PATRONS OF HUSBANDRY

Ninetieth Annual Session

Santa Monica, California

1962

1962
NINETIETH ANNUAL SESSION
OF
CALIFORNIA STATE GRANGE
SANTA MONICA, CALIFORNIA
TUESDAY
OCTOBER 16, 1962

The 90th annual session of the California State Grange was called to order at 10:00 a.m. in the Civic Auditorium in Santa Monica, with Worthy Master J. Blaine Quinn presiding.

Presentation of the State Grange Officers.

The Worthy Patroness Ceres presented the flag.

The Assistant Stewards escorted the Mayor of Santa Monica, Mayor McCarthy, to the Master's station, where he gave an address of welcome. Brother Chester Deaver, Worthy Overseer, gave response.

All who were not members in the sixth degree retired to the lobby and the California State Grange was opened in regular form with Deputies Harold Smith, Kenneth Greene, Floyd Davis, Allen Lindebeck, Percy Simons, Charles Davis, and Justus Borchers assisting the Assistant Stewards in taking the password.

Worthy Chaplain, Leta Littler, led the assembly in seeking divine guidance. Opening song, "It's a Good Thing To Be a Granger," lead by Jimmy Mitchell, Youth member.

Assistant Stewards escorted Secretary of Agriculture, Orville Freeman, and his party to the Master's station. Worthy Master introduced Mr. Freeman, Charles Paul, Director of Agriculture of State of California, D. D. White, from Board of Agriculture, and Mr. and Mrs. Milton Meticoff to the delegate body. Secretary of Agriculture Freeman addressed the session.

Final report of Good of the Order Committee by Larry White, Chairman. Accepted.

(See page 180, Journal of Proceedings.)

Report of Mileage and Per Diem Committee by Lloyd Piper.
Report Accepted.

(See page 159, Journal of Proceedings.)

Motion made and seconded that the minutes of today's meeting be approved by the Executive Committee and printed in the Journal of Proceedings. Carried.

Resolution of appreciation by Dick Rafter, Deputy of San Diego County.

Assistant Stewards escorted Lars Nelson, National Grange Overseer and Washington State Grange Master, also Allen Wheeler, Oregon State Master and Mrs. Wheeler to the Master's Station. All gave a farewell word.

Various dignitaries were recognized; each spoke briefly.

Installation of Executive Committeemen, Lloyd V. Piper and Vayne Ralston.

Installing Master, Chester Deaver; Installing Marshall, Olive La-Caille; Emblem Bearer, Ida Freitas; Regalia Bearer, Irene Davis; Pianist, Wm. Campbell; Chaplain, Leta Littler.

A tribute to Brother Nelson Van Horn by the State Master for the wonderful handling of the Convention arrangements.

Closing of the Grange, and this 90th Annual Session.

Respectively submitted,

Clara Williamson, Secretary

MASTER'S ANNUAL ADDRESS

Welcome to all assembled on the shore of the Pacific, in Santa Monica, host to the 90th annual session of our California State Grange. Nature here has combined the lure of an all year, spring-like climate with almost perfect bathing beaches, for the relaxation and benefit of man. May we all restore our energies, while debating on and adopting measures for the welfare of our Grange, Community, State and Nation.

It is unrealistic to think that all is well, when every alert member knows that the very existence to ourselves as a free people, as well as the course of the world, depends on bold, courageous and sound action on the part of every responsible man and woman in these United States.

The Grange, born of the aftermath of strife, is in a strikingly strategic position to lead the way in constructive action which will preserve the dignity of agriculture and maintain in these United States the proposition that a free agriculture, with equal opportunity for all, will assist in leading the nation and the rest of the world toward the goal every right thinking person dreams of; the supremacy of decency.

The task is monumental, and mere words will have little effect on the outcome; but real labor and a determined will to battle for the right, as our Granges know how to fight, will ultimately bring desired results.

Let us dedicate ourselves to the business at hand and be worthy of the birthright handed down to us by the founders of our Order.

AGRICULTURE

The Grange in California has consistently maintained that agriculture is entitled to the same measure of protection enjoyed by other lines of endeavor. When support is necessary, it should be afforded.

However, through the years, instead of legislation that would assist all of agriculture, we see the spectacle of over 17 years of continuous support prices, export subsidies, land retirement, or so-called "Soil Bank" payments for about 7 favored commodities; and the rest of agriculture, left to fend for itself.

The fault is not in the idea of support to even these favored articles, but the manner in which we believe the original intent of Congress has been supplanted by huge annual payments, year after year to immense corporate and private ownerships amounting in many instances to over one million dollars and more to some corporate holdings annually. Surely this is not the wish of a majority of our 180 million people. Support where needed yes, but not millions each year to a favored few.

There are many in both Houses of our Congress who either themselves, or their families operate immense acreages of these favored supported commodities. They have received a total of billions in annual payments for around 17 years. As stated before, one would be naive indeed to expect them to sponsor or favor any legislation that would literally end a beneficent hand-out yearly from a generous, but mistaken Federal Government.

All legislation so far offered, requires some definite cut in acreage or production but this is not enough — common sense demands that a definite limit be placed on the total amount any one individual, corporation or association can receive in a calendar year in supports, subsidies, or crop and land retirement schemes.

A limit of \$50,000 as the maximum amount on any annual payment for supports, etc., would have eliminated the spectacle of a certain gentleman from amassing millions in illegal cotton acreages and the consequent details of evasion, bribery and negligence.

The system now in operation makes these kind of actions available to greedy individuals who influence those in office to go along with their schemes. Remove the chance to bribe and degrade public officials and we will travel a long way toward sanity in agricultural supports.

Table No. 1

CALIFORNIA FARM INCOME—YEAR 1961

CROPS	1,944,021,000.00
Field Crops	
Alfalfa Seed	15,916,000.00
Barley	72,272,000.00
Dry Edible Beans	36,431,000.00
Corn	10,726,000.00
Cotton and Cottonseed	327,717,000.00
Hay	96,238,000.00
Potatoes	55,126,000.00
Rice	64,439,000.00
Sorghum Grain	14,490,000.00
Sugar Beets	49,604,000.00
Wheat	15,337,000.00
Fruit and Nut Crops

TOTAL CASH RECEIPTS

FROM FARMING	3,251,585,000.00
--------------------	------------------

Table No. 1 details the agricultural products comprising California's three billion dollar 1961, agricultural output, the largest total of any of our states. It would seem that a state having the greatest dollar value in agricultural production should have strong representation around the council tables of those in charge of charting a course for the nation's farm problems.

California's annual farm output accounts for more than 30 per cent of the total economy of California and should be a matter of vital concern to all connected with our state government. The purchases of every item needed in our modern life depends in a large sense on a stable and profitable agricultural production. Also, in this total should be included the number of efficient, independent agricultural producers on their own land. Mere billion dollar totals are not enough. The control of the output by a few corporate holdings would add little to the general welfare of California compared with its being shared in by thousands of farm families, who would immediately convert their income from their agricultural bounty by building modern homes filled with the gadgets and accessories now demanded by modern American homes. Think of the extra thousands of industrial workers it keeps at their jobs, earning modern wages to buy the products of California farms and to contribute their part in our delicate fabric of national welfare. What system of corporate agriculture could match this? What do the thousands of imported Nationals and seasonable migrant workers contribute to the welfare of the local merchant compared with thousands of eager farm families ready and willing to buy the production of our industrial machine. It is difficult to understand why thinking people, as well as some of our government officials, fail to see the tragic result of an economy patterned after a feudal Europe of 150 years ago. That is exactly what is being proposed to the people of California by misguided (or otherwise) economists, professors and government officials who prate about efficiency in large operations. The press seems to be tranquilized into accepting the hand-outs of the corporate farm sponsors. The big mass of California's 17-million people know differently, that eventually their welfare depends on the continuation of a system of agriculture that will make

the efficient, independent farmer the dominant force in California agricultural and economic life. It is the duty of the Grange membership to set this truth before the mass of California's citizens — the press have failed in their duty — they like some elected representatives fear the power of billions of concentrated wealth and the spreading of the truth is left to publications such as the California Grange News and a few fiercely independent public media.

In California, it is literally later than anyone thinks relative to an independent agriculture.

A recent release by a committee on economic development for agriculture made headlines. It is interesting to know that not one actual farmer was on this committee — yet, they have a pat answer to all agricultural problems. Literally, to eliminate the independent farmer and supplant him with immense corporate holdings, with thousands of Nationals from another nation, seasonable migrant workers and all the degradation and misery such actions bring.

It would have been pertinent for this committee to have taken a three-day trip through the San Joaquin Valley in California. On the first day, they would make a close inspection of the generally known corporate farm belt of California on the west side of the San Joaquin Valley. Here, they would see the immense corporation installations. They would drive for miles without seeing a church, independent farm, store or school. What they would see would be of a secondary nature. They would see the barracks of the imported Nationals, the habitations of the migrant workers and the general depressed condition of the economy. True, the scene would be closely allied to that now in effect in Central America and portions of similar holdings in South America.

Then, the next day, go over to the eastern side of this same valley; travel from Porterville to Escalon. This is the type of agriculture that is the pride of California and a shining example of what efficient, independent family farm life can be. It is unequalled anywhere on the globe. Here, you see the result of individual ingenuity, the thousands of modern farm homes filled with busy, happy families, using the products of our modern industrial machine. See the stores in the towns, filled with tomorrow's needs. See the public buildings, parks and results of community life with interested citizens. How can anyone with an interest in modern American life stand up and say that this independent system is outmoded and that we should take pattern after the Soviet type of state farms or the Central American and South American immense land holders.

Just let us think what would happen to the present picture of what is now in operation on the east side of this San

Joaquin Valley if the wishes of the corporate farming operations were supreme. First, 90 percent of the farm homes would be empty; 90 percent of the schools would be vacant; 90 percent of the merchants would have folded up and gone; 90 percent of the banks and branch banks would be inoperative, and what about the public buildings, parks, and tax receipts? No system of migrant workers and Nationals from another nation would make up for the millions of dollars of purchases by the modern farm families. Let the hirelings of the corporate farm interests answer this question.

The tragedy is that we've been led falsely down this path by willing hirelings of the corporate interests. These men must follow the orders of their masters or be replaced by those who will mouth their edicts.

The day there is nothing but 25,000 acre and larger agricultural installations in California will be a tragedy — common dignity if nothing else, demands that this false idea be stamped out and that efficient independent farmers must occupy their own land and continue to contribute their just share to the economy of California and the nation.

It is an uphill fight and it takes courage to stand up to billions of concentrated wealth. The Grange will do its job with the combined help of all decent thinking citizens.

MARKET ORDERS, PRO-RATE AND MARKETING AGREEMENTS

It is gratifying to evaluate the leading part played by the California State Grange in formulating marketing agreements and pro rates in the late 1930's when the glut of agricultural products threatened the existence of all independent farming operations in California. These wise provisions have since been the pattern for most of the present agreements in operation throughout the nation. They have been the means of orderly marketing, quality control, and safeguarding the markets of millions of dollars worth of food and fibre.

They still can be used in almost all lines of agricultural production and unless they are implemented in a short time in many lines of farm endeavor, there will be the continued cost-price squeeze that is gradually forcing out of production, the efficient, independent family farm operation. It is to the interest of every independent producer to use these valuable tools in which he will have a voice in production, marketing and quality control. These marketing orders are in successful operation in many crops in California today and are the means of keeping thousands of producers still an operating unit.

They should be placed in operation only by the majority vote of the actual producers and we believe they offer the most effective method for the grower himself to have a voice in the marketing of his products.

MECHANIZATION IN AGRICULTURE

Overnight giant strides are being made in automation in agriculture — it is as sure as the tides and will continue as long as labor costs continue to sky-rocket. Some farmers are fearful with respect to costs of mechanization. True, the initial investment is high, but the same tools of cooperation are ready for producers to use — the efficient, independent farmers can cooperate with his neighbors and adopt these improvements, sharing the cost and using them on a share and share alike basis. This is true cooperation and the Grange can lead the way in bringing these producing elements together, so they can pool their resources and match machine for machine with the immense corporate operations. No combine of migrant workers, Nationals of another nation and millions of resources can match the ingenuity, skill, and labor of an efficient, independent family farmer.

FOOD FOR PEACE

Scientists tell us that each night, close to one-billion of the globe's inhabitants go to bed hungry — most of them eking out an existence of half starvation from birth to death. We are informed that 25 years ahead, there will be over one-billion more mouths alone, in Asia, to feed.

This presents a frightening picture and even with our present seeming abundance, if all the world's inhabitants had just their minimum daily food requirements, the present so-called surpluses would be consumed in a short period.

Today one of the most important sciences is the progress of agriculture. Our government heads and keenest minds should take stock of the fact that in 1985, the nation that can offer food to the billions of hungry mouths in Asia may well be the nation that will guide the destinies of the globe.

Again we repeat, encourage, research into agricultural science the quest for improved output, earlier maturity, and most necessary of all, cheaper and more efficient means of distribution, so that the abundance of America's farms and fields can be economically transported to areas of need.

AGRICULTURAL LABOR

In spite of alarms from certain quarters, the labor supply for California's 1962 crops was in most all instances adequate. California still pays by far, the highest wages for agricultural labor than any section of America. Unreasonable demands for labor can react to the disadvantage of all branches of farming — higher and higher labor costs, coupled with excessive costs of processing, higher transportation costs, higher taxes, and other added costs which always react to the disadvantage of the basic producer, could eventually put California's farm

products out of most competitive Eastern markets. Today only by reason of increased yield and superfine quality, are some California food products able to maintain their leadership.

The Granges in California still reaffirm their policy adopted year after year at each annual session. We favor a national minimum wage for agriculture but oppose any minimum agricultural wages for California alone.

FEDERAL AGRICULTURAL LEGISLATION

It would be repetitious to repeat the daily discussions in Congress, the Press, Executive offices, and general reaction to agricultural legislation now in progress or already enacted on a nation-wide basis.

Again, the California Granges have stood squarely on the premise that the present plan of supporting approximately seven favored commodities with no assistance to the balance of agriculture, is unsound and contrary to all principles of equality.

We firmly believe the most effective way to reduce unwieldy supplies of present stored commodities is to rely on a system of direct compensatory payments to the basic producer, similar to that now being used in wool production.

Let the commodities reach their own level in the general market. This would at once eliminate the Federal government from buying, storing and marketing billions of dollars worth of agricultural commodities annually. The producer would take a receipt from any recognized handler or processor. A price that would be a bulwark against disaster, but not too high so as to promote undue expansion would be set. Then, if the actual market price received by the basic producer did not meet the figure set against disaster, the producer would then receive a direct cash payment to make up the difference between his actual returns and the price set against disaster. Always, though, with a definite limit on the total amount any one producer, association, or corporate entity could receive in support prices for a calendar year.

This is not perfect, but we believe it far superior to what we have been following the past 17 years and it deserves a trial in at least 1 or 2 crops. If not feasible, it could be eliminated.

The second is to continue support prices in somewhat the same manner as they are now constituted; but with a strict limit on the total amount anyone could receive in supports, loans, or grants in any calendar year. This would eliminate speculative plantings and remove from the rolls those immense corporate aggregations that in some instances receive over one-million dollars each year from the Federal Government. There would still be the same cumbersome

process of the Federal agency buying billions of dollars worth of commodities each year, paying out hundreds of millions of dollars in annual storage fees, countless thousands of Federal employees keeping records of purchases, loans, grants, etc. One thing, though, it would eliminate the spectacle of immense operators piling up millions of dollars in excess loans, grants and supports. This, in itself, would be a step in the right direction.

There are members of the United States Senate and House of Representatives, who either themselves, or their families, operate immense holdings in production of the present favored supported crops. Consequently it is going to be difficult to enact legislation that would remove their lands from this bonanza of Federal millions of dollars each year in supports, loans and grants. That is the situation today and it will take the combined efforts of all those interested in a fair, untrammelled agriculture to remove these privileged beneficiaries of public funds, from their favored position.

The present national agricultural legislation, while aimed at corrective measures, does not go far enough in eliminating the adverse effects of the past 17 years of farm supports.

EUROPEAN COMMON MARKET AND PROPOSED TRADE AGREEMENT

The following table shows the yearly output of some of California's specialty crops that will feel the impact of the proposed trade agreements with various European nations. These crops which are produced almost wholly within the borders of California and the bulk of their output is consumed in the United States. This is a valuable and vital part of California's economy and anything that curtails the output of these crops would also adversely affect the entire state.

Table No. 2

Specialty crops produced almost wholly within California in the United States and their relation to exportable similar crops from Southern European nations:

Grapes, Annual Calif. Output, in Dollars	\$149,543,000.00
Almonds	35,856,000.00
Walnuts	28,035,000.00
Avocados	9,940,000.00
Olives	7,152,000.00
Figs	5,406,000.00
Artichokes	4,539,000.00
Dates	3,120,000.00
Total	\$243,591,000.00

Most of the Southern European nations now in the common market and those who will eventually join, have these commodities in export quantities. The threat to California is

that in order to sell some of our other exportable agricultural commodities, such as cotton, wheat, coarse grains, etc., we may sacrifice these specialty California crops in order to find a market for our grains. There is no quarrel with exporters of wheat and grain to find a market, but if there are to be sacrifices down the line of agricultural production, let each segment bear a portion of the burden, so that California's over two hundred-million dollar annual output of certain agricultural products will not be sacrificed entirely. This is a reasonable position and we believe all fair minded people will concur.

Table No. 3 shows the total value of certain California food and fruit products in export to the major importing nations. The bulk of these fruit and edible products have gone to the present European Common Market countries. Any disruption in their normal flow to world markets would have a disastrous effect on California's economy, so it will take shrewd bargaining around the tables to protect California's exports, as well as provide some method of protection to around two-hundred-fifty-million dollars in specialty products produced by California and also produced in exportable supplies by the present and proposed members of the European common market. It is a complex problem and there is no direct answer. It must be approached with vigor, courage and reason.

Table No. 3

Annual Exports of California Food Items	Value in Dollars
Lemons and Limes	\$14,000,000.00
Fresh Plums and Prunes	3,000,000.00
Raisins	17,000,000.00
Dried Apricots	1,400,000.00
Dried Prunes	17,000,000.00
Almonds, (Shelled) Principally to Japan, Mexico, Canada and Australia	2,000,000.00
Almonds, (Unshelled) Principally to Canada, Mexico	170,000.00

Many items such as beans, fresh apricots, apples, peaches, pears, honey, etc., while exported from California, are also exported from other U.S. producing areas. Figures for California alone are not available on these.

As distances shrink, the world becomes closer, and if the United States is to take the lead in world order, we must be willing to give and take in the name of peace and world security.

With proper representation around the bargaining tables, all interests should be able to have a voice in the final settlement so that no undue harm be done to any agricultural product worthy of survival.

CONSERVATION

The record of the years show the Granges in California supporting all measures to conserve water, improve natural resources, and to supply California's family farms with water at a price within reach and made possible by the generating and sale of public power.

Witness the achievements of the Federal Government in the giant central valley projects, Shasta, Keswick, Trinity, Folsom, Monticello, and other Federal investments of over one-billion dollars. These wise investments make it possible for California to produce year after year, over three-billion dollars annually in agricultural wealth, accounting for over 30 percent of the state's total economy.

As usual, these wise investments have the fullest backing of the Granges in California and the opposition generally of those immense corporate land holdings, whose selfish interests overweigh their public duty.

Due to the selfishness of these corporate interests, with holdings of millions of acres of land held in 300,000, 200,000, 500,000 acre and similar sized tracts, the State of California embarked on a system of water development which could have been performed by the Federal Government at less than one-half the cost to basic agricultural users of water. These interests though, did not want to avail themselves of vastly cheaper irrigation water by the Federal Government with the necessity of disposing of all lands using this water after a ten-year period, in excess of 160 acres (320 acres in California under community property law). To this end, California embarked on a costly state water project, but with the assistance of the Federal Government. The Federal funds allocated to the state's Oroville Dam will be in the neighborhood of 60 million dollars. The Federal Government throughout the expenditure of close to one-billion dollars on the Shasta, Keswick, and Trinity Dams has so regulated the flow of the Sacramento River, that the moment the waters from Oroville Dam already with 60 million dollars of Federal support, enter the Sacramento River, they are a part of a Federal project and Federal regulations should apply on all waters so entering the Sacramento River.

The Federal Government is also supplying practically 50 percent of the total cost of the proposed San Luis Reservoir. There could be no present state water project without the aid of the already expended billion dollars of the Federal funds, so every thinking citizen knows, that legally and morally, all waters entering the proposed San Luis Reservoir are subject to Federal regulations.

In October, 1960, the Grange released a pamphlet, entitled "What Price Water". How true these forecasts were, and even then they were far too conservative in light of

recent developments on the probable costs of this state water for irrigation purposes.

A release by the Governor's office in Sacramento makes a tentative cost of \$30.00 per acre foot for the state water in the Kern County areas. We understand the cost of water from the Federal portion of the San Luis Reservoir, originating at the Trinity Dam will be around \$7.50 per acre foot. Through the selfishness of immense corporate land owners, the water users in the state service area in California, if they pay the actual cost, will be penalized \$22.50 per acre foot over those using Federal water.

These corporate land owners though, are determined to get state water for their immense holdings of 200,000 acres and similar tracts for less money. They have even suggested a price of \$3.50 per acre foot for their immense acreages. This, in the guise of protecting the "poor Kern County farmer". Thinking people in California can visualize the "poor farmers" with 200,000 acres of land, getting subsidized by the taxpayers of California at the rate of \$26.50 per acre foot of water for their swollen acreages.

During a meeting of the county Boards of Supervisors in Sacramento a few months back, Grange Deputy for Santa Barbara County, Brother Veril Campbell, who is also a member of the Board of Supervisors for that county, asked Mr. Ralph Brody, the Chairman of the California State Water Resources Board, who would pick up the difference in cost between \$30.00 per acre foot and a suggested agricultural rate of \$3.50 per acre foot; and Mr. Brody promptly answered, "The general fund of California." The taxpayers of California will be taxed further to pay for this gift to almost 2-million acres of corporate held lands. This is just one of the "features" of the so-called state water project.

It is tragic to report that California's two United States Senators, while professing a strict adherence to the 160 Federal acreage limitation, still have fought viciously to exempt the state water service areas from the provisions of this same wise regulation. In the United States Senate, in 1959, when the San Luis authorization was being debated, it took the efforts of Senators Morse of Oregon, and Douglas of Illinois, to carry the fight for decency through the Senate. At that time, a crippling paragraph specifically exempting the state service areas in this project from the provisions of the Federal acreage limitation was inserted. Both Kuchel and Engle fought to retain this paragraph, but common decency prompted the Senate to reject this crippling paragraph.

A year later in the House of Representatives, the same crippling paragraph was inserted in the Sisk Bill known as H.R. 7155. This time it was paragraph 7, which also specifically exempted the state service areas from the provisions of

the Federal acreage limitations. After the final ballot was taken, this paragraph 7 was eliminated.

At that time, the present Secretary of Interior, Stewart Udall, was a member of the House from Arizona. Udall voted to eliminate crippling paragraph 7 from the San Luis Authorization and it was signed by the President of the United States. This did not deter the big landowners and their hirelings. A so-called "farm organization" sent telegrams to the White House demanding that the President veto the measure because they did not get their selfish way in incorporating that same crippling paragraph in the final San Luis authorization. These fellows and their hirelings never give up though, and they work around the clock to get their way.

It is humiliating to record, but the threat of withdrawal of campaign funds was one of the compelling reasons why Secretary of Interior Udall, about faced his former action while a member of the House and bowing down to pressure of financial interests, caved in and made the tentative agreement with the state of California, eliminating the state service areas from the provisions of the Federal acreage restrictions.

The work was done with great finesse, because the agreement was to be in force unless either the House or Congress rejected or amended its provisions. The Senate Interior Committee refused to reconsider this shameful give-away and we quote a letter dated March 22, 1962, from Senator Clinton Anderson, Chairman of the Senate Interior Committee:

UNITED STATES SENATE

Committee on

Interior and Insular Affairs

March 22, 1962

Mr. J. B. Quinn
California State Grange
2101 Stockton Boulevard
Sacramento 17, California
Dear Mr. Quinn:

I have your letter of March 16, 1962, indicating the opposition of your organization to the proposed contract between the United States of America and the State of California on the San Luis Project.

This matter was discussed at a full Committee meeting at which time it was determined that the matter should be decided by the courts and further action by the Committee is not contemplated at this time.

Sincerely yours,
/s/ Clinton P. Anderson
Clinton P. Anderson

The people with assets of 12-billion dollars behind them were able to sway the Federal Government to their will.

This is the threat to representative government. When powerful interests have such sway, that they can force high governmental officials in America to bow to their will, through the threat of withholding financial aid, then it is time to re-examine our Legislative set-up and devise ways and means to keep the Government in the hands of the majority of this country's 180-million inhabitants. This is more devastating than any outside threat and demands immediate corrective action.

The Grange will not give up the fight, and it may be necessary to consider Senator Clinton Anderson's suggestion and resort to the courts to protect the citizens of America from those who would subvert representative government to their own selfish interests.

On December 12, 1961, the California Department of Water Resources issued a preliminary schedule of proposed water costs from the Oroville Dam-San Luis Project after the water is pumped 3,000 feet over the Tehachapi Mountains into Southern California. Below is the exact copy of the contemplated schedule.

1st year	259.00	per acre foot
2	166.00	
3	129.00	
4	105.00	
5	94.00	
6	84.00	
7	78.00	
8	72.00	
9	70.00	
10	65.00	

After 20 years estimated water cost \$50.00 per acre foot.

This shows an average cost of \$112.50 per acre foot over the first 10 year period. These figures are just exploratory and it can be reasonable to assume they will be much higher if and when the actual water deliveries take place.

It is almost criminal to hold out hopes to agricultural users of water south of the Tehachapi Mountains promises of cheap irrigation water. If this is to be subsidized, it must come out of the taxpayers of California. It is to be regretted that the proponents of the State Water program, particularly the Feather River Project Association did not tell the people the truth before the bond election in November 1960. We suggest those who voted for these bonds take a second look at the literature and advertising that was so lavishly spread all over California in 1960. See just what was promised and now the actual facts are beginning to come to light, it is a rude awakening.

In September 1960 the California State Grange informed the officials of the California Department of Water Resources

they were giving out information that was unworthy of their public trust. Today's results bear out the truth of this.

The California State Grange will resist with all its resources any attempt to subsidize water at ridiculously low prices to corporate owners of land in 300,000 acre, 209,000 acre, 100,000 acre and similar sized tracts and force the taxpayers of California to pick up the tab of from \$21.50 to as high as \$35.00 per acre foot for their swollen acreages. This is what is planned by these arrogant land owners and it will take every ounce of strength the people of California have to halt them in this attempted raid.

PUBLIC POWER

The same forces that have been trying to undermine the wise precautions governing the use of electric power generated by public funds are actively at work to sabotage any constructive effort.

Public funds provide the necessary public power and this power should be used by public agencies in preference to private power interests. These so called "Independently Owned Utilities" are in reality Government licensed monopolies. They usually have a monopoly in the areas they serve. They are allowed to assess rates that will give them an adequate return on their own valuation. They pass on to their customers all the taxes they so loudly claim they pay. They do not pay them, but those using their services pay them indeed in the cost of their services.

They have a field to operate in, but the sites for generating electric power in most instances are the property of the Federal Government and they should be used by the Government for the benefit of all the people and not diverted to private monopolies for exploitation.

PROPOSED NORTHWEST-CALIFORNIA POWER INTERTIE

This Federally constructed power intertie between the Northwest and California is a vital need in National Defense as well as public interest. Immense Governmental and public installations in California demand an uninterrupted flow of power that in many instances is going to waste in the Northwest. In addition, the plans to erect water storage dams on the upper reaches of the Columbia River and its tributaries in our neighboring nation, Canada, should have the support of all citizens. These high-level dams for water storage in Canada will conserve the flood season waters of the Columbia and can be released during the season of the year when the levels of the Grand Coulee and Bonneville Dams are lowered, so that a more constant source of dependable cheap electric energy will be available the year around.

If necessary, proper provisions should be made to assure those in the immediate areas of the Grand Coulee and Bonne-

ville Dam that they would be able to recapture the energy if ever needed by them in future years.

Unless diligence is forthcoming, this vital project may be nullified by the manipulations of the Private Power Monopolies.

REGULATION OF PUBLIC UTILITIES

During the course of the past 7 years, most public utilities in California have been most generously treated by the State regulatory agencies. In some instances many tentative increases in rates and service charges have been granted with no formal hearing being consummated. This has led to abuse and the time has come to demand a full fledged hearing before any more increases are sanctioned.

Thinking people know that costs of producing services have advanced with the years, but some of the increase granted these utilities have been unwarranted and would not stand up under exhaustive examination.

The public regulatory agencies in California have a duty to the 17 million citizens just as severe and necessary as to the utilities and they should consider carefully in the future any increased costs passed on to the consuming public.

WATER AND AIR POLLUTION

The frightening increase in health destroying smog, fumes and other pollution of the air in California should galvanize all governing bodies into action to prevent the spread of this blight and to eliminate as much as is humanly possible. Other centers of population in America with just as grave problems have eliminated almost entirely this blight, and it would serve California well to survey the methods used in other localities to cope with pollution and adopt them in California.

The millions already spent have done little or nothing to prevent its spread and the time for drastic action is now.

Water pollution is also taking its toll. Many streams and rivers that were once filled with marine life are so polluted that there is little or any life that can live in their contaminated course. It may be necessary to prevent the dumping of raw sewage or industrial waste into any stream or river in California to combat this creeping menace. Citizens should be interested in cleaning up our lakes and streams in order to preserve their natural beauty as well as maintain public health.

HIGHWAY AND PARK DESECRATION

In spite of penalties, the highways and their approaches continue to be littered with papers, cans, bottles and all the thoughtlessness of modern American travelers. The care of the highways starts in the home — every Grange family

should insist that the members of their family refrain from littering the countryside or highways with litter of any nature. The schools should institute a program of public pride in their communities by admonishing all pupils of their responsibility in maintaining cleanliness on the highways and parks. Certain people who will not observe the rules of decency should be apprehended and severe penalties exacted.

The manufacturers of products whose containers are discarded by the millions along the highways should themselves institute a program of education to their prospective customers by admonishing them to have litter bags in their cars and to keep their empty receptacles in their own car until they can be properly disposed of. These manufacturers have a duty to the public to include this in their advertising and sales promotion.

When every citizen adheres to the laws of courtesy and sanitation, then we will commence to reclaim the appearances of our highways to what they should resemble.

