Fraternally submitted,
Marjorie Brown, Secretary
California State Grange

MASTER'S ANNUAL ADDRESS

Worthy Master, Officers and Members of the California State Grange:

It seems only yesterday, we were assembled in annual session in the City of Fresno. Yet another year has swiftly passed and we find ourselves convened for our 102nd state session. Thirteen years have passed since last we assembled in annual session in Sacramento, capital city of our State.

Grange members are present here today, who I am sure, as they reflect back upon that session, will surely observe great progress attained by this city which comes only through dedicated leadership and the cooperation of its citizenry. The agricultural industry surrounding this city, composed of hundreds of efficient family unit operations, has made an important contribution and if given equal opportunity with other like industries, will continue to provide a sound basis for its future growth.

The Grange, dedicated to serve American farm families and build a more abundant and richer rural life in the broadest sense, makes necessary that our Order be built on a solid

structure of fraternal association and fortified by a better understanding of our mutual problems and opportunities. With this foundation, we have been able to transpose differences of opinion and interest into greater strength throughout our Order. With this foundation, tolerance, moderation, and the will to serve have become avenues to unity of purpose—and to progress.

A distinguished philosopher once said, "Those who cannot remember the past are condemned to repeat it". It should be more challenging, however, to say that, "Only as we understand the past can we build toward a better future".

Whether we deal with the subject of inequitable income for farmers, the conservation and development of our natural resources, the barriers to better marketing of farm products at home and abroad, or any of the other vital and complex problems of American agriculture, it must be obvious that if we are to avoid the mistakes of the past, we must know their history and evolution.

The Grange, from its very beginning, has sought to promote better understanding, not only among its own members but among all those neighbors and communities, great and small, where we may be able to provide constructive service. We have fostered better communication and exchange of ideas. We have bent our efforts to improve knowledge and the arts and skills that lead to a more rewarding life. We have endeavored to increase rural opportunities as they occur. Man's ability to progress is limited only by his opportunities.

I am sure that when the gavel falls on Friday, the 18th and this 102nd session is brought to a close, the delegates assembled, by their action, will have formulated a program directed to serve the best interests of agriculture and mankind and through the many conferences conducted by department heads at the state level, plans and programs will have been made designed to serve the Pomona and Subordinate Grange units in their efforts to promote Grange growth and community development.

AGRICULTURE

During the past year, the American agricultural industry has gone through many significant changes. American agricultural prices made large gains towards achieving a long standing goal of parity. Agricultural prices had been lagging relative to other industrial sectors who have achieved far less comparable gains in productivity, production and thus efficiency. Increases in retail food prices in recent years have gone to the processing and marketing of raw agricultural foods and fibers rather than to the efficient farmer. The reversal of this trend evolved from three major factors. (1) Over the last few years, the United States' surplus food supply has

constantly been diminishing. Today it is as low as seventeen days surplus food on hand. Likewise, the world's food surplus is at an all time low. (2) At the same time, U. S. demand has steadily been rising faster than population. This is due to demand for feed grains for dairy products, meat production and a higher quality of food in general. World demand is growing faster than supply which puts an added demand on U. S. produced foods and fiber. (3) Poor weather conditions in different parts of the world in recent years have caused a decrease in world food supplies. The U.S.S.R. had recent grain failures while drought has struck northern Africa. This year, drought hit our Midwest feed grains, while Hurricane Carmen did vast damage to world sugar production in Cuba and Louisiana.

The combination of these events led to the most significant agricultural legislation since World War II. Prompted by the United States Department of Agriculture, Congress enacted a complete phase-out of all historic farm subsidies over a period of three years. This legislation firmly supported by the Grange has a wide range of positive implications. The savings to federal expenditures can be measured in millions of dollars. Many farmers receiving subsidy payment were required to hold part of their ground fallow to qualify for payments. This significantly cuts down on production and productivity. The termination of subsidies restores competition to agriculture. The farmers employing the latest innovations and technology increase their productivity and consistently take home the largest gross revenues.

1975 holds few surprises for California's farmers. The fight against inflation will continue with costs exceeding the price farmers will receive for their products. Farmers must maintain astute cultivation practices to out distance inflation. An increase in productivity is the only way total returns can better spiraling costs. However, on the consumers side of this coin, the marketing and processing sectors have continued to increase their margins. The Grange has held price stability to the farmer and consumer as a high priority for agriculture. Means should be undertaken to limit the size and costs of our processing, packaging and marketing sectors. In the past, the Grange has supported farmers marketing their own products through the use of marketing cooperatives or by the use of vertical integration. Product associations negotiating prices directly with processors is another method in use supported by the Grange. In these cases, farmers have come together to market their products. This gives added stability to farmers prices in a buyers market. However, in a sellers' market, which may become a reality in a few short years, product negotiation teams would be in a paramount position of responsibility to feed and clothe the population of the United States in the midst of international food shortages.

NATIONAL WELFARE

The National Welfare of the United States of America in recent years has eroded to a point of international concern. All of the world's industrialized nations, who with the United States, form the world economic community, and all of their satellite nations, are experiencing various degrees of gripping inflation. During this period in which we experienced the erosion of the American dollar, there was a dramatic change taking place in the arena of government spending. Total government spending has grown from as little as ten percent of national income to about 40 percent today. Over the same period, the relative role of the federal government and the state and local governments has been reversed. State and local governments used to spend twice as much as the federal government; in 1970, the federal government spent almost twice as much as state and local governments. These facts take on profound meaning when we consider the cause for our current inflationary problems.

At the present time, we are experiencing inflation which is caused by too much money chasing too few goods and services. In other words, many U.S. businesses are being paid large fees while they perpetuate low productivity and inefficiency. These businesses, large and small, would most certainly have failed if they were not subsidized by large government expenditures or allowances. Tax subsidies for corporate investments, oil allowances, farm subsidies, mismanagement in the Small Business Administration, and help for many other struggling businesses provide the fuel for our unacceptable rate of inflation. Contemporary congressmen vote to pass laws that appropriate funds and make special allowances for inefficient businesses. Our immense governmental system, which has many layers of bureaucracy and representation has lost its sensitivity for the welfare of all the people and mainly addresses itself to the welfare of its campaign contributors. We must be aware that our elected representatives obtain campaign contributions from many special interest sources.

The Grange has been a special interest group for a long time, established under the premise set forth by our forefathers that every citizen in our democratic state shall have a voice in its government. Realizing that one voice does not carry as far as many voices in unison, the Grange established state and national policies by delegate action as common guidelines. These guidelines are well known throughout this land: equal rights under the law for everyone, regardless of title, volume, or campaign contribution. Recent years have produced at the California State Grange Convention, a wide variety of resolutions dedicated to the premise of equal rights to large and small interests alike. As we address ourselves to the tasks that lay ahead of this 102nd annual convention, let us be clear when we say that the Grange is dedicated to the gen-

eral welfare of all the people. Let us preface our policy statements by deploring all special interest legislation that attempts to give an unequitable advantage to any group of people. Let us struggle for equal competitive economic advantage for all people so that we may secure a stable, lasting national welfare for our future generations.

LABOR

The California State Grange has always felt great compassion for the plight of California's farm laborers. Recognizing the many needs and rights of these citizens, the Grange has worked hard to pass rectifying legislation. The Grange feels the farmer and the farm laborers should work hand in hand for these benefits so the farmer can easily pass them along without being caught in a price-cost squeeze. Advances to this type of approach were doing quite well until the emergence of labor unions. Labor unions, by their essence, pit employees against employers. This attitude has hurt the promotion of the Grange ideals in the last few years. In the past, we have supported and pushed for secret ballot elections so farm workers could choose a union to represent them or not. As long as the unions fail to negotiate and settle with the legislature, the farm workers still are receiving the short end. These people are U.S. citizens and deserve proper living and community conditions to raise a family and pursue happiness. The Grange has long desired a close working relationship between farmer and farm laborer. If the farmer is not receiving adequate returns on his products, how can he be expected to provide all the benefits due to farm labor? Farmers and farm laborers need to work together to obtain benefits so the farmer can pass them on without jeopardizing his means of support.

Farm workers employed in California's high intensity agricultural areas are often seasonal and account for a large percentage of California's winter unemployment. This also makes this sector of our population very mobile and often insecure. The farmers in this situation have to retrain their employees year after year at great expense in time and equipment. The benefits to California's agricultural industry of steady, trained and available help are far-reaching. Unemployment insurance to farm workers is a badly needed piece of legislation. With the help of the Grange, a bill providing unemployment insurance to farm workers has reached the Governor's desk for the past three sessions only to be vetoed. Unemployment insurance could allow permanent residence to many migratory farm workers, thus providing an opportunity for these citizens to truly participate in their communities and provide a better standard of life for their families.

The labor sector of our economy plays a very important role in our battle against Public Enemy No. 1, Inflation! Everyone wants higher wages to pay for the cost of living increases that occur daily. Where does the spiral end? Wage increases

should not be determined by cost of living increases but should be determined solely on increased production. If productivity does not increase with wages, money loses part of its value and the cost in dollars goes up. Let's put value back into the dollar and demand wage increases be more closely related to productive ability. The worst offender in our economy is the public sector. One out of eight people work for the government and are not required to maintain a profit margin. This is draining the efforts of all citizens who work in the private sector to maintain their profit and live normal lives. We must demand that productivity scale be applied to our public servants to assure that the private sector gets out of its tax dollars what it put into them.

EDUCATION

Our educational concerns for 1975 reflect the temper of our times. The post-war baby boom has come and gone, leaving thousands of empty desks throughout the state. This cut in enrollment has left hundreds of teachers that were educated during that period on the rolls of the unemployed. At this time, educational institutions face many problems. The cost per student has risen dramatically solely due to the drop in enrollment. Couple this with our double digit inflation and the problem is two-fold. Property taxes, overhead, maintenance, materials and salaries are all on the increase raising the fixed costs of keeping our institutions open. As long as enrollment is down, the cost per student increases. Many school districts with low tax base cannot pass school bonds, thus education suffers. On the other side of the coin, students costs have risen dramatically. The cost of living, transportation, tuition for higher education and the cost of school supplies for all makes today's student poorer than usual. At the same time, less emphasis is being given to a college education. "You don't have to go to college to be smart" is an old saying that has come alive again. This is due, in part, by the rising need for employees in our skilled labor jobs throughout the state. In the past several years, we have seen a rise in private institutions training students for this large job market.

There has been a lot of discussion this year about equal quality education. The Grange is a firm supporter of equal quality education to all people. The State of California pays a per diem fee for students over and above revenue from property based taxes and supplemental school bonds. The Grange has proposed a variable per diem payment from the state to school districts. Districts that have a low property value base to draw from and a relatively large enrollment have less money per student and in many cases, a lower quality of education. A variable per diem could help equalize monies per student throughout the state providing the opportunity for well qualified teachers, modern facilities, and progressive teacher aides for all students.

Vocational education for agricultural workers, a bill supported by the Grange for many years, reached the Governor's desk only to be vetoed. This bill is an integral part of an overall plan by the Grange to help our rural communities become more self-sufficient and not victims to high seasonal unemployment and mobility so common to agricultural workers. A well grounded rural community stems from good education that provides our young with marketable skills so they may take a permanent place in our rural communities. Permanence and job security is often taken for granted by many of us without realizing it is the backbone of our communities and provides a place in the sun for our children.

CONSERVATION

The California State Grange has always considered rural landowners to be among the first conservationists. As a result, the Grange has a strong record of supporting legislation directed toward controlling land use, dangerous pesticides, and water, which balance the economic needs of the agricultural community with goals for preserving the environment for future use and beauty. Additionally, the Grange has been a strong supporter of other community interest conservation measures such as park acquisitions, bike and hiking trails, and the development of recreational and scenic areas.

During the 1974 legislative year, the Grange continued its support of conservation-related legislation and was highly successful in seeing many of the Grange's' 1973 Fresno resolutions fulfilled.

The legislation and ballot measures supported by the Grange that were passed this year include funds totalling some 320-million dollars for public acquisition and development of parks and recreational facilities; a strong forest practices act which regulates the cutting and reforestation of our great timberlands; funds totalling 3-million dollars to be set aside for the development of hostels and trails in the state parks to be used by non-motorized hikers and cyclists; and a constitutional amendment which allows the diversion of certain gasoline tax funds for the planning and development of public transit systems.

In relation to open space lands, the Grange has continued to support the Williamson Act which provides a voluntary method for local government and farmers to protect our agricultural resources for the future. This year the Grange opposed a package of bills which would have had an adverse effect on this important Act. We will be actively following hearings later this year on the revision of this program. This particular legislation gives a tax break to landowners who promise not to develop their land for a specified time period, and currently applies to some 12 million acres of land in California.

The anti-pollution field is another major area of concern to all the citizens of this state and especially to Grange members who in their daily lives work closely with anti-pollution regulations in areas such as water pollution, pesticides, solid waste, and air quality. Last year the Grange supported a resolution directing the Legislative Analyst to conduct a study with respect to the organization and creation of a state agency to coordinate the environmental efforts of California. As a result of the Legislative Analyst's recommendations, legislation favoring the creation of such a state super-agency was introduced this year and, though unsuccessful, will likely be reintroduced during the 1975-76 legislative session. The Grange will be studying such proposals carefully and offering input to potential authors on the special problems of its members.

RURAL LIFE

In today's fast-moving society the workings of institutions that affect our daily lives, such as Government, Education, Business and Justice, seem to be rapidly growing more complex. Many individuals feel that they can no longer have any personal effect on these large and often-times impersonal institutions which form the bases of our communities.

The California State Grange and its various Subordinate Granges continue to provide its membership with the opportunity to belong to an association in which the individual's voice may be heard, and where, if many share the same opinion, group action can be initiated on a local, statewide, or national basis in attempting to solve problems. Additionally, the unique fraternal nature of the Grange enables its membership to view solutions to problems on their moral, community, and spiritual values, rather than merely the dollars and cents approach of some impersonal business and political groups. The Grange has in the past, and will continue in the future, to support those programs that benefit both urban and rural citizens and for which there are often-times few other voices raised in favor.

For example, the Grange has long believed in and supported the California Fair System for its service as being a great and successful system of rural education which benefits all the citizens—young and old, rural and urban. We will continue to urge increased expenditures on local fairs, with strong emphasis on youth and on vocational education programs in the schools so closely connected with successful fair programs.

The Grange has also publicly supported the development of a wide variety of educational programs within our schools which provide the opportunity for individuals to improve themselves in their particular fields of interest. However, other new innovations are needed in our schools, especially as concerns the area of vocational education and work-study programs. Such programs will be urged and supported by the Grange in the future.

The Grange has also been an advocate of programs to aid the elderly and disabled. Commonly these individuals are confined to fixed incomes and thereby feel hardest the effects of today's runaway inflation. Such programs as Supplemental Security Income, Medi-Cal, and the National Social Security System are supported by the Grange, and suggestions for the improvement of these programs are offered from time to time. The Grange has also advocated a National Health Insurance Plan and a state-funded California-wide program of general assistance to replace the now voluntary county supported programs which assist people under 65. Continued and improved property tax assistance and tax exemptions for the elderly have also been supported and proposed by the Grange as a means of relief for the fixed income landowners.

JUNIOR GRANGE

The request for material and information needed to organize and re-organize Junior Granges is evidence of continuing effort in this most important area of service. This would seem to indicate there are children, ages 5 to 14 years that are anxious and waiting to participate in the character and leadership building programs the Junior Grange has to offer.

An active and progressive Junior Grange adds a lift and a new life to a Grange that no other project can or does give. Our work with Junior Granges affords the opportunity to inculcate that lasting impression of personal responsibility, co-operative attitude and respect.

I would suggest to all Subordinate Granges that they give attention to starting one of these worthwhile organizations. It is the responsibility of Masters of Subordinate Granges to appoint a committee to investigate the possibilities of organizing a Junior Grange, thus making available to children, the great value they receive by belonging to a Junior Grange.

A more concise report of Junior Grange activities will be rendered by Sister Eve Rowe, State Superintendent.

YOUTH

California has concluded another successful and progressive year of Youth Activities. The Easter Conference held at Cal Poly, San Luis Obispo was another outstanding event with the registration reaching a maximum capacity.

The Statewide Youth Camp held at Lassen Park and the regional camps conducted in other areas of the state found many Youth members in attendance for the first time and the programs presented were well received by all. Attending these Youth functions, one gets the impression that these young people are not only interested in Grange, but during their discussions while in conference, it appeared they have a keen appreciation and insight in public affairs that are of importance to the community, county, state and nation.

Response to a recent survey would indicate there is a vast number of Youth and Young Marrieds among our current membership throughout the state. I am confident these members would be most anxious to participate in building programs which would serve their needs and the needs of the communities in which they live. Experience over the past years tell us that in developing such a program, one of the first and most important steps is the establishment of lines of communication and leadership responsibility at the local level. The many component factors of this broad area of needed service makes this step imperative.

I am confident and I believe we can all agree that this responsibility cannot and should not rest on the shoulders of one person alone. One person can supply leadership—recognize the needs and devise a program to meet those needs but we, as members, each have an important roll to play and can contribute materially to their success.

I am sure deep in everyone's heart, there is a wish or yearning that the Youth Program now in operation in our state be continued and form a basis for improvement.

If we want to continue to build a viable Grange, and we do, then all along the line, we must revitalize our thinking, our programs and activities to fit the needs of the generation in which we now live and serve. It is only by providing Youth opportunity to participate in our determinations that we can adapt programs to meet the needs of today's society.

Sister Betty Smith, State Director of Youth Activities will render a more detailed report to this session.

MEMBERSHIP

In 1968, the California State Grange instituted a program designed to build Grange Membership in our state. This program under the supervision of the State Membership Director, Sister Elsa Rodrigues recorded a net gain in membership each successive year thereafter with the exception of this year, 1974.

The June 30th quarterly report of 1974 recorded a slight loss in membership. Sister Rodrigues has evaluated this program and is now in the process of taking the necessary steps to reverse this loss trend.

Her report to this session on Friday will address itself to this critical problem and she will be earnestly requesting the cooperation and support of the Pomona and Subordinate Grange membership in her efforts.

WOMEN'S ACTIVITIES COMMITTEE

During the Grange year just closed, the California State Grange CWA Department has again made outstanding progress in the valuable contribution this department makes to Grange growth and activities in California.

The funds they have raised for Pomona and Subordinate Granges and their charitable work, is not only outstanding but constitutes a record for such work in the State of California.

Of course, few if any, of these worthwhile projects could have been attained without the support and cooperation of the local Grange membership. Without this cooperative effort, it would be impossible for our organization to compile annually such a meritorious record of service to community and human needs.

Space will be made available in the Journal of this session for a more detailed report by Sister True.

GRANGE NEWS

The first issue of the California Grange News was published in January 1932.

Since its inception, it has continued to carry the story of agriculture and provide a very valuable and necessary means of communication among the Grange Membership of this state.

Plans for continued improvement in this field of service are being made by Managing Editor, Brother Jack S. Berry who will render a detailed report for the Journal of this annual session.

GRANGE AFFILIATES

Since the inception of the Grange more than 100 years ago, it has constantly worked toward the development of co-operative programs, which would accrue benefits to the individual member. Through this continued effort, we enjoy today many such services as:

GRANGERS BUSINESS ORGANIZATION

This cooperative supply system of the Grange in California justifies its existence in continuing money-savings in the purchase of petroleum products, wire, fencing, pipes, roofing and all necessities for modern home and farm equipment. The GBO during its years of service has saved Grange members millions of dollars on items purchased.

Business Manager, Brother Paige Harper, and the GBO staff continually seek ways to better serve Grange members. All Grangers are encouraged to investigate the bona fide savings that can be effected in day to day purchases. The office of the supply warehouse is located on the Grange triangle in Sacramento at State Grange Headquarters.

COMMERCIAL INSURANCE CO. — HOSPITAL AND MEDICAL PLAN

The Commercial Insurance Plan entered into in 1965 continues to furnish a most liberal hospitalization-medical and surgical program for Grange members.

BLUE SHIELD HEALTH PLAN

This program adopted in 1946 continues to render hospital, medical and surgical services to Grange members throughout the state. Grange members are urged to contact State Grange Headquarters for detailed information as to complete coverage offered and premium rates.

GRANGE INSURANCE ASSOCIATION

This association owned and operated by Grange members offers a service in the field of Automobile, Fire and Extended Coverage insurance, making it possible to write a Home-Owner Policy for Grange members.

WORKMENS COMPENSATION COVERAGE

Through agreement with the Truck Insurance Exchange, Grange members of California employing agricultural labor may secure compensation insurance at a reasonable premium with an annual dividend return of a high percentage of the cost.

Time will be allotted during this Convention for a more detailed report by the representatives of Grange Service Affiliates.

CREDIT UNIONS

The Grange Credit Union movement in California began in 1934. During its years of service, untold benefits have accrued to individual Grange Credit Union members and by this record of service, the Credit Union movement has grown until today, California leads all Grange States in the number of credit unions in operation. Not only do Grange Credit Unions make loans available to our membership, but at the same time, constitute a most satisfactory savings organization. In some instances, Grange Credit Unions can supply all their credit union members' financial needs. During this session, time will be set aside for a credit union conference. I would suggest that all Grange members who have not affiliated with a credit union, investigate the advantages which are available from these worthwhile organizations.

Sister Eunice Smith, Chairman of the State Grange Credit Union Advisory Committee will render a report on Credit Union Activities to be made a part of the Journal of this session.

IN MEMORIAM

As we assemble here today for this 102nd session of our organization, we look forward to a bright future in the field of service to mankind.

