MASTER'S ANNUAL ADDRESS SECTION A

I. Introduction

Welcome to the 114th Annual Session of the California State Grange assembled in Bakersfield, California in the County of Kern. Kern County has a very stable agricultural and industrial history, ranking as the third largest agricultural county in the nation with a very sizeable production

of petroleum products.

In counting our blessings, we can note our national rate of inflation has stabilized, the value of the dollar has declined abroad, our unemployment figures appear to be stable and our national security is at its all time high; however, we must remember we did not get here without sacrifice. Farm foreclosures, government agricultural policies, weak domestic and export

markets and a massive national debt can all be questioned.

In addressing our future, I reflected back 100 years ago to the Master's Address of the 1886 California State Grange Convention held in Marysville, California. Worthy State Master Brother Johnston stated, "Our wheat crop is not as large as it was expected and prices are ruling low. Our fruit crop was light, but prices were good. We have an average grape crop with remunerative prices. Our hop crop is light, but prices are good. Our wool clip is large with fair prices, meat is plenty and cheap. Livestock of all kinds rules low, but, after all, we can see a steady, healthy, prosperous growth throughout the state. But there seems to be an overproduction of almost everything in manufacturing and agricultural products, consequently, there is a cheapening all along the line in everything but labor."

Did our forefathers sacrifice? You bet they did. As we launch this 1986 Annual Sesson into the future, let us be mindful of our blessings as we pay tribute to an excerpt from our Declaration of Purposes, "Imploring the continued assistance of our Divine Master to guide us in our work, we pledge ourselves to faithful and harmonious labor for all future time; to advance by our united efforts, to the wisdom, justice, fraternity and political purity so earnestly sought by the wise and courageous men and

women who founded our noble Order."

II. Agriculture

A. State Of The Industry

California agriculture is unique - it's the most diversified in the world with over 250 commercial crops. For 38 years, California has been the leading agricultural state in the United States ranking #1 in the production of 53 different commodities. California agriculture is widely known for its variety and abundance, but perhaps most important of all, it's also known for its high quality. A California product meets the highest standards - it looks good, tastes good and IS good.

We are justifiably proud of California's agriculture but all is not well in the industry. We have been involved in a five-year crisis that is

astonishing because California's \$14.2 billion agriculture industry historically has been immune to the downturns that periodically rock the Midwest's Farm Belt. The state's staggering diversity of crops, ranging from avocados to zucchini, has kept California relatively insulated from any market problems elsewhere.

But now, even the growers of California's specialty crops like almonds and grapes are struggling for survival. Of the more than 200 commercial crops grown in the state, only a few are now profitable. There seems to be little reason for optimism. Most experts expect continued hard times for growers of permanently planted crops like fruit and nuts and disastrous times for those farming field crops mainly because we have significant overproduction in a number of crops.

Land prices, a time-tested barometer of the industry's health, continued to plummet. Vineyard land that sold for \$12,000 to \$15,000 an acre in 1981 now is on the market for \$4,000 to \$5,000. The value of almond orchards has fallen even further with orchards that sold for \$15,000 a few years ago now selling for as low as \$2,000 per acre.

The collapse of the farm real estate market, meanwhile, has led to massive loan losses for the state's major lenders. Bank of America, the nation's largest commercial farm lender with \$4 billion in outstanding loans, in 1984 wrote off \$82 million in in bad agriculture loans and is expected to report losses exceeding \$100 million for 1985. In an effort to limit those

report losses exceeding \$100 million for 1985. In an effort to limit those losses, the bank, two years ago began agressively foreclosing on properties with delinquent debts. Through the end of 1985, the bank had seized more than 100 percels covering people 150,000 percels.

more than 100 parceles covering nearly 150,000 acres.

It is becoming clear that California agriculture may never return to the glory, high-production days of the '70's. A recovery will come and probably before the end of the decade. But the industry that emerges will be smaller, less powerful and plagued with new problems - such as new competing demands for water and water quality. In a word, the new California agriculture industry will be one marked by considerably lowered expectations.

B. Trade Deficit

While the agricultural trade surplus for the United States peaked in 1981 at \$26.6 billion, it has been declining ever since because of the previously high American dollar, depressed markets abroad, increased foreign competition and our former farm policies that unilaterally gave up market share. In fact, the May 1980 breakdown of our merchandise trade deficit indicates an actual deficit in agricultural trade. This is a *first* in the last 30 years.

The Food Security Act, or "Farm Bill", has sought to rectify the decline in agricultural exports by permitting drastic loan level reductions to make exports more price competitive and by strengthening export assistance programs. However, our competition in the world markets are not likely to diminish without a struggle even though the increased market shares we have so recently acquired is at the expense of agriculture.

The worst may be over soon. The foreign exchange value of the dollar has been dropping against many major currencies and our commodity prices are closer to market-clearing levels. Farmers' production costs are stabilizing and rates of return on investment in agriculture are recovering from reduced levels for many farm enterprises.

The recovery of lost export markets would, however, make agriculture more dependent on foreign marketrs than it already is and make it more vulnerable to future price swings of foreign origin. By the year 2000, it is estimated that half of the U.S. harvested cropland could be producing for export markets, up from an average of 36 percent in the last five years.

The only other alternative is to have a much smaller agriculture limited to expansion in domestic markets. Each year less land, less labor and fewer farms would be needed to stay in line with domestic growth de-

mand.

As the world population is expected to double before the middle of the next century, the potential for a growing demand outside the United States is much greater. The United States will definitely be a player in

food production.

Many farmers have the flexibility and resiliency to make most of the adjustments needed to cope with current and future changes; however, when change becomes extreme, farmers need protective intervention by government just as any other industry. An export-oriented agriculture requires programs to cushion an efficient and growing agriculture especially when it is linked to volatile world markets in an open and international economy.

C. Tax Reform

The 1986 tax reform represents a major restructuring of the federal income tax system. The reform nearly halves the top individual tax rate and reduces the top corporate tax rate by nearly one-third. The reform is estimated to be renevue neutral; over the next five years, the tax burden of individuals would be reduced by approximately \$100 billion, while corporate taxes would increase by a similar amount.

The reduction in tax rates is achieved by broadening the base of the corporate and individual income taxes through the elimination of various tax benefits and preferences allowed under present law. Many of these provisions seek to ensure that high-income taxpayers cannot reduce their effec-

tive tax rates to disproportionately low levels.

Tax reform is intended to simplify the tax system for nearly all Americans. Over 80 percent of all taxpayers will have a top rate no higher than 15 percent. Large increases in the standard deduction and a near doubling of the personal exemption will eliminate the tax liability of approximately six million low-income individuals. Taxpayers will receive an average tax cut of over six percent in 1988, with low and middle income taxpayers experiencing the largest percentage decline in tax liability.

The tax reform package can be considered a major victory for the Grange, although the family farmers did not accomplish everything we

had hoped for. In most cases, it was a matter of degrees. However, the most essential aspect to farming is the elimination of tax sheltering in agriculture. The package prohibits taxpayers from using "losses" incurred from farming in "which the taxpayer does not materially participate" to offset income from other sources. The Grange has steadfastly maintained that various tax incentives that were created by Congress and were supported by a wide range of agricultural interests have had the effect of drawing excess resources into the production of food and fiber in this country, fostering overproduction and depressing farm prices and farm income.

While we savor this victory, we must not be lulled into thinking that all excess capacity is generated by nonfarmers who are taking advantage of the tax codes. There are many tax provisions provided for farmers that encourage production to improve an after tax picture rather than industry economics. Cash accounting, prepaid expenses, depreciation schedules and investment tax credits must be tempered for the farm community; to encourage the sending of true and reliable economic signals so family farmers can make good, sound decisions and remain in business.

In the meantime, California is also looking at tax reform. While many of the same subjects were being discussed, it was the California State Grange's position that it would be wise to see what federal reform had taken place and be able to study those reforms before California made changes that may again put us at odds with federal tax laws. Conformity and simplicity are essential for success.

III. CONSERVATION

A. Water

Since last year's annual session, 100 Years of California State Grange Water Policy was updated and distributed to a wide range of state agencies, legislators, organizations and individuals that are vitally concerned with the future of California's water development. The consistency and foresight of Grange water policy over the years is truly impressive and will receive the attention that it richly deserves. The Grange with great foresight was the first organization that called for the joint federal-state water project and now steadfastly holds to its policy that this great project should be completed, including a cross-delta tdansfer.

The Delta's waterways serve many uses: ship channels for the ports of Stockton and Sacramento; a wide variety of fishing and recreational activities; habitat for fish and wildlife; a means for reclaiming rich farmland and the conduit for water being transferred from the Sacramento River to the San Joaquin Valley and Southern California.

But the Delta is flawed for all its uses, some of which are in direct conflict with each other. The most acute problems relate in one way or another to water transfer. Efforts to plan new transfer facilities face difficulty. The process of gaining agreements on any proposal must be carried out in an atmosphere still charged with the emotions generated by

the defeat of the Peripheral Canal proposal in 1982. From many points of view, the Peripheral Canal is still the best solution, but for the present, the focus of attention must fall in improvements within the Delta as part

of a comprehensive plan that addresses multiple interests.

The design and construction is not extremely difficult, but experts of various interests have yet to work out details balancing numerous trade-offs of costs and benefits. They are close enough to agreement on some features and could begin tomorrow to make working drawings and specifications if they had the authority and the funds. However, there are some remaining issues that must be addressed:

COUNTY OF ORIGIN - The Grange demands absolute assurance of permanent rights to enough water to maintain local economic growth.

WATER QUALITY - The Grange maintains its policy that the quality of the water of the Delta region be protected. In addition, the Grange is supporting the conformity of water standards of the state and federal governments that will provide for the coordinated operation of the Central Valley Project and the state Water Project in California.

DELTA LEVEES - While the Grange understands that costs of maintaining many Delta levees are near or above the economic resources of landowners and many other interests benefit from levee maintenance, we are concerned by the extraordinarily high percent of foreign ownership of delta properties and question the use of tax dollars to protect these lands.

B. Reclamation Reform

The Bureau of Reclamation has presented to the Grange their proposed regulations for the final implementation of the Reclamation Reform Act of 1982. The Grange was the leading advocate of the Reclamation Act of 1902 known as the 160 limitation. This law provided federally subsidized water for 160 acres for a farmer or 320 acres for a farmer and his wife. The Grange felt strongly that it should be the policy of the United States to encourage the family farm as a way of building a strong nation and strong national values. History shows that this policy paid handsome dividends. The industrial revolution is the direct result of our farmers ability to feed those who were drawn to the cities to work in the factories. Our vast agribusiness network that provides the widest variety of the highest quality food and fiber is the envy of the world.

The Grange of today still embraces these goals and has worked intently to be assured that the Reclamation Reform Act remains dedicated to the family farm. The Grange supports the intent of reclamation law that provides subsidized water to family farmers that comply with 160/320 acre limitations. In turn, the Grange also feels strongly that those farmers who choose not to comply with the 160/320 acre limitation should pay the full

cost for their water.

The Reclamation Act (RRA) allows farmers to amend their contracts to allow them to own/lease up to 960 acres of land and to receive irrigation water at a cost that covers operation and maintenance. However, if a

farmer complies with the 160/320 acre limitation, they would still be eligible to receive subsidized water.

The glue that holds this legislation together is what has become known as the "Hammer Clause" which requires growers who are not in compliance with the 160/320 acre limitation to rewrite their contracts and pay operation and maintenance costs. The California State Grange sees no compromise on this issue: It is essential that Section 203(b) be implemented to its fullest extent.

C. Agricultural Drainage

California's Soil Conservation Select Committee, in which the Grange played a prominent role, identified soil salinity as the number one soil conservation problem in California. When we talk about agricultural waste water disposal, we must talk about Kesterson and selenium. The issues surrounding Kesterson and what it represents are complex and so are the solutions.

The agricultural waste water emptying into Kesterson was found to be hazardous and, therefore, the State Water Resources Control Board ordered the U.S. Bureau of Reclamation to clean up the area in three years. As part of the State Board's decision, the Central Valley Regional Board will develop water quality standards for agricultural drainage in the San Joaquin River Basin to serve as design criteria for engineers and agricultural scientists looking for solutions to the problem.

In the meantime, Westlands Water District has terminated flows of subsurface drain water from entering the San Luis Drain in compliance with the Department of the Interior. An interim plan to build evaporation ponds was rejected because of the costs. The district feels that through water conservation and recycling of drainage water and on-farm evaporation ponds, the growers can handle their own drainage water until the district can come up with a long-term solution to the problem. Long-term solutions being considered include desalting the drain water which means running the water through filters in a "reverse osmosis" plant, disposing of the drain water in the Delta or ocean, injecting it into already unusable aquifers or ending irrigation in the area.

The Bureau of Reclamation is now entering Phase III which is the cleanup of Kesterson Reservoir and the San Luis Drain. Alternative cleanup plans are being considered and analyzed. The alternative selected by the Department of the Interior will be submitted to the State Board by December 1986, prior to implementation. The four alternatives under consideration are:

FLEXIBLE RESPONSE PLAN - would eliminate primarey selenium pathways and maintain the structure in order to preserve flexibility for potential future use. This proposal includes the development of new wetland habitat.

IMMOBILIZATION PLAN - is an innovative approach based on data that a significant amount of selenium is immobilized in the soil and sediments within Kesterson Reservoir because of the anaerobic or oxygenfree condition which exists. This alternative calls for the anaerobic condition to be maintained or enhanced by keeping the ponds full or capping

them with clay.

ONSITE DISPOSAL - would remove contaminated soils, sediment and vegetation from Kesterson Reservoir and the entire San Luis Drain and deposit them in a 46-acre, double-lined and clay-capped storage facility on site. Wetland habitat would be restored on the balance of the reservoir

OFFSITE DISPOSAL - would remove contaminated soil, sediment and

vegetation and remove them to a suitable landfill.

IV. NATIONAL WELFARE

A. Pesticide Residue

According to a 1985 survey by the Food Marketing Institute, 73% of Americans surveyed felt pesticide residues in food were a major health hazard. The pesticide situation today has undergone substantial changes. For example:

Pesticides are less persistent, meaning they break down into non-toxic substances much more quickly - within a matter of hours or days.

They are more effective in smaller quantitites. Some newly developed chemicals which are applied at three ounces to the acre do the job that once took about ten pounds.

Pesticides are more striclty regulated by federal and state laws with considerable more health testing required before a pesticide can be con-

sidered for registration by the EPA.

Pesticides are applied with much greater intelligence and concern

for safety.

There is an increasing interest in using pesticides more wisely through a pest management system called Integrated Pest Management (IPM).

The California Department of Food and Agriculture tests close to 20,000 lost of food - at the farm, at the wholesale markets and in retail stores - to determine if the residues exceed the limits set by the federal government. These limits are very conservative figures based on numerous animal tests which show at what level or dose a pesticide will have and its adverse effect on animals. The maximum limits allowed on food are between 100 and 1,000 times less than what affected small animals. Year after year, the percentage of samples over the federal limit is less than one percent and still there is a built-in 100-fold safety factor. Farmers crops over the legal residue limits are quarantined and/or destroyed.

Dr. Bruce Ames, Chairman of the Department of Biochemistry at U.C. Berkeley and a noted cancer researcher, is not particularly concerned with the amount of man-made pesticides we might be exposed to because they are in such small quantities and most break down and don't linger in

the body. He is more concerned about the natural occurring pesticides that have been with us since the beginning of time, evolving to protect plants from insects and disease. Present evidence indicates the cancer hazards posed by the natural carcinogens in food substantially outweigh those from the man-made chemicals in food.

In terms of policy, we need to distinguish between potent and weak carcinogens, between large and small amounts of carcinogens and between functional and unnecessary chemicals in making decisions about what will be allowed in the nation's food supply in setting regulatory priorities.

B. Farm Credit

While Western agriculture appears to be in a stronger position than in other parts of the country, the continued depressed conditions in the agricultural economy were reflected in the 1985 operating loss to Farm Credit Banks. This is the first loss experienced in decades and while disappointing, the loss was much less than the national average for the Farm Credit System. Western agriculture benefits from diversification in commodities as well as other advantages.

In 1985, there was approximately \$20 billion in total outstanding agricultural debt in California. Approximately \$6 billion of this amount is held by California-based banks, \$5 billion is held by the farm credit system and U.S. Farm Home Administration. large insurance companies account for approximately \$2 billion and all other lending sources account for the remainder. Typically, the farm credit system and the insurance companies have the bulk of the loans on land. The farm credit system together with the large banks hold production and equipment loans.

It is estimated that 40% of all farm loans in California are under stress and of the 40%, a little more than half (22%) are non-performing loans. The State of California must lend its help to this crisis. Agriculture is the largest industry in California and it cannot go into decline without affecting the entire economy. Depression on the farm means higher case loads in welfare, health care, law enforcement and education. There should be a clear-cut, statewide interest in restoring economic health to California agriculture.

SECTION B:

Condition of the Order

This last year, we have seen a 60% reduction in our membership loss over the previous year and you are all to be commended. In spite of several Granges consolidating, a duplication of membership growth this year would provide us with a net gain next year.

Leadership

We cannot stress enough the importance of having your meeting pzace looking attractive, your officers planning meeting in each Grange discussing your duties and goals and your "shopping list" made available to your membership for recruiting new members. What is a "shopping list?" A shopping list should contain the reasons why I should join your Grange. What are you doing and what do you have to offer. Be prepared!

Finance

In addition to our regular duties at the state level, the Executive Committee requested me to include in this address a listing of the trust accounts (see attachment #1) we are maintaining or are in escrow. All of these accounts have to be maintained according to Grange Law (adopted in 1978) some with the aid of an attorney, title company, realtor or in combination thereof. Hopefully, some of these accounts that have surrendered their charter can be reorganized with some degree of stable income. Our compliments to the Granges involved and the Accounting Department of the California State Grange for a pleasurable working relationship.

Many of you were concerned over the proposed deficit budget adopted last year. To reduce some of those concerns, I have provided you with a listing (see attatchment #2) of proposed income-expense, actual income-expense and the membership status since the last per capita increase. I hope you will note that what has been proposed is strictly a guide and what actually happened is fiscal restraint by management. As our income base is strictly tied to membership per-capita tax, you can see cutting and trimming is a way of life. Inflation since 1982 has exceeded 20% and many other line items in the budget have risen due to higher costs. But our total expense is only 7% over that of 1982, our last per capita raise.

Last year, due to budget demands, I informed Brother Welty, Legislative Director, he would have to take a salary reduction of ½ and another ⅓ reduction this year. By necessity, he is now employed by the Tomato Growers Association and is retained as a consultant to the Legislative Department. Our influence is now supplemented by the Granger Action Plan implemented by Brother Welty several years ago. Your State Master is the only registered lobbyist.

My sincerest compliments to the Officers, Directors and Staff involved in maintaining the budget of the second largest general farm organization

in California.

Junior Granges

We are encouraged by what has been happening in the Junior Grange department. I am stressing that each Master appoint a Junior Committee in each Grange to accomplish a survey as to why you cannot organize a Junior Grange. In addition, I am appointing a Junior Grange Coordinator for each Pomona Jurisdiction for a follow-up.

If you would like your Subordinate Grange to grow, organize a Junior Grange. This will give you access to moms and dads, and provide a future

youth committee for your Grange.

I am requesting your Grange to be represented at the Junior Grange

conference at 12 noon in the Concert Hall, presented by Sister Carolyn Hill, Director of Junior Grange Activities.

Good Of The Order

This past year, many new things have happened for the Good of the Order.

Blue Shield of California was kind enough, with our insistance, to rollover our existing group health plan with pre-existing conditions intact into an individual health plan with a similar premium. Anyone in their early sixties knows how important this is.

In addition to our other benefit and service programs, and for your "shopping list", we instituted the Blue Shield Preferred Family Health Plan, pre-paid Dental Plan for all ages, convalescent health plan protecting your assets in lieu of Medicaid and an Annuity Plan by Grange Mutual Life. We will hear more about these programs during the convention.

Granger Action Plan

Last year, we introduced to you a program that has been several years in the making. Since early spring, we have used it several times and it really works.

This program is really grassroots Granger action influencing legislation in the Capitol and Congress. In case you don't know it, you, as Grange families and leaders, ae programmed in each legislative and Congressional district. If a Grange related issue comes before a hearing committee or a floor vote, and your elected representative is affected, we send you a fact sheet as to why we support or oppose, a local field office address, a phone number to register a verbal desire, and a letter to sign and mail in a pre-addressed envelope. We are then providing your Granges with a community service project in the form of a copy ready tally of how your Senator and Assemblyman voted, campaign contributions and a few other details. At the bottom of this copy it reads, "This brought to you by County Granges. Remember to Vote." Present one of these to your friends and neighbors and ask them to join. We need them to assist us in holding our elected representatives accountable to their office.

Remember, it's the "X" that counts, not the buck.

Deputy Evaluation

To assist our Deputy State Masters and to give your State leadership a handle on what is happening in our Granges, we instituted a "Field Evaluation" report. A check-off, if you will, of reminders that should be done in a Grange meeting as well as trying to target what is successful to a growing Grange and what are the key factors for a Grange that is not so successful.

All Deputies have responded with the exception of a few. The Masters and Deputies received a computerized profile of their jurisdiction at the Master's and Deputy's Conference. This enabled them to evaluate their

Granges, their specific positives and negatives, and to assist any Grange that requests it.