PUBLIC PARKS, RECREATION AND BEACHES

The Grange since its founding in California in the 1870's has advocated the fullest use of natural resources for the benefit of the people. We quote from the original preamble of the California State Grange Constitution, "The lakes, streams, rivers, mountains and beaches of California belong to the people and should be kept for them in perpetuity."

The rapid influx of people into California has led to disorganization in properly preserving needed areas for recreation. Most lamentable is the present condition of most of the beaches in certain areas of the state. They have been preempted by all kinds of business endeavor, private homes, private clubs, private beaches, etc., until the general public has little room for the millions to relax.

In the not too far future, it may be necessary for the State of California to reclaim some of the valuable beaches and ocean frontages that have been taken from public use.

Whenever feasible, steps should be taken to provide additional recreational spaces; but not at the expense of already producing lands that provide the majority of the tax base in some areas. There are plenty of sites still available that will not remove valuable agricultural and grazing lands from the tax rolls. These should be secured at once and held for the benefit of California and the nation's expanding millions.

LEGISLATION

The November 6th California ballot has 24 constitutional amendments to consider. Space has been previously given in the issues of the California Grange News listing their provisions.

One of the most serious is Proposition No. 23, the proposed State Senate re-apportionment measure. This poses a threat to sound constitutional State Government and if adopted will destroy the sensible system of checks and balances in our State Government. The State Assembly is apportioned on a population basis, the most populous counties having multiple representation. Los Angeles County has 31 assembly seats out of a total of 80.

The State Senate wisely has been allocated on an area basis, comparable with the United States Senate. Here the areas of smaller population, but with wide square mileage have adequate representation.

Nationally, California has the right to 38 members of the House of Representatives, while our neighboring state of Nevada has just 1. In the United States Senate, Nevada has 2 Senators with the same power as California's Thomas Kuchel and Claire Engle. There is no demand in any area of California that with California's 17 million population against Nevada's around 400,000 that California be given 10 United States Senators.

The present system in vogue in both Houses of Congress is wise and the same system should be retained in California. It is to be hoped that the enlightened citizens of California will reject this scheme of certain politicians to gain control of both houses of California legislature.

Proposition 1, the 270 million bond issue for universities and State Colleges was defeated at the June 1962 primary. There is a definite need for additional facilities at all levels of higher education in California, but the taxpayers who already have a frightening load of billions in state bond issues to settle, together with county, district and local bond issues; is dubious in pyramiding further hundreds of millions of dollars of debt.

AGRICULTURAL LEGISLATION California Proposition No. 4

California's problems confronting assessments on prime agricultural lands has reached such proportions that immediate legislative action is mandatory.

Proposition No. 4, introduced by State Assemblyman Lunnardi and sponsored by the California State Grange as early as October 1961, Sacramento annual session, affords a definite means of assisting farmers who so desire to remain on their land in agricultural production.

It provides that agricultural producers who have a record of consistent agricultural use of their land for a previous 2 years may if they choose sign an agreement with the County Board of Supervisors that they will keep this same land in agricultural production for a succeeding period of 7 years. Dur-

ing this 7-year period, the assessment must be made solely on the agricultural output of the land.

If during this 7-year period, the land is used for other purposes than agricultural, or if sold, then the county assessor has the right and duty to re-examine the entire tax structure and may assess any additional revenue due to any increased value due to the land's release from agricultural production.

Each county board of supervisors may adopt this system if they choose and all agricultural producers sign the agreement on a voluntary basis. They can take their chances on normal assessments if they desire.

This legislation is not perfect, is not a cure-all, but is a definite step toward protecting those who wish to remain on their land from the threat of confiscatory assessments. We urge members to give it careful consideration.

EDUCATION

CALIFORNIA'S burgeoning population shows no signs of decreasing and it is a fight in most sections of the state to keep school revenues in line with actual needs. State law demands that proper facilities be afforded all children of the required school age. This does not mean that unregulated spending should be tolerated.

During the boom years many wasteful practices have become part of California School systems and any criticism has been branded as being hostile to education. The Grange was founded on the principle of educational leadership and during its 90-year life in California has championed all progress in training the minds of all future citizens.

Many features have been introduced under the guise of "progressive education" which actually detract from proper courses of necessary, basic instruction.

This office has stoutly maintained through the years that the basic needs of the first 8 years in primary school education should make it mandatory that students entering high school have a working knowledge of:

1. the ability to read intelligently
2. to write legibly
3. to have the basic rudiments of spelling
4. to express themselves with a fundamental knowledge of English
6. to respect the ideals of American citizenship
7. a respect for basic rights of humanity and common courtesy

In many areas of California most pupils enter high school sadly deficient in the majority of the above 7 requirements.

Some school administrators complain of the lack of school hours to properly instruct their pupils in the present 8 year period. We suggest that the school year be lengthened to 10 months instead of the customary 9 months. Also increase the Monday to Friday school period one hour. If this does not give sufficient time to implant the necessary educational standards, then let the elementary school year be increased one full year.

This can be done and we call on educational authorities to give it full consideration.

SCHOOL ADMINISTRATION

Many school districts are burdened with overlapping administrative jobs to the detriment of a necessary qualified teaching staff. Careful scrutiny is advisable in all districts to eliminate useless administrative positions and to centralize on the most vital requirement, adequate teaching staffs of qualified instructors.

SCHOOL BUILDING PLANS

For years the Grange has fought for a series of standard suitable plans for school buildings that could be adopted by those areas whose financial resources are limited. This would save thousands of dollars of useless architectural fees, countless days of time and release precious funds to the business of educating the pupils. The wealthier districts would still be able to pioneer in all the latest architectural triumphs and those which would be practical would soon be adopted by other sections.

SCHOOL FUNDS

Many school bond issues have been rejected in the past two years by a revolt of the taxpayers. They realize the desperate need for additional funds for required education, but will not tolerate the useless spending of tax funds. When the districts in question awaken to this fact, and get their expenditures in line with reality, taxpayers will approve necessary bond issues.

FORCED CONSOLIDATION OF SCHOOL DISTRICTS

Most local school districts are able to provide for their own needs and in the majority of instances, have a better knowledge of their problems than absentee district heads. The Grange supports local administration in all cases where outside domination will result in neglect of their own needs.

HIGHER EDUCATION

The same formula in high schools and colleges that is suggested in the operation of elementary schools could be well applied to higher institutions of learning. Basic needs in higher education make it mandatory that funds be used

for only those necessary outlays. This would spread the tax dollar further and would result in more efficient instruction and a better utilization of present and expanded facilities.

AGRICULTURAL COURSES IN HIGH SCHOOLS AND COLLEGES

Scientists tell us that the population explosion 25 years ahead will place an intolerable burden on the food supplies of the Asiatic continent where at least an additional billion more mouths will have to be fed. This makes it mandatory that vocational agricultural courses in high schools and colleges be expanded wherever possible. The ability to produce food and fiber economically 20 years ahead may be the means in leading the entire world. There is also room for research into more efficient methods of transportation and distribution so that the output of California's and the Nation's farms and fields can be used in areas where needed at a price that will net an adequate return for the basic producer. These are the needs of the day and demand the most constructive and ingenious brains to solve at least part of them.

Every member of the Grange should take pride in furthering the cause of scientific agriculture.

TAXATION

The continued skyrocketing of taxing and assessing by local, district, county, state and federal agencies has just about reached the climax. In spite of diligent efforts by taxing bodies to arrive at new avenues of taxation, the point of no return is fast approaching. Instead of exploring new avenues of taxation, these bodies should try to hold the line and make existing revenues carry the load. There is little hope of reducing general taxation at all levels, but careful attention to all spending by the voters and taxpayers themselves will immediately result in elimination of unnecessary items and these funds can be applied to the more urgent needs.

Demands for additional services from public agencies usually means more public employees, more buildings to house them, more stationary, more travelling expense and the chain-reaction sets in. Soon there is several million dollars annually being spent by the agency. Then more and more services are suggested and the same piling up for public spending goes on. Only by eliminating useless spending and strictest economy in present levels will the tax load be stopped before the point of no return arrives.

Every thinking citizen can take active part in being present at meetings where public spending is on the agenda and to weigh the measure proposed. When taxing and spending bodies know that the public is aware of this responsibility, real economy in public affairs will commence.

TRANSPORTATION, ROADS, HIGHWAYS, AND RAILROADS

Recent action in wholesale consolidations of various railroad combines should be carefully scrutinized in order that all vestige of competition might be eliminated. Sound economy demands that useless duplication of rail facilities can be prevented, but still at the same time, it is necessary for national defense that active competitive rail lines stay in operation, so that in an extreme emergency the national safety would not be choked with insufficient rail lines to carry the vast military and normal traffic. Unwise removal of competitive rail lines and tracks might seriously cripple our survival as a nation in an emergency.

Recent attempts to remove all vestige of active competition between two successful rail lines in California and Nevada should alert all citizens to the hazard of false economy and in every instance where attempts are made to curtail needed services, an aroused public opinion should demand full investigation to see that the public interest is protected.

Unwieldy and outmoded methods of labor, accounting and all wasteful and uneconomic processes of the rail lines should be promptly brought to the needs of the day, so that the rail lines can give adequate service at rates industry, agriculture and the general business of the nation can absorb.

Rate structures should be studied and freight rates that tend to destroy local and regional industries and agriculture should be abolished and a fair system of schedules applied.

In some instances, reduced rates with provisions for increased minimum weights could easily offset the lower base rate, by providing increased tonnage and actually result in additional revenue for the rail carriers.

Every California agricultural producer is vitally interested in adequate rail rates plus proper service in order that his products may reach the consuming markets which in many instances require the longest rail hauls of any area in the United States. Only by maintaining proper rail rates can millions of dollars of California products of the soil be assured of a continuing market.

Recent testimony before state boards have shown that a reduction in freight rates on various grains, concentrates from the major producing areas in the mid-west to California would result in increasing local production of beef, lamb, hogs, poultry meat and turkey meat, by allowing the California producer to, in some measure, meet competition for the local market in lower feed producing costs which in many instances is 60 percent of the total production cost. A proper adjustment in freight rates would result in increased production of the above-named products, additional revenue to the rail lines through increased tonnage, increasing millions of dollars in

added wealth to California's agricultural producing areas and provide additional millions in wages to the processors and transportation facilities hauling these additional products to California and other markets.

TRUCK TRANSPORTATION

California now has commercial and private motor vehicles on its highways practically 24 hours of each day. This is by far, the largest total registration of any state and increasing use of the highways by commercial and private cars brings new problems each day.

Funds available for needed improvement and expansion of highways is always behind the actual demand for services and there is a constant tug of war between different localities for a proper share of highway funds. Great care must be exercised by highway officials, both federal, state, county and local to see that a proper balance is maintained in adequate allocation of highway funds and improvements. A balanced system of highway facilities is desperately needed and the over-all benefits of the entire state should be considered as the first highway need.

Cooperation between rail lines and commercial truck carriers should be encouraged, so that tonnage that can be adequately handled by the rail lines and can be moved over their facilities to relieve the congestion on the highways. Traffic that is necessary for truck transportation, will always be handled by motor carriers.

Careful attention should be given to maximum weights of loads on public highways, widths, length and height of motor vehicles so that the interests of the general public will be protected. No restrictive measures should penalize any legitimate use of highway transportation, neither should unfair and unsound competition be countenanced.

Any increase in already burdensome gasoline taxes should be examined rigidly before adoption and the Grange has stood firm in demanding that all funds raised from gasoline taxes on highway travel should be used for the purposes of maintaining and improving highways. There should be no diversion of these revenues.

ROUTING OF HIGHWAYS

California has been the major victim of senseless allocation of highways through some of the finest agricultural lands on the globe and common sense now should curtail the useless routing of freeways and highways over prime agricultural lands when alternate areas are available. Most of the desecration has happened in areas where soil, climatic conditions and water rates were most favorable for agricultural production. An aroused citizenry seems to be the most effective weapon

in forcing highway officials to plan their expansion through areas that will save for future needs, valuable producing land, parks and historic sites.

SAFETY

The frightful toll of human lives and mangled bodies on America's highways is a tragic indictment of our modern life.

This loss is largely the result of lack of courtesy, speeding, and the disregard for the rights of others. Strict enforcement of all traffic regulations is one way to help correct this disgrace and the constant reminder to all who use highways to adopt courteous action and to respect all traffic rules. To those few who will not respect the rights of others, the extreme penalties should be exacted. Mere fines in some instances do not seem to have the desired effect, and severe jail sentences in the more flagrant violations should have a restraining influence on those who do not observe the rules of decency.

SAFETY ON THE FARM AND IN THE HOME

The farm home still continues to be one of the most prolific sources of accidents. Every agricultural producer should remove all hazards in his operations and make safety in the home a prime object. Most producers provide workmen's compensation policies for their additional labor needs. By eliminating accidents among their workers, they also can reduce their annual policy premium and receive generous returns for cooperative action in removing accidents on their land. This is sound business practice and every employer of agricultural labor should give this feature its proper attention.

FARM AND HOME SAFETY

Every farm operator and home owner can remove most accident hazards in their day to day procedure. This is sound business sense because not only will it prevent serious physical disabilities, but with those having workmen's compensation policies, will materially reduce annual premiums and enable substantial returns in dividends for these precautions.

Common sense makes it mandatory for careful observance of all necessary safety regulations. Grange membership can take the lead in this worthwhile action.

CALIFORNIA GRANGE NEWS

The voice of California agriculture, known as the California Grange News, continues to expand and improve its position as the recognized outstanding agricultural publication in California.

Its wide coverage and acceptance by public agencies is most encouraging. Its financial position continues to be strong, much to the admiration of sister State Grange publications.

The Grange News stimulates interest in all Grange activities throughout California and as usual its special editions such as Conservation, Education, State Fair and other features, have been accorded national recognition.

Under the able guidance of Business Manager, Brother Craig Hazlewood and his efficient staff, the News looks forward to still greater triumphs.

GRANGE CREDIT UNIONS

California still has the enviable reputation as having more Grange Credit Unions than all the rest of the State Granges combined. This wise and practical sponsorship by the Granges in California is bearing fruit daily. The Grange Credit Unions make a strong arm of the Grange, they encourage thrift prompting estate loans, they provided adequate financing when needed and their combined strength make a bulwark for progress in Grange expansion.

The State Grange Credit Union Committee, with Brother Ray Clow as chairman, with headquarters in Sacramento, ably assisted by Sister Mildred Boyd of the Fresno Federal Grange Credit Union in Fresno and Brother Jakob Hullen of the Napa County Grange Credit Union in Napa, make a sound basis for statewide cooperation.

GRANGERS' BUSINESS ORGANIZATION

This supply system of the Grange in California justifies its worth in continued money-savings for petroleum products, wire, fencing, pipes, roofing and most all necessities for modern farm and home equipment. The GBO during its years of profitable service has returned in excess of 1 million dollars to members in savings.

Business Manager, Brother Paige Harper continues to ably manage the affairs of the GBO and all members are encouraged to investigate the bona-fide savings that can be effected in day-to-day purchases. The offices and portion of the supply warehouses are located on the Grange triangle in Sacramento, 3823 V Street.

STATE GRANGE YOUTH ACTIVITIES

Each passing month sees a more intense interest in the youth activities among the Granges in California. State Director of Youth activities, Brother Carle Fiedler so ably assisted by Sister Katherine Fiedler has progressed with additional presentations. In addition to the customary Easter week annual meeting at California Polytechnic College at San Luis Obispo, there have been area meetings at Scotia in Humboldt County, at Chico State College in Butte County, at the Pomona Campus of California Polytechnic College and finally at Etna in Siskiyou County.

California's thousand mile length presents many prob-

lems, both financial and in areas in planning youth meetings, but Brother Fiedler is vigorous in pushing ahead and already has on the drawing board many additional meetings for the 1963 season.

The Grange has a definite responsibility in encouraging the youth of the Grange in order to provide suitable leadership in the years ahead.

YOUNG FARMERS OF AMERICA

This organization of young couples in agriculture is a fertile field for Grange participation and membership. Grange officials have attended their annual sessions and by cooperation, this association together can mean valuable future membership potential for those actively engaged in agriculture. Each year, the Grange welcomes officials of the Young Farmers of America to gather with us and present an outline of their aims.

JUVENILE GRANGES

Three new Juvenile Granges were organized since our 1961 Sacramento assembly: Bodega Bay Juvenile No. 131, by Deputy Harold Smith; Crescent Redwood Juvenile No. 164, by Deputy Thomas Wm. Pennel; and San Dimas Juvenile No. 165, by Deputy Kenneth Greene. Juvenile Granges provide a definite means of expanding Grange philosophy where it is urgently needed. The accomplishments of these youngsters is amazing to those who witness their activities and their guidance into paths of American citizenship and Grange affiliation is one of the vital phases of Grange life.

No higher service can be given than to sponsor and assist in the Juvenile Grange movement in California.

IN MEMORIAM

Each year at our annual gathering, proper respect is given to those who have gone on before. This tribute of respect to the memory of those who have labored that we may now enjoy the fruits of their toil, is an outstanding mark of the vitality and fraternalism of the Grange.

The familiar footsteps of our former Brothers and Sisters will be missed when we pause in our deliberations to render solemn and loving tribute.

COMMUNITY SERVICE

The 1962 National Grange Community Service contest ending September 1, 1962, showed an increase of over 200 percent over the combined entries of a few years back.

Community Service activities by California Granges extend far beyond the customary use of this word. They are in reality an investment in community goodwill and civic pride. It has been stated that the Grange owes its existence

through service to the community it serves and we congratulate each and every Grange in California for their public spiritedness in sparking these community projects.

Community Service actually perpetuates the philosophy of the seven founders of the order, and each additional participating Grange will strengthen the ties of humanity and citizenship.

We encourage the Granges in California to continue on with service to their community, state and nation.

NATIONAL GRANGE BUILDING DEBT RETIREMENT FUND

Today the Granges in California have subscribed more in total amount to the National Grange Building Debt Retirement Fund than any single Grange state. This is gratifying especially to those who have visited this shrine in the nation's capitol. It is an inspiration to pass through its halls and to realize it is one of the few public buildings in Washington, D.C., entirely financed by independent funds.

California Granges are to be commended for their part in this participation. The drive still goes on and subscriptions come to the state office in Sacramento regularly, where they are tabulated and in turn sent on to National Grange Headquarters in Washington, D.C.

WORLD AFFAIRS

The day by day changes in world trends vary so greatly that any expression of the moment might be altered completely before the words could be set down in print.

Primarily, the underlying principles are the same — the blunt, brutal threat of Communist aggression and the determination of the free world to halt their march; with the moral and physical backing of this nation.

Calm consideration of basic facts must overshadow any irresponsible jingoism toward plunging the world into the needless slaughter and terror of nuclear warfare.

Soviet Russia, and her companion in terror, Red China, comprise almost one fourth of the land mass of the globe and account for approximately 1 billion souls. In passing from the Soviet Pacific zone to the Baltic Sea, the standard time zones change 11 times, against a comparable change of 4 times in crossing the United States from the Atlantic to the Pacific. This gives a fair idea of the land mass of Soviet Russia. They are a determined people, purposely led down the path of misinformation as to aims of the free world. They are brilliant as their recent scientific exploits have shown. They lack the one essential ingredient to make them finally triumphant, the recognition of independent, individual dignity.

Just so long as this nation recognizes the right of the individual farmer to keep untrammelled, then we will overcome these forces of Communism. The most potent foe of

Communism and all its stifling of the individual is the free, independent family farmer. The independent farmer is too busy wresting a living from the soil to pay any attention to Communist doctrines.

We must keep this independent farm owner on his land producing food and fiber that his Soviet worker under immense state-owned operations has not been able to equal, and you will have a bulwark against totalitarianism that all the Soviet might cannot equal.

The present threat in American agriculture is the steady march of corporation farming — in the end this will stifle individual effort, change a pattern of farming unequalled since human records have been kept, and make this once proud nation of independent farms, reminiscent of feudal Europe of 150 years ago, or the present disgraceful pattern of land ownership in portions of Central and South America. This is the real threat to American farm life and we can take pride that in California, the one farm organization that is leading the fight to maintain the independent farmer on his land is our California State Grange.

In spite of pressures, veiled threats, and promises of monetary benefits, the Grange in California stands firm against the deadly march of corporate farm operations in almost every branch of food and fiber production. The press, some in our universities and too many in public office have become either tranquilized or coerced into singing the same song of bigness as a way out for agriculture. This is false doctrine and those interests with billions in assets behind them should be brought into the open and forced publicly to state their plans to take over practically all production of food and fiber in California. Every brother, sister and youth member of the Grange must fight with every ounce of their strength to push back these greedy interests.

In every continent on the globe today, there are tensions, uprisings and bloodshed. It will take superhuman patience, understanding and courage to keep this nation on an even keel and chart the free world to a clear path, without resorting only as a last desperate effort to unleash the forces of present knowledge on what could be the destruction of civilization.

This is the need of the day and every effort should be bent toward a better world, to spread the knowledge of primary essentials in humanity, sanitation, nourishment and respect for the individual rights of man.

HOME ECONOMICS COMMITTEE

The activities of this vital adjunct of the Grange, make the Home Economics Committee of the California State Grange one of the most efficiently organized and operated Home Economics Committees in any of the Grange states.

Their activities embrace practically every phase of philanthropic, instructive, educational and household endeavor, necessary for the improvement of the American rural as well as city home.

Table 4 below gives a partial total of the financial operations of a portion of the HEC activities in California during the past year.

FINANCIAL SUMMARY

October 1, 1961 — October 1, 1962

1. Contributed to the following projects:

A. Crippled Children	\$ 3,574.34
B. Cancer Fund	876.44
C. Red Cross	403.98
D. Muscular Dystrophy	236.75
E. Meals for Millions	1,313.61
F. Delegates Fund	11,642.59
G. Scholarships	7,115.68
H. Welfare, Miscellaneous	19,082.22
I. CARE—Philippine Project	795.76

Total\$45,041.37

2. Received on the following projects:

A. Fair Booths	\$ 31,181.50
B. Dinners	80,123.30
C. Dances	10,964.55
D. Card Parties	29,505.31

F. Miscellaneous	49,861.38

Total\$220,157.31

Welfare hours116,811

Mabel Glenn Memorial Fund.....\$291.05

Sister Gladys True, the State HEC Chairman, ably assisted by her 11 district HEC Committee heads, kept close contact with the entire membership throughout the State and encouraged worthwhile community as well as home activities.

The influence of the HEC over this thousand mile length of California is tremendous and the interest aroused at the various District meetings held at regular intervals in all 11 Districts show the increasing attention given to the needs of the individual Granges as well as outside projects needing the assistance and active support of the HEC.

The HEC has kept alive the Grange Student Loan Fund, which has assisted and is continuing to help members in completing their education. This is a revolving fund and is repaid by the recipients when they are in gainful occupation.

This is just one of hundreds of similar projects which

keep the HEC of the California State Grange the outstanding association it continues to be.

Greater strides in the year ahead are planned by Sister True and she has the strength and determination of the combined efforts of the sisters of the entire membership in California.

GOOD OF THE ORDER

It would be unrealistic to present to the Grange membership in California a picture of Cinderella like complacency. The most unwanted feeling in Grange life today is smug self-satisfaction. The Grange was born of tumult and adversity and its greatest growth in California was in years of emergency.

Right now, to all sober minds, the emergency is so threatening, that only the stout hearted are capable of surmounting the difficulties.

The Grange needs additional minds to bolster our already battling membership to win the fight against special privilege, corporate greed and to instill in all public servants their solemn obligation to the community, state and nation.

Since last we gathered in annual session there have been 4 new Subordinate Granges organized; Round Valley in Mendocino County by Brother Louis Skinner; Noyo in Mendocino County by Deputy Hugh Graham; Golden Empire in Nevada County by Deputy Eldon Gage, and Owens Valley in Inyo County by Brother Louis Skinner. The Grange salutes these new members of the Grange family in California and wishes them continued progress. Indications are that there will be at least one more Grange in Inyo County before the close of this calendar year. Particularly refreshing is the march of Grange in Inyo County, many of the new members being victims of senseless aggression by greed. We call on all the membership in California to assist these new Granges to keep up the battle for decency in government and human relations.

The world marches on and new techniques, new diversions keep the membership on their toes to attract those who are needed to maintain and keep this order the vital force for improvement in the 90 years ahead. The Grange takes pride in its accomplishments in the past, nationally, statewide and in local action, but the needs of the day are paramount, and present day materialism pays little heed to what has gone on before. The Grange must carve its own present and future. Every one of the present 349 Subordinate and 47 Pomona Granges needs additional men, women and children to expand our operations. Conservatively there are at least 150,000 people presently, out of California's 17 million people who should be enrolled in the Grange. Each member has a duty

to see that these necessary additional hands and minds are brought into the fold, to continue the fight.

Masters' Conferences will be planned as well as the system of Lecturer's Conferences held during the recent years. The Secretaries will also be recognized with planned meetings at various locations in the state. As usual, the Home Economic's Department will have its regular scheduled district meetings which have proven so lucrative during the passing years. The Youth Groups plan an aggressive schedule of accelerated activities during the year ahead. The Juvenile Groups will receive due attention and it is looked for a substantial increase in new Juvenile Groups to be organized as the year progresses.

Every optimistic plan that can be formulated will be brought into action to expand the areas of activity and to increase the participation of all the members to greater efforts.

Membership attraction still must be the main goal of our plans. The Grange has to go forward to the still greater problems to solve. The final figures for membership in the period between March 31, 1962 and June 30, 1962 showed a net gain of 427, but this did not offset the losses sustained during the three previous quarters. We look forward with confidence to the year ahead for an increase in numbers — this depends on the courage, interest and industry of our present membership.

OVERSEER

Worthy Master, Officers and Members of the California State Grange:

Greetings:

Another year has passed and the work of the Granges in the State has been entered in the Book of Permanent Records.

It has been gratifying to note the achievements in Community Service and support of the Grange program by the many Granges I have had the opportunity to visit during the past year.

For these invitations Sister Deaver and I are grateful and extend our heartfelt thanks.

Probably the deepest and most lasting impressions upon our minds was the warm and friendly greetings extended their guests at these meetings.

To the many Granges whose invitations we were unable to accept, our sincere regrets.

The Delegates at this session find themselves faced with a full working agenda.

Many of the issues discussed will be problems affecting agriculture, and equally as important to every citizen of this state.

Therefore it is fitting and proper that this 90th Session of the California State Grange be held in this great metropolitan area.

Convened on the shores of the Blue Pacific, surrounded by the

generous hospitality of Santa Monica, how can we do less than adopt a sound objective program in the best interest of agriculture and all the citizens of this state.

Fraternally,

Chester Deaver, Overseer

CALIFORNIA STATE GRANGE

REPORT OF THE STATE LECTURER

Worthy Master, Fellow Officers and Delegates:

This year of 1962 has been a busy one indeed and time, or rather a lack of time, has been a determining factor in the progress of our work. It has been my great pleasure to have attended more than 100 Grange meetings and functions during this year and have been well pleased with the many fine programs presented by the Subordinate and Pomona Lecturers. A noticeable improvement in quality and manner of presentation is evident, and will I am sure continue in the year ahead.

CERTIFICATES:

Following last years convention Certificates of Merit were sent to winners in the Talent and Art contests and also to the 48 Lecturers who had sent in entries in the State Booster Night Program contest. The winners in the 1961 Booster Night Program contest were:

Class A: Under 100 members

1st—Fillmore Grange No. 787; Lecturer—Thelma Doherty

2nd—Ceres Grange No. 520; Lecturer—Evelyn Rensted

3rd—Selma Grange No. 580; Lecturer—May Dill

Class B: Over 100 members

1st—Orland Grange No. 432; Lecturer—Mildred Reese

2nd—Morro Bay Grange No. 749; Lecturer Hazel Mathews

3rd—Sonora Grange No. 705; Lecturer—Ethel Filieau

Appropriate Blue, Red and White Ribbons were sent to these winners from the National Grange. The blue ribbon winners were entered in National Grange competition. Scrolls were sent to all Deputies to be presented to the Lecturers at the time of their installation. Certificates of Merit for prompt reports were sent to 30 Pomona and 169 Subordinate Lecturers. In September, 12 Lecturers qualified for certificates with their Performance Reports. These Lecturers were:

1. Ruth Moebus, Wyandotte Grange No. 495—Gold Star award
2. Marjorie Best, Welcome Grange No. 791—Gold Star award
3. Mildred Reese, Orland Grange No. 432—Gold Star award
4. Irene Scholz, Sonora Grange No. 705—Gold Star award
5. Florence Ulihrach, Westside Grange No. 473—Gold Star award
6. Edythe Moody, Yucaipa Valley Grange No. 582—
Gold Star award
7. Janet Griffith, Humboldt Grange No. 501—Silver Star award
8. Margaret Comstock, Triangle Grange No. 619—
Silver Star award
9. Hazel Ivey, Santa Clara Co. Pomona Grange No. 4—
Silver Star award
10. Hazel Mathews, Morro Bay Grange No. 749—Silver Star award
11. Elizabeth Cuciz, Berryessa Grange No. 780—Purple Star award
12. Leona Nordblom, Joshua Tree Grange No. 664—
Purple Star award

Several other Lecturers sent in these reports too late to qualify for a certificate.

CONFERENCES:

I attended both Deputies conferences this past year and discussed the Lecturers work with them. In late January, I started to conduct a series of 12 District Lecturers conferences which were held in selected Grange halls throughout the state. Attending these conferences were 38 Pomona and 160 Subordinate Lecturers for a total of slightly more than 50 percent in the state. Also attending were 467 Grange members which included several state officers, 8 District Home Economics chairmen, 32 Deputies and 60 Grange Masters. These represented 240 Granges. There were 62 Lecturers participating in these conferences which included talks and demonstrations of programming, problems in the Lecturers work and other informative subjects. From the interest shown and evident improvement in the work of these Lecturers it is apparent that these conferences have been of great value to them and of interest to the attending members. I wish to again thank the Deputies making arrangements for us and those Granges who were so gracious with their hospitality and lunches for us all. Plans are now being prepared to continue these conferences in 1963.

OFFICE WORK:

Paper work of this office involved more than 600 hours during this year and included; Distribution of 1000 song booklets, "Let's All Sing"; preparation and mailing of 1,800 quarterly bulletins of 6 and more pages and miscellaneous material; mailing of 78 special program material; writing and mailing of 850 letters; receipt of more than 700 letters in addition to reading, evaluating, recording and filing of 1,600 quarterly reports. A lack of time prevented me from attending several National conferences to which I had been invited to participate.