The stage upon which we play, the platform from which we operate — the foundation upon which we build was constructed by our predecessors. Standing upon this sound base provided in great part by those loyal members who have laid aside their tools of labor and passed to their final reward, we have every confidence that our second century of service will equal if not surpass the first.

As we seek earnestly not only to pay affectionate tribute to their accomplishments and their contributions to our welfare, it is also fitting and appropriate that we dedicate ourselves to give the best at our disposal to carry on their unfinished labors and at the same time reap the joy and satisfaction which must have been theirs in passing on enhanced opportunities and improved circumstances.

On Thursday afternoon, the labors of this session will pause and under the direction of our State Grange Chaplain, Brother Theodore Bliss, a fitting memorial service will be conducted in honor of these departed Brothers and Sisters.

IN CONCLUSION

Surely, none of the preceding sessions of this State Grange has ever convened with similar opportunities or more fateful challenges to representatives of rural American families than does this Session.

If we but have the persistence to discover—the diligence to study carefully and the wisdom to understand thoroughly, the factors and circumstances of this society in which we live and serve, we may well have a hand in charting a course of vast significance for our own generation and those who follow. Dedicated as we are to the expansion of opportunity and the elevated dignity of rural families in our great land, it is entirely appropriate—it is compelling—that we carefully and accurately analyze the major forces now affecting American agriculture and the course of our Nation.

How can we best maintain liberty in a world of tension and conflicting ideologies? How can we best fortify our devotion and that of our predecessors to the fundamental principles which have traditionally motivated rural Americans from the beginning of our Nation? How can we best move to strengthen American agriculture now and in the years ahead?

These are important questions — made important by the continuing competition of giant forces in the world seeing position and power. Let us recognize the facts. For too many years, most of the world's culture, commerce, and economics have been distorted by war, preparation for war, the aftermath of war or the essential recovery from war.

Many of our friends have called the Grange a great medium for molding as well as expressing rural opinion. Some of our critics have said that even though the Grange has tremendously sound basic organizational structure, we have "missed the boat" in hundreds of our units because we have failed to use effectively the tremendously important medium of improved communications throughout the whole organizational structure. Still others have asked repeatedly, why it is that the Grange attracts the interests of so many of us and yet does not bring its organizational being within our own particular community. We are told so frequently by farm people in almost every section of our state that they like the Grange

structure and would like to join the organization. They like our basic organization and they especially like its devotion and dedication to sound social and political principles. But they tell us that they have never had opportunity, invitation or immediate occasion to become a member of the Grange or to help with its particular program in any way. This should compel us to analyze our own effectiveness as promoters and salesmen. We should not stop here. We should analyze every one of these criticisms and comments. Why do we have thousands of our own members, even among those who attend with comparative regularity who are not familiar with the programs of our own State Grange or the National organization to which they are a part? Why do we constantly run into Grange members who clearly reveal in conversation that they have much to contribute and yet have not had opportunity to measure their own potential contribution, let alone add it to the total program of their organization.

It seems clearly obvious that we must give immediate and serious consideration to vastly improving our mechanisms for helping each other, for exchanging ideas, for building more effectively our total program as only the Grange itself is conceived and organized to do for rural people. We need better lines of communication. There is tremendous power and potentiality in our basic organizational structure. We have only begun to develop it and realize the benefit. Again we should remind ourselves that the most important fields in which we labor are the fields of the human mind. It is there that ideas are born. Ideas are the material which progress is made. As we thus grow and contribute of ourselves to each other, through the effective use of coordination, cooperation and organization, great progress awaits us.

Perhaps not in the experience of any of us now charged with the degree of leadership in the Grange, that this official delegate body implies, has there been the need to diligently analyze the position and the opportunity and challenge that faces an opportunity to serve America and her rural people which is not now afforded any other agency in the land. Many people now raise the challenging question as to whether we intend to equip ourselves to meet that challenge.

It is true, we recognize, that we can serve better if we give adequate attention to bringing our existing members closer into our working organization. There are many ways to do this, including adequate systems of conferences (closer association at county, state and national levels) and improved lines of communication and information. Ours is a great social and educational institution and to serve well, we must build sound public opinion as well as to express it.

The history of the world is truly a history of organization. It is, however, more compelling in our day than it has ever been before, that the proper organization—the proper com-

bination of individual effort—the consolidation and unification of individual values as well as their coordination be achieved to expand the fuller life of each and every individual.

Upon a platform of fraternal determination, we must improve human understanding and relationship among ourselves, and then extend that area of understanding. This is a compelling assignment of ours. It is even more compelling that we know, however, that we build our organization in size and in structure. Good as it is in its basic foundation—however, well we may think it is presently serving, it is high time that we recognize that improvements must continue to be our main objective.

The policies, the program, and the projects of particular significance during the months ahead if not completely outlined or formulated by this delegate body, are certain to be influenced by our actions here.

OVERSEER'S REPORT

Worthy Master, State Officers and Members of the California State Grange:

It is appropriate that the California State Grange holds its 102nd annual convention in the beautiful Capitol city of Sacramento, especially since it will also be the site for the 108th session of The National Grange.

We have come here to work. Not only is agriculture beset with many economic problems including in some instances, the survival of the family type farm which has been the ideal of the Grange for many years, but for the low fixed income families who are finding it extremely difficult to make ends meet.

Inflation has caught up with almost everyone. Arguments are abound in search on how to cope with the problem. Reconciling the arguments and finding an effective means to control it is a matter of urgency for all of us.

Our Order, which has developed sound principles throughout its long existence, has always met new problems as they have arisen, will find that its basic purposes of education, cooperation and fraternity will equip it to meet the problems of today and tomorrow, and maintain its leadership in dealing with the many complex problems which confront us from time to time.

Our Worthy Master has just set the tone for this convention. It deserves your careful consideration and support.

Fraternally submitted,
Edwin Koster, Overseer
California State Grange

LECTURER'S REPORT

Worthy State Master Chester Deaver, Fellow Officers, and Brothers and Sisters of the Grange:

This being the first year as your California State Lecturer was a very interesting and rewarding experience. Traveling throughout the state on the sixth degree team with my fellow officers gave me the opportunity to know what a fine group of people we have in office. Along with meeting a lot of our members throughout the state, on my conferences. Martin and I have made many friends.

I started my conferences on January of 1974, ending in May of the same year. Was only able to have twelve conferences as gas was very expensive and short. Seems like weather was also against us in parts of the state. Found that Lecturers in parts visited, were working hard and interested in their work.

However it is the same old story of attendance in the Granges. Of course this shows up in the quarterly reports, only eighty of them contributed to the library fund.

Talent has shown up very good this year with thirteen participating.

Art is very good.

New this year are slides added to the Art program. So far a few have responded to this.

The Skit contest is drawing a few more interested members as five have entered. I am pleased to announce the winners: First Place: Albert Moody of San Diego County.

Second Place: Juanita Runyon—Hesperia Grange No. 682.

Third place: Mary Erickson—Redwood Valley No. 382.

Community Service Awards went to:

First award: Hesperia Grange No. 682.

Second award: Forestville No. 367.

Third award: East Palo Alto No. 409.

These were judged by competent people and all sent to National Grange for judging.

My thanks to those Granges who have entered the Booster Night Program and hope to have better participation next year.

My quarterly bulletins have been widely used and I know they have been a help to most of you Lecturers. Many thanks for your enthusiasm and cooperation. Will try to have more conferences if gas will go down in price and all goes well. Have enjoyed my Grange Families on my trips, and I am looking forward to a better year.

Isabel Rickard, Lecturer
California State Grange

STEWARD'S REPORT

Worthy Master, Fellow Officers, Delegates, Brothers and Sisters, Hello everyone:

Once again it is my privilege and pleasure to greet and serve you from the Steward's Station, at this our 102nd Annual Session of the California State Grange here in the Capitol City of the beautiful State of California.

It has been thirteen years since your convention was held here in this hall. It was a very good and successful convention and I am certain this session will be a better one. Through the combined efforts of the Delegate Body, we will adopt a program of Grange policy that will further good Grange work in California.

I thank Brothers Robert Null and Fred Dwight and their committees for setting up the plans for this 102nd annual session.

I wish to thank the many Granges throughout this State for their generous invitations to their many functions. Sorry we could not attend them all.

We wish you every success in all your Grange work.

Fraternally submitted,
Leonard Hendricks, Steward
California State Grange

ASSISTANT STEWARD'S REPORT

Worthy Master, Fellow State Officers, Delegates and Members of the California State Grange:

It has indeed been a pleasure for me to serve you, this my first year, as Assistant Steward. During this past summer I was able to travel the length of this State of ours exemplifying the Sixth Degree with my fellow officers. What a joy it was for me to meet so many of you who are members of this wonderful organization.

I feel that as a youth it is a great honor for me to serve you in this office, and I extend my deepest appreciation to all who have helped me throughout this year.

As we gather here in our Capitol City let us continue to strive together in unity, so that much can be accomplished for the betterment of mankind and the world.

Hope to see everyone back here next month for our National convention.

God's blessings to all.

Fraternally submitted,
Michael R. Schultz, Assistant Steward
California State Grange

LADY ASSISTANT STEWARD'S REPORT

Worthy Master, Fellow State Officers, Delegates, Brothers and Sisters, Greetings:

It is once again my pleasure to address you from this station, if only for one day, also to meet so many friends that we only greet once a year.

I want to thank you all for your kind words and invitations and although not able to make many, hope you will understand.

There is so much turmoil in your land today, and our wonderful Order has so many good legislative ideas and with so much happening at the top of our government, it's certain our business in this session is of the utmost importance.

Have a wonderful time at this 102nd session of the California State Grange and think well on the legislation to come before this body.

Fraternally submitted,
Carrol Coast,
Lady Assistant Steward
California State Grange

CHAPLAIN'S REPORT

Worthy Master, Fellow State Officers, Delegates, Brothers and Sisters:

The first year of my service to Granges in California as State Chaplain has been one of great reward. I was exceedingly blessed by the privilege of traveling from one end of this State to the other with my fellow officers, conferring the Sixth Degree on those Grangers who planned to receive the Seventh Degree in Sacramento in November.

The wonderful fellowship with the officers of this great State Grange was an experience I will never forget because we all came to know each other in those days of travel, eating, working and playing together that could happen to no other State Officers under the ordinary routine of meeting at state conventions once a year.

I have been privileged to accept invitations to meet with Grangers all over the State and agrieved to have to miss some invitations which conflicted with other engagements. I greatly treasure the associations I have made at those meetings. God has indeed blessed me this year.

I hope that God's blessing will be with all of you during the coming year as we all strive to build our Granges to greater numbers and strength in His name.

Fraternally submitted,
Theodore Bliss, Chaplain
California State Grange

TREASURER'S REPORT

Worthy Master, Officers and Members of the California State Grange:

I would like to extend my sincere thanks to the State Secretary and her very competent staff, to the State Master, and to my wife for their continued assistance to me as State Treasurer.

I am happy to say that, financially speaking, the California State Grange is in the best position that it has been in for the past several years. Last year's per capita tax increase and the paying off of the mortgage on the State Grange headquarters have caused the General Fund balance to increase over \$25,000 in only one year. In order to take advantage of the higher interest rates paid on savings certificates, all savings and loan accounts have been converted to these higher-interest type accounts.

The following report will bring you up to date on the income and expenses of the California State Grange during the past year.

1973 - 1974 SECRETARY'S ANNUAL REPORT

Worthy Master, Officers and Members of the California State Grange:

Once again it is my pleasure and privilege to greet you at our 102nd Annual Session being held in our State Capitol City of Sacramento this year.

Our State Grange Headquarters Building is open and I hope that all of you, if you have not already done so, have the opportunity to visit and see your State Grange Building. We were very proud to have the "Burning of the Mortgage" on this building at our Annual Session in Fresno last year.

It was my extreme pleasure to travel with all the State Officers this past summer—exemplifying the Sixth Degree. I feel we all got to know one another so much better and also had the opportunity to meet so many nice Grangers throughout the state.

I wish to express my sincere appreciation to all the Secretaries throughout the state for their fine cooperation and assistance with the State Secretary's office and to thank them all for their many invitations extended to my husband and myself during the year.

The following report has been duly audited by a Certified Public Accountant.

MEMBERSHIP

Grange Membership reported to the National Grange as of the June 30, 1974 quarter was 44,569 members with 326 Subordinate Granges reporting. For the first time in a few years we showed a loss of 120 members from the March 31, 1974 quarter. Compared to these figures we had a loss in membership of 208 members for the year as the June 30, 1973 report recorded a membership of 44,777 members. Orangevale Grange No. 354 in Sacramento County again leads the Subordinate Granges with the largest membership of 567 members. Followed by Greenhorn Grange No. 384 in Siskiyou County with

530 members and Brownsville Grange No. 708 in Yuba Sierra County with 492 members.

Pomona Grange membership showed a membership of 9,453 in 46 Pomona Granges. Butte County Pomona Grange No. 16 again heads the list for the largest Pomona Grange membership with a total of 819 members. Sonoma County Pomona Grange No. 1 was second with 523, followed by Mendocino County Pomona Grange with 446 members.

Junior Granges in California reported 474 members with 23 Granges reporting. There were 33 Junior Granges recorded as of the June 30, 1974 quarter.

NEW GRANGES

One Subordinate and four Junior Granges were organized during the past fiscal year.

Camp Evers No. 817—

Organized Nov. 7, 1973 by Erle E. Jones,
Deputy, Santa Cruz County.

Yucca Junior No. 194—

Organized March 2, 1974 by Marie Rice,

Cupertino Junior No. 175—

Re-organized March 22, 1974 by John Buck,
Deputy, Santa Clara County.

Millville Junior No. 17—

Re-organized March 22, 1974 by Ruth Bingham,
Regional Junior Supt.

Greenhorn Junior No. 67—

Re-organized March 28, 1974 by Vayne O. Ralston,
Deputy, Siskiyou County.

GRANGE HALL DEDICATIONS

As there were no Grange Halls dedicated during the past fiscal year the records remain the same with two hundred thirty-nine Grange Halls dedicated to date.

GATE KEEPER'S REPORT

Worthy Master, Fellow State Officers, Delegates and Members:

Your Gate Keeper appreciates the opportunity to serve, also your cooperation and tolerance at the Gates. A special thank you to the Deputies who so faithfully served out their assignments.

Sorry we had to pass some invitations to visit you.

Please, you all come to Stockton in 1975 and we'll do it over again.

Fraternally submitted,
Albert E. Moody, Gate Keeper
California State Grange

CERES REPORT

Worthy Master, Fellow Officers and Members of the California State Grange:

This past summer we had the pleasure of traveling throughout the State with the State Officers, exemplifying the Sixth Degree. It gave us the opportunity to get to know our fellow officers and to meet so many wonderful Sisters and Brothers of the Grange.

Thanks to all of you for the many invitations we received this year.

Best wishes for a successful 102nd session here in Sacramento.

Fraternally submitted,
Lillian Wild, Ceres
California State Grange

POMONA'S REPORT

Worthy Master, Fellow Officers, Delegates and Members of the California State Grange:

This is a new experience and challenge to me to be a State Grange Officer. It was a real privilege to take the Sixth Degree tour in July and has made me more aware of Grange procedure and the real thoughts of our seven founders.

This convention was more meaningful than ever before.

Fraternally submitted,
Helen Smith, Pomona
California State Grange

FLORA'S REPORT

Worthy Master, Fellow Officers, Delegates and Members of the California State Grange:

It has really been a pleasure serving as California State Grange Flora this past year.

I enjoyed meeting and getting better acquainted with so many Grangers on our summer tour of the State. It was a great experience for me and one I won't forget.

Leroy and I also had a great trip with the Youth and Young Marrieds to Boise last summer. We made new Grange friends there, too.

We wish we could have attended all the Grange functions we were invited to this past year. Thanks ever so much for the invitations.

Best wishes for a successful session in Sacramento.

Fraternally submitted,

Ann Larson, Flora

California State Grange

MUSICIAN'S REPORT

Worthy Master, Fellow Officers, Brothers and Sisters of the California State Grange, Greetings:

Welcome to this 102nd California State Grange convention. We have work to do and by cooperation we will get it done, and thereby make our communities a little better place to live in.

The most enjoyable time of our life is when we are doing something for some one's enjoyment or happiness

I enjoy very much being your musician. If you have any favorite tunes, I will try and play them for you. All you have to do is let me know and I will do my best to play them.

I wish to thank all those who sent me invitations to their Grange functions. I am very sorry I could not attend all because of previous commitments. Sometime I wish I were triplets.

Fraternally submitted,

Bill Campbell, Musician

DEPUTY REPORTS

ANTELOPE VALLEY

Worthy Master, Officers and Members of the California State Grange:

The total membership of our five Granges remains about the same as last year, with two Granges increasing, two losing, and one holding its own.

Several scholarships were given by different Granges to various schools in Antelope Valley and our Pomona Grange again contributed \$50.00 to the 4-H Council for the annual calf scramble at the Antelope Valley Fair. Only two Granges participated by entering feature booths in the fair.

All the Granges are assisting with degree teams in exemplifying the first four degrees. Code and Digest classes are continuing with good attendance.

One new Junior Grange was organized, and after a good start developed Matron problems, but with help may continue to meet.

Fraternally submitted,
Hugo V. Wild, Deputy

EAST BUTTE COUNTY

Worthy Master, Fellow State Officers, Delegates, Brothers and Sisters of the California State Grange:

It is again a pleasure for me to report on the activities of the six Subordinate Granges in East Butte County.

I am glad to say they are all working hard and have made a moderate gain in membership this year. We now have 1542 members in East Butte, a net gain of 68 for the six Granges for this year.

All the C.W.A.'s are very active with their many projects raising money for their Grange and donating to the many good and worthy causes.

We attended Youth Camp at Mount Lassen Park. There were 7 youths from Butte County. 70 registered from throughout the state. 24 youths from District No. 2 attended Cal Polly conference this year. 5 youths from Butte county attended the western conference at Boise, Idaho.

We really enjoyed our visit with the youth. It's a real inspiration to see them work.

We have attended four Booster or Community nights which were well attended and all had good programs. Thermalito presented (4) 25 year pins. We were honored to have the Worthy State Master Deaver present eight 25 year pins at Wyandotte. We installed all the officers for the six Granges in East Butte County . . . also installed eight Subordinates and their Pomona Grange in El Dorado County. Also the officers

of Calaveras Grange in Calaveras County. We attended State Masters conference at Chico, also the State Lecturers conference at Chico.

Our Credit Union has shown a very nice gain in members and shares this year.

G.B.O.'s business in Butte County is still very good.

We have (3) youth delegates to the convention this year—Concow, Wyandotte and Pomona.

Fraternally submitted,
Leonard Hendricks, Deputy

WEST BUTTE COUNTY

Worthy State Master, Officers and Members of the California State Grange:

Another year has passed, the results are not as good as they should be, but can't complain too much. We had a slight loss in membership.

Have been taking in new members, but losing by deaths, dropped, withdrawals, etc., so have been unable to show a gain.

All Granges have been holding regular meetings. DeSabra has their lot leveled and well drilled getting things ready to build their own hall in the near future. They have been giving breakfasts one Sunday a month, held an old fashion fair to raise money, have been very successful.

Chico Grange has been having games every Saturday night for their money raising. All the other Granges have been having various projects for their money raising.

Had the honor to be invited by the County C.W.A. Chairman to present the Government Bonds to Miss Elsie Hopper of Palermo Grange for being the best of show in the national sewing contest.

Have visited all my Granges several times this past year giving instructions, installing officers, obligating new members, etc.

Hoping that the new year will be more rewarding by increasing membership and to have better attendance at meetings.

Fraternally submitted,
Justus Borchers, Deputy

EL DORADO COUNTY

Worthy State Master and Officers of the California State Grange:

We have, according to my figures about the same membership as last year, some Granges losing and others gaining.

Three Forks Grange has just about completed the work on the inside of their hall, all others are in good repair. Sister Miller and I have attended all Regional Meetings.

We attended Sly Park Youth Grange Camp one day.
Some of my Granges gave scholarships this year.
Pomona gained a little last year and hope to do better next year in 1975.

El Dorado-Amador Credit Union is still doing good helping many of its members.

Fraternally submitted,
Leland I. Miller, Deputy

FRESNO-MADERA COUNTIES

Worthy Master, Officers and Members of the California State Grange. Greetings from Fresno-Madera Granges:

The usual giving of Scholarships and working with the FFA and 4H clubs has continued.

Our Grange Credit Union is growing bigger and better every year.

The Pomona Grange instead of giving scholarships, help the Young Marrieds and Youth to the conferences.

I was very honored to receive a Deputy Sash from the Young Marrieds in this Pomona. It was a pleasant surprise and one that will always be cherished.

I appreciate the advice received from the State Master on my many visits to the State Office.

Ruth and I want to thank the Granges for the wonderful hospitality shown us.

Fraternally submitted,
Harold C. Harding, Deputy

SOUTH HUMBOLDT COUNTY

To the Officers and Members of the California State Grange:

This has been a good Grange year in South Humboldt County, with an Officers meeting at my house in January, starting the year off. Two new Masters attended, learning their Secret Work.

We had an Officers meeting in April which was well attended with the State Officers instructing.

Van Duzen Grange hosted the State Lecturer's Conference which was well attended in April.

Grange activities were conferring the four Degrees at three different occasions. Humboldt presenting the first degree, Van Duzen 2nd, Rohner 3rd, and Redwood Grange 4th.

The degrees presented on the 3rd Thursday evenings the last month of the quarter were well received.

Humboldt Grange was host to State Master and Officers who conferred the 5th and 5th degrees to a large group, prior to the convention and National sessions.

