Reference made to a motion made on Tuesday which refers to four areas of which need clarification and referred to the Good of the Order Committee to formulate appropriate language of 1978 Journal of Proceedings.

A. "A motion to delete or expunge from the Journal the first paragraph of that section entitled "Finances" of the State Master's address was incorrectly handled. The paragraph in question was totally removed, and did not appear in the Journal. The correct procedure, according to Grange law as it appears in the 1978 National Grange Digest, page 111, Article 14, Section 69, says, last sentence, "The words must be left legible, otherwise it would be impossible to determine if more was expunged than ordered".

B. "A motion to destroy four illegal inserts to amend the Constitution and By-Laws of the California State Grange and to print a revised edition of the California State Grange Constitution and By-Laws was reported in the Journal, but the language explaining and clarifying the intent of the motion was completely inadequate. On page 25 of the Journal the last paragraph refers to "an" insert when, in fact, there were six, and No reference was made to five of these inserts in the Journal."

C. "In another section of the Journal of Proceedings for 1978 there is found, in the *Minutes of the Executive Committee* of December 9, 1977 meeting, just six weeks after the Convention in San Jose, a motion to increase the salary of the State Master from \$8,400.00 to \$12,000.00 annually, which action is in DIRECT violation of Article 2, Section 5 of the Grange By-Laws and Article 12, Amendments."

D. "At the following Executive Committee meeting on January 20, 1978, the introduction of proposed inserts, among which was one to change, arbitrarily and without Delegate approval at a State Grange Convention, Article 1, Section 1 of the California State Grange By-Laws pertaining to the State Master's salary. These inserts were then distributed to an unknown number of Grange members."

GOOD OF THE ORDER SPECIAL REPORT

After hearing from all interested persons regarding motion made on Tuesday, our Committee asked the Executive Committee to present themselves to our Committee. Much time and thought has been given to this matter. Final decisions were made in what we feel to be of the best interest of our organization.

The motion was in four parts, therefore our reply and action will be in four parts.

A. After a discussion with Past Master Deaver, who states his comments of Friday evening's session of the 1978 California State Grange Convention regarding the Master's address did in fact use the word "delete". According to the 1978 Journal, page 25, paragraph 3 this was done after the motion was properly made and seconded.

Even though our Digest, page 111, Chapter 14, Section 69 does refer to "expunge", it is the committee's feeling that since the motion asked to "delete", the proper action was taken.

B. Page 25, last paragraph, of the 1979 Journal of Proceedings refers to "an insert" of the Constitution and By-Laws containing six (6) separate articles.

It is the committee's feeling that when all amendments to be changed are on one piece of paper or "strip", this constitutes one insert. After the "strip", has been cut and pasted on the proper pages, they become "inserts".

On page 26, 1978 Journal of Proceedings, paragraph 1 reads as follows:

"Master Edwin Koster asked that a motion be made to bring the California Constitution and By-Laws up-to-date, reviewed by the Executive Board, that two copies be mailed to each of the Subordinate and Pomona Granges in the state and that all inserts containing the infraction be destroyed. Motion made and carried".

The Committee's interpretation of the meaning of the word "insert" as applied to the "strip", implies that all of the inserts were ordered destroyed by action of the Delegate Body. That action closed the matter.

C. The Journal of Proceedings of the 1978 California State Grange Convention, Good of the Order Resolution No. 19, page 185 resolved that, "the California State Grange Executive Committee bring the Master's salary up to a comparative average with the other West Coast State Masters".

The Executive Committee, thinking they were given the authority by that resolution did in fact raise the Master's salary, effective 12/1/77.

In October of 1978 the Executive Committee found their action was in violation of Article II, Section 5, of the Constitution and By-Laws.

Good of the Order resolution No. S-80 passed at the 1978 Convention corrected their mistake.

You will note in the proposed budget received at this Convention (Page 2), Master Koster did return \$3,000.00 to the State Grange. This was the over-payment of ten (10) months salary. It is recommended by the Good of the Order Committee that the proposed budget be adopted and printed in the 1979 Journal of Proceedings. This should correct page 73, the last paragraph, of the 1978 Journal.

In the Executive Committee Meeting on Sept. 11, 1979 Brother Rafter stated it should be clarified by explaining the reason for increasing the Master's salary was based on Good of the Order resolution No. 19, 1976 Eureka Convention.

Since the Executive Meeting Minutes of Sept. 11, 1979 do make reference to page 73, last paragraph of the 1978 Journal of Proceedings and since these Minutes will be printed in the 1979 Journal, the Good of the Order committee feels the proper action has been taken and no further action is necessary.