LOAN LIBRARY:

In the Lecturers Loan Library, 44 books were purchased; a catalog list of all books were sent to all Lecturers. The number of books now stand at 272 and are available for loan to all Lecturers. 135 Granges contributed to the operating fund of the library of which there is now a balance of \$80.19. A financial statement of this fund has been given to the Executive Committee. A feature Program Folder of 30 pages has been printed from material sent to me by Lecturers in the State and these folders are now being distributed to All Lecturers. Expense for this folder, which is an experiment came from the library fund.

MATERIALS, HANDBOOKS, ETC.:

50 complete sets of Handbooks, Bulletins and other material have been sent to Lecturers who had not received any material from the former officers. This is a problem which is giving us lots of trouble and I hope that a solution may be found to correct this problem. Complete sets of Handbooks, Bulletins and other material have been sent to newly organized Granges this year.

GRANGE NEWS:

A personal and informative article, "To The Lecturer" has been printed in all issues of the Grange News this year and I wish to express my thanks to Brother Craig Hazlewood, Editor, for his cooperation during the year.

Tonight at 7:30 p.m., we will have pleasure in presenting to the delegate body a talent contest followed by a Lecturers program. Tomorrow morning at 8:00 a.m. in the Retail Clerks Union Auditorium a Lecturers conference will be held to which we invite you all. The

art contest and exhibit is now in progress in this building and I hope you will all take a few minutes to look it over.

I sincerely hope that in the deliberations of this convention a SEED WILL BE PLANTED and that we shall look forward to a new year of progress and growth.

Report submitted,
EMMETT W. IVEY, Lecturer

ANNUAL REPORT OF FINANCIAL STATEMENT, LECTURER'S LIBRARY FUND

RECEIPTS:

STEWARD'S REPORT

Worthy Master, Officers and members of the California State Grange:

GREETINGS—It is with great pleasure that I greet you from the Steward's station on the 90th annual session of the California State Grange.

Before this session are some of the most important issues which have been presented to the State Grange session for the last several years. It is possible there will be differences of opinion on some of the issues upon which the delegate body will be required to make a declaration.

I am certain when the gavel falls and the 90th annual session of the California State Grange comes to a close, the program for the coming year will be both progressive and constructive.

In closing, I wish to thank the various Granges throughout this great State for their generous invitations during the past year.

Fraternally submitted,
JOHN B. FREITAS, Steward

ASSISTANT STEWARD'S REPORT

Worthy Master, Officers and members of The California State Grange:

GREETINGS, and welcome to Southern California. I wish you a most pleasant and successful Convention. Words cannot express my appreciation for the privilege of serving as your Assistant Steward. Meeting Grangers again from all parts of the state. I look forward to the annual Convention with great pleasure.

Fraternally submitted,
W. G. LaCAILLE
Assistant Steward

CHAPLAIN REPORT — 1962

Worthy Master, Officers and members of the California State Grange:

GREETINGS—It is with pleasure and affection that I greet you from the Chaplain's station, on the 90th annual session of the California State Grange, and give to you a report from this office. I extend a most cordial welcome to all Patrons, from the Los Angeles County Pomona and Subordinate Granges of which I am a member. We hope your visit with us will be a very pleasant one, and it is our desire to make this Convention a success in every way.

As we enjoy this time of fellowship together, and present our ideas and ideals to promote the welfare of both State and Nation, we recognize the crucial state of international relations and domestic affairs. As an organization, with standards and principles to defend the right, we should stand as one to face the challenge confronting our nation today. If we are to keep the light of freedom burning bright, and the right to worship according to the dictates of our hearts, then it is necessary to take a firm stand to defend the American way of life, with faith in God and love for one another. We must be foremost in promoting American agriculture and community improvement, where home ownership is advocated and maintained. The implements of peace are not vested in elements of destruction, but rather in the hearts and lives of those who believe in the power of Divine might and power, and witness to the truth Principles of Faith, Hope and Charity.

May we be courageous, yet tolerant in our deliberations, and thereby present a progressive and constructive program for the coming year.

I wish to thank all Granges for their invitations, and wish it were possible to attend each and every one.

The Chaplain's office represents many phases of Christian work, but it is gratifying indeed to serve in His name.

Fraternally submitted,
LETA LITTLER, Chaplain

1962 ANNUAL REPORT OF THE STATE GRANGE TREASURER

Officers and Members of The California State Grange:

GREETINGS—Under somewhat extenuating circumstances, I present the Treasurer's report to the 1962 California State Grange session, our 90th annual session. Because of an aggravating illness, namely Hepatitis, I am unable to be with you in person this year. However, we extend greetings and a hearty "Hello" from both my wife and myself, for an enjoyable and profitable session.

Because of the wonderful help of our State Secretary, Sister Clara Williamson, we are privileged to present the following report; Mere words of thanks cannot express our gratitude for the help given us by your State Secretary; also sincere thanks to all who are helping me in my absence.

Following is the 1962 report:

Fraternally submitted,
 MARSHALL DOPKINS, Treasurer

1961 - 1962 FISCAL YEAR STATE GRANGE SECRETARY ANNUAL REPORT

Worthy Master, State Officers and Members of the California State Grange:

Best wishes from the Office of Secretary.

It is a pleasure to be able to report on the fine cooperation shown by the Secretaries of the Grange in California. We are again commended by the National Grange for a 100 percent report for all 4 quarters of the fiscal year.

Since the close of the fiscal year on September 30, 1962 — there has been a new Juvenile Grange reorganized in the state, also work on two Subordinate Granges, which we hope will soon be completed.

Through our combined efforts the Grange will continue to further its fine work in the State of California.

The following report has been duly substantiated by a Certified Public Accountant, W. C. Flannery.

MEMBERSHIP

The National Grange report for June 30, 1962 recorded a membership of 42,418 patrons in 346 Subordinate Granges in California. All Granges reported.

Juvenile Grange membership for the quarter for 18 active Juvenile Granges showed a membership of 494.

Pomona Grange membership listed for 47 Pomona Granges in California stood at 12,361 at the close of the year.

Butte County Pomona Grange No. 16 — again heads the list for

the largest membership with a total of 834. Sonoma County Pomona No. 1 is second in membership with 595, followed by Santa Clara Pomona Grange No. 4 with 534 members and Mojave Valley Pomona No. 33 with 530 members.

Grange membership at the close of the June 30, 1962 quarter was on the increase. Let's do our best in 1963 to continue this growth.

HALL DEDICATIONS

Four Grange Halls have been dedicated this past year. A check for \$50.00 has been presented at each dedication ceremony by State Master Quinn on behalf of the California State Grange.

The total number of Grange Halls dedicated in California to date is 217.

Those Halls dedicated were:

NORTH FORK GRANGE No. 763—Trinity County

YUCCA GRANGE No. 736—Los Angeles County

SAN LUIS OBISPO GRANGE No. 639—San Luis Obispo County

FAIR VALLEY GRANGE No. 752—Los Angeles County

NEW GRANGES

During the 1961-1962 fiscal year three Juvenile and four Subordinate Granges have been organized in California.

BODEGA BAY JUVENILE GRANGE No. 163—organized November 30, 1961 by Northern Sonoma County Deputy, Harold Smith.

CRESCENT REDWOOD JUVENILE GRANGE No. 164—organized December 22, 1961 by Del Norte County Deputy, Thomas W. Pennel.

SAN DIMAS JUVENILE GRANGE No. 165—organized June 24, 1962 by Los Angeles County Deputy, Kenneth Greene.

The new Subordinate Granges are the following:

ROUND VALLEY GRANGE No. 805—organized May 28, 1962 by H. L. Skinner, Special Deputy, California State Grange.

GOLDEN EMPIRE GRANGE No. 806—organized July 9, 1962 by Eldon Gage, Deputy, Placer-Nevada Counties.

NOYO GRANGE No. 807—organized July 10, 1962 by Hugh Graham, Deputy, Mendocino County.

OWEN'S VALLEY GRANGE No. 808—organized August 13, 1962 by H. L. Skinner, Special Deputy, California State Grange.

HONOR GRANGES

Four Subordinate Granges and one Juvenile Grange have received recognition from the National Grange for having fulfilled the requirements for being an Honor Grange.

WHITESBORO JUVENILE GRANGE No. 130 of Mendocino County has again received this award.

The following Subordinate Granges have this distinction:

YUCAIPA VALLEY GRANGE No. 582—San Bernardino County

NORCO GRANGE No. 597—Riverside County

SAN DIMAS GRANGE No. 658—Los Angeles County

UKIAH GRANGE No. 419—Mendocino County

SIXTY YEAR AWARD

One very distinguished Granger has been honored this year for having completed sixty years of continuous Grange membership. Elk Grove No. 86—has presented this award to George Sehlmeier, Past Master of the California State Grange.

GOLDEN SHEAF CERTIFICATES

Golden Sheaf Certificates were awarded to seven patrons for fifty years of continuous membership—namely:

Mildred J. Poole, East Palo Alto Grange No. 409
 Henry B. Poole, East Palo Alto Grange No. 409
 May Jenney Kiely, Palm Grange No. 604
 Lottie E. Taggard, Poplar Grange No. 359
 Everett Lane Cloer, Poplar Grange No. 359
 Edwin B. Ford, Morgan Hill Grange No. 408
 James W. Anderson, Greenfield Grange No. 357

SILVER STAR CERTIFICATES

Upon completion of 25 years of continuous Grange membership the 347 patrons listed below have been awarded Silver Star Certificates:

Fraternally Submitted,

CLARA WILLIAMSON, Secretary

GATE KEEPER

Worthy Master, Officers and Members of the California State Grange:

Greetings:

My Brothers and Sisters — 90 years in promoting the welfare of Agriculture is an achievement in itself for any organization. So at this 90th annual Session, I bid you welcome from the Station of Gate Keeper, where it is a privilege and pleasure to greet you in this City of Santa Monica.

The session of the Annual Convention will be a challenge to you the Delegate body, for with the many resolutions, you will also be faced with various proposition that confront this great State in November and with the wisdom and forethought I know you will bring forth a sound, and interesting program for the Grange to work on during the years to come.

The past year has been a busy but pleasant one, for in accepting

the various invitations from the Granges throughout this State, I have met many fine Grangers at work in the interest of Agriculture.

I wish at this time to thank the various Granges and Grangers for the many invitations and letters I have received during the year, and extend my sincere regrets to those that I was unable to attend. I extend to you my best wishes for a successful convention.

Fraternally,
William J. Davis, Gate Keeper
CALIFORNIA STATE GRANGE

CERES ANNUAL REPORT

Worthy Master, fellow officers, patrons, and friends:
GREETINGS FROM THE STATION OF CERES.

The years pass so fast. Another year and we have the pleasure of meeting together at this Ninetieth California State Grange Convention. The century year is close. My regrets that I cannot attend all the many Grange ceremonies to which I am invited. Some conflict with our local Grange meetings and some are just too far away, as we have to have our nursery open for business the next morning.

Every year we accomplish much toward bettering the conditions of our country. This requires much thought and effort. May the Grange ever continue this task. Thank you for giving me the great privilege of presenting the flag of our wonderful United States. It is an honor I dearly love.

God's blessing be upon each of you.

Fraternally,
MARJORIE MILLS

POMONA ANNUAL REPORT

Worthy Master, officers and patrons of the California State Grange:
GREETINGS:

It is with pleasure I greet you from the station of Pomona.

This year has passed so quickly but I have many pleasant and treasured memories of meetings with my brothers and sisters in various Granges in many parts of the State. I regret I was unable to accept all of the invitation which I received and I wish to express my sincere thanks to all who sent me invitations.

I deem it an honor to be your State Pomona and have enjoyed serving in this office and sincerely extend my best wishes to everyone for a pleasant and successful convention.

Fraternally Submitted,
MILDRED SPAIN, Pomona

FLORA

Worthy Master, Officers and Members of the California State Grange:
Greetings:

Another year has rolled along and the 90th Session has convened in the beautiful City of Santa Monica. I wish to thank all those who sent me invitations to attend their meetings. Some I could attend, and always was treated royally for a "Granger is never a Stranger" but a Brother or Sister of our wonderful Order. I am sorry I could not attend more meetings.

I am very thankful to all ladies who took part in Floral Drill and those who have been of great help for I could not do this alone. I wish this session to be truly great in all ways.

Fraternally,
Effie Spencer
Flora

LADY ASSISTANT STEWARD ANNUAL REPORT

Worthy State Master, Officers, delegates, and brothers and sisters of the State Grange.

GREETINGS:

I am happy to have been able to visit with many of you during the past year and I sincerely hope that I may have the opportunity of becoming personally acquainted with many more of you good friends during the coming year.

I wish to thank all of you for your kind invitations and for your many courtesies, and I wish you a very happy and successful convention at Santa Monica.

Sincerely and Fraternaly,
MARGARET SARACCO, Lady Assistant Steward

MUSICIAN

Worthy Master, Officers and Members of the California State Convention:

Greetings:

Here we are at another Convention, assembled for business and entertainment. Some of the entertainment will come from this station of which I really enjoy doing. All Granges should have some music of some sort.

I wish to thank Jimmy Mitchell, one of the youth group, for leading the singing of the opening songs. He did a splendid job of leading. Hope he will do it again.

I also wish to extend my thanks to all Granges for their invitations to their different celebrations. It was impossible for Sister Campbell and I to attend all of them.

My thanks also go to Sister Fiedler for marching the State Officers to their stations this morning.

If any of you folks have a favorite song that you would like to hear, let me know and I will try and dig it out of this piano. Let's all have some fun along with our serious business.

Fraternally submitted,
Bill Campbell
State Grange Pianist

MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE

October 16, 1961

The Executive Committee of the California State Grange met in the Suite of the State Master J. B. Quinn, Senator Hotel, Sacramento, California on Monday, October 16, 1961, at 10:00 p.m.

There were present Lloyd V. Piper, Jackson C. Raines, Merle Mensinger and State Master Quinn. The minutes of the previous meeting of the Committee held on September 5, 1961 were read and approved.

The State Master presented to the Committee the report of W. C. Flannery, C.P.A., covering the examination of the records of State Treasurer Marshall Dopkins and State Secretary Clara Williamson

for the fiscal year ending September 30, 1961. A copy will also be furnished to the State Treasurer and State Secretary.

Bill from Grangers' Business Organization with a total of \$783.43 covering total charges for booth rental, materials, and labor for building the exhibits for Juvenile Grange, California State Grange and Grangers' Business Organization at the 1961 California State Fair was presented. Upon motion of Brother Piper, seconded by Brother Raines the payment of one-half the total amount was approved. Motion carried.

Meeting adjourned at 11:00 p.m.

J. B. QUINN, MASTER
California State Grange

APPROVED: Date: 10-16-61

Lloyd V. Piper, Member

Merle Mensinger, Member

Jackson C. Raines, Member

MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE October 21, 1961

The Executive Committee of the California State Grange met in the State Master's suite at the Senator Hotel at 9 a.m. for the purpose of approving the final day's minutes of the Annual Session.

The meeting was called to order by State Master J. B. Quinn: Others present were Lloyd V. Piper, Jackson C. Raines and Clara Williamson, Secretary.

Reading off the Journal for Friday, October 20, 1961, final day of the 89th Annual Session.

A motion to approve the minutes as read was made by Jackson C. Raines, seconded by Lloyd V. Piper. Motion carried.

Discussion was held on the procedure suggested by the Auditor, to be used by the Secretary and Treasurer.

The next Executive Committee meeting set for Saturday, October 28, 1961 at the State Grange Headquarters at 10:00 a.m.

State Grange Treasurer and Secretary asked to attend.

Meeting adjourned after a motion by Lloyd V. Piper, seconded by Jackson C. Raines.

Clara Williamson, Secretary
CALIFORNIA STATE GRANGE
APPROVED: Date: 10-28-61

Merle Mensinger, Member
Jackson C. Raines, Member

MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE October 28, 1961

The Executive Committee of the California State Grange met in the office of State Master Quinn Saturday, October 28, 1961 at 10:00 a.m. At opening of the meeting there were present in addition to Brother Quinn Committee members Brother Lloyd V. Piper and Brother Merle Mensinger. Brother Jackson C. Raines was in attendance after 1:00 p.m.

The minutes of the meeting held Monday evening October 16, 1961, also the minutes of the meeting held Friday, October 21, 1961 were read and approved.

Correspondence from S. E. Rafter, Master, San Diego County Pomona Grange, also correspondence from Wayne Ralston, Deputy of Siskiyou County, was read.

Brother Quinn asked for recommendations for date of the annual December Deputy Conference and Saturday, December 16th, and December 17 (Sunday) were decided upon.

Request for Sacramento Grange No. 12 to serve noon luncheon December 16th and breakfast Sunday morning December 17, 1961 at the December Deputy Conference was approved.

Bill from Robinhood Caterers in the amount of \$142.84 for punch served at Monday evening reception, October 16, 1961, was approved.

Correspondence from Attorney John F. Downey relative to settlement with Grange Mutual Life of Nampa, Idaho was read.

Brother Quinn confirmed the appointment of Brothers Wayne Ralston of Siskiyou County, Norman Mee of Monterey County and R. Findley of San Luis Obispo County to serve on the Committee for presenting suggestions for Nursery Care for young children at future State Grange Conventions.

Brother Quinn announced members of committee to study revision of California State Grange Constitution and By-Laws consisting of Brothers Jackson C. Raines, San Bernardino County, Kermit Kast of Tehama County, and Walter Adams of Stanislaus County. It was suggested that two additional names be added and Brother Robert Austin of Antelope Valley and State Secretary Sister Clara Williamson were included.

Brother Carle Fiedler, State Director of Youth Activities appeared before the committee. He outlined a series of Youth Conferences in addition to Humboldt State College and Cal Poly, suggesting Fresno State College, Chico State College, Cal Poly campus at San Dimas and San Diego State College. Dr. Fiedler also was authorized to prepare a brochure outlining the aims and purposes of the California State Grange Youth Group. Moved by Brother Piper, seconded by Brother Mensinger that Dr. Fiedler make preparations for additional Youth Group Conferences as suggested. Motion carried.

State Treasurer Marshall Dopkins and State Secretary Clara Williamson appeared before the Committee to discuss the yearly audit of the records of both offices. Audit prepared by W. C. Flannery, C.P.A. Copy of Audit was presented to State Treasurer and State Secretary. The recommendations of the Auditor were discussed and it was moved by Brother Mensinger, seconded by Brother Raines that the State Secretary and State Treasurer be authorized to make all necessary entries and adjustments to bring the records into the status outlined by the suggestions in the Annual Audit. Motion carried.

It was further moved by Brother Raines, seconded by Brother Piper that all checks issued by State Treasurer, when not presented for payment after six month's outstanding be written off, and the State Secretary be so informed. Motion carried.

No further business offering, the meeting was properly adjourned.

**MINUTES OF THE CALIFORNIA STATE GRANGE
EXECUTIVE COMMITTEE
December 17, 1961**

The Executive Committee of the California State Grange met in the Office of State Master Quinn, December 17, 1961 at 2:00 p.m. There were present State Master Quinn, Brothers Piper, Raines and Men - singer.

The minutes of the Executive Committee Meeting held October 28, 1961 were read and approved.

Correspondence relative to the Santa Monica facilities appurtenant to the 1962 Convention was read and Brother Raines was requested to make a complete investigation of the Convention Hall facilities and report within the next week.

Correspondence with reference to Mojave Valley H.E.C. was read.

Letter dated November 12, 1961 from A. T. & S. F. Railroad Company was read, expressing appreciation for testimony of Committee Member Brother Raines at a recent I.C.C. hearing.

Letter from R. A. Findley, Master, San Luis Obispo County Pomona Grange was read.

Correspondence from Sacramento Area Mental Health Association was read and the Committee endorsed the selection of Sister Emma Wait as representative of the California State Grange.

Proposed State Lecturer's program, featuring as its theme "Time" was presented to the Committee. It was moved by Brother Raines, seconded by Brother Piper that the Committee approve the program of the State Lecturer with the understanding that we try to combine with other Conferences if possible, so as to eliminate duplication of mileage expense whenever possible. The Committee requested that Brother Ivey send a tentative schedule of his projected Conferences so they could be coordinated whenever possible with other meetings.

State H.E.C. Chairman, Sister Gladys True, appeared before the Committee and outlined portions of the proposed H.E.C. Program for 1962. Brother Mensinger moved, seconded by Brother Raines, that the State H.E.C. be authorized a sum not to exceed \$50.00 for promotion of the 1962 State H.E.C. Sewing Contest. Approved.

The question of temperature control for Wisteria Hall was discussed. Moved by Brother Raines, seconded by Brother Mensinger that the State Master receive bids from various sources on the cost of a suitable heating and air conditioning system for Wisteria Hall and report at the next Committee meeting. Carried.

Correspondence between the State Master and Farmers Insurance Exchange was read. Moved by Mensinger and seconded by Raines that the State Master and Brother Piper present suggested plans for additional Grange coverage to the Farmers Insurance Group. Carried.

Application for Student Loan in the amount of \$600.00 from Michael F. Merkley of Orchard City Grange was presented and approved.

Letter from Delbert Garrison relative to new cloth for State Grange Convention was read.

Discussion on School of Instruction for Grange Officers was held. The State Master was authorized to prepare, in the most feasible manner an outline for this School, together with authorized California State Grange ceremony for Flag Presentation and necessary instructions.

The matter of jewels or pins for Past State Officers was discussed. The State Master was authorized to explore further the possible cost of suitable pins or jewels and to announce through the columns of the California Grange News that these pins or jewels would be available to all living past California State Grange Officers on written request supplemented by supporting evidence of their term of service.

Letter dated December 4, 1961 from National Master Newsom relative to dues payment was read.

Correspondence dated November 8, 1961 from Sisters Marie Rice, Virginia Spoonemore and Elaine Van Horn was read.

Letter dated November 8, 1961 from Fuller Regalia & Costume Company was read, relative to pins or jewels for Past California State Grange Officers.

Letter dated November 9, 1961 from Governor Edmund G. Brown relative to de-salting sea water was read, also reply to the Governor's letter dated December 1, 1961 by State Master Quinn.

Letter dated November 26, 1961 from Lloyd Lopp, Master, Oro Grande Grange No. 592, also reply by State Master Quinn dated December 1, 1961 was read.

Letters dated November 1, 1961, from Paul Stewart, president, Grange Insurance Association of California was read. Committee suggested that State Master Quinn ask Brother Stewart to call at State Office for conference.

Letter dated November 15, 1961 from Brother Lee Tripp relative to mailing lists of Subordinate Grange members was read. After discussion it was moved by Brother Raines and seconded by Brother Mensinger that the Grange continue its present policy relative to mailing lists. Motion carried.

Letter dated November 18, 1961 from California Physicians' Service outlining new schedule of rates was read.

A sum of \$795.13 is being held in the account of the Workmen's Compensation refund account by American Trust Company. The Committee authorized State Master Quinn and Sister Aileen Campbell to withdraw funds when necessary. It was further moved by Brother Raines and seconded by Brother Mensinger that the State Master be authorized to deposit said funds in an interest-bearing account. Motion carried.

Letter dated December 18, 1961 from National Grange Public Relations Representative Brother Jack Jackson was read, also letter dated December 15, 1961 by Master Quinn.

Letter dated December 6, 1961 from California State Department of Health relative to potluck meals was read. As soon as interpretation is announced by State Attorney General Mosk, the Grange will be notified. Until such time, Granges were advised to proceed as formerly, unless specifically prohibited by County Health Officials.

Correspondence dated November 19, 1961 from Charles W. Cleary, relative to California State Senate reapportionment was read.

Letter from Herschel D. Newsom, National Master, dated November 28, 1961, also reply of State Master Quinn dated December 4, 1961 relative to National Grange Monthly was read.

RESOLUTIONS:

Resolution by Stanislaus County Pomona Grange on WEED CONTROL was read and it was suggested that this matter be taken up directly with the Stanislaus County authorities.

Resolutions from Millville Grange No. 443 and Happy Valley

Grange No. 720 relative to REAPPORTIONMENT OF STATE SENATE were read. The Committee endorsed both resolutions and requested the State Master to follow out the suggestions of the resolutions.

The meeting adjourned at 5:00 p.m.

MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE

January 25, 1962

The Executive Committee of the California State Grange met in the office of State Master Quinn on Thursday, January 25, 1962 at 10:00 a.m. There were present in addition to State Master Quinn, Brothers Jackson C. Raines and Lloyd V. Piper. Brother Mensinger was unable to be present.

The Minutes of the Executive Committee meeting held on December 17, 1961 were read and approved.

Correspondence between the State Office and the Farmers Insurance Group was discussed, and it was moved by Brother Raines and seconded by Brother Piper that State Master Quinn outline a proposal to the Farmers Group covering a special inclusive policy for members of the Grange in California, and to report to the Committee the response of the Farmers Group. Motion carried.

Requests for State Rosters by The Pines to Palms Wildlife Committee and Mary Wilson of Lynn, Massachusetts were denied.

State Master presented a proposal by Sacramento Refrigeration Co., Inc., relative to refrigerated cooling of Wisteria Hall. Moved by Raines and seconded by Piper that two additional bids by responsible parties be secured and the State Master award the contract to the most advantageous one. Motion carried.

The proposed June Deputy Meeting was discussed and the dates of June 9th and 10th, 1962 approved.

The facilities of the Santa Monica Auditorium were discussed and Brother Raines was to make examination of the seating and stage arrangements.

The "Beautify Rural America Program" of the Farmers and Traders Life Insurance Company was presented.

Correspondence with U. S. Senators Wayne Morse, Paul Douglas, also News Release from the U. S. Department of Interior, U. S. Secretary of Interior Udall relative to the recent directive relating to water from the San Luis Reservoir was presented.

Copy of telegram dated January 2, 1962 to U. S. Secretary of Agriculture Freeman relative to National Turkey Marketing Act was presented to the Committee.

Correspondence with Lee Roy Tatum January 4, 1962, Brother Raines January 10, 1962, and Deputy Goeringer January 10, 1962 relative to Chowchilla Grange was presented.

Correspondence with Roy F. Perry, January 8, 1962, relative to redemption of G.B.O. Certificates was read.

The Agenda for School of Instruction for Grange Officers was discussed.

The State Master was authorized to assist the Antelope Valley

Poultry Ass'n. in the preparation of proposed By-Laws in their efforts to bring some stabilization to the Poultry industry in Antelope Valley.

State Treasurer Dopkins and State Secretary Sister Williamson appeared before the meeting. Sister Williamson reported on the recommendations of C.P.A. Mr. Flannery who audits the records of the State Grange. Moved by Brother Piper and seconded by Brother Raines that the Secretary and Treasurer make the necessary entries so that the records would harmonize with the recommendations of Mr. Flannery. Motion carried.

State Secretary Williamson reported that in the period between November 12, 1959 and October 20, 1960 there were 10 checks totalling \$117.55 issued that were still outstanding. Moved by Brother Raines and seconded by Piper that the Secretary and Treasurer cancel payment on these items. If and when any or all of them are finally presented for payment, upon proper authorization, they could be paid by warrants against the General Fund. Motion carried.

Checks for Russell Cundiff (\$2.70), Henry Sohn (\$7.68) and Joseph Kent (\$6.93) issued at the October 1961 Sacramento Convention were withheld because the above-mentioned did not cast their ballots as delegates. Motion by Raines, seconded by Piper that the checks be canceled. Motion carried.

Correspondence between State Master and Secretary of United Rescue Grange January 6-10, 1962 was presented.

Correspondence dated January 17, 1962 from National Highway Users Conference was read.

Correspondence from California Department of Public Health dated December 6, 1961 relative to Pot-luck meals was read.

Resolution from Napa County Pomona Grange dated November 25, 1961 relative to vacancy on Board of Directors on 25th District Agriculture Fair was presented.

Financial statements of San Joaquin County Grange Credit Union December 31, 1961 and Fresno County Grangers Federal Credit Union December 31, 1961 were presented.

Correspondence with State Lecturer Brother Ivey relative to scheduled Lecturer's Conferences was presented.

Brother L. E. Francis of Johnstonville Grange sent greetings to the Committee as recently appointed Director of Farm Home Administration for California, Nevada and Hawaii Unit.

No further business offering, the meeting adjourned at 5:00 p.m.

MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE February 25, 1962

The Executive Committee of the California State Grange met in the Office of the State Master, February 22, 1962, at 9:30 a.m. There were present: State Master Quinn; Committeemen: Brothers Mensinger, Piper, and Raines. The Minutes of the last meeting of the Committee held on January 25, 1962, were read, signed and approved.

Correspondence dated 12/6/61 from the State Department of Health, relative to Grange dinners and pot luck meals was read.

The matter of an exclusive Grange automobile and liability policy with the Farmers' Group was discussed and the State Master was authorized to present to the Farmers' Insurance Group the proposed plan as recommended by the Committee.

Final bill from Attorney John F. Downey in the legal matters connected with the Grange Mutual Life Insurance Company of Nampa, Idaho, was presented and moved by Raines and seconded by Piper was ordered paid. Motion carried.

The question of Membership Incentive was discussed and the Committee approved the present plans.

The Committee reviewed the 1960 report of the Grange sponsored Workmen's Compensation financial report as presented by the Truck Insurance Exchange.

The State Master reported that due to resignation of Brother Glenn Brown from Senator Paul Byrne's committee on Industry Container Stabilization Committee, that Brother Willam Waters of Oakdale be appointed. Committee approved.

The Committee made an inspection of the Headquarters' Building and discussed proposed plans for improvements and necessary repairs to the walls and roof. The State Master was requested to make inquiries to the possibility of erecting an entirely new building to house the various State offices and to report at a later Executive Committee meeting.

The State Master presented the Committee with copy of the Grange presentation objecting to the construction of a duplicate road on the West shoreline of Bodega Bay. Resolutions as follows were presented:

1. From Napa Grange No. 7 requesting appointment of a Grange member on the Napa County Fair Board.
2. Resolution from Hangtown Grange relative to support of the Gold Industry.

The State Master was authorized to request the Governor to consider a Grange member as member of Napa County Fair Board.

The Committee referred the resolution relative to Gold Support for consideration at the coming 1962 State Convention.

The State Master reviewed the actions relative to the decision of Secretary of Interior Udall in allowing unrestricted use of water in the State Service Areas in waters from Oroville Dam and the proposed San Luis Reservoir.

Letters between Howard Duncan, Deputy of Shasta County and the State Office relative to transfer of present Anderson Grange Property in return for 20-year use of suitable Grange meeting place was presented and Committee approved the suggestions of the State Master.

Brother Raines outlined to the Committee the findings of the State Master and himself at the Santa Monica Municipal Auditorium on February 19. The physical facilities at the auditorium were considered suitable for all needs. Moved by Mensinger and seconded by Raines that the convention site at Santa Monica be approved. Motion carried.

