tea and most of this money in past years has been turned in to the Mabel Glenn Memorial Fund. This year the money was used directly on the building. We had a total of \$89.25 added to the fund this year by contributions from various C.W.A.s. In August, when the Western States Grange Leaders conference was held in Sacramento, Sister Alta Peck, our National Director, said she was particularly anxious to see Wisteria Hall because it is the only Grange Women's building in the United States. Of course we were happy to "show it off" to her and a number of others who went along to look it over. The building belongs to all of us and we can be proud of it and I do want to thank all those who worked so hard this year in fixing it up.

The Cookbooks are still selling very well. We are on our 4th printing now and they are still available if any of you want them to sell.

We will continue to give \$100.00 to the winner in the Grange Talent contest, which is under the direction of the State Grange Lecturer. This is not prize money. It is to be used for expenses for the contestant, who is the winner in California, to go to the National Grange to compete in the finals. If the contestant is not able to go the money is not to be given.

This year we again have two State Contests. The Cookie contest has the same 4 Classes, with 3 prizes to be given in each class. A contestant may enter as many kinds of cookies as they wish but may receive only one prize. The prizes are \$5.00 for 1st place, \$4.00 for 2nd place and \$3.00 for 3rd place. We sell the cookies for 50c a plate, after they are judged, and from the money we get this way we finance the prizes for this contest and also the Quilt and Doll Dressing contests. We welcome contributions of extra cookies to sell also. This contest is for Grange members only, as is the Quilt and Doll Dressing contests.

The other State contest is a second year for the Quilts. They are to be the work of the C.W.A., as a group, on the quilting although the tops can be made by one person. Last year we had 10 quilts entered and we are hoping for that many or more this year. Prizes for this contest start at \$10.00 for first, \$6.00 for second, \$5.00 for third, \$4.00 for fourth, \$3.00 for fifth and \$2.00 for sixth.

A National C.W.A. Doll Dressing contest is for Grange members only. Last year we had 20 dolls entered and we also hope for more this year. Prizes will be \$5.00 for first, \$4.00 for second and \$3.00 for third prize. The first place doll will go on to the National Grange for final judging at the National sessions in November. All dolls going to the National will be given to some charitable organization to be given to small girls.

We had a nice increase in the National Grange Sewing contest this year, with 470 entries. 762 entry blanks were sent in and we wish more could have been counted in the final total. 54 garments were judged at the State level.

We had a total of 300 entries, from all the Granges, in the National Grange Needlework contest. We have room enough this year to display these articles and we hope you will look them over. First place articles are not here since they must be sent on to the National Grange for final judging. Last year we had two National winners. Sister Thelma Christensen, Humboldt County, won a first place with a lovely pair of embroidered pillow cases. Sister Mary Schultz, Siskiyou County, won a third place with a crocheted bedspread. We certainly would like to have more entries—and of course more National prizes.

The Cancelled Stamp project is again back with us as we had it for so many years. We work with the Sons of Norway on this project as they are able to get the stamps taken to Norway, without charge, on Norwegian ships. These ships are again coming into San Francisco harbor. Some of the C.W.A.s found some other outlet for the stamps and many of these will continue to be supported I'm sure. Money from the sale of the stamps sent to Norway, is used for the prevention and cure of T.B. and other Respiratory diseases in Norway and other European countries.

"Charity at Home" is not being neglected either. A great many of the C.W.A. reports tell of the work in the hospitals, rest homes, etc. Other work is for individuals who may be "shut-ins", taking people to the doctor or shopping, etc. Visits are urged just to make the day brighter for someone. Xmas, birthdays and other special times are observed by many C.W.A.s to hospital patients. Scuffies, bibs, laprobes, crutch pads, toe socks, handkerchiefs and many other things are made and donated.

Service men and women are not forgotten. Many cookies are made regularly to be taken to the service hospitals or served to the people leaving the U.S. or returning from overseas. Ditty bags are filled and sent to many.

Many reports tell of taking food to the home when there is a death in the family. "Showers" have been given for people who may have had a fire or other disaster destroy their possessions. Areas which have suffered from floods, tornadoes or other disasters have been sent a great deal of supplies.

There are happy times observed as well. Quite a number of 50th wedding anniversaries have been held in Grange halls. Wedding receptions are also held in the hall.

Grange hall improvements are also unlimited in variety. We have urged that the Granges get their halls ready for this big year ahead. From the reports I'm sure that things are going to "shine" for our Centennial year. Money is often raised by the women but with the help of many of the men as well. Work is then done by the men with the women furnishing a few meals for them and a good time is had by all.

A great deal of money is won by the Granges putting in booths at County or District Fairs. Many have both a Grange and a C.W.A. booth. Considerable money is also earned by having food booths at fairs. We are very happy that the name of the Grange is gaining use at the State Fair. The Island, which the Sacramento Pomona Grange has the use of it being called Grange Island. Grange Day this year was quite a big one, when they served about 300. We were pleased to be able to have the State Officers of the seven Western Grange States and also a number of National Officers there that day.

There was an increase this year in the number of Recognition Reports, with a total of 154 being received. It is from these reports that I derive most of the material I need for my report to the National Grange. However, there are 325 Granges in the State, so with only 154 reports coming in I'm sure there were many other things I might have included in the report which I did not know about. Of course, some of the material also comes from the quarterly reports, and I appreciate the information from those also. The winners in the Recognition Report contest are as follows: *Pomona Grange C.W.A. Report*; Marie Dwight, Sacramento *Pomona Grange No. 2. Subordinate C.W.A. Reports*; 1st Place, Faye Dappert, Fonbloom Grange No. 602, 2nd Place, Clara Hill, Riverdale Grange No. 624 and 3rd Place, Myrna Thomas, French Camp-Lathrop Grange No. 510. The Junior Grange Recognition Report contest had only one entry and it was by Donna Dwight, Elk Grove Junior Grange. The first place Subordinate and Junior Grange reports have been sent to the National Grange, along with my report, for final judging.

We had a total of 32 completed Wall Charts and all but two of these also had a Recognition Report so each of these will be entitled to a certificate from the National Grange. If they have already received a certificate then they will receive another seal to add to it.

Twenty-six District meetings were held again this year. For the first time, since I have had this job, I was unable to attend a District meeting. The last meeting this year was held at Prunedale Grange hall for District 5. I had just brought Jim home from the hospital and could not leave him and he was not able to make a trip that far away, so much to my regret I had to call Sister Florence Sheffer, District 5 Director, and tell her I could not come and for her to "take over".

Again I want to thank everyone who has helped to make the past few months fore bearable. It has been a very trying time for Jim—and for me. We both especially appreciate the many cards—and your prayers—for his recovery. We feel sure things are going to go well now and all of you have helped.

A great deal of extra work has been done by all those in the State Grange office to help me get through to this convention time. The girls in the office have helped with the Chest ticket accounting. The Grange News has helped get my columns ready for printing, by transcribing my "henscratching". Brother Jack Berry took over when I faltered in the Past Master's picture project. He said he would see that the name of the Master and the years that he served was prepared, the pictures framed and ready to be hung.

The cooperation of our State Grange Master, Brother Chester Deaver and Sister Doris has meant a great deal to help things along. I'm sure that our prayers now are going out to Sister Doris and to Brother Chester. The Executive Committee has given their whole-hearted support to the many things we planned for this year and for the coming Centennial.

As we observe this 100th annual session maybe we should think of this. All along these years someone has been working for someone younger in our Order.

### *AN OLD-TIMER SPEAKS*

Youth laughs at us old-timers  
And maybe youth has cause  
For when your hair gets gray and thin,  
You don't expect applause.

Perhaps we're not so handsome,  
Perhaps we're not so spry,  
But when youth gets as old as us,  
Then youth won't wonder why.

For we have fought the battles,  
And we have led the van,  
For many this life an easier road  
For many a younger man;  
And he will do tomorrow a lot of things that pay,  
Because old-timers thought them out  
And tried them yesterday.

We know the world is changing,  
The ways of trade are new;  
Men put new labels on their goods,  
New roofs on houses, too.

But still the old foundations that some old-timers  
laid  
Remains the cornerstone of all  
The progress men have made.

Let us hope that the foundation that we are laying today  
will be as solid 100 years from now.

## DIRECTOR OF MEMBERSHIP REPORT

*Worthy State Master Chester Deaver, Sister Deaver, State Officers, Delegates, Brothers and Sisters:*

We have come to that point where the future appears to be running away from the present. Although the Grange is changing moderately and definitely, it is being shaped by a greater assembly of young people than it perhaps has in its total history. In short, the classic dilemma of the hiatus between the staid and the young is freshly thrust upon us in circumstances which are desirable and welcome.

To catch up and be ready for the future it something else. The problem, distilled to its essence, is simply that the routine devices of the one-session meetings, the workshops, the district meetings, the regional conferences—have in the main had limited effect upon the membership body. Moreover, unless we can arrange for a functional give and take between the member in the Subordinate Grange and the external leader, the newly proposed Grange plan will either be a paper one or a bad rendering of a good intention, and, in any event, something less than it might be.

I want you to do something with me. Fold your hands. It doesn't make any difference whether your left thumb is on top of your right thumb or vice versa. Comfortable? Now change the position. Do you feel a slight discomfort and uneasiness—All right, the demonstration has now ended. If this uneasiness can happen to you over a simple exercise in hand folding, think what is happening to people when they investigate the possibilities of proposing a change in procedures in the expectation of a benefit for their Grange—they must have the full cooperation of the entire membership—and they don't receive it.

Assuredly, the district meetings conducted by the C.W.A., which have been going on for many years, are very well attended by interested, active, and productive members, while on the other hand, the additional newly-formed committees are being shunned by most when a conference is scheduled. Why? Simply because people don't like new ideas. They don't want to change. Those responsible for doing things the old way don't like to see their idea discarded. They feel more secure doing things the same old way—the way they know. The new way is strange and untried—who knows what is might lead to?

We have good ideas—we've given you time to think them over. Won't you unplug your ears, take the initiative and join our enthusiasm? As Sister Betty Smith said during the Western Leaders Conference, and I quote, "Come, take my hand, come up a little higher and go with us. It's such fun, it's so challenging." Unquote.

We do not need "crash" programs in the Grange! We do, however, urgently need to revitalize the Grange program so as to better meet current demands. We need this revision and enrichment as we can no longer be satisfied with the same choice of activities "warmed over" and repeated every year.

The need for more fresh and healthy Grange activities will bring greater accomplishment to each individual. The time for action is now! Join our side and help us capture the imagination of many people—young and old.

If you are a Master of your Grange you understand and realize the responsibility placed upon you. We ask that you take the same responsibility as a member of the "Standing Committee".

The winds of change are moving the regional leader in new directions. Changes are evident in almost every area of living, and the Grange is no exception. Change comes about when we build on strengths, not when we look for weaknesses.

The reasoning of the Grange programs leans on togetherness. Today's new medium must become tomorrow's creator of excitement in what will be the grand Grange program. Each Director under the guidance of Worthy State Master Deaver has joined hands together in comprising the Grange need, and with the able assistance of Regional Representatives, they are meeting with you to discuss your concerns and pass along another's idea and carry your idea to others. Thus, do you now understand the necessity of attending a "Standing Committee" meeting?

Today in the United States, we are rapidly approaching a crisis in which men will struggle for space in which to live and play, air fit to breathe and water fit to drink. Our heritage as a Nation is closely bound to the outdoors—to the natural environment.

Man instinctively develops a recognition of his interdependence with all of life and a recognition of his responsibility to maintain the environment in a manner fit for life and living—an environment of beauty in which man lives in harmony.

Management of our water resources is another issue that is becoming increasingly important as use approaches available supply. Shortages can occur in any region of the United States in any year. Forest lands are important because they produce over 60% of the total water yield and are vital to maintenance of water quality.

Pesticides of some kinds are used on about 85 percent of all farms, yet farmers accounted for only slightly more than half of all pesticides used in the United States in 1966. Pesticides may become pollutants when they or their breakdown products remain in the environment, or when they reach some part of the environment other than the intended target.

I mention these facts because agriculture is the leading factor for any Grange member. Our Grange youth in their splendor surround us with the intellect and capabilities to seek

the solution of ecology, the topic of today which is a Grange concern.

Our Junior Grangers are active in the Safety Program and Community More Beautiful. Our youth take part in ecology and environment through Community Service and the Community More Beautiful programs.

In spite of its nebulous nature, it seems to me that perhaps an effective fuction to perform for the youth of our Grange is to care about them. Not to wonder or be concerned but to *really care* about them as important Grange members. It is a most vital part of what we can call membership priority. For a youth to see himself as worthwhile, many times demands that he see this quality reflected in the attitudes and actions of those with whom he comes in contact.

In addition to our Junior's and Youth, the Grange Action Program (GAP) has become another vital segment of the Grange plan of action. These selected regional leaders cannot imagine a situation where they feel that change is coming from the top and filtered on down. No indeed! They have accepted the possibility that the more change is desired and studied at the grass roots level, and given to the top for response and action, the better chance of success and survival.

Yet I do not believe that man can go on adjusting to changing conditions or our world and still be man. If there is to be a healthy society of the future we must search for positive values which transcend the nature of the immediate environment. No one can present a value system relevant to all men in all ages, but we know enough to at least try to describe certain basic guidelines. A real understanding of the process can best be gained by experiencing it.

I have been discussing several phases of Grange activities, which in their fulfillment will promote Grange growth. Membership growth is my main topic.

I never listen to a speaker launch out on one of those long discussions, filled with statistics of all kinds, or commit the same error myself, but that I think of the Professor in a Western University who taught mathematics and statistics. One day he was standing, dressed in his bathing suit, at the edge of a swimming pool on the University campus when a beautiful coed accidentally dropped her camera into the deep end of the pool. She called to the elderly Professor for help. He said he would be glad to dive down after the camera, but first wanted to know why she happened to choose him when there were so many young men within easy reach to do the job. She answered, "Professor, you have apparently forgotten me, but I am in your large statistics class. I have found that you can go down deeper, stay down longer, and come up drier than anyone I know."—I do not propose to go down too deep, stay down too long, or come up too dry with the following statistics.

If you have not had a gain in membership in your Grange this past year, you should now examine it. You have seen the statistics rise the past five years and you still probably agree that it is one of the most rewarding happenings for the California State Grange.

Let's talk about your Subordinate Grange. What is your status for the past five years? Is it a change forward or downward?

One hundred twenty four Granges have taken a loss of membership in the last five years, nevertheless, the remaining balance of Granges (about 2/3) have shown a considerable gain. With a membership of 39,302 in June, 1967 to 43,959 on June 30, 1972, and increase of 4,657 shows a great deal of effort on our part.