The Good of the Order Committee does not condone what the Executive Committee did. The Executive Committee did advise us that they feel a lesson has been learned by their mistake. The Good of the Order Committee recommends to the Executive Committee that a closer eye be kept on all adopted resolutions.

D. The Good of the Order Committee feels that there are no irregularities in the January 20, 1978 Executive Committee Minutes regarding Constitution and By-Laws changes.

Page 75, paragraph 9, of the 1978 Journal of Proceedings states: "Secretary Brown presented Constitution and By-Law changes to be inserted in the Digest. Brother Rafter commented that By-Law changes regarding Constitution on page 10, Section 5 must be done at the 1978 Convention". (It should be noted this reference was in the Constitution and By-Laws 1974 edition).

Since the motion refers to Article 1, Section 1, and the Executive Committee was referring to Article II, Section 5, the Good of the Order Committee feels no action is necessary on this section of the motion.

In the investigation of the above mentioned matters, the Good of the Order Committee did feel a violation of an action ordered by the Delegate Body to destroy all inserts obtained in the infraction.

We feel that a Grange was in fact in violation of this order by reproducing the insert "strip". It is recommended that action be taken to determine who received the "strips" and that they again be ordered destroyed.

Good of the Order Committee recommended
Favorable Action on the Report

Past Master J. Blaine Quinn congratulated Master Koster and encouraged him to keep up his good work. Sister Ruth said this was an outstanding session and the Grangers should all work in unity.

William (Bill) Booth was escorted to the Master's Station and introduced as the new State Grange Youth Director. Brother Booth thanked Master Koster for his confidence and introduced all of the Regional Youth Directors.

Brother Gunnor Erickson pinned his Youth Directors Badge on the new Youth Director and offered his assistance in any way. Sister Mary offered her congratulations to Brother Booth. Sister Lillian Booth thanked Master Koster for her husband's appointment and offered her assistance.

Closing of the 107th Annual Session of California State Grange as the delegation circled the Altar and sang "God Be With You 'Til We Meet Again." Worthy Overseer David Austin, by the order of the Worthy Master Edwin Koster proclaimed the 107th Annual Session of the California State Grange closed at 11:35 p.m.

Fraternally submitted,
Marjorie Brown, Secretary
California State Grange

MASTER'S ANNUAL ADDRESS

INTRODUCTION

It is a great pleasure to be the guests of Redding and Shasta County for the 107th annual convention of the California State Grange.

We sincerely appreciate the leadership of Convention Chairman Waldo Haley, Deputy State Master of Shasta County and Co-chairman Arthur Beatie, Shasta County Pomona Master, and the Grange leaders in the neighboring counties of Trinity, Siskiyou, Modoc, Tehama, Glenn, Lassen and Butte. They have worked for many months so that we may conduct this convention in a smooth and orderly fashion, and to enjoy the many comforts provided for our convenience. It is truly appreciated.

SHASTA COUNTY

Shasta County takes its name from Mt. Shasta which was named Sastise by Peter S. Ogden in 1827 for a tribe of Indians. An authority on the Shasta group of Indians relates that Sastise, Sastika, Sasty and Shaste have given place to the form Shasta.

In a legislative bill of January 4, 1850 the county was designated as Redding, but later amended to change the name to Shasta and on February 18, 1850 was officially named Shasta as one of the twenty seven original counties of California. Shasta County was then bounded on the North by Oregon, on the East by Nevada, on the Southwest by Butte County, on the South by Colusa County and on the West by Trinity County. It included what is now Shasta, Modoc, part of Siskiyou, Lassen and Tehama Counties. In 1852 the Northern part of Trinity and Shasta Counties became Siskiyou and Klamath Counties. In 1856 Tehama was formed from Southern Shasta and Northern Colusa Counties. In 1864 Lassen County was formed from Eastern Shasta and Honey Lake Territory.

FIFTY YEARS OF ACHIEVEMENT

1979 marks the third time in the history of the California State Grange that the annual convention has been held in Redding. Previous conventions were held in 1929 and 1972.

The 1929 session met in the Moose Hall when Grange membership was 8,348 represented by 82 Subordinate Granges. During the past 50 years Grange membership has grown to over 47,500 persons, represented by 316 Subordinate Granges. This record has not been achieved by taking the easy course, but by facing the issues squarely. It is easy to float with the current, but this course accomplishes little or nothing. The victories of the Grange were often controversial and achieved the hard way by rowing against the current. Our membership has always been steadfast, ready and willing to take the hard and difficult path when necessary to best serve agriculture and the people of our State.