As your State Master (and I am sure I can speak for my predecessors as well) we have little input as to the status of your Grange and your Grange leadership. Since we now have on overview of each county and its Granges, we can offer better assistance for leadership training and offer a booster program where it might be needed most.

We are asking your Deputy to let you know when the evaluation will be done this year so you can prepare in advance. We are considering an award program for next year for the most improved Grange, most improved Deputy and possibly the most improved county. Everything looks good, let's look better.

EXECUTIVE COMMITTEE OFFICERS REPORT

Worthy Master:

The last six (6) years serving as an Executive Committee member for the California State Grange has been a very memorable experience, one I shall treasure the rest of my life.

I feel good about the small part I played in helping direct the California State Grange. While I was not always pleased with the decisions we had to make, you can be assured, I always had the interest of the membership in mind. All decisions were made for the Good of the Order.

To the membership, a big thanks for your confidence and support. Many of you lifted my spirits when I was down. I only have one regret, I was not able to attend each of your Subordinate and Pomona meetings.

To the staff of the California State Grange, a special thanks. You were always there when I had a question, helpful in every way. I know the membership shares my feelings when I say I am proud of all of you.

Worthy Master, thanks to you for all your help in broadening my knowledge of Grange law. You have a keen sense of ability in understanding the Constitution and By-Laws of both the California State Grange and the National Grange.

You know I will always be around to help when and where needed. "I'd be delighted."

Fraternally, Bob Clouse Executive Committeeman California State Grange

TREASURER'S REPORT

Worthy State Master, National Master, State Officers, Guests, Fellow Grangers:

I would like to welcome everyone to the 114th Annual Session of the California State Grange. It is my sincere hope that everyone in attendance will not only have fun renewing old acquaintances, but also be informed and enlightened in the working of the California State Grange.

Before I present the Treasurer's Report, I would like to personally thank Pat Meece for her dedication and relentless efforts in assisting this office. Her expertise and knowlede is an essential factor in the operation of this organization and she is paramount to the office of Treasurer.

Last year I came before this body proposing a deficit budget that the Budget Committee felt necessary. At that time I explained that it was a deficit on paper only, and that the State Grange would do everything possible not to overspend its' income. I am happy to report that the State Grange has achieved this goal.

The income for the year ending June 30, 1986 was \$510,899.00 with expenditures of \$497,866.00. This has resulted in a net revenue of \$13,033.00.

In closing I would like to repeat an observation that I made on the floor last year. Your California State Grange has been planning for the future. This is evident with the new programs available, new procedures, and the relentless efforts of the State Master and his excellent staff. The Executive Committee and your State Master have done an excellent job of establishing in-house guidelines for expenditures.

(For balance sheet see CPA's Report)

Fraternally Submitted Harold "Bud" Hill, Treasurer California State Grange

SECRETARY'S ANNUAL REPORT

Worthy Master, State Officers and Members of the California State Grange:

Once again it is my pleasure and privilege to greet you at our 114th An-

nual Session being held in the City of Bakersfield.

I wish to take this time to thank all the Secretaries throughout the state for their continued cooperation with the State Secretary's office, also for

the many invitations extended to me during the year.

I would also like to express my sincere appreciation to the Convention Chairman, Brother Paul Rupp, and all his committees and members who have given their services and made it possible to have a successful and productive Session.

Billing Service

The Billing Service Program has again been renewed and offered as a 1987 Dues Service to all Subordinate Grange Secretaries. A separate invoice (dues notice) will be provided for each Grange member with a file card record, plus a receipt/membership card for the billing year. Each Dues Notice will indicate the amount of member's dues and return address of the Subordinate Secretary.

Cost for the 1987 Billing Service will be the same as last year ... 40 ¢ per member. Again the Secretary's have a choice of a printed message or calendar of events inserted in the Dues Notice. Deadline for receiving re-

quests for this service is November 1, 1986.

Membership Recruiting Program

This incentive Program has again been offered to all members for Credits towards their 1987 Dues. Each member who recruits a new member and signs the "Recommended By" (1st signature on application) will receive a \$5.00 Credit Memo against their 1987 Dues (effective for the March 31, 1987 quarter). The member has the option to deduct this \$5.00 amount from his or her Annual Dues or pay in full, giving a contribution of \$5.00 to their Subordinate Grange.

The member will also receive either a "Member Builder" badge with an '86 cluster or an '86 cluster to go on the badge they received last year.

A similar program is planned for each year through the 1988 National Convention, which is being held in California.

Membership

At the end of the June 30, 1986 quarter, membership reported to the National Grange was 36,228 members with 295 Subordinate Granges reporting. This was a loss of 918 members for the quarter.

For the Grange Year (July 1985-June 1986) there was a loss of 1,489 members. Most of the losses were by Suspension (non-payment of dues) and by Withdrawal.

"Grange People Building Bridges" ... theme set by the National Grange for the 1987-88 year ... for continued life in the Grange, lets Plan, Work together, Set our Goals and Build those Bridges together.

MINUTES

MINUTES OF THE EXECUTIVE COMMITTEE CALIFORNIA STATE GRANGE 1985 - 1986

October 14, 1985

Approved 12/13/85

The meeting was called to order at 7:30 AM by the Worthy State Master David Austin at the Visalia Convention Center.

Roll Call showed all members present: Stephen Tait, Bob Clouse and Joe Victorine. Also present were William "Bill" Booth, State Grange Overseer, and the State Master's Secretary.

The minutes of the August 23, 1985 meeting were approved as clarified. The clarification to be relayed to the delegate body of the 113th Annual Session by the State Master.

1985 Convention Program: After Review, it was voted by the Committee to adopt the 1985 Convention Program and to present it to the delegate body for their approval.

Standing Rules of the Convention: The "Standing Rules of the Convention" were reviewed by the Committee. *It was voted* by the Committee to adopt the "Standing Rules of the Convention" as wditten and submit them to the delegate body for approval. These rules will only be effective for the 1985 Convention in Visalia.

Master's Annual Address: The Master's Annual Address was discussed by the State Master. Section A is the Policy Statement, Section B is the Condition of the Order, Section C is the Good of the Order and Section D is the 1985-86 California State Grange Proposed Budget. The State Master stated that Section C "Good of the Order" will be referred to the Good of the Order Committee for their recommendations to the delegate body.

Budget: The Budget is part of the Master's Annual Address (Section D), however, it will be presented to the delegate body by Brother Gene Darling, Chairman of the 1985 Audit/Budget Committee. Brother Darling will have some recommendations for "trimming" the budget, which will be referred to the Good of the Order Committee.

Resolutions: The Legislative Department of the California State Grange has submitted two resolutions to the Executive Committee for their approval, "Hydro-Electric Preference to the Current Licensee" and "In Support of the Liability Reform Initiative". The Committee voted that these two resolutions be submitted to the proper Resolution Committees for their recommendation.

Autumn Leaves, Inc.: The minutes and financial statement of the Ukiah Autumn Leaves, Inc. for the month of August was reviewed and discussed by the Executive Committee.

Publicity Builders Committee (PBC) - Donations: The Publicity Builders Committee has requested that the following donations be approved by the Executive Committee: Ag Action Committee \$100; Califor-

nia Highway Users \$100; English Only Initiative \$100; and the Four-H (4H) \$100. Totaling \$400. The Executive Committee voted to grant the

request of the PBC for the above donations.

State Secretary's Report: A membership report, as prepared by Sister Marjorie Brown, State Secretary, was reviewed and discussed by the Committee. The State Master pointed out that we are 209 members less in the "loss column" than last year. It was noted that Lassen County is behind three quarters in reporting. The State Master has been in contact with the Deputy of Lassen County and suggests that Lassen and Modoc Pomona Granges combine into one Pomona Grange. Membership reported to the National Grange for the June 30, 1985 Quarter was 37,717 with 302 Subordinate Granges reporting. For the June 30, 1985 Quarter, Pomona membership totaled 7,319 members.

Cal Western Life: A letter was received from the Cal Western Life Company regarding the retirement plan of the California State Grange employees. The State Master would like some direction, as the letter stated we would need to amend our plan to remain qualified with the IRS. In order to satisfy this requirement, it will cost the California State Grange \$300. It was voted to have the State Master explore the retirement plan options with the Grange Mutual Life Company and other com-

panies.

National Grange Convention Representation: The Committee will consider a reduction in the California representatives to the National Session.

More discussion on this at the next meeting.

The meeting adjourned at 10:10 AM. The next meeting of the Executive Committee will be Saturday, October 19, 1985 at the Visalia Convention Center at 8:00 AM.

Stephen Tait Bob Clouse Joe Victorine

October 19, 1985

Approved 12/13/85

The meeting was called to order at 8:00 AM at the Visalia Convention

Center by the Worthy State Master David Austin.

Roll Call showed all members present: Bob Clouse, Joe Victorine and Stephen Tait. Also present were William "Bill" Booth, State Grange Overseer, State Master's Secretary and Sister Marjorie Brown, State Secretary.

The minutes of the October 14, 1985 meeting were approved as read. State Lecturer: Brother Eugene Runyon joined the Committee at this time. Brother Runyon inquired as to the status of his representation at the National Grange Convention in Eugene, Oregon. He would also like to know his responsibility regarding the mandate of the Good of the Order Committee on the leadership training program. In regards to the Lecturer's Quarterly Report, he would like some "feedback" from the Executive Committee so that these reports might be more helpful to the

turer's Quarterly Report, he would like some "feedback" from the Executive Committee so that these reports might be more helpful to the Committee. Brother Runyon suggests that the Granges who did not submit a report be listed in the Grange News. The Deputies have expressed an interest in receiving copies of these reports. Brother Runyon was excused while the Committee discussed his inquiries. The State Master will be in contact with Brother Runyon to discuss the mandate of the Good of the Order Committee.

Journal of Yesterday: Sister Marjorie Brown, State Secretary, read the minutes of the Journal of Yesterday, Friday, October 18, 1985. It was voted by the Committee to adopt the proceedings of yesterday and enter them into the Journal of Proceedings.

Brother Bob Clouse submitted monies to Sister Brown to be put into the Grange Conference Center Fund.

GWA Director: Sister Joy Beatie joined the Committee at this time. She stated that the first shipment of cookbooks (5,016 books) are all out to the Granges. Another shipment of 5,000 are on order.

Sister Beatie is all in favor of the adopted Resolution S-G-2 "CWA Name Change". The CWA will now be known as the GWA (Grange Women's Activities). The GWA Pomona Chairmen's Conference held on Friday was very well attended and proved to be successful. The GWA Breakfast "goodie bags" were discussed in the Conference and it was voted by the Chairmen to do away with the bags from now on. The "GWA" would like to continue with the GWA Peter Marinoff Memorial Scholarship(s) this year and they would likegto be recognized as the financial supporters of this scholarship(s). In the past, they have not been recognized as the supporters. The support of the Statue of Liberty will be continued by the GWA. Next year, the GWA would like to institute a "mens only" cookie contest with three classes. The 1985 GWA March will go to the Special Olympics. The 1986 Women's March will go one-half to Cal Poly and the other half to the Humboldt Student Emergency Fund. It was voted by the Committee to approve these tentative requests. Sister Beatie also requested a quarterly newsletter to be sent to the Subordinate and Pomona GWA Chairmen. It seems that some chairmen do not read the GWA Column in the Grange News. This newsletter would be in the form of a one-page flyer. Sister Beatie would also like approval to continue with her conferences and to appoint her Regional Directors by November 1, 1985. The State Master excused Sister Joy while the Committee discussed her requests. The Committee felt that due to the budgetary constraints, that the request for a quarterly newsletter was not possible at this time. The Committee suggested that her column could be featured on the front page of the Grange News when issues were important or the newsletter could be coordinated on a regional level (directors). The Committee felt that the GWA Conferences were going well and approved the continuance of the conferences, possibly coordinating these conferences with the leadership training program mandate with the State

Master and State Lecturer. The State Master will work with Sister Beatie in appointing the Regional GWA Directors for the 1985-86 constitutional term.

Relative to the Leadership Training mandate of the Good of the Order Committee, Brother Bob Clouse suggested that three ritual teams be devised; north, south and central to go around the state in conjunction with the Lecturers conferences. A suggestion was made to have the Regional Deputies devise a "crack" team. This team could coordinate floor work and Grange ritual. The Committee felt that before we do this, we need to devise a handbook standardizing all these procedures. The State Master will confer with Brother Runyon and work out a leadership training conference schedule to be coordinated as not to conflict with

Sister Beatie's program.

National Grange Convention: The representation from California to the National Session in Eugene, Oregon was discussed. After full discussion, the Committee voted to allow the following to attend the National Session as representatives from California: William and Lillian Booth, CSG Young Couple (\$150); Racine Dahlgren, CSG Youth Ambassador (\$100); Katie Couch, Speech Contestant (\$100); Naomi Fletcher and Darcy Andrews, Sign-A-Song Group Contestants (\$75 each); Eugene Runyon, CSG Lecturer (\$150); Joy Beatie, CSG GWA Director (\$100); Tom Stefenoni, CSG Youth Director (\$100); and Carolyn Hill, CSG Junior Grange Director (\$100). Sister Darda Bragg, Sign-A-Song Individual Contestant is also scheduled to go. The Talent Contest winners will also be attending the National Session.

California State Grange Convention: A suggestion was made that we change the following in the California State Grange Convention Program: Tuesday night as Degree Night, Thursday night as Youth Night and Wednesday night as Talent Night. The Committee will review the pro-

gram for possible changes next year.

Klamath Valley Grange: Concern over Klamath Valley Grange, Del Norte County was discussed. Their membership is in jeopardy. There is a clause in their lease that states, as long as there is an active Grange meeting, the property will remain, if not, the property will revert back to the owner who donated the land. The State Master will pursue the situation.

Alderpoint Grange: Alderpoint Grange is in the process of selling their hall. There will be a meeting regarding this situation in the near future and the Executive Committee gave Sister Pearl Zeck, Deputy State Master of Southern Humboldt County, authorization to have a State Officer present at that meeting. She will notify the State Master's office as to the date and time.

Resolution of Appreciation to Past State Musician: It was voted by the Executive Committee that the State Master devise a "Resolution of Appreciation" for William "Bill" Campbell, Past State Musician, to be presented by the current Executive Committee members. Any cost will be

borne by the current members.

Grange News: The State Master will instruct Brother Jay Hartz to start preparing a "sample" of the Roster, as outlined in the Good of the Order Mandate, to be presented at the next meeting.

A suggestion was made by the State Master to have personal ads in the Grange News as "supporters of the Grange News" that would run all year long.

The meeting adjourned at 11:45 AM. The next meeting of the Executive Committee will be Friday, December 13, 1985 at the State Grange head-quarters.

Bob Clouse Joe Victorine Stephen Tait

December 13, 1985

Approved 2/11/86

The meeting was called to order at 9:15 AM by the Worthy State Master David Austin.

Roll Call showed committee members present: Bob Clouse and Joe Victorine. Brother Stephen Tait being delayed due to the foggy weather conditions. Also present were Brother William Booth, State Grange Overseer, and the Master's Secretary.

The minutes of the October 14 and October 19, 1985 (Convention) meetings were approved as read.

CSG Lecturer - Quarterly Report and Schedule: The Committee reviewed the Quarterly Report input for the third quarter of 1985 as received from Brother Eugene Runyon as well as a schedule of mailing dates. Brother Runyon would like to continue his program as he did last year. The Committee discussed the Lecturer's conferences and before any definite decision is made, the Committee would like estimates on the costs, dates, materials, how many, etc. of the conferences. A suggestion was made to "survey" the Granges asking them for feedback on the types of conferences needed in their areas.

Brother Tait arrived safely at 9:50 AM.

State Secretary's Report: Sister Marjorie Brown joined the Committee. She presented the Committee with a membership report, quarter ending September 30, 1985. A total of 37,803 members were reported to the National Grange with 302 Subordinate Granges reporting. This showed a gain of 86 members for the quarter. First time the California State Grange showed a gain in membership since 1980. The Pomona Grange membership totaled 7,244. Sister Brown also presented a letter to the State Master regarding seven Granges delinquent in reporting their dues to the California State Grange. There are five Junior Granges delinquent in reporting. A final report was given on the billing service program for the 1985 year. A total of 6,199 dues notices were sent out with 33 Granges participating. The State Secretary's office has received many complimentary letters regarding the billing service.

Vacaville Autumn Leaves, Inc: The State Master had received a letter from the U.S. Department of Housing and Urban Development (HUD) regarding a recent meeting in San Francisco and the Vacaville Senior Housing Corporation. It is an update and time-line regarding the development of the project. Groundbreaking ceremonies should take place in a year.

Joy Beatie - GWA Director: Sister Beatie joined the Committee at this time. The Committee reviewed the financial statement as presented by Director Beatie for the seven month period ending November 30, 1985. The GWA Program for 1986 is ready for print. Sister Beatie mentioned some highlights in the program such as: judging for the sewing contest will be moved and the "danish" system of judging will be utilized; the needlework and toy contest will be judged the same way. This year the GWA will have a "men's only" cookie division. The GWA instituted a new program for this year, FOCUS (Friends On Call Useful Service) in which brothers and sisters call on senior members to see that they are alright, if anything is needed, etc. on a daily basis. The GWA would also like to sponsor an "Emergency Call Police" banner sponsored by the Los Angeles Commission on the Assaults Against Women, Brother Clouse suggested that possibly the California Grange Insurance Agents Organization (CGIAO) could sponsor this project. Brother Clouse stated that "Bob Clouse Insurance" would offer financial support for the first gross of banners in the event the CGIAO was not interested and suggested the proceeds fo into a "travel fund". Sister Beatie would like the opportunity to consult with her directors as it was their decision to undertake this proiect. The CGIAO will meet in January, however, Sister Beatie would like the banners in time for her conferences. The Committee voted to adopt the 1986 GWA Program.

Lake Francis Grange #745 - Building Donations: The State Master received a letter from Lake Francis Grange #745 (Yuba County) requesting permission from the State Grange to allow Lake Francis Grange to ask for donations from the Granges listed in the California State Grange Roster. The donations will be used to help Lake Francis Grange build a hall on land recently purchased by them. After full consideration, the Committee voted to send a letter to Lake Francis Grange telling them that "under the circumstances, they could not approve their request to seek donations from the Granges." The letter should state that the Committee usually allows the seeking of donations from other Granges who have experienced some kind of disaster (fire, flood, etc.). A paid advertisement by Lake Francis Grange in the California Grange News could be an alternative.

The Committee recessed for lunch.

Financial Report: Sister Pat Meece, Accounting Department, joined the Committee. She presented the Committee with a Balance Sheet, Income Statement and Budget Report (four months ending October 31, 1985) for their review. The \$39,160 proposed deficit was discussed and the alter-

natives to balancing the budget. The State Master pointed out that the \$39,160 deficit was not an expense deficit, but an income deficit. The Grange's expenses have risen 2.2% over the last three years while the per capita income has decreased approximately 25% due to loss of member-

ship.

The Committee voted to establish a separate savings account for the "Grange Conference Center" fund at the institution providing the best interest rate. The Committee voted to deposit the \$5,857.70 beef raffle proceeds into the Time Deposit of the National Convention Fund. A request from a Sacramento Grange Credit Union employee to the Committee considering the waiving of the deductible for a pre-exisiting pregnancy was reviewed. The Committee recommends waiving the \$200 deductible request, upon approval of the other groups involved as this money will come out of the self-funding portion of the plan.

Legislative Director: The Master advised the Committee of the Legislative Director's request to be reduced from a Director to a Consultant. This year, there will be a 33% reduction with a further reduction next year. The Legislative Director will be available on a consulting basis.

Scholarships: The California State Grange sponsored scholarships for the 1986-87 academic year were discussed. Last year, the two Doris Deaver Memorial Scholarships were denied as the applicants did not meet the specified requirements. The Committee voted to award seven scholarships this year. Four Doris Deaver Memorial Scholarships, two Peter Marinoff Memorial Scholarships and one Peter Marinoff Agency Scholarship.

Jay Hartz - Editor Grange News: Brother Jay Hartz joined the Committee at this time. He presented the Committee with a sample of the propoqed computer print-out roster (as per the Good of the Order Committee report). The roster would be printed in the same format, but with bigger type only allowing three Granges to a page. After full consideration, the Committee voted not to print the roster this year, but to make it available to Grangers (computer print-out style) at a \$2.00 per roster fee, on a per order basis.

Brother Hartz had received a bid from the Paradise Post in Paradise regarding the printing of the California Grange News. The Paradise Post was \$93.44 more than the American River Press which we are currently using. The Committee mentioned the quality of the paper was much better than in the past.

A "budget recap" (the first 6 months) of the California Grange News operation was reviewed by the Committee. In the first 6 months of the 1985-86 fiscal year, the Grange News has managed to come in \$8, 289.57 under projections. In reviewing the budget utilizing current information, we should come in \$16,931.07 under budgetary projections. The savings were made possible by: a) a reduction in interest rates on the Grange News equipment by refinancing; b) a savings in publishing costs; c) saving additional postage on zip code sorting for the USPS that gives us an extra

discount; and d) replenishing supplies on an as-needed basis instead of keeping stock on hand. Brother Hartz also prepared some written options

in "boosting" the income of the Grange News.

After full consideration, the Committee felt that Brother Hartz was heading in the right direction regarding the "boosting" of income of the California Grange News. Brother Hartz was instructed to propose a few guidelines for the program and to present them at the next meeting.