This past year one hundred nineteen Granges out of the three hundred twenty seven Subordinate Granges took a loss. We still came up with a gain of 1,803 members at the end of the June 30th quarter.

The following Granges deserve merit and recognition in obtaining a membership gain of over 75 to 100 members within the five year period:

Forrestville No. 367 and Ukiah No. 419, each with 78 members.

Chico No. 486, 84 members.

Lake Francis No. 745, 88 members.

Ostrom No. 751, 92 members.

Elk Grove No. 86, 93 members.

Rio Linda No. 403 and Rincon Valley No. 710, each with 93 members.

Rohner No. 509, 94 members.

United Rescue No. 450, 98 members.

Subordinate Granges which have maintained an outstanding record of membership gain ranging from 103 to 163 in the last five years are:

Golden Empire No. 806, 103 members.

Konocti No. 755, 106 members.

Banner No. 627, 117 members.

Rough & Ready No. 795, 125 members.

Sebastopol No. 306 and Loomis No. 638, tie for 133 members each.

Aptos No. 800, 144 members.

Brownsville No. 708, 157 members.

Orangevale No. 354, 163 members.

It is interesting to note that all the Granges in Nevada County are in the above listing of 100 plus. I assumed that all the GOLD was taken out of Nevada County years ago; nevertheless, there is "GOLD in them thar hills". Brother Deardorf, tell us, "What is your secret?"

To continue on in the statistical era and not with the intention to inflate your ego beyond the ceiling, we must relate the efforts of so many Grange members. The approximate number of new initiates from July 1, 1967 through July 1, 1972 is 20,000.

Subtracting 4,657 (the total gain in the 5 years) from 20,000 leaves us with a number of 15,343 members lost during those five years. Worthy State Secretary Marjorie Brown states these facts:

Loss by death and loss by demit together account for just over 25% of the loss while over 50% is the result of suspension through non-payment of dues.

Let us evaluate. How can we put a halt to this tremendous loss? Through the cooperation of your Grange secretary and the membership chairman. The secretary tells the membership chairman when notices went out, the response if any, telephone calls and any other form of communication. The membership chairman locates a member that lives nearest the late paying member, and that particular member is assigned to help in the retaining procedure.

In visiting this Granger you may lose for non-payment of dues, maintain a positive attitude. Talk about a) The last meeting; b) The Grange project and new programs; c) The community problem and Grange contribution; d) What's planned for the future; e) Something you read in the Grange News; f) What your CWA is doing; g) The Junior Grange and Youth Activities; h) Go over the Grange benefits, insurance, credit union, GBO; i) Give the member the new brochures relating to the Grange organization; j) Tell the member of how great the benefit for the member to remain in the Grange and also of their great contribution and assistance to the Grange by remaining a member.

"Man, pay up! You're behind in your dues!"

In 1973 Sister Brown and I will be formulating a closer relationship with secretaries and membership chairmen. Please work with us to grasp and halt the better part of these major losses.

Last year I presented a gift to the Regional director that came up with the greatest percentage of membership gain for his region. Brother Donald McKeever of Region No. 6 was last year's winner, showing us an 8.6% increase in membership. With an increase of 10.8% this year, Brother McKeever again is our regional winner. Brother McKeever, has already received his gift from me. (Incidentally, Nevada County is under his jurisdiction).

There is a tie for second place. Region No. 7 under Sister Betty Thomson of Fortuna and Brother Gary Rutherford of Round Mountain No. 1 maintained a 6.0% increase. Sister

Thomson was in 5th place last year, so Brother McKeever better watch out. They are panning for GOLD along the Redwood coast, too.

Brothers and Sisters, I've expanded my talk to all phases of the Grange plan for action—Junior Grange, Youth, GAP, CWA, our benefit companies, membership, and will conclude with the lecturers.

More than a century and a half ago, Samuel Taylor Coleridge wrote, "Oft the spirit of great events stride on before the events, and into today walks tomorrow." How well those lines apply to any consideration of the pressures influencing change today and tomorrow! All around us we see the forward march of events—each presenting a fresh challenge to the lecturer. And we work not in darkness because into today walks tomorrow—we have many clues about the kind of programs the Grange members desire and appreciate.

One hurdle we must face is poor attendance at Grange meetings. This is not overrated in any sense; but don't let me hear you say the attendance is small because our lecturer is not very active. The problem is not entirely the lecturer, it is your Subordinate Grange as a whole.

We need individuality in our responsibilities, true, yet we need the togetherness of planning, creating, innovating new concepts. An organization works better and more happily when its collective brains are operating on the problems and projects that arise daily. This is innovation at the point of its greatest need and significance. Such innovation should be supported and encouraged.

Ideas are essential. No one person can have them all. Ideas are what the United States is made of. Without a doubt our new heights in our standard of living have been reached through creative thinking.

We must be true to what makes us human; to be true to ourselves. This is the only way we can be true to one another. So, come, won't you join our program? We have only ourselves.

As I look out upon my audience, I see several have fallen asleep. If I ask you to please nudge them and wake them up, I know your reply would be, "Wake them up yourself, you put them to sleep." You are right. Everyone, wake up! I've finished talking! God Bless you and thank you.

## DIRECTOR OF YOUTH ACTIVITIES REPORT

*Worthy State Master Deaver, Visiting Dignitaries and Brothers and Sisters of the California Granges:*

Greetings again, from the younger brothers and sisters of our Order. In those Granges where youth have been fully accepted as working members we are proving our worth.

We are joining the Grange in ever increasing numbers, and better than that, we are not dropping out. So far 99% of us don't even know there IS a "back door".

In a survey that the Regional Youth Directors of seven Regions conducted last spring, which covered a twelve month period, some very significant statistics emerged. A definite trend was noted.

Of the 220 Granges contacted and asked to respond, 130 good Grange Secretaries, in a period of only two weeks, gathered the needed material, compiled it, and had it in the hands of the Regional Directors. Just TWO weeks. My admiration for such Grange Secretaries is unbounded.

Of the 130 Granges who did respond, 76 have gained in membership in that age group below 40 years of age. Only 6 have had a loss during the year. The rest, or 48, had remained the same, no gain, but no losses, either!!!!

I wish we could say the same for the GRANGE AS A WHOLE.

And that's what we are primarily interested in—the Grange as a whole.

Right off the bat I'd like to get something real straight between you and me. A little bird told me that a few of you think that someone, meaning the Director of Youth Activities of CSG I suppose—is trying to splinter the Grange by putting so much emphasis on Youth.

Now, as the politicians say "Let's look at the record".

At the beginning, almost five years ago, we practically started from scratch as far as having youth recognized in the Grange is full responsible members, having the same duties, privileges and say-so as any other Grange member. Along with very few young members, we had also been in a membership nose dive for 15 years.

At that point there evolved a new IDEA of Grange, what it is, and what it SHOULD be accomplishing.

The "total picture" is what we looked at, and it didn't look all that great.

So, TOTAL EFFORT by the State Grange Master and Department Heads resulted in pretty much TOTAL EFFORT by 40,000 members, or at least enough of them to get things moving upward, and onward. The picture changed dramatically, and we now count ourselves over 44,000 members and growing every quarter, and it's a WHOLE NEW BALL GAME.

And in that "total effort" the Youth Department got in a few good licks of its own.

Some of the most vital ideas affecting CSG have come through the Youth Department. Not one of these ideas has been directed toward any one age group. Take for instance **THE PROJECT**.

That idea first came to mind while investigating Camps. Was the prime motive back of that simply to make the Youth look good and feel important?

Or was it to pay off the Mortgage on the Headquarters Building in Sacramento so there would be more money in the General Fund to use for better projects and programs to build the **GRANGES** in California?

Was its intention to divide the Grange, to splinter the membership into warring age groups, or was it to **BUILD** by all of us working together on a common project, a more **UNIFIED MEMBERSHIP**.

Remember our slogan that you have seen in the Grange News countless times **TOGETHER WE CAN DO IT**.

Another project of togetherness is the current cooperative effort of the Committee of Women's Activities and the Youth Committee on the **HOPE CHEST PROJECT**. This is a money-maker, too, the proceeds going to help **THE PROJECT** for **ALL** our sakes.

The way this came about was that at Cal Poly last spring Brother Jack Berry suggested to Sister True and me that it might be a good idea to give **THE PROJECT** a new lease on life if we had some kind of cooperative effort by the Youth Committee and the C.W.A. to motivate interest, and create more money for retiring the Mortgage. Something maybe with a little fun to it.

That sounded like a good idea so it occurred to us one day while listening to a Grange sister talking about a project some other Grange had, that the Youth could buy a beautiful cedar Hope Chest, and the ladies of the 47 Pomona Granges could fill it with beautiful gifts and all the rest of us could sell tickets on it. We called Brother Deaver immediately for his blessing, got a quick OK from Sister True, and within two weeks Sister True, with the help from many pairs of willing hands, had the Hope Chest project off and running.

The results will be in, and the winners known before this Convention draws to a close. Somebody is going to be glad they obeyed that impulse and bought a ticket.

Together we will have accomplished another minor miracle. Together we can do **ANYTHING** we want to do, if our motives are pure and we aren't afraid of hard work.

Another unselfish program sponsored by the Youth was the **"EACH ONE WIN ONE** idea. The Youth wanted it to affect every Grange in California, each membership, each Granger, so that every Grange **COMMUNITY** would benefit.

Was that a selfish program, was that a splintering action on a total Grange effort?????

At Cal Poly last spring "EACH ONE WIN ONE" matured into a new project as I WON MINE as a youth project for this year. And "I WON MINE" badge is being given to each Grange member who signs the top line as sponsor for a new Grange member by the State Youth Committee. So far there have been about 600 of them awarded. Brother Deaver says the I WON MINE badge can be "Proper Attire" in all California Granges for our Centennial Year. These badges are gold paper with black words, and they have to be pinned on with a pin. To put a backing on them would cost .04c more, and we can't afford it. They cost .03c to begin with.

I'm asking you, in all sincerity, what makes even one person think we're trying to splinter the Grange simply because we are trying to bring Grange membership in to a proper balance, membership wise, and at the same time Build Interest, Build Pride, Build an Educated and Enlightened membership? Do you think a Grange is in proper balance if its average age is 65 years? Father Kelly wouldn't have thought so!! Some Granges are rapidly overcoming the imbalance.

If in doing these things the youth are made to look good, and made to feel important, it's only because they DO look good, and they are tremendously important.

With all respect for those Grange members who find change unsettling, we must say, that, in time, you will become our staunchest supporters for as your understanding grows and you perceive what it is we're doing, you will agree with us. We are achieving better projects and programs for Grange, and we are seeing a definite growth in Grange membership as a result of our efforts, and best of all we are using the Grange to affect, for GOOD, the lives of young and old alike.

In helping you to understand more fully how this philosophy of Grange life is unfolding let me explain a bit.

We believe that it is important for ALL Grange members, regardless of age, to be taught what the Grange is, the customs, the manners, the correct Grange procedures, the meaning of the Ritual, the lessons of the Degrees, the Secret work, known as the Code, the History, and the Aims and Purpose of our Order.

Youth's natural impulse is to learn, and this ambition is constantly being fulfilled by programs of education in Grange work which results in more and more well trained and enthusiastic Grange members. Please remember that when the youth get together, so also do interested adult members known as Youth Advisors. These are in a ratio of about 1 Advisor to every three youth, so you can see that a good many adults are also learning a lot about Grange work, too.

We do not agree with a recent report in the National Grange Newsletter of a Regional Youth Conference of several

mid-west Grange states where their work shops for the most part were devoted to such topics as the Viet Nam war and Women's Lib.

As important as these subjects are to most people, there are better places to study them than at a Grange Conference.

To this end therefore, as always, everyone attending Cal Poly, Young Married's Conference, Grange Camps, and Regional Youth Conferences should and will be exposed to such classes as will enlighten and inspire them to get on with the job of BUILDING the GRANGE, and in so doing it will Build Character, and make GRANGERS out of Grange members.

This is not a "campaign promise", it is a statement of proven fact.

We've had a tremendously busy and successful year, and it is a delight to capsulize it for you in this report.

Last year our Prince and Princess candidates attended the Charleston, W. Va. National Convention. We had no Young Couple of the Year entry last year, since the Young Married's elected to lay over a year after being chosen in order to serve as State Young Couple before going on to National Competition.

Mike and LuAnn were each invited to speak before a combined group of young Grange people from across the land, including all Prince and Princess candidates, all Young Couple Candidates, and all youth visitors to the National Grange Convention. Of course the reason for this was motivational on Mr. Steel's part, for he wanted two winners in the National Grange Representative Awards program to push the program. California can take pardonable pride that the two he chose were both from our state.

The Youth Representative Awards program is a wonderful program and really deserves much more participation than it now enjoys.

Our two candidates participated fully in all that went on during Youth Activities days in Charleston. For the second straight year California was in the winners circle. Year before last our Young Couple of the Year, George and Doris Schmidt, were Runners-Up in the National Young Couple contest, an last year Mike Smith was Runner-Up in the National Grange Prince Contest.

These honors, I assure you, are earned. They are not popularity contest. Many hours of study, much Grange work, school and community involvement ONLY, can prepare young people for this achievement.

We have every right to expect further winners for our State at the National Convention in Hartford. Mike and Robin, our Prince and Princess candidates are very active Grangers, and dedicated to building Grange in the finest way. Robin has attended every Camp, every Cal Poly Conference and every

Grange Convention since gratuating from Junior Grange into the Sonora Grange.

Mike has a tremendous background in 4H and Future Farmers, culminating in a trip with a Future Farmer group in 1969 to Europe and the Communist Countries, to observe, first hand, the Agricultural scene in those areas. Anyone who has seen the slides Mike took, and has listened to his comments on those pictures, knows full well that Mike knows the good old USA is the best place in which to farm.

Paul and Mariann Layher are certainly well qualified to represent California at the Young Couple of the Year contest. It's really unbelievable the amount of Grange work those two young people have done. Besides all of the Grange work, they are active in Community projects and find plenty of time to make a beautiful family life for themselves and their four children. They are an honest to goodness Grange family.

Mike Schultz was a top winner in the Youth Representative Award National program this year. The second year in a row for California to have that honor.

Not only that, but it's also the second year in succession that our Prince contestant was awarded the really top honor, according to Bill Steel, of being assigned as National Youth Representative to the Institute of Cooperation, which is comprised of all of the Cooperatives in America.

Mike Smith, as Runner-Up in the Prince Contest in Charleston was assigned by Bill Steel as National Youth Representative to last spring's Cal Poly Conference, and again to this Annual Session of our California State Grange.

LuAnn Fraguero, past-Princess and current Chairman of the Teen Section of the State Youth Committee brought home a very good idea from the Colorado State Grange Youth Camp last year, where she was sent by Bill Steel as National Youth Representative, after having won high honors in the National Grange Youth Representative Award program. In Colorado they were using the Youth themselves to teach classes at Camp.