Our meeting today has little semblance of the sturdy group who met here 50 years ago, but there was little doubt about their enthusiasm and determination. It was that year the Grange changed a long standing policy and came out in support of the joint venture concept which provided for State and Federal funds to develop water and power resources for the Sacramento and San Joaquin valleys.

The Grange endorsed the construction of Curam Dam (now Shasta Dam) and became the first Statewide organization to recognize the future need of water and power to serve California agriculture. This movement not only gave fuel for Grange growth, but resulted in the construction of over 12 major dams ranging from Shasta on the Sacramento River in the North, to the Isabella Dam on the Kern River in the South, all constructed by the Bureau of Reclamation and the Corps of Engineers.

These projects now provide water for thousands of acres of fertile land which produces an abundance of food and fiber which not only feeds and clothes our growing population and many people throughout the world but also is the single largest contributor to a positive balance of world trade payments for America.

Fortunately, during 45 years of this period of development, California had men of vision and leadership in the State Department of Water Resources who foresaw the need for water to develop California agriculture, which has brought economic stability and prosperity to this State. This bears out the longtime position of the Grange that wealth is created only by production of labor and from development and utilization of our natural resources.

During the last five years California has been sinking in a quagmire of inept leadership. On one hand the Department of Water Resources lacks any major accomplishment to its credit in water development. On the other hand the Water Resource Control Board adopted decision 1422 which restricts the impounding of water in the New Melones Project on the Stanislaus to 28% of the reservoir capacity. On top of this, Resources Secretary, Huey Johnson is crusading for an even greater reduction to 12% of reservoir capacity. All this implies that State leadership believes California has no need for future water or electrical energy development.

The New Melones Project has a 2.4 million acre-feet water capacity potential, a 300 megawatt electrical generation capacity and cost \$341 million to build. The loss due to water yield and electrical generation is tremendous, in the neighborhood of \$13 million annually. The agricultural industry is struggling to recuperate from the drastic effects of overdrafting of underground water supplies brought on by the drought by regeneration from additional surface supplies which are now not available. The lack of full utilization of the New Melones Project is an intolerable waste.

The environmental movement with outright help from government officials has prospered to a point wherein those engaged in agricultural pursuits and those of our private enterprise systems are faced with an almost insurmountable situation. This movement continues to hit heavily in California and elsewhere in this Nation at the inter-related fields of energy, land use, water supply and air quality. It is time for the people of California to stand up and be counted.

AGRICULTURE

ACA 20

1979 will be recorded in history as the year the California State Grange engaged in the struggle to enact its policy into law. Assembly Constitutional Amendment No. 20 sponsored by the California State Grange and authored by Assemblyman Richard Lehman (Fresno) reflects precisely the intent of Resolution: Agriculture No. 20, "Non-Resident Aliens Purchasing Agricultural Lands" passed by delegate action of the 106th annual session of the California State Grange in Bakersfield, California.

ACA 20 proposes to amend the California Constitution to authorize the State Legislature "to restrict, limit, or exclude the rights" of non-resident aliens with respect to real property in this state. The Grange ardently supports American Democracy and the legislative process. There is nothing more fundamental to American Democracy than a vote of the people. A constitutional amendment requires an approval by a vote of people to become law. Therefore, ACA 20 would grant the legislature, by a direct mandate of the people, the right to deal with the question of non-resident property rights through the legislative process. The Grange feels that every legislator in the state has the obligation to cast an "aye" vote for ACA 20 to put this constitutional amendment before the people of the State of California for their judgement. After all our representative form of government is suppose to reflect the will of its constituents. What better way than a vote to help guide our representatives to address an arena that needs legislative attention. Which legislators would deny their constituents the right of a voice in their government?

Economic Chemical Controls

The use of pesticides in California is currently being scrutinized very closely. In 1976 Attorney General Evel Younger issued an opinion that pesticide regulatory programs were subject to the California Environmental Quality Act (CEQA). This Act generally proclaims that fewer pounds of toxic chemical will be used in the environment in the future. This passage of AB 3765 gives the California Department of Food and Agriculture (CDFA) until 1980 to draft a "functional equivalent" to an Environmental Impact Report (EIR) for California's pesticide regulatory program that will satisfy CEQA.

The California State Grange is a strong advocate of the lawful use of economic chemicals to produce an abundance of the highest quality food and fiber for the needs of our nation and the world. Agricultural production, a renewable resource, is our best hedge against inflation brought on by the energy crisis.