Bids for printing 600 copies of the Journal of Proceedings were received as follows: Allied Printing \$3,211.00 and Associated Printing \$2,765.00.

Talent Winner Expense Report: The State Master had received a phone call from Brother Charles Taff regarding the money collected at the Convention on Talent Night. He was under the impression that he and his partner, Brother Carl Freeman, would receive all the monies (\$420) collected on Talent Night. An expense check (\$100) was sent to each talent contestant winner for their trip to the National Session in Eugene, Oregon. Brother Taff has submitted an expense voucher for that portion that was not covered with the \$100 allowance. He would like to be reimbursed \$47.38. The Committee voted to allow the reimbursement of the \$47.38 to Brother Taff with a congratulatory letter accompanying the check with a carbon copy to his Subordinate and Pomona Grange and the Executive Committee. A letter should be written to Brother Carl Freeman extending the same opportunity for reimbursement.

Fairmont Insurance Company: A letter was received from the Fairmont Insurance Company advising the California State Grange that the captioned group was not eligible for dividends due to an adverse loss

ratio. A loss report was also enclosed.

Agri-Data: AgriData Network is the official information and communication service for the Grange offered by the National Grange. AgriData Network is America's largest agricultural information and communication service and it works on any home computer or terminal. The Committee voted to review this information more and will make a decision at the next meeting. The State Master stated that we would not utilize the Grassroots program.

Brick Mills Studio: The Master presented the "all occasion cards" and "address labels" fundraising projects offered by Brick Mills Studio. He would like the Committee to consider either program for sometime in the

future, if necessary.

Unfinished Business: Convention Program - discussed briefly the changing of the program in regards to Talent Night, Youth Night and Degree Night. More discussion on this item at the next meeting. 1988 National Grange Convention - The State Master received a letter from Brother and Sister Booth stating that they would like to "volunteer" to be the Chairmen for the upcoming 1988 National Grange Convention in Redding. The State Master would like to see someone closer to the Redding area as the Chairman. This would allow for "first-hand" knowledge and experience of the Redding area. There will be more discussion at the next

meeting on this matter.

Miscellaneous: Encinitas Grange - The State Master had received a message from Brother Dick Rafter (Encinitas Grange) regarding Resolution C&B-1 "Subordinate Grange Elections" authored by his Grange. A correction should be included on Page 2, Article 3 also. The Executive Committee felt that the resolution should remain as written and adopted by the Delegate Body and it could be "cleaned up" next year at the Convention.

There was no updated information regarding the status of Alderpoint Grange and Klamath Valley Grange. Inquiry about the Cal Western Life matter regarding the retirement plan for the employees was made. The State Master has contacted Grange Mutual Life and will continue to work with them.

The meeting of the Executive Committee adjourned at 5:30 PM. The next scheduled meeting was tentatively set for February 11, 1986. The members will be contacted as to the date and time.

Bob Clouse Joe Victorine Stephen Tait

February 11, 1986

Approved 4/15/86

The meeting was called to order at 9:10~AM by the Worthy State Master David Austin.

Roll Call showed Committee members present: Bob Clouse and Joe Victorine. Brother Stephen Tait would be delayed due to mechanical problems with the airplane. Also present were Brother William Booth, State Grange Overseer, and the State Master's Secretary.

The minutes of the December 13, 1985 meeting were approved as read. Financial Report: Sister Pat Meece, Accounting Department, presented the Balance Sheet, Income Statement and Budget Report for 6-months ending December 31, 1985. The Committee was very satisfied with the financial status of the California State Grange at this point. As of the end of January 1, 1986, the "National Grange Convention Fund" had a balance of \$6, 530.71 and the "Grange Conference Center Fund" had a balance of \$1,487.80. The Conference Center Fund is deposited at the Sacramento County Grange Federal Credit Union. The Committee complimented Sister Meece on the "new look" the Balance Sheet, Income Statement and Budget Report had. It is much easier to read and follow.

Gus Barlas - Blue Shield Group #908/Nursing Home Program: Mr. Gus Barlas, Barlas and Associates, joined the Committee to discuss the Blue Shield Group Plan #908 and the possibility of the California State Grange endorsing a "skilled nursing care plan". Effective April 1, 1986 or the first billing date of those individuals involved, Group #908 will cease to exist. There will be an automatic transfer of the Group #908 plan into the mainstream of the "individual preferred plan" with other private individuals, pre-existing conditions intact. There will be no "Grange

member only" designation to this plan.

Mr. Barlas spoke briefly on the "Prepaid Dental Plan" recently advertised in the Grange News. This program with Delta Dental Plan is expressly for the California State Grange. The dental care plan provides all reasonable and customary dental care as outlined in the advertisement.

Mr. Barlas then presented the Committee with a written report regarding the possibility of the California State Grange offering a "skilled nursing care plan" for California State Grange members only. The State Master and Executive Committee agreed the plan would greatly benefit our membership. After full consideration, the Committee voted to pursue the feasability of a "skilled nursing care plan" as offered by California Benefit Life, exclusively for California Grange members. The State Master will instruct Mr. Barlas to proceed with this plan and to refine the guidelines. Mr. Barlas is planning to meet with the California Grange Insurance Agents Organization in April regarding this plan.

AgriData/GrangeNet: Brother Bill Booth explained AgriData Network as it is the "official information and communication service" for the Grange offered by the National Grange. Brother Booth has recently purchased this service. A \$100 a year hookup fee and a "connect-time" charge will also be assessed for the time your computer/terminal is hooked up to AgriData. The first hour will be paid by the National Grange and the ad-

ditional time will be billed to the State Grange.

The "information" section of AgriData Network contains over 35,000 reports from Information Providers around the world. After full discussion, the Committee voted to use the AgriData Network system for a year on a trail basis and if it doesn'i become a valuable tool, then to discontinue it's use.

Janesville Grange #434: The State Master discussed the request of Janesville Grange #434 to surrender their Charter. The State Master has sent a suggested resolution to follow to the Master of Janesville Grange. The State Master will not sign and approve the resolution, unless proper procedure is followed.

The Committee recessed for lunch.

Grange Mutual Life Company (GML) - Retirement: Brother Jim Smith, GML Representative, joined the Committee at this time. The State Master had asked Brother Smith to prepare a proposed retirement plan for the California State Grange employees. The Committee voted to terminate our present retirement plan with Cal Western Life and allow the monies to be rolled over into the Grange Mutual Life retirement plan on or before the anniversary date of our present plan.

Vacaville Autumn Leaves, Inc.: Brother Ken Douglas (Vacaville Grange) joined the Committee to obtain the signatures of the California State Grange Master and Executive Committee for updating the application to the Housing and Urban Development (HUD). brother Douglas explained briefly the accelerated development of the Vacaville Autumn Leaves project which is co-sponsored by the California State Grange.

State Lecturer's Report: Brother Runyon has submitted a summary of the Lecturer's Reports for the 4th Quarter of 1985. A comparison beteen the 1984 year and the 1985 year was reviewed. Brother Runyon has submitted a "Proposed Itenerary for Grange Workshops" which he will conduct starting in April 1986. A schedule of approximately 18 workshops has been set, statewide. His first hour would cover Grange programs and second hour would cover resolution writing relating to local issues of the Granges involved. Brother Runyon will be travelling in his motor home. He is working with the Regional Deputies in coordinating dates-timesplaces of these workshops.

Intern Program: At the 1983 Annual Session, policy was adopted to establish a Grange Legislative Intern Program. We have had three individuals inquire about this program and we have chosen a candidate. Peter Winterbottom has been selected as the California State Grange Legislative Intern. He has a BA in agricultural economics and is currently working on his second BA. In lieu of a \$200 stipend, the California State Grange will pay for necessary expenses as well as his monthly city transit expenses (\$30-\$40).

Grangers Business Organization - Roster: Since the last Executive Committee meeting, the situation with the California State Grange roster has taken a new light. The Grangers Business Organization (GBO) has donated the financial support for the printing of the 1986 California State Grange roster. The GBO will pay for the printing of 700 copies of the roster as well as an Epson printer which will be utilized in "typesetting" the roster, not to exceed the \$2,500 donated by the GBO. The roster will be printed by the Galt Herald. In regards to the GBO equity certificates, the State Master and Mr. Koster, President of GBO, have met with Assemblyman Norman Waters' office who will contact legislative counsel.

Ukiah Autumn Leaves, Inc.: The minutes and financial statements of the Ukiah Autumn Leaves, Inc. for the months of September 1985 through December 1985 were reviewed by the Committee.

Brick Mills Studio: The State Master distributed a "proposed letter of introduction" regarding the Christmas and all occasion greeting card program of Brick Mills Studio. Due to the budget concerns, the Committee felt that this letter would be supported by the membership. The Committee took no action at this time and will keep the "proposed letter of introduction" under consideration.

State Secretary's Report: Sister Brown joined the Committee at this time and indicated she had received a telephone call from Sister Ruth Hitt of San Diego County regarding a "conference" they will be having on March 1, 1986. San Diego County would like to have Sister Brown attend the conference and to present a workshop for secretaries. A letter of invitation followed the phone call from Sister Hitt. After full consideration, the Committee voted to deny the request of the payment of airfare to San Diego County for the conference. The Committee felt that due to budgetary constraints, the invitation should be funded by San Diego

County. Sister Brown was instructed to inform Sister Hitt of the Committee's decision.

Sister Brown also reported the Grangers Business Organization has provided the United Parcel Post service to the California State Grange, but will cease this service at the end of this month. Sister Brown explained that the State Grange does send out several large packages. After full consideration, the Committee voted to utilize the United Parcel Post (UPS) system at \$3.25 weekly on a trial basis, at which time Sister Brown would

report back to the Committee.

A membership report was reviewed by the Committee as prepared for the quarter ending December 31, 1985. There are still 19 Grange Quarterly Reports outstanding. With 282 Granges reporting, the membership totals 35,564. Pauma Valley Grange #692 (San Diego County) has surrendered their Charter as of 12/31/85 quarter. Nipomo Galaxy Grange #812 (San Luis Obispo County) has consolidated with Triangle Grange #619. Hinkley Valley Grange is four quarter delinquent. The State Master has been in contact with the Deputy of Mojave Valley, Eugene Runyon, and has mailed a certified letter to the Secretary Portem. An effort will be made to collect the dues for 1985. Del Rosa Grange #711 is considering surrendering their Charter. The State Master has been in contact with the Deputy of San Bernardino County, Brother Herbert Marshall, as well as the Secretary of Del Rosa Grange. Klamath Valley Grange #712 is also in arrears and Deputy Ziegler has been contacted. Stockton Grange #758 is also delinquent and correspondence from Brother Manuel Luis, Deputy State Master, (2/6/86) stated he had talked with the Secretary who reported that the reports had been mailed to the State Grange Office. Round Valley Grange #805 (Mendocino County) has desired to surrender their Charter as reported by the State Master. Two Pomona Granges were reported delinquent.

Grange News - Rates and Programs: Brother Jay Hartz, Editor of the California Grange News, presented an outline of suggested guidelines, requirements, costs and prize(s) for the Booster Barrel Program. A "proposed advertisement rate card" was also reviewed. Brother Hartz would like to have the rate card designed making it attractive to prospective advertisers. These cards would be sent out on a request basis and/or a one-time "advertisers' mailing". Brother Hartz feels that this rate card would secure more advertisers for the Grange News. After full review and discussion, the Committee voted to allow Brother Hartz to proceed with

the Booster Barrel Program and the advertising rate card.

Young Adult Conference/Easter Youth Conference: The State Master reported that the Young Adults Conference would be held in Paradise on February 15-17. Several of the affiliates have donated monies to help defray the cost of the conference. Those who have donated will be attending the conference to make a presentation. The Easter Youth conference at Cal Poly has been set into place by Brother Stefenoni, Youth Director, for the same price as last year. The Committee approved a fee of \$50 per

person as requested by the Director, with the California State Grange subsidizing the additional \$400 as last year. The dates of the conference are March 22 - 25.

Grange Conference Center: We have a mandate which instituted a "Grange Conference Center Fund". The monies contributed to this fund will be used to purchase property and/or facilities to be used as a youth conference center. The State Master will set up an inter-session committee to establish guidelines and seek alternatives to see this project through.

Convention Program Changes: The Committee was instructed to take home last year's convention program, review it and recommend any changes that would be helpful in the flow of the Convention. This item will be further discussed at the next meeting.

Unfinished Business: 1988 National Grange Convention - The State Master reported that there will be a meeting of the 1988 National Grange Convention Committee in early April. This select committee will be comprised of the California State Grange Officers and Directors who will discuss the structure and needs of hosting a National Convention.

Miscellaneous: Sacramento Chamber of Commerce - The State Master, on behalf of the California State Grange, has been asked to join the Sacramento Chamber of Commerce. He has informed the Sacramento Chamber of Commerce that the California State Grange could not join in the Sacramento area, as we would then be requested to join other Chamber of Commerces in California. Legislative Department Tape Request - A written request from the California State Grange Legislative Department regarding the purchasing of a videotape from the Law and Order Campaign was reviewed. The Committee felt that this was a political tape and that the California State Grange could not endorse it. PBC Donation Request - The Publicity Builders Committee (PBC) would again like to sponsor the FFA Ag Mechanics Award Finals which is a \$100 donation. The Committee voted to approve the request. Tour Recording Mandate - At the 1985 Session, policy was adopted regarding tours advertised in the Grange News. The Calfornia State Grange Accounting Department and the House of Travel will devise a mechanism of recording the tour reservations. Joy Beatie - In reference to the "emergency" banner project of the GWA, the monies to be put into a travel fund. A report from the California Grange Insurance Agents Organization (CGIAO) agreed to sponsor the banner project. It was voted by the committee to accept the offer of the CGIAO and that the monies be put into the travel fund for directors to the National Grange Convention.

Salaries: The State Master excused his secretary while the Committee discussed the salaries of the California State Grange employees. It was voted by the Committee that there be no salary increases at the present time for the California State Grange employees. The State Master was instructed to prepare an outline of the duties and qualifications for the staff of the Legislative Department.

Employee Health Plan: Since we are losing two employees out of our

health plan group, the Committee recommended that the State Master seek the best alternatives for a new employee health plan and report back to the Committee at the next meeting.

The meeting adjourned at 6:00 PM. A tentative meeting was scheduled for mid-March. All Committee members will be notified of the definite

date.

Bob Clouse Stephen Tait Joe Victorine

April 15, 1986

Approved 6/10/86 As Clarified

The meeting was called to order at 9:00 AM by the Worthy State Master

David Austin.

Roll Call showed all members present: Bob Clouse, Joe Victorine and Stephen Tait. Also present were Brother William "Bill" Booth, State Grange Overseer, and the State Master's Secretary.

The minutes of the February 11, 1986 meeting were approved as read.

Grangers Buisness Organization (GBO) Building: A letter from Mr. Koster, President of GBO, regarding the subletting of any or all of the GBO building as per the agreement between the California State Grange and the Grangers Business Organization of which requires the approval of the California State Grange was reviewed by the Committee. The Executive Committee would like to have more detail on Page 2, Item 9-B, Paragraph 4 and on Page 3, Item 9-C, Paragraph 7. It was voted by the Committee to allow the subletting agreement and improvements to the Grangers Buisness Organization building upon clarification of the above items and the parking availability. The State Master was instructed to obtain this clarification from GBO.

Financial Report: Sister Pat Meece, Accounting Department, joined the Committee and presented the Balance Sheet, Income Statement and Budget report for 9-months ending March 31, 1986. We do have a cash flow problem, which is not unusual. The State Master mentioned the fact that we had ordered and received another shipment of cookbooks. The Master will send a letter to the cookbook company requesting a modified

installment plan for the payment of cookbooks.

As of April 15, 1986, we have a balance of \$34,186.26 in the revolving account. The outstanding accounts for the month ending March are: National Grange dues (December quarter), Journal of Proceedings, building insurance to GIA and the usual monthly bills totaling \$44,625.21. The cookbook bill received last week for the last shipment of cookbooks for \$16,811.42 should be added to the outstanding bills.

To ease the negative cash flow situation, the liquid account at Sacramento Savings and Loan with a balance of \$10,675.00 was discussed. A suggestion regarding low interest rates and the possibility we could borrow against our account was made. The Committee would like to

think about the alternatives suggested and will make a decision prior to the close of the meeting.

The Deaf Activities Fund has a balance of \$7,892.87. Sister Meece suggests we should consider purchasing hearing dogs from the San Francisco SPCA. For some time now, the Workers Compensation Fund has a balance of \$638. Sister Meece would like to suggest to the CPA putting this amount into the general fund this year. The Committee agreed as long as it is approved by the CPA.

Employee Health Plan: Sister Meece explained the program briefly to the Committee. Jordan Jones administers the program and Trans-pacific Life Insurance underwrites the program. We currently have nine employees (Sacramento Grange Credit Union, GBO and State Grange) on the plan.

Editor-In-Chief: The State Master as the editor-in-chief of the Grange News has been issued two checks, one as State Master salary and one as editor-in-chief fee. Sister Meece suggested writing one check as salary since the California Grange News is now in-house. It will be cost-effective and the distribution will remain the same. Salary will be distributed to the officer's expense account and the editor-in-chief will be distributed to the Grange News expense account. It was voted by the Committee that we move the editor-in-chief fee into the salary column.

California Benefit Life: Mr. Gus Barlas, Barlas and Associates, joined the Committee at this time. He spoke briefly on the previous Blue Shield Group 908 plan as the State Master has received a few phone calls regarding the automatic rollover into the Coronet Major Health Plan. Some members are confused with the rollover and have contacted the State Master for explanation.

Mr. Barlas attended a meeting in Huntington Beach, California, home office of California Benefit Life (skilled nursing plan) recently. He reports that the President of Cal Benefit Life is willing to attend the State Grange Convention to make a presentation and would also like to have a display with information on this plan. Mr. Barlas feels this plan is going to be successful as we have the support of the company's president and his willingness to assist in our endeavors. The Committee feels this plan will greatly benefit our membership. This plan is specifically designed for the California State Grange and all insureds must be Grange members in California. Mr. Barlas will be attending the meeting of the California Grange Insurance Agents Organization next week. He will be presenting this program and educating the agents, who will be selling this plan. The California State Grange has endorsed this program and now it will be presented to the agents.

State Secretary's Report: Sister Brown joined the Committee and reported on her trip to San Diego County to attend the E.T.C. meeting hosted by Rainbow Valley Grange on March 1, 1986. Sister Brown enjoyed her visit to the meeting and stated that the attendance was very high and representation from the surrounding counties was excellent. Brother

Runyan, State Lecturer, and Brother Tait, State Executive Committeeman, were also part of the agenda. Roundtrip airfare for Sister Brown

was provided by San Diego County.

A membership report for the quarter ending December 31, 1985 was presented to the Committee for their review. We had a total membership of 37,430 with 301 Subordinate Granges reporting. This showed a loss of 373 members. The State Master will be contacting the membership director regarding a mailing to all members who withdrew and to all members

who are suspended.

Sister Brown gave the Committee an update on the UPS service we have been utilizing. She reported that this service has been used daily and it is a more convenient and money-saving service than the Post Office (in many cases). The question was brought up whether or not other individuals should be entitled to use this service, as we have had some requests. The Committee felt we should continue to serve affiliates (GBO, Sacramento Grange Credit Union) only. It was voted to open the UPS service to affiliates, business related only, until the end of the next quarter upon reevaluation.

Sister Brown reported that 458 Journal of Proceedings were mailed out on March 27, 1986, bulk rate. A total of 1,062 rosters have been received. After reviewing several mailing alternatives, the Committee voted to mail the 1986 Rosters by third-class mail (\$1.38 doubles \times 349 rosters and \$.98 singles \times 120 rosters).

The Committee recessed for lunch.

Quarterly Membership Dues (National Master's Letter): The State Master has received a letter from the National Master regarding California's dues to National. It was noted in the letter that the December quarterly payment was due and our Charter might be threatened if we

did not clear it up.

Rainbow Valley Grange Request (Feb/Mar Exec Minutes): Sister Hitt of Rainbow Valley Grange has requested in a written note to Sister Marjorie Brown on February 20, 1986, the Executive Committee minutes from October 1985 to date. The State Master sent Sister Hitt a copy of each set of minutes to accommodate her request with the exception of February as they have not been approved yet and stressed the confidentiality of these minutes. A copy was also sent to the Deputy State Master and Regional Deputy.

Ukiah Autumn Leaves, Inc.: The Ukiah Autumn Leaves, Inc. minutes and financial statements for the months of January 1986 and February

1986 were reviewed by the Committee.

Publicity Builders Committee: The Publicity Builders Committee has requested two \$100 donations. One for Californian's Against Waste and one to the Animal Welfare Coalition. Sister Naomi Fletcher accommodated the Committee's request of an explanation regarding the Animal Welfare Coalition donation. It was voted by the Committee to allow the PBC's request of two \$100 donations to the above mentioned.

Grange News Update: Brother Jay Hartz joined the Committee and presented an update regarding the Grange News operation. With the unforeseen increase in postage (\$600 per issue), the California State Grange needs to look at a way to negate the effect on this year's budget. After discussing a few alternatives, the Committee voted to cut two of the issues of the Grange News and combine the May/June and Oct/Nov issues. Brother Hartz has been instructed to do this and publish the reason why the Committee had to make this decision in the May/June issue.