The question of the remuneration for Dr. Carle Fiedler, Director of Youth Activities, was discussed and it was moved by Brother Raines, seconded by Brother Mensinger that Dr. Fiedler be reimbursed at the rate of \$50.00 per month, effective March 1, 1962. Motion carried.

The matter of publicity for ACA No. 4, relative to assessments on lands used exclusively for agriculture was discussed. The Committee authorized the State Master to take action along lines endorsed by the delegate body at the Sacramento 1961 convention.

Resolution from Brownsville Grange No. 708, endorsing U. S. Forest Service plans for developing National forests for extended use by the people was presented. The Committee approved the act but suggested it also be brought before the delegate body at the 1962 State Convention.

The request of William L. Knecht for the number of members in the California State Grange was disapproved.

No further business offering, the meeting adjourned at 4:30 p.m.

MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE

March 22, 1962

The Executive Committee of the California State Grange met at the Office of State Master Quinn, Thursday, March 22nd, 1962, at 10:00 a.m. Present were members: Brother Piper, Raines, and Mensinger. State Master Quinn presided. The minutes of the meeting held on February 25, 1962, were approved and signed.

Brother Edward Howell, Master of North Humboldt Pomona Grange and Brother Hansen of Humboldt County appeared before the Committee relative to resolution by North Humboldt Pomona Grange protesting the present actions of the State Board of Equalization. After discussion, it was moved by Brother Raines, seconded by Brother Piper that the Master consult with the State Grange Attorney for advice and also that we support the intent of the Resolution. Carried.

Brother Carle Fiedler, State Director of Youth Activities, appeared before the Committee with outlines for the forthcoming April Youth Conference at Cal Poly Campus in San Luis Obispo.

Brother Craig Hazlewood, Manager of the California Grange News and Brother Pfanner, Auditor for the California Grange News appeared and presented a financial statement showing status as of February 28, 1962. Conditions relative to the News were discussed.

The matter of El Nido Grange in Merced County was discussed. Moved by Brother Raines, seconded by Brother Mensinger that the State Grange take steps before the expiration of the delinquent property tax sale to protect the Grange interest. Carried.

An invoice from the Grange Attorney, Brother Thomas Olson, for additional services in the legal action between the State Grange and Grange Mutual Life Insurance Company of Nampa, Idaho, was presented and approved for payment. Several relevant matters pertaining to insurance were discussed.

State Master Quinn presented the formal contract with James E. Vendley Refrigeration Service for cooling system for Wisteria Hall as directed at the February meeting.

State Master advised the Committee that one set of slides on Grange Procedure were on hand in his office, but that those illustrating the Flag Presentation Ceremony would have to be replaced with suitable slide for the California State Grange Official Flag Presentation before it could be used in the Granges in California.

Correspondence from Sister Myrtle Wilson, Secretary, Sacramento

County Pomona H.E.C. was read and the Committee authorized their serving dinner on Saturday evening during the June, 1962, Deputy Conference and also the serving of the traditional Grange Day Luncheon in Governor's Hall during the 1962 California State Fair Exhibit at Sacramento.

The forthcoming State Convention in Santa Monica was discussed. The Committee approved the appointment of Brother Jackson C. Raines as General Chairman of the Convention and who would proceed with the advice of the State Master and Executive Committee.

Request of California Senior Citizen News for State Roster was denied.

The Committee approved the congratulatory letter of March 5, 1962, to Deputy Charles Davis for his efficient handling of affairs in Trinity County.

Correspondence with National Master Newsom was read congratulating the California State Grange in keeping the National office alerted as to California AGRICULTURAL CROPS that would be seriously affected by any general removal of all tariff restrictions with certain Southern European nations.

The Master read letter from National Master Newsom relative to the invitation extended he and Sister Peck to attend the forthcoming State Grange Convention in Santa Monica.

Letter dated 3/7/62 from Deputy Wayne Ralston of Siskiyou County relative to GBO and Petroleum distribution in his area was discussed. Committee was directed to bring it to the attention of the GBO Board meeting on March 23rd.

State Master reported Yucca Grange in Antelope Valley was preparing to dedicate their new hall on June 24, 1962.

Correspondence relative to the National Grange Youth Highway Safety Contest for 1962 was read and the decision to transfer this contest for 1962 to Director of Youth Activities, Brother Carle Fiedler was approved.

Communication from the Sacramento Area of Civil Defense was read and the Committee approved the request of State Master that we endorse the outlines of the group.

Correspondence from Herbert W. Kochs, President, National Council on Crime and Delinquency was read. State Master is a member of the advisory board in California.

Requests for student loans from Brothers Michael Eberle and Keith Crossman were approved and signed by the Committee members.

Correspondence from U. S. Senator Paul Douglas of Illinois relative to the 160-acre provision be inserted in any appropriations made for the construction of the proposed San Luis Reservoir was read.

Letter from Calaveras Grange No. 715 relative to insurance agent was read.

The present quarterly bulletin of State Lecturer, Brother Ivey was presented.

Transcript of broadcast from Station KPIX, relative to Grange position on Daylight Saving Time was read.

Copy of letter sent by State Master Quinn to Ted Rosequist, newly appointed manager of the California State Fair and Exposition was read.

State Secretary, Sister Williamson presented list of all outstanding educational loans now due the California State Grange. The committee directed that suitable measures be taken to acquaint the recipients of

these loans the need for repayment, so as to keep the fund in a solvent condition.

Letters from Yucca Grange and Selma Grange relative to Membership lists of individual Granges were read. The Committee reiterated their stand that no lists of any nature relative to membership in any Grange should be given that could be used directly or indirectly by anyone outside the membership of their respective Grange.

The matter of petitions to be sent to each of the Subordinate Granges for signatures, asking the Congress to withhold any fund for construction of the proposed San Luis Reservoir unless a provision be inserted to make all waters entering the reservoir subject to the 160 acre limitation provisions of the Federal Reclamation Act. The Committee approved the issuance of such petitions by the State Office.

No further business offering, the meeting adjourned at 4:30 p.m.

MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE

April 28, 1962

The members of the Executive Committee of the California State Grange met in the Office of State Master Quinn, Sacramento, California, Saturday, April 28, 1962, at 10:00 a.m. Those present were Committee Members, Jackson C. Raines, Lloyd V. Piper. Brother Merle Mensinger was unable to attend.

The meeting was called to order by State Master Quinn. Minutes of the previous meeting held March 22, 1962, were read, approved and signed.

Correspondence dated 4/10/62 with Lockford District Grange was read. The Committee sustained the position of the State Master relative to distributing membership lists to persons with services or goods to sell to Grange members. The membership lists should not be given out without first obtaining approval of the State Office.

Correspondence with Chico Grange relative to balloting for members was discussed. The State Master was directed to suggest a satisfactory solution to the present problem in that Grange.

Correspondence relative to the proposed Appropriations Committee hearings in Washington, D. C., for Federal Funds for the San Luis Reservoir was presented. The Committee advised the State Master to appear before the proper Committees in Washington, D. C., if he deemed it necessary.

Letters from Santa Clara County Pomona Grange requesting information on the 1964 State Grange Convention was read and the information requested given.

Application for student loan of \$500.00 for Brother Robert A Hunter of Magalia Grange was approved.

Bill from Jim Vendley, covering charges for installing refrigerated cooling system in Wisteria Hall was approved.

National Grange Extension Rules for 1962 were read and Brother Jackson C. Raines was directed to draw up rules for 1962 within Cali-

fornia. Brother Raines commented on pamphlet relative to National Grange Week sponsored by Minnesota State Grange.

Communication from Brother Robert L. Findley, Master, San Luis Obispo County Pomona Grange relative to insurance was read.

The State Master was authorized to negotiate with proper supply authorities for a suitable emblem for Jewel for Past State Officers.

List of expenses for the 1962 Youth Conference at Cal Poly Campus was approved for payment.

Letter from Washington State Grange, giving date of the June, 1962, Convention was read and State Master Quinn was authorized to attend.

Request of Brother Carle Fiedler to hold the \$200.00 fund presented by San Luis Obispo County Pomona Grange for the Youth Committee be used as a revolving fund to take care of necessary month to month expenses and when reimbursed, the fund to likewise be replenished. Request granted.

Letter from National Master Herschel D. Newsom, also brochure on the activities of the GIF was presented to the Committee for study.

The matter of necessary improvements on the Headquarters' building was discussed and after a tour of the building, the committee requested the State Master present bids for the proposed improvements and decisions would be made when approximate cost was determined.

Resolutions from San Joaquin County Pomona Grange, San Diego Harbor Grange, Fresno County Pomona Grange, El Dorado-Amador County Pomona Grange and Ceres Grange was read and appropriate action was directed to the attention of the State Master.

Financial report from State Secretary, Clara Williamson was presented. No further business offering, the meeting adjourned at 12:10 p.m.

MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE

June 8, 1962

The Executive Committee of the California State Grange met in the office of State Master Quinn, Thursday, June 8, 1962, at 10:00 a.m. Those present were: State Master J. Blaine Quinn, Committee Member Lloyd V. Piper and Committee Member Merle Mensinger.

Committee Member, Jackson C. Raines, was absent, as he will represent the California State Grange at the Dedication of the Oliver Hudson Kelley Farm as a part of the Minnesota Historical Society's permanent landmarks.

The minutes of the previous Executive Committee meeting, held April 28, 1962, were approved.

State Master Quinn presented a letter from the State Office authorizing Brother H. L. Skinner to organize a Grange in the vicinity of Covelo, California, and other Subordinate Granges as directed by the State Master. Upon motion of Brother Piper, seconded by Mensinger, the operation was approved and carried.

The report of the Truck Insurance Exchange showing amounts of

claims paid during the period between 1-1-62 and 4-1-62 on Grange workmen's compensation policies was presented.

Bids from Home Roofing Co., F. R. McIntyre, Inc., and Rhoads Plumbing Company, covering prospective improvements on the headquarters' building were presented and taken under advisement.

Correspondence between John A. Livingston and Fred and Lillie Orebaugh, relative to CPS was presented.

Letter and map from the State Division of Highways, relative to proposed alignment of a freeway near or including the present Grange property was presented. The State Master was directed to obtain what additional information was available from the State Department of Highways and the City of Sacramento Planning Commission.

Correspondence between National Master Newsom, the South Dakota State Grange and Sister Cumming, offering condolences, due to the death of Brother Ross Cumming, Master of the South Dakota State Grange was read. State Master Quinn informed the committee that an appropriate floral tribute was sent in the name of the California State Grange for the Cumming rites.

Correspondence from the Secretary of the Washington State Grange, relative to the Ballard girls' drill team of Washington using various Grange halls as sleeping quarters during their California Trip was read.

Letter from State Master Quinn to Charles Brush covering California agriculture and the proposed 100 million dollar grant by the UGW of America for family farms for some of its members, was read.

Correspondence with Brother Owen C. Ankeny, of Costa Mesa Grange, relative to Health Committees was read.

Letter from National Grange listing contributions to the National Grange Building Debt Retirement Fund was read. It shows California leading all the Grange states in the total amount of subscriptions to this fund.

Correspondence between U. S. Senators Kuchel and Engle relative to tariff legislation and the impending European Common Market were presented. The California State Grange wants strong representation around the bargaining table in order to protect California's specialty crops from taking an unfair burden of the concessions.

Correspondence between state office and U. S. Senator Carl Hayden of Arizona, relative to the 160-acre limitation being placed in all appropriations by the Federal Government for the state Oroville Dam and San Luis Reservoir was presented.

Congratulatory letter from Brother and Sister Wedemeyer, Master Montana State Grange, relative to publication of an article by State Master Quinn in the National Christian Science Monitor, relative to corporation farming in California was presented.

Correspondence with Congressman E. Clem Miller relative to his King Range Bill, H. R. 10830, better known as the Wilderness bill, was read.

Letter from D. F. McMillen, President of Sunkist Growers thanking State Master Quinn for his suggestions on legislation to protect California farmers in the impending European Common Market negotiations was read.

Correspondence from the California Department of Public Health relative to meeting on June 11 was read. Dr. Carle Fiedler will represent State Master Quinn at this meeting. On the agenda is the pro-

posed health program for seasonable agricultural workers and their families.

Letters from State Lecturer Ivey reporting on this recent Lecturer's Conference was read. Expense accounts for State Lecturers' Conferences were presented and approved.

Communication from the National Grange relative to California State Grange official flag presentation ceremony was read.

Resolutions from Cedar Grange, Siskiyou County Pomona Grange, Modoc County Pomona Grange, relative to proposed trade agreements act and European Common Market were read. Resolution from Yolo Grange No. 601, relative to Yolo Flood Control and water conservation district was read. Letters from Fort Bragg Grange No. 672, relative to National legislation HR 9882 and HR 9900 were read.

Grange News business Editor, Craig Hazlewood, and Accountant Brother Pfanner presented financial statement showing operations of California Grange News for May 1962 and financial statement for the period from October 1, 1961, through May 31, 1962, was presented and discussed.

State Master Quinn informed the committee that following their suggestion, the Grange Official Party to the Washington State Grange Convention and Oregon State Grange Convention would consist of: State Master and Sister Quinn, State Secretary Sister Williamson, State HEC Chairman, Sister Gladys True.

No further business offering, upon motion of Brother Piper, seconded by Brother Mensinger, the meeting adjourned.

MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE September 5, 1962

The Executive Committee of the California State Grange met at the office of the State Master, Sacramento, on Wednesday, September 5, 1962, at 7:00 p.m.

The meeting was called to order by State Master Quinn. In attendance were Brothers Piper and Raines. Brother Mensinger was unable to attend.

State Master Quinn presented a letter dated August 27, 1962, from Attorney John H. Sutter, San Francisco, outlining the course of proposed action in entering the Amicus Curiae (Friend of the Court) in the hearing before the State Supreme Court on behalf of the California State Grange, in order to present the Grange's position on the acreage limitation in the pending Metropolitan Water District, State of California, and Bureau of Reclamation case. Attorney Sutter's fee will be \$2,500.00 for the preparation of the brief. Moved by Brother Raines, seconded by Brother Piper to have Attorney Sutter proceed with the case. Brother Mensinger had signified his accord with this view earlier in the month. Motion carried.

Letter dated August 14, 1962, from National Grange Secretary, Brother Harry Caton, was read, suggesting that State Granges include in their roster the membership of each Subordinate Grange in their jurisdiction. Moved by Brother Piper and seconded by Brother Raines

that the 1963 Roster of the California State Grange include the total membership of each Subordinate Grange, following the space used for date of organization. Motion carried.

Application of Brother Daniel L. Cross for Student Loan of \$600.00 was approved on motion of Brother Raines, seconded by Brother Piper.

Application for additional student loan by Brother Keith V. Crossman, amount \$600.00 was approved on motion of Brother Piper, seconded by Brother Raines.

After discussion, it was moved by Brother Raines, seconded by Brother Piper, to adjust the present salary of Business Manager, Brother Hazlewood, of the California Grange News to \$600.00 per month. Motion carried.

Moved by Brother Piper, seconded by Brother Raines, to repair the walls and ceiling of the office used by Public Relations Representative. Motion carried.

Proposal for Grange participation in policies presented by Washington National Insurance Company was read. After discussion, it was moved by Brother Raines, seconded by Brother Piper, that their enrollment provisions on page 6 of their prospectus were such that they would not fill the needs of the present Grange membership, and that we disapprove of their plan. Motion carried.

The matter of the expenses incurred by Brother Raines in his journey to Minnesota at the dedication of the Oliver Hudson Kelley Homestead was discussed. It was moved by Brother Piper and seconded by State Master Quinn that Brother Raines be reimbursed his outlay in this regard. Ayes: Piper and Quinn. No: Raines.

State Master Quinn reported that Sister Alicia Leaf would be leaving on September 14th, due to transfer of her husband to a new position in Barstow, California. The Committee approved the appointment of a suitable successor.

Brother Raines, acting as general Chairman of the Committee of the revisions of the Constitution and By-Laws, presented the recommendations of his committee. The recommendations governing the Constitution will be mailed to Masters of all Subordinate Granges in California at least 30 days before the October 16th, 1962, opening date of the State Convention.

No further business offering, the meeting adjourned.

J. B. Quinn, Master

CALIFORNIA STATE GRANGE

APPROVED: Date: 9-5, 1962

Lloyd V. Piper, Member

Jackson C. Raines, Member

DEPUTY REPORTS

AMADOR COUNTY

Worthy Master, Officers and Members of The California State Grange:

I have held schools of instruction in my Granges on several occasions.

The Granges are in good financial condition.

The Ione Grange Booth Exhibit in the County Fair placed third.

I had the pleasure of installing the Officers of the El Dorado-Amador Pomona Grange and the Subordinate Granges in a joint installation. The Pomona Grange is very active.

The H.E.C. is very active and I am very thankful for the support they are giving the Subordinate Grange.

The El Dorado-Amador Grange Credit Union is growing steadily.

Fraternally Submitted,

JOSIAH H. SAUNDERS,

Deputy, Amador County

ANTELOPE VALLEY

Worthy Master, State Officers, Delegates and Members of the California State Grange:

Greetings From the Granges of the Antelope Valley.

It has been a pleasure to again represent the Granges of the Antelope Valley. I have been unable to attend the Granges very much this year but to all Masters, Officers and members who have carried on so well in my absence I say to them "I salute you." Thanks.

The six Subordinate and Pomona Granges are doing very well. Some will show a small gain and some will show a good gain in membership.

The highlight of the year was the dedication of the new Yucca Grange Hall. The State Master being the dedicating officer. The Yucca officers did a mighty fine job as all knew their parts well, marched well and all spoke out so everyone could hear them. A job well done.

The first and second degree has been put on five times and the third and fourth three times. The fifth degree will be put on before we go to convention. Almost everyone has taken all degrees.

Our Credit Union is doing a bang up job having assets of between \$250,000 and \$300,000, which is good for a young credit union.

I met with the H.E.C. and had the pleasure of hearing the State Chairman, Sister Gladys True, unwind her plans for the coming convention and also her program for the balance of the year. After having a fine lunch I had a nice visit with her husband, Jim, and enjoyed the afternoon very much.

Three Granges entered displays in the competitive booths at the Antelope Valley Fair and won first, second and third places. Some of the women entered single displays such a canned goods, bake goods, sewing and fancy work. All money won was turned over to their Granges.

Three Granges, Joshua Tree, Wildflower and Yucca, entered in the Community Service Contest.

Our Youth Group is growing and many of them hold offices in own Granges. Miss Linda Gookins of Yucca Grange has been a very busy girl this year. She was selected Miss Lake Hughes and represented the community at the fair and was a Princess in the Queen's Court. She won two scholarships, won a number of prizes in her 4-H work. She

was chosen as Miss Friendship for being the friendliest youth in the Valley and was selected as girl of the month. We are all real proud of her.

I have had two meetings with Masters on the Ritual and one on the importance of building up their membership. Also had one meeting with the Lecturers and explained the importance of publicity.

All Granges are in good financial condition excepting one but I believe they will be alright soon. We have had a number of card parties, ice cream socials, dinners, breakfasts, picnics and just about everything to make Grange life pleasant. A fair turnout for everything.

I wish to thank every one for their thoughtfulness to me during my recent illness and say thanks for the many cards I have received.

IN MEMORY OF ARTHUR BURKLE

Brother Burkle was a member of the Wildflower Grange and of the Antelope Valley Pomona Grange for a number of years. I do not recall him missing but a very few meetings if any and he attended many Grange activities. He was a member of the local soil conservation District Board and this year was elected president of the California Soil Conservation Districts. He will not only be missed by his many Grange friends and his many friends in the Valley, but by many farmers throughout the state who knew him for the outstanding work he did while serving as president of the districts.

Faternally submitted,

HARRY M. LEWIS, Deputy
Antelope Valley Granges

BUTTE COUNTY

Worthy State Master, State Officers and Members of California State Grange.

It is a pleasure to report to the State Grange for the first time, having been appointed Deputy in December of 1961.

There are 12 Granges in my county and as some are in the mountains it makes it hard to visit them in the winter months. There are five which meet on the first and third Fridays. This last spring I had an officers training meeting with Brother Jackson Raines giving the instructions. It was very well attended, with 92 present. The officers received a lot of information which helped them, especially new ones, thanks to Brother Raines.

All the Granges in the county now have and are meeting in their own halls. The last one to get their own hall was Concow with a membership of 58. They are to be congratulated on the work that they have done. Quite a few brothers and sisters from other Granges gave them help in labor and donations.

Ten of my twelve Granges entered Community Service and all ten made their final written report for this year. Most of the Granges have held their Booster Night programs with good attendance. Some of the Granges have degree teams and put on the work during the year. Chico Grange has a first and second and also a third and fourth degree team. They have put on all the degrees twice in their own hall and the first and second at Orland and Paradise.

All the H.E.C. clubs have been active putting on dinners and card parties and other things for money making projects. The Pomona H.E.C. has been meeting regularly each month with the Subordinate clubs as hostesses. They have given 100 dollars several times for a

H.E.C. student at Chico State College and this year voted to make it an annual thing.

We have two youth Granges in our county but no juvenile, for which I am sorry.

Our Pomona membership is 829 as of September 30, 1962, with 2195 Subordinate members. Eight quarterly reports have been received.

Pomona Grange also gives a scholarship to a deserving agriculture student at Chico State College, for \$100.

It has been a pleasure working with the Granges as a Deputy. I hope I can show more progress in the next year.

Our Pomona Grange Benefit Association now has its quota of 496 members, which helps at a time of death when help is most needed.

Fraternally Submitted,
JUSTUS BORCHERS
Deputy, Butte County

CONTRA COSTA COUNTY

Worthy Master, Officers and members of the State Grange of California.

In making an annual report for this year, I wish I had a more optimistic report to make. However, conditions are about the same as a year ago. I have tried to help Diablo Valley get started again by having meetings and inviting farmers to attend but so far I haven't had good results, but I'm not giving up, I'll still work at it. Martinez and Pleasant Hill jointly held a Prospect Night on September 21, 1962 and invited some of the people from the Brentwood area. We had a nice turnout.

I have visited all Granges several times. I find that they are conducting good meetings and the attendance is good. Martinez Grange and Pleasant Hill Grange have put on the four degrees together again this year. I believe this has been most rewarding since it creates more interest in the membership.

Three of our Granges entered booths at the County Fair in both Agricultural and Home Economics and received very high prizes. Contra Costa Pomona Grange had a Grange Day at the fair for the first time this year and it was a success. Plans are already being made for next year's Grange Day.

The Juvenile Grange of Martinez participated in the Martinez-Benicia Bridge Celebration Parade and received honorable mention. The Martinez Grange had a booth at this celebration and made a nice profit selling goodies to the crowd. Danville Grange participated in their festival at Danville. There are a lot of people that don't know much about the Grange and I think participating in these public events is to our benefit.

Two of our Granges entered in the Community Service Contest.

The Home Economics Clubs in our three active Granges are doing very good work for their Granges, having rummage sales, dinners and doing a lot of welfare work.

The 5th degree was exemplified at our last Pomona meeting with a nice class initiated.

Hoping for a prosperous and successful year in 1963.

Fraternally submitted,
MANUEL J. TREBINO
District Deputy

EL DORADO COUNTY

Worthy Master, Officers and Members of the California State Grange.
Greetings:

My seven Granges in El Dorado County are all in good financial order and membership is on the gain.

Our Home Economics Committees are doing a fine job and the ladies are to be commended for the part they do to keep our Granges active and in sound financial shape.

Our Pomona Grange is very active and has an increase in membership.

We had a joint installation last year, and are planning for another this year.

We have two degree teams active in our county this year and they are doing a fine service to our Patrons by exemplifying the four degrees.

We have a nice Youth Group in our county and have sent youth to the Cal Poly Conference and the Convention at Santa Monica.

Our El Dorado-Amador Grange Credit Union is doing a fine service to our members and is on the increase.

The Granges in my county are helping the youth by sponsoring Boy Scouts and 4-H Club work. We are endeavoring to increase the youth in the Grange.

Fraternally submitted,
George H. Klare
Deputy

NORTHERN HUMBOLDT COUNTY

Worthy Master, Officers and Members of the California State Grange:
Greetings from Northern Humboldt County:

As we started this year, we had our installation of officers in January. The State Master, J. B. Quinn was installing officer and Sister Quinn installing Marshal.

I have visited the Granges several times during the past year. Granges have been very active this year, and I am sure they will be more active this coming year in Community Service and building Grange membership.

It has been a pleasure to serve Northern Humboldt County as Deputy this past year.

Fraternally,
H. R. "Buck" Jones
Deputy

SOUTH HUMBOLDT COUNTY

Worthy Master, Officers and Members of the California State Grange:
Greetings:

I have visited the Grangers whenever possible and have attended Pomona meetings. The Granges seem to be taking in several new members, which I am confident, will show a gain at the end of this year.

Our Worthy State Master, Brother Quinn, and Sister Quinn installed officers of various Granges in my district in January.

Had a very successful one day youth conference held at the Scotia Inn with a very interesting program.

Some of the Granges have held very interesting Booster Night programs. Four Granges in my district entered the County Fair and won prizes.

Most of the Granges are active with card parties and dinners to raise funds.

Fraternally submitted,
FLOYD DAVIS
District Deputy

LOS ANGELES COUNTY

Worthy Master, Officers and Members of the California State Grange:
Greetings:

To begin with I want to take this opportunity to greet Brother Nelson Van Horn to the Deputy force. I am sure that our State Master will find him an asset to the organization and the Grangers of San Fernando Valley can depend on him to work untiringly for their benefit.

Getting back to Los Angeles County—we are happy to report that our membership continues to grow. We have a new Juvenile Grange, San Dimas Juvenile Grange No. 165—with 26 charter members. I certainly must give credit for all the work and enthusiasm in the organization of these young folks to Virginia Spoonmore—Master of San Dimas Grange and Marie Rice, the Juvenile Matron; the committee and others. It certainly takes courage and optimism—and we are looking forward to a lot of activities from these young Grangers.

I certainly must mention the purchase and dedication of the new Grange Hall by Fair Valley Grange No. 752. Our Worthy State Master Brother Quinn was the dedicating officer, and we want to congratulate Brother Herbert Marshall, Master of the Fair Valley Grange, his officers and members in obtaining their new home. I am sure it will be an inspiration to them.

Ranchito Grange No. 654 had the pleasure of celebrating their Twenty-fifth anniversary with an impressive ceremony. The hall was full of members and friends and a good time was had by all.

All three of these Granges participated in the Community Service Contest and also the Los Angeles County Pomona Grange No. 37.

Our County Grange No. 37 also celebrated their twenty-fifth year with many of the Past Masters present and all participating in an unusual and interesting program.

Fraternally submitted,
Kenneth C. Greene
Deputy

MENDOCINO COUNTY

Worthy Master, Officers and Delegates of the California State Grange:

Greetings from Mendocino County:

It is a pleasure to report the activities of the Granges of Mendocino County.

We, of Mendocino County are proud to announce that two (2) new Subordinate Granges have been organized. One in Covelo, known as Round Valley Grange No. 805, and one on the coast known as Noyo No. 807. This makes a total of 12 Subordinate Granges in the County.

Our membership shows a gain for the year, which we are also very proud of.

The Pomona Grange inaugurated "Grange Day" at the Mendocino County Fair and Apple Show at Boonville this year and was well attended by Grange members. The Subordinate Granges were well represented at both the 12th District Fair in Ukiah, and the Mendocino

County Fair and Apple Show at Boonville. Five Granges entered booths at Ukiah, with Ukiah, Redwood Valley and Comptche receiving Blue Ribbons and at the Mendocino County Fair and Apple Show, 5 Granges were represented, with Fort Bragg and Potter Valley receiving Blue Ribbons. We also had three Juvenile Granges represented in fair activities, Whitesboro, Ukiah and Comptche, with Ukiah and Whitesboro receiving Blue Ribbons.

The Granges have shown a great deal of interest in the Community Service Program this year, also Booster Nights were observed by many of the Granges and a great deal of good for the organization was realized from these programs.

The Degree Teams, which are made up of members from the different Granges have been very active this year, conferring the degrees at least once a month in different Grange Halls.

The Pomona Grange has conferred the Fifth Degree once each quarter.

A School of Instruction has been held three different times throughout the county and a great deal of interest was shown at each meeting.

We have to give great praise to our H.E.C. for the great work they have done this year.

The Credit Union has shown great progress this year.

Fraternally submitted,

HUGH GRAHAM

Deputy

MERCED COUNTY

To the Officers and Members of the California State Grange:

Another year has slipped away and we are again knocking at the door of another State Convention.

Merced County has had a varied and successful year:

Applegate Grange put their shoulders to the wheel at the County Fair and again took home First Prize Honors with a beautiful booth.

Delhi worked hard with Saturday night dances and dinners. They captured second prize at the Fair with their very deserving booth.

Dos Palos is very proud of their Little Leaguers. This is a very worth while effort, working with the Grangers of Tomorrow.

Los Banos Grange Youth again responded to the call for a Student and captured the Merced County Scholarship award. The Grange in Los Banos works very closely with the FFA and takes an active part in Foreign Exchange Student plans.

Merced Colony Grange has served Sunday morning breakfasts once a month. These are a source of money, fellowship and a true picture of Grangers at work.

The other Granges are all working and growing. Some fast, some slow.

The Credit Union continues to grow and help our members in their good and difficult times.

The Pomona HEC sponsored a very successful Chicken Bar-b-que at Hagaman Park during the summer.

Early in the year a school of instruction was given in the Hilmar Grange Hall by Jackson Raines. It was well attended and was definitely one of the most beneficial events of the year. Plans were made for another this year.

The passing of Honorary District Deputy Tom Whitley greatly saddened all of Merced County. He will be long remembered for the

words of wisdom, his Texas stories and his lively harmonica playing for the enjoyment of all.

Thank you for the honor of serving in the capacity of a State Grange Deputy and best wishes for a successful convention in 1962.

Respectfully submitted,
Wm. F. Petersen
Merced County Grange Deputy

MOJAVE VALLEY—SAN BERNARDINO COUNTY

To the Officers and Members of the California State Grange:
Greetings:

While it is impossible for myself and Sister Johnson to be present at this session on account of her serious illness, nevertheless we wish to extend greetings and well wishes for the success of this 1962 Convention.

In making this report for the seven subordinates in this district, I regret that no great gains have been made in membership.

All the Granges have exhibited at our County Fair in Victorville, and have shown an outstanding set of Feature Booths. Three Granges have permanent food booths at the Fair Grounds.