Membership growth in Southern Humboldt County has been slow, but steady. Grange interest remains very good in spite of all the distractions that prevail.

We close the year with high expectations of and even better in 1975.

Fraternally submitted,
Dave Thomson, Deputy

KERN COUNTY

To the Officers and Members of the California State Grange:

Reporting for the six Granges in Kern County. My report I am glad to say that we have an increase of 26 in membership, bringing the total to 613.

Turnover is still a problem, with all the other organizations competing for members.

Pomona Grange competed in the Kern County Fair with a Booth again this year as they have in the past several years.

Some of the Granges again offered Scholarships to local students.

Members attending meetings is still down and seems to be a problem to get them to meetings.

The Grange Insurance and the Grange Credit Union seem to help in getting new members in our area.

Fraternally submitted,
Al Utt, Deputy

MERCED COUNTY

Worthy Master, Officers and Members of the California State Grange:

On behalf of the entire membership, Sister Agnes and I are most happy to bring you greetings from Merced County's Pomona and eleven (11) Subordinate Granges.

Most all Granges have been active in some type of community service, as follows:

Our Pomona CWA, under the most efficient and very capable leadership of Sister Mary Carson (Chairlady), donated four (4) Polaroid and three (3) Instamatic cameras to the Danielson School for the Deaf and Hard of Hearing.

Winton Grange No. 531 sponsors the "Airmans Coffee" for Castle Air Force Base personnel.

Bear Creek Grange No. 530 is participating in the "Heifer and CROP" programs.

Merced Colony Grange No. 527 provides the use of their hall for 4-H and charitable organizations to conduct meetings.

Los Banos Grange No. 79 makes annual contributions to their local 4-H.

Delhi Grange No. 741 purchases all the oxygen used by the Delhi Fire Dept.

Dos Palos Grange No. 541 sponsors a "Little League" ball team and two (2) scholarship awards each year.

Sister Agnes and I were honored with many invitations to birthday parties during the year.

I have had the honor and pleasure of obligating new members for several of my Granges during the past year.

Our Federal Credit Union continues to be most active in meeting the needs of the members and shows an excellent growth in members, shares and loans.

The past year found us with a very serious membership sickness known as "LOOSSITIS". We are aware of the treatment to be used for it (APPLICATION FOR MEMBERSHIP) and am most happy to report that for the quarter ending September 30, with one Grange yet to report, we show a net gain of 12 new members.

I deem it a great honor to represent our Worthy State Master in this jurisdiction.

Sister Agnes and I wish, for you, a most fruitful session in Sacramento.

Fraternally submitted,
Edward R. Whitson, Deputy

MOJAVE VALLEY

Worthy Master, Officers and Members of California State Grange: Greetings from the Mojave Valley District Granges.

The Granges in this district have again this year made substantial gains in membership and have made a successful effort to gain new youth members.

Again this year several Granges have supported the San Bernardino County Fair by entering feature booths, and have been rewarded well in cash prizes. Also most of the Granges presented trophies for deserving youth. Grange Day is a yearly feature and was well attended.

The Granges are active in community affairs, one Grange having taken over the running of the Community Center. Another Grange allows Meals on Wheels to be served in their Hall.

Grnges are sponsoring Scouting activities and one Grange has its own 4-H fair for a district benefit to their youth.

The C.W.A. of our Granges continue to function successfully in organizing events to promote funds for their Grange.

Our Grange Credit Union has made a good gain with assets of \$216,280.00 and has been a help to many Grangers and expanding membership. The insurance program is expanding and all Grange benefits help to increase membership.

With all good wishes for a successful and beneficial State and National Convention in Sacramento.

Fraternally submitted,
Lester E. Wendt, Deputy

NOTHERN MONTEREY COUNTY

Worthy State Master and Members of the California State Grange:

Monterey County can report a gain in membership in the last year. Big Sur Grange No. 742 was re-organized and they are again active with a good membership. There were six Granges who entered a booth at the Monterey County Fair. I am sorry to report that our two Junior Granges are not doing too well at this time.

The Credit Union has made a substantial gain in members, shares and loans. The Committee on Women's Activities is very active in Community projects. Two Granges, Hollister and Bitterwater of San Benito County affiliated with Monterey County Pomona Grange No. 17 in the last year.

Sister Buhler and I have visited the Granges several times and wish to express our thanks to the Officers and members for their co-operation and many courtesies extended to us.

It has been a pleasure working with you. With every good wish for a pleasant and constructive Convention at Sacramento.

Fraternally submitted,
Clesson E. Buhler, Deputy

NAPA COUNTY

California State Grange, Worthy Master and Members:

Again this year I am happy to report that Napa County had a net gain in membership. Interest in the work seems good and the C.W.A. committees are real active. Two Granges entered feature booths in the District Fair. Rutherford and Welcome Granges have completed repairs on their halls as requested by the State Fire Marshall.

Our Credit Union has experienced a slow but steady growth.

All the Granges in Napa County have made charitable donations or given Scholarships. Two 4-H groups are permitted to meet in Grange hall free of rent. Napa County Pomona exemplifies the 5th degree work once a year, and other Granges exemplified the first four degrees three times this past year.

May the coming year be a banner year following the National Convention in Sacramento.

Fraternally submitted,
Washington Mannering, Deputy

NEVADA COUNTY

Worthy Master, Officers and Members of the California State Grange:

I am happy to again bring greetings from the three Granges in Nevada County.

It was a busy year for Banner Grange working on their new hall while holding their meetings in the Rough and Ready hall and other activities in the hall of Golden Empire Grange.

Banner members had a grand opening of their new hall with a dinner serving a capacity crowd. In September the main meeting room was completed for their first meeting and Community Night which was well attended. They have a beautiful hall which they are to be congratulated. I know that they appreciated the help received from Granges throughout the State. Their membership has increased during the year and they continue to get new members.

Golden Empire Grange has been active raising money in various ways and their Saturday night dances are very popular. They recently graded the entrance road and improved the parking area.

The main goal for Rough and Ready Grange during the year was to pay off the mortgage. The "Burning of the Mortgage" ceremony was held in May with State Master Deaver and other officers participating.

The three Granges have been active in the Placer Nevada Credit Union.

Placer Nevada Pomona Grange awarded two one hundred dollar checks to a Future Homemaker and a Future Farmer of America. Both awards were won by students of Nevada Union High School in Grass Valley.

Ola Lee Hale representative of Grange home and automobile insurance has been kept busy.

Representing Mutual of Omaha, Tommy Sayed is always on the job with health, accident and life insurance.

Our Seventh Degree Club No. 5 under the supervision of Emmett Ivey have put on the Opening and Closing ceremony for several of the Placer and Nevada County Granges.

We now have a Fifth Degree team and have put on the degree work once with hopes that after the first of the year more new members will be joining Pomona Grange.

The three Granges plan to have a joint installation on Sunday, December 8 in the new Banner Grange hall. State Overseer Edwin Koster has accepted an invitation to be the installing officer.

With all good wishes for a successful 102nd convention at Sacramento.

Fraternally submitted,
Charles A. Deardorf, Deputy

ORANGE COUNTY

Worthy State Master, State Officers and Members of the California State Grange:

It gives me pleasure to bring greetings from Orange County and to report the activities of the year.

The Pomona and Subordinate C.W.A.'s have given many hours to community and fund raising projects again this year. My thanks to Dollie Cook, Pomona chairman, and her associates for a productive year.

The four degrees were exemplified this year by Costa Mesa Grange No. 612 and Garden Grove Grange No. 613.

Membership dropped in the first half of this year, but has stabilized as of October 1st and indicates a 'growth gain' trend.

A Future Farmer Scholarship and Trophies were given this year by two Granges in Orange County. These young people of the Future Farmers are most appreciative of Grange sponsorship.

Rosemary Hansen our 8th Regional Director of Youth attended the Western States Youth Conference in Boise, Idaho. I'm sure we will benefit from her attendance at this meeting. Also, I wish to thank Rosemary Hansen and her husband Arnold for their work at State Convention as Chairman for the Annual Youth Breakfast.

Three Granges entered the Orange County Fair again this year winning a total of \$675 in premiums. Orange County Pomona No. 36 entered the Los Angeles County Fair winning a First Place ribbon, trophy and premiums at \$645.

Best wishes and a successful session in Sacramento.

Fraternally submitted,
Stephen M. Tait, Deputy

PLACER COUNTY

Worthy State Master, State Officers, Deputies and Delegates Greetings:

I am happy to report that all our six Granges are active and working hard on many projects.

Placer-Nevada Grange Credit Union is progressing very well with a nice gain, and a membership close to 900 members.

My Granges have all been very active in their various projects: Flea Markets; Fall Festival; Public Parties; Card Parties; Dinners; Rummage Sales; Bake Sales, etc. Some of our Granges have entered feature and food booths in county and district fairs.

Our Pomona held the District C.W.A. meeting at Loomis Grange Hall in September, also our C.W.A. clubs have been busy making lap robes for hospitals and have given to needy families.

We have two Junior Granges in our area and they are doing quite well.

Our Pomona Grange has given two scholarships for \$100.00 to a F.F.A. boy and a girl in Nevada this year. It has also given \$68.200 to the Penny Pines Plantation, State Builder Fund and the School for Retarded Children of Newcastle.

Our seventh degree club has organized the 5th degree team and conferred degrees at Rough & Ready Grange in September.

Best wishes for a successful 102nd session in Sacramento.

Fraternally submitted,
Jay Dean, Deputy

SAN BERNARDINO COUNTY

Worthy Master, Officers, and Members of the California State Grange:

I am happy to report that San Bernardino County has seven active Granges. We have had some losses and some gains in membership. Cooper Mountain Grange No. 814, one of our newest Granges just recently obligated thirteen new members. All five degrees have been exemplified in our area. The Granges in San Bernardino County serve their community in various ways. Copper Mountain donated \$100 to a young mother (non-Grange member) who needed brain surgery, also \$100 to an Ambulance Service organized in their valley. Our very newest Grange, Wonder Valley No. 816, though they do not yet have a Committee on Women's Activities, are very successful at their money-making attempts through the united efforts of their members. Already they own their Grange hall. Roadrunner No. 813 has purchased a site for their Grange hall and the lot is now paid for. Plans are presently being drawn up for their hall.

Yucaipa Grange No. 582 has two dances in their hall each month which have become quite successful with an average attendance of approximately one hundred, at each dance.

Our Pomona Grange No. 32 had a Feature Booth in the County Fair at Victorville winning first place and we won second place at the Los Angeles County Fair in Pomona where we took the same booth. This has been my first year as Deputy of San Bernardino County and it has been a real pleasure to serve in this capacity.

Byron Kearne, Deputy

SAN FERNANDO VALLEY

Worthy Master, Officers, Delegates, Brothers and Sisters:

The report of 1974, as I write it, sounds much like the 1973 report in that two Granges are not in a position to even replace members lost, let alone gain. One Grange has shown a net gain, with the acquisition of three members and the loss of but one. There is hope for establishing a youth group in San Fernando Valley, as one of the leaders of the Future Farmers has agreed to re-establish with one of our Granges the practice of being host to the FFA Speech contest. In this way we have the opportunity to acquaint high school students with the great California State Grange Youth program.

SAN LUIS OBISPO COUNTY

Worthy Master, Officers and Members of the California State Grange:

As the year 1974 is coming to an end, I am pleased to bring you the highlights of the year here in San Luis Obispo County. To start the year I held a Master's Conference with all but one master attending.

The California State Grange Youth held its annual Easter Conference here at Cal Poly. They stayed in the bunk houses at Rancho El Chorro, San Luis Obispo County Office in Education and all had a good time along with learning the workings of the Grange.

The conference started with a banquet held in the Vista Grande Dining hall on the Cal Poly Campus. The first degree was conferred in the Auditorium at Rancho El Chorro Camp by the youth. The farewell breakfast was held at Madonna Inn, and a tour of the inn was enjoyed by the youth. We had the honor of hosting the Officers of the California State Grange on their tour of the state conferring the sixth degree.

I have a Degree team and we confer the four degrees at Granges on invitation, this gives the members of Granges who do not put on their own work a chance to get the degrees.

San Luis Obispo—El Paso De Robles, Estrella and Triangle Granges had booths at the County Fair and all came away with a ribbon and a sizeable check. Grover City Grange gives a hundred dollar scholarship to an eligible student in Agriculture and one in Home Economics. The Grange Credit Union here in San Luis Obispo County is growing rapidly and has been a help to many Grangers in the county.

In drawing this report to a close, Sister Walker and I will see all of you at the convention in Sacramento and wish the California State Grange a very successful session.

Fraternally submitted,
Gerald Walker, Deputy

SANTA CLARA COUNTY

Worthy Master, Officers and Members of California State Grange:

Again the time has come to report for Santa Clara County Granges.

The two South County Granges held their installation in November at Gilroy Hall. Pomona and eight Subordinate Granges held their joint installation in Mt. Hamilton Hall December 2, 1973. Our Installing Officer and Marshall for the second year, State Ex-Committeeman S. E. "Dick" Rafter and his lovely wife Jessie K. Rafter.

Sister Ruby and I visited our daughter and family over Christmas and New Years in Nebraska. Brother and Sister

Louie and Ida Sordello took over the installation duties for us and did an outstanding job. Mank thanks to them.

Orchard City held their installation in their own hall in December.

Santa Clara County held their 30th Annual Fair and C.W.A. participated with six booths in the women's division. Pomona and 10 Subordinate Granges, Cupertino Juniors No. 175 and Orchard City Grange Youth Committee all qualified for prize money. We always have Grange Day on August 18th and about 150 attended dinner. Pomona C.W.A. Chairman Doris Skow and Vice Chairman Helen Smith and the 11 Subordinate C.W.A. Sisters had a very successful 10 days selling strawberry shortcake. We do have to give some credit to the Brothers who helped washing the berries.

Master's meeting was held January 24th and all were present. Attended District Conference January 26th at Prunedale Hall, 10 Masters and many members were in attendance.

For membership I can't say too much, we have lost several by death this past year, but we hope to do better in the coming year. The National Grange membership program should be interesting to our members and hope to go out and get many new members.

Our Credit Union is showing a gain every year in membership.

Ruby and I wish to thank the officers and members of Santa Clara County Granges for the courtesies extended to us this past year.

Best wishes for a successful 102nd State Grange Convention and may the National Grange at its 108nd session be the best ever.

Fraternally submitted,
John W. Buck, Deputy

SANTA CRUZ COUNTY

Worthy Master, Officers and Members of the California State Grange:

I am sorry to have to report a loss in membership this year after a net gain for the previous four years. The June 30 report shows a drop of 45, from 1026 to 981.

This is especially regretful in view of the fact we organized a new Grange in the county this year.

Our baby is Camp Evers, meeting in Scotts Valley. The membership is still low but comprised of enthusiastic, hard working members and they have made a 40% gain in membership since the Charter was issued in November 1973. They have delegates at this convention and several of their members will take the 7th degree next month.

Our loss of membership does not reflect a lack of new members but a loss of old ones. We did not have our gavel

contest this year and that probably contributed to a lack of interest and the loss of members.

At any rate this sort of loss reflects a weak spot in our Grange program. Surely folks would not join then drop out if they understood what the Grange is, what it stands for, what it has done for the country and what it has the capabilities of doing.

The Pomona and two subordinates have again conferred all five degrees twice during the year.

One Subordinate and the Pomona put in agricultural display booths at the county fair, winning first and second places.

Our Grange Day at the fair brought out even more people than usual. All enjoyed the big chicken dinner, the remarks by the State Master and the grandstand show.

The Pomona has an active legislative committee looking after the interests of all the citizens of the county.

The Credit Union is making steady growth and fulfilling a real need for its members.

This will be my last report as deputy. I have sent my resignation to Brother Deaver to be effective December 1 when we plan to start south and east in our motorhome, to be away all winter.

My seven years as deputy have been very pleasant, sometimes frustrating but generally satisfying. There could be no finer people to work with than the Patrons in Santa Cruz county.

Grace and I also value very much the friendly cooperation and association with the deputy force and the state officers with whom we have worked. These years will never be forgotten.

Fraternaly submitted,
Erle E. Jones, Deputy

SISKIYOU COUNTY

Worthy Master, State Officers, Delegates and Patrons, Greetings from Siskiyou County:

I take great pleasure in reporting from the northern part of this great state, Siskiyou County.

The eight Subordinate Granges of this County are very active in many ways holding regular meetings and participating in county and community affairs. All are trying to build up the membership of the Grange.

We have a progressive Credit Union which is a continual service to Grange members.

The C.W.A. throughout the county are very active giving dinners and other meals, as well as Rummage Sales, Card Parties and Fun Nights. Some are giving scholarships to worthy students, others are sponsoring 4-H clubs.

Due to long distances it is very hard to get all of the Granges together at one time. It takes lots of time to visit all Granges in the county. Weather is a great factor in the winter time when all Granges want to be installed.

With best wishes for a pleasant and successful convention.

NORTHERN SONOMA COUNTY

Brother Chester Deaver, California State Master and Officers:

Another year of Grange activities has passed and a very sorrowful one for Brother Deaver, the passing of his lovely wife, Doris Deaver. Sister Deaver spent a few nights with my wife and I not long before her closing hours of her life, this a mortal blow to both of us. We all will miss her very much at this convention, an empty chair at the posthum.

The Granges in my district are not enjoying a very successful year in regards to membership gains, no loss but a very slight gain in comparison to last year, financially strong, but overall poor attendance at all meetings.

Several Granges have participated in county fairs and have been rewarded financially, this a big help. Dues have been raised, also initiation fees with very few complaints. The condition of our nation, the economic picture and the inflationary condition of our nation, the economic picture and the energy crisis, I think is more or less responsible for the poor attendance at Grange meetings, also the lack of membership build up.

Fraternally submitted

Thomas Wright, Deputy

SOUTHERN SONOMA COUNTY

Worthy Master, Officers and Members of the California State Grange:

Another enjoyable year of Grange work has passed and again it is my pleasure to report from southern Sonoma County.

In spite of the loss in membership throughout the state, the Granges in the southern half of Sonoma County have continued to show a net gain in membership.

Three Granges entered booths in the Sonoma County Fair and received cash prizes of \$1350.00. My home Grange, Bellevue won first prize of \$475.00.

Grange Day was held at the Sonoma County Fair on Wednesday, July 24th with a good attendance, including State Grange Master, Chester Deaver.

On November 3, 1973, it was my pleasure to install the Grange Officers of Contra Costa County Pomona Grange at the Pleasant Hill Grange hall and on December 3, 1973, to install the Grange Officers of Upper Lake Grange in Lake County.

And on December 9, 1973 to install the Grange Officers of four Subordinate Granges at Windsor Grange hall in Sonoma County. And again on December 11, 1973 to install the officers of two Subordinate Granges at the Sonoma Valley Grange hall in Sonoma County.

And finally on December 15, 1973, it was my pleasure to install the officers of one Pomona Grange and ten Subordinate Granges in Sonoma County at the Veterans Memorial Auditorium in Sebastopol.

On September 23, 1974 was invited to present Silver Star Certificates to 19 Patrons of Sonoma Valley Grange for 25 years of continuous membership. This was a memorable occasion followed by a fine program and dinner.

Best wishes for a pleasant and successful convention.

John B. Freitas, Deputy

VENTURA COUNTY

Worthy Master, Officers and Members of the California State Grange:

The summer season has produced a season of semi-inactivity due to the fact that two of our Granges have their meetings in school buildings which aren't available during summer months.

However meetings have been held both in Subordinate Granges and C.W.A. as often as possible.

Fillmore Grange has been in Community Activities such as school scholarship, heart fund and retarded children's fund.

La Avenida has been active in community projects such as a booth in county fair which won first place in that field. Serving as 4-H leaders, making hand made article for Ventura County Hospitals, aid to the Deaf children's school.

While membership has been lagging in these two Granges, membership attendance percentage has improved.

Ojai Valley Grange has increased membership, not as much as we would like, but we are proud of what has been accomplished. Attendance percentage is very encouraging here also. Ojai Valley Grange community projects include an exhibit in the Ventura County Fair, as well as donations to Ojai Valley Museum, Meals for Millions, Operation Santa Claus, sponsors Cub Pack No. 3502, Boy Scout Troop No. 502, local 4-H chapter. We send home made articles to hospitals and contribute to Ann Sullivan Fund.

Pomona Grange No. 50 has held regular meetings with an also increased attendance percentage. We entered a 400 sq. ft. exhibit in Ventura County Fair which all Granges in the county participated. This exhibit took blue ribbon in its class. We also put on breakfasts on two different occasions, proceeds amounting to \$150.00 going to Loma Vista School for the Deaf. We contribute to Meals for Millions, Ann Sullivan Fund and Women's March.

MEMORIAL SERVICE 1974

Processional	Alice Trimble
Coordinated by Ruth Harding, Assisted by Charlene Todd	
Opening Address	Chaplain

Patrons and friends, we pause from our deliberations to pay tribute to those Patrons who have gone to that Great Grange above, to that Paradise not made with hands, eternal in the heavens, to receive the

welcome plaudit, well done, good and faithful workers in our fraternity here on earth. They have labored long and dilligently for the Grange, their communities and their loved ones, to make our Community, State and Nation a better place to live in. God has not given us the easy road to travel to the land of Promise, but he has given us the assurance of a safe way . . . A way of love and kindness. We travel by faith, one step at a time. He has placed them on the upper road that goes onward and upward to our Father's Kingdom in Heaven. May our memory of them be steadfast.