Easter Youth Conference: The State Master reported that the conference was very positive and motivated. There were several new participants this year which is very encouraging. Brother Tom Stefenoni will have details in the California Grange News.

1988 National Grange Convention Committee Update: The State Master reported on the recent meeting of the 1988 National Convention Committee. All the California State Grange Directors, the affected State Officers, the Shasta County Deputy and the Shasta County Pomona Master were invited to attend this important planning meeting. The Committee discussed the structure and flow of command of the State Committee. There is not a chairman selected in the Redding area as of yet. The State Directors were instructed to contact their National Grange counterparts to see what is required of each department in hosting the National Convention. We also talked about possible fund-raisers as well as the current fund-raiser (GWA tablecloth raffle). These tickets have been distributed to the GWA Regional Directors only. The State Master questioned why the tickets were not distributed to all the Granges as were the beef tickets for the Youth Department. It was voted by the Committee to coordinate the ticket distribution as we did with the Youth raffle of beef tickets, 10 tickets per Grange with all monies returned to the State Grange Office. The next meeting of the National Convention Committee will be July 12, 1986 at the State Grange Office An invitation will be sent to Shasta County counterparts.

1986 CSG Convention (Bakersfield) Update: The State Master reported on his recent trip to Bakersfield (after leaving San Luis Obispo) to meet with the local Convention Bureau and the Kern County Grangers to make arrangements for the 1986 State Grange Convention. He also visited several motel properties to obtain rate schedules for possible headquarters designation. After discussing the various properties and rates, the Committee left the decision of the headquarters motel up to the State Master's discretion, as long as it is in line with our budget.

Convention Program Changes: Brother Victorine suggested that we have the degrees exemplified on Wednesday thus allowing those members who come for the degrees to take advantage of the opportunity to attend the Convention an extra day. Also, we should process resolutions on Thursday and have Thursday's program (1:30 to 4:00) on Friday instead, Talent Night on Thursday night and the memorial service could be held on Friday. Another suggestion was to bring the heavy committees in on

Sunday and have resolutions ready to process on Tuesday morning and hold the presentations on Friday. These suggestions and others will be considered when drafting the program for the 1986 Convention.

Alderpoint Grange #516: The State Master, Brother Bob Clouse and possibly Brother and Sister Hill will be traveling to Alderpoint Grange on April 18/19 to discuss their situation of transferring title on land and improvements. The State Master has been working with Sister Pearl Zeck, Deputy, on this matter. The possibility of presenting the Zenia Junior

Grange Charter might also be undertaken.

Unfinished Business - Legislative Department Duties/Qualifications: Sister Naomi Fletcher has submitted her qualifications and duties as requested by the State Master and Executive Committee. Upon reviewing the qualifications and duties of the legislative department, the Committee voted to increase the \$926.60 monthly salary of employee Naomi Flecther by 8% for additional duties in the Legislative Department. The State Master will inform the bookkeeper.

Miscellaneous - National Grange Membership Development and National Grange Outline Display Kit Questionnaire: The State Master has received two questionnaires from the National Grange Master regarding membership development and the possible purchase of a portable display

kit. Both questionnaires were sent to all State Masters.

Grange Conference Center: Brother Bill Booth presented the Committee with two communications regarding two land parcels. Brother Booth presented these as possible sites for the Grange Conference Center. One was located near Forbestown and the other near Clipper Mills. Brother Clouse also mentioned that there was a piece of property in the Sly Park area of El Dorado County that is a possibility. These items will be referred to the Grange Conference Center Committee.

After thorough discussion, it was voted by the Committee to liquidate the only contingency fund of \$10,000 to be used to maintain a necessary cash flow for the California State Grange operation. The State Master will inform the bookkeeper. It was recommended by the Committee to have the unclaimed Workers Compensation Fund of previous years be given consideration by the CPA and Accounting Department. This could be accomplished at the time of the 1985 audit.

The meeting adjourned at 4:50PM. The next meeting of the Executive Committee is scheduled for June 10, 1986 at 9:00 AM.

Bob Clouse Joe Victorine Stephen Tait

June 10, 1986

Approved 8/22/86 As clarified

The meeting was called to order at 9:10 AM by the Worthy State Master

David Austin.

Roll Call showed all members present with Brother Tait on his way. The minutes of April 15, 1986 meeting were approved as clarified.

Ukiah Autumn Leaves, Inc.: The minutes and financial statements for the months of April 1986 and May 1986 were reveiwed. The State Master's office received a letter from the Aetna Insurance Company that the certificate of liability coverage for Ukiah Autumn Leaves, Inc. has been cancelled. The Committee instructed the State Master to contact Ukiah Autumn Leaves, Inc. requesting the current status of their liability coverage.

State Lecturer's Quarterly Report Summary/Workshop Update: A summary of the Quarterly Reports for the Pomona and Subordinate Granges for the first quarter was reviewed. The Committee recognized the fact that there were less Subordinate/Pomona Lecturer Quarterly Reports received than in previous years. The Committee is very pleased with these reports received from the State Lecturer. An update of the Grange Workshops conducted by Brother Runyon was also reviewed. There were 18 workshops conducted across the state. Of the 301 Subordinate Granges listed in the Roster, 111 were represented with 511 Grange members and 9 non-members in attendance. Comments after the program indicated that they were beneficial and that a lot of new and worthwhile information was presented. The Committee felt that Brother Runyon presented a very composite picture on his workshop report.

CSG Convention - Headquarters Motel Decision: The Master stated that the Hill House-Vagabond Inn and the Kern River Motor Inn have both been designated as headquarters motels. The Hill House will house the State Officers, Directors, Regional GWA and Regional Deputies as well as guests and staff. The Kern River Motor Inn will house the Deputy State Masters. The California State Grange has blocked 50 rooms at each property.

Financial Report/1985 Audit Proposal(s): A Balance Sheet Income Statement and Budget Report for 10 months ended April 30, 1986 were reviewed and discussed by the Committee.

The State Master reported that a \$350 check marked "non-sufficient funds" with a \$3.00 fee attached had been received from the bank. This check was written for seven El Dorado County Youth registration fees for the Easter Youth Conference. The Committee instructed the State Master to contact Sister Dahlgren in order to rectify this matter quickly.

An audit proposal was received from Mr. Gregory Burbage, CPA, to be considered for the 1985 California State Grange audit. Mr. Bob Neves was also asked to submit a proposal for the audit, however; Mr. Neves called the State Master and stated he was too busy this year to be considered and thanked the California State Grange for requesting a proposal. The Master asked the Committee if we should obtain another proposal or if we should accept the one submitted by Mr. Burbage at \$3,000. It was voted by the Committee to accept the audit proposal submitted by

Mr. Gregory Burbage as it was in line with last year.

State Secretary's Report/UPS Update: Sister Brown joined the Committee at this time and presented the Committee with a Membership Report for the Quarter ending March 31, 1986. Membership total reported to the National Grange was 37,146 with 300 Subordinate Granges reporting. This showed a loss of 284 members for the quarter. Sister Brown pointed out the high withdrawal figure. Also included in the report were the Granges who are delinquent in reporting to the State Secretary: Hinkley Valley Grange #674 (5 quarters), Klamath Valley Grange #712 (7 quarters), Round Valley Grange #805 (5 quarters), and Hopeton Grange #760 (1 quarter delinquent in reporting and 4 quarters delinquent with dues). Hinkley Valley Grange was sent a certified letter from the Master's office and as yet, no response. The Master will be sending a letter to all the members of Hinkley Valley Grange and will be working with the Deputy on this matter.

Sister Brown reported that the Quarterly Report forms have been assembled together from 1946-1984 and all have been put into individual files by Grange name and number, thus making it easier to locate past

membership.

The GWA raffle is moving along and \$917 has been received since the

raffle began.

The Computer Print-outs were mailed out in May and are coming in continually from the secretaries who are to update the membership rolls.

The UPS service is still working fine and is a very convenient costeffective method of mailing packages.

The Committee recessed for a lunch break.

Scholarships: The Committee reviewed the scores and applications of the scholarship participants. This year it had been approved to award four Doris Deaver Scholarships, one Peter Marinoff Agency Scholarship and two Peter Marinoff Memorial Scholarships. The scholarships had been judeged in late May at the California State Grange headquarters. After considerable discussion, the Committee voted to amend the scholarship qualifications for future applicants that winners may not win the Peter Marinoff Agency or Peter Marinoff Memorial scholarships more than once.

Gladys True Photo/Wisteria Hall: Sister Joy Beatie has submitted a photo of Past CWA Director Gladys True to the State Grange and would like to see it displayed in Wisteria Hall. Sister Mabel Glenn and Brother George Sehlmeyer have their pictures hanging because they dedicated the building. It was voted by the Committee to proceed with allowing the Past State GWA Chairmen's pictures to hang in Wisteria Hall with a nameplate below each picture saying "Director of Women's Activities Department" and the years. The frame not to exceed an 8" × 10".

Janesville Grange/Alderpoint Grange/Zenia Junior Grange Update: Janesville Grange has voted to surrender their Charter and has notified the State Office. A blanket demit will be issued from the Master's Office.

The State Master and Brother Clouse visited Alderpoint Grange in mid-April. The Master shared photos taken of Alderpoint during his visit. The hall is very run-down. The State Master gave Alderpoint Grange permission to follow Grange procedure in the selling of their hall. The hall is going to be sold for \$5,000 over a 5-year period. If it is done properly by Grange Law, then the California State Grange will support their efforts.

Zenia Junior Grange was also visited. The Charter and the check from National was presented to the Junior Grange by the State Director of Junior Grange Activities and the State Master. Brother Clouse asked what would be wrong with the Calfornia State Grange supplying a small flag for all the newly organized Junior Granges or reorganized Junior Granges. The GWA donates the bible to the Junior Grange, National donates \$20 and the organizing Subordinate Grange donates \$5.00. This would allow the State Grange to do something long-lasting. The Committee voted to have the California State Grange supply a small American Flag to newly organized and reorganized Junior Granges for the 1986 year. The State Master was directed to obtain estimates on the flags.

Western Gas and Oil Association (re: Corpus Christi): The American Petroleum Institute (API) co-sponsored by ARCO hosted an off-shore tour of the Gulf of Mexico. All expenses were paid by the Irvin Hampton Company, public relations representative for API. There were about 7 or 8 State Masters as well as the Master of the National Grange and several ag leaders from across the nation. The issue of off-shore exploration and pro-

Membership: The membership department will start compiling information obtained from the "Suspension/Withdrawal" letters sent out by the State Master and the State Membership Director. Also, the Deputy Field Evaluation Reports will be compiled and a summary made. The State Master suggested that maybe next year we could give a "Most Improved Grange" award or a "Most Improved Deputy Jurisdiction" award.

duction was highlighted.

GWA Tickets (Postal Inspector)/GWA Breakfast: The Master received a phone call from the Sacramento Main Post Office as well as a letter from the Regional Chief Postal Inspector regarding our recent mailing of the "GWA Raffle" tickets. The phone call and letter stated that the California State Grange was in violation of the Postal Lottery Statute. Our mailing was considered a "lottery", therefore; we are in violation. We promised the postal service to discontinue the practice. The Committee voted to approve the request submitted by the GWA Director regarding the GWA Breakfast for the 1986 Convention. Sister Beatie requested that the breakfast ticket sales be open for anyone to attend on a first-come, first-served basis.

JC Penney - Quilt Demonstration: The JC Penney Company (Sacramento region) had approached the State Grange GWA for help in assembling quilt blocks commemorating the 100th Anniversary of the Statue of Liberty. The blocks were made through a contest sponsored by the National JC Penney Company. The completed quilt (by the

Sacramento GWA) was displayed in the area's JC Penney stores. A quilting demonstration was also conducted while the quilt was on display. The quilt will be hung in a Sacramento museum with a plaque and the State Grange's name on it.

PBC Donations - Recording Method: It has been requested to the State Master to record the Publicity Builders Committee donations in the Journal of Proceedings as follows: 1) Granges, 2) Grange members and, 3) organizations and corporations. This request will be kept under consideration.

Salaries - Officers (review): As per the 1985 Good of the Order Committee mandate, the State Master and Executive Committee are to review the compensation of all State Grange officers with the results being submitted by the Executive Committee to the 1986 Delegate Body in the form of a resolution.

Officers Badges: The State Master shared some samples of badges that could possible by used for our State Officers. The Committee agreed that the office, year and title should be on the badges. Brother Clouse will check into prices from a local source and report back to the State Master. The State Master will be sending out a letter to the State Officers with a copy and refer to the resolution.

Brick Mills Studio: The State Master distributed a "proposed" letter regarding the Brick Mills Studio card program. The Committee reviewed the letter and made a few minor corrections. After full consideration, the Committee voted to have the State Master sign an agreement with Brick Mills Studio, Inc. in accordance with options as outlined in our letter. The State Grange will mail out the "proposed (option)" letter under the California State Grange letterhead.

Unfinished Business: GBO Subletting Agreement Update: The letter sent to the Grangers Business Organization was reviewed. The State Master received a response from Mr. Koster, President, regarding our letter. The State Master would like to send another letter to Mr. Koster to clarify the eight parking spaces adjacent to the building. Granger Action Plan (GAP): The Grangers Action Plan is in full swing. The first "GAP" to go out was regarding the issue SB 1542 - Blood: Parental Donations. It worked very successful thus far. Oregon/Washington State Grange Conventions: Brother and Sister Beatie will be the official California State Grange representatives to these conventions. They will spend two days at each session as they are running separate weeks this year. Grange Camp Letter: The Master discussed the "camp letter" with the Committee. The cost of camp this year will be \$50 per person, pre-paid and \$45 per person for kids under 6 years of age. This letter will be sent to all Granges as well as printed in the Grange News. The Committee would like to know how the Youth Director arrived at the figure of \$50. Committee on Affiliates: The Committee on Affiliates met in April. The purpose of this Committee is to design a policy manual outlining benefits and services the Grange has to offer. They will be meeting again on Saturday, June 14, 1986 and they

have invited GBO representatives to attend to discuss their benefit. All affiliates will eventually be invited to attend. Junior Grange Deputy: The State Master presented the "Junior Grange Deputy" concept to the Committee. He suggested that possibly the Deputies' spouse could be appointed as the Junior Grange Deputy. Brother Clouse stated that he would be reluctant to calling them a "Junior Grange Deputy", he would like to proceed with this very cautiously. The Committee suggested that the Master should appoint only the Deputy's spouse and in the case of an unmarried Deputy, we could appoint the Pomona Master's spouse. The word "coordinator" was recommended. The Committee agrees with the concept, but we should proceed cautiously. Junior Grange Director, Carolyn Hill, suggested more than a regional concept. More consideration on this matter will be discussed at a later time. Western Leaders Conference: This year the conference will be held in Boise, Idaho on August 1-3. The State Master was directed to formulate a list of attendees representing California and to check into traveling methods. Grange Day: Grange Day at the California State Fair is scheduled for Satuday, August 23, 1986. The Youth Department will probably be doing the cooking for this event. The State Master will be in contact with the State Fair regarding other details.

The State Master's Secretary was excused while the Committee discussed

salaries for staff.

Salaries - Staff: The State Master recommended a 3% cost-of-living salary increase effective July 1, 1986 for all staff, except Naomi Fletcher (reference 4/15/86 minutes), resulting in a 1.5% for the calendar year. The State Master was reminded of an earlier motion denying any salary increases for the year. Request denied.

The Meeting adjourned at 4:45PM. The next meeting is scheduled for August 22, 1986.

Bob Clouse Joe Victorine Stephen Tait

August 22, 1986

Approved 10-20-86

The meeting was called to order at 9:15 AM by the Worthy State Master David Austin.

Roll Call showed all members present with the exception of Brother Stephen Tait. Brother Tait was unable to attend due to the illness of Sister Tait.

The minutes of the June 10, 1986 meeting were approved as clarified.

Ukiah Autumn Leaves, Inc. The financial statement and minutes of Ukiah Autumn Leaves, Inc. for the month of May 1986 were reviewed by the Committee. A copy of the liability insurance coverage for Ukiah Autumn Leaves, Inc. has been received as requested by the Executive Committee at their last meeting. The State Master was directed to request

that the California State Grange be named as additional insured on the liability coverage.

Vacaville Autumn Leaves: A copy of a letter from the U.S. Department of H.U.D. was received regarding the Vacaville Autumn Leaves project and was discussed by the Committee. The State Master stated that everything was moving along smoothly despite some "roadblocks." The Committee suggested that the minutes from the meetings of the Vacaville Autumn Leaves Board be sent to the California State Grange as does the Ukiah Autumn Leaves, Inc.

Financial Report: Sister Pat Meece joined the Committee at this time. A Balance Sheet, Income Statement and Budget Report for 11 months ending May 31, 1986 were reviewed by the Committee. Sister Meece explained that the figures for the end of the fiscal year have been released to the auditor and should be near completion. She also stated that we have \$16,263.60 in the Revolving Fund.

Health Plan - Employee: The State Master and Sister Meece met with Dale Waters, insurance representative, who explained the new employee health plan. We now have a Blue Shield plan with no increase in premium.

GWA Fiscal Year Report: The Grange Women's Activities financial reports were presented to the Committee from Sister Joy Beatie, Director. After full review, the Committee directed the State Master to ask Sister

Joy to provide more details of the miscellaneous fund balance.

State Secretary's Report: Sister Marjorie Brown joined the Committee and presented the membership report. Membership reported to the National Grange for the June 30, 1986 quarter was 36,228 with 295 Subordinate Granges reporting. This showed a loss of 918 members for the quarter and 1,489 for the year. A memo from the State Secretary's office to the State Master (7/25/86) regarding the Pomona, Subordinate and Junior Granges who are delinquent more than two quarters was also presented to the Committee for their review. There are a total of eleven Granges who are delinquent two or more quarters and there were five Subordinate Granges lost due to consolidation as of the June 30, 1986 quarter. After discussion of Lassen Pomona Grange #11 and the consolidation of Janesville Grange #434, the State Master instructed the State Secretary to prepare the paperwork for the revoking of the Lassen Pomona Grange's Charter.

A status report regarding Fall River Grange's Trust Account and property was discussed. Attorney Boyd will be advising. The Committee suggested that all trust accounts be included in the Master's Address to the

delegates.

Jim Smith - Endowment Plan: Brother Jim Smith, Grange Mutual Life representative, joined the Committee to present a proposed endowment plan. This endowment plan is a way to set up a fund (for specified purposes) to help perpetuate the Grange. With this plan, cash flow can be

established as cash value provides an immediate loan fund (at favorable market interest rates). The general public can participate and the gift is tax deductible. After full explanation and discussion of the plan, the Committee voted to proceed. The State Master was directed to contact the Secretary of State's office to receive direction regarding the accounting procedure as it relates to our non-profit status and more information regarding a "Grange Foundation."

The Committee recessed for a lunch break.

Western Leaders Update: The State Master gave a brief update on the recent Western Leaders Conference held in Boise, Idaho. Sister Naomi Fletcher and Sister Darcy Andrews won first place in the Sign-A-Song (team) contest and will be going to the National Session. Sister Dorothy Andrews placed second in the Sign-A-Song (individual) contest. Sister Racine Dahlgren placed second in the speech contest, and Sister Lillian Booth requested to be absent due to her pregnancy. The State Master commented that this conference could have been more motivational, however; everyone received something positive. The National Grange would like to modify the Western States Conference to provide four or five conferences in each state. The "Youth" program and the contests would remain with the same format.

Card Program Update: The Christmas Card program was in the mail to 25,475 families. Western Data Company was contracted to print, stuff, label and deliver the letters to the Post Office. A net income to the California State Grange general fund is projected at \$40-60,000, reducing the need to support a per capita raise.

Cotton Incorporated Meeting Update: The State Master reported to the Committee that he had attended the 1987 Plan/Budget meeting of the Cotton Incorporated in Dallas, Texas, August 13/14 as he would also be attending a family reunion that weekend. The State Master had a positive verbal response from the National Grange indicating a likeness to share in the expenses to this meeting as the organization would benefit in many ways. The cost totalling \$499 (\$399 airfare and 2 nights @ \$80). While the State Master was in Boise, a letter was received stating that the National Grange had decided not to share in the expenses. After full consideration, the Committee voted to allow the State Master \$300 for his recent trip and he would reimburse the State Grange the balance.

Committee on Affiliates: The Committee on Affiliates meeting today, has invited the affiliates to present their "product(s)" and how it will benefit Grange members. The Committee on Affiliates will be forming a "manual of benefits" and distribution will be based on the most cost-effective means. A summary of their endeavors will be presented at the Convention.

Grange Camp Update: Brother Tom Stefenoni, Youth Director, joined the Committee at this time. A brief update on Grange Camp was given. There was a "compact" turnout this year. A lot of work was accomplish-

ed. The State Master asked the Youth Director to make recommendations

for improving camp attendance.

Youth Department Fundraisers: Brother Tom Stefenoni, Youth Director, proposed a few new fundraiser ideas to the Committee from the Youth Department. This year, the Youth would like to sell binders at the Convention for resolutions at \$2.50 each. They would also like permission to sell coffee mugs with the Grange logo imprinted on them for \$5.00 each and buttons with the message "I Love The Grange" imprinted on them which sell for \$1.00 each. After discussion, the Committee voted to accept the Youth Department's fundraisers as presented.

National Convention (Madison, Wis.) Attendees: Information is being requested regarding the National Grange Convention in Madison, Wisconsin. The Committee voted to wait on the discussion of the at-

tendees to the National Grange Convention.