The California State Grange 106th annual session in Bakersfield, California proclaims through resolution, Agriculture, No. S-86, "Pesticide Controls", that your Master appoint an Interim Pesticide Committee to assist the Executive Committee in its direction of your Legislative Director for the Grange's input into the development of the State of California's pesticide regulatory program. A report and a policy statement will be presented for your approval at this annual session so that the California State Grange can present a voice of the family farmer in the development of these very important Pesticide Regulatory Programs.

Direct Marketing

A sunset clause in the Department of Food and Agriculture's Direct Marketing Program evoked a review of the program's progress and allowed for any changes before its reinstatement. The California State Grange supporting the success of the program participated in the evaluation. Regulations were changed to allow local governments to help operate farmers' markets. The three year old program has 24 certified farmers' markets with more than 560 growers involved. Under regulations of the direct marketing program, farmers must be certified to sell their fruits, nuts and vegetables. Limitations include sale only by the farmer, family members or salaried employees and produce must be more than 90 percent free of mold, decay and damage. Savings at the farmers' markets run as high as 30-40 percent. The California State Grange applauds and supports this movement.

Ag Burning

Legislation to reform the burning of agricultural residue has been proposed before the 1979-80 session of the California Legislature. The motivation for this legislation stems from the inherit health hazard and the negative aesthetic impact of the smoke. The farmers on the other hand must bear the economic brunt due to a proposed decrease in the number of burn days and an increase in permit costs.

The California State Grange needs to establish policy which speaks to the burning of agricultural residue in California. It is essential that farmers be given some certainty that they can burn their agricultural residue in a timely fashion, in order to rid a host environment for potential pest and allow farmers to double crop. Agricultural burning clearly has a different impact on air quality depending on its geographic location. Delineation of air basins should be included

in any regulations. In addition the burn permit process must not place any unreasonable burden on the farmer.

ENERGY **Nuclear**

The role of Nuclear Power in the energy future of California is controversial at best. The California State Grange's past policy has supported nuclear energy on an interim basis until alternative forms can be brought on line. The question of nuclear waste poses serious questions that call for a commitment of money and resources until solved satisfactorily.

The current protests to shut down Rancho Seco Nuclear Power Plant are generally unfounded. The earthquake safeguards of Rancho Seco are the best of any currently operating nuclear power plant in the world. An earthquake would have to level downtown Sacramento before any damage would be recorded to Rancho Seco. Even at that an earthquake of half that magnitude would immediately shut down the plant.

In regards to Diablo Canyon Nuclear Power Plant, PG&E has repeatedly emphasized that it will not operate the plant unless it is safe to do so. The Nuclear Regulatory Commission will not issue a license to operate the plant unless all safety issues are resolved.

The California Public Utilities Commission has warned that electricity reserves this year will be barely adequate for the summer months. Governor Brown has said that we are facing a crisis in transportation and in electricity generation. The Governor also called for reduced dependence on OPEC oil and a reduction in the burning of oil for electric generation.

The Diablo Canyon plant will save the burning of 20 million barrels of oil annually. The plant is essentially completed and ready to provide about 16 percent of the electric energy needs in northern California. Diablo Canyon is the only major power plant we can bring on line in time to ease the worsening energy situation in the 1980's.

Gasahol

Gasahol is a motor fuel mixture — typically a blend of 10 percent ethyl alcohol and 90 percent unleaded gasoline. The ethyl alcohol comes from any material high in starch or sugar content such as corn, sugarbeets or wheat.

With large grain supplies, gasahol operations can serve as a new and viable market for agriculture and as a new energy source to help satisfy the fuel needs of the United States. Gasahol is the Nation's only renewable motor fuel and could boost the American economy by keeping U.S. dollars at home instead of utilizing them on foreign oil imports.

The California State Grange supports all efforts to expediate the implementation of this renewable resource to reduce our dependence on foreign imported oil.

Coal

PG&E has a preliminary permit to build a two-unit 1.6 million kilowatt coal fired power plant by 1987. The preferred site is near Collinsville in the Sacramento-San Joaquin Rivers Delta near the Sacramento River opposite Pittsburg. There were serious objections raised by the California State Grange and other agricultural organizations to locations proposed in the central valley. The use of vast sums of agricultural water for cooling and the possible adverse affects of sulfur laden fallout from coal burning on surrounding farm lands prompted agriculture's outcry. The State Energy Commission has ordered PG&E to use Sacramento municipal waste water, if possible, for cooling the plant and has ordered satellite or high altitude surveillance for agriculture damage.

A serious question remains as to whether this plan for electricity generation is the best available at this time. Would not it be more efficient to transport the electrical energy than the coal from Utah? What is the impact of burning 160 train carloads of coal per day going to have on our environment and the productivity of our uniquely fertile agricultural lands?