I believe that a word of explanation needs to be repeated from some years ago by our beloved past Chaplain, Leta Littler. Only the names of Past Masters and their wives or husbands, and State and National officers deceased during the past year can be read in our allotted time for this Memorial Service. The list of the rank and file members will be on a scroll and presented at the altar.

CREDENTIAL COMMITTEE REPORT

Worthy Master, Distinguished guests, Delegates, Brothers and Sisters:

As we pass the midway point of our session in this capitol city we realize that soon our work here is completed and we will disburse to our own Grange areas throughout the state. I want you all to take back a message to your Grange. You all receive a letter every year explaining the credential cards. This year there were 80 plus credentials not mailed to the state office.

My committee is always first to greet the delegates and we try from year to year to be a little more efficient. The day of the long line is over.

I wish to thank my committee, by Daughter Naomi who spent many hours on the typewriter before the session began, my wife Barbara who served as co-chairman in my absence, Brother Bob Stith from Sonoma County, Sister Mildred Barnes, Brother Albert Barnes, Sister Florence Seely, Sister Gladys Montgomery, Sister Terrie Null, Sister Ruth McGee, and Brother Harvey McGee, all of Sacramento County.

We are all grateful for this opportunity to serve as one of the more important Committees.

E. D. (Gene) Moberg, Chairman
 Credentials Committee

WOMEN'S ACTIVITIES REPORT

1974

Worthy Master, State Officers, Brothers and Sisters:

Although our State Theme has been "Look To The Future" it is time now to look back at what has been accomplished during the past year. We've also been "Reaching For The Stars" and while we may not have been able to do everything we hoped to, we can be proud of what we have done.

We finished paying off the debt on our State Grange Headquarters. During this past year we have been able to plan for some new projects.

We are almost sold out of our Grange cookbooks but still have almost as many requests as in the past. We are able to provide another \$11,000.00 toward finishing the debt on our building and did a good deal to make it possible to burn the mortgage at our Centennial. We have so many requests for more cookbooks that we might be tempted to have more printed but we do not plan to do that for several reasons. It would cost more and we certainly would have to raise the price but this is really not the most compelling reason. We had a great deal of trouble getting the books delivered from the printer this last time we had them printed. It has been a fine project and all of the women can take pride in having made the project a success by their efforts in selling so many.

Because of the Burning of the Mortgage, it left us free to choose another project for our Women's March money and for this year we chose helping the National Grange project for the Deaf. I believe that all of us have become more conscious, as a group at least, of many of the problems of the deaf. During the past year we were able to help a camp for Deaf Children located in the Bay area, which is under the direction of an organization called "Friends Of The Deaf". Contributions of \$70.00 were sent to them from some of our Subordinate CWAs. In addition I was able to send \$90.00 from the sale of the Happy Day pins. I wish I could get more of them as they sell very rapidly, but the company has informed me that they are out of them and do not know if they will have more.

Once again we increased the amount of money for the Anne Sullivan Memorial Fund. We will have about \$700.00 to send in. Just two years ago when this project was put into our CWA program we had only \$198.50 to send.

At our 1973 CWA conference at the beginning of the State Grange Convention, we had a fine speaker for the Deaf. Mr. George Attletweed, who is deaf, is a teacher in the Hearing Impaired program of Ohlone College at Fremont. He is a very good speaker but also gave it to us in Sign Language. He was very well received and I'm sure that some of the interest in the problems of the Hearing Impaired was a result of his speech.

What is even more important in our program is the efforts of many of our CWAs to do something in their local area to aid the schools where they are teaching the deaf children.

Meals For Millions is still receiving the largest amount of money and this year we have contributed \$1,975.78. Here we are aiding a great many people, not only in many parts of the world but right here in the United States.

Cancelled Stamps have been given to Sister Anna Wilhelm in large quantities but we have also given a large amount to an outlet, although the same organization, in Santa Clara County. If you have other outlets for Cancelled tSamps, do give them. It is a good project that costs little except the effort of cutting the stamps from the envelopes.

We have contributed \$989.54 to the GRANGE - CARE Project, to train nurses at Choluteca, Honduras. In the light of the terrible disaster which has hit Honduras, I'm sure that they could use many times the number of nurses that we have been able to train. I hope that we will increase our efforts for 1975 as we will be contributing to the same project again.

From the Recognition Reports which were sent in, I have counted 1703 pair of Glasses as being sent to New Eyes For The Needy. 1468 were sent to other outlets within the state. These include hospitals, the Veterans Home and many to a group of doctors who go to Mexico once a month to treat the people there.

There are so many CWAs who do some kind of hospital work that it would not be feasible for me to try and pick out any one. This work could be the visits to entertain patients, gifts for special occasions, writing letters, shopping or just visiting some lonesome person.

Exchange Visits between different kinds of women's groups, as well as, between different CWAs are all ways of getting acquainted. In the case of another kind of Women's organization it is also an opportunity to tell them of our work and to learn about their special projects. Having potential new members come to a special tea or afternoon party may be the means of getting them to join. It is even more important to be sure that the new members know when your meetings, both CWA and regular meetings, are held.

The National Grange Sewing Contest had many more entry blanks sent in for the 1974 contest. I received 826 entries but still short of the 1000 goal which was set for us. We will need to work even harder in 1975 to meet the new goal of 1760. However, we have learned of some of the ways we can count nteries to make this goal and I'm sure that we are going to be able to meet it. You don't have to have your garment even finished or if finished judged to have it counted as an entry. Every garment, dress, suit or pants suit, you have made since the end of the last contest, May 1, 1974, can be counted if you used a Simplicity Pattern, Coats and Clark thread and a Coats

and Clark Zipper. All you have to do to have it count toward our goal is to fill out an entry blank for each one, have it signed by your CWA chairman and send it to me.

For those who really want to enter the contest, have it judged and really work for a prize, there are some lovely prizes given. Our Best of Show winner in 1974 received several prizes and among these were two \$50.00 Government Bonds. One of these was for having used a fabric made of Trevira Fiber and the other one came from B. Blumenthal Co., who make La Mode and Le Chic Buttons. These are in addition to the regular State level prizes which go with winning a 1st Place.

We had 96 Needlework entries sent in for State level judging. We have some fine work submitted each year so almost every year we have some National winners. In 1973, we had a 1st prize, a 2nd prize and a 3rd prize in the National Judging. At the time of writing this report the 1974 Needlework entries have not been judged at the State level. The National judging will be in November right here in California. If you attend the National sessions before Saturday, November 16th, you will be able to see the kind of work which is done from all over.

We had 13 dolls sent in for judging in the Doll Dressing contest. The first place one will then be judged, with those from all the rest of the states. After the National judging the dolls will be given to some under privileged little girls as gifts from the Grange.

We had \$7,030.00 reported as being given for Scholarships and this provided for 80 of them. This is a fine example that many Grangers believe that young people deserve some help to get more education.

The money which we gave to Humboldt State College and to Cal-Poly to be used to help girls or women to remain in school is being used very carefully. At Humboldt State College three young women were helped. Each was given \$100.00. There is still \$831.40 in the fund but sometime in the not too distant future we should put some more money into the fund. It is for a good purpose. I have not received a report yet from Cal Poly but they probably do not have much more if that much left, so we should think about putting some more money into that fund also. The money has been used very carefully over the years. Women who have run out of money and would have to leave school before the end of the year may apply to the college for aid and if a sum of \$100.00 or less will get them through, they will be given only the amount they must have.

Our special project is the giving of \$100.00, each year, to the winner or winners in the Talent Contest held each year at our State convention. This is not a prize but is strictly for expense money to help them get to the National Grange for final competition. This money comes from Cookbook money and we plan to continue this.

Most of the contributions to our State Youth or Junior Granges goes directly to the State Grange but I received \$43.50 for the Youth and \$40.00 for the Junior Grange. Penny Pine money should go to the Junior Grange as this is a project of theirs. I did receive some money though for this and sent it on over to Sister Eve Rowe, Junior Superintendent of the California State Grange.

We have asked for some extra cookies, like those being entered in the cookie contest. After the contest cookies are judged then they are put on sale at 50 cent a plate of one dozen. We are hoping to raise a little extra money this year to help pay for some of the extras we need for the National Grange. We want to pay for everything we need to furnish for the National CWA without asking the California State Grange for any money. Some of the things will be paid for from Cookbook money but there is quite a bit of expense. We are only too happy to have the opportunity to entertain the National Grange and we want to make it one they will long remember.

We anticipate that there will be 850 attending the National Women's Activities Banquet on Thursday evening, November 14th. It will be one of the highlights of the National Sessions. Of course I mean outside of the regular business sessions. At this banquet the Grange Award winners in the Needlework contest will be announced. This award is \$1,000.00 in the Crocheting and Knitting Classes and \$500.00 in the Embroidery Class. In addition the Grange of these contestants will receive \$500.00 for the first two Groups and \$250.00 for the last. In the Sewing Contest the three first place winners will be guests of the National Grange and the Grand Award winner among these three will be announced. The prize here will be a trip for two to the island of Bermuda. In addition, if the contestant has used a fabric with Trevira in it, she will receive \$1,000.00 cash. There will be entertainment and some representatives from CARE, Simplicity Pattern Co., and perhaps others will be there to present special awards.

We suffered two great losses this past year. First Sister Doris Deaver, who was also a supporter of the women's work of the Grange. Her loss has been felt in every department of the Grange in California.

Sister Alta Peck, National Grange Director of Women's Activities died early this year after serving in her office for many years. She was an inspiration to many CWAs to work for the good of all. Our new director, Sister Jenny Grobusky had a very difficult time stepping in, right in the middle of the Sewing Contest. I'm sure that she will also inspire the women to do the Grange work well. I hope that many of you will be able to meet her when the National Grange meets here in November. There will be a women's conference, open to everyone, on Thursday afternoon, November 14th at 1:30.

If you are busy being kind, before you know it you will find
You soon will forget to think that someone is unkind to you.

If you are busy being glad and cheering people who are sad,
Tho your heart aches a bit, you'll soon forget to notice it.

If you are busy being good and doing just the best you could,
You'll not have time to blame some man, who's doing the very
best he can.

DIRECTOR OF MEMBERSHIP REPORT

Worthy State Master Chester Deaver, State Officers, Delegates, Brothers and Sisters:

A professor of economics stood in his bathing suit at the edge of the college pool when a co-ed's camera fell into the water. She looked about her, then asked the professor to help her retrieve the camera, which he did without too much difficulty. When he handed it to her, he said he was curious to know why she called on him when there were so many young and expert swimmers at hand. "But, professor", she replied, "I'm in one of your classes, and I know you can go down deeper and come up drier than any other in the college."

You may have remembered the story as I've read it before; and, as I am going to convey important statistics to you, I pray don't do down too deep and come up dry, for my message today should be of interest to all of you. We will start with your state directors activities during the year.

Your Director of Membership was privileged to attend and participate in eighteen regional conferences this past January through March, representing a thorough coverage of California Granges. Our theme was "Each One Win One" as selected by Betty Smith, director of youth activities.

The basic concept of our general sessions was for recognition and planning for junior Grange, youth, and membership, thus providing an opportunity for leaders in other Grange areas to promote interest and progress. As a combined unit, the conferences were conducted as a money saving venture rather than three separate and expanded conferences throughout the eleven regions. We illustrated the growth or decline of membership in each county, giving you these statistical data for your evaluation and concern.

NATIONAL PROGRAMS: California has accepted the National Grange Membership program and, although I have not received the facts, we were told that California leads in the response for membership certificates and pins. The program continues for another three years and it is hoped that more Granges participate. The new poster "One Plus One" is attractive and indicates today's movement of action for growth.

Last year we provided an opportunity for the Gold Sheaf members to join us. Fifteen were present as honors were bestowed upon them. This year we have 93 Gold Sheaf members on the roll. Are any in the hall today? Would you stand and be recognized, please?

CALIFORNIA STATE GRANGE ACTIVITIES AND CONTESTS: The "increase of attendance at meetings" contest was open to all Pomona and Subordinate Granges. The members of entries sent out were 38 Pomonas and 272 Subordinates. I did not receive the listings of appointed membership chairmen in

Regions 1, 3, and 4 where no membership chairman is listed in the Roster; therefore, I was unable to send out forms to all Pomona and Subordinate Granges. Do not blame me if your Grange did not have a chance to participate, as I worked with the information available to me.

Regardless of how a contest could possibly be, by just writing in the attendance of each meeting, of the thirty eight Pomona forms sent out, twenty-two were returned, showing a 58% of returns. 116 of the 272 Subordinate forms were returned, indicating a 43% of returns. This is not good as it shows a lack of interest.

It was interesting to note the following information: Of the Subordinate Granges 65 held two meetings a month, 42 held only one meeting per month, and 9 held one meeting and one social night per month. The average attendance per meeting came to 30. In addition, 74 of the 116 Subordinate Granges had an increase of attendance while 42 did not.

SUBORDINATE GRANGE WINNERS:

First Place: Triangle Grange No. 619

Master: Peggy Williams

Membership Chairman: Hildur Kerr

Second Place: Thermalito Grange No. 729

Master: Milton McDonald

Membership Chairman: Leona Collinson

POMONA WINNERS:

First Place: Monterey Pomona No. 17

Master: Julian Marion

Pomona M'ship Chairman: Thelma Buhler

Second Place: Los Angeles Pomona No. 37

Master: Vernon Cuddeback

Pomona M'ship Chairman: Evelyn Ray

STATE REGIONAL DIRECTORS OF MEMBERSHIP ACTIVITIES: Each Regional Director has their own way for reporting to your State Director, whether it be by letter, telephone, or visit. Reports were few this past year and I know they were busy people. Brother Henry Mangus, new to the position and Regional Director for Region 4, had to resign soon after being appointed and we have not yet found a party to take his place.

Sister Lela Hughes, Director of Membership for Region 9, was appointed as CWA District Chairman some time ago and has held both positions. The need for other leaders in these different areas of Grange work, rather than to burden one with all, has lead us to the decision that they should hold one position only. Sister Hughes term as Regional Director of Membership will end this December. Another new appointee was Luella Crandall for Region 8. She has been very active in

membership duties; however, she has accepted the position of CWA Chairman for District 8, and her duties as Regional Director of Membership will also terminate this December.

Each year your State Director presents a gift to a Regional Director whose region has obtained the greatest percentage of increase in Membership. This award is given provided I have received a listing of all membership chairmen within their region. This year's winner goes to BETTY THOMSON, Region 7, with a 2.4% increase. Second place runner up is MAXINE SILVA, Region 8 with a 1.5% increase. Third is GARY RUTHERFORD'S Region 1 with a 1½% increase. Region 10 under JUANITA HARP'S leadership barely showed on the plus side. All other regions went in the red or minus side.

With seven regions showing a loss, there was no gain in membership for the period, July 1, 1973 through June 30, 1974, but rather, a loss of 208 members, taking us back to a position between the December 1972 and March 1973 membership records. The last three quarters showed a loss and our membership standing to June 30, 1974 is 44,569. Apparently, this is the year everyone decided to do some weeding. However, as you cultivate, you must sow new seed.

The three counties that took the major losses were Placer with a loss of 149 members, San Bernardino with a loss of 82, and Fresno County losing 76. There was one Subordinate Grange that suffered a tremendous loss of members, and ironically, it is not in any of the three mentioned counties.

On the brighter side, North Monterey County took the lead with the largest increase of membership, totaling 113 members. Second was Siskiyou County with 70 members and Yuba County with an increase of 54. As circumstances prevail, the one Grange with the largest increase of membership goes to Fairfax No. 570 in Kern County with an increase of 52 members.

During the conferences held in January, February, and March, we stressed the renewed effort for more Junior Granges and also the importance of additional Grange units. This was initiated by your Worthy State Master, and Betty Smith and I tried to relate the necessity of this need. The June Deputies' conference was to be a summation of the conferences; and, regardless of how well planned, the Deputies Conference didn't quite work out that way. We hope the Deputies take heed of what was expected and proceed to move forth.

Evaluation is a must for improvement of our Grange membership. More emphasis should be given to your own Grange. We must become more involved. Evaluation then becomes the means by which you will determine how you will meet your goal. It becomes the key to improve your Grange meetings, attendance, and programs.

Perhaps you wonder why our concern for membership growth. It is because we see a challenging time ahead. We have known of an increasing membership the past six years. We really don't want to deal with a declining membership.

BASIC CHALLENGES TO EVALUATE

1. **SERVICE:** A challenge to identify a need for assistance and provide it: To express a caring without expectation of reward. (Volunteer work with the aged, membership building, surveys of your community needs)
2. **ADVENTURE:** A challenge to one's daring, endurance, and skill in an unfamiliar environment. (Acceptance of a new Grange project, planning and working to complete your goal)
3. **CREATIVITY:** A challenge to explore, cultivate, and implement an idea in an enjoyable way. (Idea giving to the Junior Grangers, poster work for your CWA, Talent for your Lecturer)

In partaking of any of these challenges, it then becomes a personal challenge yet group decision-making, and significant in activity and pursuit of a planned goal. Everything depends on motivation, support, and cooperation. Brothers and Sisters, plan now to develop your Grange as a leader in your community. Establish that relationship! Meet today's challenges. Let us make 1975 the **CHANGING CHALLENGE** by providing better Grange meetings, larger attendance, enjoyable programs, and substantial benefits available to the new member.

Someone said there are three kinds of lies: Lies, damned lies, and statistics. As I close and say goodbye, I pray the statistics I have presented today did not allow me to go down too deep and come up drier than, but that next year, you will have such an outstanding increase in membership, todays bad-side of those statistics were all in error.

Goodbye, goodluck, and God bless you one and all.

DIRECTOR OF YOUTH ACTIVITIES REPORT**Sacramento, 1974**

This has been an eventful and fruitful year for all of we Grangers, young and old, because everything good that happens to any one Granger actually does strengthen every other Grange and every other Granger, for that is what Grange is all about.

To start the year we traveled, along with the rest of the team, on the Regional meetings and made ourselves obnoxious in some areas by recognizing an already suspected fact, that Grange Leadership is mostly on the shady side of sixty.

To us that means that the picture is not all that great, and it's high time more young and middle aged people should attend Grange on Election night. That picture is not really grim—thank God for the people that DO attend Grange on election night!

What it really proved is that Grange Leadership positions are not made that attractive to the young and middle aged—at least not in all areas.

What it all boils down to is that in far too many cases there is a sad lack of Grange Education taught to those being brought into Grange membership, and a sad lack of Grange Knowledge by those who have been Grangers for years and years.

Practically no motivation to learn is being sparked, little enthusiasm for excellence is being fanned, and I wonder how much ambition is being taught by EXAMPLE by present officers.

In other words little pride in Grange is being generated. That picture is not only grim, it's deadly and it's fatal. It can only result in weak Granges and declining membership in those areas.

Tough words? Tough facts!!

The National Grange theme in every department for the next year has something to do with "IMAGE, 75".

We must update our image! And you must permit the young and the not so young to help change it.

Not only MUST we permit the youth to become completely involved in Grange programs, it is an absolute necessity not only to permit, but to purposely include youth, as a matter of good Grange practice, in every aspect of Grange work, from the Subordinate level up to an including the National Grange.

Do you remember six years ago when the current Youth Program was just getting off the ground a so-called "White Paper" was prepared by the Youth? In it one of their greatest disappointments was that Grangers would say "That's a good job for the Youth" then calmly walk off and leave them to fall flat on their face, only to blame them and find fault with them later. Well, that's still a fact of Grange Youth Life. You're

still doing it to them, and then, without even a "kiss my foot" you still expect them to show up en masse to work themselves to death the next time you have that big spaghetti feed, that big Fall Festival or that annual dinner you think should pay all of the bills for the next year!!

It's time for the Grange membership and Grange Officer Corps to accept the responsibilities of teaching new members what the Grange really is, and how it can add a brand new dimension to their lives.

It's time to involve the entire membership in all of the Grange programs and events.

It's time to help the youth with your **ACTIVE PERSONAL SUPPORT** when they attempt a money making event.

To do less is hypocritical and unworthy, and certainly not in the best interests of your Grange.

We have had splendid Conferences this year. In February we had a Young Married's and Singles to which were invited all teens who wished to come.

Cal Poly was held, as usual, during Easter week with special invitations to all Young Marrieds and Singles. Each attended the other in good numbers. It's very encouraging that about 50% of those classed as Youth were first timers. It was also a happy fact that young ex-service men, home after four years in the military, attended Cal Poly and entered in to every activity with as much enthusiasm, or maybe more, than they had five years ago.

It's true joy to us that these young men who have been in the service during these six years **MAKE** the opportunities, by saving their leave, to attend Grange Conferences, Conventions and Camps to visit with their Grange friends. Without exception they have expressed their appreciation to the State Grange Youth Department for having these programs.

Not only have young people learned Grange ritual and Degree work and experienced the fun of working and playing together, but they have had growing up experiences that will be valuable to them for their lives. Even more important than that, they have made life long friends, and some have found their life mates. Perhaps even more important than that, they have had the opportunity and the experience of learning to get along with—and to communicate with—people of all ages.

Many of you will remember Larry, our first State Prince. He is now married and the father of a small daughter. Larry has a small business and things look very rosy for him. He gives the Grange the credit for his success in large measure. He said "I am so grateful to the Grange for giving me the experience to get along with older people." His business is largely with older people, and he really likes them, and they seem to like and respect him. That, of course, is very good for business, but the point is he is happy in his associations, and he gives credit where credit is due.

That is part of the larger dimension added to one young person's life by his Grange experience.

Each person of whatever age will find, if he permits himself to become involved, that the Grange has blessings for him far beyond his hopes.

We had a series of exciting new experiences this year. Several firsts, all of which were very happy and worth while additions to our total program.