Now we're always looking for good ideas, and many of them come from our young people, so we thought we'd give it a try and see how it would work here. Mike Smith, who had already earned his Merit Award Card for learning the Secret work was appointed by State Master Deaver (after qualifying by a reading test to become a teacher) to teach a class of Beginners in the Secret work at the Mendocino Woodlands Camp a year ago. It was very gratifying that so many beginners signed up for the class, and exciting to see how much they learned in three hours. One hour a day for three days.

It was such a successful venture that this year at Camp in the Sierras we had all but one class taught by youth themselves. The class in Advanced Code was conducted by Brother Hugo Wild, one of the Regional Directors of Youth Activities.

A class in Correct Grange Procedure was conducted by this year's Prince and Princess, Mike and Robin.

Mike Smith had the class for Beginners in the Secret work again, and there was excellent response. The test compiled by the Executive Committee of the California State Grange for Beginners has 14 lines, made up to 112 words in the Code Book. The best was given after three classes, and a young Grange member, first time ever to see a Code Book, won first place by missing only 5 words.

LuAnn Fraguero taught a class on the first Four Degrees. comparisons of the four Degrees, the varying meanings of the She used a new and very interesting approach to teach, by Charges given by the different Officers. It was most interesting and enlightening, and those who took the class were really impressed by how much they learned, and the insight they gained.

A new class, the result of an idea which occurred to Bill Booth, using the DIGEST as a text book was taught by Bill and two other Grange young people. Bill is Master of Yucca Grange in Antelope Valley, LA County and one of the other teachers was Pete Miller, young Master of Stanislaus-Tulolumne County Pomona Grange. The other teacher in this class was John Buzzetta from Santa Clara County.

This class was so interesting, so different, that it excited a lot of comment. Actually some of the classes turned into hour and a half classes by popular demand! The teachers had to learn a great deal themselves in order to teach so important a class, and they were able to communicate their own interest and enthusiasm to their class mates.

You can plainly see that Grange Camp is not fun and games, although there is plenty of fun, too. The entire forenoons were devoted to class work, and they have asked for one more class to be held during the afternoons for next year.

The National Representative at Camp this year was the National Princess, Sue Davies of Colorado. She was a perfect guest, friendly, gracious, fun-loving, giving to practical jokes, but sensitive to the feelings of others, a full cooperater and participator.

Not only were the classes taught by young people, the Camp was also directed, in my absence while attending the Western Grange States Regional Leaders Conference in Sacramento, by our Young Couple of the Year, Paul and Mariann Layher. There has never been a finer Grange Camp, they did a beautiful job, and were fully appreciated by both me and by the youth themselves. I was strictly an observer for the day and a half I did spend in Camp.

I hope you have noticed that this is not, or has it ever been, a YOUTH CAMP. It is and always has been a GRANGE Camp, and all are entitled, and invited, to attend and to participate fully.

We look forward to a Centennial year that will surpass any year in California Grange History. We will be bearing down on the I WON MINE project, hoping that when we all meet next year in Fresno every member attending will be wearing an I WON MINE badge. All you have to do to qualify is to bring one good person into Grange.

We will be urging to CLEAN UP, PAINT UP, SPRUCE UP your Grange Hall so we'll present the best possible image of Grange in our Communities. Some Granges have already started this program. I wish you could see our San Marcos Hall, it's gorgeous.

These two programs, I WON MINE, and CLEAN UP, PAINT UP, SPRUCE UP, are projects the Youth decided to undertake this year. You will notice that they involve us all, and that every Grange will benefit.

Many good ideas came out of the Western States Leaders Conference, but one of the things I am least likely to forget was Terry Miller's explanation of the word involvement. Terry is the Director of Youth Activities in Colorado, and he tells it this way. A lady called the Vet and told him her cat was sick. After listening to the symptoms the Vet said to give the animal a pint of mineral oil, and that should take care of the problem. The next day the lady met the Vet on the street, and the Vet said "Say, how's your calf?" "CALF"! she said, "I said CAT", but he's doing all right anyway. But he sure had the cats in the neighborhood involved for a while—two digging, two covering up, and one hunting new ground!!!

Two events especially, we are looking forward to with real anticipation in our Centennial Year.

One is to celebrate the BURNING OF THE MORTGAGE on our Grange home in Sacramento next July, and the second is our next Cal Poly Conference at which we will have as our honored guest for the full three days, Brother Jerome Davis, HIGH PRIEST OF DEMETER of our National Grange.

Brother Davis is a friendly man who is a devoted and dedicated LISTENER. In our case he liked what he heard.

We have on several occasions had the opportunity to tell him and others about our program in California. We have explained to him our conception of a Youth Committee as involving all of the Youth, as our CWA involves all of our women, and both he and Brother Brake, National Lecturer, have said it sounds great—and sensible—and practical—and within the framework of the structure of the Grange.

At the Western States Leaders Conference I sat at dinner with Brother Davis and others and I invited him to come to Cal Poly to see our youth and youth Advisors AND our Program in action. He said he'd love to. Then I said "well, if you do, please bring some of those letters that you have that were written by Brother Kelley and others of the Founding Fathers" and he smiled and said "I'll do better than that, I'll bring the Sacred Volume.

Now the Sacred Volume is a hand lettered and hand decorated book of all of the Grange Work. There are sketches and drawings showing EXACTLY how things are to be done in the Grange.

Upon arriving home from Camp I wrote a formal letter of invitation to Brother Davis, telling him the background story of the college and its relationship with the California State Grange. Perhaps some of you are unaware of its history. In the early days of the school it had some very hard times. The President of the school and our past State Master George Selmeyer were friends, and the California State Grange was instrumental in providing stability to the faltering school so that it was able to survive and to become one of our finest schools of higher education in this state. Agriculture remains one of the school's most important departments. At the last report there were 64 foreign countries sending students to Cal Poly to learn Agricultural practices and techniques so that they can return to their own countries and stimulate self help programs to feed their own populations.

There is one area of the Youth program we have talked about very little, and that is finances.

I think it's time that as a part of your Grange business, you were given some of this information.

For the past four years the State Youth Department has been largely self supporting. We were like a lot of today's Youth, we wanted to do it on our own.

At first, to start us off, at the Fresno Convention you delegates pitched in and had a money march to put us in business, and you really got us off to a good start.

Brother Marinoff gave us \$200.00 out of the goodness of his heart. GIA provided us with a bus for a field trip to Yosemite that first year, and have been generous with advertising space in the Grange News each year since. They have also given us two electric fry pans for the Breakfasts we have each Convention on Thursday mornings. They have also arranged a fun note by providing Hot Fudge Sundaes for everyone who helps on the breakfast.

From there we went on to a sale of seat cushions at the Ukiah Session, which, together from the profit from the breakfast that year saw us through the second year.

Our Grange Youth breakfasts usually net us a nice profit and they are getting bigger every year.

The \$25.00 fee for Camp for 4 days makes us some money. This year the fee of \$25.00 covered all costs at Cal Poly with a little left over.

But, even if we did want to make it on our own, we didn't expect our parents to forget all about us.

95 Granges in this state have sent almost \$900.00 to the National Youth Leadership Fund this year, AS YOU SHOULD, but, would you believe that the combined 327 Granges in this state have sent your California Grange Youth Fund only

\$114.00 in the past twelve months, or less than 36c apiece for each Grange!!!

Now, while we have proven that we can, and supposedly will continue to make money enough to EXIST—we'd like you to help us LIVE A LITTLE.

No fooling, if you now understand how hard these young people are working, and if you appreciate the potential of this program, Grange wise, then I appeal to you to support the program with a good fat donation from each Grange to the CSG Youth Fund.

It is administered by the Executive Committee and every penny is accounted for.

We brought out a New Handbook last year.

We plan a new youth brochure this year, and we'd like to publish a Centennial History of CSG for sale next session in Fresno. If your Grange hasn't made a contribution to the Youth Fund please make November Youth Month and send a check, marked CSG Youth Fund to:

Mrs. Marjorie Brown, Secretary  
California State Grange  
2101 Stockton Blvd.  
Sacramento, California 95817

Any of you may come to Cal Poly and experience the same thrills we do. The only requirement made of you is the same one made of the youth and the Youth Advisors who come. Register when the time comes, pay your Registration Fee, and then relax and enjoy it. It's a time that feeds the Spirit. Try it, you'll like it.

Believe me, Brothers and Sisters, the California State Grange is on the move, onward and upward, and the youth are right in there doing their share, taking their part of the responsibility, learning more and more about Grange, then putting it into effect in their own Granges.

It is a grave mistake for anyone to say that the youth are the "future" of the Grange. We are ALL the "future" of the Grange. The young people are the NOW of the Grange, right along with you middle aged people and you older people. Chronological age has nothing to do with it. Some people are old at 35, some young at 80.

The really old person is the one who has ceased to learn, who cannot see good in his fellow man, and who resists change of any kind. We are young at any age if we can rise to a challenge, take pride in the accomplishments of others as well as our own, believe that the best is yet to come, and can truly love his fellow man—and show it.

Thanks for listening, the Youth and I love you.

## SUPERINTENDENT OF JUNIOR GRANGES REPORT

*Worthy State Master Deaver, State Officers, Brothers, Sisters, Youths and Juniors, Greetings:*

When the Grange was first organized, ours was a rural nation. But over the past ninety nine years many changes, along all lines, have come about.

The record of the Grange stands on a solid platform from which we may proceed.

The Grange has had a glorious past, and the present is a tremendous challenge—but it is the future that all our hopes lie—we must work and plan for the future so that the next one hundred years will be greater than the past! The Grange way is the American way; it is a hard way, but it is a sound way; it is worth working at.

It is a way of group acceptance of responsibility, as well as the acceptance of individual responsibility from ages 5 to 95.

In order to build the Grange we must build enthusiasm. We must have confidence in the organizational structure, and pride in its accomplishments as well as its ability to accomplish more in the future—yes, we must work together, working together means winning together.

We want to call your attention to Grange leaders on all levels to the objectives of the Junior Grange program.

1. Develop attitudes and ability to cooperate with others.
2. Appreciate the value and dignity of work.
3. Learn to accept and discharge responsibility.
4. Develop Citizenship, Leadership and to be of service to others.
5. To stimulate appreciation of family, Home, Community and rural life.
6. Build the Grange.

Many of our youth leaders of today received this valuable training in the Junior Grange with the help of the Subordinate members who were responsible and active and willing to give the time necessary to assist in the Junior Grange work. We must encourage our Subordinate Granges to pledge their first loyalty to the Juniors. They are a very important link in the Grange structure, and the only organization to have these Family ties.

We ask that added emphases be placed on the promotion of Junior Grange work, we must renew our efforts to organize and work with the Juniors. Since in them are the future Leaders of the Grange of tomorrow.

I am happy to report that we had five such Granges looking ahead and reorganized their Junior Granges. They are as follows: Garberville No. 514; Mattole No. 569; Western Yolo No. 423; Windsor No. 410 and Fort Bragg No. 672.

While Kelseyville No. 778 and San Marcos No. 633 both organized a Junior Grange.

While we had these seven Junior Granges added to our books, I am sorry to report that we had to drop six of them. The main reason that these Junior Granges are inactive is due to the fact that no one would accept the position as Matron or Patron, or that the Matrons could not get the members to assist them. We cannot expect just one or two members to carry on alone. Not only are the members letting the Grange down, they are letting the children down, a total of 106 Juniors are lost because of this.

But I must say, that the Juniors that we do have, had a very good and active year. Once we realize only to well that it is largely due to the untiring efforts of the Dedicated Matrons and Patrons, we would remiss in this report if we did not express our gratitude to those who have given so much of their time, patience and tolerance in guiding and directing these Junior Grange members and getting in the quarterly reports, without them I could not submit this partial report.

Stressing the importance of Ritualism, reports show that 77% of the Juniors have memorized the opening and closing of the Grange. 73% over eight years old know the J/G pledge. We have one hundred nineteen members working toward receiving their merit badges and twenty two Juniors received a super J/G award. We now have seven Juniors who have received the third year super J/G guard. This I think is great.

Two hundred twenty one Juniors are working in the Red book. The Juniors have proven themselves friends to the needy and the shut-ins, taking Christmas baskets and clothing to the needy, making and giving lap robes to the amputees at the Naval Hospital, scrapbooks for the childrens hospitals and gifts and cards to the shut-ins plus hours of entertaining them. Grange hall improvements and assisting the Subordinate Granges show an increase over last year. The sum of \$406.00 has been turned over for various projects, and 129 hours spent for the up keep of Grange grounds, and planting flowers. Included in our projects were many contests . . . On the State level we have the J/G drill team competition but again this year we just have one entry that of the Independent Junior Grange No. 184, the drill will be put on this evening.

We had three entries for the Junior Grange Princess contest, but no Prince entry.

The Judges had quite a decision to make, as all of the achievements of the three were outstanding.

We are sorry that all three could not be winners. The young lady to take top honors was Lillian Daley, a member of the Wyandotte Junior Grange No. 178.

We would like to thank all who donated toward the Junior Grange fund, and especially to the Morro Bay Subordinate Grange for the donation of \$200.00. Part of this money has gone toward getting the Princess tiara ribbon and trophy, plus pay the expense toward the Princess and drill teams to come to the convention.

The Juniors had a good showing at the State Grange camp-out again this year. I was sorry that I was unable to be present for all of it. Due to the fact that the Western Leadership conference was held at the same time made this impossible. With the aid of Sister Mildred Painter J/G Superintendent of Region No. 8 and the capable assistance of Matron Stilson of Elk Grove Junior Grange No. 140 coming to the rescue, they were able to carry on the program we had outlined for the Juniors. We would like to have more Juniors take part in the camp-out. It gives them an opportunity to work with other Juniors, form new friendships and getting involved.

On the National Grange level we had the anti-litter and the Community more beautiful contest. We mailed out an entry form to all of the Matrons, but only two were returned.

They were judged and the first place award goes to the Independent Junior Grange No. 184, second place to Elk Grove Junior Grange No. 140.

These Juniors are to be commended on the fine work performed. On the National Grange achievement report, we had five entries. The Junior Grange designated as the outstanding Junior Grange in California goes to the Elk Grove Junior Grange No. 140. They will receive the Overseer's cloth and the Matron will receive the gold wreath Junior Grange pin. This pin cannot be purchased—it must be earned and Sister Stilson has certainly earned it.

We had four Junior CWA reports completed and one sent on to the National CWA.

The accomplishments from these reports are as follows:

We hope that next year that every Junior Grange will get in this report, as a matter of fact, every Matron should appoint someone to take care of this report.