Lecturer's Report: Brother Eugene Runyon submitted information from the second quarter reports from the Lecturers. The number of reports received were less in this quarter than in the first quarter. An itemization of communications was also reviewed.

California Chamber of Commerce Request: The California Chamber of Commerce is joining with small industry associations to establish a coalition to assist small businesses in the area of toxics laws and environmental regulations. They would like the California State Grange to join in this effort by contributing \$1,000. The State Master suggested that we send them \$100 out of the Publicity Builders Committee's fund at let them know we would like to assist with anything we can, but we cannot send \$1,000. It was voted by the Committee to forward this request to the PBC for their direction with this donation.

Publicity Builders Committee Request: A request by the PBC to follow through on the resolution N-4-85 "Be American, Buy American" with a bumper sticker with the message "Save Our Farmers, Buy American" which would be modified to include the Grange emblem and would sell for \$1.00 each was reviewed. The Committee voted to allow the PBC to proceed with the bumper sticker project and request that they sell them for \$.50 rather than \$1.00 as requested.

Legislative Department Request: The Legislative Department has requested participation in two upcoming seminars: (1) a seminar on Proposition 51 "Tort Reform Coalition Summit '86" which will be held September 9 in Sacramento, and (2) a seminar on "The Politics of Water -1987 and Beyond" is being conducted on September 4 in Fresno. The Committee voted to leave the decision to the discretion of the Master. He will inform the Legislative Department of the decision.

Pat Meece Request: A written request addressed to the Executive Committee regarding the use of sick leave instead of vacation time for time off recently taken to care for her husband during his recent heart attack and surgeries was reviewed by the Committee. After consideration, the Committee voted to approve the request as submitted by Sister Meece. The

State Master stated that he had another employee who was in the same position earlier this year and he denied their request. Brother Clouse stated that we could be in trouble with the Labor Commission if that employee were to pursue the denial. The Master was instructed to offer the same approval to the other employee.

Executive Committee Resolutions: Five proposed resolutions were discussed by the Committee: (1) Code Book Reward, (2) Holding Two Offices, (3) Associate Membership, (4) Delinquent Members and (5) Affiliate Members. These approved resolutions will be submitted at the 1986 Con-

vention in Bakersfield.

The meeting adjourned at 5:20PM. The next meeting of the Executive Committee is scheduled for October 20, 1986 at the Bakersfield convention, the day before the Annual Session as required by Grange Law. (The foregoing minutes are to be approved and signed at the October 20 meeting in Bakersfield.)

CALIFORNIA STATE GRANGE FINANCIAL STATEMENTS

Fiscal Year Ended June 30, 1986

Gregory M. Burbage Certified Public Accountant

Executive Committee California State Grange 2101 Stockton Blvd. Sacramento, CA 95817

I have examined the balance sheet of the California State Grange as of June 30, 1986, and the related statement of revenue, expenses and changes in fund balance, and the statement of changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of accounting records and such other auditing procedures as I considered necessary in the circumstances.

In my opinion, the aforementioned financial statements present fairly the financial position of the California State Grange at June 30, 1986, and the results of its operations and changes in financial position of the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
The California State Grange was incorporated October 7, 1946,
under the laws of the State of California.

The following is a summary of significant accounting policies:

- (a) Assets, liabilities, income, and expenses are recorded on the accrual basis of accounting. The company uses the same basis of accounting for income tax purposes.
- (b) Inventory is valued at cost.

Accrued expenses

(c) Propoerty and equipment are stated at cost except for \$10,681 of office furniture and equipment for which a no cost basis has been maintained. This amount was derived from personal property tax statements. Accumulated depreciation was established to represent the difference between the stated and assessed values of \$5,297. It is the policy of the company to provide for depreciation over the estimated useful lives of the assets using the straight-line method. The estimated lives range from 4 to 50 years.

For assets acquired after December 31, 1980, the company adopted the policy of conforming to the accelerated cost recovery system under the Economic Recovery Tax Act of 1981 of determining the recovery deduction for personal property only.

Maintenance and repairs are charged to expense as incurred. Renewals and betterments which extend the useful lives of assets are capitalized.

(d) The California State Grange is exempt from income taxes under Section 501(c)8 of the Internal Revenue Code and 23701(g) of the California Revenue and Taxation Code. The organization has also filed exempt organization business income tax returns for net income of non-exempt activities.

NOTE 2: LEASE COMMITMENTS

The company is obligated under a long-term lease for its mailing system. The lease has an original term of five years expiring January 28, 1989. The monthly payment under the lease is \$386, and at June 30, 1986, the remaining lease commitment totaled \$11,966.

NOTE 3: DEFERRED INCOME

Deferred income consists of the following:

Advance advertising revenue	\$4,395
Rental collection	100
	\$4,495

NOTE 4: CONTRACTS PAYABLE

Contracts payable, net of deferred interest, as of June 30, 1986, are summarized as follows:

LECTURER'S ANNUAL REPORT

Dear Worthy Master, State Officers, Delegates, Members and Friends:

This past year has been an interesting adventure for the Runyons. We started it by attending National Convention in Eugene, Oregon where we saw the California Talent entry, Taft and Freeman from Anderson Grange, capture first place in the Instrumental Division. We witnessed the awarding of a 2nd place ribbon to Katie Couch, San Jose Grange, for her Banner. In Color Photography a 3rd place to Leonard Thurner of Sebastopol Grange and in Black and White a 2nd place to Diane Critchfield, Rubidoux Grange and a 3rd place to Marie Mickey of Lompoc Grange. The climax of the 1985 National Convention for me was receiving an Honorable Mention in the Award of Merit Program and being appointed to the National Lecturer's Advisory Committee.

During this past Grange year, Juanita and I conducted 21 workshops across the State of California. We traveled over 3,000 miles through rain, snow ice and wind. We parked overnight beside many proud Grange halls, ate numerous pot luck dinners and visited with over 600 Grangers from 112 Granges. In addition to the State-wide workshops, we did several Lecturer's Conferences for individual areas.

In August we attended the Western Leadership Conference in Boise, Idaho, again receiving some very valuable information and having our enthusiasm given a boost. I thank the Executive Committee for allowing me to attend.

Lecturer's Contest entries have improved in some areas this year. A Complete Program had 2 entries from the 48 Pomona Lecturers and 5 entries from the 295 Subordinate Lecturers. Sad when you realize this contest is open to all Grangers. The Grange Yearbook Contest had 2 entries from Pomona and 7 Subordinate entries. Recognition Award Reports were filed by 7 Pomona Lecturers and 38 Subordinate Lecturers. In the Art and Photo Contest we had more entries but fewer people involved. Pre-registration of 47 people with 126 entries. Our Talent entries remain the same, 6. For some reason local Lecturers are not promoting the various contests and without their support and promotion we do not get the entries.

Quarterly reports continue to be lacking. Only one third of the Pomona Lecturers and less than one quarter of the Subordinate Lecturers submit reports. Without these reports we can not begin to tell how effective our programs are and if any of the material we furnish to the Lecturers is used. Are we just spinning our wheels? I think not. I know there are many Lecturers in the State who continue to do an excellent job and to several of these will be given the Award of Excellence from the National Grange: Dora Mallow, Siskiyou Pomona; Diane Lucido, Shasta Pomona; Barbara Wells, South Humboldt Pomona; Ruby Evans, Lake Earl Grange; Charlotte Brundage, Yucaipa Valley Grange; and Vesta Gold, Waterford Grange. This year "Lecturer of the Year" is awarded to Lorena Wasley of Banner Grange.

To Naomi Fletcher I want to give a special thanks. Not only did she do an excellent job as Community Service Chairman but she continues to act as my production staff in Sacramento. Without her efforts and labor, Lecturers materials would not be received in such a timely manner.

To my wife, Juanita, goes my gratitude and love, for all her support

and just being there when I need someone to listen.

To you, the members, who have supported me this past year with your letters, phone calls, comments and friendships I say Thanks. Without your concern and love I could never function. God bless you all.

Fraternally Eugene F. Runyon, Lecturer

CREDENTIAL COMMITTEE REPORT

Worthy Master:

First I want to say thank you for the privilege of working on this committee and the committee you appointed to serve with me. They are Mary Wendt, Carol Marques, Evelyn Campbell and Junia Niesen. I want to thank them publicly for their cooperation and help. I think we made a great team!

MEMBERSHIP COORDINATOR - 1986

Worthy State Master, State Officers, Delegates and Members:

It gives me great pleasure to report that the membership losses this year were only 1489 members, that was 1000 less than last year. This is the smallest loss that we have had in several years. If we can keep this trend up we can show a membership gain in 1988 when we host the National Grange in Redding.

I would like to congratulate everyone that has worked on membership this year, with your efforts we have 84 Granges that had a net gain and 20 Granges had a 10 to 24 percent gain. All of these Granges will be

recognized at this session.

What has the Grange and its growth got to do with preserving the institutions, which make possible all that is great and good within our system? Well, it has a great deal more to do with it than we will ever know. The Grange is throroughly American - thoroughly a part of our system of voluntary organizations that contribute so much to democracy. It is a tool that we must strengthen by building together - The Grange is an ideal vehicle for working together; a tool in our hands, a tool to be used - alone we can do little; together we can do much. There is no organization like it! Together, let's build it. For together we can.

I would like to take this opportunity to thank each Membership Chairman for their leadership, strength and courage in developing a program

which meets the needs of their Grange.

We have the tools to work with so let's use them. We have the Welcome Packet provided by the State Office, The Growing for the Future Kit from the National Grange and the \$6.50 program for recruiting new members. Don't forget the Buddy system, it is very important when we take in new members. Make them feel like they are part of the Grange, not an outsider.

With determination and a positive attitude on your part, your Grange

will be successful in your membership programs.

Thank you for allowing me to play a part in the future of the finest organization in the World.

Respectifully Submitted John Espinola

WOMEN'S ACTIVITIES REPORT - 1986

Worthy Master, Visiting Dignitaries, State Officers, Brothers and Sisters: During the past year approximately 225 Granges supported the State and National Deaf Project. We still collect used batteries and hearing aids.

We also collected and gave to Service Clubs, approximately 3090 used

In the CARE project we in California have donated \$1,932.44 for Water Is Life in Indonesia. We set a goal of a Water Syster of \$1,855.00.

so we met our goal.

In the National Sewing Contest, Jeanie Barone, San Jose Grange member, won third place in Class C at National Judging. She also won Best of Show for the best garment at the State level of judging. San Jose Grange earned a \$25.00 cash award for having the most sewing entries per capita. Wyandotte Grange earned \$25.00 for having the most entries over-all, thanks to all, we had an increase in sewing entries for 1986.

In 1985 National Grange Needlework Contest, Thelma Buhler, a Prunedale Grange member, won third place in Class A, at National Judging and Hazel Lynch, Ripon Grange member, won third place in Class E. 6041 toys were made in California this year to be given to Children's

Hospitals, Children's Homes, Special Schools and 10% of all our toys are given to McDonald Houses throughout California for their worthy project. \$25.00 cash award was given to Evelyn Ruckman, Morgan Hill member, for having made 517 toys. Morgan Hill GWA was given \$25.00 for having made 962 toys.

In the National Grange Quilt Contest we had a number of entries. Marinoff Insurance funds cash for 1st, 2nd and 3rd place prizes in each class. Thanks to Marinoff Insurance.

Winners of our Recognition Notebooks are: Pomona, 1st - Thelma Meyer, Shasta Pomona; 2nd - Vesta Gold, Stanislaus-Tuolumne Pomona; 3rd - Jean McNary, Fresno-Madera Pomona.

Subordinate Notebook winners were: 1st - Esther Russell, Rainbow Valley Grange; 2nd - Charlene Stone, Montgomery Grange; 3rd - Eve Erickson, San Jose Grange.

In 1985 winners at the National level of judging were Thelma Meyer, Shasta Pomona a Second; and Charlene Stone, Montgomery Grange, an Eighth Place. We are very proud of these Chairmen.

In 1986, 123 GWA's earned their Seal of Merit. Let's try to have an increase next year.

Approximately \$2300.00 were sent to one of our projects, Meals for Millions.

We sponsor contests for Junior and Youth Grangers; California Young Homemakers and also fund a GWA Marinoff Memorial Scholarship each year. We give a Bible to newly organized Granges in California.

In 1985 our Golden Quill winner, Charlotte Caldwell of Montgomery Grange, won Third at National Grange Judging. Our winners this year were: Legislative - Mary Victorine, Tulelake Grange: Community - Rita Moore, Concow Grange. Best of luck at National Judging Mary and Rita.

Approximately \$1700.00 was donated to our Statue of Liberty project.

We will be drawing for the winner of the Embroidered Linen Tablecloth on Friday evening. Be sure you buy your tickets before that time. Funds to be for hosting the 1988 National Convention.

Since August 1985, when our first cookbook was sold, we have made a profit of approximately \$16,500.00 from the cookbook sales. We are happy about that, but have a number of boxes here at Convention for the delegates to take home with them to sell, thus saving shipping costs. Whenever you have any public activity be sure to have your cookbooks on display as they sell themselves.

The Women's Breakfast will be Friday morning at 7 a.m. at Maitia's Basque Restaurant, 3535 Union Ave. It will be served Buffet at \$6.50 per plate. Tickets are on sale in the lobby, be sure to buy your today, as we must give our guarantee this morning and the space is limited.

Since our last Convention, Virginia Davis, Region 8 GWA Director

resigned and Marilyn Fricke has been appointed.

Many thanks to all the GWA's and Granges for their suport of our National and State Projects and Programs.

A special thanks to all the Regional GWA Directors and spouses for all their assistance, encouragement and support during the past year.

May each GWA and Grange have a successful 1987 Grange Year.

Respectfully Submitted Joy Beatie, State GWA Director

DIRECTOR OF YOUTH ACTIVITIES - 1986

Worthy Master, Worthy State Officers, Honored Guest, Brothers and Sisters:

Last year, when I reported to you at our Annual Session, I spoke of a year of "firsts" for the Youth Department of the California State Grange and its Director. As I come before you this year, it appears that we have, once again, experienced a year of firsts. The first time Martha and I directed Easter Conference and served as Directors for this year's summer camp at Bucks Lake. I hope that each year our involvement with the Grange will continue to present us with "firsts".

Our year actually began in November at the National Session in Eugene, Oregon, where our Sign-A-Song contestants Naomi Fletcher and Darcy Andrews won first place and our Outstanding Young Couple Bill and Lillian Booth were selected as runners-up in the Young Couple of the Year contest. I would once again like to take this opportunity to congratulate Naomi and Darcy and Bill and Lillian for this great accomplish-

ment.

The officers of the Youth Committee and Young Adults Committee met to plan the coming year's activities at the Co-ordinating Council meeting.

President's Day weekend found the Young Adults Committee hard at work at our Annual Conference, this year hosted by Paradise Grange #490. Committee members form all areas of the state braved the inclement weather to participate in California's version of the National Young Adults Program M.T.T., Meeting Tomorrow Today. There were workshops and seminars presented by local and regional professionals dealing with health and life insurance, home and auto insurance, estate planning, wills and trust, and when you need an attorney. M.T.T. is a program with the objective of the Young Adults in the Grange both married and single.

The week of Easter Vacation once again found the Youth Committee hard at work at their annual conference in San Luis Obispo. Thanks again go to the members of San Luis Obispo Grange #639 and to our friends of CalPoly. With the emphasis the State Grange is placing on information systems and the use of computers with the Granger Action Plan, our time on campus this year was spent in the computer lab getting hands on experience rather than touring one of the their agricultural facilities.

The Annual Grange Family Camp was held at Bucks Lake in Plumas County. This years camp afforded the Youth Department a unique opportunity as there existed a one to one ratio of Junior Grangers to Youth. Because of this, new programs like "Adopt-A-Youth" and new games like

"Obstacle Volleyball" were developed. Anyone wanting additional information on either of these new programs should plan to attend camp next summer.

The first week-end in August we were in Boise, Idaho for the Western States Leaders Conference sponsored by the National Grange. Department workshops were presented by the National Officers and Directors. In addition, the regional competiton for the Public Speaking and Sign-A-Song Contest were held. Once again I am pleased to announce that Naomi Fletcher and Darcy Andrews will be representing the California State Grange and the Western Region at the 1986 National Session in the Sign-A-Song group competition.

During the year the committees of the Youth Department raised badly needed funds by providing lunch for the California Grange Insurance Agents Organization and a picnic lunch in conjunction with Grange Day

at the State Fair.

Here at our annual session we have sponsored a BBQ and we will be presenting a breakfast prepared by the Youth Committee under the direction of our chef Juanita Hutcherson at Fairfax Grange Hall. You can see the Youth Team open the Grange tomorrow morning and our 5th Degree Team on Thursday evening. We would also like to invite you to come by our Youth Booth up front to see our new buttons and coffee mugs.

Finally, we would like to thank you for your continued support of

Youth Activities throughout the State.

Fraternally Submitted Tom Stefenoni, Youth Director

JUNIOR GRANGE REPORT - 1986

Worthy State Master, Worthy National Master, Honored Guests, Worthy State Officers, and Fellow Brothers and Sisters of the Grange:

I am honored to be here and it is with great pleasure that I bring greetings on behalf of the Junior Granges of the California State Grange. This past year has been an exciting and educational one for me. I have had an opportunity to do a little traveling and I have made some new friendships, which I treasure.

I'm proud to report that in this past year, we have had three new Junior Granges organized and two Junior Granges that have been re-organized. I would like to recognize the people who have been responsible for this:

Zenia JG #211 - Deputy Pearl Zeck, Leader Jacque Roberts.

Lake Earl JG #35 - Deputy Harlan Ziegler, Leader Elizabeth Ziegler. Pony Express JG #212 - Deputy Myrion Andrews, Leader Naomi Fletcher.

Loomis JG #162 - Deputy Bill Biehle.

Santa Clara Pomona JG #213 - Deputy Sylvester Sauer, Leader Katie Couch.

These people have committed themselves and have worked to accomplish this, and I want them to know how much I appreciate them. I

was privileged to attend the Chartering of Zenia JG and Pony Express JG

and I will try to attend JG functions when at all possible.

The theme for the Junior Grange Program this past year was "Today's Grange - Juniors In Action". Well, our Junior Granges have been very active in various endeavors this past ver. Some of these activities were: a Beef Raffle; a Fund-Raising Breakfast to raise monies for the Dogs for the Deaf and then visiting the Dog Behavior Training Center; a family outing jet-boat ride up the Rogue River; participating in the County Fairs, both entering a Feature Booth exhibit (and winning first place) and individual Junior Grange members entering livestock animals (and doing really well); holding a Bake Sale (where some new members were recruited); various members earned a total of 21 Merit Badges that I am aware of. We also had 6 Junior members who attended Camp, as well as 2 Juniorage children who attended. This is an important facet to remember - your Subordinate Grange can sponsor Junior-age children in the JG programs even if they are not members of a Junior Grange. All 8 of these kids earned a Camp Merit Badge. California also had 12 entries in the National Junior Grange Creative Writing Contest. The four State winners have had their entries already sent on for judging at the National level. Our State winners are:

Age group 5 - 6: Amy Ziegler, Lake Earl JG #35.

Age group 7 - 8: Christina Fletcher, Pony Express JG #212.

Age group 9 - 10: Mark Ziegler, Lake Earl JG #35.

Age group 11 - 12: Tammy Foster, Pony Express JG #212.

Congratulations to these four and to all the JG's who entered the contest. You are all winners to me!

I must say Thank You to many people. First of all to the State Master, who has been generous in his guidance and has made this a very enjoyable job; to the Office staff for all their help; to Youth Director Tom Stefenoni and Martha, for their support on my "First Timer" status to the National Convention in '85, to the CalPoly Youth Conference, Grange Camp, and Western Leadership Conference in Boise. (Nooo Problem). To the Youth of California for their support and friendship; to Naomi Fletcher for her help with the Craft projects and the Juniors at Camp; to my husband Bud for his generous support (and his luggage handling capacity); to Jeremy and Shelley (our kids) for their patience; and to my parents for their support and willingness to babysit! I love you all!

As I close, I cannot stress enough the importance of the Subordinate Grange's Junior Grange Committee/Survey Team. The Committee's report on the feasibility of organizing a Junior Grange is a vital step to the future of our organization. The strength of any organization is in its leadership, and the Junior Grange is a perfect tool for training capable and effective Grange Leaders of Tomorrow, (in addition to the possibility of enlarging the Subordinate Grange membership with the parents of the JG's). We need to have a vision of strong, solid Junior Grange and Youth Programs, which will provide for a strong, solid Grange of Tomorrow.

With this in mind, I leave you with this thought from Laurie E. Dawson: **THE SOWER**

He plants for his reaping with forethought and care. When there is sunshine and balmy fresh air.

A beautiful painting begun with a seed, Planted and nourished by an artist indeed.

A nation was founded by sowers of hope, With vision and courage of infinite scope.

He plants for his reaping with forethought and care; The harvest is greater when vision is there.