The National Grange finally took the leap and scheduled a Western States Youth Leadership Conference during June in Boise, Idaho. None had ever been held of the 7 Western States, and there had been a certain reluctance to do so. The reluctance had deep roots going back to a time long ago when there was a feeling in the West that the National Grange wasn't really interested in our particular problems.

Why a feeling of sectionalism should ever have been permitted in the thinking of California Grangers is odd since it was California's first State Master, Major Wright who wrote in the Declaration of Purposes that there must never be any sectionalism in the Grange.

Anyway, these thoughts have been overcome throughout the years, and the first Western States Youth Leadership Conference was a tremendous success.

We worked for that success, it didn't come easy. Brother Bill Steel, National Youth Director asked for our total support, and we all gave it to him. Of the over 100 in attendance at the Conference of our seven Western States 47 were from California.

Because our State Master made it possible for the Prince, Princess and me to go to Oregon and Washington's State Conventions during the early part of the summer we were able to persuade a larger number from each of those two states to attend the Boise Conference.

Our California youth were a source of pride and inspiration to us as in workshop and program they proved that our methods and courses of Grange study are effective. I must especially mention that our Princess Karen Andersen and our immediate Past Princess Rita Shaw demonstrated superior knowledge of Grange procedures, history and customs during the workshop periods at the Conference.

We feel that the main value of such conferences is in the opportunities for people of different areas, whether Regional, State or National, to exchange points of view, and to learn more of his fellow man.

In our "now" world the most important thing that can be possessed by any human, of far more importance than money, is the power to communicate your ideas to another, together with the power of persuasion. This is an unbeatable combination.

These are things that are learned by practice, and by having the freedom of expression that is encouraged on the floor of a Grange during meetings. Any Grange member has the right to express his thoughts and his ideas. Sometimes, of course, if he is young, or new, in the Grange, and ignorant of his rights, some member may rise and with sarcasm or bluster intimidate a young or new Grange member.

Then is when someone should have the courage to rise and support the new or young member. Sarcasm, the greatest put down on earth, has no rightful place on the floor of any Grange.

These rights and customs should be taught to new members, then insisted upon if necessary. Bullies have no place in Grange meetings. Common understanding is the result of debate, not the result of intimidation or ridicule.

Another first this year was participation by two young ladies in the National Grange Inter-State Youth exchange. The exchange is designed to help the young Grangers develop a better understanding of the Community and Grange life of other areas. Again, the all-important growth factor that comes about when view points can be exchanged and experienced.

Our two girls from California, Karen Andersen and Terri Cordileone, were paired with girls from Indiana and Washington states, and were thrillingly successful. Each of our girls visited their Gisye first, then brought them home so that part of their California visit could be spent with us at Grange Camp, this year near the northern gate of Mt. Lassen.

The Outstanding Young Grange girl from Washington state, Nancy Atwood, comparable to Princess in California, was also a guest at Camp, as was Marty Holcomb, a member of the National Grange Youth team, from Texas.

Each of these girls had a job, and each in her own way contributed to the general success of Camp. Our Regional Youth Directors Paul and Mariann Layher were Camp Directors. Regional Directors Frank and Dorothy Dorr were Registrars and Millie Hassard of Wyndotte Grangs was Camp Cook Extra-Ordinary.

To show you how high we stand in the opinion of other states, and how they appreciate what is going on here in our CSG Youth Committee, let me tell you something.

We are most unusual in that we have sparked and then maintained high interest in learning the unwritten work of the Grange, commonly called the CODE.

Those of you who have attended classes in Code Reading, and those of you who have taught classes all know that it is a most difficult job to learn it well enough in a series of three classes to pass the test.

Pir visitors were fascinated, and practically every moment was spent either doing the jobs that were assigned them OR studying the Code Book.

The visitors weren't the only ones studying, of course, so were many of our own youth.

When, on the final day the test was given, guess what.

Four of our own had passed and THREE of those visitors who had never had the opportunity to qualify for an away of Merit Card in their own states had also passed the very difficult test. You never saw happier people.

In Marty's letter to me after returning to Texas she said she agreed with Aaron Fontinell's report last year when he said "Granges in the East should start to look to the West for some good ideas."

Another first for us this year was an entry in the Public Speaking Contest at the Western States Youth Conference in Boise. John Luft, Chairman of the Teen Section of the CSG Youth Committee, entered and won for us a first prize. You will be hearing John's winning speech in a few minutes.

At Camp later in the summer, we had two Public Speaking entries, and each did a fine job.

Each of these two may enter again at Cal Poly next Spring, along with as many others as care to enter. John, having won at the top level this year, will have to wait two years before entering again. The winner at Cal Poly will be our contender at the second Western States Youth Leadership Conference to be held August 8-9 in Oregon in 1975.

The title of that speech will be "Image—The Grange's Challenge in 1975."

At this 1974 session of CSG we will again choose, by rigid testing, a Prince, Princess and a Young Couple of the Year. The Coronation Pageant is Wednesday evening, with a party to follow at Wisteria Hall, to which you are all invited.

Representing us next month at the National Grange Convention will be Princess Karen Andersen, Prince Ronald Miller, and Young Couple of the Year, David and Sharon Austin. These are No. 1 contenders and will be an honor and a credit to CSG in November.

Acting as Master of the National Youth Officer team that will open the National Grange in the Fourth Degree on Thursday, November 14th will be Pete Miller, past Prince of CSG, Past Pomona Master of Stanislaus-Tuolumne Pomona Grange and a third year student of Agriculture, UC, Fresno.

The Musician for the Youth Team will also be from California and will be chosen by contest. The winner will be announced and introduced to this assembly by the Chairman of the Judging Committee, Jessie Rafter.

The eleven regions are now all represented by Regional Youth Directors. These people are busy people, trying ever harder to have their fingers on the Grange pulse in their Regions. Each team is working in the way that fits their region best to encourage Granges to use their Youth and Youth to use their Granges, both for the purpose of Building

Grange, and Building Grangers. They are busy this Convention on Registration, Fifth Degree Team, Youth Opening Team, Coronation Pageant, Coronation Party, Program for the Deaf, a Testing Program for Prince, Princess and Young Couple contest, and is conducting a training session for all Youth Advisors.

The time has come for the Granges in California to support the CSG Youth Dept. financially. As you know we have been self-supporting to an amazing degree, like about 99.99%. We feel that we have proven ourselves, our Regional people, our Programs, own Youth and our motives. Now we believe appreciation should be shown the State Master and the State Executive Committee for permitting and encouraging such a program, and the Youth Department for the work done to build such a program for you and your Grange.

We have reached a high point, and our CSG Youth Program is being copied in other states. Much interest is being shown, many questions are being asked, and many answers are being given. In order to grow we need more money, and it isn't fair for you to expect us to make it all. Nor is it practical for us to ask for money from the General Fund. The money should come from the Granges, whether you have any young members or not.

For the first six years we made it a point not to ask you for money because you were busy working together with us to pay off the State Headquarters Building, and last year you helped us make the money to host the National Grange this year. Now, this year is different. I am making this special appeal for a good fat check from every single Grange in the state made out to the CSG Youth Fund. And not only this year, but every year to come. We are going all out for you, please show your appreciation by making the Youth Fund one of your first agenda items during your November Grange Business meeting. Please send your check to either Master Chester Deaver or to Sister Marjorie Brown at 2101 Stockton Blvd., Sacramento 95817.

Please buy your Breakfast ticket at the Youth Booth and attend the annual Breakfast, this year to be held at Wisteria hall, right next to the GBO and the Headquarters Building. Please visit the Headquarters Building, it's lovely, and you should be very proud of it, you worked very hard to pay for it, and it's ours.

Because there is no more time many interesting things will have to go unsaid, but it's been a lovely year.

Thank you Worthy Master.

Respectfully submitted,
Betty Smith, Director

SUPERINTENDENT OF JUNIOR GRANGES REPORT

Worthy State Master Deaver, State Officers, Brothers and Sisters and Visiting Guests:

On behalf of the Junior Grange Members of California, I come to you in a spirit of Challenge; challenge to the Official Delegate and Officer body, which collectively you constitute. I urge you to accept this challenge.

As a leader, you have two choices before you. One is to devote your time and energy necessary to carry your Grange forward, or you may ignore the responsibilities and do very little about it. And a year of Grange work has been lost.

We must all work together to build the Grange! We must further develop the effectiveness of our organizational structure by which we combine the intelligence, and thereby organize the efforts of individual members in the field of serving, improving and developing the communities where Subordinate Granges live and work.

But we must do more than that, it is our solemn responsibility to seek out those who see good in their fellow beings, who have generous hearts and open hands to help the needy, raise the fallen and aid in making the labors of this life cheerful.

This we stress strongly in the Junior Grange program, our Juniors have aided the needy with Food Baskets, Money and Clothing given at Christmas time.

The Juniors enjoy the opportunity to visit the shut-ins, entertaining them, bringing them gifts and cards which they have made.

Three Matrons reported that they are holding Roadside Cleanups on weekends. This not only keeps the Juniors busy, but they are doing a service and earning money at the same time. The combined efforts show a total of 17 miles cleared of 5 sacks of aluminum cans, 2 sacks of tin cans and a 50 gallon barrel of litter. Two Matrons reported a total of 9,202 lbs. of bottles, 4,917 lbs. of aluminum cans and \$24.30 on a paper drive.

406 hours, put in on community service such as Grange Yard cleanups, assisting older Grange members with household chores, and running errands for them, making Fire Pails and donating them to Rest Homes, Grange Halls, and to the members. One Junior Grange took on the responsibility to collect for the Heart and Cancer Drive that was held in their community.

They enjoy working with the Youth Committee when they are serving dinners, along with the Subordinate Members. You will be surprised the hours of leg work these Juniors can save, by folding the napkins, setting the tables, clearing the tables and serving the beverages.

The Lecturer can always count on them to assist with the Booster Night and Christmas programs.

The Juniors want to be independent, earning their own way. They pay for their own Junior Grange awards and supplies and in some cases have donated money to the Subordinate Grange to be applied to paying the telephone bills, taxes, paint for the Halls, and Supplies for the Grange.

One Junior Grange noted that the sheaf of wheat for Ceres was in bad shape and that they were going to celebrate their 25th Anniversary. The Juniors went ahead and bought a new one and presented it to Ceres for this great occasion.

We have a family of 5 children who takes turns staying all night with an elderly lady who is afraid to stay alone. Oh yes, Brothers and Sisters, we can count on the Juniors to come for assistance when help is needed. All they want is to be asked and they won't let you down.

The Youngsters today yearn to ally themselves with a cause. They need something to be for, they need a Reason for Being and they need Someone to Care.

This past year we had 8 Juniors Graduate into the Subordinate Grange. We do hope that the Grange members and leaders will be willing to demonstrate that they are willing to accept these young members. Remember, that they are training potential replacements and successors. We must be a Family Organization in practice as well as in principal.

That these young Brothers and Sisters of ours do have a lot of energy and they have new and worthy ideas that need to be Harnessed.

You know, in order to build the Grange Membership, we must have Blood Transfusions. New Blood begets new Strength; new ideas; and new Effectiveness.

But how can we build our Membership when we refuse to recognize the Youth and the Juniors? Grange leaders should also give special thought to the Potential Leadership of the vigorous middle-ages, the Dynamic young marrieds, and the Energetic Single Young Adults. Likewise encouragements should be given to the early Teen-age Membership along with that of the Junior Grange.

Yes, we will build the Grange, and go forward, if we take a positive attitude and set our goals high enough.

I especially urge every individual in this Delegate Body to give his best attention to the very important matter of Further stimulating the effectiveness of our existing Junior Granges, and looking into the possibility of organizing more this coming year. But first, there must be an effective Junior Grange Committee.

Provide an adequate meeting place, and find the proper person or persons to be Matrons and Patrons. I have often asked myself, "Why is it so hard to find a Matron and Patron?" Someone to just give a few hours of their time once or twice a month.

As a Matron or Patron you have the oversight and general supervision of the Junior Grange. And should the members become noisy or unruly you have the opportunity for the training and discipline of your Members. Let them know what you expect at Junior Grange meetings. And with a program to follow and some assistance, you should have no problems. But we can not expect Juniors to come to a meeting and nothing to look forward to.

They should have the Opening and Closing of the Junior Grange in a dignified manner. Have something for the Lecturer hour. This could include crafts along with the other programs outlined for them.

See that they receive the following:

1. Information on the State and National Crafts
2. Merit Badge Project
3. Super J/G Contest.
4. Prince and Princess Contest.
5. Red Book Project
6. Art and Sewing Contest.
7. Community Service.

I only wish that we could stimulate more Senior Members to come forward and assist our Juniors. Not only in the Ritualism. But many of you have skills that the Juniors would be eager to learn. Your rewards would not be in money or fame, but what the children have learned.

Another phase in the Junior Program that could use more help would be in the Outings. We need to let the young people know what their community has to offer and how they work. Visit the Courthouse, Fire Dept., Newspaper office, factories, places of interest. It is surprising how much you will get out of all this.

We would like to encourage greater participation in the Prince and Princess contest. The honor and glory of winning is wonderful, but the real value of this contest lies in the fact that a lot of work goes into it, and will assist the Juniors so that when the time comes should they want to enter into the Youth Prince and Princess Contest they will have this background. This year we had one entry for the Prince and two entries for the Princess. This is better than last year, as last year we just had one Princess entry.

The Prince for this year, John Wilson, is a member of Independent Junior Grange No. 184, Tehama County. He has been active both in and out of the Grange, and we know that he will continue to do so.

The Princess, Kimberly Smith, is a member of the San Marcos Junior Grange No. 192, in San Diego County, has been in the Junior Grange just a few years, but her work has been outstanding, in the Grange, for the community and in the school. We know that she also deserves this honor.

It is surprising to know that our Past Prince and Princesses are still active in Grange work. And who knows, they might once again be honored as Prince and Princess on the Grange Youth Level. We hope so.

I do hope that you noticed the new capes that we have for the Prince and Princess, also the Crown for the Prince. Our heartfelt thanks go to Sisters Ida White and Mildred Painter of San Marcos Grange for making them for us.

The Junior from District 2 and 6 under the supervision of Lillian Stilson, Region 6 Junior Grange convention, that the Junior Degree for the National Grange convention, that will be held in November. Anyone wishing to see this Degree must be Honorary Members of the Junior Grange. Any Subordinate Grange member can be an Honorary Member of a Junior Grange by just applying for membership card. The cost is 25c. We have some cards on hand now for your convenience. You do not have to wait until National to get them. I might mention that these cards are good and will be honored anytime you would like to visit a Junior Grange. You do not have to have a Junior Grange to use them. They can be had at the same table we have set up for the tickets for the Afghan. Our thanks again goes to Sister Gertrude Hendricks of Wyandotte Grange for donating and making this beautiful afghan. Last year she made one for the Juniors to raffle and the proceeds went into the Junior Grange Fund. With this money we were able to have the Juniors who are participating in the graduation ceremony and the Degree Team have uniforms.

For years the Junior Grange official uniform consisted of a dark red cap and overseer cap. At the 1972 State Grange convention in Redding an additional uniform was adopted for California Juniors. Consisting of a white shirt, string ties, dark red jumpers for the girls and dark red pants for the boys, with Junior Grange emblems on the sleeves. Last year at Fresno, the delegate body adopted a uniform for the Matrons and State Junior Superintendent and Regional Directors. This consists of a skirt, sleeveless jacket and string ties in the Junior Grange colors plus slacks and white blouse for less formal wear. These uniforms are not mandatory but were adopted so that more people would be aware of the Juniors by the uniform, as they recognize such organizations as the Boy and Girl Scouts, 4-H, etc. We feel that these uniforms are very attractive, and worn will give the Juniors some recognition and this is what is needed. We need to let people know that the Junior Grange exists. Our heartfelt thanks goes to Sister Dorothy Newsome, who designed the uniforms and made all of them for the Degree Team; and to Lois White who made the outfits for the Graduation Team; and also to Marie and Seward Rice for most of the props for the Graduation.

Not only were we able to purchase all of the uniforms for the Juniors, we paid for the capes, prince crown, trophies, Matron and Patrons pins, gave \$25.00 to the Prince and Princess to help pay for expenses to convention and buy the supplies needed for campouts for the Juniors to work on.

This all comes from the sale of the afghan and the donations sent in from the C.W.A. We thank you all for your support. Without it this could not be accomplished. We would of had to ask the State Grange to assist. This we do not want to do. We had hopes to do it ourselves and we did.

I'm disappointed in the lack of entries received on the National Grange Achievement Report. One was returned, and it came from the San Marcos Junior Grange No. 192.

At this time I would like to present the Junior Overseer's Cloth to the Matron Mildred Painter, and present her with the Matron's pin in appreciation of getting in this important report.

I am sorry to report that we did not have anyone enter Community More Beautiful Contest.

Only 23 Matrons faithfully filed their quarterly reports. We should have and could have 100% reporting if we had the cooperation of every Subordinate Grange Master. As Master it is their duty to appoint a Junior Grange committee. This committee should assist the Matron and Patron and report to the Subordinate Grange if the quarterly reports have been duly and promptly made. This report should be made right after the Subordinate Secretary has made her report. Understanding committees, the Master should see that someone from the Juniors also have a report. The Juniors are a unit of the Grange and should report all activities. The Subordinate Master is charged with the responsibility of being constantly on guard for the general welfare of the Junior Grange.

As of the June 30th, 1974 Quarter we lost 2 Junior Granges. As it stands, with the 23 Matrons sending in the percapita tax, shows a membership of 474 members. While our books show 33 Junior Granges and 649 members. This means we had 10 Junior Granges delinquent and 175 members not accounted for. Are we going to lose these members and let those Junior Granges fall apart? I hope not.

I know of four that have become inactive due to the fact of no one willing to take over as leader. Surely someone in the Grange could take over the meetings until they can find the right person to take charge. Don't let these children down.

On the other hand, we had four Junior Granges organized during the past fiscal year. Our congratulations go to the following:

Cupertino Junior Grange No. 174, Re-organized in March.

Greenhorn Junior Grange No. 67, Re-organized in March.

Millville Junior Grange No. 17, Re-organized in March.

Yucca Junior Grange No. 194, Organized in March.

We do hope that the members will visit these Juniors, lend them a hand, and assist the Matron and Patron.

From the reports coming in, I find that more Juniors are having camp-outs, some just over night and some a week. In the first part of August, we had 30 Juniors Campout in Mendocino County. The purpose for this campout was to have the Juniors practice for the Degree and the Graduation Ceremony. Which they will put on this evening after my report.

After the Graduation Ceremony, the Juniors would like to invite all of you to partake in their reception. This will you a chance to greet your new brothers and sisters and congratulate the New Prince and Princess.

Each year, a State Grange Campout is held in late August. This is for the entire family. This year it was held in Lassen County at Viola, and we had 18 children in attendance. Along with playing games, putting on skits, having the opening and closing of a Junior Grange, the children were asked if they would care to make posters. The theme was, "Grange—What It Means To You?" I just had to bring them along with me to this convention for all to see. Most of them had the word LOVE. This is what the children want, love and attention. These posters are on display with the other Junior Grange crafts.

I have served a long time as Junior Grange Superintendent for this wonderful organization. Served because I have believed in the things upon which it is founded—and I believe in the children. But now I feel that the time has come for me to step down and let someone else take over, and enjoy the hours of planning programs for the Juniors. At this time I wish to express heartfelt appreciation to Brother Deaver for his support. To Sister Brown and her staff for their work on getting out copies of the Junior Programs. The Matrons and Patrons working with and for the Juniors and I am thankful for the many friendships that I have made over the past years. And to the Regional Superintendents for all of the assistance and encouragements given me over the past three years, especially at Convention time when I needed them so. Thank you doesn't seem to be enough.

We thank everyone who helped even in the smallest way. And to the Youth who made me feel as though I was one of them at camp, even though I couldn't compete in the Hula Hoop contest, but still received an award, are memories I shall never forget. God bless you all.

In closing I would like to read this poem that I took from Lois White:

*One woman takes her extra time, and knits it into lace;
Another takes her extra time embroideries to trace.
The lace may wear a year or two, perhaps go out of style.
The colors of embroideries fade in just a little while.*

*But she who twines her extra time, in lives of lad and lass
Produces that which shall endure, when time and tide shall
pass.*

*Are you going to use your valuable time on something that
will fade tomorrow?*

*Or are you going to use it to shape the future of our Grange
and Nation? It is your choice.*

It has been an honor and pleasure to serve as your Junior
Grange Superintendent. Fraternally submitted,
Eve Rowe,
Superintendent of Junior Granges

REPORT OF CALIFORNIA GRANGE NEWS

Worthy Master and Fellow Grangers:

There hasn't always been a California Grange News.

First, in the 1870's, when the Grange was a new organization with an enthusiasm that united all the farmers of California, there was the State Grange's own publication, the California Patron.

A few years later the Patron was terminated and the Pacific Rural Press, a general farm publication for the Pacific Coast, became the official news spokesman for the California Grange. It served in this capacity until near the turn of the century.

(This publication merged with others and grew to become the California Farmer, today California's leading farm publication.)

Meanwhile, it was not until 1932 that the State Grange again undertook its own publication. The California Grange News, Volume 1 Number 1, was published in January 1932, under the leadership of State Master George Sehlmeier. It has grown through the year to be the publication you now know. Volume 43 Number 17 will be out tomorrow and some copies will be distributed here at the convention.

Those of you who attended the Masters' Conference yesterday learned of the great resurgence of growth of the California Grange in the 30's. There is no doubt that the new Grange publication, providing a means of communication for the statewide organization, had a hand in this growth, helping to unite the Granges, and Grange members in a common purpose. Through the years and today, the Grange news continues as an important part of your organization—for the Grange members, providing inter-communication that is so vital to a growing organization; and for other readers, presenting an image of the Grange, what it is, and what it stands for.