It would be a great help if the Subordinate Grange Masters would include the Matron or J/G Committees, when asking if the reports to the Pomona and State Grange have been duly and promptly made. We should be and could be 100% if we all work together.

Let us here and now, dedicate ourselves to a determined effort to build the Grange and work with the Juniors and the Matrons, to have an increasingly competent and adequate structure—and a good structure needs a good foundation and this foundation is the Juniors.

Remember, we are a family organization—and these members, when they Graduate into the Subordinate Grange, will not come with empty hands to be filled, but with hands ready for the tasks that lay ahead.

This year we had 14 Juniors graduate into the Subordinate Grange. I do hope that they are put into an office, on committees, and kept busy. Let them know that we want and need them.

I have confidence in our Junior members, and they will produce dividends for our members, for our organization and our Nation.

Those who have gone before us have given us a heritage in this Grange of ours, a heritage that demanded work, sacrifice and dedicated devotion, it is ours to preserve and build. And WE WILL with the help of our youth and Juniors.

To the District Superintendents of Junior Granges, and to all who have served so faithfully, we say "Thank you." It has been an honor and a pleasure to serve as your Junior Grange Superintendent.

**REPORT OF CALIFORNIA GRANGE NEWS**

*Worthy Master, Fellow Grangers and — I hope — Readers All of the California Grange News:*

I'll call this a supplemental report, because twice a month you receive our main report on "How Is the Grange News Doing"—it's laid out for you in black and white and delivered to you at home.

Our aim is to bring you an informative and interesting publication—one that you will be anxious to pick up and read—and one that, in addition, truly serves the interests of a growing California State Grange and its membership. How well we accomplish this, only you, our readers, can judge. In the final analysis, it's the readers and their interest and response that makes a publication what it is.

Be assured we want your suggestions, your ideas and your criticism. We are constantly striving to improve the Grange News in every way we can within the limits of our small staff and restricted budget.

Budget. That's certainly a key word. As many of you know, just a few years ago we were caught in a position of rising costs and shrinking revenue. The Grange News found

itself in a deficit position. We are working hard to increase our advertising revenue. At the same time, we are holding down costs, wherever possible. But—and this is important—we do not want to cut costs in areas where it will lessen the quality of our product. I am pleased to report that in the fiscal year 1970-71 we succeeded in reducing that deficit appreciably and again this fiscal year just ended we have made additional good reductions. But the problem remains. Costs continue to rise. One of the major costs of the Grange News, U. S. Postage, is rising at an exorbitant rate, way out of proportion to what our costs for mailing have been in the past.

As you probably know, these huge increases in the cost of second class mail—the class for newspapers and magazines—that have been put into effect or are projected for the next three years, are spelling the end for many long-established publications. At this point, I'd like to make a side observation—: There can be no question that one of the reasons our country has made such great strides in its past is because of the postal system we have enjoyed—a system that made possible the distribution of publications at minimum cost to everyone and a system of rural free delivery that, by the way, was through the efforts of the Grange. These postal services have never directly paid their own way. They've been paid for in large part, by public funds. But in return the public has been repaid many times over in services that could be brought to him in no other way. The printed word, from Benjamin Franklin's time on, helped make this nation. Now, in a time when publications must compete with television—a medium that is almost free—it does not seem in the public interest to set drastic increases in second class postage rates, making it even more difficult, if not impossible, for the printed word to compete at all. This is a matter which the Grange may well study and in the future may wish to take constructive action.

Meanwhile, back to the Grange News and its future. We are providing many features of interest to segments of our readers—Yours Truly—on women's activities, a fine Chaplain's message, the Lecturers message, and a bi-monthly Grange Youth News—a paper within a paper put out by our Grange Youth themselves. In addition, we have exclusive columns which you see only in the Grange News—Your World on Travel, Helen Homes on a wide range of subjects of interest to women and the very informative column, Money Talks, on matters related to credit unions and personal financial management.

On our Farm and Business page we've recently added a regular Farm Market Report, a service that can be of value to both farmers of the Grange and consumers. Gradually as space and resources permit, we plan to add other attractions to your Grange News. At present, we hope to stimulate interest in a Letter to the Editor section—but our space is extremely limited. It will be impossible to print all letters and the letters

will have to be condensed. Our aim will be to get provocative ideas out of our readers . . . we'll appreciate your help. Try to get your letters accepted, but please don't be too disappointed if they're not printed—our space will be extremely limited.

I am pleased to report that the Grange News travel program is growing each year . . . Near and far, more Grangers are going more places on Grange tours than ever before. We've had some outstanding Grange trips this past year—short tours like the popular annual Rose Parade New Years Gala and the Death Valley tour; the wonderful 43-day visit to the States of the Confederacy; the sojourn to Hawaii, the Carribean Cruise; the Canadian Rockies; Europe; our own tour to Africa; and coming soon, our own tour to Australia and the South Pacific. We're working up next year's schedule now and some exciting horizons will be opened for those who join us. I'll just tantalize you with a few—we'll have a trip visiting our neighbor in the beautiful plateau country of Mexico; we'll take an Amtrack adventure, trying out some of the new rail system that's bringing good service back for railroad passengers; we'll explore the west's Canyonland country, and later in the year we'll have a big one—*our first Grange Tour Around the World*. And for those who haven't tried a Grange tour yet we'll have more short tours to interesting places in the west. We hope you'll all be joining us on a future tour.

Now, briefly, a few words on a most essential partner in our Grange News—*our advertisers*. The revenue they provide is essential to our publication. In return, we want these advertisers to get full value on their investment. We hope you and all of the members of your Granges keep aware of who the advertisers are in your local areas . . . think of them first . . . patronize them whenever it's to your interest . . . and when you do, tell them, "I'm here because I saw your ad in the Grange News." By their advertising they have demonstrated an interest in serving Grange members. It makes good shopping sense then for Grange members to look to these advertisers first.

One special way we have of helping our advertisers get returns on their investment is our Grange News Sales Slip Booster Barrel program. Briefly . . . saving the advertisers sales slips and exchanging them through the Grange News for Booster Barrel tickets. It's fun to play and rewarding too, as you will see. Right now we're going to have our BIG DRAWING for the top prize of a vacation trip to Hawaii and 39 more valuable prizes. Here comes our Booster Barrel now and it's brimming with tickets. More people are playing than ever before . . . and this is good . . . it means more results for the merchants who invest in Grange News advertising.

## REPORT OF STATE LEGISLATIVE REPRESENTATIVE

*Worthy State Master Chester Deaver, Executive Committee, State Officers, Delegates, Brothers and Sisters:*

The "in-thing" this year is air, water and land legislation to control pollution, degradation, erosion and sanitation of our natural resources. This covers auto exhausts, drainage from farm lands, waste from factories, chemicals dumped into streams and effluent from sewage plants. This also includes saving our forests, improving grasslands, practicing ecology through cooperation between rural and urban, state and federal governments. The "in-thing" also includes, reduced property taxes, more state money for schools and better law enforcement. With the intended results the Grange agrees, however, it is in the method of accomplishing these results, unless they coincide with Grange policies, then we would disagree.

### WELFARE

President Theodore Roosevelt, in 1910 said, "The object of government is the welfare of the people. The material programs and prosperity of a nation are desirable chiefly so far as they lead to the moral and material welfare of all good citizens. Just in proportion as the average man and woman are honest, capable of sound judgment and high ideals, active in public affairs, but first of all, sound in their home life, and the father and mother of healthy children whom they bring up well—just so far and no farther, we may count civilization a success".

President Roosevelt was pointing out that the prime purpose of government was the protection of its citizens from aggression, not only physical but economic as well! Welfare at that time was used in its broadest sense and covered all the

people, rich and poor, young and old, black and white. The Grange is one organization that actually encompasses Teddy's "Welfare of the People at all levels of government". The local level has the Subordinate Grange which has four degrees; First Degree stresses "planting of high ideals; Second Degree: Tending them carefully, the Third Degree is Weeding and finally the Fourth Degree is Harvesting. Members of the Subordinate Grange are eligible to join the Pomona Grange whose principle objective is the coordinating unit at the county level. Members of any Pomona Grange are eligible to become members of the California State Grange. The Master of the California State Grange is the chairman of the executive committee which meets monthly to hear reports from the State Secretary, Editor of the Grange News, the Legislative Representative and any other business relating to Grange policy. The real purpose, the aims, accomplishments, either through publicity in the Grange News or the Master's "News Releases" or appearances before legislative committee hearings is to "Enhance the People's Welfare". Your Legislative Representative testifies before Legislative Committees in support of or in opposition to legislation presented at the hearings.

### GRANGE GUIDE POSTS

1. All prosperity springs from the production of wealth.
2. The compensation of each should be based on what he contributes to the general welfare.
3. The prime purpose of government is to protect its citizens from aggression—both physical and economic.

### OVERPRODUCTION

The Grange has steadily contended that expansion in production acreage is warranted only when it is apparent that markets are available to absorb increased production. Instead of opening up new production areas it is the Grange's belief that improved handling of acres already in production, by taking advantage of experiments and research, is a far better policy. The Grange has always supported the programs of the Extension Service, Vocational Education, 4H Clubs, Future Farmers and the modern Agricultural Fair. The Grange has been definitely committed to the policy of abundance, not of scarcity.

### FARM BASE UNIT

The necessity, purpose and aims of the Grange have, from the beginning, one hundred years ago, to alleviate and if possible, solve the economic, moral and physical needs of, not only the member's but also of their neighbors. This was the case in 1937, when the California Marketing Act was, over opposition, conceived, introduced and passed through the Legislature and signed by the Governor.

Today, it is the Farm Base Unit concept. The Grange has always taken a strong stand against corporate and now today,

conglomerate farming. America's prosperity has been built on thrift and energy of the Family Farmer, the backbone of the rural community. The Farm Base Unit amendment proposed to the Ag Code, Sec. 2 Section 58896, to read as follows: SB 405, page 3, line 27, "Under the provisions of this section the production or acreage subject to a lower surplus control or adjusted assessment provision shall be determined on the basis of the total production or acreage needed to provide a reasonable supply of the commodity to the public which, when allocated to individual producers, operating under modern efficient production methods, will provide a reasonable return to the producer and insure economic security and well-being of all the producers of the commodity in this state commensurate with a fair and equitable price to the ultimate consumer and a reasonable control of the orderly marketing of the commodity." An Interim Hearing is slated for January 1973.

The concept of the Farm Base Unit was incorporated in the first Egg Marketing Order voted in last July 1972. This provided for the first 200 cases of eggs to be exempt from the Surplus Control.

### RESOLUTIONS

Grange members should realize that when resolutions are submitted by the Subordinate Granges, then studied and given a "do pass" by the Convention Committees and finally by the delegate body, their work has only just begun. While these resolutions become Grange Policy—their implementation will only come about through legislative action. This should start at the Subordinate level through inviting legislators to "open meetings" and publicity in the local papers. The next step is to continue the "open meetings" at the Pomona level. A new avenue of approach is through GAP, whose primary aim is to alert members to either support or to oppose bills in Sacramento. The final step is the Leg. Rep., at the direction of the Master, in opposing or supporting bills before committees, through legislator's office visits or through amendments. This is a never-ending battle.

### INFLUENCE

Grange influence is where it counts: through appointments to Statewide Advisory Committees such as Education, Agriculture, Water, Pesticides, because it is at these committee levels that evaluations are made determining the components of proposed legislation. The Grange is pleased to have been given this opportunity to serve in this capacity.

The Grange is the only organization with no axe to grind for itself, that presents testimony protecting, "The Welfare of the People" in its broadest sense.

Herman Grabow,  
Legislative Representative

## CREDIT UNION REPORT

*Worthy Master, Distinguished Guests, Officers and Grange Friends:*

I appreciate so very much the opportunity to serve our State Master as chairman of this committee and the privileges and opportunities it has given me. It's great to be able to give this kind of report.

First, I want to tell those who will be able to come to it, that our credit union conference will be Thursday morning at 10:00 a.m. at the Redding Grange Hall. If you are a credit union officer, I hope you can plan to attend and anyone interested is welcome.

At the time I gave my report last year, the credit union column "Money Talks" was appearing in one issue only each month. Since that time it has been in both issues and I am grateful to Jack Berry, Managing Editor, for his encouragement and considerations. As always, I invite your comments, suggestions or questions.

Our Grange credit unions are progressing and growing in such a way, that I'm sure it is very rewarding and satisfying to their officers. Our potential is still much greater than our growth and the need to reach this potential is the challenge we in the credit union movement *must* face. We are just barely tapping the surface when we stop to think of the members we have and the total Grange membership and their families, all of whom are eligible to belong. How do we reach our young people, our children, when in many cases we aren't reaching the adults?

Our young people are a challenge to us. Do we here, who are the older generation, accept this challenge or do we just refuse to give up the "reins"? Most of you share my concern about getting the Grange message to our young people. We need the transfusion of new, young blood into our work or we inevitably will go downhill. The Grange Youth movement in our State is doing a great job and I'm wondering how we can transmit that enthusiasm into the areas that need it so badly. When we see that this work is concentrated in certain areas we know that the enthusiasm is rubbing off on those around them. If we could just all be infected with this same "bug"!

The Grange credit unions have really done very well since I made my last report a year ago. The net gain in assets since that time is more than double the net gain a year ago. The net gain for the 41 Grange Credit Unions was \$887,702.00 with a total of nearly \$13,000,000 in assets, and the number of credit unions having a decrease in assets is five less than last year—so I think the officers and members can be very proud of their credit unions. I certainly am. We have four Grange Credit Unions with assets of over \$1,000,000; two with assets between \$500,000 and \$1,000,000 seven between \$250,000 and \$500,000; fifteen between \$100,000 and \$250,000 and thirteen with \$100,000 or less.

As you can see our Grange Credit Union business is BIG business. So many people equate big business with the "impersonal" touch, but there is no place for the impersonal approach in our credit unions. The credit union motto is "not for profit, not for charity, but for service." Grange Credit Unions are giving this service as evidenced by their growth.

The credit union business, though, is like any other business that wants to grow. People have to know where we are, what we are, what we can do for them and how to join. How is this done? By promoting our services. In my work as Director of the California Credit Union League, I know that the credit unions that are showing the largest gain are those spending money to let their membership know they are there willing to serve them. We have found in my own credit union that when we spend some money to get the message to the members we have a larger gain, too. More of our Grange Credit Unions have realized this and are now reaping their reward in increased membership and asset size. We must get our credit union image before the Grange people and keep it there. Just telling our members once that we are ready to serve them isn't enough. We must keep telling them and then keep repeating that! Many credit unions feel that they can't afford to spend more for educational and promotional reasons. I maintain that we can't afford not to. Too many of our Grangers in the state have not had someone explain how a credit union operates and what it can do for them.