I will ask the Conservation Committee to draft a resolution to clarify the California State Grange's position on coal fired power plants in California.

Liquid Hydride

The California State Grange has it on good authority that technology exists today to produce fuel to replace gasoline. Liquid hydride would cost approximately half the current price of gasoline, is considerably safer due to its stable nature, and when combusted produces no harmful exhaust only steam.

Solar energy, which took the astronauts and electrified the space craft to the moon, can now be collected at an efficient cost and used to separate the hydrogen and oxygen in water to produce liquid hydrogen. The Grange supports all alternative energy undertaking. This specific breakthrough holds great promise and we will surely give it our support.

CONSERVATION

Tuolumne

California is blessed by its geologic configuration which features an abundance of rivers flowing from the snow capped peaks of the Sierra Madre mountains. A series of well designed dams and hydroelectric power plants has provided California with abundant water for irrigation, clean electricity to light our cities and towns, and flood control for those lands that border rivers in the central valley. An unplanned for by-product of this three tiered development plan has been created by regulated releases and has become known as white water boating runs.

The California State Grange testified in August of this year on the proposition of putting the Tuolumne river in the Federal Wild and Scenic Rivers Act which would preclude any further development on that portion of the Tuolumne river. At the same time a proposal had been submitted by the Turlock Irrigation District and Modesto Irrigation District to add the Ward-Clavey Unit to the Hetch-Hetchy Water Power System on the same portion of the Tuolumne. The California State Grange has policy which favors small hydro-electric plants and wild and scenic rivers. The California State Grange consistent in its policy requested a compromise solution to the Tuolumne Wild and Scenic River study; one that would allow the Clavey portion of the Wards-Clavey Unit to be constructed and maintain the integrity of the unique wild and scenic value of the lower Tuolumne.

Stanislaus

The situation on the Stanislaus river involving the New Melones Dam is an entirely different matter. The construction of the dam is complete and a sunken cost. Therefore the cost benefit analysis at this point clearly favors filling the dam. The benefits of additional water yield, badly needed clean hydroelectric power and additional flood control clearly outweighs a by-product white water river run of low calibre.

Water

What would you rather have—water or diamonds? Well, if there were plenty of water available you may choose the diamonds. On the other hand, if water were scarce there would be little choice. California has learned a valuable lesson in the last few years, the value of water. The state is faced again with the reality of short water supplies in the near future.

The focal point in California's water picture is and remains the peripheral canal. California's history revolves around the fights over water and the peripheral canal is no exception. The required support to build the canal is available but every party wants something in return for their vote. It is precisely these "something in return" that make the whole package unacceptable. We will accept reasonable safeguards for the preservation of water quality in the Delta. Beyond this other water legislation should be included in separate bills.

The problem of over drafting our underground water supplies is real and is of concern primarily to those that it most directly affects, the farmer. The California State Grange is on record and would like to reiterate that the management of these underground water basins be the responsibility of those persons and agencies most directly affected.

GENERAL WELFARE

Cooperatives

Among many projects in the minds of early Grange leaders was the idea of cooperative buying and selling among farmers. The Declaration of Purposes put special emphasis upon this feature of Grange service as the farmers' only source of bargaining power.

Earlier this year, agricultural cooperatives came under attack by the Federal Trade Commission who charged co-ops with undue price enhancement. This goes to show that this form of business structure returns to the grower the full worth of his labors. The Grange was instrumental in the birth of the cooperative movement and stands behind the full breath of the Capper-Volstead Act as the best means for growers to reap the benefits of their efforts.

Inflation

The self-esteem of the American people is at an all time historic low. The events leading to this state of affairs are best described as leadership by wishful thinking.

The first event that gave the American people a false sense of security and well-being was our highly subsidized gasoline policy. Cheap fuel stimulated our industrial development and established the United States as the unchallenged leader in the industrial world. The delusion that we should continue to live as though there were an endless supply of fuel has finally reared its ugly head. The axiom "necessity is the mother of invention" will be tested again. The need is real and the American people have the will, the resources, the work force, the know-how and the industrial and technological genius to overcome the energy crisis.

The second event that has contributed to our declining quality of life is the illusion that America can provide an abundant life for all. The role of government has simply gotten too big. Our deficit spending policy which began in 1960 to finance all these wonderful great society programs has backfired twenty years later. The U. S. can no longer afford to spend beyond its budget. Every dollar printed makes all the dollars in existence less valuable. The American people may very well have a real live monster on their hands that continues to grow even when it has been identified and located. This monster is nearly out of control of the people it was designed to serve. Without severe censure it may even consume us.