It was interesting to me to talk to Mrs. Elizabeth Sehlmeier at the reception Sunday and to learn from her that when George Sehlmeier, her husband and then State Master announced that he was starting the Grange News, friends advised, "Don't do it, George. It will go broke."

State Master Sehlmeier didn't take this advice, as you all know. Consequently, through the years the Grange News has served Grange members and leaders, contributing to the unity and progress of the Grange.

Nevertheless, those words of advice to George Sehlmeier in 1932 were not without basis. It is a considerable operation to put out our type of publication to our large circulation twice a month.

Now, more than ever, maintaining the income necessary to meet rising costs is a problem. The inflation that is affecting us all, affects every expenditure of the Grange News—rising cost of paper, postage that has gone up 300 percent, rising printing costs, in fact, increased costs in every material and service we use. We are taking every measure to economize in every way we can, but we must also exert every effort to increase our income.

New advertising is our main source for new revenue and we must exert every effort to get it. Present business trends, the growth of chain stores and shopping centers makes our

job of getting advertising much more difficult than it used to be. Despite this, we are getting some new advertisers; this means there are many more out there and we must double our effort to get them.

As we have in the past, we ask again for help for our salesmen in getting advertising assistance from deputies, Grange masters and any Grange members who can be of assistance.

In addition, we will be having openings in some areas for local salesmen. Persons interested in such openings are requested to write me at the Grange News office. We expect to advertise some openings in future issues of the Grange News, as they develop.

Meanwhile, we want to keep our present advertisers and keep them satisfied. We hope you will get acquainted with those in your area, patronize them first whenever it is to your advantage, save their sales slips for our Booster Barrel contest, and, above all, once in awhile when you're in their store, say these magic words, *"I'm here because I saw your ad in the California Grange News."*

Now, on to another subject—one that everyone seems to enjoy. It's a pleasure to report that the Grange News tours are going great! Our 1974 tour program has been tremendously successful, not only in the tours and the numbers who have taken them, but, more important, from the standpoint of the enjoyment reported by those who have traveled on them.

There are more great tours ahead—a chance to expand your horizons and share new places with other Grangers and friends. Our schedule of tours into 1975 is being announced in the October 15 issue of the Grange News. Watch for it. To mention a few—we'll have a repeat of the Caribbean cruise so popular this spring, a fall foilage tour to Nova Scotia and the New England states, a tour to Alaska in July, and a trip to the heartland of Mexico, the beautiful high plateau country in and around Mexico City, in April.

This ends the report and now it's GRANGE NEWS BOOSTER BARREL time, drawing numbers for a first prize vacation trip to Hawaii for two, and 29 other valuable prizes. First, it's my pleasure to introduce members of the Grange News staff who will assist in the drawing. May I present our Southern California advertising representative Howard Herbes and his wife and assistant, Alice Herbes; our office manager and travel specialist, Wanda Boland; our county editor, Ellen Walrath, who has longest years of service on the Grange News staff; our circulation and mailing room supervisor, Tokuko-Nishimoto, known by everyone as "Mish"; and our reporter-secretary, Bonnie Turner, most recent member of the Grange News staff.

STATE LEGISLATIVE REPRESENTATIVE'S REPORT

Worthy State Master Chester Deaver, Executive Committee, State Officers, Brothers and Sisters:

Headlines tell the story, convey the message, attract attention and finally are concise enough to be remembered. The sub-titles, say the same thing differently. The whole article merely repeats and expands on the substance and theme of the Headline, so that the readers will remember the purpose of the story. This report will be a "Headline Report", with verbal comments on each headline to insure that every delegate, reporting to His or Her Grange, will be able to expand on the headlines! At this Grange convention it is not necessary to give a length report, in fact the briefer it is the more everyone will appreciate it, and since everyone reads the Grange News from cover to cover, and also, without a doubt, reads my column twice!

Also, this READLINE REPORT will save printing costs! Certainly, when you receive your Journal of Proceedings of this convention, you can expand on the Headlines!

THE PEOPLE SPEAK

The Governor convened an extraordinary session of the Legislature: To consider and act upon legislation relative to the Legislator's Retirement System. Only one of the dozen Bills introduced to rectify the Legislators Retirement System passed both Houses and even though it contained a cut in the Governor's and other Constitutional officers pensions was signed by him!

GRANGE IN LEGISLATION

The influence of the Grange was extended this year due to the presence of Master Chester Deaver personally appearing before committees, the GAP Program, Pomona and Subordinate Grange Resolutions and members letters, telegrams which were very effective in obtaining votes in committees and on the floor or in some cases to oppose legislation.

SB. 384—Zenovich, Farm Base Unit. All the way through the Senate, two votes short in the Assembly Agriculture committee.

SB 1451—Robbins, Antelope Valley Fair. Supported by the Grange. Governor signed.

SB 2471—Holmdahl. Smog control devices Grange for.

SB 114—Moscone. Milk hearing. Three day hearing, presented testimony for the Grange.

AB 2733—Davis, Chappie, Keene, Seely and Thurman. Coauthors Behr, Collier, Dills, Marler, Nejedly, Stiern and Walsh.

SR 98—Way

SB 1723—Rodda, Farm Labor Bill, Grange supported. Melones Dam Proposition, No. 17 on ballot. Grange supports.

COMMITTEES

Grange is represented on many important policy committees. Prime land. California Statewide Education Committee for the Serrano Decision. Water, Marketing, Marketing Act of 1937, Golden Bear Jr. Livestock Committee.

HEARINGS

Milk, (too numerous to mention) Land, Water, Zoning, Nuclear Power, Taxes, Marketing Orders. Attended and testified for the Grange.

FAIRS

California State Fair. This year, on August 28, 1974 was Grange Day and Dairy Day. Highlights were: California Dairy Princess, Dedeciation of the "Dairyman's Milking Parlor, Presentation of milking stools, Grange Ladies served the luncheon for Grange Day and also for the Golden Bear Jr. Livestock Auction. This year, as in the past, a bus load of Grangers came from Santa Rosa.

MEMBERSHIP CHALLENGE

I personally challenge every Grange member to sign up a new member before convention time next year. And I challenge myself to sign up two new members every six months!

Fraternally submitted,
Herman Grabow,
Legislative Representative
California State Grange

CREDIT UNION REPORT

Worthy Master, Other State Officers, Distinguished Guests, and Friends:

This report has been a hard one for me to write because I don't really know how to begin! Many changes have come about in the past year—mostly in legislation—that have affected or will be affecting the operations of our credit unions.

I'm happy to be able to say that, I believe, in all cases—the reasons for the law changes were good ones, and the results of the changes will show this to be a fact. The changes in most cases have been to help credit unions in their operation and service to their members. On both the State and the Federal front, it has been, that anything that would help credit unions give better service to their members, has been fought against by other financial institutions and their lobbyists. We must face the fact, that we have come to the place where we are being heard, we are being seen, and more people all of the time are taking advantage of what their credit unions have to offer. This, of course, means the savings that are held by our members in their credit unions are not someplace else. It means that the loans to our members by our credit unions

are not borrowed some place else. We ARE competition. And, we are competition that has shown other facilities where they might have better served their customers. Some innovations started by credit unions are now being utilized by other institutions—such as using savings for security on a loan. You never heard about this before credit unions were organized—but now we are seeing it advertised. Another great thing we have going for us is insurance on our share accounts. Mortgage insurance was something used also—but credit unions were the first to furnish it without additional cost.

I believe one of our biggest failings is not 'blowing our own horn'. We really have something to offer, but fail to tell others about it. Grange members expect me and their credit union officers to talk about—brag about, if you will—our credit unions; but so many times who we say goes right over our members' heads. But, if you who are credit union members, using it and believing in it, would tell the very same people, they would listen.

I'd like to ask you to make a pledge to your credit union officers. Go talk to someone about credit union, that doesn't now use it. Many people don't join because they don't really understand what is possible for them through their credit union or don't think they need it at the moment. I know that I have mentioned credit union to people and the first reaction is "I don't ever borrow". Well, of course, the obvious answer to that is, "Credit Unions are also a good place to save your money—as a good investment but also for insurance reasons." By this time you should have their attention and an opportunity to have done a good deed for a good friend.

Now for some figures that I think are very exciting: The total assets of Grange Credit Unions last year total over \$15,237,000.00. A net gain of \$1,814,000—nearly TWO MILLION DOLLARS! The previous gain had been \$1,100,000.00—so this speaks well for the Grange Credit Unions in California. California has 40 of the 59 Grange Credit Unions in the United States—so, of course, many states don't have any. Another thing that's very encouraging especially in this time of tight money, is the fact that only six Grange Credit Unions had a reduction from the previous year in their total assets—as compared to eight last year. The reduction in each of these was less also, than the previous year. This speaks well for the prudent care and interest given by the officers of the individual credit unions.

We have nine credit unions with assets under \$100,000.00—when last year there were 11; so two have moved up into the next bracket of \$100,000.00 to \$200,000.00, making 13 in this spot. Last year we had 14; but some of those have moved up. This year we have 10 between \$200,000.00 and \$500,000.00 where there were eight last year, with one more moving up to the next bracket of \$500,000.00 to One Million dollars;

giving us four now instead of three last year. We have three credit unions with assets between one and two million dollars and one over two million. That IS terrific!

I am very optimistic about the future. Several people have asked me if I think we are going to have credit unions failings. My answer is an emphatic NO. Many of the credit unions—all of the Federally chartered and many of the State licensees—now have the Federal share insurance which guarantees a member account up to \$20,000.00. We do have many members with considerable amounts in their share accounts that are continuing to leave it in, which speaks for their faith in their credit union.

In fact, the trends is actually more into credit union shares than most other financial institutions can claim at the present time, which means credit unions are paying as much as or more than our members can get elsewhere in any account where their money is available to them at any time. It also reflects the trust the Grange membership has in its credit unions.

There is no doubt in my mind that we all need to tighten our belts—if you'll pardon that expression. Not spend money just because we have it—for something we don't really need. I think each of us—more than ever before—must think seriously of saving extra money *each* payday. We must try to save the money for those extra things we want rather than borrow for it.

Getting back to legislative changes: In the past three or four years we have seen more changes in credit union laws for both the state and the nation than we've seen in all of the rest of the years since credit unions were organized. This next year we will probably see many more, one of which is a plan for the complete restructuring of the National Credit Union Administration. This is one thing that will be discussed very thoroughly at the Annual Meeting of the Legislative Forum of the California Credit Union League at the November meeting. If you are a Federal Credit Union and you will be attending the League Annual Meeting in San Diego next month, I urge you to plan to attend this Forum meeting. It won't be a waste of your time. This proposal is probably the most important legislative issue since the advent of share insurance.

Some new laws that will be going into effect for State Licensed Credit Unions on January 1, 1975 will be a big help to officials in giving service to their membership. One of these will permit payment of dividend on a day-in to day-out basis. This is elective and not mandatory; but is something many credit unions have been wanting and needing. Federal Credit Unions will also be giving this choice but I don't know the effective date.

One of the things affecting Federal Credit Unions the most right now, is the change in the accounting procedures required by the National Credit Union Administration. I urge the office personnel of all Federal Credit Unions to attend one of the seminars being conducted by the California Credit Union League in various places in the state. I feel, too, that the State licensed credit unions—from what I've heard—will be converting to this type of accounting very shortly. It may behoove you to attend them, then, also.

This week—Oct. 13 to Oct. 19—is International Credit Union Week, and this is the first time ever that we have had the full support of the president's administration. President Ford made these statements and I quote part of them: "In this period of high inflation, the qualities of thrift and self-help that have characterized the credit union movement throughout the world are especially significant. As we celebrate International Credit Union Day—Thursday Oct. 17th—I want to pledge my administration's intention to continue those policies that strengthen the vitality of our credit unions and continue their present exempt status. My enthusiasm for the important role of the credit union movement in this country and throughout the world goes back many years. As President I am now happy to have the opportunity at this traditional observance to reaffirm my strong belief in the indispensable and increasingly important work of the credit unions in our society" (Unquote)

Representative Wright Patman, an ardent credit union supporter, addressing the annual conference of the Defense Credit Union Council in Las Vegas last month, gave this new version of the Golden Rule: "Those who have the gold, make the rules". Sad, isn't it, but too often true. This is a very good reason why credit unions are so successful and are continuing to grow at the astounding rate they are in these unsettled financial times. Our members recognize that it is a self-help organization for the service of its membership.

Other credit unions besides the Grange recognize the necessity of involving young people. A National Youth Advisory Board was appointed through the joint efforts of Cuna, Cuna Mutual, and CUMIS. Some objectives were set forth that I think are well worth stating here.

1. Increase awareness within the movement, of the needs of young people.
2. Provide credit unions with ideas and tools to involve young people in their organization.
3. Increase and improve youth services in the credit unions.
4. Encourage education and money management in schools.

How successful any one or all of these can be, really comes right down to the individual credit unions themselves as they decide to involve young people. It's a challenge, that's for sure.

Each credit union must accept or reject the challenge; but until we do accept some or all of these ideas, we will continue to see some credit unions going down hill. We need youth's enthusiasm and energy. We need their faith in themselves and the world around them.

Well, I think I've said enough about that particular part of the challenge we face as Grange credit unions. We all recognize the need. I'm not telling you anything you don't already know. Now, the question is—are we willing to try to implement something for involving the youth potential we have—both for the sake of our Granges as well as our credit unions? Some credit unions are, and I can show you on the growth charts I make for each Grange credit union which ones are the ones that are getting our young people involved!

I want to mention the column "Money Talks" that is in each issue of the Grange News. Writing it has been fun as well as frustrating at times. I know I need to keep it interesting and timely. Jack Berry, our Editor, has always been encouraging when I talk to him and I want to thank him for this. His main problem is keeping me within the space he gives me to work with!

As always, I want your suggestions and criticisms for the column—and I'm also grateful for the opportunities I've had to meet so many nice people when I speak at Granges and annual meetings. I also don't know what I would have done without my husband's support. If he weren't as interested as I am in the future of credit unions, I just couldn't have done what I've done.

Thank you, Worthy Master, for the opportunity you have given us as credit union people—because I think I'm speaking for all credit unions—an opportunity to be heard here. Thank you for giving me the pleasure and privilege of serving as chairman for you on this committee. I truly enjoy every minute of it.

Respectfully submitted,
Eunice Smith, Chairman
State Grange Credit Union
Advisory Committee

GRANGE INSURANCE ASSOCIATION REPORT

To the Officers and Members of the California State Grange:

Last year in our report for 1972, we mentioned our operating experience had increased in practically all areas with the exception of underwriting profits. During the year 1973, our operating experience increased in nearly all areas, *including* underwriting profits, which is the most important.

The three-year statistical outline is as follows:

	1973	1972	1971
Assets	\$28,772,261	\$26,255,809	\$22,218,237
Surplus	8,080,877	7,518,144	6,687,388
Direct premiums			
written	20,793,758	19,372,163	17,599,912
Underwriting profit	906,982	150,816	1,001,649
	(4.1%)	(.8%)	6.2%)
Investment gain ..	1,057,343	975,731	1,140,341
Dividends paid	617,453	412,745	792,882
Operating expenses	32.2%	32.5%	34.9%
(as a percentage of premium dollars)			

The report of the year for GIA would be much more impressive had it not been for Rocky Mountain Fire & Casualty Co., which is 99% owned by GIA. GIA is the reinsuring company for Rocky by a Quota Share Reinsurance treaty. As a result of a poor year by Rocky, the treaty resulted in a pre-tax underwriting loss of \$375,833 to GIA. The RM underwriting loss for 1973 was \$427,304, following an underwriting loss for 1972 of \$303,89. Needless to say, Rocky is receiving a great deal of attention from our Board and Management at this time.

During December of 1973, we were again able to pay a dividend based on the year of 1968. The dividend average was 5.14% of 1968 premiums and based on a 7.05% savings made during 1968. The payment of dividends is our method of providing insurance at the lowest possible net cost, and is paid by line of coverage based on the profitability of each line. This is the only fair method of providing insurance at near cost to all policyholders. The 1973 dividends by line were as follows:

Fire & E.C.	12%
Multi-Peril (Homeowners, Farmowners, etc.)	10%
Hail	20%
Hail (final 1/2 of 1963)	11%
Inland Marine (Farm Machinery, Boat	
Floaters, Livestock, etc.)	25%
General Liability	1%
Fidelity & Surety	25%
Theft	3%
Auto & Casualty	1%

Insurance rates are set, hopefully, with the idea of providing a reasonable profit in all lines and in all areas of operation. This year of 1973 showed great variations in this goal. The States of Idaho and Washington were the most profitable. Wyoming and Colorado showed no profit, with the remaining state's near the break-even point.

All States during 1973 showed a growth in premium volume, ranging from a 20.4% growth in Idaho to a 3.8% growth in California, averaging 7.3% for the total company operations in all states. The California premium represents 17.38% of the total company premium volume. This is down slightly from the previous year.

More and more problems beyond our control continue to burden insurance companies.

(1) Inflation continues to add to loss costs. In the Seattle area, auto repair shop labor charges have increased recently from \$12 to \$14 per hour and will probably move upward to the \$16 to \$18 area by year-end. In addition, parts discounts on auto repairs are going from 10%-12% to zero. Glass discounts have been lowered and are expected to lower even more.

Home construction costs, either new construction or replacement due to losses, have increased by 76% during the past 10 years. A home built in 1964 for \$20,000 will not cost \$35,200 to build or replace.

(2) Law changes, or bills now in the legislature concerning liability and negligence are disturbing.

By court decision, the so-called Host-Guest Law is now changed. By the change, a host driver may be found liable for injuries to guest passengers when culpable only of ordinary negligence, as opposed to gross negligence under the old Host-Guest Statute. It appears, settlement costs will increase at least eight to twelve percent by this change.

There is now a bill before the California legislature to change from the Contributory to the Comparative Negligence method of settling claims. If the "Wisconsin" method of Comparative Negligence is adopted, it will be workable. Under this method, recovery is limited to drivers who are less than 50% at fault.

As you are probably aware, at this time California has not adopted any form of no-fault or personal injury protection legislation. This is probably good, since in several of our other Western States the so-called no-fault plans have greatly increased our personal injury loss payments which can only lead to higher premiums.

Another California change has been to a "valuation" fire policy. This means that the personal property, or contents, of a fire policy must be settled on total losses at the fact amount of the policy, rather than by the current value of the property. This does not apply to the dwelling itself . . . only contents.

(3) Last year, 35,406 claims payments were made amounting to \$12,064,850, which is an average of \$341 per claim. This is an increase of 7.2% per claim from the previous year—again, an inflationary factor.

It was reported to you last year that we were accumulating data on our young unmarried female drivers and of the possibility of the need for a surcharge on this driving group. Statistics have proven the need of a higher rate and new rates are now approved.

Mentioned last year, was the new Preferred Driver Plan which was effective November 1, 1972. Our December 31, 1973 figures show 6.3% of our personal auto volume has now

been placed at a high rate due to these drivers having at-fault accidents and citations. This plan rewards those drivers who continue an accident free record.

It is a pleasure for the Grange Insurance Association to make a payment to the California State Grange in the amount of \$4,456.90, which is based on your most recent membership at 10 cents per member.

Congratulations on your good Grange work in California.

Fraternally submitted,
Donald E. Morton, President
Grange Insurance Association

AGRICULTURE COMMITTEE REPORT

Worthy Master, Worthy State Officers, Distinguished Guests, Brothers and Sisters:

The Agriculture Committee has completed the work assigned to it and thank the California State Grange for giving us the opportunity to serve in this capacity. I take this opportunity also to thank National Grange Master, John Scott, brother Herman Grabow, Legislative Representative of the California State Grange, and John Squire for giving us the benefit of their ideas in our consideration of the resolutions submitted to us, and for the careful and conscientious work of each member of this committee.

Fraternally submitted,
George Neiley, Chairman
Charles Baldwin
Roscoe Brightup
Gene Mason
Fred Lehman
John Humfreville
Arthur Eignor
Carl Tuttle
Maebelle Marshall, Youth Rep.

CONSERVATION COMMITTEE REPORT

We appreciate the privilege of serving the California State Grange in the legislative process in this committee on conservation.

The broad spectrum of subjects relative to conservation of the resources of this great State reflect serious thinking and concern by members of our Order.

It is the feeling of this committee that, so long as the Grange members maintain this great interest, natural resources with which this great State has been endowed, will be protected.

We extend a personal thanks to the Youth member, Lillian Daley, and would encourage the State Grange to add more of these enthusiastic young people to the committees at future sessions.

Fraternally submitted,
Roy K. Holten, Chairman
Wm. Joe White
Marjorie Bovet
Ralph S. Currie
Warren Wiesenberger
Edwin Barrett
Lillian Daley, Youth Representative

EDUCATION COMMITTEE REPORT

Worthy Master and State Officers, Distinguished Guests, Fellow Grangers:

The Committee on Education has completed the work assigned to them.

It has been a great pleasure to have made this small contribution to the labors of the most dedicated fraternal organization in this great Nation.

Although Patrons of Husbandry are primarily concerned with those matters pertaining to the betterment of the agricultural community, too many of us, it would appear, tend, in the day-to-day task of making a living, enjoying ourselves, and in general enhancing our image to others, to pay too little attention to the most valuable natural resource mankind has, our children. This seems to be evidenced by the paucity of resolutions on education—three out of ninety one and one of those three from our State Grange Legislative Representative. The other three fingers of the pointing hand are aimed at the Masters and Past Masters of the Subordinate Granges who are reminded of that part of their obligation that encourages them to do everything they can do to further the education of the children in their communities, be they Grange children or not.