We have a prosperous Credit Union. Many members participate in the California Physicians' Service and Fraternal Fire Insurance.

We are unable to participate in the G.B.O. as the distance to headquarters is a handicap.

The matter of financing new Grange structures is creating a problem, but plans are being carried out to complete them.

We are ever stressing the necessity of the need of new membership.

As we gain new members, our Degree Teams are already to initiate them.

Faternally submitted,
Henry A. Johnson
District Deputy

NAPA COUNTY

Worthy Master, Officers and Members of the California State Grange:
Greetings:

We are pleased to report that all Napa County Granges are in good financial condition and holding meetings regularly with good attendance.

A joint installation of officers of the Napa County Granges was held in January in Rutherford Grange Hall with a large crowd present.

A Masters' Conference was held in the early part of the year with all Masters present.

This year as in former years, all Granges entered agricultural booths in the County and District Fairs.

Home Economics Committees were busy throughout the year assisting their respective Granges through their various activities.

Pomona Home Economics Committee held its Annual Friendship

Night with a large attendance of Grange members and friends enjoying an evening of good entertainment and refreshments.

The Napa County Grangers Credit Union continues to grow and prosper, furnishing a useful service to its members.

Fraternally submitted,
Allen Lindebeck
Deputy, Napa County

ORANGE COUNTY

Worthy Master, Officers and Members of the California State Grange:

The Granges in Orange County are holding their own. We have had some losses by death of our pioneer Grangers, but are trying hard to regenerate by younger members, and dedicated former Grangers who are moving into our metropolitan area from other states and our own rural California.

As usual, all our Home Economics ladies are giving their time and talent toward community services such as hospital sewing, Meals for Millions, Cerebral Palsy, Cancer, March of Dimes, Crippled Children, CARE scholarships, etc. Orange County Pomona HEC has 4640 hours of welfare work to their credit.

Three of our Granges have exemplified all the degrees. We hope for more of this work the next year.

Our school of instruction held last year by Brother Jackson Raines was most helpful and informative. His drive down here through one of our worst fogs on record, after having been informed of it, was an indication of true Grange spirit. We cannot lose with this type of leadership in the Grange.

Our Credit Union is still active, the Death Benefit Association has been hard hit this year.

The two Fisherman Granges, Newport Harbor and Los Angeles Harbor, are still working toward better legislation regarding fishermen. L. A. Harbor Grange has cooperated with the Harbor Commission in obtaining permission to dock commercial fishing vessels on city docks.

We are very proud that several of our Granges have taken great interest in promoting Youth membership. Pomona Master "Happy" (Harold) Reichner has been a real help, in conjunction with other members in the county, he has spearheaded several fun packed activities for the youth.

Orange County Granges stand ready to assist the FFA. Costa Mesa Grange had their annual dinner, at which a scholarship and trophies were awarded.

Fraternally submitted,
WILLIAM A. BOOTH
Deputy

PLACER-NEVADA COUNTY

Worthy Master, Officers and Members of the California State Grange:

Greetings:

Once again I have the pleasure to report that Placer-Nevada County Granges are in good financial condition with good attendance and show a small increase in membership.

I have visited all the Granges in my district at least once during each quarter, which means I have made 30 visits plus social meetings.

I am very pleased to report that on July 9, 1962 I organized Golden Empire Grange No. 806 in Nevada County with 26 Charter Members. They were installed at Rough and Ready on July 30, 1962 by State Master Quinn. At their meeting held September 3, 12 candidates were initiated by the Ostrom degree team and they have 14 more applications. They have already put on a dip dinner and are planning many more activities to raise money.

Placer Nugget Pomona Grange No. 29 has held regular meetings with good attendance this year. We gave our usual \$100 to an outstanding F.H.A. girl.

Loomis Grange is still going strong. Have entered booths at both fairs this year and had a hamburger stand at these fairs. Their gross was \$2,600. They sponsor 4-H Club, Senior Citizen Club, gave a complete graduation outfit to a needy girl, prepared baskets for patients at County Hospital at Christmas, taken gifts and entertained patients at DeWitt Hospital once a month and have many more projects.

Gold Hill Grange is still holding its own. On February 24, 1962 we celebrated our 60th anniversary. Sister Christine Petersen, our only charter member was presented a 60 year pin and a corsage. Sister Petersen passed away July 4, 1962. We also presented eight 25 year pins and certificates that evening. Several state officers were special guests.

Mt. Vernon Grange has had fair attendance. They sponsor blood bank, aid any family in distress, give food and clothing to needy families. They have a speaker at least once a month on vital topics, give dinners to raise money and have feature booths at both fairs.

Long Valley Grange has had small attendance this year. In April they celebrated their 25th anniversary and gave thirteen 25-year pins and certificates to members. Two ladies go to DeWitt Hospital once a month and work. They have been cleaning up the roads of litterbug trash and entered the Community Service Contest, also took first prize on their booth at Auburn fair.

Meadow Vista Grange has had very good attendance. They have many fund raising projects to aid needy families, also serve a breakfast on the first Sunday of every month to raise money to pay off a loan. Juvenile Grange Hall is just about completed. The Grange, H. E. C. and Juvenile all took first prizes at Auburn fair.

Placer Foothill Grange is not very active, meet once a month to take care of important business and pay bills.

Sierra Nevada Grange is quite strong, have put on several dinners for different organizations to raise money for their building fund, also give donations to Placer County Health Association and help needy families.

Banner Grange is very active and divided their annual card party money with the Polio fund and the hospital in Grass Valley. Main project this year is helping the retarded children program.

Rough and Ready Grange has fair attendance. They have candy sales, food sales and rummage sales to raise money to help needy families and furnish household goods for anyone who has had a fire. They also take part in many community affairs.

Mt. Vernon, Meadow Vista and Loomis Juvenile Granges are getting along nicely and are working like little beavers. Each Juvenile Grange entered booths at the Auburn fair and all took prizes; Meadow Vista, 1st; Loomis, 2nd, and Mt. Vernon, 3rd.

All H. E. Clubs are very active raising money for delegate fund, Meals for Millions and the scholarship fund.

Our Credit Union is very strong. We now have over three hundred ten thousand in assets and have 516 members.

March 17, 1962, Worthy State Lecturer Emmett Ivey held a lecturers conference at the Loomis Grange Hall.

Fraternally submitted,

ELDON GAGE

Deputy

PLUMAS COUNTY

Worthy State Master, State Officers and fellow Grangers:

Greetings from Plumas County:

The Granges in Plumas County have had a successful year. Our membership remains small but active.

All three Subordinate Granges entered booths at the Plumas County Fair, finishing 1, 2 and 3.

Feather River Grange continues with work on their kitchen addition and Indian Valley Grange is doing some much needed remodeling. Indian Valley Grange will have a Booster Night October 16, and a carnival October 20.

All Granges continue to sponsor 4-H Clubs and aid other youth groups in their respective areas.

As usual the Home Economics Clubs have been active and a great help to the Granges of Plumas County.

Respectfully,

BRUCE MILES

Plumas County Deputy

RIVERSIDE COUNTY

Worthy Master, Officers and Members of the California State Grange:

Greetings:

It is my pleasure, as Deputy, to report to you on the Granges of Riverside County.

Although the membership is not as large as anticipated, all Granges are in sound financial condition, and are at work carrying on the Grange Programs. The loss of Anza Grange leaves the county with 13 Subordinates, one Juvenile and one Pomona Grange. I have visited all the Granges in the District, many of them several times. The Degrees have been exemplified throughout the County.

The outstanding Grange in Riverside County this year is Nuevo-Lakeview Grange, placing second in the State Community Service Contest, also increasing their membership 43 percent.

Pomona Grange gives a \$250 Agricultural or Home Economics Scholarship each year. Nuevo-Lakeview also gives a Scholarship award.

Pomona Grange, Nuevo-Lakeview, Mission and Norco Granges sponsored agricultural exhibits at the Hemet Farmers Fair. Mission Grange sponsored an exhibit at the Los Angeles County Fair.

We of Riverside County realize a great loss in the untimely passing of Statewide Representative Jackson C. Raines.

Best wishes for a most successful Convention.

Respectfully submitted,

Harleigh Gallup, Deputy

Riverside County

SACRAMENTO COUNTY**Worthy Master, Officers and Members of the California State Grange:**

Greetings and best wishes from Sacramento County:

It is again my privilege to report the activities of the Granges in this district. Two of our Granges have entered the Community Service Program for which I am very thankful.

The Home Economics Committees and the Brothers of our Granges have been very busy on projects assisting the people in their communities and improving their halls.

All have made contributions to the Crippled Children's Society of Sacramento County, also to CARE and Meals for Millions and many hours given to welfare work.

American River Grange has divided their dining room into compartments so Sunday School classes could meet there, also improved their restroom facilities, worked in food booth at Spring Festival and Grangers Corral at State Fair, also assisted at Grange Day luncheon, and donated to charitable societies.

Antelope Grange No. 161 installed outside lighting in yard at rear of hall, developed horseshoe pits for use by members and friends, rebuilt stage in hall, purchased 50 new chairs for dining room, started a memorial fund in memory of the late Brother Arthur T. McBride, cleared over \$300.00 on public breakfasts, received first place award on display booth at Spring Festival. This booth was an animated display of baby chicks arranged by a youth Granger.

Elk Grove Grange No. 86 served meals for civic and other community organizations, donated for exchange students, donated for the purchase of a wheel chair for a crippled child, painted inside of hall and remodeled kitchen, also entered Community Service Program and took second prize in feature booth at fair.

Fair Oaks Grange No. 724. Public breakfasts served by the brothers, resurfacing parking lot, picnic area to be developed as a memorial to their past Masters with a tree to be planted for each past Master, dinner served to other organizations. Donations to charitable institutions, over 2000 hours of welfare work, scholarships for a boy and girl. Food furnished and served to the families of a deceased member on day of funeral, installed a cooling system and public address system in hall. Collected school books for boys in another state, entered Community Service Program, won first prize in 100-foot feature booth at fair, degree team conferred all degrees to candidates.

Orangevale Grange No. 354. Serving public dinners and card parties, furnished clothing for patients in convalescent home, donated to Crippled Children Society, repaired and painted Grange Hall, installed cooling system and worked in food booth at State Fair.

Rio Linda Grange No. 403. Worked in food concession at Spring Festival, also in Grangers Corral at State Fair, put in 213 hours of welfare work, working on plans for new hall. Donations to Crippled Childrens Society, Meals for Millions and CARE.

Sacramento Grange No. 12. Worked at both Spring Festival and State Fair concessions, served luncheon and breakfast to Deputies in Wisteria Hall, donations to Crippled Children and CARE. Served at U.S.O. twice.

Valley Oaks Grange No. 368. Sponsored Boy Scout troupe, also with local Galt community festival with many hours of labor and finances.

Prepared and served public meals, improved kitchen facilities. Received second award for display booth at Lodi Grape Festival.

Sacramento County Pomona Grange No. 2, Arranged agriculture feature both at Spring Festival, operated food concession at both Spring Festival and State Fair. Conferred fifth degree to all candidates during the year. I am happy to report that I have installed all the officers in this county and have held a school of instruction in each Grange and have visited each Grange twice officially but many times upon invitation. There is a degree team for each degree, Sacramento Grange has first and second degrees, Fair Oaks Grange has third and fourth degrees and Pomona Grange has the fifth degree.

Hoping for a properous and successful 1962 convention, I am

Fraternally yours,

PERCY R. SIMONS

Deputy of Sacramento County

SAN BERNARDINO COUNTY

Worthy Master, State Officers, and Delegate Body:

It is a pleasure to again greet you as Deputy from San Bernardino County and to report proudly that we have had a successful year in our area. We have made substantial gains in membership in the Granges of our Section of the County and have managed to confer Degrees on all new members.

We were proud and honored to be asked to install the Officers of San Bernardino County Pomona Grange and the four Subordinates there and also the Mojave Pomona and its eight Subordinates. In doing this we carried out Grange traditions to the best of our understanding.

I am very happy to report that all of our Subordinates joined the Community Service Project in 1962. In our growing communities here there is a definite need for community service activities.

During the year we participated in numerous schools of instruction and I have been happy to participate as guest speaker at several Booster Night programs and "special" meetings. Have attended all of our Pomona meetings and a majority of the Subordinate meetings in our area and try at all times to be of service wherever needed. The San Bernardino County Pomona Grange entered the County Fair held at Victorville and won First award for their feature booth.

I consider it an honor and a privilege to serve you as Deputy.

Ulyuss G. Rose, Deputy

San Bernardino County

SAN DIEGO COUNTY

Worthy Master, State Officers and Members of the California State Grange:

Greetings:

It is my pleasure to report on the Granges of San Diego County for this, my first term as Deputy Master. Of necessity, these reports are condensed and can present only a brief summary of the activities of the Granges in this southern county.

The officers of the Pomona and 8 of the 9 Subordinate Granges were jointly installed by State Overseer Chester Deaver in January. Later in the month I had the gratifying honor of installing the officers of Julian Grange who were snowed in at the time of the joint installation.

Total membership in the district made a small gain, with about half of the Granges reporting increases. We hope for continued growth in the future.

The Home Economics Committees still sparkle with accomplishments too numerous to mention. They continue to be an inspiration to us all, and join with the H.E.C.'s from the rest of the state in helping to swell the pride our State H.E.C. Chairman Sister True has in her "Department." Again, a scholarship to an F. F. A. youth was presented by the Granges on a county-wide effort. In addition, the Pomona H. E. C. presented a scholarship to a graduating high school co-ed to assist in continuing her home economics studies.

Some participation was shown in the National Essay Contest on Peace. Many of the Granges took part in an H.E.C. effort involving an Essay Contest among local students on the subject "History of the Grange." In addition to the prizes given, several Granges presented copies of the book "The Grange, Friend of the Farmer" to the local libraries for use of the contestants entering the contest.

Increased interest is shown in the Community Service Contest and its worthwhile purposes. A CARE package (king size) was also made possible this year from the effort of the Granges in the district. Two of the Subordinate Granges won first prizes at the County Fair for their exhibits. One of our Subordinate Granges celebrated its 25th anniversary this year.

The degree teams have functioned when required and are improving steadily. The San Diego County Grangers Federal Credit Union continues to show a sound growth and is proving its ability to serve more and more Grangers every passing year.

Sister Jessie joins me in wishing the California State Grange a successful Convention in Santa Monica.

Faternally submitted,
S. E. DICK RAFTER
Deputy Master

SANTA CLARA COUNTY

Worthy Master, Officers of California State Grange, Delegates and Members:

Greetings from Santa Clara County:

We in Santa Clara County opened our year of activities with joint installation of Pomona and 12 Subordinates at our Santa Clara County Fair Grounds on a Sunday afternoon with many of our State Officers present. Our installing officer was Brother Marshal Dopkins, State Treasurer, with HEC in charge of refreshments.

Early in the year we had a very successful Officer's Conference and Instruction Meeting with State Officers in charge.

Something new in Santa Clara County was the Dairy Dinner put on by Pomona HEC Chairman Martha Fenski and 5th District HEC Chairman Florence Sheffer.

We also had a very successful Picnic with all of the Granges participating with Pomona Grange, the profits going to Almaden and Los Gatos Granges.

Again this year, 10 Subordinates and Pomona entered booths in our county fair and all received prize money. Not to overlook our Pomona Youth Group entering a booth and winning 2nd prize money in their classification. The Subordinate HEC chairman entered booths in the Womens Division and also received prize money.

Grange Day at our fair with evening potluck seemed to be enjoyed by everyone. As our guests we had State Master J. Blaine Quinn, nine State Officers and their spouses, State Deputies and wives, Pomona Masters from adjoining counties and their wives, State HEC Chairman Gladys True and District, Pomona and Subordinate Chairmen. The Masters and spouses furnished the food for our guests which was bountiful and delicious.

Many money raising events were held during the year with the big event being the Strawberry Short Cake booth under the capable guidance of Pomona HEC Chairman Martha Fenski and "Strawberry Joe" with his little red wagon, her fine group of sub-chairmen and all the sisters who worked in the booth. Each HEC received \$379.79 for their 8 hours work. Well done!

Pomona gave another \$100 scholarship this year, also the Subordinates gave a scholarship or contributed to a fund.

Our Credit Union is growing steadily.

We have one 1st and 2nd degree team consisting of Pomona Youth members and four 3rd and 4th degree teams. The Pomona Officers confer the 5th degree work. The Granges in Santa Clara County have shown a slight increase in membership in the past year.

I am very proud of the Granges in my county as all of them entered the Community Service Programs and all sent their final reports. Many thanks!

Sister Ruby and I had the pleasure of attending the two Deputies Conferences which are always instructive and interesting. We always enjoy meeting with the State Officers and the Deputy Force.

Sister Ruby and I wish to thank the Masters, Officers and Members of Santa Clara County Granges for their pleasant courtesies and favors extended to us throughout the year. Also adjoining counties for their invitations and hospitality. Many thanks!

Wishing State Master Brother J. Blaine Quinn, State Officers and this Delegate Body a most harmonious and constructive 90th State Convention at Santa Monica.

Fraternally submitted,
John W. Buck, State Deputy
Santa Clara County

SANTA CRUZ COUNTY

Worthy Master, Officers and Members of the California State Grange:

Greetings:

Another year of Grange work is past and it has been a busy one for me. Last January I conducted a joint installation of officers for all the Granges in Santa Cruz County, then held an Officers Conference in February with the assistance of the State Master Master and State Secretary. I have visited each Grange several times during the year. The Booster Night programs have been very interesting and constructive. I am sure the results of these meetings will be favorable as there were several non-Grangers at each meeting.

This year is the first time I have been able to have all the Granges in my county to enter the Community Service Contest and file their reports. I hope to continue this record.

