

To Whom It May Concern, Greetings

Whereas, on the Fifteenth day of July in the year of our Lord, 1873 in compliance with the laws and regulation of the National Grange, there was organized a State Grange by representative of the Granges of the State of California.

Now, therefore, be it known, that the National Grange of the Patrons of Husbandry does hereby grant this Charter to the State Grange of California, and confers upon said State Grange the right to meet and act in promotion of the welfare of rural life and in the interest of the Granges of the State, to confer the Degree of Flora, and to transact such other business as is delegated to State Granges by the Digest of the Laws and Enactments of the National Grange.

Provides, nevertheless, that the officers and Members of the State Grange hereby constituted, and their successors, shall at all times comply with the Constitution of the National Grange and with the By-Laws of the State Grange, which must be in harmony with, and in conformity to, all National Grange laws and rulings.