To this end, Subordinate and Pomona Granges are encouraged to be alert to define problems in the educational system and to formulate and submit for consideration resolutions to solve them.

We cannot, we must not, and we shall not, allow our most valuable crop to go unnurtured and unattended, to grow like ugly weeds.

GOOD OF THE ORDER COMMITTEE REPORT

Worthy State Master, Worthy State Officers, Distinguished Guests, Delegates, Brothers and Sisters:

The members of the Good of the Order Committee having completed their assignment for this 102nd Session of the California State Grange; sincerely thank you for having given them the pleasure of serving you.

The Committee worked hard to arrive at their decisions and during their deliberations always kept the good of the Grange foremost in their thoughts.

The Chairman wishes to convey his personal thanks to all the committee members for their hard work, also to the many delegates and officers who appeared before the committee during its deliberations. Without the help of everyone concerned, this job could never have been completed.

NATIONAL WELFARE COMMITTEE REPORT

Worthy State Master, Officers, Delegates, Brothers & Sisters:

The National Welfare Committee members are grateful to you, Worthy Master, and members for allowing us to serve our Grange organization by making ready, the resolutions placed before us, for our delegates to vote on. We also give thanks to the many persons that helped us by bringing information to our committee.

It is very encouraging to us to see the increased interest of Granges in the matter of National Welfare. We had nineteen resolutions before us. Many hours of work had been put into them before they were placed in our hands.

As chairman of this committee, I wish to thank, the most dedicated committee I have had the privilege of working with, and for the 100% attendance at all meetings, and the many hours they spent. As a committee, we say it is good for us to work together for all mankind.

RESOLUTIONS PASSED AT THE 1974 ANNUAL CONVENTION CALIFORNIA STATE GRANGE

AGRICULTURE

1. "Opposing the Willful Destruction of Farm Products" AGRI. 1

VAN DUZEN RIVER GRANGE NO. 517

WHEREAS: The preservation of food means the preservation of livelihood in a nation, and

WHEREAS: Countless numbers of people in our own country, as well as in foreign nations, are starving, and

WHEREAS: Some growers and processors of food products destroy the surplus. This practice is wasteful and only adds to an already critical problem of food shortage in the United States,

THEREFORE, BE IT RESOLVED, that the California State Grange urge the State Department of Agriculture to investigate the wilful destruction of any food products,

BE IT FURTHER RESOLVED, that the California State Grange urge the National Grange to follow this constructive policy.

2. "Import Quotas On Dandy Products" AGRI. 2
AGRICULTURE COMMITTEE RESOLUTION (as re-written)

WHEREAS: The present import regulation are not being adhered to, and

WHEREAS: The large imports above quotas of dairy products are detrimental to the dairy industry,

THEREFORE, BE IT RESOLVED, that the California State Grange and the National Grange urge the Treasury Department to adhere to the present regulations.

4. "Relative to Farm Labor" AGRI. 4

KINGS COUNTY POMONA GRANGE NO. 28

WHEREAS: The labor for the harvesting of fruit, nuts and vegetable crops is primarily hand labor, and

WHEREAS: The supply of such labor at harvest time is short so that the farmers must rely on aliens, and

WHEREAS: If the laws were changed so an increased number of alien workers could enter the country to engage in the harvest of said crops,

THEREFORE, BE IT RESOLVED, that the California State Grange, and the National Grange go on record in favor of a quota system where a renewable 6-month permit may be issued to any alien.

73. "Farm Labor" AGRI. 5
AGRICULTURE COMMITTEE RESOLUTION

WHEREAS: California now has no farm labor relations laws, and

WHEREAS: The need for such becomes increasingly more paramount in the fact of the current unregulated situation in agriculture which has led to strife, loss of property, destruction of crops, and

WHEREAS: The State legislature, year after year, has been unable to reach sufficient accord to pass legislation which would alleviate this critical situation, and

WHEREAS: The California State Grange, with its wide membership of farm and rural people and its long record of active support for equitable treatment of farm workers,

THEREFORE, BE IT RESOLVED, that the California State Grange challenge the State Legislature to put aside special interest considerations and exert every effort to seek areas of agreement and to pass a workable farm labor relations bill during the coming session.

74. "California Marketing Act of 1937" AGRI. 6
AGRICULTURE COMMITTEE RESOLUTION

WHEREAS: The California Marketing Act of 1937, which was Grange sponsored, is in the public interest. The provisions of the Act were for the purpose of the Health, Peace, Safety and General Welfare of the people of California, and

WHEREAS: Article 8, Section 58843. Upon the recommendation of the Advisory Board, the director may appoint one person who is neither a producer nor a handler to represent the department or the public generally,

THEREFORE, BE IT RESOLVED, that the California State Grange urge, that this Section No. 58843 be amended to specify that the director use great care in selecting one or more persons who serve in an objective manner in the interests of the general public.

75. "Border Fence" AGRI. 7
AGRICULTURE COMMITTEE RESOLUTION

WHEREAS: The United States-Mexican BORDER FENCE, that runs from the Pacific Ocean to the Rio Grande River between Mexico, California, New Mexico and Arizona has deteriorated from lack of maintenance, and

WHEREAS: The funds for the repair of this fence has been spent for other purposes,

THEREFORE, BE IT RESOLVED, that the California State Grange urge that the funds be restored and used for the purpose of repairing this fence and keeping it in good repair,

BE IT FURTHER RESOLVED, that the National Grange be requested to lend it full support in this regard.

76. "Eradication of Brucellosis" AGRI. 8
AGRICULTURE COMMITTEE RESOLUTION

WHEREAS: California has been a leader in the eradication of brucellosis through calftlood vaccination program in cooperation with the Federal Program, and

WHEREAS: Adequate Federal budgeting and expenditures for the cooperative Federal-State Brucellosis Eradication Program has not been forthcoming, and

WHEREAS: The Federal Brucellosis funds were depleted by emergency use in the screw worm arial warfare, and

WHEREAS: Importation, from other states into California, of cattle that were not vaccinated have become a source of contamination, and

WHEREAS: Quarantine Stations are short of funds so there is a lack of sufficient eradication efforts and Brucellosis is increasing to emergency status,

THEREFORE, BE IT RESOLVED, that the California State Grange and the National Grange recommend that the USDA take steps to provide adequate funds for a stepped up eradication program designed to eliminate this disease.

77. "Farm Worker Unemployment Insurance" AGRI. 9

AGRICULTURE COMMITTEE RESOLUTION

WHEREAS: There is a need for farm workers to receive unemployment insurance benefits, the same as now available to all other workers, and

WHEREAS: Such insurance would create a greater degree of stability for farm workers and their families, and benefit the local economy, and

WHEREAS: Such legislation has been passed at the last three sessions, only to be vetoed each time by the Governor,

THEREFORE, BE IT RESOLVED, that the California State Grange reaffirm its position in strong support of unemployment insurance for farm workers, urge the Legislature to again pass such a measure in its coming session, and at such time, request that the newly-elected Governor sign the bill into law.

90. "In Regard To Forming A Grange Co-op" AGRI. 10

AGRICULTURE COMMITTEE RESOLUTION

WHEREAS: A Grange sponsored Co-op for marketing of Grange produced products to Grange members has been proposed, and

WHEREAS: At the present time there is no information concerning the formation of such a co-op.

THEREFORE, BE IT RESOLVED, that the Master of the California State Grange appoint a feasibility study committee.

91. "Wild Horse and Burro Act" AGRI. 11

AGRICULTURE COMMITTEE RESOLUTION

WHEREAS: In portions of the Western States the population of wild horses is increasing very rapidly, and

WHEREAS: The Wild Horse and Burro Act forbids controlling these populations, and

WHEREAS: Hearings are currently being scheduled to determine National policy concerning this problem,

THEREFORE, BE IT RESOLVED, the California State Grange and the National Grange take an active part in these hearings, insisting the livestock industry receive an equitable consideration while preserving a smaller number of these horses for posterity.

CONSERVATION

6. "Moratorium on Exports of Logs, Lumber and Pulp Wood" CONS. 2

SANTA BARBARA POMONA GRANGE No. 38

WHEREAS: The export of logs, lumber and pulp wood to foreign countries is creating serious shortages and higher prices for domestic consumers, and

WHEREAS: The continued exporting of these products is making it impossible for the medium income family to construct and own a home,

THEREFORE, BE IT RESOLVED, that the California State Grange and the National Grange introduce national legislation supporting a moratorium on exports of logs, lumber and pulp wood until the country's needs are met.

8. "Creating a State Public Park Near Gold Run" CONS. 4

SIERRA NEVADA GRANGE No. 454

WHEREAS: Assemblyman Eugene Chappie, 3rd District, has introduced legislation to create a thirteen hundred acre State Public Park in the "Stewart Diggings" near Gold Run, and

WHEREAS: There is a need for additional Public Parks in the Mother Lode area, and

WHEREAS: All Parks along Interstate 80 are overflowing during the recreation season, and

WHEREAS: Support is needed for the legislation, THEREFORE, BE IT RESOLVED, that the California State Grange endorse and support legislation creating a State Public Park in the "Stewart Diggings" at Gold Run.

9. "Forest and Rangeland Environmental Management Act of 1974" CONS. 5

MIRANDA GRANGE No. 690

WHEREAS: During the past year three comprehensive reports have been published relating to the Nation's requirement for wood, the condition of our forest and their potential; (1) Outlook for Timber in the United States, (2) Timber, the Renewable Resource, and (3) The Report of the President's Panel on Timber and the Environment, and

WHEREAS: During the past 30 years lumber consumption increased 27%, pulpwood consumption increased 157% and plywood and veneer consumption increased 438%, and

WHEREAS: While the U.S. Forest Service has estimated that the demand for wood will nearly double by the year 2000, tree growth on our National Forest is only 39% of the potential tree growth, and

WHEREAS: Senate Bill 2296 and H.R. Bill 15283 have been introduced to protect, develop and enhance the productivity and environmental values of the Nation's forest lands,

THEREFORE, BE IT RESOLVED, that the California State Grange support a program to increase the productivity of our Nation's forest thus making them more useful and valuable to future generations and provide for our Nation's future needs, and the California State Grange seek the support of the National Grange to this end.

10. "Eel River Basin Flood Control" CONS. 6

FRESHWATER GRANGE No. 499

WHEREAS: The Eel River Basin is subject to frequent flooding, and

WHEREAS: As a result of this flooding, there is usually loss of life, property, and valuable agricultural land, and

WHEREAS: The Eel River has been classed as a wild river by the California legislature, and

WHEREAS: The possibility of using a series of low level dams, levies, dredging, and flood plane zoning, or a combination of these would tend to alleviate the flooding, and which is allowable under Chapter 559 of Senate Bill 107, 1972, Para. 5093.51,

THEREFORE, BE IT RESOLVED, that the California State Grange urge those government agencies responsible for flood control to take immediate action to alleviate flooding on these rivers.

12. "New Melones Dam" CONS. 8

SAN JOAQUIN COUNTY POMONOA GRANGE No. 20

WHEREAS: The construction of the New Melones Dam is most beneficial to farming operations of the San Joaquin Valley, and

WHEREAS: This dam would increase the quality of water of the San Joaquin and Stanislaus Rivers, and

WHEREAS: As the lake formed would create a large new recreational area;

THEREFORE, BE IT RESOLVED, that the California State Grange oppose all efforts to delay the construction of the New Melones Dam and urge its immediate completion.

13. "Sports Fishing Regulations" CONS. 9
HUMBOLDT POMONOA GRANGE No. 19

WHEREAS: Each year many people engage in fishing for food, leisure and sport, and

WHEREAS: We recognize the need for reasonable enforceable laws regulating the taking of fish, and

WHEREAS: Sport fishing regulations specify that, No person may possess more than one daily bag limit regardless of whether they are in a fresh condition, frozen, canned, dried, salted, pickled, smoked or otherwise preserved, and

WHEREAS: We believe that such a law would be difficult to enforce,

THEREFORE, BE IT RESOLVED, that the California State Grange suggest this regulation be changed to permit a more reasonable bag possession.

16. "Senate Bill 1988—Relative to CONS. 12
200-Mile Fishing Limit Bill"
KERMAN GRANGE No. 484

WHEREAS: Some countries are claiming 200 miles jurisdiction in coastal ocean waters, and

WHEREAS: Foreign fishermen are harvesting thousands of tons of fish just outside of United States 12 miles presently claimed jurisdiction,

THEREFORE, BE IT RESOLVED, that the California State Grange urge the National Grange to strive for laws to protect the U.S. Coast and fishing rights up to 200 miles.

19. "Resolution on Gas and Energy Crisis" CONS. 15
SISKIYOU COUNTY POMONA GRANGE No. 6

WHEREAS: The United States' citizens have always been known to support the good of their their country and be willing to make sacrifices to further this good when they know what they are doing and what is asked of them, and

WHEREAS: The reports of the fuel shortages are so controversial and the allocations reportedly so unfair as to lead the people to believe they are being used by either our government or the oil companies, and

WHEREAS: Our economic structure has been built so dependent on its citizens being able to travel to work, to school, to market by motor vehicles, and because of the giant recreation industry, also to a certain amount of play,

THEREFORE, BE IT RESOLVED, that the California State Grange request and urge our Legislators work to the end that;

1. The true oil and fuel situation be made known.
2. Measures to conserve our supplies of oil be encouraged by the government instead of curtailed by law.
3. That the export of oil be curtailed so that home, business, industry and agriculture can continue to contribute their vital lifeblood to the economy.

77. "Opposing Proposition 17 CONS. 16
The Wild and Scenic River Initiative"

SACRAMENTO COUNTY POMONA No. 2

WHEREAS: Virtually every public works project in California whether proposed, planned or under construction is in jeopardy, and

WHEREAS: The threat to these projects lies in the successful passage of Proposition 17 on the November 5th general election ballot, which if approved may effectively block construction of New Melones Dam on the Stanislaus River, and

WHEREAS: The New Melones project is considered one of the best multipurpose water storage projects ever conceived from an environmental standpoint, providing substantial benefits in the areas of flood control, power generation, new water supplies and recreation, and this project was authorized in its present form by Congress in 1962,

THEREFORE, BE IT RESOLVED, that the California State Grange reaffirm its stand favoring completion of Auburn, Sugar Pines and New Melones Dams and urge defeat of passage of Proposition 17.

78. "Nuclear Energy" CONS. 17

CONSERVATION COMMITTEE RESOLUTION

WHEREAS: The demand for energy in the form of electricity is increasing every day, and

WHEREAS: The sources for additional power from falling water stored behind Dams are diminishing, and

WHEREAS: The need is for additional energy produced from environmental sources free from pollution, and

WHEREAS: The siting of additional nuclear plants should be located either on the coast or inland where low quality water is available,

THEREFORE, BE IT RESOLVED, that the California State Grange support the siting of additional Nuclear Plants on the coast or inland, where there is low quality water.

EDUCATION

20. "Concerning Excessive Benefits for College Officials" EDUC. 1

SISKIYOU COUNTY POMONA No. 6

WHEREAS: College officials, University of California President and the Chancellors are receiving excessive benefits besides very adequate salaries and these benefits are not publicized, and

WHEREAS: The taxpayers are the ones who are footing the bill without realizing this money is not contributing to education in the manner in which it is being represented,

THEREFORE, BE IT RESOLVED, that the California State Grange recommend that full public disclosure be made on these benefits and the finance committee that designates this money be cognisant of the people's desire for this money to be directed more to the advancing of education as it is intended.

21. "Relative to Industrial Arts and Craft Exhibits at California State Fair" EDUC. 2

EXECUTIVE COMMITTEE RESOLUTION

WHEREAS: The California State Grange has testified in many Hearings held in many sections of California in support of continuing County, District Fairs, and the California State Fair, with special emphasis on 4-H, FFA, exhibits, and

WHEREAS: The Grange supports other youth activities through introducing legislation that emphasizes physical and vocational skills, and

WHEREAS: The Industrial Arts and Crafts Exhibits were missing from the State Fair this year,

THEREFORE, BE IT RESOLVED, that the California State Grange requests the Department of Education, under whose auspices the selection of area winners are determined and brought to the State Fair, to meet with the State Fair officials and permanently continue this worthwhile project,

BE IT FURTHER RESOLVED, the California State Grange urge that this project be funded and exhibited on a permanent basis and copies of this Resolution be forwarded to Wilson Riles, Superintendent of Public Instruction and to Garth Tanner, Manager of the California State Fair.

79. "Statewide School Property Tax" EDUC. 3

EDUCATION COMMITTEE RESOLUTION

WHEREAS: The State Board of Education School Support Committee, after many meetings, submitted a report to the State Board of Education, that recommended, among other things, a Statewide Property Tax, to increase the revenue for schools to comply with the Serrano Decision, and

WHEREAS: The California State Grange is opposed to a Statewide Property Tax for schools, and

WHEREAS: An income tax is based upon net income, rather than on the value of property,

THEREFORE, BE IT RESOLVED, that the California State Grange support legislation for an income tax, rather than a property tax, to comply with the Serrano Decision.

GOOD OF THE ORDER

26. "Concerning Home for State Master" G. of O. 5
SISKIYOU COUNTY POMONA GRANGE No. 6

WHEREAS: The office of State Master carries a very nominal salary, and

WHEREAS: Our California State Grange needs the vigor to be gained from a wider field of candidates, many of whom would have difficulty meeting expenses on the current salary,

THEREFORE, BE IT RESOLVED, that the California State Grange Youth Committe be asked to investigate the possibility of purchasing a home in Sacramento to be used by the State Master.

27. "Certificate for State Musician G. of O. 6
Bill Campbell"
VACAVILLE GRANGE No. 575

WHEREAS: Music has long been recognized as universal language and understood by all peoples everywhere, and

WHEREAS: This universal language plays a very important roll in many aspects of Grange meetings throughout the land, and

WHEREAS: Brother Bill Campbell, for the past 30 years has ably and satisfactorily provided appropriate music for the California State Grange sessions—both in the business portions and the Exemplification of the Ritual,

THEREFORE, BE IT RESOLVED, that the California State Grange in annual session in Sacramento, California, October 14 through 18, 1974 recognize this long tenure of service by presenting Brother Bill Campbell with an appropriate certificate of appreciation.

32. "Duties of Grange Action Program G. of O. 11
Committee"

ANTELOPE VALLEY POMONA GRANGE No. 39

WHEREAS: Legislation is introduced in our State Assembly and Senate directly and indirectly pertaining to resolutions that have been passed on at our State Conventions, and

WHEREAS: Many times it appears that no action is taken to support or oppose legislation affecting our State convention resolutions, and

WHEREAS: Our National Grange sets a good example by soliciting support from Grange members all over the nation in support of National Grange resolutions and policies,

THEREFORE, BE IT RESOLVED, that at the beginning of the next state legislative session the Grange Action Program Coordinator report any legislation that relates to any of our convention resolutions and make arrangements for proper publicity to the Grange membership,

BE IT FURTHER RESOLVED, that the voting records of our State representatives be published in the Grange News when Grange legislation is involved.

88. "Talent Contest" G. of O. 17

GOOD OF THE ORDER COMMITTEE RESOLUTION

WHEREAS: The National Grange believes in contests as they stimulate participation, and

WHEREAS: The National Grange has eliminated the participation of Junior Grangers from the National Talent Contest in 1975, and

WHEREAS: This action can damage the Junior Grange program nationally, and

WHEREAS: The youth of the Grange are the future of the Grange,

THEREFORE, BE IT RESOLVED, that the California State Grange strongly urge the National Grange to set up a Junior Grange Talent program fashioned after the present contest, but limited to Junior Grange participants.

LEGISLATION AND TAXATION

34. "Relative to Bill Funding" LEGIS. 1
& TAX

ORANGEVALE GRANGE No. 354

WHEREAS: Many legislators introduce bills without any knowledge or thought as to how bills will be funded,

THEREFORE, BE IT RESOLVED, that the California State Grange recommend that any legislator introducing a bill that will cost the taxpayer money must specify, at the time of introduction, the funding of the bill; whether funding is to be taken from other bills or from a raise in tax, and to specify the sources of necessary funds.

37. "Income Tax Reform" LEGIS. 4
& TAX

MIRANDA GRANGE No. 690

WHEREAS: A recent poll taken for the Advisory Commission on Intergovernmental Relations found that only 26% of the public consider the income tax a fair tax, down 10% from two years ago, and

42. "Relative to Plans for Constructing New State Capitol Building" LEGIS. 9
& TAX
EL CAMINO GRANGE No. 462

WHEREAS: The current plans for renovating the present Capitol is to make it earthquake proof for the use of the public as a museum, and

WHEREAS: The plans call for constructing a new Capitol Building,

THEREFORE, BE IT RESOLVED, that the California State Grange recommend that the funds being appropriated for the new Capitol building be used to renovate the present Capitol and make it earthquake proof and keep it for our State Capitol Building.

43. "County Supervisors' Salary Raise" LEGIS. 10
& TAX

SANTA CRUZ POMONA GRANGE No. 22

WHEREAS: The state legislature passed a measure giving County Supervisors the power to raise their own salary by ordinance, and

WHEREAS: The taxpayers only recourse is to force a referendum by petition, and

WHEREAS: The Supervisors can create this situation every year, disregarding public sentiment,

THEREFORE, BE IT RESOLVED, that the California State Grange urge an amendment to this law, providing a referendum of any such ordinance at the next regularly scheduled election,

BE IT FURTHER RESOLVED, that any ordinance enacted passed by the supervisors to raise their salary to become effective only if approved at the election.