The combination of these two major events has lead the American people away from believing in the security and future of the U. S.

A retired person's pension is now worth roughly 35c on the dollar and U. S. savings accounts are at an all time historic low. This is not hard to believe since savings accounts earn

6% while inflation runs at above 10%, the American saver is being robbed when he is suppose to have his money in our safest financial institution.

The California State Grange joins many other organizations throughout the U. S. in its fight to limit the size of government.

We live in a land of plenty and we should all be grateful. More is not better. The Grange needs to lead the way to balance and harmony in coping with the world around us. A greater voice in our government and communities will help instill Grange wisdom and conscience.

Ghost of 13

The passage of Proposition 13 served notice on the governments of California that the people strongly desire the bureaucracy to cease growing at such an alarming rate. What better way than to cut the taxes upon which it operates, right? Wrong! California governments never really spent their energies trying to cut the fat out of government. Sure they made a few highly visable cuts hoping vocal special interests groups would yell loud enough for re-instatement. The bureaucracy has spent its time since Proposition 13 trying to figure out how to replace the funds lost by the property tax cuts. Many methods have been tried but the one we must watch most closely is the "USER FEES".

The concept of User Fees is palatable but the implimentation is quite different. A User Fee is a fee that is paid by a person that uses that particular service of government. The California State Grange claims that a more proper interpretation of a User Fee is that the person that benefits from any one function of government be financially responsible for the services rendered.

A problem arises in the case of permits and licenses. The fees for permits required to build a home, for example, have in many cases increased up to a thousand times. These fees are used to maintain streets, parks and schools whereas before Proposition 13 these costs were borne by property taxes. The California State Grange will restate its position: *Proposition 13 is a tax cut, not a tax shift.*

Permit fees paid by farmers cannot be passed on to the consumer. However, farmers must bear part of the responsibilities of the externalities due to agricultural burning and presticide applications. On the other hand, the public benefits in a greater amount from regulations insuring conduct due to decreased environmental impacts and increased economical and consumer benefits.

"The Spirit of 13" government spending limitation initiative will be known as Proposition 4 on the November 6 special election ballot. The concerted effort by the members of the Grange in California must not be underestimated as the

driving force that put this initiative over the top and on the ballot for November. Congratulations, and remember Grangers do have a voice in their government. Proposition 4 will help eliminate the tax shift movement we are experiencing since Proposition 13.

Law and Order

The administration of justice in the United States as well as California is generally agreed to reflect the mores and morals of our society. The method of expression of these values are in laws that are passed by Congress and our state legislature and Supreme Court interpretations of these laws.

In contrast to Western Europe where the State's rights come first, the United States has always upheld individual liberties and freedom.

Since the sixties the rights of the accused have become extensive to the point that it is difficult to make an arrest and even more difficult to get a conviction.

The law-abiding citizens of the United States that hold jobs, pay taxes, vote and make up the moral fiber of America have found that their freedom has been sharply curtailed in recent years. We can no longer walk the streets of California that we helped build. Our families are in constant danger of irrational random violence. The crime is against the state that once stood for liberty and the pursuit of happiness for all.

The Supreme Court is suppose to reflect the moral make-up of society in its interpretations of the law. However, when the citizens of California overwhelmingly supported capital punishment as a deterrent to shameless murder, did the Supreme Court reflect society's sense of justice when they found the capital punishment law unconstitutional? Again, the "Tanner Decision" that ruled that the "use a gun—go to prison" law was not flexible enough did not reflect the people's will.

The freedom of all Americans is in great jeopardy if the Supreme Court continues to ignore the moral guidance of its lawabiding citizens. In the case of juveniles it is absolutely essential that when young persons are granted greater freedoms that they also accept the essential character of responsibilities of those freedoms.

Aristotle said, "the reality of the act is equal to the reality of the consequence".

Structure Policy

The United States Department of Agriculture has called for a nation wide dialogue on the future structure of American agriculture. The California State Grange which represents small family farmers is encouraged by this gesture to re-evaluate the goals and objectives of a national structure policy of American agriculture.

The Grange proudly established the tradition that this country has always and continues to endorse a family farm

structure for agriculture, and that this has been the objective recited in the preamble of every major farm bill enacted since 1933. There is little disagreement with a national objective of encouraging the family farm. But, the policies and their attendant programs have usually encouraged farm growth and consolidation by benefiting larger farms relatively more than smaller farms.