> God Bless Every One Of You, Carolyn Hill, Director California Junior Grange Activities

REPORT OF THE LEGISLATIVE DIRECTOR

The California State Grange Legislative Department continues to improve its services to Grange members. This year is the second year of the 1985 - 86 Legislative Session and resulted in considerable success for Grange-supported bills. Below are bills that the Grange actively supported in 1986:

- SB55 Net Operating Loss Carryforward Grange sponsored legislation that was signed by the Governor that will allow farmers to carry forward losses from farm operations into future tax years. A maximum of \$50,000 can be carried forward in any single tax year. Language offered by the Grange requires that farm losses be carried solely against future farm income precluding offsetting taxes from other income.
- SB 1542 Blood Donations This Grange-sponsored legislation was the result of a resolution passed at the 1985 Annual Session and was also signed by the Governor. This bill makes it legal for parents to specify that blood donations will be used for their offspring provided that the blood is compatible and meets quality standards. The Grange worked closely with the legislature to pass this law.
- AB 2976 Certification of Imported Fruits and Vegetables This bill supported by the Grange and vetoed by the Governor would have established a certification program for imported fruits and vegetables purchased by schools and state-supported institutions. It is the Grange's contention that any food purchased by tax dollars should be required to meet the health and safety requirements we have come to expect. This bill would have also provided for sampling.
- AB 1658 Agricultural Water Management Planning The Grange supported the measure that was signed by the Governor. This bill requires

water districts to supply water management plans much like those required of urban areas. The Grange worked closely with the author to develop a bill that is fair and requires agriculture to uphold its responsibility to participate in a state-wide effort to develop management plans and better allocate our valuable water resources.

- AB 1974 Schoolbus Seatbelts The Governor signed this Grange-sponsored bill to require seatbelts on all school buses. This law resulted from a resolution adopted by delegates to the 1985 Grange Annual Session.
- AB 2020 Beverage Container Deposits The Grange has been supporting this bill for five years and now we have a law. The requirements for deposits will be phased in depending on the success of the program. Protections were given to the established re-cycling and bottle manufacturing industries in California.
- AB 1013 Producer Liens This successful legislation supported by the Grange specifies that a cooperative bargaining association may represent its grower members in lien proceedings. The Grange supports the protection and strengthening of growers rights in lien proceedings.
- AB 2775 Watermelon Payments The Grange supported this bill that allows the final disbursements of funds to watermelon growers damaged when their fruit was withdrawn from the market due to tainted melons reaching the public in July of 1985.
- AB 3101 Wild & Scenic Rivers The Grange opposed this bill that was signed by the Governor to suspend development feasibility studies on rivers in the Wild & Scenic Rivers Act. The Grange feels the rivers are protected until such time they are needed for the general welfare and the project is feasible. Such work would aid in any decision.
- AB 3435 Africanized Bees Research The Grange supported measure to fund research into the problems associated with Africanized bees infesting our domestic colonies was signed by the Governor.
- S 1192 Coordinated Operations Agreement The Grange supports this measure to provide for the coordinated operation of the Central Valley project and the State Water project in California. The resolved water quality issues will benefit the Delta region and the many water users in the state.

Fraternally Submitted John C. Welty Legislative Director

PUBLICITY BUILDER'S COMMITTEE REPORT - 1986

Worthy Master, Delegates and Friends:

The Publicity Builders Committee has completed another year of representing the Grange before the public and would like to thank those

Granges who continue to support the goals of the Publicity Builder's.

The press release program suffered a set-back this past year, but efforts to revive the program are being lead by the Grange News Editor, Jay Hartz.

Donations provided by the PBC this last fiscal year include:

Advertising - Advertising was purchased from McClatchy news services for the State Fair Program and appeared in the Sacramento Bee, which covers Northern California.

Plowing Up A Storm - A copy of Plowing Up a Storm, a video developed by the Great Plains Public Broadcasting Service, was acquired for viewing and consideration of possible distribution. The first portion of this film depicts Grange early history and includes comments from the Nebraska State Master and several Nebraska Grange members. There are two VHS video cassettes available for loan by the California State Grange Legislative Department.

California Young Farmers - The California State Grange has historically sponsored the California Young Farmers Outstanding Advisor Award. The California Young Farmers Association is basically the collegiate sister of the FFA and trains young farmers in much the same manner as the FFA.

Highway Users Conference - The California State Grange became a member of the California Highway Users Conference and assisted in advocating Congress on the issues of the Federal-Aid Highway Act and the Federal Fuel Tax increase. The aim of the Highway Users Conference is to advocate safe highway conditins and to insist on a concise distribution of fuel tax to affected areas on a reasonable basis.

US English - We again sponsored the activities of the US English campaign, gaining a victory on the November '85 ballot in that English is now the official language of the State of California. The next goal, and an ominous one, is to make English the official language of the U.S.

We aided in the distribution of over 23,000 petitions in the Grange News, and, thanks to your efforts in circulating those petitions, the measure qualified for the November '86 ballot.

California 4-H Foundation - The California State Grange this year became a sponsor of 4-H programs in California. The 4-H is dedicated to the positive development of this state's youth. They have served over 70 years in communities with 40 million participants in educational programs with alumni in key government and private enterprise positions. There are nearly 6 million 4-H members and leaders currently involved.

Californian's Against Waste - As with US English, the PBC aided Californian's Against Waste in a petition drive to qualify the Bottle Bill for the November '86 ballot. The Bottle Bill creats a state recycling fund to encourage recycling at all levels in beverage container circulation. The fund would be implemented in the ensuing year, and results of Grangers in Action will take affect October 1, 1987.

Future Farmers of America - The PBC again sponsored the Ag-

Mechanics Award of the Future Farmers of America State Finals held at CalPoly San Luis Obispo.

The ever-present support of the FFA by the Grange ensures the future of the family farm as young people come to learn of the importance of the food and fiber they produce.

COMMUNITY SERVICE AWARD REPORT - 1986

Worthy Master and Friends:

The Community Service Award Program A Challenge to Grange Initiative is a National Grange sponsored program. This program is designed to encourage each Grange to assume a productive leadership role in each community in areas of community improvement, service and

development.

To reiterate the procedure for entering the Community Service Award Program, your Grange will receive the Community Service Progam package, sent to your Secretary, about mid-February. This is the only mailing you will receive from the National Grange. If you do not receive this information by March 1, contact the State Community Service Chairman for the package. In the package is a set of three cards to be sent to the National Lecturer, State Grange Master and State Community Service Chairman. These must be received by the respective offices by June 30 of each year.

To qualify on the National Grange level, each State Grange must receive cards representing at least 10% of the total number of Granges in each state. California qualified this year with 77 entrants. As you should be aware, it is not necessary to then complete a final report, which is due to California State Grange headquarters no later than September 15 of

each year. We ask you to return your entry cards to allow those Granges who do complete final reports to have the ability and opportunity to compete on the National Grange level.

Each final report should read like a book, from initial project selection to the final goal, or conclusion. Make sure you review the National Grange Summary Report Form to ensure that your report will include the proper supporting material in the same order as it appears on the Report Form. It was necessary for the judges to disqualify several final report books due to the fact no Summary Report Form was included. This Report Form should be the first four pages of your Final Report.

The program year runs from September 1 to August 31. There is no need to wait for the program packets from National Grange to start your

Community Service Project. There's no time like the present.

This year, the California State Grange instituted the Grange Image and the Volunteer of the Year Award program. The Grange Image Award was designed to recognize those Granges who best promote the Grange Image in their community. Those Granges who have been judged first through forth places on the National level are not eligible to receive this award. It was not necessary to complete a National Grange Final Report; however, this year's Image Award winner had done so. The Final Report provided supporting evidence for the Image Award.

The Volunteer of the Year Award (VOYA) program was intitiated to honor the "unsung hero" of each Subordinate Grange. As the Community Citizen Award is designed for a Grange to honor a non-member's contribution to their community, so the VOYA award is designed to honor a Grange member's service. To enter, the entry cards must be sent even though not competing on the National Grange level. In nominating your VOYA, we suggest you include a resume or short biography of your nominee. You should include information which shows your nominee contributes unselfishly of their own time to their community and their Grange. You should also include such information that will enable the judges to see how your nominee improved the Grange Image in their non-Grange activities.

1986 was successful in qualifying your State Grange with 77 entries. There were 27 final reports received for National competition. There were 20 Grange Image entries and 19 VOYA entries. The judges had an ominous task ahead of them and arrived at the following conclusions:

National Grange Community Service Award Winners

First - Montgomery Grange #442 Second - Concow Grange #735 Third - North Shore #822 Fourth - Los Alamos Valley #647

Grange Image Award Winners

First - Banner Grange #627 Second - North Fork Grange #763 Third - (A three way tie between)
Rainbow Valley Grange #689
Anderson Grange #418
San Luis Obispo Grange #639

Volunteer of the Year Award Winners

First - Irene Root of North Fork Grange #763
Second - Joe Bondi with Elsa's help of Sacramento Grange #12
Third - Vince Rover of Concow Grange #735

Judges this year included George Dupray from Fair Oaks Grange #724 and Gladys Montgomery of Orangevale Grange #354, both from Sacramento County. My sincere appreciation goes to you both for your valuable time.

I would like to take this opportunity to thank the State Master for this assignment and the many Granges entering who made chairing this year's program so much more fulfilling. I would encourage all Granges to enter and complete the final report. You will realize a sense of accomplishment and real growth, both emotionally and in membership. I firmly believe a working Grange is a growing Grange.

GRANGE NEWS REPORT

Worthy Master, Honored Guests, Brothers and Sisters:

The Grange News has "settled in" to its office at the State Grange Headquarters in Sacramento. Even the janitor has just about accepted our presence ... the large garbage can no longer blocks the way to the enlarger in the darkroom. He does keep me in my place, however, as I still

must do a tango with the mop whenever I print pictures.

This past year has seen several changes in the operations of the Grange News, the most significant of which has been the need to cut our publishing frequency. To offset federal budget cuts, the post office raised our postal rates a whopping 42%, which translated to a postal increase to the Grange News of \$7,856 per year. Such an increase was simply not in the budget, so in April the Executive Committee decided to trim two issues from the publishing schedule. We have combined the May and June and the October and November issues, giving us a printing schedule of 10 issues per year.

Looking to the future, as budget reductions and Gramm-Rudman cause more cuts in services and subsidies, we can expect postage increases in all

classes.

But I hope there will be no need to trim further issues. One of my goals is to find the time and capital to advertise the Grange News to potential advertisers. We have a start with the publication of a "media kit" that tells about the Grange News and its advertising rates and policies. This

booklet is being sent out to those expressing an interest in advertising, and is being used in a direct mail campaign to attract advertisers to our publication. If any of you think you know of a merchant in your area who should be advertising in our paper, stop by and either pick up a booklet to give them, or give me the name and address and I will see that they are mailed information on advertising in the Grange News. Remember, for every ad sold, you earn booster barrel tickets.

I believe we have begun to stem the flow of advertisers from our Directory Ads. The booster barrel program has had some success, we have even had some Grangers encourage local stores to advertise in the Directory, thus obtaining booster barrel tickets. As with any program, it takes time for people to fully understand it and react to it, and just about all of our entrants into this years contest were received in the last few weeks. We have already received entries for next years contest. If there is anyone who does not understand the program, please contact me and I will make sure you have the information.

One would think with two less papers to produce, I would find I had some extra time. Sure! Apparently there is some basic law in physics that correlates time and energy not expended to the effect that for every hour saved on one project, they will be replaced by two extra hours on another project.

It seems that for every hour not spent on the Grange News, the Editor-In-Chief finds me two hours worth of work in another area.

For example, our data process center has increased its workload. The information we are compiling on our legislators for the GAP program is very interesting, as those of you who have received the Legislative Departments reports on your local senators and assemblymen can see. A relatively new program is the statistical printout for Masters and Deputies, which could prove a valuable tool in both membership gain and retention.

Another project I am excited about is the on-the-job training we are providing some of the State FFA Officers in producing their own newsletter. The Grange is donating the materials and use of the equipment in producing a bi-monthly newsletter that is mailed to FFA members throughout the state. And I'll tell you, working with this group would be very reassuring to anyone who is wondering where our leaders of tomorrow may be coming from.

Now to the fun part.

Earlier, I mentioned the booster barrel program. This is a program whereby Grange members who either purchase products or services from Grange News Directory advertisers, or who sell advertising, get chances on a trip for two, to spend a week on a beach in Mexico. One chance for every \$10 of purchase up to a maximum of 25 tickets for any single purchase. And the winner is Mary E. Anderson of Dixon Grange.

GRANGERS BUSINESS ORGANIZATION

State Officers, Delegates, and Members of the California State Grange:

My report to you today will be quire short and delivered with some mixed feelings, but probably more so for two former employees who have had over 30 years of service with the Grangers Business Organization.

The history of the Grangers Business Organization is well documented in previous reports to the California State Grange. At our last state session we were in the process of completing the sales of remaining inventory. Sales were completed in February 1986, and shortly thereafter our purchase order business was moved upstairs to our vacant office.

Since the last convention, the Secretary-Treasurer and I have been pursuing the exploration of alternate ways the Grange members could be benefited. All advertisers in the Grange News were offered free 1 year advertisements in the Grange News (a \$75.00 value) in return for a discount to Grange members when purchasing their product or service, upon proper identification. Grange catalog service and a Grange credit card plan was also pursued without success. The results from our Grange advertisers was very disappointing, as was the survey conducted through the Grange News to our Grange membership. All alternatives to maintain your Grangers Business Organization as a viable business enterprise to service Grange members in my opinion, have been explored and no productive alternative appears on the horizon.

The lease between the Grangers Business Organization and the Regents of the University of Califodnia was finally completed and signed by myself and GBO Secretary Mary Wendt, for occupancy on November 1, 1986. The remodeling of the store portion will be completed this month and the Purchasing Department of the U.C.D. Medical Center plans to move in on November 1st. Many improvements to the building have been made. New air conditioning and heating units to serve both upstairs and downstairs has been installed. The downstairs bathrooms have been upgraded and hot water system added.

Some bids for the painting of the building and the landscaping of the grounds have been received. The contracts will be awarded to the lowest and best bidder, upon our return to Sacramento from this convention.

The Grangers Business Organization is still operating its purchase order business from the upstairs office, with only one salaried employee. We have had some very good months, but the average is not high enough to maintain break-even business.

Our responsibility now is to begin an orderly schedule of events pointing to dissolution. I have recommended, and the Board of Directors have approved, the following program:

In compliance with the Articles of Incorporation and By-laws, and in reviewing all of the alternatives available to Grangers Business Organization, it is recommended that we proceed on an orderly schedule of dissolution, by:

I

- (A) Within legal restraints, renegotiate the present lease with the California State Grange to increase the rental up to \$2,750 per month, beginning January 1, 1987, or as an alternative, if necessary, commit to loan to the California State Grange during the calendar year a total of \$32,500.
- (B) During the 1987 calendar year, get consent from Grange members to dissolve the Grangers Business Organizaton, Inc.
- (C) During the 1987 calendar year, at a called "special meeting" of the Board of Directors, dissolve the Grangers Business Organization, Inc., but in no event later than January 23, 1988, when the terms of all Directors and Officers expire.

II

During the 1987 calendar year begin the process of an orderly schedule to conclude its business affairs by:

- (A) Transferring all of the certificate information to the computer in an acceptable form for the State of California in the event the transfer of unclaimed certificate funds to the State becomes necessary.
- (B) Pursuing in conjunction with the California State Grange the feasability of introducing legislation to exempt the Grangers Business Organization from sections 7132 and 7411 of the non-profit mutual benefit corporation law, to permit the payment of unclaimed certificate funds to the California State Grange, instead of the State of California.
- (C) Placing all Grangers Business Organization plant properties in Lancaster, San Jose and Fresno on the market to be sold.
- (D) Completing the remodeling of the Grangers Business Organization building as agreed to with the lessee, the Regents of the University of California.
- (E) Providing an additional bathroom for the upstairs tenants, and bringing the necessary electric facilities up to code, and adding fire escapes in conformance with Sacramento Fire Code.
- (F) Pursuing the feasability of remodeling remainder of warehouse of the GBO building, and first providing needed space in the warehouse section for the California State Grange for storage space and fire proof vault.

Conclusion

Brothers and sisters, as President of the Grangers Business Organization, it is not a pleasure for me to preside over the funeral of one of our Grange affiliates.

For the two employees, Mary Wendt and Mary Marvelli, who have given a combined total of over 64 years of the most productive years of

their lives for the G.B.O., it must truly be a sad, sad day.

We all recognize, the business of independent merchants is being gobbled up by the large chain store, as has the corporate farms taken over the family sized farm. We have lost some of the business and family concepts which have built America.

The day is here when the Grangers Business Organization must finish its business and dissolve. All of us, including the Board of Directors who, along with myself and Mary Wendt, Secretary-Treasurer, have a satisfaction of knowing we did everything that could be done, exploring all the alternatives and we found no open road which to continue our business venture.

Upon dissolution, the Grangers Business Organization, Inc. will distribute all assets, including, but not limited to, gains and profits, to the

California State Grange.

GRANGE INSURANCE ASSOCIATION REPORT FOR THE YEAR 1985

To the Officers and Members of the California State Grange:

Following is an extract from GIA's 1985 Annual Statement, compared with the same data for the past two years:

	1985	1984	1983
Assets	\$108,988,637	\$103,123,118	\$99,170,928
Policyholders' Surplus (Net Worth)	23,783,961	20,472,800	22,283,637
Direct Premiums Written	64,223,061	61,400,100	60,576,042
Investment and Other Income	8,606,251	7,554,642	6,636,615
Underwriting Gain (Loss)	(6,596,588)	(10,394,420)	(8,286,676)
Losses Incurred	48,913,468	50,568,865	48,924,106
Loss Adjusting & Operating Expense	22,905,094	23,898,958	23,455,682

Policyholders' surplus increased 16.2% in 1985 over 1984. This improvement has come largely from improved underwriting results (\$6,596,588 loss in 1985 as compared with \$10,394,420 loss in 1984) along with significantly improved investment income which reached a new high of \$8,606,251 in 1985, representing a 9.0% return on invested assets. GIA's underwriting ration of 110.1% was less than the industry average of over 117% as the industry as a wholegcontinued to experience difficult times.

While efforts have been underway to improve underwiriting results, very young and very old drivers continue to adversely affect our automobile experience. Uninsured Motorists and Underinsured Motorist losses, which also continue to be heavy, present difficult problems to control.

Assets increased 5.7% in 1985 over 1984.

Following is a summary showing the share of premiums written in each of our operating states:

	1985 <u>/Premiums</u>	1984 Premiums	1983 Premiums
Washington	61.2	61.5	60.5
Oregon	8.1	8.3	8.9
Montana	.7	.7	.7
Wyoming	.8	.9	1.0
Idaho	2.7	2.7	2.8
Nebraska	.2	.2	.2
Colorado	8.1	7.9	8.3
California	18.2	17.8	17.8

Rocky Mountain Fire & Casualty Company, GIA's subsidiary company, experienced a substantial increase of 12.9% in premiums in 1985. Much of this increase came from mandatory Auto Plans in our operating states.

Although Rocky Mountain experienced an underwriting loss of \$380,683, its investments gained \$575,136 and the Company managed to increase its surplus (net worth) by $4.4\,\%$. Rocky Mountain is $99.5\,\%$ owned by GIA through its intermediate holding company, Mayflower Corporation.

In 1986, our companies are continuing intense efforts to improve underwriting results and cut operating costs wherever possible, consistent with providing the highest quality of services to our policyholders. Success in these efforts should show continued improvement of results for 1986.

GIA is proud of its service to the California State Grange and is very appreciative of their find and long lasting support. We are grateful to be able to continue our contribution to the California State Grange.

GRANGE MUTUAL LIFE COMPANY REPORT - 1985

Nineteen eighty-five proved to be another great year for Grange Mutual Life Company. Excellent sales results were accomplished, very satisfactory financial gains were achieved and we continued to build efficiencies in our operations.

A substantial gain in assets of 6.3%, coupled with a healthy gain from operations and investment performance yielding a 10.31% return, among the highest in mutual life companies, contributed to a record 34.8%

growth in surplus. This healthy growth again strengthened our position as an "A - Excellent" rated company, in accordance with A.M. Best Com-

pany, the widely recognized independent rating service.

The emphasis in Grange Mutual Life Company today is on marketing competitively priced ordinary life products providing for long term coverage, a current rate of return on the investment element of the product and the flexibility to adapt to the changing needs of the individual policyholder.

Our Universal Life policy, "Concept One", again dominated new sales, accounting for 80% of our total sales. This excellent product, along with a well rounded portfolio of other out-front policies, places us in a strong

competitive position within the marketplace.

Grange Mutual Life Company completed the development of a Universal Life computer processing system during 1985. This major accomplishment not only enables us to now function totally independent of outside services, but it also places us in a highly favorable position, with regard to product support and processing efficiencies, in a product that is rapidly becoming a major block of business in the Company.

The high level of investment performance realized not only supports the competitive interest rate the Company is able to pay on Concept One policies, but it also enables us to maintain interest rate competitiveness in

the substantial block of annuities in force.

Mr. Barton E. Clark, a member of the Board of Directors of the Company since 1977, retired May 1985. He was a member of the Executive Committee of the Board. Mr. Clark, a retired rancher residing in Heppner, Oregon, continues active involvement in the Oregon State Grange, serving on boards and committees of the Grange and its affiliates. His years of dedicated service have contributed much to the success of Grange Mutual Life Company.

Mr. Maurice J. Burford, President and Chief Executive Officer fo the United Savings Bank, headquartered in Salem, Oregon, has replaced Mr. Clark on the Board. Mr. Burford brings a further diversification of experience to our Board, through his many years associated with banking

and the broad area of financial services.