46. "Pertaining to the Federal Land Use Policy and Planning Assistance Act." LEGIS. 12
& TAX
ORICK VALLEY GRANGE No. 508

WHEREAS: It is the understanding that even though Senate Bill Number 268 has been voted down, a new Land Use Policy and Planning Assistance Act is being prepared, and

WHEREAS: The effect of such an Act would give Federal Government Agencies the power to take or use private property *without* due process of law, and

WHEREAS: The Constitution of the United States guarantees the right of private property ownership and management, and

WHEREAS: The strength of a nation is in the private ownership of land,

THEREFORE, BE IT RESOLVED, that the California State Grange instruct all legislators that we are opposed to *any* like Federal or State Land Use Policy and Planning Assistance Acts,

BE IT FURTHER RESOLVED, that the local commissions have jurisdiction in making decisions that affect their areas.

82.

"Inflation"

LEGIS. 14
& TAXLEGISLATION AND TAXATION
COMMITTEE RESOLUTION

WHEREAS: The most serious problem facing every segment of our nation is inflation, and

WHEREAS: Everyone is effected by the diminishing purchasing power of the dollar, and

WHEREAS: The citizens on fixed incomes suffer the most through this diminnsing purchasing power for adequate food, health care, and housing,

THEREFORE, BE IT RESOLVED, that the California State Grange recommend that Business, Labor and Government cooperate in granting increases of salaries, compensation or fringe benefits be adjusted to increased productivity,

BE IT FURTHER RESOLVED, that President Ford's suggested surcharge of 5% on adjusted incomes above \$15,000 should be 10% on incomes above \$25,000.00,

BE IT FURTHER RESOLVED, that this resolution go to the National Grange.

83.

"Government Employees"

LEGIS. 15
& TAXLEGISLATION AND TAXATION
COMMITTEE RESOLUTION

WHEREAS: Local government is a major employer of professional, technical and skilled labor, and

WHEREAS: The State of California has become the single largest taxpayer to local government through the Homeowners, Business Inventory, Senior Citizens, Renters, and similar subvention programs,

THEREFORE, BE IT RESOLVED, that the California State Grange recommend that all agencies of local government be encouraged to effect maximum effeciencies and economies in the use of employees,

BE IT FURHER RESOLVED, that government employers encourage their employes to further their professional, technical and other skills so that they may become qualified for promotion,

BE IT FURTHER RESOLVED, that governmental employers be encouraged to reject any program of increasing employee compensation because of the employee's increased knowledge or skill except on promotion to a position which requires such increased knowledge or skill,

BE IT FURTHER RESOLVED, that the legislature of the State of California, having become the single largest local government taxpayer consider the establishment of employment classification and salary guidelines to assist local government in maximizing employee efficiencies and economies.

NATIONAL WELFARE

47. "Resolution Request of Postal Rate Change" NAT'L. 1
WEL.

FRESHWATER GRANGE No. 499

WHEREAS: The postal rates increase which became effective earlier this year, are temporary rates and are subject to change by the Postal Rate Commission, and

WHEREAS: The rate of increase amounted from twenty-five to thirty-three percent for first class mail, and

WHEREAS: The percentage of rate increase far exceeds the wage increase for most all wage earners and profit increase for most farmers and businessmen,

THEREFORE, BE IT RESOLVED, that the California State Grange request the Postal Rate Commission to lower the first class rate from ten to nine cents for letters and from eight to six cents for post cards,

BE IT FURTHER RESOLVED, that the rates for second class regular and fourth class cultural, informational, and educational mail be held at the present level,

BE IT FURTHER RESOLVED, that if any increase of rates are needed such increase should be applied to second class advertising and third class bulk mails.

48. "Opposing Present Postal System" NAT'L. 2
WEL.

MERCED COUNTY POMONA GRANGE No. 23

WHEREAS: Postal rates continue to rise, and

WHEREAS: The service of the present postal system has taken a downward trend, and

WHEREAS: Many letters are lost, misplaced, and have not been located, even though tracers have been sent out on the missing mail, and

WHEREAS: Mail has been received in a torn or otherwise damaged condition,

THEREFORE, BE IT RESOLVED, that the California State Grange contact the Postal Service headquarters, encouraging them to take the necessary steps to update the handling and dispatching of mail; and further request the National Grange to take similar action at their level.

50. "Relative to Government Appointments" NAT'L. 4
WEL.

WHEREAS: Continued prosperity, freedom and existence of our form of Government depends upon a continuation of the democratic form of Government existing by and through the election of representatives, officials, and officers serving at and by the direction of the people of this state, and believing further that any reduction in the number of positions to be filled by election represents a danger to our present form of Government,

THEREFORE, BE IT RESOLVED, that the California State Grange support the continued election of public officials, legislators, representatives, and office holders, and to oppose any effort to make such positions appointive in nature or subject to appointments by any person, agency, body or group.

51. "Advertising of Pills and Drugs" NAT'L. 5
WEL.

MIRANDA GRANGE No. 690

WHEREAS: Many Americans have expressed their concern of the excessive use of drugs and pills, and

WHEREAS: Those who watch television, including small children, are constantly exposed to the advertising of a wide variety of drugs, pills and medicine, and

WHEREAS: Although many people are mature enough to recognize the advertising for what it is, there are many, including the very young, who get the impression that their problems, difficulties, aches and pains will disappear after taking the advertised drugs and pills, and

WHEREAS: We believe there is a higher purpose to American life than that we become a Nation of willing buyers and users of pills and drugs,

THEREFORE, BE IT RESOLVED, that the California State Grange express their concern to Congress and the Federal Communication Commission, asking for legislation to prevent the advertising of all drugs and pills on television,

BE IT FURTHER RESOLVED, that the National Grange be requested to take similar action at that level.

53. "Opposing Genocide Pact" NAT'L. 7
WEL.

TULELAKE GRANGE No. 468

WHEREAS: The United State Constitution provides for the rights and freedoms of U.S. citizens, assuring them constitutional safeguards and legal rights even when on trial for domestic crimes, and

WHEREAS: Any civilized people would not advocate nor condone the systematic, planned annihilation of a racial, political or cultural group, and although subversive groups within our country are influencing some extreme radicalism, the courts are working to secure justice for minority groups, and

WHEREAS: If the United States adopted the Genocide Pact we would lose all benefits of our Constitution and State laws as these would be superseded by the provisions of the Genocide Pact; thereby, leaving the U.S. subject to the Communist nation dominated U.N. and World Court. The U.S. could be required to:

1. Go to war to prevent one nation from killing the nationals of another nation.
2. Allow our American soldiers to be tried by the World Court, individually, without recourse of any of our accustomed Constitutional safeguards or legal rights, for the killing of individual enemy soldiers in a war so required.
3. Allow the U.N. to probe actions concerning the "acts of public officials and individuals" in the United States.
4. Submit to any action the World Court or U.N. considers "appropriate for the prevention and suppression of acts of genocide" at the charges of any individual or group.
5. Have Congress enact new laws laying down rules of procedure to govern the trial of newly created federal and international crimes when individuals, private or public, could be prosecuted and punished for genocide if they intentionally destroy a single member of one of the specified groups, even "causing them mental harm."
6. Allow the World Court and Genocide Pact to even supersede the Connally Reservation and the Vanderberg Reservation that have been our safeguard in previous relations with the U.N. through the reservation of the right to decide for ourselves what cases affecting the U.S. it would permit to be heard by the World Court.

THEREFORE, BE IT RESOLVED, that the California State Grange oppose the adoption of this Genocide Pact and further, urge the National Grange and all citizens of the U.S. to join them in requiring our Congressional Representatives to vote against this Genocide Pact.

54. "Regarding Political Campaign Expenses" NAT'L. 8 WEL.

OJAI VALLEY GRANGE No. 659

WHEREAS: The cost of all political campaigns for office is not reasonable in any way. It cannot be reasonable or practical for any person or group of persons to spend as much to elect a person to office as the full term of that office pays in salary, pension and other benefits, and

WHEREAS: Public financing can never in any way be the answer to this situation. The people should not be forced to pay for any political campaign. This should always be voluntary,

THEREFORE, BE IT RESOLVED, that the California State Grange recommend that no more than one half of what the office pays in its entire term could be spent for election to that office.

57. "Changing Time Period Between Primary and General Elections" NAT'L. 11
WEL.

SANTA BARBARA POMONA GRANGE No. 38

WHEREAS: One of the reasons for the high cost of elections is the five month time period between primary and general elections; and

WHEREAS: In this era of instant news via radio and television there is no reason for such a long and costly delay,

THEREFORE, BE IT RESOLVED, that the California State Grange recommend that all primary elections be scheduled at least sixty (60) days but no more than eighty (80) days prior to the general elections,

BE IT FURTHER RESOLVED, that no campaigning for office be started sooner than six (6) months before a general election.

58. "Resolution Concerning Amnesty" NAT'L. 12
WEL.

GAZELLE GRANGE No. 380

WHEREAS: The law of the land has been the foundation of our way of life based on the precepts of one nation united, indivisible with liberty and justice for all, and

WHEREAS: There have been times in the past and may be in the future where these precepts might have to be protected here and abroad, and

WHEREAS: Some have chosen to abandon these precepts and have voluntarily repudiated their obligations to their country by deserting to foreign lands and not utilizing the due process open to them by American law, and

WHEREAS: This is a clear cut violation of the law as established by the Congress of the United States,

THEREFORE, BE IT RESOLVED, that the California State Grange recommend that there be no deterioration of the law or its implementation for a minority of violators, but that the protection of the precepts and laws of this nation be enforced to the letter and not mock those who have given their lives and limbs, or may have become disabled for those ideals,

BE IT FURTHER RESOLVED, that those who have forfeited their obligations to this country not have the privileges or guarantees they rejected.

59. "Resolution to Repeal the Law of 'Earning Ceilings'" NAT'L. 13
WEL.

VISTA GRANGE No. 609

WHEREAS: The present law limits the earnings through wages once a person receives monthly Social Security benefits, and

WHEREAS: The Social Security payments are by no means gratuities from the government but earned by paid-in sums, and

WHEREAS: There are millions of retired citizens living on limited incomes, who because of inflation are forced to go back to work; the restrictive "earning ceilings" not only deprives them of a decent living but also acts as a discrimination,

THEREFORE, BE IT RESOLVED, that the California State Grange go on record requesting the National Grange to urge Congress to increase the earnings ceiling to four thousand (\$4,000.00) dollars per annum.

60. "Opposing Censuring of Astronauts NAT'L. 14
by Anti-religious Activists" WEL.
SISKIYOU COUNTY POMONA GRANGE No. 6

WHEREAS: Curtailing the acknowledgment of God and the exclusion of all religious activities from our public lives is an encroachment on the rights and privileges provided citizens by our Constitution, and

WHEREAS: We feel one individual or minority of the people should not be able to dictate policy in this manner that will effect the whole of our citizens,

THEREFORE, BE IT RESOLVED, that the California State Grange recommend that the astronauts be publicly commended and not censured for their inspiring reading of the Bible while in space flight,

BE IT FURTHER RESOLVED, that the California State Grange support the right of every human being to express his faith in God and the Bible publicly without fear of censure.

63. "Monopoly of Petroleum Products NAT'L. 17
and Derivatives by Major Oil Companies WEL.
MENDOCINO COUNTY POMONA GRANGE No. 10

WHEREAS: The major oil companies are freezing out the independent stations by not delivering their fair share of petroleum products and derivatives thereof, and

WHEREAS: This is monopolizing on petroleum products and derivatives thereof,

THEREFORE, BE IT RESOLVED, that the California State Grange do all in their power to assure that the monopoly law be strictly enforced.

64. "Changing the Existing Policy of NAT'L. 18
Food Commitments to Foreign Nations" WEL.
SAN MARCOS GRANGE No. 633

WHEREAS: The population growth in the under-developed countries of the world is increasing much more rapidly since the food-rich countries have been supplying them with vast quantities of food, and

WHEREAS: In 35 years the population of the world will be double that of 1974, according to Dr. Garrett Hardin, population expert and professor at the University of California at Santa Barbara, and

WHEREAS: Every five days the earth adds another million people, and

WHEREAS: The frightening fact is that even a food rich country like ours is not far from the point where we will need all that we can produce for ourselves unless we are willing to cut our living standard sharply,

THEREFORE, BE IT RESOLVED, that the California State Grange request the NATIONAL GRANGE to urge the Congress of the United States and the State Department to change the existing policy of food commitments to foreign nations TO NEW policy of offering food and economic aid ONLY to those countries who are effectively working toward their own population control, economic and agricultural growth.

TRANSPORTATION — ROADS & HIGHWAYS

68. "Favoring the Present 55 Mile Per Hour Speed Limit" TRANS. 3
R. & H.

NUEVO-LAKEVIEW GRANGE No. 581

WHEREAS: The legal speed of 55 miles per hour seems to improve traffic safety, reduce air pollution and conserve motor fuel,

THEREFORE, BE IT RESOLVED, that the California State Grange at all levels urge our legislators to retain this speed limit.

-
69. "Concerning Highway No. 97—From Weed, Calif. to the Oregon Border" TRANS. 4
R. & H.

SISKIYOU COUNTY POMONA GRANGE No. 6

WHEREAS: With Interstate No. 5 now completed, it is time attention be given the highway, Highway 97, that carries interstate commerce and the bulk of the produce transportation in and out of the Tulalake-Butte Valley area, and

WHEREAS: Just re-surfacing a highway so necessary to local traffic, to the marketing of agricultural products and to the recreational and tourist traffic that add greatly to the economy of the area, would be far from satisfactory correction,

THEREFORE, BE IT RESOLVED, that the California State Grange urge the department of transportation to immediately consider the realignment and upgrading of Highway 97 to arterial highway standards with particular consideration to (1) the section at Lake Shastina turn-off, (2) from Whitney Creek to Deer Mountain Lodge, and (3) from Grass Lake to the start of Butte Valley.

71. "Protesting the Proposed Removal in 1975 of the Honor Camp Located on State Highway 96-W Approximately Eight Miles Below Happy Camp, California, at Clear Creek on the McConnell Site" TRANS. 6 R. & H.

SISKIYOU COUNTY POMONA GRANGE No. 6

WHEREAS: The Honor Camp located on Highway 96-W, approximately eight miles south of the town of Happy Camp, California at Clear Creek on the McConnell property is scheduled to be removed in the fall of 1975, and

WHEREAS: The subject camp provides substantial and satisfactory labor for the maintenance of Highway 96-W, where the presently existing road conditions are a potential danger at all times, and

WHEREAS: Year-around removal of slides of rock and debris, and an over-all general maintenance to properly serve the needs of industry, recreation and the traveling public, and

WHEREAS: Highway 96-W is the only existing year-around East-West arterial link between Interstate 5 and Coastal Highway 101,

WHEREAS: Because of the natural geographic location of this road, the pressures of uses for is, in addition to that of lumbering, are such that the economic benefit derived from the *continuance of the Honor Camp at Clear Creek* in helping to maintain the present road and the reconstruction of new portions of the road would be very substantial,

THEREFORE, BE IT RESOLVED, that the California State Grange urge the Honorable Ronald Reagan, Governor, State of California, State Senator, the Honorable Randolph Collier and our State Assemblywoman, the Honorable Pauline Davis, to reconsider the proposed removal of the Honor Camp in 1975,

BE IT FURTHER RESOLVED, that copies of this resolution be sent to our Representatives in the Congress of the United States, the Honorable Harold T. Johnson, the Honorable John Tunney and the Honorable Alan Cranston.

72. "Truck Sizes and Weights" TRANS. 7 R. & H.
(as re-written)

SAN JOAQUIN POMONA GRANGE No. 20

WHEREAS: There is a need for reform of certain sections of the uniform vehicle code which regulate the weight and length limits of trucks and truck combinations, and

WHEREAS: The regulation of size and weight of trucks on state highways should remain within the authority of state governments, and

WHEREAS: Any proposed changes should be closely studied with full consideration given to the safety factors involved, and

WHEREAS: We believe that the federal or national limitation on weight, as distinct from width, of trucks and truck combinations on the Interstate Highway System should, in the interest of agricultural needs allow a reasonable increase in weights, and

WHEREAS: The limits set in the weight section of the uniform vehicle code would serve as a good guideline to any proposed changes, and

WHEREAS: This code is supported by the American Association of State Highway Officials and the Federal Highway Administration, and

WHEREAS: This federal limitation on length of trucks and truck combinations, including multiple trailers, as established for the Interstate Highway System should not exceed seventy feet, and

WHEREAS: The above stated is a portion of the National Grange policy (1971, page 180 and 1972, page 197),

THEREFORE, BE IT RESOLVED, that the California State Grange reaffirm support of this portion of the National Grange policy.

83. "Supporting Bicycle Paths" TRANS. 8
R. & H.

MENDOCINO COUNTY POMONA GRANGE No. 10

WHEREAS: Bicycles in ever increasing numbers are legally using certain highways, and

WHEREAS: These same bicycles on narrow crooked highways, such as Highway 1, are causing a very serious threat to the lives and safety of both motorists and bicyclists,

THEREFORE BE IT RESOLVED, that the California State Grange use its influence with the California State Legislature and California Department of Transportation to construct bicycle paths on all roads where it is feasible to do so and where the potential use justifies the expense.

IN APPRECIATION

Mr. Sam Burns, Manager Community Center:

The California State Grange Officers, Delegates and Committee Chairmen wish to express our sincere "Thanks" for all the courtesies shown during our 102nd Session of the California State Grange.

This includes a special thanks to those people in the background. Those who were always eager and available to work the sound, lights, decorating, cleaning, opening doors for us and all that goes with having a successful convention.

California State Grange

RESOLUTION OF APPRECIATION

WHEREAS: The 102nd session of the California State Grange has come to a close, climaxing a fruitful week of rewarding work by many individuals, who have strived to make the convention the success it was. To these, on behalf of the Officers and Delegate Body of the California State Grange we offer our sincere appreciation for a job well done.

To the General Chairman of the Convention Committee, Bob Null and Co-Chairman Fred Dwight, the Credential Committee Chairman Gene Moberg and all their committee members who made a smooth workable productive convention.

Our warm address of welcome by Sam Burns, Manager of the Community Center and Henry Kloss Supervisor and Grange member, and ably responded to by Ed Koster, State Grange Overseer.

To our National Master John Scott and his lovely wife Dorothy who remained for a major part of our session, to W. C. Harris, Master of the Oregon State Grange and Lida, his charming wife and Frank McCartney, Secretary of the Washington State Grange who represented Jack Silvers, Master of the Washington State Grange.

To J. Blaine Quinn, Past Master of the California State Grange and Ruth, his gracious wife, also Sister Elizabeth Sehlmeier, wife of the Past Master of the California State Grange.

To Sister Betty Smith, Director of Youth Activities of the California State Grange and her regional directors for their impressive youth program and degree teams, the beautiful coronation ceremony climaxed by the crowning of the new Young Couple of the Year, Sam and Edwina Hood, Princess Naomi Moberg and Prince Bob Stith. The presentation of the film "Death Valley" and the educational film "Thumbs Down" and making the interesting tours possible.

To Sister Gladys True, Director of Women's Activities of the California State Grange and her District Directors and Assistants for the hundreds of projects they handle not only during the year but especially at this convention.

To Sister Eve Rowe, Jr. Grange Superintendent and her Regional Superintendents and Assistants for an evening's fine program, the graduation ceremony and the crowning of the Jr. Princess, Kimberli Smith and the Jr. Prince John Wilson. The addition of the junior and matrons uniforms added much color and dignity to the program.

To Sister Elsa Rodrigues, Director of Membership of the California State Grange and her Regional Directors and Assistants in trying to keep our membership up and "Dry".

To Sister Isabel Rickard, Lecturer of the California State Grange for her efforts in bringing to us the many talents of our Grange Brothers and Sisters in the Talent Show, Variety Stage Acts, and the Art and Photo Exhibits.

To Marjorie Brown, Secretary of the California State Grange and her able staff of untiring workers in preparing and handling the volume of paper work, necessary during this convention. Some of whom have to run to keep pace with the work load.

To George Schmidt, Treasurer of the California State Grange and his assistants for their efforts in handling the many disbursements and the Executive Committee for their fine handling of the per diem.

To Brother Ted Bliss, Chaplain of the California State Grange and his assistants for a most impressive memorial service, with Leta Littler and Harleigh Gallup, past Chaplains of the California State Grange, assisting, also the presentation of the Doris Deaver Memorial Fund.

To Herman Grabow for his efforts during the year and for bringing Senator Albert S. Rodda and Brunell Christensen, Director of Food and Agriculture for the State of California to our session in order that we might hear their informative messages. To John Welty the G A P coordinator and his G A P chairman and assistants.

To the chairman and members of the Resolution Committee at this session who came through with a productive and challenging program for the coming year.

To our State Master Chester Deaver and other State Officers for their superlative manner in exemplifying the 6th Degree and the outstanding Rose Drill by the ladies of the Sacramento County Granges.

To Sacramento Grange No. 12 for the use of their stations during this annual session.

To Grange affiliates and services for their contribution—such as the Grange News, G B O, Credit Union, G I A, Marinoff Agency and others—Insurance Agencies, too numerous to mention.

We have many committees and groups that have abbreviations within our groups, such as C.W.A. and G.A.P. Etc. We have one group that deserves the most appreciation of all namely P I G S—Without this group we could not have had this pleasurable 102nd session. We thank you one and all for coming. For those that do not know what the letters PIGS stand for—they are *Patrons In Good Standing*.

Respectfully submitted,
Hugo Hild, Master