The current revision of the Reclamation Act of 1902 is the clearest possible case in point. A national farm policy to encourage family farms and the single most important farm bill of the Century proposes consolidation. Congress is clearly responding to political pressure instead of adhering to a national policy which has created the moral and economic backbone of America. Congress has had a moral and ethical obligation to uphold the original intent of the Reclamation Act of 1902. For it is these intents that have built the strongest, most efficient sector of our economy.

The bill is such an abrogation of the intent of the original 1902 legislation that one could hope that such a devastating blow to the concept of the family farm would never see the light of day.

The California State Grange urges the Congress to recommit S-14 to Committee for rewrite.

COMMUNITY SERVICE

The National Grange has for many years sponsored Community Service Programs and are designed for the purpose of enriching the lives of rural and urban communities. The real value of these programs is not in the dollars and cents, but is in the efforts of people working together towards a common goal . . . helping and caring for others and the communities where they live.

National Community Service contest awards are as follows:

State Awards—Community Service:

1st place	\$150.00	Savings Bond
2nd place	\$100.00	Savings Bond
3rd place	\$ 50.00	Savings Bond

National Awards—Community Service:

1st Place	\$500.00	Savings Bond
2nd place	\$400.00	Savings Bond
3rd place	\$200.00	Savings Bond
4th place	\$100.00	Savings Bond

To qualify for participation in the program at least 10% of the Granges in the State must participate. This means some 32 Granges must enter the program. We did not qualify this year . . . there were more Granges participating, however, we were 10 short of meeting the minimum.

Perhaps California should sponsor an incentive program to supplement the National Grange Program.

DEPUTY FORCE

The Deputy force has often been referred to as the "Shock troops of the Grange". Without their active assistance in their jurisdiction it would be impossible to make your organization operate in an effective manner. They have again conducted workshop sessions, schools of instruction, on a County wide basis, and in some instances on an individual Grange basis. They will be on hand again during this session to assist in a variety of ways to keep the convention running smoothly.

COMMITTEE WOMENS ACTIVITIES

Again, the State Committee on Womens Activities under the able direction of Sister Joy Beatie, has been a year of accomplishments. In addition to their regular busy schedule of activities, they have taken on the job of helping to bolster the membership of the Grange by encouraging Subordinate committees to enlist new members, to help collect delinquent dues and to reenlist those who were dropped from the rolls. Time will not permit to list the number of activities and achievements of this all important committee.

Sister Joy Beatie, State Director of Womens Activities will give you a more detailed report during this session.

YOUTH

An important part of the Grange activities continues to stress the need for more participation by the young members within the frame-work of the Grange organization structure. The youth are taking part in classes of ritualistic work, work shops, personality and speech training, as well as building a relationship in not only work, but fun as well. It is a wholesome atmosphere when young people become active members in their Subordinate and Pomona Granges and take a part in your State Grange.

Brother Erickson, Director of Youth Activities, will report to you at this session.

JUNIOR GRANGES

It would be a happy day, indeed, if I could tell you that the Junior Grange organization was booming, but that is not the case. Sister Marie Rice, State Director of Junior Granges, has done a very commendable job trying to strengthen this program, but she needs the help and active support of the Subordinate granges throughout the State.

Sister Rice, with the help of her able assistants again manned a food booth at Cal Expo for the 19 day run, to build up funds to support the Junior Grange program. She will render her report at this session.

GRANGERS BUSINESS ORGANIZATION

The Grangers Business Organization, Inc. continues to justify its existence, by providing substantial savings in many hardware and home building supplies. Each year the G.B.O. not only pays dividends to its certificate holders, but saves

Grange members thousands of dollars on wholesale purchase items.

1979 marks the 50th anniversary of this organization. In accordance with a resolution passed by the delegate body in 1933, the State Grange Executive Committee arranged for the transfer in 1934 of the Sonoma County Grangers Business Organization, which was organized on September 27, 1929 to the Grangers Business Organization. This necessitated changing Charter, title and Articles of Incorporation to permit the State Grange to buy and sell commodities or engage in other cooperative activities on a Statewide basis.

On January 23, 1935 a favorable contract was signed with the Associated Oil Company and the first gasoline distribution plant was established in Merced County. Many others followed and as a result other distributors of gasoline and petroleum products reduced their prices to meet Grange prices.

This facet of your Grangers Business Organization has been phased out for one reason or another, but under the management of Clarence Weisgerber, this worthwhile organization continues to find ways to give better service to our members. He will report during this session.

GRANGE INSURANCE ASSOCIATION

The Grange Insurance Association is owned and operated by Grange members and through their agents write general, automotive, fire and extended coverage in eight states. The continued increase in the number of policies written in California is an indication that insurance coverage is being accepted favorably by Grange members throughout the State.