Mr. Jack S. Lacy, Dayton, Washington, a member of the Board of Directors since 1976, was elected to the Executive Committee of the Board in May 1985.

We appreciate you, the Grange Member policyholders, who continue to place your confidence in us. We are anxious to serve those members who are not already policyholders in Grange Mutual Life Company. Please contact us if we can be of further service or of service to you for the first time.

When you purchase quality, competitively priced insurance products from Grange Mutual Life Company you can expect not only the best in product and service, but, in turn, your State Grange benefits directly through a program designed to pay the Grange for services rendered in our joint effort to better serve you, the individual Grange Member.

Sincerely,
Roger T. Keithly, FLMI, CLU
President & Chief Executive Officer

UKIAH AUTUMN LEAVES REPORT - 1986

Worthy Master, Worthy State Officers, Dignitaries, Brothers and Sisters:

The end of another year is fast approaching and from many quarters you begin to hear that old refrain - another year older and deeper in debt.

At Ukiah Autumn Leaves this is partly the case. True, we are one year older and in the process have also reduced our mortgage by one year. It now stands at 11 down and 29 years to gp. The value of the project has also increased and is now between $3\frac{1}{2}$ and 4 million dollars, all of which is fully insured.

This year we were finally able to complete a long time badly needed improvement. There were 8 cooling units installed to lower temperatures in the upper story from 110° on hot days to 90°, adding greatly to the comfort of our tenants. Also, we have changed all electrical light fixtures and bulbs to low energy consumption types with an estimated savings by PG&E of \$300.00 a month in our electric bill. Yes, we use a lot of electricity. Also all outside door locks have been changed to keep unauthorized people from entering during the night. This is a new system. Anyone now wanting to enter after hours must phone tenant they want to see from phone at front door and tenant can open front door from their apartment and increases their safety.

The projected income and expenses are running neck and neck. Income is just over \$310,000.00 and expenses \$48.00 less for this year. However, due to the hard work and dedication of our staff our expenses are kept under control mostly by repairing small things before they become major items or reporting trouble spots to the board so we can take action. This is working very well and has allowed us to acquire needed equipment for maintenance through expense savings, which so far at least H.U.D. has been allowing us to do.

Our replacement reserve which is used to replace items such as stoves, refrigerators, carpets, major building repair, etc. now stands at \$52,000.00 so we are in excellent shape.

Last but not least the board and myself would like to invite any of you that are in the area to stop by and see Ukiah Autumn Leaves. We are more than happy to give you a tour of the project.

Respectfully Submitted Gunnor Erickson, Chairman Ukiah Autumn Leaves

NATIONAL GRANGE CONVENTION COMMITTEE REPORT

Worthy Master, State Officers, Delegates and Members of California Granges:

Grange members from the State of California have invited the National Grange to hold its 1988 Annual Session here in our state.

The City of Redding, County of Shasta, was chosen and approved to be the convention location.

1988 is still 2 years away, but to have a successful, productive and smooth running session, many plans must be made well in advance.

A committee in the local area is most important to coordinate activities, however, every Grange throughout the state are being asked for their help and assistance.

In July a meeting was held in Redding where a Redding chairman was

chosen, and appointed by our State Master Austin.

The first of many planning sessions was held on September 22, 1986. Those requested to attend were Masters from Shasta County, Deputies, and Pomona Masters from all surrounding counties.

The meeting was well attended with 26 members being there. Many

came from quite a distance, as counties are large in this area.

A general discussion was held with regard to responsibilities, duties and committees. Only 1 division chairman has been named, so far, and that is Joy Beatie, who will have charge of all meal and food functions, which is a big responsibility. It will also require the help of all Granges. I am sure you will be hearing from her with regard to table favors, decorations and goodie bags.

This is the first report of the Planning Committee, of which you will be hearing more in the coming year. We will welcome any suggestions you

may wish to make.

I know we can depend on your cooperation in this venture.

INTERIM COMMITTEE ON AFFILIATES REPORT

I. Purpose of Committee

- A. Review present benefit program
 - 1. Credit Unions
 - 2. PMI Dental Plan
 - 3. Convalsecent Care
 - 4. Cancer Plan
 - 5. GIA
 - 6. GML
 - 7. Medical and Hospital Plans

B. Bring a Grange Member, you have a Supermarket of benefits and programs available to you.

II. Long Range

A. The Committee will work with the affiliates to improve on present programs and to provide additional plans and benefit programs. Some of the new programs introduced by the affiliates the last few days are an example of what the committee is trying to do.

III. Marketing

A. The Committee will develop ways of marketing these programs, getting word to the Grangers so that we all can take advantage of these benefits and programs.

You will be seeing some advertising in the Grange News, and some direct mail promotions.

IV. The Best Kept Secret

A. The problem with all good things is that, if you do not know about them, "They have no value". To help bring this information to the Grangers on a local Subordinate level, we are developing a binder for each Grange and we hope to have a new position created ... that of "Benefit Coordinator." This binder will be a supermarket of benefits and programs.

This binder will have information on all the programs that are available, what they are, how to get them, who to call or write and so on. It wll be updated as plans change. This will make it possible for every Grange to have for its members all the information on the benefit programs.

The Committee meets on a quarterly basis and is made up of people who have particular talents in marketing, finance, sales, management and advertising. They have worked hard and have donated their time and pledge to your State Master to continue to serve. Members of the Committee are:

Mike Layton - Redding
Paul Rupp - Bakersfield
Lester Rougeot - San Luis Obispo
Tom and Martha Stefenoni - Santa Rosa
Bob Clouse - Sacramento
Bev Westphal - Lake County
Marleen Biehle - Auburn
Leo Bergeron - Tracy

This Committee exhibits not only a cross section of talent, but of areas of the State of California.

INTERIM NATIONAL CONSTITUTION AND BY-LAWS COMMITTEE REPORT

Worthy Master, Distinguished and Honored Guests, Officers and

Members of the California State Grange:

The Interim National Constitution and By-Law Committee has made an in-depth study of the new "Constitution of the Order of Patrons of Husbandry" - a major revision of the entire book known to us as the Digest.

The National Grange Rewrite Committee has been working on this project in excess of three (3) years - our Committee less than three (3) months.

We have attempted to resolve discrepancies, deletions, missing articles and sections prior to bringing this matter to the delegates of the California State Grange Annual session. During our session we met with National Grange Master Ed Andersen for approximatley four (4) hours in an effort to resolve some of our questions concerning the seventy (70) plus missing articles and sections.

As a result of our studies this Committee makes the following recommendations:

- 1) The California State Grange Delegates oppose ratification of the new "Constitution of the Order of Patrons of Husbandry" in its present form, and
- 2) The National Grange be requested to provide the latest draft of the "Constitution of the Order of Patrons of Husbandry" with all proposed attatchements (codes) to the Masters of each State Grange no less than six (6) months preceding the respective State Grange Annual Session, and
- 3) The National Grange be requested to have the codification and publication of all proposed Codes and the By-Laws in proper form to be adopted concurrently with ratification of the "Constitution of the Order of Patrons of Husbandry". and
- 4) If the National Constitution is ratified by the states at the 1986 National Session we recommend that the 1982 Constitution and By-Laws and Digest (as amended) shall prevail on any areas not addressed until the codification and publication of the codes, in proper form, are adopted.

We take this opportunity to thank our Worthy State Master David Austin for allowing us to serve on this committee. The Contributions made by Chairman Bill Booth and members Patrice Prescott, Steven Hood and Pat Schunneman, towards reaching the above recommendations, have been made for the Good of the Order and I thank each of them sincerely.

Fraternally Bev Westphal, Acting Chairman

ELECTION COMMITTEE REPORT - 1986

Worthy Master, State Officers, Members of the Grange:

I would like to thank the hard working members of this Committee, Irene & Julius Faoro, Christine Kearne, Juanita Hutcherson, Evelyn Campbell and Frank Nichols. The Election Coimmittee spends many hours behind doors during the convention. The members eligible to vote should make a special effort to cast their vote as early as possible, shortening the time the polls are open.

A guideline is being written by Election Committee members in hope

that it may aid future election committee members.

We would like to thank Master Dave Austin for the opportunity to serve.

AGRICULTURE COMMITTEE FINAL REPORT

The 1986 Annual Session Agriculture Committee wishes to thank the Worthy Master for the opportunity to serve the delegate body. The past year has seen an upheaval of the traditional values that we have known for many years. This year has been one of unstable commodity prices, rising costs, unclear agriculture programs, and major uncertainties in the financial world. It has become very difficult for a small farmer to acquire sufficient financing to operate on, thus creating one more hurdle for the farmer to cross. It has become necessary for US agriculture to watch the world market, production and demand very closesly as now more than ever the world market condition influences the US commodity market very greatly.

This year, the committee was supplied excellent background information on resolutions to be considered at this convention and the bills of the legislature that we are concerned with. The Agriculture committee wishes to extend its gratitude to Naomi Fletcher, Legislative Staff of the California State Grange for gathering the information requested prior to convention. Bob Null provided the Committee with a packet on Dairy Bankruptcies. We were well informed in our discussions and this made our deci-

sions far easier to be made.

CONSERVATION COMMITTEE FINAL REPORT

Worthy Master, Worthy State Officers, Guests, Brother and Sister Delegates:

The members of the Conservation Committee, having completed their assignment of work for the 114th Annual Session of the California State Grange, sincerely thank you for having given them the pleasure of working for you.

I would like to thank the following committee members for their concern, dedication, and consideration regarding each resolution:

CONSTITUTION AND BY-LAWS COMMITTEE FINAL REPORT

Worthy Master, Distinguished Guests, Officers and Members of the California State Grange:

The Complex issues facing Resolution Committees is compounded by constraints prohibiting combining or re-writing resolutions in the Constitution and By-Laws Committee.

Of the 23 resolutions facing this committee, five specifically concerned changing the Annual State Grange Session, three recommended changes regarding the Voting Delegates, two concerned the Affiliate Member concept and several resolutions were simple "housekeeping" matters.

Our Committee was visited by several Grangers including National Master Ed Andersen. Valuable information was provided by our visitors and we extend our sincere thanks to all who participated.

We were fortunate to have as our Youth Representative Becky Marousek and we appreciated her input as well as that of Deanna Austin and Katie Couch of the Youth Group. We appreciate the confidence placed in this committee by our State Master David Austin and present the following recommendations:

- 1) Amendment to Section 2, Article III of the Constitution of the California State Grange, by adding "or bienially" in line 2 after the word "annually" so as to reflect actions taken pursuant to C&BL/10 (1985) in Constitution for Subordinate Granges, Article VI, Section 4 (Page 31).
- 2) State Master David Austin and the Executive Committee establish an interim committee to review and recommend appropriate changes in the California State Grange Constitution and By-Laws together with regulations governing District or Pomona Granges, and the Constitution for Subordinate Granges, so as to conform to the National Grange.

My sincere thanks to a dedicated, hard working committee all well versed in Grange Law.

EDUCATION COMMITTEE FINAL REPORT

Worthy Master, Brothers and Sisters:

It has been a real pleasure for me to serve on the Education Committee. Our school system today has many problems, teachers leaving for positions in private industry, and drug and alcohol use, not only in high schools but elementary schools as well.

We feel we must do everything we can to continue our progress for educational excellence, and to help correct the problems of today.

I wish to thank my committee.

GOOD OF THE ORDER FINAL REPORT

Worthy Master, State Officers, Brothers and Sisters:

I would like to thank you for giving me the opportunity of serving on and chairing the Good of the Order Committee. It has been a unique and richly rewarding experience.

In our discussion as a committee and with other delegates, some items have come to our attention which we feel should be investigated or implemented.

These Items are:

- 1. The Youth Department investigate the possibility of providing supervised child care facilities at State Grange Convention;
- 2. Deputies have a workshop for Masters and Secretaries in their districts before March 15th of each year to instruct and assist Secretaries in the correct preparation of minutes, reports, etc.
- 3. We realize that the Sisters wish to see the Youth Opening Team prior to the Women's March; however, in consideration of guests who are speaking, they do not leave to assemble for the March until excused by the State Master.
- 4. That the California State Grange Executive Committee investigate the possibility of preparing Grange Hall Management handbooks and/or workshops for Granges who own their own halls, and make a report at the next annual session of the State Grange.
- 5. Upon acceptance of this report, all of the recommendations included herein shall be considered a mandate of the delegate body.

I would like to take this opportunity to introduce the members of the Good of the Order Committee. My heartfelt thanks to these people and all of their inputs, consideration and support. They made my job as a first-time committee chairman very easy and enjoyable. Again, thank you all.

LEGISLATION AND TAXATION COMMITTEE FINAL REPORT

Worthy Master, Officers and Members of the California State Grange:
The Committee on Legislation and Taxation, having completed our assignment, wish to take this opportunity to thank our Worthy State Master for the opportunity to serve the interest of the Grange and our

Brothers and Sisters in this committee function.

As Chairman of the Committee, I wish to thank all members for the time, effort and enthusiasm they exhibited in processing or Resolutions

with such efficiency.

I wish to thank all that came to the Committee to help us, especially Brother John Welty and our National Master Brother Edward Anderdsen. We also want to thank our Youth Representative whose help was appreciated very much.

TRANSPORTATION, ROADS AND HIGHWAYS COMMITTEE FINAL REPORT

Worthy Master, State Officers, Guests, Brothers and Sisters:

As substitute Chairman of the Transportation, Roads and Highways resolution committee, it has been a rewarding experience for the committee and myself to have served you.

We greatly appreciate all the assistance from the delegates and office

staff we received.

We feel that Grange policy needs to be re-evaluated for our society's needs in the transportation of products, produce and goods as well as personal transportation to all portions of the state and nation. All forms of transportation need to be evaluated for their needs and uses, both in the present, and in the future.

I wish to thank the State Master for appointing me to this committee and also thank all of the Transportation Committee members who were as follows:

RESOLUTIONS PASSED AT THE 1986 ANNUAL CONVENTION OF THE CALIFORNIA STATE GRANGE AGRICULTURE

A-1

Miranda Grange #690 APPLE MAGGOT CONTROL

1. WHEREAS: The apple maggot, also known as the apple fruit fly, has been a topic of discussion, legislation and litigation for a number of years, and

2. WHEREAS: The apple maggot has been found in apple growing regions in the United States and although many different methods have been used to control the fly, we believe there is a need for more public discussion and debate in order to better inform the public,

therefore, be it

3. RESOLVED: That we urge the State legislators, the California Department of Agriculture and other interested groups to jointly sponsor such public meetings.

A-4

Tulelake Grange #468 CONCERNING THE FmHA

1. WHEREAS: The Farm Home Administration was instituted by the Congress of the United States for the express purpose of aiding the smaller farmers of our country, and

2. WHEREAS: The present administration appears to have adopted a policy of making loans of millions of dollars to large farm operators in preference to smaller loans to smaller farmers, therefore, be it

3. RESOLVED: The California State Grange and National Grange recommends that the Congress review the current policy of FmHA and require that they return to the original purpose of aiding smaller farmers, and, be it further

4. RESOLVED: That the California State Grange urge the National Grange to actively review the results of this Congressional review to

be sure the needs of the small farmer are met.

A-5

Orange County Pomona Grange #36 CHEMICAL SPRAYING OF FRUITS AND VEGETABLES AT THE

MARKET PLACE, RESTAURANTS AND FOOD HANDLERS

1. WHEREAS: Markets have been spraying vegetables and fruits with preservative chemicals, and

WHEREAS: Restaurants and other food handlers are using preservative chemicals for keeping their product fresh and appealing, and

3. WHEREAS: Many persons are allergic and susceptible to these

chemical sprays and preparations, therefore, be it

- 4. RESOLVED: The California State Grange urge the Food and Drug Administration and the Department of Agriculture to stop this procedure, and be it further
- 5. RESOLVED: The National Grange support this action.

A-6

Orange County Pomona Grange #36 PLAINLY LABELED IMPORTED FOOD PRODUCTS

- 1. WHEREAS: Fruits and vegetables are not plainly labeled as to country of origin, and
- 2. WHEREAS: Meats, poultry, fish and other products are not plainly labeled as to country of origin, and
- 3. WHEREAS: Markets do not clearly mark bins, shelves or sections as to country of origin, therefore, be it
- 4. RESOLVED: The California State Grange shall urge the Department of Agriculture and the Food and Drug Administration to have proper, legible labels on all imported products for human consumption and that retail stores be directed to post country of origin with legible signs, and, be it further
- 5. RESOLVED: We urge the National Grange to support this action.

A-7

Sacramento Pomona Grange #2 SURETY COMPANY BONDS REQUIRED

(Relative to 61405 and 62181 of the Food and Agriculture Code)

- 1. WHEREAS: A serious situation regarding the Dairy Industry has developed, and
- 2. WHEREAS: The present Surety Company Bonds required under Sections 61405 and 62181 of the Food and Agricultural Code do not give adequate protection to the dairyman from the buyer of their production of milk, and
- 3. WHEREAS: A close working relation with the California Food and Agriculture Department and the California Legislature to discuss potential remedies to head off future "Knudsen" problems for dairymen, therefore, be it
- 4. RESOLVED: That the California State Grange do everything in their power by working with the California Food and Agriculture Department and the California Legislature to help resolve this problem and future problems pertaining to this situation concerning the dairymen.

A-8

Tulelake Grange #468

CONCERNING RELEASE OF GENETICALLY ALTERED BACTERIA

1. WHEREAS: The University of California is planning to release a genetically altered bacteria for experimental purposes at the Tulelake Experiment Station field, and

2. WHEREAS: We are uncomfortable with the plan as there have not been tests made to determine how the bacteria will spread once released or how it will react in our weather, wind and atmosphere, and

3. WHEREAS: We live here; plan to raise our families and crops here; hoping to see our families grow strong and healthy; our crops we hope will grow nicely and be nutritious and marketable, therefore, be it

4. RESOLVED: That the California State Grange urge the University of California to delay field testing until adequate testing and research has been completed to show that the potential for environmental impact is negligible.

S-A-1

Agriculture Committee TILE DRAINAGE WATER

1. WHEREAS: Tile drainage water contains high salt content and many undesireable elements, and

2. WHEREAS: There is no acceptable method of handling these waters at this time, therefore, be it

RESOLVED: The California State Grange work toward implementing regulations requiring the tile drainage water not leave the lands of origination unless treated in an accepted manner or through a drainage district facility.

S-A-2

Agriculture Committee MEETING GRAIN SHIPPING CONTRACTS

1. WHEREAS: At the present time, much of the grain delivered by shippers and brokers is below the specified quality in the contract, and

2. WHEREAS: This practice penalizes the growers who deliver good quality grains, therefore, be it

3. RESOLVED: The California State Grange work toward implementing regulations requiring shippers and brokers to deliver grains of the quality specified in the contract, and, be it further

4. RESOLVED: That the National Grange do the same.

Agriculture Committee GRAIN TRADING STANDARDS

1. WHEREAS: There has been much concern over the quality of US grain shipments, and

2. WHEREAS: The reputation of the US for shipping good quality

grain is slipping badly, and

3. WHEREAS: Current USDA grain standards permit dockage from 0 to .49% to be certified as 0 (zero) dockage and .5% to .99% to be certified at .5%, and

4. WHEREAS: It is essential to the US grower that the reputation of the US as a supplier of good quality grains and commodities be

enhanced, therefore, be it

5. RESOLVED: The California State Grange support implementation of the USDA Federal Grain inspection service proposal that would require dockage to be reported to the nearest .1%, and be it further

6. RESOLVED: That the National Grange do the same.

S-A-4

Agriculture Committee TAIL WATERS

1. WHEREAS: Many farmers dispose of tail water by putting it back into the stream or canal from which it came, and

2. WHEREAS: These tail waters generally contain some salts, fertilizers and pesticides picked up while going over the ground, and

3. WHEREAS: This degrades the water quality for downstream users,

therefore, be it

4. RESOLVED: The California State Grange work toward implementing regulations prohibiting the practice of disposing of tail water by pumping it back into the stream or canal unless it is at least as good a quality as the water in the canal or stream at the point of discharge.

CONSERVATION

C-1

Rio Linda Grange #403 CONSERVATION

1. WHEREAS: The present administration in Washington, D.C. has a drive on to get the Federal Government out of the electricity business, and

2. WHEREAS: This would include the sale of the Western Area Power Administration facilities which would include the Central Valley Project's power sources at Shasta, Nimbus and Folsom dams, and

3. WHEREAS: The sale of these projects could create a utility

monopoly and result in higher rates to the Agriculture user as well as the public and all industry, therefore, be it

4. RESOLVED: That the California State Grange and the National Grange vigorously oppose selling of these electricity-producing projects to private power companies.

C-2

Independent Grange #470 CALIFORNIA STATE SOIL CONSERVATION PLAN

 WHEREAS: The State of California does not now have a Conservation plan, and

2. WHEREAS: There is now a Soil Conservation Plan prepared by the Department of Conservation and State Soil Conservation Advisory Committee, therefore, be it

3. RESOLVED: That the California State Grange give its support and use its influence to encourage the state officials to implement the California State Soil Conservation Plan.