Last January our Pomona Grange organized a Credit Union in Santa Cruz County. It has made a slow and steady growth. Our Po-

~~~~~  
mona Grange also raised over \$750.00 for a Student Loan Fund with a \$100.00 loan out at the present.

The degrees have been conferred several times this year by the Soquel Grange and the Pomona Grange. The Granges are all working on dinners, dances, card parties, fair booths and other projects to raise money for building funds, current expenses and community activity.

Sister Spain, as a result of being a State Grange Officer this year has received numerous invitations to visit other Granges and Grange functions. I have accompanied her on most of these trips which has indeed been a pleasure.

I wish the California State Grange a pleasant and successful convention.

Fraternally submitted,  
RUSSELL SPAIN  
Deputy, Santa Cruz County

### **SAN FERNANDO VALLEY-LOS ANGELES COUNTY**

**Worthy Master, Officers and Members of the California State Grange:**

Having been appointed to the office of Deputy in June of this year, I feel I am only following through on the program initiated by Brother Kenneth Greene, Deputy of Los Angeles County.

Being Pomona Master I have officiated at all Pomona meetings, and have attended all but two regular meetings of our four Subordinate Granges, plus numerous visits to Granges in Los Angeles and Ventura Counties.

We had one school of instruction for officers in February, conducted by Brother Kenneth Greene, assisted by Brother and Sister Wiseman of Fair Valley Grange, who acted as Assistant and Lady Assistant Stewards, and all did a very commendable job.

Also in February we conducted 13 youths to the conference at Cal Poly.

We have conferred all five degrees once this year and will start the second round in November. We had 14 candidates for the fifth degree and six applications since.

All except one of our Subordinate Granges have entered the community service contest this year and expect to have them all in next year.

Our Home Economics is very progressive and our Lecturers programs have been outstanding throughout the year.

We have attended the conferences held in our district by our worthy State officers, Sister True, Sister Williamson, and Brother Ivey. We feel these conferences are of great value and assistance to us and I am sure that all who attend are better qualified to promote the work of the order.

Fraternally submitted,  
NELSON W. VAN HORN  
Deputy, San Fernando Valley

### **SHASTA COUNTY**

**Worthy Master, Officers and Members of the California State Grange:**

Since being appointed Deputy for Shasta County I have not had the time to properly look after the job. I have visited most of the

Granges in the valley and attended all Pomona meetings, have not yet made it to the mountain Granges.

Our 13 Granges have continued to carry on their various activities. Four of them entered the Sears Roebuck Community Service Contest. Several exhibited booths in our County Fair. Members of Castle Grange No. 455 were host to our Pomona Grange picnic and used the occasion to celebrate the burning of the mortgage on their hall. Brother and Sister Quinn were present, to take part in the ceremony. Centerville Grange No. 797 has started to build a hall on a lot that it owns.

The ladies of the Home Economics Committees of all Granges are very active in raising funds for their various projects, and it is to them I must give credit for the Grange continuing to be a force for good in our communities.

Fraternally,  
HOWARD DUNCAN  
Deputy

### SISKIYOU COUNTY

#### Worthy State Master, and State Officers, and Members of the California State Grange:

Greetings from Siskiyou County, the county next to the Oregon border. It is again my pleasure and privilege to report to you the activities of the Granges of Siskiyou County.

The eight Subordinate Granges of Siskiyou County have been very active in 1962, taking in new members, Community Service, local projects, and other civic problems. They are carrying on their regular meetings as well as the Juvenile Grange which meets at Gazelle, is doing a very fine job of handling the children of that community.

Nearly all of the Granges, including Pomona, entered booths at the county fairs and all took prizes of different sizes.

The Home Economics Clubs of the county are doing an outstanding job of helping the different Subordinates as well as community projects, card parties, dinners for different clubs and organizations, rummage sales. The annual meeting of the district was held at Gazelle in May.

The entire county was honored by the two visits Brother and Sister Quinn made to this County. They have made a visit to every Subordinate Grange in the County.

The county was also honored by the visit of Dr. and Sister Fiedler who came up to hold a youth conference, also Dr. Walker and Dr. Phillips from Chico came up to assist in the conference and stressed Vocational Agriculture. Several speakers from Scott Valley were present and stressed the need of Vocational Agriculture in the Etna School. The conference was very well attended.

Booster Nights are being planned in the county for this fall.

Several of the Subordinate Granges are having the D. A. or some qualified person come to the Granges and explain the amendments coming up at the November election.

The Credit Union is growing steadily, and doing a very fine job for the people of Siskiyou County.

Several of the Subordinate Granges are providing road-side rest areas, with tables, rubbish cans, and other things that are needed. It is very gratifying to hear the letters and cards people write the Granges after they have used the tables, and in some cases signed the guest book.

With best wishes for an interesting and successful convention at Santa Monica.

Fraternally submitted,  
Wayne O. Ralston, Deputy  
Siskiyou County

### NORTHERN SONOMO COUNTY

Worthy Master, Officers and delegates of the California State Grange:

Greetings from Northern Sonoma County:

It is my pleasure as Deputy, to again report on the Granges in Northern Sonoma County. This has been another eventful year as far as the eight Granges in Northern Sonoma County are concerned.

Some of the Granges participated in their local fairs. Windsor Grange in the 4-H Fair at Healdsburg, Cloverdale at the Citrus Fair at Cloverdale and Sebastopol at the County Fair in Santa Rosa. All three Granges have done outstanding work in this field.

Sebastopol Grange again sponsored a 4-H Club in the community and purchased a replacement calf for one of its deserving members. This Grange also gave a scholarship to a graduate of the local high school who wished to further his education in the field of agriculture.

Bodega Bay Grange (The Farmers of the Sea) has had another successful year in performing outstanding work in the community. A Juvenile Grange was chartered at Bodega Bay in January and these children have become the pride of the Grange and the community.

Progressive Grange and Geyserville Grange may be small in membership but they put forth large ideas in the community in which they are located. Membership in all of the Subordinate Granges remains about the same as the previous year.

Sonoma County Pomona Grange No. 1 exemplified the 5th Degree in May and again in October. Pomona Grange has again kept the membership advised on all important legislative problems and through the speakers obtained by our Pomona Lecturer, important legislation has been clarified at our Pomona meetings.

The Grange Credit Union has had a very good year with an increase of over 100 members. An educational committee composed of Credit Union officers appearing at different Grange meetings has been responsible for this.

All Secretaries and Masters of the Granges attended a Conference at the beginning of the year, held at Bellevue Grange and conducted by Sister Clara Williamson, our State Grange Secretary.

Four of the eight Granges in Northern Sonoma County entered the Community Service Contest.

A Lecturers conference was held in this area and better than 50 per cent of the lecturers attended.

Booster nights were well attended this year with the Lecturers presenting some very fine programs.

It has certainly been a privilege and pleasure to serve as Deputy of Northern Sonoma County and we sincerely hope that this 90th California State Grange convention will be a most profitable and enjoyable one.

Fraternally submitted,  
Harold C. Smith, Deputy  
Northern Sonoma County

---

**SOUTHERN SONOMA COUNTY**

**Worthy Master, Officers and Members of the California State Grange:**

Greetings:

This being my first report as Deputy to the California State Grange, I will just briefly report our activities for the past year.

I visited all nine Granges under my jurisdiction during the first part of the year and I held a school of instruction at each Grange both on presentation of the flag and on floor work.

An installing staff of young ladies ably assisted me in the Grange installations throughout the county.

The nine Granges under my jurisdiction are in satisfactory condition. Most of the Granges in the southern part of Sonoma County have been active in all phases of Grange work.

Some of the Granges have participated in the County Fairs. Rincon Valley Grange won first place money for their exhibit in the Sonoma County Fair. Four of the Granges have entered the Community Service program.

Most of the Granges have made an effort to increase their membership this year. Our degree teams have conferred the degree work three times during the year with large classes of candidates.

Sonoma County Pomona Grange No. 1 exemplified the Fifth degree in May and will exemplify the Fifth degree again on the 13th of October.

Booster Nights are just about over. They have been very well attended by members and potential members.

On the 18th of March, a Secretary's conference was held at Bellevue Grange Hall for all Secretaries in Sonoma County. This conference was conducted for our Worthy State Secretary.

On July 25th, Grange Day was held at the Sonoma County Fair. Our State Master, J. B. Quinn, and other State Officers were present. A "pot luck" lunch was held in the park and was enjoyed by everyone.

It has been a pleasure to serve as Deputy for the past year and I sincerely hope that the 90th session of the California State Grange will be a most pleasant and successful one.

Fraternally submitted,  
JOHN B. FREITAS  
District Deputy

**STANISLAUS COUNTY**

**Worthy Master and Officers of the California State Grange:**

I bring you greetings from the 14 Granges of Stanislaus and Tuolumne Counties. Our membership remains about the same. We had some loss in the early part of the year but have gained most of it back. All Granges are active and nearly all of them have taken part in Community Service projects.

Our Credit Union continues to grow and many members take advantage of the G.B.O., C.P.S., and Grange Fire Insurance. All Granges helped with the Pomona Grange kitchen at the Stanislaus County Fair and a number had prize winning booths in the Agricultural Section.

Our Home Ec. Clubs are always busy with projects to raise money

for Hall improvements. They also help with 4-H and Scout work at our schools and give aid to our County and State Hospitals at Modesto.

I look forward to a most successful convention.

Fraternally,

A. H. Bolter, Deputy  
Stanislaus County

### **SUTTER COUNTY**

**Worthy Master, Officers and Members of the California State Grange:**

Greetings from Sutter County:

As we approach the close of another Grange year it is a pleasure for me to report to the delegate body of the 90th Session of the California State Grange convention, the progress of the Granges in Sutter County.

After a hundred percent attendance of our delegates at the convention in Sacramento, the Granges elected officers and we had a joint installation at Bogue Hall in January. General Sutter Grange being the host.

Three of our Lecturers and myself attended the State Lecturer's Conference in Orland. Picking up good advise our Lecturers have presented some fine programs, most all of them using talent from their Granges.

Live Oak has given exchange programs to Ostrom and Brownsville Granges. They also began the "traveling gavel" which they presented to Ostrom Grange in Yuba County. The gavel with a large representation is traveling in Yuba-Sierra, Placer-Nugget and Sutter Counties. The gavel has been traveling and so have the members.

Several of our Home Economics members motored to Red Bluff to attend the conference made available by Mrs. Gladys True and Nadine Davis.

Live Oak entered the community service contest for our only entry. They also participated in the Live Oak Fall Festival and the Spring Variety Show.

All Granges have been contributing to Red Cross, Cancer and the blood bank.

Our Credit Union is meeting regularly and gains slowly.

I have made many visits to other Granges and have gained much knowledge with which I hope to improve our Granges.

Best wishes from Sutter County for a successful convention.

Fraternally,

RAYMOND V. ARMSTRONG  
Deputy Master, Sutter County

### **TRINITY COUNTY**

**To the Officers of the California State Grange and the Delegate Body of this 90th Annual Grange Convention:**

Greetings:

The six Subordinate Granges of the Trinity County Pomona District during the past six years have shown a small increase in membership, have been active in Community Service work and also in Youth Activities.

Trinity County is located in the center of the Coast Range Mountains, fifty miles west of the upper Sacramento Valley and one hundred miles east of the coast. Our main industries are logging and some min-

ing, and our county is a sportsman's paradise, our lakes and rivers being noted for excellent fishing, boating and skiing.

The southern part of this large county is devoted to cattle and sheep raising. The Yolla Bolly primitive area is known to all western sportsmen for its excellent deer hunting.

The highlights of this year 1962 have been the dedication of North Fork's new Grange Hall and Hayfork Valley Grange's completion and dedication of their Community Park, which was their Community Service Project.

We have just received notice that Hayfork Valley Grange has placed fifth in the state in the Community Service Contest.

We will again be well represented at the 90th Convention.

Fraternally,

C. E. DAVIS

Deputy, Trinity County

### TULARE COUNTY

**Worthy Master, Officers and Members of the California State**  
Greetings From Tulare Grange:

Again it is a pleasure to report for the 10 Subordinate and Pomona Granges of Tulare County.

We have had a busy year and I am very proud of the Granges of our great county. They have all been working hard to increase the membership and have been active in all phases of Grange work.

In January, eight of our 10 Granges took part in our Joint Installation of Officers. Our State Master, as installing officer, and his good wife, Sister Quinn, as Marshall did the honors.

Again it was my privilege to install the officers of the two Granges that were unable to join in our joint installation.

During the early part of the year we held a Master's Conference with State Master Quinn in charge. We had a fine meeting and great interest was shown through-out the meeting.

We also had the late Brother Jack Raines for a School of Instruction. Many of the members were in favor of the school and felt they had gained a great deal of information. We hope to have more of this schooling through-out our County in the future.

A number of our Granges entered the Community Service Contest this year. They have worked diligently for hall and community improvement.

The many benefits the Grange has to offer to the members have been stressed through-out the year.

Two of our Granges entered booths in our Tulare County Fair (West Visalia and Alpaugh) with West Visalia taking first place in their division. Their theme for this first place honor was. "The Farmer, The Backbone of the Nation."

Our Grange Day at the Fair was very interesting. We had visitors from Oak Grove, Kern County and Triangle Grange. One hundred and two individuals signed the register and eighty joined us in the cafeteria for our annual dinner.

It was an honor to have our Brother and Sister Mensinger with us. Brother Merle Mensinger was our speaker for this event. He had a very fine message on the problems of agriculture that the farmer is facing today.

A silver tray was awarded to the Grange with the biggest percentage of their membership registered; Dinuba Grange took the honors.

Our H.E.C. have been very busy in various ways. They have carried on educational, charitable, and social projects. One H.E.C. has adopted a ward at the State Hospital; others are doing hours of welfare work at the Tuberculosis Sanitarium in Springville; while others are working on building projects. We are still saving newspapers for the class of Handicapped Students in Orosi.

The Pomona and Subordinate Granges again are supporting the 4-H Clubs and are sending two All-Stars to Conference. Several of our Granges have fine Degree Teams and have conferred the degrees throughout the county. Pomona officers conferred the Fifth degree in September. I congratulate all on their fine work. We are proud of Farmersville Juvenile Grange and the many honors they took at the State Fair.

Our Credit Union is also growing. Several of our State Officers have visited our County this year.

I sincerely appreciate all the help and cooperation which have been given me by the Granges. It has truly been a privilege and an inspiration to work with the Granges of Tulare County.

Fraternally submitted,  
SAMUEL NEILSON  
Deputy, Tulare County

#### VENTURA COUNTY

**Worthy Master, Officers and Members of the California State Grange:**  
Greetings:

It is with pleasure I greet you on my 24th consecutive sessions of the State Grange Convention. The Granges in Ventura County are holding their own. I try to attend all meetings, and I have probably missed six during the past year.

I am working on the organization of two new Granges in the county. I wish to thank the Convention Committee for inviting our degree team to exemplify the first degree at the Convention.

Fraternally submitted,  
James B. Frost  
Deputy

## 1962 LECTURER'S PROGRAM AND TALENT CONTEST

### Santa Monica Convention

#### TALENT CONTEST FINALS

Margaret Langton, Newport Harbor Grange, Pianist

1. Lucile Rich, Soloist, Independent Grange 776:  
"How Great Thou Art"

6. Closing by State Lecturer

## 1962

## MEMORIAL SERVICES

### Processional

"Saviour Like a Shepherd Lead Us"..... Evelyn Fidler, Organist  
 Opening Address—Prayer ..... Chaplain  
 "Rock of Ages" ..... Yucaipa Choral Group  
 Scripture Reading  
 "Going Home" ..... Solo by Lahoma Miller  
 In Memoriam ..... Chaplain  
 "Beyond the Sunset" ..... Yucaipa Choral Group  
 Roll Call of Deceased  
 Lord's Prayer ..... Solo by Lahoma Miller  
 Recessional ..... Sweet Bye and Bye  
 Benediction  
 Taps

As the inspiring melody of "Softly Now the Light of Day", filled the Civic Auditorium, 37 Sisters carrying arm bouquets took their place below a satin-draped altar where 37 lighted candles represented the counties wherein the deceased resided and served as Masters, District Deputies, their wives or husbands. One hundred and four (104) were eulogized in the service.

The rank and file were honored by a scroll whereon their names were inscribed. The scroll was placed on the altar of memory.

Beautiful tableaux were like pictures painted by a Master's hand. The figures posing were from the youth group.

The Memorial address given by the Chaplain stressed the importance of those now living to take up the implements of labor, and carry-

ing on the good work of those who have passed on to their eternal rest. As the Roll Call of deceased was read, floral tributes were placed on the altar in memory of them.

Following the recessional march, the Chaplain pronounced the Benediction and the sweet plaintive notes of Taps closed the service.

**REPORT FROM CREDENTIALS COMMITTEE****Worthy Master and State Officers:**

I wish to express my appreciation for the splendid help given by so many, many persons from the State Office, the Deputy force and numerous others. Without this help the registration of the delegates and alternates for this 90th Session of the State Grange would have been much more difficult. We endeavored to accomplish the registration with the least amount of friction and delay possible and surely feel that this was accomplished.

It has been a pleasure and an honor to serve all of you and my special thanks are extended to my Committee, Sisters Bertha Green, Fannie Simons, Marie Rice, Myrtle Gallup and Betty Rose. They are a grand "bunch to work with."

Sincerely,

Ulyuss G. Rose, Chairman

## COMMITTEE REPORTS

### CALIFORNIA STATE GRANGE YOUTH COMMITTEE

#### Annual Report

October 17, 1962

To the Officers and Members of the California State Grange.

#### GREETINGS:

"Tomorrow's Agriculture; Your Opportunity" is the theme used by the Youth Committee for 1962.

It has been the purpose of the Youth Committee during the past year to help increase Grange membership and interest in the Grange by bringing to the attention of Grange members of all ages and their friends the need for education in agriculture for those who wish to make it their vocation, and the opportunities available, to these interested people, in our schools and colleges.

In addition to the annual Easter Conference, at the California State Polytechnic College in San Luis Obispo, there have been four one day conferences held at various places in the state. The object being to reach out and make this information available to Grange members who are not able to attend the conference at San Luis Obispo.

The first of these conferences was held on the Pomona Campus of Cal Poly; the second at Chico State College in Chico; a third at the Scotia Inn in Humboldt County and a fourth at the Etna High School in Siskiyou County.

Each of the conferences was well attended, and at each conference personnel from the colleges, the Grange, and ranchers and business people from the areas were very cooperative and generous with their time and knowledge to make these conferences successful. To each of these men and women, as well as the colleges and schools, we owe our gratitude.

Three major ideas were presented at each conference: "The Importance and Need of Education in Agriculture", "The Importance of Organizations in Agriculture" and "The Importance of Ritualism in the Grange."

Men who are actively engaged in teaching agriculture in our colleges and the State Department of Education were panelists in the presentation of the need of education, and the opportunities available in agricultural pursuits. Men active in farm organizations presented the need of organized effort in agriculture, and the Grange Ritual was presented by members of the State Grange Staff.

By bringing the advancement in agricultural methods and the new opportunities presented by these advancements to the attention of the membership, they in turn will be able to help the young people in counseling and advising, as well as improving themselves by knowing the latest agricultural developments.

Therefore; "Tomorrow's Agriculture; Your Opportunity" is a reality for those who are aware of and are educated in agricultural procedure and business.

Many Granges and Home Economics Committees have contributed financially to the Youth Committee, this has aided in carrying out this program and we wish to thank them all.

By these cooperative and instructive efforts interest is created in Grange work and results in increased membership and activity.

Fraternally submitted,

CARLE FIEDLER

Director of Youth Activities

## **REPORT OF SUPERINTENDENT OF JUVENILE GRANGES CALIFORNIA STATE GRANGE**

### **Worthy Master, State Officers, Brothers and Sisters:**

I am especially pleased with the overall cooperation which I have received during this past year, and wish to thank the Matrons and Patrons for work well done, also Sister Gladys True and all of the women of the H.E.C. for their support.

Three new Juvenile Granges were formed since the last State Grange Convention: Bodega Bay No. 163, Sonoma County; Crescent Redwood No. 164, Del Norte County; and San Dimas No. 165, Los Angeles County. There are now twenty-nine Juvenile Granges in all.

At the California State Fair this year, seven Juvenile Granges had entries; four had card table size booths "Don't be a Litterbug"; seventy-four individual exhibits were displayed; and Three hundred and seven dollars was won in prize money.

Ten Juvenile Granges have contributed \$16.00 to the National Grange Project: The Greek team. Five Juvenile Granges have entered

the National Grange achievement project; the winner for the State will win the Juvenile Grange rug.

To enlighten those of you who do not know the workings of a Juvenile Grange, I will briefly explain it's purpose.

It is a distinct unit in itself. The Juveniles have their own ritual and degree work, carry on wholesome social activities and even undertake community projects. They raised money and had a camp out; bought new fifty star flags and presented them to the Subordinate Granges and one to the Post Office. They also had a cleanup day on county roads, remembered the shut-ins on various holidays and entertained patients at the State Hospital. Eleven submitted entries to their own County Fairs and four are starting drill teams.

In closing, I would sincerely like to see each Subordinate Grange Master have an active Juvenile Committee to take stock of their community, and try to form more Juvenile Granges.

We should try to stimulate more adult interest in active leadership of our children.

An so, with a successful year behind us, I know that we can look forward to an even greater year in 1963.

Fraternally submitted,  
EVE ROWE  
State Juvenile Superintendent

### STATE AWARDS FOR JUVENILES

|                                                     |         |
|-----------------------------------------------------|---------|
| Leslie Campbell—1st Prize—Felt Craft.....           | \$ 1.00 |
| Randy Christman—1st Prize—Natures Craft .....       | 1.00    |

| Whitesboro Juvenile Grange—2nd Prize—Booth .....    | 3.00    |

Total .....\$19.00

The winner for California for the National Grange Achievement Contest was Whitesboro Juvenile Grange, Mendocino County. They received the rug.

### HOME ECONOMICS COMMITTEE

GLADYS TRUE, Chairman

**Worthy Master, State Officers, Brothers and Sisters:**

Once again it is my pleasure to report on the activities of the Home Economics Committees of the Granges of California. As usual we started the years work by having District meetings. These started in January, in the central part of the state, then down south in February and by the end of May we had also been up along the coast into

Del Norte County and then up into the north central and northeast part of the state. Even late in May I ran into hail and snow coming home from McArthur. The last meeting was held on September 29th, at Fair Oaks Grange hall in Sacramento County, making a total of 29 District meetings. Other meetings included a State Lecturers conference, Youth conference at Cal Poly, Installations, Initiations, Booster nights and many other meetings gave me an opportunity to speak of the fine work that is being done by the Home Economics Committees. The Home Economics also presented a Bible to each of the three new Subordinate Granges and to several new or reorganized Juvenile Granges. This has been done through the efforts of the women in raising a fund over a period of years so that every new Grange organized in California would be sure to have a Bible.

Once again our women are to be commended for their outstanding work in many fields. With a theme this year, of "Education and the Pen", we are working to increase our Student Loan Fund. Education can take many forms and our Granges have an opportunity to help someone gain an education and in other forms to educate themselves and their community. The Student Loan Fund is for any Grange member in good standing. However, the money is all out at work at the present time but still requests are coming in for more loans. We don't want to have to deny any of these requests so this year we have all put our shoulder to the wheel. The money from our "Women's March" will be used for this purpose. We hope we will have a large sum to turn in. There has been \$322.23 already donated and sent in to the State Grange secretary but we need a lot more.

In this important election year in California, we can do another job of education. Help our members and the members of our community to learn all possible about each of the candidates and the different propositions, which will be on our ballot. Many of our Granges have had open meetings to accomplish this purpose.

With 11 Districts now in our HEC work, it is impossible to have all of them report at one conference. We have had the majority of the reports on Monday afternoon this year. Dr. Ebright of the Meals for Millions Foundation was also a speaker at this conference. The other conference will be Thursday morning this year. This is changed from Wednesday as Sister Alta Peck, National Grange HEC Chairman will be with us for the last two days of our convention. She will speak to us at that time and we will also have a speaker from the National Foundation. This speaker will tell us something about the Dr. Salk Institute, which is being built near San Diego, for the purpose of studying all of the illnesses which plague man.

Much of what I am now giving has been reported by the District Chairman from their districts, but for the benefit of the many who were not able to attend the conference I want to give it now.

With a theme of Education, it is wonderful to see the reports of so many scholarships being given by the Granges. During this past year \$7115.68 was reported as being raised for scholarships. These are given for such studies as Agriculture, Home Economics and Nursing, as well as for just general education. One county has also started a Student Loan Fund for their own county. This is based on the same rules as the State Grange has. There may be others which I have not heard about.

In our display room we have some fine History and Scrap books

telling their Grange story. The history of each Grange is important and should be written down so it will not be lost. Some of the fine scrap books tell the story of the Grange very well.

The Thrift and Craft ideas on display are another form of education. Each one has the directions of how it is made so someone else may learn how to make them. I believe this is the best display we ever had.

The posters on display also tell a story of our accomplishments and our projects. Among some of these are hall building, remodeling and improvement. New paint on the outside of one Grange hall sparked the cleanup of a whole neighborhood. Community service, in the form of cemetery cleanup, park improvement, street planters and many other things are a real credit to our organization. New equipment, such as stoves, refrigerators, freezers, sinks and other items have been purchased this year. When a new law was passed early in the year, which at first appeared hard, many Granges found that they had to improve their kitchen facilities in order to continue to serve the many dinners they had in the past. Dinners account for the largest single means of making money and if they were curtailed it would be a hard blow for most Granges. Since our last convention \$80,123.30 has been reported as earned by serving dinners.

Visits to hospitals is still the most often reported form of personal welfare service. This is done by both the men and women of the Granges and I'm sure that it means a great deal more to the patients than any amount of money would. These visits are made to all types of hospitals and usually is done on a regular basis. Cookies or other refreshments are taken and the patients are also given gifts for special occasions. Many things are made for the patients or for use in the hospital, such as, ditty bags (with comb, toothbrush, toothpaste and other small items), lap robes, scuffies, bed jackets, night gowns and handkerchiefs made from old soft white material. Many other things are made also. Ditty bags are also made by some of the women for the children of migrant workers. Baby layettes are another item reported by quite a few Granges, both for use by migrant mothers and for use in hospitals for needy people. Many Granges keep "Distaster Barrels" on hand, stocked with household items, which they give in case someone is burned out or has some other form of disaster.

A letter from Mrs. Moe informs us that California has furnished more cancelled stamps, for the TB project, than any other state. The majority of the stamps have come from the Grange women she says. 17 cases of stamps, some weighing more than 50 pounds but none less than 39 pounds have been sent on to Norway by Mrs. Moe. This year we have also sent to Mrs. Moe, 25 pair of glasses and parts, 5 pounds of old jewelry, 60 pounds of cards, 3 cases of old nylons and 1000 plastic medicine bottles. She expresses her thanks to all of the women of the Granges.

The National Grange CARE-Philippine project has been increased this year with a total of \$729.53 being sent in. San Diego County Granges sent in a total of \$347.00, which they earned with a rummage and auction sale. This was enough for one complete "kit". The new Grange CARE project will be to furnish enough money to buy a portable x-ray machine for Medico, for use in Cambodia.

Our own Meals for Millions project has had a boost this year.

\$1143.57 has come in since our last convention. This is enough to give over 34000 meals of multi purpose food to hungry people.

The hours we spend in service to someone in need has been reported this year to a total of 116,811.

### FINANCIAL SUMMARY

October 1st, 1961 - October 1st, 1962

|    |                                       |              |
|----|---------------------------------------|--------------|
| 1. | Contributed to the following projects |              |
|    | A. Crippled Children .....            | \$ 3,574.34  |
|    | B. Cancer Fund .....                  | 876.44       |
|    | C. Red Cross .....                    | 403.98       |
|    | D. Muscular Dystrophy .....           | 236.75       |
|    | E. Meals for Millions .....           | 1,313.61     |
|    | F. Delegates Fund .....               | 11,642.59    |
|    | G. Scholarships .....                 | 7,115.68     |
|    | H. Welfare, Miscellaneous .....       | 19,082.22    |
|    | I. CARE — Philippine Project .....    | 795.76       |
|    | Total .....                           | \$ 45,041.37 |
| 2. | Received on the following projects    |              |
|    | A. Fair Booths .....                  | \$ 31,181.50 |
|    | B. Dinners .....                      | 80,123.30    |
|    | C. Dances .....                       | 10,964.55    |
|    | D. Card Parties .....                 | 29,505.31    |
|    | E. Rummage .....                      | 18,521.27    |
|    | F. Miscellaneous .....                | 49,861.38    |
|    | Total .....                           | \$220,157.31 |
|    | Welfare hours .....                   | 116,811      |
|    | Mabel Glenn Memorial Fund .....       | \$291. 05    |

The importance of each of our Granges being represented at our annual convention is ably illustrated by the fact that \$11,642.59 was set aside for this purpose.

California Granges have contributed quite liberally to the retirement of the National Grange Building debt. In fact we are number 1 in the nation.

The participation of our Granges in County and District Fairs is a way to show what we are doing and also help the Fair Board. Many of these Fairs would have a very small number of feature booths if it were not for the Granges. On the other hand the Granges have gained a good deal in money as \$31,181.50 was obtained through winning prizes with these booths. We should keep on supporting these Fairs or the time will come when they no longer will be there. The trend is toward commercialization more and more, with less of the agricultural products being shown.

We had a sewing contest for our California Grange women only, this past year, with about double the number who entered it the first year. Sister Maxine Maddalena, Beckwourth, was the 1st place winner. In the National sewing contest we were fortunate to have the National 1st place and Best of Show winner in California. She is Mrs. Alice Arakelian, Modesto.

Winners in the National Grange Needlework contest are as follows: Group 1 Class A Tablecloths

1st Hazel Van Tassel, Summit City

2nd Emma Doerksen, Denair

- 3rd Julia Cleaver, Dunsmuir
- Class B Bedspreads
- 1st Gladys M. Connors, Visalia
- Class C Doilies & Centerpieces
- 1st Ivanka Bevc, Napa
- 2nd Olive Froland, Napa
- 3rd Louise Freeman, Sonoma
- Class D Buffet Sets
- 1st Dorothy Millard, Angels Camp
- Class E Edgings
- 1st Mrs. C. F. Stone, Dinuba
- Group 2 Class F Afghans
- 1st Nellie Kaiser, Kingsburg
- 2nd Suzanne Y. Donovan, Aptos
- Class G Sweaters
- 1st Goldie Thornton, Salinas
- 2nd Frances Lytle, Philo
- 3rd Mrs. Daisy Schultz, Fallbrook
- Class H No entries
- Class I Baby sets
- 1st Mrs. Paula Mount, Aptos
- 2nd Nova Felch, Montgomery Creek
- 3rd Dorothy Millard, Angels Camp
- Class J Socks, Gloves, Mittens
- 1st Mrs. Winifred Rowse, Stockton
- 2nd Elizabeth Clark, Boonville
- 3rd Jessie E. Hammersley, San Diego

The winners in the State judging of the baking contest show the following winners:

- Class A Yeast Breads
- 1st Velma Sutliff, Fort Bragg
- 2nd Emilie L. Hayward, Escalon
- 3rd Lillie Westfall, Visalia
- Class B Cakes
- 1st Cora Hutcheson, Palo Alto
- 2nd Grace Tracy, McArthur
- 3rd Mable C. Quick, Waterford
- Class C Cookies
- 1st Merle Milosevich, Merced
- 2nd Hazel Bassett, Fall River Mills
- 3rd Hadassah M. Burnes, San Andreas

The National Grange Home Economics Recognition Reports were judged as follows: Rose Waters, Stanislaus Pomona HEC 1st for Pomona

- 1st in Subordinate: Edna Opie, Sonora Grange
- 2nd in Subordinate: Mildred Poole, East Palo Alto Grange
- 3rd in Subordinate: Ida Pasco, Humboldt Grange

My thanks once again go to all those who have cooperated and assisted in both the National and State HEC programs. Without all of your help it would be impossible to do any kind of a job. The 11 District Chairmen are a most important part of the State HEC program. They are the real contact with all of the different committees. They can only report what you have reported to them and they are always ready and willing to lend a hand when they are needed.

Pomona HEC Chairmen from all over the state will be assisting

in our display room, as hostesses, along with our District Chairman. I want to thank them very much for helping in this way during the convention.

Fraternally submitted,  
GLADYS TRUE  
Chairman HEC

## 1962 CREDIT UNION REPORT

**Worthy State Master, State Officers, Deputies, Delegates and Patrons:**

It has been my privilege and extreme pleasure to once again serve you as your State Chairman of the Grange Credit Union Committee. I know Mrs. Mildred Boyd and Jacob Hullen, my two very worthy committee members feel the same way.

We in the credit unions, have a deep sense of responsibility to serve our members, for service is really what our Credit Unions are chartered to give, freely and willingly.

It has been my pleasure this past year to travel many hundreds of miles, visiting our credit unions and Granges. Any help or encouragement given as the result of this travel is all the compensation one could ask for. Helping others is our service.

I am very happy to announce that one new credit union was organized this past year, the Santa Cruz County Grange Federal Credit Union. Brother and Sister Russell Spain deserve much credit for this and our congratulations and best wishes go to all Grangers in Santa Cruz County for this big step forward. All 42 Grange Credit Unions in California merit your support. They have increased in assets, loans to members, savings and membership. These Credit Unions are yours, let's continue our support so they can serve you better.

Respectfully submitted,  
Ray Clow, Chairman

## REPORT OF CALIFORNIA GRANGE NEWS

**By Craig Hazlewood, Editor and Business Manager**

The GRANGE NEWS continued to make progress in 1961-62, both in its editorial and advertising functions:

Members responded most generously to the revival of the old-time Booster Barrel Contest. More than \$2,400,000 in sales slips from GRANGE NEWS advertisers were submitted this year, making the contest a great success, and assuring its repetition in 1962-63.

These sales slips are imperative to the publication's advertising program if the membership is to receive their paper at the same nominal cost. The staff hopes that the number of slips submitted in the forthcoming year will be double last year. There is no more convincing evidence to an advertiser of the effectiveness of his efforts than to receive in return a large batch of his own cash register or sales slip receipts.

Editorially, the paper continues to receive more news from Pomona and Subordinate Granges each year. During the winter months the volume is so great that articles frequently must be held over from one issue to the next. The members must remember that the editorial staff makes every effort to print as much of their articles as quickly as possible; and insofar as is possible, in the order received.

The Grange News Travel Department has become a solid fixture now in the paper's operation, offering members a chance to travel together at far less cost than they could independently.

The staff of the paper thanks the State Master and Executive Committee for their assistance throughout the year.