The main reason you and I are here at this convention is because we are interested in seeing Grange work grow. We spend time and energy we can't afford to waste needlessly. We have a "tool" by promoting our Grange Credit Unions that we can use to get membership, both in the Grange and the Credit Unions. At the same time we can tell our members about the other advantages of Grange membership. I feel anything I can do for Grange and Grange Credit Unions is time well spent and I never begrudge any effort spent. I'm grateful for the opportunities I've had as Chairman of this committee to speak at Booster nights and annual meetings. It's been a pleasure and always a delightful experience.

I want to close my report with a reminder that the credit union conference will be Thursday morning at 10:00 a.m. at the Redding Grange Hall and then to ask some questions that are almost identical to the ones I asked last year—but ones I still feel are pertinent.

Is the new member being told about the credit union the night he or she joins? Are we asking young people to be officials in our credit union? Are the policies set up by the Board of Directors meeting the needs of the membership, especially young people? Are we encouraging all new Grange members to join the credit union along with their family members who are also eligible to belong?

My committee and I want to thank you, Worthy Master, for your encouragement and help. We have some ideas we will be discussing in our meeting here so you will be hearing from us again. My best wishes to all of the credit unions in the State and if I or any of our committee can help you, we'll be more than glad to do so.

Respectfully submitted,  
Eunice Smith,  
Chairman, California State Grange  
Credit Union Advisory Committee

## GRANGE INSURANCE ASSOCIATION REPORT

*Worthy Master, Officers, and Members of the California State Grange:*

We are again pleased to report on another year of successful operations by Grange Insurance Association during 1971. The underwriting gain, or profit, on insurance sold was \$1,001,649. Brief comparisons of the year 1971 with 1970 serve to show what is happening within the company:

|                                                 | 1971         | Change from 1970  |
|-------------------------------------------------|--------------|-------------------|
| Assets .....                                    | \$22,218,237 | Up 14.1%          |
| Surplus .....                                   | 6,687,388    | Up 26%            |
| Premiums Written .....                          | 17,599,912   | Up 15.4%          |
| Total Employees                                 |              |                   |
| (Permanent full-time)                           | 249          | 268, or down 6.7% |
| Home Office Employees                           | 167          | 181, or down 7.7% |
| Operating Expense (as<br>percentage of premium) | 34.9%        | 35.2%             |

As in last year's report, this indicates greater efficiency—operating with fewer employees but transacting a larger volume of business. Even though our total volume of salaries, taxes, and employee welfare programs increased by about 6% in dollars last year, the percentage is down when compared to premium volume.

Our auto insurance line still represents about two-thirds of our volume. The premium volume of our various lines in 1971 was as follows, percentage wise:

|                                                                                      |       |

| Fire and Extended Coverage .....                                                     | 10.9  |

100.0%

No trends of any significance appeared in our lines of business. In premium volume, our business is increasing the fastest in California—the leader with a 27.1% growth rate. California now represents 16.1% of our premium volume.

A total of 32,818 losses was paid last year, amounting to \$9,703,172. The number of losses increased, while the average size of each loss remained about the same as in the previous year.

The year 1971 was especially good in the investment area. Our investment gain amounted to \$1,140,341—\$752,582 from actual dollar earnings from investments and the balance from realized capital gains and unrealized gain on the book value of the investment portfolio and from Mayflower Corporation.

During December of 1971 Grange Insurance Association paid dividends of \$792,882 on various lines of business as follows:

|                                             |        |

Our company is governed by a dedicated Board of 15 Directors, operated by 249 dedicated employees, and served by 362 dedicated Agents (62 in California).

Our congratulations go to the California State Grange for its continued growth in membership (up 1,803 from last year), activities, and overall Grange interest. Worthy Master I am pleased to present to you a check in the amount of \$4,395.90 to be used at your discretion in promoting the welfare of the Order.

## AGRICULTURE COMMITTEE REPORT

*Worthy Master, Officers and Members of the California State Grange:*

The Agriculture Committee held five work sessions and discussed all resolutions referred to it. We have completed the assigned work of this 100th annual session.

That portion of the State Master's address concerned with agriculture was carefully considered and your committee recommends that the California State Grange reaffirm the following policies:

1. Farm self-help marketing programs and farm bargaining cooperatives.

2. Unemployment insurance for farm workers.

3. Policies on rural life and vocational agriculture.

A. CRITICAL PROBLEM—MOSQUITO ABATEMENT.

Mr. Don J. Womeldorf, Senior Vector Control Specialist, Mosquito Surveillance and prevention unit of the State Department of Public Health and local staff members appeared before our committee and explained the many problems in connection with the insecticides available to control the mosquito population. The mosquito resistance to the many insecticides being used continues to increase and will need local public cooperation. Therefore, your committee recommends that the California State Grange urge Subordinate and Pomona Granges to seek information relative to this problem, where it exists, from their local Department of Health with the goal of reducing a serious potential health problem.

It was a pleasure for the members of your Agriculture Committee to serve and we wish to thank this delegate body for their courtesy and confidence in adopting a progressive agricultural program.

We especially wish to thank Brother Herman Grabow, Brother Bill Geyer, the Grange clerical staff and Mr. Don J. Womeldorf for their valuable assistance.

Fraternally submitted,  
 Edwin Koster, Chairman  
 Charles Lundberg  
 Clarence Polumsky  
 Wesley Smith  
 Floyd Eckert  
 Johnny Squire  
 Daniel Sewell, Youth Representative

## CONSERVATION COMMITTEE REPORT

*Worthy Master, Officers, Delegates, Brothers and Sisters:*

We, the Conservation Committee, would like to thank the Pomona and Subordinate Grange Masters who helped to define

the finer points of some of our resolutions and also Bill Geyer for his very able assistance to our Committee.

We would also like to thank the California State Grange for the opportunity to serve in this capacity.

Fraternally submitted,

### **EDUCATION COMMITTEE REPORT**

*Worthy Master, Officers of the California State Grange and Brothers and Sisters and Delegates:*

The members of the Education Committee are grateful for the opportunity of serving in the business of this One Hundredth Anniversary Convention. It is disturbing to us that even the few resolutions relating to Education were not submitted from Subordinate or Pomona Granges. We wonder if the problems of taxation and administration of schools is no longer a concern of most Granges or is it apathy that has set in and eroded that once fertile soil of community pride and progress which prompted in years past so many protests to the wrongs in the form of resolutions, often duplicated and even triplicated, but nevertheless, expressions of concern for improvement needed in the machinery of education. With the hope that delegates will return home and make reports to their Granges which will re-kindle the spirits of their brothers and sisters, we, the undersigned, submit this report.

### **GOOD OF THE ORDER COMMITTEE REPORT**

*Worthy Master, Officers and Members of the California State Grange:*

Having completed the assignments to this committee for this convention, we sincerely thank all of you for the opportunity to serve the Grange at this convention in this capacity.

We also thank all those called upon for their willing assistance and guidance during our deliberations.

We trust that all "Good of the Order" resolutions passed at this 100th State Convention will be beneficial to the order of Patrons of Husbandry.

## LEGISLATION AND TAXATION COMMITTEE REPORT

*Worthy State Master, Distinguished Guests, Delegates and Patrons All:*

The Legislation and Taxation Committee wishes to thank Bill Geyer for his assistance and guidance in making our decisions easier. I would like to take this opportunity to thank the members of this committee for the hard work and perseverance they have shown in making these decisions.

I would also like to thank all the Granges in California. Were it not for their concern, these committees would have nothing to do.

## NATIONAL WELFARE COMMITTEE REPORT

*Worthy Master, State Officers, Members of the Delegate Body, and Patrons:*

We the committee of National Welfare, have completed the work assigned at this 100th anniversary of the California State Grange in convention.

We wish to thank the State Master and the members for the privilege of serving on this most essential and challenging committee. It has been a most rewarding experience.

We wish to convey our thanks to our National Overseer Brother Edward Anderson and our Legislative Representative

Brother Herman Grabow for their invaluable assistance and to our guest from the youth, Brother Mike Smith.

We have brought our recommendations with the best of our abilities on each resolution.

## **TRANSPORTATION, ROADS AND HIGHWAY COMMITTEE REPORT**

*Worthy Master, Officers, Delegates and Visitors:*

The Committee regrets that it had so little of statewide concern to work on for consideration of the Delegates at this 100th Session.

It would appear that such problems as exist throughout the State must primarily be local problems, therefore we strongly urge all Grange members to take an active personal and organizational interest in solving these local problems, and lend their whole-hearted support to the State Grange Office in its involvement in State Legislative programs.

We endorse those portions of the Master's address dealing with the complexities of governmental issues, and thank you for having given us the opportunity to serve you as an Advisory Committee.

## **ELECTION COMMITTEE REPORT**

*Worthy Master, Officers and Members of the California State Grange:*

The Election Committee wish to thank this convention for the privilege of serving you members, and hope it's a job well done and to your satisfaction, and the Committee's special thanks to James B. Frost, our talleyman.

## RESOLUTIONS PASSED AT THE 1972 ANNUAL CONVENTION CALIFORNIA STATE GRANGE

### AGRICULTURE

1. "Relative to the Banning of Diethyl Stilbesterol" AGRI. 1

#### FRESNO-MADERA POMONA GRANGE No. 24

WHEREAS: D E S is a very important tool to the livestock industry by (1) increasing feed efficiency, (2) increasing gain per day, thereby reducing the cost of meat to the consumer, and

WHEREAS: The safety of D E S, when used according to the directions, has been demonstrated many times, and

WHEREAS: A group of consumer advocates are pressing for a complete ban on the use of D E S, and

WHEREAS: A ban on the use of D E S by the livestock industry would cost the industry a large amount of money and ultimately a raise in price to the consumer,

THEREFORE, BE IT RESOLVED, that the California State Grange and the National Grange oppose a ban on the use of D E S,

BE IT FURTHER RESOLVED, that if regulations on D E S are to be reviewed, the Grange should actively participate in the formulation of any new regulations which will be fair to all parties concerned.

2. "Relative to Pink Bollworm Control" AGRI. 2

#### FRESNO-MADERA POMONA GRANGE No. 24

WHEREAS: The Cotton Industry in California is threatened by the Pink Bollworm, and

WHEREAS: Certain regulations have been formulated by the State Agriculture Commission in conjunction with the growers, for the control of the Pink Bollworm, plow down and planting dates, and equipment clean up, and

WHEREAS: A certain number of growers were permitted to violate the regulations last year and were not penalized for so doing,

THEREFORE, BE IT RESOLVED, that the California State Grange insist that the Agriculture commissioner enforce all regulations equally on all growers,

BE IT FURTHER RESOLVED, that the regulations be reviewed and the California State Grange take an active part in this review and be certain that the regulations are not weakened.

3. "Relative to Agricultural Imports and Exports" AGRI. 3

#### TULELAKE GRANGE No. 468

(As revised by Agriculture Committee)

WHEREAS: "With agriculture accounting for 75% of our Nation's new creative wealth, consistently low agricultural

prices will eventually reduce everyone to poverty". This quotation from the Agriculture Year Book for 1970 reaffirms what history has proved: That in times when farmers receive reasonable prices for their products the country has flourished, with everyone sharing the prosperity; but when farmers cannot make a profit on their investment everyone suffers the loss of business, and

WHEREAS: The possibility of large imports of agricultural products may depress the economic stability of some agricultural commodities,

THEREFORE, BE IT RESOLVED, that the California State Grange and the National Grange continue to study the balance of agricultural imports against agricultural exports and recommend such limits as may be necessary from time to time to sustain these agricultural commodities on a full parity basis.

- 
5. "Opposing the Re-locating of Plant Quarantine Stations in Shasta County" AGRI. 5

GAZELLE GRANGE No. 380

WHEREAS: The California State Department of Agriculture at its recent meeting considered to re-locate the plant quarantine stations of Hornbrook and Dorris to Lakehead, Shasta County, and

WHEREAS: Such action provides no protection to Siskiyou County, and that area north of Lakehead, Shasta County, by by-passing highways 3-89-97 and 96, and

WHEREAS: The California State Agriculture Code mandates the State Director of Agriculture to: "promote and protect the agriculture industry of the State, and to maintain plant quarantine stations for that purpose."

THEREFORE, BE IT RESOLVED, that the California State Grange petition the California Department of Agriculture to keep these two plant quarantine stations within the Hornbrook and Dorris areas respectfully, and to operate more efficiently these quarantine stations so as to inspect all vehicles that pass thereby.

- 
6. "Farm Base Unit" AGRI. 6

EXECUTIVE COMMITTEE RESOLUTION No. 2

WHEREAS: The California State Grange has now publicly launched the farm base unit concept as a new means of defining the efficient independent family farm, and

WHEREAS: The importance of the concept will be proportional to its direct application in public policy matters,

THEREFORE, BE IT RESOLVED, that the California State Grange continue to pursue the application of the farm base unit to farm marketing programs, and sponsor legislation to extend its application to other fields, including water law and taxation.

## 7. "Green Power" AGRI. 7

## EXECUTIVE COMMITTEE RESOLUTION No. 3

WHEREAS: Producers of farm commodities have historically exercised less influence over food prices than other segments of food industry, and

WHEREAS: This situation continues to undermine the economic viability of independent family farm, limit the ability of farmers to offer to their employees wages and working conditions equivalent to those in industry, and destroy the social fabric of our rural communities, and

WHEREAS: The ability of "green power" to reverse this trend will depend upon the understanding by the general public and their representatives in government of the extent to which farmers and farm workers have actually been subsidizing consumers,

THEREFORE, BE IT RESOLVED, that the California State Grange undertake further development and promotion of the "greenpower" principle, and specifically that the Grange oppose the extension of federal price controls to unprocessed agricultural commodities.

## 8. "Proposition 22" AGRI. 8

## EXECUTIVE COMMITTEE RESOLUTION No. 4

WHEREAS: The California State Grange supports the right of agricultural employees to organize and negotiate with their employers through organizations of their choice, and

WHEREAS: It is necessary to give specific legal sanction to this right, and at the same time protect farmers, farm workers and the general public from potential abuses of the power so conferred, and

WHEREAS: Proposition 22 offers the best current opportunity for enacting an agricultural labor management relations law in California, and

WHEREAS: It is possible that only following the enactment of legislation in the several states will Congress move to enact uniform national legislation, such as including agriculture under the National Labor Relations Act, thereby placing competitive states on a par with California in this regard,

THEREFORE, BE IT RESOLVED, that the California State Grange support Proposition 22, and urge Congress to adopt a national program for labor management relations in agriculture.

## 9. "Prime Agricultural Land" AGRI. 9

## EXECUTIVE COMMITTEE RESOLUTION No. 7

WHEREAS: The unnecessary conversion of prime agricultural land to non-agricultural uses is false economy and could erode the economic base of both rural and urban California,

THEREFORE, BE IT RESOLVED, that the California State Grange urge state and local governments to implement planning and action programs leading to the maintenance of an adequate supply of prime farm land in California.