S-C-1

Conservation Committee TOXICS INITIATIVE

1. WHEREAS: Proposition 65, which will be on the November 1986 ballot, will go far beyond reasonable standards, and

2. WHEREAS: We all want safe drinking water and a safe environment, and

3. WHEREAS: Proposition 65 would adversely impact farmers as well as other businesses both large and small, therefore, be it

4. RESOLVED: That the California State Grange urge its members to vote against Proposition 65.

CONSTITUTION AND BY-LAWS

C&BL-1

Riverdale Grange #624 REPRESENTATION TO THE CALIFORNIA STATE GRANGE ANNUAL SESSION

1. WHEREAS: As currently written, the Constitution of the California State Grange and Constitution for the Subordinate Granges discriminates against unmarried persons and those Subordinate Granges who do not have a married couple attending the State Grange Annual Sessions, therefore, be it

2. RESOLVED: That Article XII, Section 2, of the Constitution for

Subordinate Granges be replaced with the following:

"Selected and Alternate Delegates -- If the Master is unmarried or, if married, his spouse is unable to attend a State Grange meeting,

the second voting privilege may be given to another member in good standing selected by a vote of the Grange. If the Master is unable to attend, the Grange may select any two members in good standing to serve as alternate delegates, and these two shall be voting members in the State Grange. In no case shall a Subordinate Grange be allowed more than two delegates at a State Grange meeting.", and be it further

3. RESOLVED: That artilec II, Section 2, of the Constitution of the California State Grange be amended by adding "or Master whose spouse is unable to attend" between the words "Master" and

"whereby" and, be it further

4. RESOLVED: That Article II, Section 2, of the Constitution of the California State Grange be amended by replacing the last sentence with the following: "Any Pomona or Subordinate Grange may elect any two members as representatives in the State Grange when the Master is unable to attend and these two representatives so elected shall be voting members of the State Grange."

1. WHEREAS: Article II, Section 4, Page 22, Constitution for Subordinate Granges, reads "Seven members shall constitute a quorum for transaction of business.", and

2. WHEREAS: Visiting members could be construed as being a valid interpretation in making up the necessary seven members for a

quorum, therefore, be it

3. RESOLVED: The words "of the respective Chartered Grange" be inserted between the words "members" and "shall". Thus reading: "Seven members of the respective Chartered Grange shall constitute a quorum for transaction of business."

C&BL-23

California State Grange Executive Committee AFFILIATE MEMBERS

1. WHEREAS: National Policy adopted in 1985 provides for amending Affiliate membership in the 1982 National Grange Digest, Section 33, pg. 69, and

2. WHEREAS: Many Granges could benefit from the affiliate membership provision, therefore, be it

3. RESOLVED: The California State Grange Constitution, Revised 1984, Article VI "Membership" be amended by adding Section 7 as follows:

"Section 7. A Fourth Degree member may not be a member of more than one Subordinate Grange at the same time except that Fourth Degree members my be elected to one additional Grange as a Affiliate Member. A proposal for Affiliate membership and election thereto shall be the same as provided in the basic requirements for Subordinate Grange candidates, with the exception that the investigating committee and the first four Degrees or the Official Grange Obligation Ceremony shall not be required and election to membership shall be by majority vote by paper ballot. Such Affiliate Member shall pay the regular dues to be entitled to hold office and vote in the additional Subordinate Grange, provided that Affiliate Members are clearly designated as such in reports to the State Grange Secretary and the National Grange; and further provided that such Affiliate Members shall not hold the same office in two Subordinate Granges at the same time.

Subordinate Grange Affiliate Members are eligible to hold office in a State Grange and participate in contests sponsored by the National Grange. Both of these benefits of the Order must be exercised by such Affiliate Members in the same Subordinate and State Grange.", and, be it further

4. RESOLVED: That the Constitution for Subordinate Granges, Article IV, Section 15 be added to read:

"Section 15. Affiliate Members. Requirements for Affiliate Membership may be found in the California State Grange Constitution, Article VI, Section 7."

Rio Linda Grange #403 GAIN IN MEMBERSHIP

 WHEREAS: The growth of the Grange today is more important to the people of this country than it was when the Grange Movement spread across the plains like a wildfire, and

- 2. WHEREAS: Some Granges have continued to grow while the membership shows a continuing drop on the local, state and national level, and
- 3. WHEREAS: We must come back to selling the Grange first, the benefits are just a part of the Grange after you become a member, and
- 4. WHEREAS: There are several reasons for these Granges to continue their growth:
 - 1. The membership in that Grange places growth as the top priority of their Grange. (They want to grow.)
 - 2. The Grange establishes a special working relationship with the local paper. (Continuing to keep in front of the people of the community the Grange's activity.)
 - 3. No members of that Grange are using the Grange for their own personal gain. (Which means all Grange members are working for one cause.)
 - 4. The membership follows the correct Grange procedure.
 - 5. The Grange becomes one of the most important leaders in the community it is operating in.
 - 6. Be sure all members, regardless of age, take an active part in the Grange meetings. (This means the Youth and older members are all working together.), and
- 5. WHEREAS: Rio Linda Grange #403 has averaged a net gain of over 13 members per year for the past 23 years, therefore, be it
- 6. RESOLVED: That Rio Linda Grange #403, being one of those Granges that has had a growth over the years, wishes to challenge all Granges in California to carry a new Grange Torch home with them and join with us in showing a net gain of 10 new members by the end of the June 30, 1987 quarter.

1. WHEREAS: The method of marching three abreast with the flag during presentation appears to be very awkward, and

2. WHEREAS: Many Grange halls are small and do not have too much room for this method, therefore, be it

3. RESOLVED: That Resolution G-9-85 be rescinded. The flag will be presented in the same manner as prior to its passage.

C-24

Clear Lake Grange #680 MEMBERSHIP AND AFFILIATE BENEFIT PROGRAMS

1. WHEREAS: The California State Grange has numerous affiliate benefit programs, and

2. The Delegate Body of the 1984 California State Grange Annual Session adopted legislation imposing mandatory requirements for Grange membership upon the Grange applicant for membership through one specific affiliate benefit program, therefore, be it

3. RESOLVED: That all affiliate benefit programs of the Calfiornia State Grange be required to meet the same conditions for membership as imposed on the Grange Insurance Association in 1984 and as follows:

A Grange applicant may participate in the California State Grange Affiliate Benefit Programs after payment of one years dues in advance and the proper initiation fee. Said applicant shall have a six-month grace period to become a Fourth Degree Member of the Order, and if the applicant does not become a member within the six month period, his/her membership in the Affiliate Benefit Program shall be cancelled, and, be it further

4. RESOLVED: That in the event Grange membership ceases for any reason whatsoever, the membership in the Affiliate Benefit Program shall also cease, and, be it further

5. RESOLVED: That the California State Grange take appropriate action to impose the aforesaid requirements where possible.

G-25

Rio Linda Grange #403 IDENTIFYING THE WARRANTS

1. WHEREAS: The Warrants in the Journal of Proceedings do not identify as to what they are issued for, therefore, be it

2. RESOLVED: That all warrants published in the California State Grange Journal of Proceedings be identified as to what they are for.

G-30

Butte Pomona Grange #16 NATIONAL GRANGE SPEECH CONTEST

1. WHEREAS: The 26 to 35 age group of the Youth and Young Adults Public Speaking Contest was eliminated at the 1985 National Grange Session, and

2. WHEREAS: The Grange should seek to involve more people, not less, in the public speaking contest, and

3. WHEREAS: There are few contests in the Youth and Young Adult Department in which the members in the 26 to 35 age group can partake in, therefore, be it

4. RESOLVED: That the National Grange reinstate the 26-35 age group in the Public Speaking Contest, and, be it further

5. RESOLVED: That the National Grange seek sponsors for the contest at both the Regional and National levels to reduce the impact on the budget of the National Grange.

G-31

Butte Pomona Grange #16 YOUTH AMBASSADORS

- 1. WHEREAS: The 1987-1988 Guide to Contests and Programs distributed by the National Grange includes a change in the ages of the Youth Ambassadors from an upper age of 22 (inclusive) to age 21, and
- 2. WHEREAS: It is required that to compete in the contest, a member must be a Granger for at least two years, and

3. WHEREAS: Lowering the age limit could possibly eliminate a second opportunity at the state level, and

4. WHEREAS: This reduction in the age limit will reduce the level of participation by elimination of 33% of the years a member is eligible to compete, from 6 years to 4 years, therefore, be it

5. RESOLVED: That the California State Grange petition the National Grange to change the age limit for the Youth Ambassador Contest so that it remains at 16 to 22 (inclusive).

G - 32

Butte Pomona Grange #16 YOUNG COUPLE OF THE YEAR

1. WHEREAS: There have been discussions on changing the age limit of the Young Couple of the Year Contest in the Youth and Young Adult Department to be reduced from age 35 to age 27, and

2. WHEREAS: In todays society, the age in which people marry for

the first time has increased to the mid-twenties, and

3. WHEREAS: Reduction of this age limit would eliminate participation by the upper age limits of the Young Adults Section of the Youth and Young Adults Department, and

4. WHEREAS: In order to enter the contest, a couple must be married a minimum of two years, and be members of the Grange for at least two years, which means that effectively the couple must be married before the age of 25, therefore, be it

5. RESOLVED: That the California State Grange go on record opposing any reduction in the age limits of the Young Couple of the Year,

and be it further

6. RESOLVED: That this resolution be forwarded to the National Grange for further consideration.

G-33

California State Grange Executive Committee ASSOCIATE MEMBERSHIP

1. WHEREAS: The National Grange Constitution allows for an associate membership program, and

2. WHEREAS: This program "could" broaden the membership base, expand services and provide for increased representation before State and National governments, and

3. WHEREAS: A fee schedule, billing procedure and level of distribu-

tion should be established, therefore, be it

 RESOLVED: The California State Grange Master continue with an interim Constitution and By-Laws Committee to study the associate member concept and make recommendations, by resolution, to the 1987 Delegate Body.

Orange County Pomona #36 EXCESS USE OF PUBLIC AND TAXPAYERS FUNDS

WHEREAS: City, State and Federal officials use taxpayer funds for 1. mailing various pamphlets, letters and questionnaires, and

WHEREAS: These mailing costs are in excess of any reasonable 2.

amount, therefore, be it

RESOLVED: That the California State Granmge urge the 3. Legislature and the National Grange urge Congress to set reasonable limits as to the amount Public Officials can spend on mailings to the Public.

L-8

Sonoma County Pomona Grange #1 SUPPORT PROPOSITION 62

WHEREAS: Section four of Article XIII-A of the California Con-1. stitution was removed by the California Supreme Court, and

WHEREAS: This section was voted by the people of California in 2. the 1978 election that solved the problem of higher taxes, and

- WHEREAS: The Taxpayers Voting Rights Act which qualified for the ballot with nearly 600,000 signatures will restore the 3/3 vote by 3. cities, counties, and special districts in local elections, therefore, be
- RESOLVED: The California State Grange urges support of Proposi-4. tion 62.

L-9

Empire Grange #521 MAILABEL BAFFLE MATTER

WHEREAS: The "raffle" is a traditional method of fund raising for 1. non-profit and charitable organizations, and

WHEREAS: These organizations may not use the US Mails to 2. distribute, advertise, promote or conduct such fund raising activities

(Section 123.42 Domestic Mail Manual), and

WHEREAS: In many cases the US Mails represent the only viable 3. method these organizations have or reaching their members for the purpose of distributing, promoting and collecting donations raised through the raffling of gifts and prizes, therefore, be it

RESOLVED: That the California State Grange urge the National 4. Grange to seek legislation that will create an additional paragraph in section 123.42 of the Domestic Mail Manual that will make said section not applicable to non-profit organizations as described in section 501 of the Internal Revenue Code.

T.-10

Sonoma County Pomona Grange #1 STAND ON GRACE COMMISSION

1. WHEREAS: The Grange in California at its convention in Visalia endorsed protions of the Grace Commission report, therefore, be it

2. RESOLVED: We ask the California State Grange and the National Grange to endorse sections of the Grace Commission report that are consistent with Grange Policy.

L-11

Orangevale Grange #354 LIABILITY REFORM

1. WHEREAS: The California State Grange Delegate Body passed SL-2-85 "In Support Of Liability Reform Initiative" which became Proposition 51 on the June 1986 ballot, and was passed by the voters, therefore, be it

2. RESOLVED: The California State Grange join the Tort Reform Coalition to encourage the legislature to continue to reform Tort

Liability, and be it further

3. RESOLVED: That if a referendum issue arises from this reformation, the California State Grange is granted the authority to become a part of the initiative to qualify these issues of Tort reform for a subsequent ballot.

L-12

Kings County Pomona Grange #28 ENGLISH LANGUAGE

1. WHEREAS: English is the printed language of our forefathers in establishing our Constitution, and

2. WHEREAS: To print materials in multi-language, multi-culture

variation is costly and confuses many issues, and

- 3. WHEREAS: To print in English and Spanish is an unfair practice that eliminates the many other languages represented in our American culture, therefore, be it
- 4. RESOLVED: That we should support the concept of a unitary adopted language on all governmental communication, in our laws and public institutions, and that the language most common in our State of California be adopted as English as our state language, and be it further
- 5. RESOLVED: That the California State Grange support Proposition

63.

S-L-1

Legislation and Taxation Committee OPPOSE PROPOSITION 61

1. WHEREAS: Proposition 61 of the November 4, 1986 election, is intended to reduce cost of government, and

2. WHEREAS: The measure was proposed without limitations such as elected public officials, but includes also all sub-entities of government such as state, county, city, school districts, hospital districts, and California Agriculture educational and research, and

3. WHEREAS: It exceeds the salary limitation to include fringe

benefits such as sick leave and vacation time, and

4. WHEREAS: Providing a transition buy-out for accumulated sick leave and vacation time would put an immediate short-fall of available funds, and

5. WHEREAS: Denial to accumulate sick leave would encourage the use of such benefits inappropriately, therefore, be it

 RESOLVED: that the California State Grange oppose Proposition 61.

S-L-2

Legislation And Taxation Committee LIMIT THE HIGH COST OF LIABILITY INSURANCE

1. WHEREAS: The high cost of liability insurance has escalated beyond reasonable limits, and

WHEREAS: Many businesses, towns, cities and persons cannot af-

ford the cost, therefore, be it

2.

2. WHEREAS: "Notchers" are losing one hundred dollars a month just because they were born during the wrong time, therefore, be it

3. RESOLVED: That the National Grange investigate this unfairness, and be it

4. RESOLVED: If unfairness does exist that the National Grange take appropriate action.

N-3

Sonoma County Pomona Grange #1 SUPPORT HJR 593

1. WHEREAS: Now that we have built the Soviet War Machine and Defense Secretary Casper Weinberger has allowed Red China to purchase \$98 million worth of technology to start a build-up of their War Machine, also another \$550 million for other technology, and

2. WHEREAS: In a few years our government will be saying we have

to have more money for defense to combat the Red Chinese as we are doing for the Soviet Union today, therefore, be it

3. RESOLVED: That the California State Grange support HJR 593 to prohibit these sales to Red Chinese, and be it further

4. RESOLVED: We urge the support of the National Grange at its annual convention this November.

N-4

Sonoma County Pomona Grange #1 SUPPORT HJR 592

1. WHEREAS: HJR 592 introduced by Representative Mark Siljander which prohibits the sale of integrated avionics system kits to the Peoples Republic of China unless we allow the sale of much needed F-20 advanced all-weather fighter planes tp modernize the air power of the Republic of China on Taiwan, therefore, be it

2. RESOLVED: That the California State Grange support HJR 592 to

the fullest extent, and be it further

3. RESOLVED: We urge the National Grange to support this bill and work for its adoption by the Congress.

N-5

Sonoma County Pomona Grange #1 SUPPORT HR 97

1. WHEREAS: HR 97 introduced by Representative Philip Crane would amend the trade act of 1974 and the Export Import Act of 1945 to prohibit all extensions of credit guarantees, investment guarantees or grants by any agency of the United States Government to any communist country, and

2. WHEREAS: HR 97 has been referred to the International Finance, Trade and Monetary Police Subcommittee of the House Ways and

Means Committee, therefore, be it

3. RESOLVED: That the California State Grange endorse bill HR 97 at its annual convention in October, and, be it further

4. RESOLVED: We ask endorsement of this bill by the National Grange at its annual session in November.

N-6

Sonoma County Pomona Grange #1 SUPPORT HR 1345

1. WHEREAS: HR 1345 also introduced by Representative Crane, would require the President to report to Congress on a quarterly basis all loans, guarantees, credits, and grants made to Communist Countries made directly by the United States Government or indirectly through an international agency in which the United States is a member, therefore, be it

2. RESOLVED: We urge the adoption of this House Bill number HR 1345 by the California State Grange at its annual convention this October, and, be it further

3. RESOLVED: We ask adoption of this resolution by the National

Grange at its annual convention in November.

N-7

DeSabla Grange #762 ENGLISH AS THE OFFICIAL LANGUAGE OF THE UNITED STATES

1. WHEREAS: At the 1985 Convention of the California State Grange, there was passed a resolution (L-10) calling for English to be the official language of the United States, and

2. WHEREAS: There has been very little or no action taken by either

State or National Governments, therefore, be it

3. RESOLVED: That the California State Grange and the National Grange shall renew their efforts in support of any action that will promote English as the Official Language at both State and National levels.

N-8

Butte Pomona Grange #16 TO HELP REDUCE THE DEFICIT AND BALANCE THE NATIONAL BUDGET

1. WHEREAS: The National Budget is still unbalanced and getting worse each day while Congress seems to do nothing about correcting the situation, and

2. WHEREAS: The California State Grange passed a resolution (L-8) at the last convention calling for "line item veto" power for the

President of the United States, and

3. WHEREAS: Congress has done nothing about this item, therefore, be it

4. RESOLVED: That the California State Grange and the National Grange shall renew their efforts to support legislation to provide this "line item veto" power to the President of the United States.

N-9

Butte Pomona Grange #16 QUALIFICATIONS FOR PUBLIC OFFICIALS

1. WHEREAS: The California State Constitution has very strict rules for qualifications for public officials, especially in regard to activities during war or hostilities (see Article VII Section 9), and

2. WHEREAS: There is at least one member of the Assembly whose activities were of questionable nature during a time of war or

hostilities, therefore, be it

3. RESOLVED: That the California State Grange call on the Attorney General to review their qualifications and past records, and make certain that ALL members are qualified as per the State Constitution.

S-N-1

National Welfare Committee LIMIT TRAVEL OF REPRESENTATIVES TO STATE AND NATIONAL OFFICIALS

1. WHEREAS: Many representatives to State and National government have abused traveling all over the world at taxpayers expense at a time when taxpayers are asked to tighten up, and

2. WHEREAS: Excesses should be stopped to aid in a balanced budget,

and

1.

3. WHEREAS: This would help taxpayers at this difficult period when people are being laid off and out of jobs, therefore, be it

4. RESOLVED: That the California State Grange urge the State Legislature to place a limit on governmental use on travel abuse and request the National Grange to do the same in the Congress of the United States.

S-N-2

National Welfare Committee SOCIAL SECURITY NUMBERS FOR CHILDREN AT BIRTH

WHEREAS: The importance of Social Security numbers are necessary in all record keeping, and

2. WHEREAS: If Social Security numbers were issued at birth, record keeping and all identification throughout life would be easier, therefore, be it

3. RESOLVED: That the California State Grange urge the National Grange to use its influence through the legislative body to endorse issuing Social Security numbers at birth.

TRANSPORTATION, ROADS AND HIGHWAYS

T-1 Rewrite

Gazelle Grange #380 MONEY SPENT ON BILLBOARD REMOVAL

1. Whereas: The Federal government has passed a bill for bill board sign removal of existing bill boards on Federal highways, and

2. WHEREAS: Said bill has provisions for purchasing existing bill board signs, and

3. WHEREAS: The House Public Works Committee has seen fit to increase said purchase amounts by use of Federal highway construction funds, and

4. WHEREAS: These funds are greatly needed for construction and

repairs of our Federal highway system, therefore, be it

5. RESOLVED: That the California State Grange urge the National Grange to use their influence to stop this wasteful drain on our Highway Construction Funds.

T-3

Gazelle Grange #380 RADAR EQUIPMENT

1. WHEREAS: The California Highway Patrol has been authorized to use radar control on speed, and

2. WHEREAS: The California legislature has never appropriated

money to purchase said radar equipment, therefore, be it

3. RESOLVED: That the California State Grange urge the California State Legislature to pass a bill authorizing the money to purchase such radar equipment for all California Highway Patrol cars used to control traffic on our highways.

T-5

Sonoma County Pomona Grange #1 RELATIVE TO MOTORCYCLE HELMETS

1. WHEREAS: In California, it is not mandatory to wear helmets while riding a motocycle, and

2. WHEREAS: A helmet can save a life or a severe head injury while

riding a motorcycle, therefore, be it

3. RESOLVED: That the California State Grange urge the California State legislature to enact a mandatory motorcyclist helmet law.

S-T-1

Transportation, Roads and Highways Committee VEHICLE INSURANCE

1. WHEREAS: The State of California requires all drivers and vehicle owners to provide a minimum of insurance of \$15,000 bodily injury (or death) for one person, \$30,000 for bodily injury per accident (or death), and \$5,000 for property damage, or a deposit of \$35,000 with the Department of Motor Vehicles, or a bond of the same amount, and

 WHEREAS: There are over 18,000,000 registered motor vehicles in the State of California, many of which do not comply with the

above requirements, and

3. WHEREAS: Current legislation appears to be unenforceable, therefore, be it

4 RESOLVED: That the California State Grange use its influence to urge the legislators to enact an enforceable insurance law