Fraternally submitted,

Craig Hazlewood

### REPORT OF THE FISHING COMMITTEE

To the Officers and Delegates of the 90th California State Grange Convention:

The California State Grange Committee on Fishing has the pleasure of presenting the following report.

Members of this Committee have attended Assembly Interim Committee hearings on future fishing regulations and boat taxation.

We have attended meetings with sport fishermen and hunter groups in both the northern and southern sections of the state.

Members have worked throughout the year with industry, commercial and sport fishermen on the many salmon problems.

One member worked with the Los Angeles Harbor Department for the purpose of solving a serious dockage problem concerning small commercial fishing vessels.

Two members attended Fish and Game Commission meetings to oppose the use of anchovies for reduction purposes. Because this has been a rather quiet year for the fishing industries, Committee members have enjoyed a much needed rest.

Fraternally submitted,  
 Florence McDougall  
 Nellie E. Gillette  
 Kirt MacBride  
 Ray Carpenter  
 Roy Faught

### CALIFORNIA PHYSICIANS SERVICE REPORT

Master Quinn, Ladies and Gentlemen of the California tSate Grange:

In the 16 years during which the Grange and California Physician's Service have been associated, a relationship has developed between the two organizations which goes beyond that of the usual business connection. Our people have joined you socially in meetings and potluck dinners in all areas of the State, and from these occasions have come personal acquaintanceships far closer and warmer than those that normally prevail between a vendor and a buyer of goods or services.

To these relationships has been added an understanding at policy level which recognizes the mutuality of the problems encountered in maintaining sound values in health care coverage, as economic conditions and the component elements of a group change. Such understanding has made it not only possible, but routine, for our organizations to work together toward the preservation of balanced values in the Grange-CPS program, as external pressures make changes and adjustments necessary.

The recent changes in your program, which I shall speak about today, were the result of such collaborative effort. It began with a frank and objective appraisal of the Grange group as a whole. It quickly became apparent that benefit utilization had fallen into an age level pattern which could not be rated on an over-all group basis without placing a disproportionate share of the costs upon the younger members, who are so vital to the continued growth and effectiveness of the Grange.

Accordingly it was decided to evaluate the coverage upon the basis of the utilization pattern and from that basis to develop a rate

structure that would represent equity to all concerned, as well as maximum value in relation to the actual market costs of health care services. Market costs of health care services cannot be disregarded in any undertaking of this kind. Two-thirds of the almost annual billion dollar increase in national hospital costs last year represented payrolls, certainly a legitimate and unavoidable cost element, and your guarantee of the services of highly skilled medical personnel when you need them. Yet to CPS these figures cannot be viewed academically as interesting social statistics reflecting a rising standard of living. They must be considered as hard-nosed costs which must be met from dues income.

This is not to suggest that we are callously unmindful of the effect of these costs upon the many, many of you who are now obliged to live upon a fixed retirement income in an economy of creeping inflation. On the contrary, we are profoundly aware and deeply concerned about your situation. Because of it, we made two further changes in your program. One of them was made to qualify your program for the monthly special welfare allowance if you now draw benefits under Old Age Security to help defray the cost of your medical plan dues. The other change was made to extend the full payment feature of the Grange contract to a broader segment of your people and to provide payments more in keeping with the purchasing power of today's dollar.

With these adjustments we feel that your program is once more in balance with the cost elements of our economy. We should be very happy if we could offer you solid assurances that it would remain in balance. But this we cannot do, nor can anyone. However, we can assure you that CPS will make no cost adjustments unless they are absolutely necessary, and then only in the degree necessary to maintain our services to you.

As stated prior, the mutuality of our interests in this program has been demonstrated amply by an association of 16 years. Yet I wonder sometimes if our mutual responsibilities in making the program work effectively and economically are generally understood. It is obviously the duty and responsibility of CPS to administer the affairs of the membership efficiently. We believe that in the main we have administered CPS in the interests of that membership. Last year we returned more than 90 cents from each dollar of income in the form of payments for services rendered the membership, and we feel that this record is valid evidence of the seriousness in which we hold our responsibilities.

On the other hand, there are external developments in the life of any group association which are outside the province of our administrative responsibility. For example, when participation in a group declines, it is usually the currently hale and healthy individuals who drop out — perhaps to satisfy an immediate financial need, or to seek employment with another group where medical coverage is available as a fringe benefit. In general, such drop outs leave behind those members of the group who are currently utilizing benefits, or who have reached an age level where other coverages are not readily available because of the health risk they represent. As a result of the loss of the well people, who provide the actuarial spread that makes group coverage feasible, the ratio of claims costs to income narrows and rates must be increased to re-establish a balance. There is some indication that this is happening in the Grange group. Accordingly it

becomes a matter of self interest as well as of responsibility of each of you to exercise such controls over the utilization of benefits as are compatible with common health sense. It is not our intent that you should deprive yourselves of needed health services in order to hold down the dues rates you pay. On the contrary, we want you to use **all you need** of the services provided by your Grange-CPS program. But we do ask that you recognize your responsibilities to yourselves in limiting your use of benefits to those that are necessary. This awareness of the mutual interests of the plan and the members will provide a useful guide for your judgments.

Finally, for your understanding and cooperation in this respect, we pledge you our continued and sincere concern for your physical well-being — and for your **Pocketbooks**—in the years ahead. Thank you.

N. D. KAUFMAN, DIRECTOR  
Special Accounts Division  
California Physicians Service

## FARMERS INSURANCE EXCHANGE

W. J. Braddock

It is a special pleasure for me to visit with you—and become acquainted with the members of your fine organization on the Pacific Coast—because for many years I met with Grange members in the middlewestern states, including a visit to the summer camp.

Our two organizations, the Grange and the Farmers Insurance Exchange, have enjoyed a close association during the past 34 years.

We have much in common.

The Grange was formed in the 1870's to fill a vital need of the farmers of America.

At that time, big business and growing cities looked on agriculture as something to exploit. The helplessness of the individual farmer cannot be appreciated by those who enjoy the organization today.

The farmer of that era had no voice in the Government—no defender—no protection from the exorbitant rates charged by railroads to haul his crops to market.

Your organization—the Grange—has changed all of this. The Grange has been an outstanding example of what can be accomplished for the good of all—by a cooperative organization which is founded on sound principles.

The Farmers Insurance Exchange also was formed to fill a need of farmers.

Our founders, Mr. Thomas E. Leavey and Mr. John C. Tyler, had long felt that the farmer was being penalized by the big insurance companies whose rates were based on city hazards.

So, in 1928, the first company of the present Farmers Insurance Group was formed to serve the farmers on the Pacific Coast.

This was called the "Farmers Automobile Inter-Insurance Exchange"—later simplified to the "Farmers Insurance Exchange."

Like the Grange, the Farmers Exchange was formed on a cooperative basis—and for the purpose of giving lower automobile insurance rates to the careful driver—backed by superior claims service.

From the very beginning, both State and Pomona Masters of the Grange have served as members of the Board of Governors of the Farmers Exchange—and Grange Masters still serve in advisory capacity to farmers today.

In 1932, Farmers was officially approved by the National Grange

to sell auto insurance to members living west of the Mississippi River.

Because of the principles upon which our respective organizations are founded, both the Grange and Farmers have their fair share of accomplishments which have a broad application of benefits to the public.

You are all probably familiar with the history of the Grange written by Charles M. Gardner.

I don't propose to quote from this interesting book, but I would like to take a moment to briefly review some of the outstanding accomplishments of your organization which have benefited not only agriculture—but all of the people.

The Grange brought about the establishment of rural mail delivery and was instrumental in establishing parcel post.

It was the Grange that advocated and finally had created the U. S. Department of Agriculture, whose secretary is a member of the President's Cabinet.

Your organization has constantly adhered to a policy calling for wise conservation and use of our natural resources. This has been especially true on the Pacific Coast, where the State Granges of California, Washington and Oregon have put up tremendous fights in State Legislatures to save water resources and forest possessions.

Credit largely belongs to the Grange for taking the national highway system out of politics, and killing the "pork barrel" system as far as roads are concerned.

The Grange has constantly supported legislation for better government, fiscal responsibility and health and educational programs which would benefit not only the rural population, but the nation as a whole.

You, of course, as familiar with the growth and accomplishments of your fine organization.

The Farmers Insurance Exchange has grown too, and its accomplishments have been of benefit to both rural and town dwellers.

We have constantly sought ways to broaden our coverages and improve our service.

To this end, we've added five other companies—and today the Farmers Insurance Exchange is the parent company in the Farmers Insurance Group.

In 1935, we formed the Truck Insurance Exchange—also a co-operative. This company insures business, trucking lines, churches, school districts and farming operations.

A third cooperative was added in 1942—the Fire Insurance Exchange.

Then in 1953, we formed the Mid-Century Insurance Company and bought the controlling interest in an established life company—Farmers New World Life Insurance Company.

Finally, last year we organized the Prematic Service Corporation. Through this company—our policyholders can lump all their premiums for insurance in the Farmers Insurance Group—and pay them the modern way—in monthly payments just like you pay for your telephone, electricity or other regular service bills.

I'm telling you briefly about the Farmers Companies—not to impress you with our growth—although we are proud of it—but to show how we have kept pace with the times and needs of the people—just as your organization has.

As many of you know, Farmers pioneered in rendering a superior type of service to its policyholders.

From the earliest days, the organization has given claims authority to its agents in the field, so that **most claims** are settled by the **insured's own agent**.

The Farmers Exchange was one of the first companies to reward the careful driver. We've given an accident-free discount for the past nine years. This discount is applied on top of our low rates.

Farmers was one of the first companies to recognize the need for policyholder protection from the irresponsible uninsured motorist or hit-and-run driver. We have offered uninsured motorist coverage with liability coverages on our auto policies since 1957.

Farmers was one of the first companies to give a 25% second car discount in rates.

Another benefit is also automatically included. In all states that permit this procedure—we waive the collision deductible if two of our policyholders are involved in an accident with each other.

We look after our policyholders, too, when legislation may affect them. When state financial responsibility law requirements are changed, we automatically adjust our policyholders' liability limits to meet the requirements of the law.

Our concern extends farther than our own policyholders, because we look to the future.

One of the problems which is occupying a great deal of our efforts is the youthful driver, who, today, is causing so many and such costly accidents.

We recognize the fact that today's youthful driver becomes tomorrow's responsible citizen, if he has the proper guidance.

Consequently, we sponsor and are involved in a large number of driving schools for youthful drivers and safety educational projects.

The youthful driver group at present has to pay a higher rate for insurance than adults, because it is neither fair nor just to ask the careful, accident-free driver to help absorb the cost of accidents caused by this group.

We have this problem under continuous study and experimentation—and hope to find a desirable solution for it in the near future.

In the past few years major problems affecting the entire casualty industry also caused us concern.

Inflation caused the cost of accidents to soar, hospitalization, doctor bills, car repairs, court verdicts—all have skyrocketed.

Trying to hold the rate level, on the one hand—and pay inflationary on the other hand has posed a difficult problem for the entire casualty industry.

We recognize the fact that one reason Farmers has been able to weather this crisis—and others in our past history—has largely been due to the sound advice given the company through the years by Grange officers who serve on our Board of Governors—and because of our large group of policyholders who are stable, responsible members of the Grange.

Farmers does not take lightly our close association with the Grange. We feel our responsibility seriously—and through the years the company has supported the Grange—just as the Grange members have supported Farmers.

We have grown together—cooperatively—in the American tradition of service.

We will each continue to hold firm to the values upon which our organizations were founded—and by so doing, we will continue to contribute toward the betterment of the community, the state and our country.

### ADDRESS BY WARREN SMITH

#### Dean of Agriculture, California Polytechnic College

State Grange Convention, October 18, 1962, Santa Monica, Calif.

#### Introduction:

I would like to apologize for not showing up when I was originally scheduled, but when I discovered that I was to appear the same time as Secretary Freeman I decided that "this little country boy" better stay home. I want to thank Master Quinn for graciously allowing me to change my time on the program until today.

Cal Poly has always felt very close to the California State Grange. President McPhee has asked me to pay tribute to the outstanding support that the Grange has given to Agriculture Education through the years. The dream of Cal Poly would never have materialized had it not been for this support. The support, I am proud to say, that has allowed us to enroll over 1400 students in Agriculture. The largest of any college in the United States.

In order to continue to serve the youth of this state we will need your consideration in Proposition 1-A on the November ballot. I hope we can count on your help.

I know that you can share my pride in relating that we now have been asked to help other countries with our unique methods of education: Students from 52 countries are now studying Agriculture in order to go home and help feed the hungry in their country. Far better, I say, to help them to help themselves rather than continue to give the handouts.

You will also be pleased to learn that Cal Poly is now training a group of over 80 Peace Corps volunteers. These young people are preparing themselves to be of service for the country of Morocco. The first in North Africa to receive Peace Corps aid. We are training them as irrigation foremen and as surveyors. For 13 weeks we will work them 10 hours a day for 6 days a week.

They will learn too: grub in the dirt with their hands; run contours; use a hand level; milk goats; butcher; run a level; take care of a horse; build roads; live in filth; and to gain the respect of underprivileged people of a small part of the world.

Originally I was dead-set against the Peace Corps — it couldn't possibly succeed. A bunch of starry-eyed do gooders that would vomit at the first native meal that was set before them.

I was wrong — dead wrong — they have succeeded everywhere they have been sent, without exception. And, as I have had an opportunity to get acquainted with these young men, I have found them bright, strong, level-headed, not afraid to work, and very proud to be a part of this program. We are fortunate indeed that the statesmen of the future will come from the ranks of people that we are now training for the Peace Corps.

I would like to discuss a problem that you and I must both share. This problem is the **Image of Agriculture**. You and I have been so satisfied with it that we have not paid much attention, or cared very much what our city friends thought about us.

Now the average non-farm person visualizes us in one of two ways:

1. As a not too bright individual in bib overalls, straw hat, pitchfork in hand, and hay in his hair. Or—

2. As a sort of a rural racketeer. The three Cadillac man who asks the government to subsidize to the tune of several billion dollars each year.

We have been so busy placing the blame on others for the image of agriculture when in reality we must accept the major responsibility ourselves.

We cannot expect industry, business and labor to change this image for us — we must face the issue ourselves and let people know the true story of American Agriculture.

Let them know that in the United States an hour's labor will buy more food than anywhere in the world.

Let them know that Russia uses 50% of their population to maintain a food level that is less than one half of ours.

Right now in Russia if they wished to duplicate our level of food consumption they would have to close every factory in the country and return them to the farm.

Also, we need to re-establish the image of Agricultural Education. We look back and describe the agriculture revolution of the 20's and 30's, when in reality the agricultural revolution is going on right now — right here in California.

The colleges offering agriculture must keep up with these changes and offer curriculums that will prepare students for tomorrow's world, not today's. Courses that were important ten years ago may now be obsolete. For instance, I found that twelve years ago 100% of our Agriculture courses at Cal Poly were directed towards production whereas now only 40% of our courses are production courses and 60% are courses concerned with management, business, marketing, transportation, government and yes, — not to be neglected — taxes.

There are those people in responsible positions that feel that we do not need the specialized training in agriculture. These people, complacent, well fed, ignore the accomplishments and those who are responsible for the building of supermarkets and cry frantically for more rockets — science — mathematics and social science.

How do they think we accomplished these wonderful supermarkets? This abundance that is the envy of every country in the world? We did it through: Ag Extension, Ag Education, 4-H, F. F. A., Young Farmers, Grange, Farm Bureau.

What a wonderful thing to say that we have done our job too well and we have some food and fiber left over to sell, barter or even to give away to a hungry world.

This is no time to turn back the clock and disown and disavow the most outstanding success that this country has ever made, and those who suggest it are playing into Russia's hands — just as if they had suggested it themselves.

The ability to produce food and fiber has gained the respect of the entire free world and has caused grave concern from those countries not so friendly to our way of life.

Young people are this nation's most important natural resource. Can we afford to waste human talent because we ignorantly assume all men are or should be the same and therefore we can devise standard tests, standard grading practices, standard curricula, to be administered

in standard schools and colleges to produce standard people? Standard people do standard jobs.

"All institutions should not be alike. Institutions should develop their individualities and keep those individualities. None must be ashamed of its distinctive features so long as it is doing something that contributes importantly to the total pattern, and so long as it is striving for excellence in performance."

Cal Poly has deliberately cultivated a distinctive "personality" image. There is no doubt that the image has changed since 1901. But it continues to be an image that is distinctively different and recognizable as such by the public.

Let's work together to fight any influence which would attempt to make all of our colleges the same, because when they do this we will have lost what it took so long for us to accomplish with the help of such organizations as the California Grange.

### COMMUNITY SERVICE CONTEST SPECIAL DEPUTY AWARDS

| Deputy                     | County                | No. of Granges<br>(100% Reporting) | Amount  |

Blaine Quinn, Master

CALIFORNIA STATE GRANGE

State Grange Convention,

Municipal Auditorium, Santa Monica, California

Please accept for the California State Grange our deepest appreciation for their endorsement of Proposition 1-A. Consistent with its fine tradition the Grange has again expressed its support and concern for higher education in California.

Dr. Loren Phillips

Chico State College

**APPRECIATION FROM STATE FLORA**

**Worthy Master, Fellow Officers, and Worthy Patrons:**

Greetings:

I wish to show my appreciation for all the help I received in the forming of the Floral Drill by the ladies who came and took part from all parts of our great State. Thank you Gertie Showers from Lake County who acted as drill captain, assisted by Brother Green, Los Angeles County, and Brother Trimble, Ukiah, and Sister Trimble who played the piano. Also I would like to thank Brothers Van Horn, Rice, and Littler for the many thoughtful things done to make things nicer, the beautiful flowers on floor and corsages. Many, many thanks.

Sincerely,

Effie Spencer,

Flora

**CHAPLAIN'S APPRECIATION**

**Worthy Master, Officers and Members of the Grange:**

I wish to express my sincere appreciation to each and every one who so ably assisted in the presentation of the Memorial Service.

The success of this endeavor was accomplished by many willing hands.

The Youth Group who lit the candles and took part in the tableaux, Sister Evelyn Fidler, Organist, Yucaipa Choral Group, Brother McDougal for the Hammond organ, Sister Ruth Harding for directing the Processional, my home Grange, Ranchito, Los Angeles County Pomona, and San Fernando Valley Pomona Members, Brother Seward Rice, Master of Los Angeles County Pomona, Brother Nelson Van Horn, Master of San Fernando County Pomona, Mr. Armstrong, the stage manager and Brother Littler for his untiring efforts.

My grateful and heart-felt appreciation for your loving service.

Faternally and sincerely,  
Leta Littler, Chaplain  
CALIFORNIA STATE GRANGE

## REPORT OF CONSERVATION COMMITTEE

The Conservation Committee, having heard the Master's address and considering the intense interest of the Master in the importance of Conservation in our state, are proud to have been able to serve on this Committee.

We are proud to have been associated with the brothers and sisters who worked on the Committee, especially the youth members.

Our appreciation to those many patrons who assisted by giving us information on those resolutions which were not clear to us.

We are extremely happy to have had the privilege of serving the Delegate body of the California State Grange on this important Conservation Committee.

Fraternally submitted,  
George Clark  
Don Comstock  
Joe Vukonich, Jr.  
Charles Deardorf  
Hugh Graham, Chairman

### **REPORT OF THE AGRICULTURE COMMITTEE**

**Worthy Master, Officers and Members of the California State Grange:**

We, the members of the Agriculture Committee, having completed the work assigned to us by the Worthy Master, feel it was a privilege and an honor to serve on the committee.

We express our thanks to Youth Committee Members, Sharon Austin, Mary Tolbert, Sharon Bromley, Lanny Keithley and Erick Von Klargaard. Also the San Diego Pomona Master, S. E. Landgren, Ralph Emery, and Herman Grabow, who furnished very valuable information.

The committee also wishes to go on record as endorsing that portion of the State Master's address pertaining to Agriculture.

Fraternally,  
Raymond Armstrong, Chairman  
Charles Newsome  
Alfred Utt  
Alfred Bolter  
Theodore Bybee

### **REPORT OF LEGISLATIVE COMMITTEE**

The Legislative Committee is pleased to report that it has considered all the resolutions assigned to it and has presented its recommendations on each to the delegate body.

We wish to thank all who have assisted us in our deliberations and study of the resolutions presented. The attendance of Joe Jackson representing the Youth of the Grange, was appreciated and helpful.

The Committee is desirous of signifying its support of the State Master's comments on legislation in his annual address to this convention.

We appreciate the opportunity to have served you.

Fraternally submitted,  
Kermit Kast, Chairman  
Norman Mee  
Clarence Hynes  
Ralph Shaw  
Charles Mudge

### **TRANSPORTATION, ROADS AND HIGHWAYS COMMITTEE**

**Worthy Master:**

This committee has completed the work to which it was assigned, and we wish to thank those who assisted us in our deliberations.

It has been a privilege to work with this committee and to be a part of this Convention.

Fraternally,  
Ralph E. Stitzel, Chairman  
Melvin P. Beach  
Paul Keller  
Jack L. Wood  
Albert Ohneck

### REPORT OF EDUCATION COMMITTEE

First, I would like to thank again the members of the Committee for their fine cooperation in the deliberations of this committee.

The committee, I am sure and I know that I, myself, hope that we have made the right decision on these Resolutions.

I also wish to thank you, Worthy Master, for the confidence you have expressed in my ability by appointing me chairman of this Committee.

I would also like to thank Loren D. Phillips, Dr. Fiedler, Chester Deaver, and yourself, Worthy Master, for the assistance you have given us.

Again we say thank you.

Sincerely,  
Orval Stubbs, Chairman  
Russell Findley  
James J. Smith  
Helen Lewis  
Thelma Taylor

### GOOD OF THE ORDER REPORT

#### Worthy Master, State Officers And Delegate Body of The 1962 State Convention

Your good of the order committee have carefully considered the resolutions assigned to them and has concluded its work to the best of their ability. At this time we wish to express our sincere thanks to all those Grange members who assisted us with information in the committee room and to all the delegates for their kind patience and cooperation.

The Committee also wishes to go on record as endorsing that portion of the State Masters address pertaining to the Good of The Order and to ask each and every member of the 1962 delegation body for their full support.

Again we wish to express our thanks for the opportunity to serve you.

Fraternally yours,  
LARRY WHITE, Chairman  
LAMAR TUCKER  
GENE DUNLOP  
JOHN BORELLO  
SAM LANDGREN

**RESOLUTIONS PRESENTED 1962 ANNUAL CONVENTION  
CALIFORNIA STATE GRANGE  
SANTA MONICA, OCTOBER 16th to 19th, INCLUSIVE**

**AGRICULTURE**

**No. 1**

**"COMMON MARKET FOR  
CALIFORNIA MILK PRODUCTS"**

**Agr. 1**

**Escalon Grange No. 447**

WHEREAS: Due to chaotic conditions, some thirty years ago, the Dairy Industry had the "Young and Desmond Milk Acts" which placed the production and distribution of market milk under the Bureau of Milk Control enacted, and

WHEREAS: Sufficient time has elapsed to examine the results of these milk laws to ascertain the effect on the consumer, the producer and on distribution, and

WHEREAS: The consumers have benefited due to a higher quality of milk product at a reasonable price and distribution has benefited due to a "profit margin," and

WHEREAS: Most dairy farmers are being "short changed" in the market place due to distribution written individual milk contracts,

THEREFORE BE IT RESOLVED, that the California State Grange urge to have the milk acts amended so that there will be a "Common Milk Market" for all of California with all Market Milk Producers receiving the same percent of usage of fluid milk sold in California. All other milk shall be "statistically co-mingled" and the same "blended price" paid all milk producers.

**No. 4      "LIMITING FEDERAL SUPPORT PAYMENTS"      Agri. 4  
San Diego County Pomona Grange No. 35**

WHEREAS: Our National Government's payments to Agriculture have encouraged big money interests to invest heavily in huge corporation farming operations, thereby making it hard for the home owned family sized farm to survive, and

WHEREAS: The amount set for top payments for one operator at previous California State Grange Conventions seems to have been too small,

THEREFORE BE IT RESOLVED, that the California State Grange support a limit of \$50,000 as the top support price or retirement payment to one farm operator for any year, and ask the National Grange to support legislation or amendments to the farm bill to that effect.

**No. 5      "TRADE EXPANSION ACT OF 1962"      Agri. 5  
Modoc Pomona Grange No. 9**

WHEREAS: The purpose of the Trade Expansion Act of 1962 (H. R. 9900) is to foster trade between the United States and other countries, as well as promoting the general welfare, foreign policy and security of this country, and

WHEREAS: An expanded foreign trade is expected to contribute towards the achievement of an accelerated rate of economic growth, and

WHEREAS: The diversity of California agriculture prevails not only in production and related domestic trade, but also in foreign trade, and

WHEREAS: Some farm products of California enter heavily into export trade, while others are under continuous import pressures, and

WHEREAS: The application of provisions of the Trade Expansion Act may result in economic injury to certain agricultural commodities,

THEREFORE, BE IT RESOLVED, that the California State Grange respectfully calls attention to the need for advice concerning the trade agreements having to do with agricultural commodities the President shall request and shall give consideration to economic appraisals and recommendations by the United States Tariff Commission and the Secretary of Agriculture relative to the effect of any such agreements.

No. 6

**"CONTROL OF NOXIOUS WEED—  
YELLOW STAR THISTLE"**

Agri. 6

**Yuba-Sierra County Pomona Grange No. 46**

WHEREAS: The noxious weed "Yellow Star Thistle" is a financial detriment to agriculture, and

WHEREAS: There has been a considerable increase in the growth of this detrimental weed,

THEREFORE, BE IT RESOLVED, that the California State Grange urge that measures be adopted for the control of this noxious weed, (yellow star thistle) by proper authority.

No. 7

**"REQUIREMENTS FOR LABELING  
STORAGE EGGS"**

Agri. 7

**Fair Valley Grange No. 752**

WHEREAS: To have Egg Labelling Law enacted to protect public against fraud and deception in sale of storage eggs in State of California,

THEREFORE, BE IT RESOLVED, the California State Grange urge passage of egg labeling laws to protect the public against fraud and deception in sale of eggs.

No. 74

**"STABILIZE GRADE B MILK AT  
NOT LESS THAN 90% COST OF PRODUCTION  
Oakdale Grange No. 435**

Agri. 13

BE IT RESOLVED: That the State Grange requests the Secretary of Agriculture to stabilize Grade B, or manufacturing milk, at not less than 90% of cost of production prices, estimated to be \$4.28 per 100 lbs. of 3.8% B.F. milk; with a volume limit of production so stabilized to be sufficient to enable an American farmer to maintain an American standard of living.

No. 77

**"SUPPORT OF PROPOSITION NO. 4"  
Contra Costa Pomona Grange No. 45**

Agri. 14

WHEREAS: More than 2,000,000 acres of prime farm land have been lost by Agriculture, in the last two decades, to subdivisions, and

WHEREAS, This acreage is vitally needed for the production of economical food, and

WHEREAS: Proposition No. 4 insures that land used for agriculture exclusively will be fully taxed on its use as agricultural land, and

WHEREAS: Proposition No. 4 strongly discourages land speculation because the measure specifically requires the land must be used exclusively for agriculture, and

WHEREAS: Sensible and orderly urban area planning will be protected in the future by the adoption of Proposition No. 4, and

WHEREAS: The adoption of Proposition No. 4, on the November Ballot, will help stabilize employment of every phase of business, indus-

trial and professional life, every segment of which is directly tied to California's No. 1 industry, Agriculture, which contributes more than \$10,000,000,000 toward the state's economy each year, continue to serve every Californian even more effectively, with fresh, wholesome, sufficient and high-quality food at the lowest prices in the world,

THEREFORE, BE IT RESOLVED: That the California State Grange strongly supports the passage of Proposition No. 4.

**No. 80                    "LIMITATION OF FARM SUPPORTS"                    Agr. 15**  
**Sonoma County Pomona Grange No. 1**

WHEREAS: Unlimited agricultural supports have resulted in tremendous profits and over-production among large operators, and

WHEREAS, The California State Grange has passed resolutions urging that a limitation be put on supports on agricultural crops for the protection of the family farmer as well as to discourage over-planting,

THEREFORE, BE IT RESOLVED, That the California State Grange reaffirm its position on a limit on farm supports or subsidies that would be large enough to permit a family farmer to make a reasonable profit to support his family.

**No. 81                    "INSTIGATION IN UTILIZATION OF GRANGE                    Agr. 16**  
**NEWS PUBLICITY PERTINENT TO MILK**  
**AND DAIRY PRODUCTS"**

**Sonoma County Pomona Grange No. 1**

WHEREAS: The Grange is the largest fraternal farm organization in the world, and

WHEREAS: A large percentage of our state membership is directly or indirectly gaining a livelihood from the dairy industry,

THEREFORE, BE IT RESOLVED, That the California State Grange encourage the use of dairy products at the many dinners, luncheons and breakfasts served throughout the state.

**No. 88                    "SUPPORT OF FEDERAL LEGISLATION                    Agr. 17**  
**FOR EGGS AND BROILERS"**

**Sonoma County Pomona Grange No. 1**

WHEREAS: Poultrymen are still without the right to protect their egg and broiler production with marketing orders, and

WHEREAS: Marketing orders voted on by producers of other farm commodities have proved successful in keeping up prices and curbing over-production,

THEREFORE, BE IT RESOLVED, that the California State Grange promote and support federal marketing order legislation for marketable eggs and broilers.

**No. 89                    "FOOD STANDARDS"                    Agr. 18**  
**Escalon Grange No. 447**

WHEREAS: There is increasing pressure from certain quarters to by-pass the recent decisions of the U.S. Food and Drug Administration to remove its refusal to permit the sale of "Whole Fish Protein Concentrate" which is another name for whole ground fish with heads, tails, fins, viscera and intestinal contents included, and

WHEREAS: This is contrary to all laws of sanitation and decency and the United States Food and Drug Administration should have no part in legalizing sale of such commodities under the guise of concentrates, and

WHEREAS: This "Whole Fish Protein Concentrate" could replace

**No. 40 "PUBLISHING LEGISLATION INFORMATION G. of O 10  
IN THE CALIFORNIA GRANGE NEWS"  
San Diego County Pomona Grange No. 35**

WHEREAS: Most Grangers are very much interested in the final outcome of the resolutions passed at the California State Grange convention, especially the ones that the State and National Granges have helped through Congress, and

WHEREAS: We could point with pride to these accomplishments to new and prospective members if we knew of these activities of the Grange in Congress, and the outcome of such efforts,

THEREFORE, BE IT RESOLVED, that the California State Grange use necessary space in the Grange News to inform Grangers on this subject, thereby rounding out the satisfaction we have with our organization.

**No. 82 "PROPOSED AMENDMENTS TO G. of O. 14  
CONSTITUTION OF THE NATIONAL GRANGE"**

At the 1961 Session of the National Grange, three changes in the Constitution of the National Grange were proposed. To become effective these must be ratified by two-thirds or more of the State Granges.

**MEMBERSHIP DUES**

It is recommended that Article VIII, Section 1 of the Constitution be amended by the addition of the following sentence: "It is provided, however, that the Subordinate Granges, when not specifically prohibited by their respective State Grange, may establish variable schedules of annual dues rates for various segments of their membership subject to the above minimum dues per member provision."

**PAYMENTS**

That Section 5 of Article VIII of the Constitution as printed on page 24 of the 1960 Digest be amended to read, "The Treasurer of the National Grange shall pay out money only upon an order signed by the Master of the National Grange."

**TREASURERS**

To amend Section 2, Article XI of the Digest to read, "In all Granges, except as provided in Section 5, Article VIII of the Constitution of the National Grange, orders on the Treasurer must be approved by the Master and countersigned by the Secretary, before the Treasurer can pay the same."

**DISPOSITION OF FLOWERS G. of O. 22  
AT STATE CONVENTION**

**Submitted by the Good of the Order Committee**

WHEREAS: In this convention and in previous years flowers have been destroyed following the conferring of the sixth degree

BE IT RESOLVED, that the flowers be preserved and sent to some local worthy institution in the name of the California State Grange.

**CLEAR CHANNEL RADIO STATIONS G. of O. 23**

**Submitted by the Good of the Order Committee**

WHEREAS: Clear Channel Radio Stations perform a valuable service for farmers, particularly in isolated areas, providing around-the-clock information, such as marketing data, frost warnings, crop advice and other material helpful to agriculture, and

WHEREAS: 25,000,000 rural people in the United States, living

on 60 per cent of the land, rely exclusively on Clear Channel Stations for this information,

THEREFORE, BE IT RESOLVED, that the California State Grange commend the Clear Channel stations through the United States for their service to the farmers.

## TRANSPORTATION—ROADS AND HIGHWAYS

No. 69

### "OPPOSING DIVERSION OF MONIES DERIVED FROM GASOLINE TAXES"

Greenhorn Grange No. 384

Trans.

R. & H. 4

WHEREAS: Repeated attempts have been made and in various sectors of California pressure is being brought to bear upon public officials and legislative representatives to divert monies derived from California State Gasoline Taxes for the purposes of installing "Rapid Transit," public transportation systems, Monorails and other forms of mass transportation other than that of roads and highways; and further this would defeat the purpose of Gasoline Taxes, namely to maintain and improve highway transportation,

THEREFORE, BE IT RESOLVED, That the California State Grange go on record as opposing any diversion of monies derived from Gasoline Taxes to any purpose beyond that of improving, maintaining and expanding existing Highways and roads; and that this resolution be forwarded to the National Grange and their 1962 annual meeting in Fort Wayne, Indiana for consideration.

No. 79

### "CONSOLIDATION OF RAILROAD SYSTEMS" R. & H. 3

Contra Costa Pomona Grange No. 45

Trans.

WHEREAS: The recent movements to consolidate immense Railroad systems, many of them actively competing with each other for traffic have alerted many thinking civic bodies, associations and manufacturers, agricultural producers and other shippers of the menace in removing all vestige of competition in Rail transportation,