63. "Corporate Farming and Farm Program" AGRI. 10  
TULELAKE GRANGE No. 468

(As revised by the Agriculture Committee)

WHEREAS: The economic situation of today makes it evident that it is vital to protect the producer and the consumer from the "Wall Street Farmer", and

WHEREAS: To do this it is necessary to stop Federal Loans to any corporation or individual that derives more than 50% of its earning capacity from sources other than agriculture but is engaged in agriculture, and to prohibit tax write-offs from such farming, and

WHEREAS: These lower interest rates, capital gain privileges monopolistic marketing procedures, tax advantages or outright evasion give the conglomerate and large corporation such an advantage that they are crowding out a valued and necessary part of our American population; the small farmers and businessmen, loyal dependable tax-payers, and

WHEREAS: The subsidy system may further encourage and benefit these conglomerates since even after the total payment to the individual farmer was reduced they have found ways by fake land-splitting, and

WHEREAS: This resolution is not designed to be construed so as to strangle any corporation or individual, but only to regulate them in order to save our national family farm and small business enterprise system, the producer, consumer and whole nation,

THEREFORE, BE IT RESOLVED, that the California State Grange urge that the loopholes being used by these conglomerates be closed by requiring them to pay their fair share of taxes, more control of farm programs be moved from the Secretary of Agriculture to the local level, and that the subsidy payments program be gradually phased out and substituted by a self help marketing program including the Farm Base Unit concept.

64. "Support of Local Fairs" AGRI. 11  
TULELAKE GRANGE No. 468

(As revised by the Agriculture Committee)

WHEREAS: Both the principle and the method of using Horseracing Funds to support local fairs has been the subject of public inquiry, and

WHEREAS: We consider California's local fairs a vital part of the social and agricultural life of the community and feel they should be preserved and enhanced, not cut down in size or offerings to the public, nor put out of accessibility by initiating high gate fees or entry fees, and

WHEREAS: The Horseracing Law of 1933 was ratified by the people of the State of California with the stipulation that the money be used to finance fairs, but only a relatively small percentage of it is being so used today,

THEREFORE, BE IT RESOLVED, that the California State Grange urge that any threat to the continued existence of local fairs be removed, that the funds allotted to them be increased and that local fair Boards have maximum control of the allotted funds and the operation of the fairs.

65. "Agricultural Loans for Young Farmers" AGRI. 12  
AGRICULTURE COMMITTEE RESOLUTION

WHEREAS: The Grange at all levels has expressed concern for the problems of young farmers in regard to financing their farm acquisition and operation,

THEREFORE, BE IT RESOLVED, that the California State Grange and National Grange seek and support necessary legislative and administrative revisions of the Farmers Home Administration funding and loaning authority provisions for insured long term, low interest rate farm ownership and short term farm operating loans for well qualified young farmers.

21. "Cal-Expo" AGRI. 13  
EXECUTIVE COMMITTEE RESOLUTION No. 8

WHEREAS: The California State Grange has previously endorsed the increased use of horseracing revenues historically dedicated to fair activities to underwrite an expansion and modernization of local fairs in California, and

WHEREAS: Cal-Expo has been underfunded since its beginning with the result that it has not fulfilled the original design for its construction and operation, and has accordingly not provided for the citizens of this state a full and complete state fair in keeping with California's rank in agriculture and in the nation generally,

THEREFORE, BE IT RESOLVED, that the California State Grange support the appropriation of additional horseracing funds to update the original plan, especially as it relates to agricultural and educational activities, complete the development of Cal-Expo, and operate it on a full-scale basis.

CONSERVATION

10. "For Protection and Preservation of Dolphin and Porpoises" CONS. 1  
BROWNSVILLE GRANGE No. 708

WHEREAS: The purse seine methods of American tuna fishermen have killed millions of dolphin and porpoises, largely mothers and infants, since these mammals are found with schools of tuna, and

WHEREAS: Fishermen of Mexico, France, Spain and those of Panamanian registry, have also adopted the purse

seine method of tuna fishing, the schools of dolphin and porpoise are greatly diminished, facing extinction if the practice continues, and

WHEREAS: The Japanese have established a dolphin fishery to replace the products from the great whales, also facing extinction, and took an estimated 200,000 dolphin in 1970 alone, and

WHEREAS: The approximately 80 species of dolphin and porpoises are considered the most intellectual of all mammals, and are of great value to man and his environment, and

WHEREAS: The Soviet Union has already banned the taking or killing of dolphin and porpoises, declaring them to be "the marine brother to man,"

THEREFORE, BE IT RESOLVED, that the California State Grange and the National Grange urge that legislation be proposed in the Congress of the United States declaring them an endangered species, prohibiting the taking or killing of them and establishing strict controls for their use in scientific practices, and that purse seining be abolished,

BE IT FURTHER RESOLVED, that this be brought before the United Nations and referred to the proper arm of that body for action protecting these species, and that the United States take the initiative in negotiating agreements with the offending nations for the protection and preservation of dolphin and porpoises.

---

12. "Relative to Funds Needed For                      CONS. 3  
San Felipe Water Plan Study"

SANTA CLARA COUNTY POMONA GRANGE No. 4

WHEREAS: Santa Clara County is in a water-deficient area, and

WHEREAS: Preliminary studies have shown that a Pacheco tunnel in Santa Clara County for the purpose of channeling water to supplement the increasing water needs of Santa Clara, Santa Cruz, San Benito, and Monterey counties is feasible, and

WHEREAS: This is known as THE SAN FELIPE WATER PLAN, and

WHEREAS: Funds for pre-construction study were not budgeted by the Administration, and

WHEREAS: Present lack of rainfall, empty water conservation dams, receding water tables, expanding housing, and increasing water needs in these counties, make supplementary water a necessity,

THEREFORE, BE IT RESOLVED, that the California State Grange urge U. S. Senators from California and members of Congress and State Officials, to do all within their power to bring about the restoration of funds needed to complete the pre-construction studies of the SAN FELIPE division.

14.

## "Parks"

CONS. 5

## FRESNO-MADERA POMONA GRANGE No. 24

WHEREAS: Kings Canyon National Park was brought into the National Park System in 1940, having previously been known as Sequoia and General Grant National Park under Act of Congress in 1890, and

WHEREAS: The area known as Wilsonia consists of privately owned property located within the boundaries of Kings Canyon National Park and which has more than 400 privately owned homes and businesses located therein, and

WHEREAS: Wilsonia brings in thousands of dollars in revenue in the form of real estate, income, sales and other taxes into the county, state and federal governments, and

WHEREAS: The Grange has always supported our private enterprise system, and

WHEREAS: The United States Government spends billions of dollars annually and needs all the income from every source obtainable, and

WHEREAS: Government owned businesses operated on a concession basis, do not provide the incentive the private enterprise does, and

WHEREAS: The Department of Interior has made it known to the owners of businesses and other private property owners of homes in Wilsonia that they intend to purchase their interests, thus taking such property off the tax rolls and instead taxing the people more and more to purchase and operate the area under the auspices of the United States Government, and

WHEREAS: There are thousands of acres that are already government owned that could be developed for public use or made more accessible to the public,

THEREFORE, BE IT RESOLVED, that the California State Grange recommend—that the National Grange oppose the takeover of private property in Kings Canyon National Park, or any other National Park, by the National Park System and do everything in its power to encourage private enterprise in Wilsonia or in any other privately owned property within National Park boundaries.

15.

## "Preservation of State and National Forests"

CONS. 6

## BANNER GRANGE No. 627

WHEREAS: The continuing development and replanting of State and National forests is essential in preserving the ecology environment in California, and

WHEREAS: The conservation of State and National products is, and has been foremost in Grange policies and programs, and

WHEREAS: The Penny Pines Cooperative Reforestation program is dedicated to the replenishing and replanting of

trees and land conservation so that a progressive supply of forest products will continue to be available,

THEREFORE, BE IT RESOLVED, that the California State Grange approve this program and recommend to the Subordinate Granges an active participation in the Penny Pines and other reforestation programs.

16. "Relocating Memorial Marker in Calaveras Big Trees" CONS. 7

SACRAMENTO COUNTY POMONA GRANGE No. 2

WHEREAS: Information centers, memorial markers and points of interest in State and National Parks are usually located at sites readily accessible to the viewing visitors, and

WHEREAS: Many Grange members would appreciate the opportunity to visit and see the Memorial Marker in the South Grove of Calaveras Big Trees State Park, and

WHEREAS: The Grange has contributed to and displayed interest in the Park and this Marker dedicated there in 1969, and

WHEREAS: In its present location and position, it is very inconvenient for most visitors to see or get to,

THEREFORE, BE IT RESOLVED, that the California State Grange take the necessary action with other groups, to have this Marker relocated to a site adjacent to the Big Trees in South Grove, and that said marker be put in an upright position so that all will be able to read the inscription thereon.

17. "Favoring Postponement of Deer Hunting Season Until After Extreme Fire Danger is Passed" CONS. 8

BERRY CREEK GRANGE No. 694

WHEREAS: The incidence of forest fires is higher during the deer hunting season,

THEREFORE, BE IT RESOLVED, that the California State Grange request our legislators to take whatever action is necessary to have the opening of Deer Hunting Season *postponed* until such time as EXTREME FIRE DANGER is abated by precipitation.

18. "Relative to Property Owners" CONS. 9  
ANDERSON GRANGE No. 418

WHEREAS: The free use and enjoyment of land has been increasingly restricted from time to time, and

WHEREAS: The onerous burdens additionally placed upon land owners have made the value of their land, except for purposes of taxation, much less in value, and

WHEREAS: At some time in the past there was enacted Assembly Bill No. 1301 dealing with the use and division of land within the State of California, and

WHEREAS: Such Assembly Bill No. 1301 as passed, further invades the right of property ownership and inhibits the free use and enjoyment of said privately owned property, and

WHEREAS: The Anderson Grange No. 418 resolves herewith that a resolution be passed to be submitted to the California State Grange seeking to alleviate further burdens placed on property owners,

THEREFORE, BE IT RESOLVED, that the California State Grange recommend:

That Assembly Bill No. 1301, which was passed and further regulates the use, occupancy and free enjoyment of private land, be substantially amended and/or repealed so as to alleviate the restrictions and burdens further placed upon property owners in their ownership and conveyance of private lands.

Following Granges concur:

Millville Grange No. 443

19. "Environmental Control Coordination" CONS. 10

EXECUTIVE COMMITTEE RESOLUTION No. 5

WHEREAS: Recent legislation has proposed the abolition of a number of California's anti-pollution boards, the consolidation of their existing functions under a single new board, and the expansion of the powers of this new board to subjects not now directly regulated by the current boards, and

WHEREAS: The record of California's present quasi-independent pollution control boards, such as the Water Resources Control Board, has received widespread acclaim in both business and conservation circles, and

WHEREAS: The desirable coordination of state environmental regulatory programs might be better accomplished by building upon this record of achievement through the addition of coordinating authority and upgrading the staff and powers of the existing boards rather than dismantling them in favor of a new and untried "super board",

THEREFORE, BE IT RESOLVED, that the California State Grange oppose Assembly Bill 2376 which would create an environmental super board and propose instead the establishment of an environmental coordinating council with representatives from the existing air, water and solid waste boards with authority to resolve internal differences, and that other environmental policy coordination problems be worked out individually and integrated into some overall framework on a gradual basis, as state policy in these areas is developed and clarified.

20. "Compensation of Landowners" CONS. 11

EXECUTIVE COMMITTEE RESOLUTION No. 6

WHEREAS: There is an increasing tendency on the part of environmentalists, policy makers, courts, and the general

public to impose or advocate the imposition of, requirements and limitations on the use of private lands for the public welfare, and

WHEREAS: These restrictions even when applied in pursuit of a valid public policy goal often give inadequate consideration to economic problems thereby created for the landowner, and frequently include no compensation be offered for the loss of any landowner rights, and

WHEREAS: No regular source of public funds is available to state and local governments for the acquisition of rights in land for preservation open space or related public purposes, nor do governments normally enjoy the right of condemnation in such situations,

THEREFORE, BE IT RESOLVED, that the California State Grange support the creation of a fund for state and local open space acquisition purposes, and that a program be developed to offer compensation to the extent possible for actual economic damage suffered by landowners in the course of compliance with land use policies desired and imposed by the public at large.

---

66. "Relative to Burning of Brush, Stubble,      CONS. 12  
And Residential Refuge"

MT. LASSEN GRANGE No. 417

WHEREAS: Burning is the most economical way of disposing of such material, and

WHEREAS: We believe the Ecologists have gone too far with polution control and their restrictions,

THEREFORE, BE IT RESOLVED, that the California State Grange go on record as disapproving of their dictatorial power.

---

67. "Relative to Removal of Rough Camps      CONS. 13  
In The Sierra Forests"

COALINGA GRANGE No. 779

WHEREAS: The U. S. Forest Service, in cooperation with other groups, has through the years built rough camps, i.e., rock fireplaces, split log tables in remote areas, and

WHEREAS: These rough camps tend to spread out campers, and limit fires and camps in unsafe areas, and

WHEREAS: These areas are not being used by large numbers of people at a time, and

WHEREAS: A head forester has taken it upon himself to remove these camps in the String Meadows area,

THEREFORE, BE IT RESOLVED, that the California State Grange contact legislatures and U. S. Forest Service officials concerned, and recommend a stop to these practices.

68. "Opposing Construction of The 'Bella Vista' Dam" CONS. 14

MONTGOMERY GRANGE No. 442

(As revised by the Conservation Committee)

WHEREAS: The Army Corps of Engineers proposed flood control in the Cow Creek water shed area above Red Bluff, and

WHEREAS: They propose two dams that would flood agricultural, residential and the new multi-million dollar Bella Vista water systems with these proposed sites, and

WHEREAS: Congress has passed a resolution requiring the Army Corps of Engineers to study all other possible sites and they are now in the process of making this study,

THEREFORE, BE IT RESOLVED, that the California State Grange go on record recommending that this study is in strict compliance with the Congressional Resolution and these areas not be flooded.

69. "Health, Beautification, Ecology and Environment" CONS. 15

CONSERVATION COMMITTEE RESOLUTION

WHEREAS: Empty lots that are covered with weeds, trash and paper, and

WHEREAS: There is a definite fire hazard from this dry grass, papers on such lots, and

WHEREAS: Publicity on "Clean up campaigns" does not accomplish the desired result, and

WHEREAS: There are countless numbers of youth looking and wanting to be employed in constructive work,

THEREFORE, BE IT RESOLVED, that the California State Grange request a resolution in the Legislature suggesting the counties and cities to pass and/or enforce existing Ordinances for clean lots,

BE IT FURTHER RESOLVED, that the lot owner be charged to cover the costs.

EDUCATION

22. "School Equalization" EDUC. 2

EXECUTIVE COMMITTEE RESOLUTION No. 11

WHEREAS: The California Supreme Court (Serrano vs. Priest) has ordered the state legislature to distribute the burden of financing public education more equally among the citizens of the state, and

WHEREAS: The exclusive use of the property tax, applied on a statewide basis for this purpose, would unfairly shift education costs to rural citizens in general, and to agricultural property owners in particular, and

WHEREAS: It is possible to design modes of compliance with the court order which equalizes the local property tax burden but does not depend exclusively upon it, and allow for some variation in educational quality according to the desires of the citizens in the individual school districts,

THEREFORE, BE IT RESOLVED, that the California State Grange oppose educational finance proposals that would increase the percentage of educational costs borne by rural citizens, and grant local citizens sufficient control of districts educational budgets, and that proper tax methods be developed to equalize the tax load.

70. "Compulsory Education" EDUC. 3  
EDUCATION COMMITTEE RESOLUTION

WHEREAS: The California State law requires students to remain in school until they either obtain a diploma or reach age 18, and

WHEREAS: Many 16 and 17 year olds have been leaving school as truants and as dropouts, and

WHEREAS: There should be an alternative for compulsory schooling,

THEREFORE, BE IT RESOLVED, that the California State Grange recommend that 16 and 17 year olds may be exempt from compulsory schooling if they:

1. Attend a regional occupational center for job training.
2. Attend graded classes at a community college.
3. Pass a basic skills examination developed by the State Department of Education after getting parental permission to take the examination.

BE IT FURTHER RESOLVED, that the California State Grange support legislation to accomplish these goals.

23. "Resolution to Declare Bennett Valley G. of O. 1  
Grange Hall the Oldest Grange-Owned  
Hall in California in Continuous Use as a  
Grange Hall Since its Dedication,  
December 4, 1873"

BENNETT VALLEY GRANGE No. 16

WHEREAS: BENNETT VALLEY GRANGE Hall was dedicated on December 4, 1873, and has been in continuous use as a Grange meeting hall since that date, without interruption, by Bennett Valley Grange No. 16, P. of H., and

WHEREAS: No other Grange in California can make the statement that they have met continuously, without interruption, in their own hall or a Grange-owned hall, for a similar or longer period, and

WHEREAS: A survey reported, in the book written in 1947 entitled "THE GRANGE—FRIEND OF THE FARMER," by Charles M. Gardner (High Priests Emeritus, National Grange) on pages 364-365, that Bennett Valley Grange Hall located in Santa Rosa, California, had been found to be the oldest Grange-owned hall in the United States, and

WHEREAS: That book further reported that the Bennett Valley Grange Hall had been in continuous use as a Grange meeting hall since the hall was dedicated,

THEREFORE, BE IT RESOLVED, that Bennett Valley Grange Hall is herewith declared to be the oldest Grange-owned hall in California in continuous use as a Grange meeting hall,

BE IT FURTHER RESOLVED, that the California State Grange endeavor to have this information verified by the National Grange, and if this information is accurate, endeavor to have the Bennett Valley Grange Hall declared to be the oldest Grange-owned hall in the United States in continuous use as a Grange meeting hall.

27. "Ritual for Short Form of Obligation" G. of O. 5  
ALMADEN GRANGE No. 472

WHEREAS: We find it very difficult to initiate new candidates for membership in our Subordinate Grange in full form, and therefore are compelled to use a short form of initiation, and

WHEREAS: At the 105th Session of the National Grange a short form for obligating members was drafted and accepted, and

WHEREAS: There is presently no Ritual in California to obligate candidates in a short form,

THEREFORE, BE IT RESOLVED, that the California State Grange adopt the above mentioned form of a shortened obligation form for use in Subordinate Granges in California,

Be IT FURTHER RESOLVED, that this short form of obligation in no way shall be intended to replace the full exemplification of the first four degrees to become a Patron in good standing of the Order of the Patrons of Husbandry.

28. "Relative to Youth Advisor Listing G. of O. 6  
in Roster"

MENDOCINO COUNTY POMONA GRANGE No. 10

WHEREAS: Many Youth Advisors names do not get into the Roster, due in part, we feel, to confusion of Offices of the Youth Advisor and Youth Chairman, and

WHEREAS: Title in Roster reads, Youth Chairman, Adult, when it should read Youth Advisor,

THEREFORE, BE IT RESOLVED, that the position of Youth Advisor under each listing of Officers be listed Youth Advisor.

30. "Proposing an Addition to the G. of O. 8  
Amendments to the Constitution of the  
National Grange  
Resolution No. 24, G. of O. No. 8"

MENDOCINO COUNTY POMONA GRANGE No. 10

WHEREAS: The Musician is not mentioned in this resolution as passed at the California State Convention in Santa Cruz, October, 1971, and

WHEREAS: The Musician is a very important officer in any Grange function,

THEREFORE, BE IT RESOLVED, that the California State Grange urge the office of Musician be added to the rank of officers in the National Digest.

31. "PROPOSED AMENDMENTS TO THE CONSTITUTION OF THE NATIONAL GRANGE G. of O. 9

Submitted at the 105th Annual Session of the National Grange in Charleston, West Virginia, under the Committee Report of Grange Law and Good of the Order.

JUNIOR GRANGE

RESOLVED, that Article II, Membership Section I, Subordinate Granges be amended by adding the following paragraph:

A Junior member attaining the age of 14 years, when certified by the Junior Matron or Patron, as having been an active Junior member for one year or more immediately preceding the application, may be received into Subordinate Grange and eligible for the Subordinate degrees; by payment of the prescribed fee and by majority vote of the Grange taken by paper ballot.

This covers resolution presented by the National Master, Executive Committee and Junior Grange Superintendent by instruction of the delegate body at the 1970 session.

This proposal is an addition to the Constitution and the By-laws of the National Grange delegates at the Session in Charleston, West Virginia, and it is therefore, necessary for ratification by the state Granges.

---

32. "Reaffirmation of Policy" G. of O. 10  
EXECUTIVE COMMITTEE RESOLUTION No. 1

WHEREAS: Each year at its annual meeting the California State Grange adopts, through democratic means, policy resolutions to guide its leaders and membership in the coming year, and

WHEREAS: It is desirable both to maintain a continuity of policy to the extent possible, and to avoid the repetitive adoption of similar resolutions each year,

THEREFORE, BE IT RESOLVED, that the California State Grange reaffirm all resolutions adopted in previous years and specifically in the last year, except insofar as those resolutions are in conflict with resolutions subsequently adopted or relate to obsolete or irrelevant issues or problems.

33. "Grange Growth" G. of O. 11

EXECUTIVE COMMITTEE RESOLUTION No. 13

WHEREAS: The California State Grange is making steady progress using the GAP program to translate Grange ideals and policies into legislative achievements, and

WHEREAS: The California State Grange is also enjoying a continuing net growth in membership, and

WHEREAS: The GAP and membership development programs have a circular relationship to each other and the success of each will to some extent reflect the success of the other, and

WHEREAS: Both programs will continue to require creative approaches to new challenges, increased administrative support, and ever-broadening grass roots participation,

THEREFORE, BE IT RESOLVED, that the California State Grange explore all means to realize the full potential of these programs and carry out those which offer the greatest possibility of producing the desired results over the appropriate period of time.

73. "Relative to Uniforms for Junior Grangers" G. of O. 13

SAN MARCOS GRANGE No. 633

WHEREAS: As Junior Grange age young people all like to dress uniformly and to be recognized as belonging to a group, and

WHEREAS: The Grange needs recognition on every level, and in every situation, and

WHEREAS: This could be accomplished by supplementing the existing Nationally accepted Grange Uniform of cape and cap, and

WHEREAS: It is the unanimous decision of the California State Grange Superintendent of Junior Granges and all of the Regional Junior Grange Superintendents that the uniform be supplemented by the addition of maroon slacks and/or jumper, and white shirt or blouse, the uniform then being proper attire for Grange, school or social occasions,

THEREFORE, BE IT RESOLVED, that the California State Grange adopt the above described supplemental uniform as Official in the Granges in California,

BE IT FURTHER RESOLVED, that the National Grange consider the recognition aspects of this proposal and make it an Official National Grange policy.

LEGISLATION AND TAXATION

34. "Resolution Opposing S-2507 LEGIS. 1  
(Bayh Bill)"

BROWNSVILLE GRANGE No. 708

WHEREAS: The United States Senate has passed S-2507 (Bayh Bill) on August 19th, 1972, providing for restrictions

on sale and ownership of certain guns referred to as "Saturday Night Specials", and

WHEREAS: The limitations of this bill place unacceptable restrictions on weapons which are of necessity carried by law enforcement officers, and

WHEREAS: These limitations will affect a great majority of honest, responsible United States citizens and prevent this majority owning a means of adequate protection, and

WHEREAS: The criminal segment of the population is apparently able to secure fire arms regardless of any regulation,

THEREFORE, BE IT RESOLVED, that the California State Grange urge that S-2507 be defeated in the House of Representatives and that stiffer penalties be imposed for any criminal act involving the use of firearms.

BE IT FURTHER RESOLVED, that the California State Grange and the National Grange oppose any future legislation such as S-2507.

---

35. "Reinacting Capital Punishment" LEGIS. 2  
ROUND VALLEY GRANGE No. 805

WHEREAS: We must encourage law enforcement and those enforcing the law, and

WHEREAS: Give them what protection we can instead of taking away the Severest Penalty,

THEREFORE, BE IT RESOLVED, that the California State Grange be in favor of capital punishment to be voted on at the General Election.

---

36. "Resolution Requesting the State LEGIS. 3  
Legislature to Initiate New Probate Procedures" & TAX  
RIVERSIDE COUNTY POMONA GRANGE No. 31

WHEREAS: It is a known fact that all inheritance probates of Estates are unreasonably high in legal costs, and

WHEREAS: All probates have built-in factors of long delays, uncertainty, and voluminous red tape, and

WHEREAS: Expensive bonding, and time consuming notification of creditors being required,

THEREFORE, BE IT RESOLVED, that the California State Grange propose the enactment of simplified and less expensive probate procedures in California.

Following Granges concur:

Antelope Valley Pomona Grange No. 39

---

37. "Relative to Approval of Proposition LEGIS. 4  
No. 1 on the June Primary Ballot" & TAX  
SONOMA COUNTY POMONA GRANGE No. 1

WHEREAS: The 250 million Cal-Vet Bond is completely self-supporting and would cost the taxpayer absolutely nothing, and

WHEREAS: The funds in the last bond act approved in 1968 is now exhausted and there is a waiting list of Viet-nam

veterans who have made applications totaling \$60 million, and  
 WHEREAS: Many of these veterans desire to own their own homes and farms, creating thousands of new jobs in construction and related industries,

THEREFORE, BE IT RESOLVED, that the California State Grange approve and recommend a YES vote on Proposition No. 1 on the June Primary Ballot.

39. "Resolution Opposed to 'Ghost Voting'" LEGIS. 6  
 & TAX

CHICO GRANGE No. 486

WHEREAS: The California Constitution does not allow Assemblymen to vote for other members who are on the roll call, but not on the Assembly floor, and

WHEREAS: It has been brought to the attention of Chico Grange No. 486, the practice of "Ghost Voting" on the Assembly floor in the California State Legislature. "Ghost Voting" is the practice of one Legislator voting for another who is away from his desk pressing his electronic voting switch, and

WHEREAS: Chico Grange No. 486 deems this practice highly undemocratic and abusive to the legal method of voting,

THEREFORE, BE IT RESOLVED, that the California State Grange seek better enforcement of the laws already in existence in the California State Constitution that would eliminate the practice of "Ghost Voting".

40. "Favoring Legislation Requiring LEGIS. 7  
 Counties Holding Tax Hearings in the & TAX  
 Outlying Districts"

JOSHUA TREE GRANGE No. 664

WHEREAS: Taxes in many districts are reaching the point of confiscation, and

WHEREAS: The present method of protesting the property tax appraisals is cumbersome and almost unworkable, and

WHEREAS: The law now requires the protestors of their tax appraisal to appear at a hearing at the County seat, and

WHEREAS: Many persons pay their tax because they feel it is futile to face the heavy traffic in cities, and

WHEREAS: Very little consideration is given to the protestor, and

WHEREAS: The cost of sending a three man board to districts affected would be much less than hundreds of people going to the large metropolitan areas, and

WHEREAS: Thousands of people would protest confiscatory taxation instead of hundreds if the tax appeals board would meet in the outlying districts affected,

THEREFORE, BE IT RESOLVED, that the California State Grange introduce legislation in Sacramento authorizing the counties to hold tax hearings in the outlying districts affected.

41. "Opposing State Tax on Federal Tax" LEGIS. 8  
& TAX

APPLE VALLEY GRANGE No. 593

WHEREAS: The recent 5% sales tax on gasoline is an example of taxing taxes. Gasoline selling for 24.9 plus 11 cents State and Federal Tax totals 35.9 cents per gallon on which 5% sales tax is added, and

WHEREAS: An average tire selling for \$30.50 plus Federal excise tax of \$3.18 totals \$33.68 on which 5% sales tax is added. This is 5% tax on Federal excise tax of \$3.18 which equals .16 cents tax on tax.

THEREFORE, BE IT RESOLVED, that the California State Grange go on record as opposing this policy,

BE IT FURTHER RESOLVED, that the California State Grange urge the legislature to correct this practice of applying sales tax on tax.

Following Granges concur:

Mojave Valley Pomona Grange No. 33

42. "Resolution on No-Fault Insurance" LEGIS. 10  
MAD RIVER GRANGE No. 590 & TAX

WHEREAS: Insurance settlements have been known to have been delayed for several years, placing a hardship on a lot of innocent people, and

WHEREAS: Your premium rates would be much lower, and

WHEREAS: In several states this NO FAULT Insurance has proven successful to all concerned, and

WHEREAS: The State of California should have some form of NO FAULT Insurance,

THEREFORE, BE IT RESOLVED, that the California State Grange go on record in favor of No Fault Insurance.

Following Granges concur:

Antelope Valley Pomona Grange No. 39

Fresno-Madera Pomona Grange No. 24

North Humboldt Pomona Grange No. 48

San Diego Pomona Grange No. 35

Stanislaus-Tuolumne Pomona Grange No. 21

Yuba-Sierra Pomona Grange No. 46

45. "In Opposition to Closing of State Hospitals Located in California" LEGIS. 12  
& TAX  
MENDOCINO COUNTY POMONA GRANGE No. 10

WHEREAS: Until such time as better facilities are made available, we feel it is vital that state hospitals be maintained,

THEREFORE, BE IT RESOLVED, that the California State Grange oppose the closing of any state hospital located in California.