THEREFORE, BE IT RESOLVED: That all public bodies, as well as legislative representatives having the authority to decide on these consolidations, be fully aware of the dangers in eliminating all competition in public rail transportation. That National defense, business stability and the general public welfare will be preserved by maintaining strong, competing Railroad Systems that will be able to aggressively fight for tonnage; improve service and keep all parts of the Nation adequately served by efficient rail service,

BE IT FURTHER RESOLVED: That the California State Grange encourage legislation to carry forward the principle of competitive transportation.

## EDUCATION

No. 23

### "MAINTAINING LOCAL CONTROL OF OUR PUBLIC SCHOOLS"

Elk Grove Grange No. 86

Educ. 1

WHEREAS: It is evident that in many instances under the present system the people have practically lost control of their schools, and

WHEREAS: This has resulted in a lack of discipline in the schools,

THEREFORE, BE IT RESOLVED, teachers of either High School or Elementary Schools shall have control of discipline in their classrooms, under the direction of the principal of the school.

BE IT FURTHER RESOLVED, the California State Grange support legislation supporting this change in the administration of our public schools.

**No. 25 "TWELVE MONTHS USE OF SCHOOL BUILDINGS" Educ. 3**

**Ventura County Pomona Grange No. 50**

WHEREAS: The school building program of the State of California in most communities is fast approaching the limits of the ability of the people to pay additional taxes, and

WHEREAS: More people are migrating to California every year, thus increasing the need for more school buildings,

THEREFORE, BE IT RESOLVED, that the California State Grange urge the State Board of Education to explore the feasibility of using the school buildings we have twelve months every year, that all of our children may have an opportunity to receive an adequate education; and then, if feasible adopt a system of keeping the school buildings in use for the full twelve months a year.

Following Granges concur:

Los Angeles County Pomona No. 37

Antelope Valley Pomona No. 39

Santa Barbara County Pomona No. 38

**No. 26 "TO REQUIRE STATE ARCHITECT TO DESIGN Educ. 4  
AND HAVE ON FILE APPROVED BUILDING  
PLANS FOR NEW SCHOOL BUILDINGS"**

**Cupertino Grange No. 739**

WHEREAS: At the present time when new school buildings are to be built it is necessary to hire an architect to design each building and to have each design approved. The said plans cannot be used again for another school project, and

WHEREAS: Each architect has his own idea of construction and ornamentation which is often prohibitive in cost and often displeasing in effect, and

WHEREAS: The cost of preparing designs and obtaining approval is around 8% or more, of cost. Thus it often leads architects into extravagant designs that overload the tax payer with unnecessary taxes,

THEREFORE, BE IT RESOLVED, the California State Grange use its influence to have rules or laws passed so that the State Architect shall prepare several plans of buildings required in California schools and suitable for regions and conditions existant in California. These plans shall have been approved by the State Department of Architecture ready to use. They shall be available to any district desiring to use them and shall be so designed that they can be used singly or in groups as needed for each school. The use of these plans shall not be mandatory.

Following Granges concur:

Morgan Hill Grange No. 408

San Jose Grange No. 10

**No. 29 "SUPPORTING PASSAGE OF Educ. 7  
PROPOSITION NO. 1-A"**

**Butte Pomona Grange No. 16**

WHEREAS: State Proposition No. 1A's passage is essential for the continued expansion of higher education facilities in California to meet rapidly expanding enrollment pressure, and

WHEREAS: Its defeat would deprive approximately 42,500 students of a college education beginning in 1963 and 1964, and

WHEREAS: 20% of this \$270,000,000 will be spent in expanding the capacity of penal and mental institutions and related usage,

THEREFORE, BE IT RESOLVED, the California State Grange go on record supporting Proposition No. 1A and urge its passage.

Following Granges Concur:

Palermo Grange No. 493

No. 66

**"HIGHER BASIC FUNDAMENTALS  
ELEMENTARY SCHOOLS"  
Greenhorn Grange No. 384**

Educ. 9

WHEREAS: Recent reports show that due to lassitude and neglect in several basic fundamentals in elementary instruction, pupils enter High School without proper knowledge of the basic grounding in Reading, Writing, Simple mathematics, English, Spelling, Geography and knowledge of or respect for their American heritage,

THEREFORE, BE IT RESOLVED: That the present curriculum of elementary schools in California be required to include in their regular courses of study over the year, a more intensive attention to the above named fundamentals. That copies of these recommendations, if and when adopted, by the California State Grange in annual session be forwarded to the California Superintendent of Public Instruction, and to the members of the California State Assembly and Senate.

No. 67

**"OPPOSING FORCED CONSOLIDATION  
OF SCHOOL DISTRICTS"  
Greenhorn Grange No. 384**

Educ. 10

WHEREAS: Pressure is being exerted in certain quarters of California, erroneously conveying to the electorate that compulsory consolidation of school districts is legal. The committees so appointed will make recommendations at a future date as to their findings.

THEREFORE, BE IT RESOLVED, that the California State Grange go on record as opposing any forced consolidation of school districts against the wishes of the majority of the district in question. That after adoption at the 1962 Session of this State Grange copies of this resolution be forwarded to Governor of California, the State Superintendent of Public Instruction and to all the members of California State Senate and Assembly.

No. 94

**"STATE AGRICULTURAL SCHOLARSHIPS"  
Youth Committee, California State Grange**

Educ. 13

WHEREAS: The California State Agricultural Scholarship Program is in jeopardy of being discontinued due to the small number of students being granted scholarships, and

WHEREAS: The primary reasons for the failure of the program is that it pays only for tuition and books, consistent with the overall State Scholarship Program whose primary objective is to influence young people to attend private colleges, although only one small private agricultural college exists in the State; and because many young people are disqualified because their parents' farms are considered too valuable, although they may not be profitable, and

WHEREAS: During this period when the call for agricultural graduates exceeds the demand by two or three to one, many qualified agricultural students are being denied an education for financial reasons,

THEREFORE, BE IT RESOLVED, that the California State Grange strongly urge the State Legislature and Governor to continue

the California State Agricultural Scholarship Program, to include subsistence benefits, as well as books and tuition, to revise the financial statement so that it reflects income, rather than primarily inventory, and to reduce the number of scholarships available from the present 200 to 50 in order that the program can be financed within the framework for which it is planned.

### CONSERVATION

**No. 11. "RECLAMATION LAW TO APPLY TO ALL Con. 3  
CONTRACTS AND AGREEMENTS BETWEEN FEDERAL  
GOVERNMENT AND STATE OF CALIFORNIA  
IN REGARDS TO SAN LUIS PROJECT"**

**Valley Oaks Grange No. 368**

WHEREAS: The development of our water resources has become one of the most important problems of our day, and

WHEREAS: So far this has been successfully carried as under the present Reclamation Law by the Bureau of Reclamation, and

WHEREAS: This law with the 160 acre limitation was designed to benefit the many — instead of the few large farmers,

THEREFORE, BE IT RESOLVED, that the California State Grange ask the Secretary of the Interior, the Honorable Stuart Udall, to see that the Reclamation Law as it now stands shall apply to all contracts and agreements between the Federal Government and the State of California in regards to the San Luis Project.

BE IT FURTHER RESOLVED, that the Secretary of the Interior solicitors report on the San Luis Project be PUBLISHED.

**No. 12. "SUPPORTING UNITED STATES FOREST Con. 4  
SERVICE DEVELOPMENT OF RECREATIONAL AREAS"**

**Brownsville Grange No. 708**

WHEREAS: The United States Forest Service is planning to develop a public camp ground at Little Grass Valley Reservoir, near La Porte, Plumas County, California, to include camping units, trailer spaces, beach, boating facilities, etc., and

WHEREAS: The department is planning to develop a public campground on the Sly Creek Reservoir in Butte County, and

WHEREAS: The department is also planning to develop public recreational facilities adjacent to the Bullards Bar Reservoir, and

WHEREAS: Certain National Forest lands around Challenge, California, are being used for research in second growth timber production,

THEREFORE, BE IT RESOLVED, that the California State Grange go on record as heartily endorsing United States Forest Service plans and policies for developing the National Forest for the most good for the most people.

Following Granges Concur: Ostrom Grange No. 751.

**No. 14. "HOUSE OF REPRESENTATIVES BILL HR 9882" Con. 6  
San Diego Harbor Grange No. 775**

WHEREAS: It has been brought to the attention of the San Diego Harbor Grange that the Bill H. R. 9882 is now before the United States House of Representatives, and

WHEREAS: The Bill H. R. 9882 proposes to amend the Migratory Bird Treaty Act to prohibit the hunting of the mourning dove on a nationwide basis, and

WHEREAS: It is felt that the present Federal and State laws and regulations provide protection for the mourning dove, and

WHEREAS: There is evidence that the mourning dove are more numerous today than in past years,

THEREFORE, BE IT RESOLVED, that the California State Grange is hereby opposed to Bill H. R. 9882.

**No. 15      "PETITIONING FEDERAL GOVERNMENT      Con. 7  
TO OBSERVE BONNEVILLE ACT"  
San Joaquin County Pomona Grange No. 20**

WHEREAS: The dams spanning the Columbia River were all, together with the power plants, locks and appurtenances thereto, built, operated and maintained by either the Army Engineers or Bureau of Reclamation, according to the terms of the Bonneville Project Act. L 50, Stat. 731, all the electric energy produced there, was turned over for transmission to present and potential points of use to a newly created Federal Agency, known as the Bonneville Administration which was instructed to see to it electric energy shall be generated as fast as the market can absorb it and further that it was the duty of the Bonneville Administration to acquire or construct sufficient transmission lines to afford reasonable outlets for all the power that can be generated and used "by public agencies only," and to **prevent the monopolization of the power produced by limited groups, and**

WHEREAS: The act also provided for the interchange of any excess power, but **ONLY** with other Federal projects and publicly owned power systems, and

WHEREAS: Immediately upon passage of this Law the Washington State Grange wrote and secured the passage of the Washington State Public Utility District law and formed such Public power districts in most of the Counties of the State with the results that the cost of Power to residential power consumers there has been brought down from 70 mills per K.W. Hour to 8 mills per K.W. Hour, and the cost to commercial and manufacturing power consumers lowered to a still greater extent,

THEREFORE, BE IT RESOLVED, that the California State Grange write to and urge the National Grange to take such action as they can, to see that both the Congress and the Secretary of Interior observe all the provisions of the Bonneville Act and prevent any private power companies from participating in either the transmission of Power from the Bonneville Administration or from British Columbia through the Bonneville transmission lines.

**No. 16      "SUPPORTING LEGISLATION INTRODUCED BY      Con. 8  
CONGRESSMAN McFALL RELATIVE  
TO NEW MELONES DAM"  
Stockton Grange No. 758**

WHEREAS: It is plainly evident that the Central Valley will eventually need more water and hydroelectric power,

THEREFORE, BE IT RESOLVED, the California State Grange most heartily endorse the proposal of our most able, industrious official, John J. McFall, to build a larger Melones Dam than that desired by certain local interests.

**No. 21      "LEGISLATION FAVORING SOUTH      Con. 13  
FOLSOM CANAL"  
Valley Oaks Grange No. 368**

WHEREAS: The Folsom South Canal will serve a gross area of approximately 520,000 acres of which about 400,000 acres will finally

be irrigated when the project is operating at full capacity. This area lies on the east side of the Central Valley, extending about 55 miles south of the American River in a roughly rectangular shape, and

WHEREAS: A part of suburban Sacramento, the City of Stockton, and several other population centers lie entirely within this area. This can lead to a very serious problem in municipal, industrial, and drinking water in the suburban areas, also a complete breakdown of fire protection and sanitation facilities are quite possible in the foreseeable future, and

WHEREAS: All this is due to the drastic lowering of the underground water table which was as much as 24 feet in the 4 year study period, and as much as 20 feet in the last 2 years in the Galt area. In the Stockton area, wells are now producing water that is unusable for municipal, agriculture, and many industrial purposes, and

WHEREAS: We are now entering another growing season with a rainfall only slightly higher than one-half of normal. We are in one of the most serious droughts California has ever experienced. The seriousness of this can best be illustrated, by the report, published February 8th, that the snowfall will have to be double of normal for the rest of the season just to take care of evaporation on Lake Tahoe, and

WHEREAS: We think we have established the need for this project. The welfare of approximately 1,000,000 people directly depends on the passage of this Legislation, and many more indirectly. The city officials of Stockton are very concerned about their water, and

WHEREAS: The feasibility reports are all in and the Budget Bureau has reported the Folsom South Canal out favorably,

THEREFORE, BE IT RESOLVED, that the California State Grange continue to strongly support legislation to complete the South Folsom Canal Project.

**No. 22 "RELATIVE TO TRANSFER OF WATER, SURPLUS CON. 14  
OR NON-SURPLUS FROM CENTRAL VALLEYS WATERSHED"**

**San Joaquin County Pomona No. 20**

WHEREAS: The people of California have approved a Constitutional Amendment providing for a transfer of water, surplus or non-surplus, from the Central Valleys watershed over a mountain chain into the Colorado River watershed, and

WHEREAS: We believe that besides being exorbitantly expensive such transfer is grossly inequitable, not economically feasible, is contrary to Federal laws, and likely to upset the economy of the State, and

WHEREAS: The Reclamation Bureau suggests that an adequate study and report on the economic feasibility of said constitutional Amendment be made before it goes into effect and is ready, willing and able to make one (the suggestion is not welcomed by the political sponsors of the Amendment),

THEREFORE, BE IT RESOLVED, that the California State Grange respectfully urge our officials and citizenry to encourage that such examination be made, and that they immediately seek the protection of the Courts to insure delay until it is made,

BE IT FURTHER RESOLVED, that we immediately seek publicity on this matter from every source possible.

No. 20

**"CONSTRUCTION OF GREATER  
DON PEDRO DAM"**

Con. 12

**Ceres Grange No. 520**

WHEREAS: The Modesto Irrigation District, the Turlock Irrigation District, and the City of San Francisco have for many years studied the feasibility of and planned the construction of the Greater Don Pedro Dam, which would store more than two million acre-feet of water and would increase the electric power output by more than four times that of the present Don Pedro Dam, and

WHEREAS: This new dam would supply the two districts with a full flow of irrigation water, as well as make available a much needed increase of domestic water to the City of San Francisco, and

WHEREAS: The two Irrigation Districts have already spent an undetermined amount on these studies and plans, and

WHEREAS: Experts have testified that the plans which have been formulated are not detrimental to fish species that inhabit these waters and greatly enhance the recreational facilities of the area,

THEREFORE, BE IT RESOLVED, that the California State Grange urge to expedite the start of this project, so vital to the welfare of the Irrigation Districts and the City of San Francisco.

Following Granges Concur:

Stanislaus County Pomona Grange No. 21

No. 92

**"RELATIVE TO LEGAL ACTION TO UPHOLD  
ACREAGE LIMITATION"**

Con. 17

**Santa Clara County Pomona Grange No. 4**

WHEREAS: The California State Grange has filed a "Friend of the Court" brief in the State Supreme Court, urging the court to apply the 160-acre limitation (320 acres for husband and wife in California) to the State water program,

THEREFORE, BE IT RESOLVED, that the California State Grange take all other legal action appropriate to uphold the acreage limitation and the Executive Committee determine the extent of such legal action.

No. 65

**"FAVORING PUBLIC INTER TIE  
BETWEEN CALIFORNIA AND NORTH WEST"**

Con. 15

**Sacramento Grange No. 12**

WHEREAS: The constantly increasing needs of electric energy from the various Federal, Military, and State agencies in California make it mandatory that a dependable, firm source of electric power be made available as necessary to the welfare, National Defense and proper growth of the Pacific Coast area. The proposed Federally constructed intertie of electric power from Washington, and Oregon to its necessary outlets in California is most urgently needed. In order to maintain a constant supply of water level in the present Grand Coulee and Bonneville dams on the Columbia River in Washington and Oregon it is increasingly evident that immediate steps should be taken by the Executive Branch as well as the Legislative branches of the Federal Government to conclude negotiations with the Dominion of Canada leading to the construction of high-level water storage dams on the upper reaches of the Columbia River and its tributaries within the borders of the Dominion of Canada. That the United States Government be prepared to bear its proper share of the expense in constructing these needed water storage facilities in order that sufficient quantities of water may be stored in the flood seasons and re-

leased throughout the year when due to allocated demands, the water levels in both the Grand Coulee and Bonneville dams are reduced below the level of their capacity to generate sufficient quantities of electric power for a firm supply on a 365 days basis to the needs of California and the already local demands in Washington and Oregon.

THEREFORE, BE IT RESOLVED: that the California State Grange urge the National Grange take action to further legislation agreements with the Dominion of Canada, as well as necessary appropriations to construct these needed Water Storage Dams in Canada along with Federal construction, and operation of the Proposed Power Intertie between the Pacific Northwest and California.

No. 44

**"OPPOSING PROPOSITION NO. 23"  
Atascadero Grange No. 563**

Legis. 1

WHEREAS: The Atascadero Grange No. 563 believes that the existing method of equitable legislative apportionment in California, with its protective mechanism of checks and balances, is fair and just for all the people of this State, and

WHEREAS: The State Senate as presently constituted is fully cognizant of, and sympathetic towards, the aims and ideals of the California State Grange and its components, and

WHEREAS: There will appear as Proposition No. 23 on the November 6, 1962, ballot a Senate Reapportionment Initiative Constitutional Amendment, which would destroy our present equitable method of representation and would substitute therefore a system under which representation in both the State Senate and Assembly would be based on population, and

WHEREAS: Approval by the voters of said Proposition No. 23 would deprive the citizens of San Luis Obispo County and all lesser populated counties of adequate legislative representation, and would subject said citizens to the will of the voters in a few centers of heavy population, and

WHEREAS: It is a matter of record that many of the ablest members of the California State Senate are from rural areas and less heavily populated cities, and

WHEREAS: Under said Proposition No. 23 there is imminent danger that control of our State government would be placed in the hands of political organizations in a few populous counties, combined with the threat of boss rule,

THEREFORE, BE IT RESOLVED, that the California State Grange does hereby officially go on record as unconditionally opposing said Proposition No. 23, the State Senate Reapportionment Initiative Constitutional Amendment that will be submitted to California voters on November 6, 1962.

**No. 45 "FARM AND HOME OWNERS ASSESSMENTS" Legis. 2**  
**Oakdale Grange No. 435**

WHEREAS: The cost of the necessary supplies and equipment needed to operate Farms efficiently are continually going up in price, and

WHEREAS: Other expenses, such as Taxes, Wages, Contribution to Governmental agencies for Social Security and Unemployment are mandatory, and

WHEREAS: The added costs cannot be added to the selling price, and Economic Squeeze.

THEREFORE, BE IT RESOLVED, the California State Grange urge the California Legislature pass legislation giving some relief to this situation. Since there is a \$600.00 exemption on income taxes, principally because it is recognized that a minimum standard of living is necessary and this helps to give that to low income groups; so to help Family Farmers the same principals and reasoning should apply. Every Farm, after it is assessed, shall be credited with a \$1,000.00 deduction.

**No. 53 "SUPPORTING ACA BILL NO. 4" Legis. 10**  
**Berryessa Grange No. 780**

WHEREAS: We have made some investigation into the merits of Proposition No. 4 on the ballot pertaining to ACA Bill No. 4, which covers details respecting the revised method of assessing Agricultural Land, and

WHEREAS: The present law provides that assessments may be made on the basis of its Potential Subdivision or its present Sale Value and makes it almost prohibitive for a small farmer who may be living near new developments to continue to make a reasonable living by the operation of the farming land,

THEREFORE, BE IT RESOLVED, that the California State Grange favor Proposition No. 4 on the ballot as being a means to insure that he can elect to continue living on the farm and operating it as such.

**No. 47 "OPPOSING THE SO-CALLED SHORT BALLOT" Legis. 4  
Elk Grove Grange No. 86**

WHEREAS: A movement has been under way in the State for some time to drastically reduce the number of elective State officers, and

WHEREAS: As the so-called short ballot provides "officers now elected shall be appointed by the Governor" this would include such important positions as the State Superintendent of Public Instruction, and

WHEREAS: We believe the best interest of our educational system at both the State and local levels can best be served by officials who have been elected by the public,

THEREFORE, BE IT RESOLVED, that legislation that may be proposed in support of the so-called short ballot be vigorously opposed, by the California State Grange.

**No. 51 "RELATIVE TO LAND GRANT AGRICULTURAL COLLEGES" Legis. 8  
Escalon Grange No. 447**

WHEREAS: A century ago President Lincoln signed the Morrill Land Grant Act that provided for the establishment of Agricultural Colleges throughout the country, and

WHEREAS: The following three decades the identity of the Agricultural Colleges was lost by being merged with the Classical Colleges until a resolution was passed at the 1891 session of the National Grange directing the Grange legislative committee to inform Congress of this situation, and

WHEREAS: This Grange effort brought about a greater recognition of Agricultural Colleges for many years, and

WHEREAS: The term "State College" or "State University" is now being substituted for "Agricultural College" which may indicate once more, that the purposes for which these Agricultural Colleges were originally intended are being ignored, chiefly by emphasizing courses other than agriculture and rural betterment,

THEREFORE, BE IT RESOLVED, that the California State Grange take appropriate action to see that the original purpose of the Morrill Act be adhered to.

**No. 54 "INTRODUCE AND SUPPORT LEGISLATION Legis. 11  
PROTECTING PRODUCERS AND PROCESSORS OF  
PERISHABLE CROPS"**

**Sutter County Pomona Grange No. 25**

WHEREAS: Union organizers have taken advantage over helpless employees of receiving stations and forced many of them, against their will and best interest to become members; this all adds up to an unfair and disastrous position for the producers of perishable crops,

THEREFORE, BE IT RESOLVED, that the California State Grange have introduced and support legislation which will make it unlawful to take advantage of the possible loss of perishable commodities, to enforce membership in Unions or other organizations, against the will and best interests of the processor and producers of perishable commodities.

**No. 55 "PROPORTIONATE REPRESENTATION ON Legis. 12  
ELECTION BOARDS OF COLUSA AND YOLO COUNTIES"**

**Colusa County Pomona Grange No. 40**

WHEREAS: Some election boards have only one major party represented, and board members hold office over many years,

THEREFORE, BE IT RESOLVED, that the California State Grange recommend that all election boards should have proportional representation of all locally registered parties;

BE IT FURTHER RESOLVED, that no appointee should hold office more than four consecutive elections, if others are available for the board.

**No. 58 "LIMITING AUTHORITY OF STATE BOARD Legis. 15  
OF EQUALIZATION IN ASSESSING LANDS"**

**Northern Humboldt Pomona Grange No. 48**

WHEREAS: The State Board of Equalization takes "samples" of valuations in the various counties of the State of California, and

WHEREAS: This "sampling" of valuations is supposedly used to show whether counties of the State are conforming to a "State average" set by the Board of Equalization, and

WHEREAS: We are told that if Assessors of the various counties do not comply with the directives issued by the State Board of Equalization in regard to bringing assessments into line with the "State average", the Board of Equalization threatens to move into the various counties and arbitrarily raise valuations regardless of the wishes of Assessors so that assessments might conform to this "State average",

THEREFORE, BE IT RESOLVED, that the California State Grange request the California State Legislature to limit the authority of the State Board of Equalization in regard to their control over the valuation of "FARM LAND, RANCH LAND and HOME PROPERTIES" in the State of California and to leave the duties of assessment entirely in the hands of the duly elected assessors of the various counties of the State of California.

**No. 59 "RESOLUTION URGING SUPPORT OF Legis. 16  
GOLD INDUSTRY"**

**Hangtown Grange No. 464**

WHEREAS: The release of gold on foreign demand has reduced our own supply to an alarming state, \$8 billion in the last three (3) years and if not stopped will continue to drive down the purchasing price of the dollar, and

WHEREAS: The gold mining industry in the Mother Lode in California and other gold mining centers in the United States has stopped since World War II because the price paid for raw gold was lower than production costs, and

WHEREAS: The restoration of the gold mining industry, by raising the price of Treasury gold in the same proportion as our dollar has depreciated, would help stabilize our financial institutions and employ thousands of miners, and

WHEREAS: The result would help return the Nation to a sound financial position by creating an adequate gold reserve,

THEREFORE, BE IT RESOLVED, that the California State Grange unanimously urge that the fact-finding committee exert every effort to restore the gold mining industry by whatever means seems best to bring back our Nation's security.

**No. 60 "OPPOSE UNRESTRICTED USE OF WATER" Legis. 17**  
**Siskiyou County Pomona Grange No. 6**

WHEREAS: Since the year 1902 when the original provisions of the Federal Reclamation Act were propounded, the wise inclusion of a limitation of the use of water from any Federal Project to 160 acres has held fast all through the intervening years, and

WHEREAS: The limitation has been steadfastly approved and adopted year after year by the delegate body of the National Grange in annual session, and

WHEREAS: It has been endorsed and backed by the delegate body of the California State Grange at each annual convention,

THEREFORE, BE IT RESOLVED, that the California State Grange vigorously oppose the present release of unrestricted use of water to corporate lands in California from the waters impounded in Oroville-San Luis Dams and reservoirs and that proper representation be made to the National Grange to protest the recent actions of Secretary of Interior Udall with respect to the release of these waters, and that a review of this action be made and the Reclamation Law with respect to acreage limitation be required on all waters entering or leaving the Oroville-San Luis Dams and reservoirs.

**No. 61 "REAFFIRM SUPPORT OF HOUSE UN-AMERICAN ACTIVITIES COMMITTEE" Legis. 13**  
**Valley Center Grange No. 631**

WHEREAS: United States industry, especially our defense plants, are the key targets of the Communist conspiracy, and

WHEREAS: The House Un-American Activities Committee keeps up a constant vigil for the protection of our country from Communist sabotage and subversion, thereby rendering a valuable service that would be hard to replace,

THEREFORE, BE IT RESOLVED, that the California State Grange reaffirm its support of the House Un-American Activities Committee.

Following Granges Concur:

San Diego County Pomona No. 35

**No. 62 "INCOME TAX REDUCTION AND DECREASE IN FEDERAL SPENDING" Legis. 19**  
**Valley Center Grange No. 631**

WHEREAS: There has been considerable discussion lately on income tax reduction, and

WHEREAS: This country should be run as any successful business on a sound economy and a balanced budget, and

WHEREAS: To achieve this sound economy, any tax cuts should be offset by cuts in federal spending and relief from federal restraints which would bring back the balanced budget and a sound dollar needed for sound growth,

THEREFORE, BE IT RESOLVED, that the California State Grange and the National Grange use their influence on Congress to this end.

Following Granges Concur:

San Diego County Pomona No. 35

**No. 100 "RELATIVE TO BOVINE TUBERCULOSIS" Legis. 26**  
**Escalon Grange No. 447**

WHEREAS: The control of T.B. in cattle, through the cooperative testing program of the State of California and the U.S.D.A. has resulted in the control of T.B. in California, and

WHEREAS: There are a limited number of small areas that continually have a few reactors, and

WHEREAS: Under an eradication program, it is desirable, from both a financial viewpoint and to, once and all time, eradicate this disease menace, and

WHEREAS: One way to accomplish this eradication, is to remove all the cattle from the ranches where the re-infection occurs in such an area, provided the cattlemen voluntarily agree to this and furthermore, that adequate compensation is paid for all animals so removed, and

WHEREAS: This will accomplish the desired eradication of T.B. and will save money in the long run,

THEREFORE, BE IT RESOLVED, that the California State Grange use its influence to have a Bill introduced in the 1963 session of the Legislature to do the above.

**No. 106 "OPPOSITION TO SENATE BILL NO. 998" Legis. 32**  
**Costa Mesa Grange No. 612**

WHEREAS: There is proposed for legislation that certain Senate Bill No. 998, which provides for the collection and distribution by State departments of these specific taxes now assessed and collected by the individual counties on all undocumented boats, and

WHEREAS: This will entail considerable loss of revenue to those counties having, at present, a heavy boat population and will necessarily curtail benefits to the residents of these counties, and,

WHEREAS: Any loss of present revenue to any county must necessarily be replaced by some other means, which would indicate that other forms of taxes may be initiated or increased, and thereby penalizing all local residents,

THEREFORE, BE IT RESOLVED, that the California State Grange does hereby register opposition to Senate Bill 998.

**No. 84 "SUPPORT OF MEDICARE PROGRAM" Legis. 22**  
**Sonoma County Pomona Grange No. 1**

WHEREAS: The cost of medical care is constantly rising and becoming a special hardship for those over 65 and statistics show that 9 out of 10 require hospitalization in the years that follow, and,

WHEREAS: Many people who are covered by health insurance while employed, are no longer covered when they retire and at that time they are either ineligible for health insurance or the cost is prohibitive because of their limited income, and

WHEREAS: The present administration in Washington has proposed to Congress a program of health insurance, to be included under the Social Security Act that would be paid by the recipient during his years of gainful employment, popularly known as the Medicare Bill. This program would greatly reduce the need for county welfare that so many need, because their life savings have been consumed by medical expenses,

THEREFORE, BE IT RESOLVED: That the California State Grange supports and urges the passage in Congress of the Medicare program as proposed by the administration.

No. 85      **"RELATIVE TO SENATE BILL NO. 1988"**      Legis. 23  
Siskiyou County Pomona Grange No. 6

WHEREAS: The land enclosed in S1988 was originally intended for homesteads and said land should remain in this category, and,

WHEREAS: Our counties have a very small tax base and if this land in question were homesteaded, it would mean a great deal to the economy of our area, and,

WHEREAS: Homesteaders of the Tulalake Basin are assessed and paying for irrigation and drainage development of said land, and,

WHEREAS: Future homesteads could mean much not only to the counties included, but to many families who could reside and make their home in this area described in S1988 and still not detrimentally effect bird life in the basin,

THEREFORE, BE IT RESOLVED: That the California State Grange go on record as opposing S1988.

**REVISIONS TO STATE GRANGE CONSTITUTION**  
**PLEASE INSERT THE FOLLOWING ALTERATIONS**  
**AND ADDITIONS TO THE**  
**CONSTITUTION OF THE**  
**CALIFORNIA STATE GRANGE**  
(Revised Edition, 1961)

**Article I**  
**NAME**

This Grange shall be known and designated as California State Grange of the Order of Patrons of Husbandry.

**Article II**  
**MEMBERS**

Section 2. Voting members of the State Grange shall be composed of the Masters of Pomona and Subordinate Granges and their wives, or husbands, who are Fourth Degree members in good standing; provided that any Pomona or Subordinate Grange may elect a Past Master or Fourth Degree member as its representative in the State Grange when the Master, or his wife, or her husband, is unable to attend and the representative so elected, and his wife, or her husband, shall be voting members of the State Grange.

**Article III**  
**OFFICERS**

Section 1. The officers of State, Pomona, Subordinate or Juvenile Granges shall consist of and rank as follows: Master, Overseer, Lecturer, Steward, Assistant Steward, Chaplain, Treasurer, Secretary, Gate Keeper, Ceres, Pomona, Flora, Lady Assistant Steward, and an Executive Committee of at least three members. It is their duty to see that the laws of the Order are carried out.

**Article VI**  
**MEMBERSHIP**

Section 3. No person shall hold at one time more than one elective office provided for by the Constitution in a Juvenile, Subordinate or Pomona Grange.

**Article VIII**  
**DUTIES OF OFFICERS**

The duties of the officers of the State, Pomona, Subordinate, and Juvenile Granges shall be prescribed by the By-Laws of same.

**Article IX****DUES**

The minimum regular annual dues in a Subordinate Grange shall be two dollars for each member. Each Grange may otherwise regulate its own dues.

**Article XIII****AMENDMENTS**

This Constitution may be amended at any regular meeting of the State Grange by a two-thirds vote, provided that all proposed amendments shall be presented to the Chairman of the Executive Committee, who shall report the same to the Masters of the Pomona and Subordinate Granges at least one month previous to the meeting of the State Grange.

**RESOLUTION OF APPRECIATION**

WHEREAS: The success of this 90th Annual Session of the California State Grange in Santa Monica, California, has been due to the efforts of many individuals, organizations, and committees, this Delegate Body wishes to thank the following for everything done to further the aims of our Order of Patrons of Husbandry:

The Santa Monica Chamber of Commerce for equipment and staff personnel and assistance in Convention arrangements;

The Del Mar Hotel for Headquarters facilities, and the Hotel Monica and Retail Clerks Union for their cooperation and aid in filling our accommodation needs;

Brother Craig Hazlewood and Sister Nellie Gillette for their work in arranging for United Press and Associated Press coverage of the convention as well as a daily broadcast via station KFBK;

Brother Nelson Van Horn, Deputy, San Fernando Valley, for so ably and effectively assuming the lion's share of the duties of our late Brother Jackson C. Raines, who was Convention Chairman;

Members of the San Fernando Valley Pomona and Subordinates for their hosting of the 1962 Convention in this area;

Yucaipa Valley Grange No. 582 for the use of their officers' stations.

Special thanks to Mr. Chang, superintendent of the Civic Auditorium, and his able and willing staff including Mr. Ray Armstrong and Mr. Ben Chavez, microphone and sound man;

Brother Jim Littler, whose untiring efforts added most materially to the overall success of so many phases of this week-long meeting;

Brother Seward Rice who worked unselfishly on the staging and other important back-stage activities;

Brother Ulyss G. Rose, Deputy, San Bernardino County, and his helpers who assumed the burden of the Credential Committee and to Brother Jim True, Deputy, Lake County, and his aides in the department of registering visitors;

To the Ventura County, San Diego County, Los Angeles County, and San Bernardino County teams which exemplified the first 4 degrees under the coordination of Brother Rose, a special note of appreciation;

A sincere thank you to Brother Emmett Ivey, Worthy Lecturer, for the outstanding Lecturer's program Tuesday evening (who will forget those Astronauts from Lake and Mendocino Counties?) and Brother Ivey adds his appreciation to both of the Los Angeles County Pomonas who participated in the program and to the auditorium personnel who helped in its smooth production;

To Sister Leta Littler, Worthy Chaplain, for another unforgettable Memorial Service honoring our departed Brethren and for her efforts in arranging the floral decorations;

Sister Gladys True, State H.E.C. Chairman, and members of her tireless committee for the enjoyable reception program, and another special thanks to Sister True for arranging that we could hear the National Grange H.E.C. Chairman, Sister Alta Peck;

The California State Grange Youth Group under Dr. Carle Fiedler, Director of Youth Activities, for the Youth portion of the program and the conferring of the 5th degree, Sister Kathryn Fiedler and Brother Bob Austin ably assisting;

The officers of the California State Grange for the 6th degree conferred Thursday evening;

Sister Effie Spencer, Worthy Flora, or a fine drill presentation assisted by Sister Gertrude Showers and Brother Kenneth Greene, Deputy, Los Angeles County;

Sister Eva Rowe, Superintendent of Juvenile Granges, for the enjoyable presentation by members of San Dimas Juvenile Grange and the Muscoy Juvenile Grange;

Brother Ray Clow, Chairman of the Credit Union Committee, for arranging with the members of his committee a worthwhile session Monday afternoon for Grange Credit Union Officials and members;

Brother Dwight Hanson and his committee for the preparation of the Feast of Pomona;

Sister Clara Williamson, Worthy Secretary, and members of her office for many untold hours of work in hundreds of details pertaining to the advance preparation for this Convention and in ably handling the office "most arduous of all";

Brother William Campbell, State Grange Musician, for music for dancing, singing and entertainment;

To Brother George Sehlmeier, Past Master California State Grange, and Sister Sehlmeier, Brother Lars Nelson, Master Washington State Grange and Overseer of the National Grange, and Sister Nelson, Brother Alvin Wheeler, Master Oregon State Grange, and Sister Wheeler, Brother Ray Gill, Past Master Oregon State Grange, and Sister Gill, for their presence and words of encouragement at our Annual Session;

THEREFORE, BE IT RESOLVED, That until we meet again, the delegate body of the 90th Annual Session of the California State Grange take to their respective Granges the lessons learned and also the determination to strive for a larger membership in the Grange.

S. E. Dick Rafter, Deputy  
San Diego County