46. "Relative to Closing of Small Rest Homes" LEGIS. 13 & TAX

FRESHWATER GRANGE No. 499

WHEREAS: Freshwater Grange No. 499 understands there is a move to close smaller rest homes and transfer the patients to larger convalescent homes, and

WHEREAS: We feel these ambulatory people need the freedom and home atmosphere of the smaller homes, and

WHEREAS: If they become ill or bed ridden, that is the proper time to transfer them,

THEREFORE, BE IT RESOLVED, that the California State Grange go on record as opposing such a move.

47. "Local Government Reorganization" LEGIS. 14 & TAX

EXECUTIVE COMMITTEE RESOLUTION No. 9

WHEREAS: There have been a multitude of recent proposals to alter the structure or powers of local government, to require the abolition or consolidation of special districts, and to establish regional authorities of varying designs and purposes, and

WHEREAS: Many of these proposals have merit and could lead to the wiser and more efficient development and execution of public policy, while others might only add on additional layer of bureaucracy, or remove the actions of government further from the control of the citizens they should serve, and

WHEREAS: Since the one-man, one-vote decision, local government is particularly important to rural citizens as a means of conducting their public affairs in a manner which assures them fair representation,

THEREFORE, BE IT RESOLVED, that the California State Grange carefully study all proposed alterations in local government and its powers and support only those that promise more efficient or intelligent exercise of governmental functions, and will not further dilute the representative strength of rural citizens.

48. "Proposition 14" LEGIS. 15 & TAX

EXECUTIVE COMMITTEE RESOLUTION No. 10

WHEREAS: Proposition 14, the most recent version of the Watson initiative, has been placed on the November ballot, and

WHEREAS: It offers what would initially appear to be an attractive opportunity to rural citizens to reduce their property taxes through a limitation on the property tax rate imposed by local government, and

WHEREAS: The proposed replacement revenue, including an additional two cents sales tax, will still leave a revenue gap estimated to be in excess of one billion dollars, thereby triggering an acute revenue squeeze on local government, and

WHEREAS: This revenue squeeze would undoubtedly lead to higher assessed values on rural property generally and to the elimination of use value assessment programs such as the Williamson Act which would more than cancel any savings for rural property owners based on the rate limitations, and

WHEREAS: The major beneficiaries of Proposition 14 would probably be commercial and industrial property owners located in urban areas, who make up most of the tax base and are least in need of relief,

THEREFORE, BE IT RESOLVED, that the California State Grange oppose Proposition 14 and work for the adoption of property tax relief measures whose benefits accrue primarily to homeowners and family farmers rather than to large corporations.

### NATIONAL WELFARE

49. "Relative to Pornography in the U. S." NAT'L. 1

ORICK VALLEY GRANGE No. 508 WEL.

WHEREAS: Pornography appears to be reaching epidemic proportions in the United States, and

WHEREAS: Pornography is moral pollution of the worst kind, and

WHEREAS: An organization called CITIZENS FOR DECENT LITERATURE, INC., under the direction of Charles H. Keating, Jr. has begun a long hard fight through the courts to bring the purveyors of moral filth to account, and

WHEREAS: Case after case was won in 1971 against these smut peddlers with many receiving jail terms and/or heavy fines,

THEREFORE, BE IT RESOLVED, that the California State Grange go on record as supporting Mr. Charles H. Keating, Jr. and his organization, CITIZENS FOR DECENT LITERATURE, P. O. Box 12038, Washington, D. C. 20005,

BE IT FURTHER RESOLVED, that the California State Grange and the National Grange contact the organization, CITIZENS FOR DECENT LITERATURE and offer it encouragement and any support possible, thus aiding our own Grange youth who are prime targets for purveyors of moral pollution.

Following Granges concur:

North Humboldt Pomona Grange No. 48

52. "Drug Abuse" NAT'L. 4

APTOS GRANGE No. 800 WEL.

WHEREAS: Marijuana is a narcotic weed, harmful to mind and body, and therefore prohibited for sale or use in the United States, and

WHEREAS: Drug abuse is considered by some to be the No. 1 problem in the United States, and

WHEREAS: Drug pushers are not being punished in accordance with the seriousness of the crime, and

WHEREAS: Ruining the lives of millions of people by introducing them to "dope" is a serious crime,

THEREFORE, BE IT RESOLVED, that the California State Grange and the National Grange take the position of being opposed to the legislation of marijuana, and that the stiffest penalty within our laws be required for anyone convicted of selling illicit drugs, and to lessen the penalties for first and second offending users, under eighteen years of age, to be a misdemeanor.

53. "Preventing Crime Rate by Instituting Full Employment Program" NAT'L. 5 WEL.

SONOMA COUNTY POMONA GRANGE No. 1

WHEREAS: A popular belief that the answer to our increasing crime rate is tougher court procedure and sentences without taking into consideration the underlying cause of a great many of the crimes especially related to robbery, and

WHEREAS: Prison sentences seldom result in making better citizens but rather introduce them to the ways of the more hardened criminal, and

WHEREAS: The most logical solution would be to remove the cause of the rising crime rate among our young people in order to save court costs as well as preventing their incarceration, and

WHEREAS: The hopelessness of continued unemployment, especially in the poverty areas in our cities should be carefully taken into consideration as the first step in preventing crimes that come from the desperation of unemployment and the minimum necessities of life, and

WHEREAS: The cost of a program of full employment would be greatly offset by the drop in welfare rolls and would also bolster the economy,

THEREFORE, BE IT RESOLVED, that the California State Grange urge that an all out effort be made to institute a program of meaningful work for all those seeking employment which would bring back the pride and hope of being self-sustaining to our young people. This would immeasurably relieve our overloaded court calendars and allow law enforcement agencies the time to deal with more serious crimes.

Following Granges concur:

Sonoma Valley Grange No. 407

54. "Relative to Stricter Enforcement of Laws" NAT'L. 6 WEL.

MARSHALL GRANGE No. 451

WHEREAS: We believe the existing law and practice results in the Courts, District Attorneys and Probation Officers being too lenient with law violators and especially those who commit major crimes, and

WHEREAS: We believe that Defense Attorneys are allowed to delay court hearings beyond reason and by so doing, weaken the prosecution efforts, and

WHEREAS: We believe so-called demonstrators who carry their efforts to the extent of interfering with the rights and property of others must be treated as violators,

THEREFORE, BE IT RESOLVED, that the California State Grange urge the California State Legislature to correct the aforementioned injustices.

BE IT FURTHER RESOLVED, that our California State Grange petition the National Grange to seek these changes at the National level.

Following Granges concur:

20 Pomona Granges; 172 Subordinate Granges; 2 Jr. Granges

55. "Favoring Lower Medicare Age Limit for Women" NAT'L. 7 WEL.

APPLE VALLEY GRANGE No. 593

WHEREAS: The increasing cost of health care is creating a grave financial burden on those recipients receiving Social Security benefits under 65 years of age.

THEREFORE, BE IT RESOLVED, that the California State Grange and the National Grange cooperate with the appropriate legislative bodies in the development of laws to make Medicare available to those recipients at the age of 62 years.

58. "Relative to Absenteeism in Congress" NAT'L. 10 WEL.

FRESNO-MADERA POMONA GRANGE No. 24

WHEREAS: Many Senators and Representatives have been absent more than 60% of the time when roll call votes were called, and

WHEREAS: Senator Margaret Chase Smith has introduced S. J. Res. 200, which proposed to correct this situation,

THEREFORE, BE IT RESOLVED, that the California State Grange and the National Grange support S. J. Resolution 200, to wit:

ARTICLE

Section 1. —If during any period of one or more consecutive sessions of the Congress, an individual holding the office of Senator or Representative fails to be recorded in person on 60 percent of two hundred consecutive yeas-and-nays roll call votes of the House of which he or she is a Member, taken during a session of the Congress, whichever first occurs, such office becomes vacant, and the Secretary of the Senate or the Clerk of the House of Representatives, as the case may be, shall notify the executive authority of the State from which such individual was elected of the vacancy.

Section 2. —This article shall apply with respect to any year-nay roll call vote of the Congress occurring on or after this article is ratified.

Section 3. —The Congress shall have the power to enforce this article by appropriate legislation.

60. "Resolution to Encourage the Establishment of a U. S. Coast Guard Search and Rescue Helicopter Base at the Humboldt County Airport" NAT'L. 12 WEL.

FRESHWATER GRANGE No. 499

WHEREAS: There has been a recognized need in the past that there has been a need for a Helicopter Search and Rescue unit for both sea and inland search, and

WHEREAS: Need for such a base has been demonstrated many times for the protection and safety of all citizens of our area, due to the extreme weather and terrain conditions which have caused in-shore and off-shore catastrophe, and

WHEREAS: The county has entered into a property lease agreement in 1966 with the U. S. Coast Guard, giving them 12.8 acres of land at the Humboldt County Airport which has the capability to handle helicopters and fixed wing aircraft,

THEREFORE, BE IT RESOLVED, that the California State Grange urge all government officials of the north coast area to support the Federal funding and construction of the U. S. Coast Guard Helicopter Base.

61. Resolution to Create a New National Cemetery in San Diego County" NAT'L. 13 WEL.  
RAINBOW VALLEY GRANGE No. 689

WHEREAS: It has always been a basic and continuing dedicated interest of the American people to pay homage to those who have given the last full measure of devotion in defense of this country and the principles for which it stands, and

WHEREAS: It is only fitting and proper that a portion of the soil of the country they loved and defended be provided as a final resting place for these noble comrades, and

WHEREAS: There no longer exists in this area a National cemetery where in such interment in the future will be possible, and

WHEREAS: The roll of such honored dead shall continue to be called, and to deny them this long honored privilege would indeed be to ignore a sacred promise, and

WHEREAS: A large area of land within the flight pattern of the Miramar airport has been recently surveyed and designated as unsuitable for almost all normal community use, and

WHEREAS: A portion of this tract appears highly suitable for a National cemetery and could be so designated without withdrawing otherwise valuable land from community use,

THEREFORE, BE IT RESOLVED, that the California State Grange and the National Grange be requested to support these efforts to create a new National cemetery in San Diego County.

Following Granges concur:

San Diego Pomona No. 35

74. "Communitic Activity in the United States" NAT'L. 14 WEL.

APTOS GRANGE No. 800

WHEREAS: The Grange is and always has been a patriotic organization, and

WHEREAS: There is now much agitation in favor of a communist take-over in this country in spite of the fact that some communistic nations build fences to keep their people from running away, and

WHEREAS: There is now discussion regarding hiring Angela Davis as an instructor in U.C.L.A.,

THEREFORE, BE IT RESOLVED, that the California State Grange manifests its vigorous opposition to the hiring of any avowed communist as an employee of any school, college or university in the State of California.

75. "Encouraging Governor Reagan In the Revision of Welfare Grants" NAT'L. 15 WEL.

GOLDEN POPPY GRANGE No. 798

WHEREAS: Let it be resolved that there be Legislation passed immediately to prohibit the State Government from deducting monies from the Welfare Grants, the amount of the raises that the Federal Government feels the Social Security recipient should have, and that the State reimburse the recipient retroactive as of October 1, 1972, and

WHEREAS: This is a deplorable situation, this great State finds itself in if it must consort to the taking of funds from the blind, totally disabled, and the aged, of this great State, in order to further line their coffers. These people are in real need, they barely receive enough aid to exist, and

WHEREAS: Instead of the State Government deducting the money from these Grants, it should be mandatory that the State increase these Grants by the same amount as the Federal Government gives in their Social Security increases, and

WHEREAS: These same people are being denied the tax relief that is allowed those that are over 62 and are not on State Aid, this is a situation that is not fair and demands the attention of the State Grange, so that it will be brought before the proper authorities, so this situation may be justly rectified,

THEREFORE, BE IT RESOLVED, that the California State Grange encourage Governor Reagan in his efforts to attain an equitable solution for this problem.

## TRANSPORTATION — ROADS &amp; HIGHWAYS

62. "Highway Costs" TRANS. 1  
R. & H.

## EXECUTIVE COMMITTEE RESOLUTION No. 12

WHEREAS: Local governments in rural areas have received some additional funds as the result of the elimination of the sales tax exemption on gasoline, and

WHEREAS: It is possible that an effort will be made to shift some part of the present state highway system to local operation, thus absorbing these funds and preventing their use for local improvements,

THEREFORE, BE IT RESOLVED, that the California State Grange oppose the abandonment of state highways to local government except under circumstances that will assure no net increase in cost to the local property tax payer.

79. "Relative to Amending the California Vehicle Code Authorizing the Use of Other Approved Type Safety Devices" TRANS. 4  
R. & H.

## TRANS. R. &amp; H. COMMITTEE RESOLUTION

WHEREAS: Section 605. of the Vehicle Code requires the use of "Tire Chains" which are metal chains which consist of two circular metal loops, one on each side of the tire connected by not less than nine evenly spaced chains across the tire tread, and

WHEREAS: These metal tire chains are difficult to handle and place on the tire,

THEREFORE, BE IT RESOLVED, that the California State Grange request the Highway Patrol to conduct tests in the mountain area under winter conditions, to ascertain the "traction ability" of other type safety devices,

BE IT FURTHER RESOLVED, that, after the successful conclusion of these tests, the California Vehicle Code be amended to allow the use of other approved type safety devices.

**RESOLUTION OF APPRECIATION**

WHEREAS: The success of this 100th Annual Session of the California State Grange in Redding has been due to the efforts of many individuals, organizations, and committees, this delegate body wishes to thank the following for everything done to further the aims and purposes of our Order of Patrons of Husbandry, and make this an enjoyable convention.

To Brother Howard Duncan, Shasta District Deputy, general chairman and Brother Jerry Rutherford, the able co-chairman with various committees of members from neighboring Granges who worked so hard to make this convention so pleasant and successful, and to the following who were of great assistance to the committees, we give our heartfelt thanks and appreciation. Also to the host county Granges of Siskiyou, Shasta, Trinity, Lassen, Modoc, Tehama, Butte and Glenn for their help with expenses.

To various chairmen and their committees, Brother Albert Cedros, chairman of the Feast of Pomona, Brother and Sister Beatie for decorations and lovely corsages, Sister Wilda Rader who helped in C.W.A. arrangements, to George and June Neily for their fine job arranging housing for the delegates.

To the Shasta Wonderland Chapter of the Sweet Adelines for their entertaining at the Officers reception Monday night.

To Brother Carl Tuttle Jr. for his help in youth arrangements.

To Brother Jack Berry, Grange News editor and his efficient staff, and all news media for their interest and cooperation in reporting the news of this 100th annual session and also the handling of the Booster Barrel drawing.