Time has been allocated for the annual report by Dee McKern, President.

CREDIT UNIONS

There has been a steady growth and financial strength in the Grange Credit Unions in California. We hope all members who are not now affiliated with a Credit Union will do so, to not only seek the securing of a loan, but for financial investment. This program is truly one of Grange members keeping Grange members.

Sister Eunice Smith, Chairman of California State Grange Credit Union Committee, will report to you during this session.

COMMERCIAL INSURANCE ASSOCIATION

The Commercial Hospital and Medical Insurance program was instituted fourteen years ago and has rendered an invaluable service to many Grange members in California.

Brother Peter Marinoff continues to search for ways to improve the program and services for our members, to help meet the continuous high cost of hospital and medical service. He has been allotted time to report at this session.

BLUE SHIELD OF CALIFORNIA

The Blue Shield Hospital and Medical program was instituted in 1946 and has rendered valuable service for Grange members for 33 years. Blue Shield continues to offer to Grange members worthwhile health and hospital coverage protection.

WORKMEN'S COMPENSATION

Again, through the Truck Insurance Exchange, Grange members employing agricultural labor, enjoyed a substantial dividend on premiums paid. This indicates an excellent safety record on the farms of those Grange members who took advantage of this money saving insurance program.

GRANGE NEWS

The Grange News has made progress in developing a newsworthy paper reporting in matters of legislative interest, involving the State and National Grange.

After liquidating the unpaid liabilities, the cost of the Grange News is balancing with income.

Gary Doud of Advertising Development Systems will report to you at this session.

IN MEMORIAM

On Thursday afternoon we will pause in our convention activities for a Memorial Service to honor our departed members.

This year one of our dedicated and respected State Officers, Brother Theodore Bliss, State Chaplain, passed away on December 28, 1978. We cherish his memory and those who have rendered positive, able and faithful service for our organization. These cherished memories remain with us.

The Memorial Service for our departed brothers and sisters will be conducted under the direction of Brother Harleigh Gallup, State Chaplain.

CONCLUSION

The many resolutions before this delegate body indicates a wide variety of interests among Grange members in California. In this address, I have tried to cover some high lights of subjects of special interest which I am sure you will want to consider along with what your Session and Inter-session Committees will recommend. These reports once adopted will reflect Grange policy for the ensuing year. You are encouraged to fully discuss these important issues with the various committees and during the session of this convention.

There are not many organizations which affords its membership at the grass roots to shape policy as does the Grange. For this reason the Grange has been successful to help shape policies of government by giving direction and by exerting influence in an acceptable and timely fashion.

Again, I wish to commend your Grange headquarters staff for carrying forward the many details of work in your State office. And, without the help, cooperation and full support of your State officers, deputy force and appointed Directors of your Committee on Women's Activities, Youth and Junior Grange departments, it would not be possible to carry out the many detailed work required to keep your organization moving forward.

Your support during this past year has been a most gratifying experience in carrying out the many tasks assigned to us. Edna and I appreciate the many kind and thoughtful deeds passed our way on several occasions. We have enjoyed the anniversaries and special events which we have been privileged to attend.

We cannot rest on our past accomplishments. We must continue to look forward and plan for the future. We have not only that opportunity, but the RESPONSIBILITY, as the legislators of our Order to meet the great challenges of tomorrow.

OVERSEER'S REPORT

Worthy Master, Officers and Members of the California State Grange:

This has been a year of great challenge. The officers and staff of the California State Grange have met the challenge and have proceeded to carry out the duties and principles as adopted by the delegate body at the regular convention in Bakersfield.

It has been a pleasure serving you for the past two years. May the future of the Grange continue to function and grow as we enter the decade of the eighties.

Fraternally submitted,
Harry P. Schmidt, Overseer
California State Grange

LECTURER'S REPORT

Worthy State Master, State Officers and Members of the California State Grange:

The time has come to report to the delegate body of my past year's activities. I have made a number of visits to various Granges for open houses, birthdays and anniversaries. At each visit I have stressed the contests of the Lecturer's department and encouraged members to participate.

I have attended the Deputies conference in January and reported to them of any concerns of my office. Also spending a few days acquiring my master mailing addresses for the following year.

Last November I attended National Grange convention in Denver and found it very interesting. We were taken on a

tour of an experimental mine which was very interesting as well as seeing some of the old mining towns. This mine is operated by the Colorado School of Mines. Our talent from California ran up against some very stiff competition at Denver. In the Art and photography we did better. We came home with some firsts, seconds, and thirds. We did not place in art.

In the field of Community Service I have been encouraged with a better participation of entries but only 14 final reports were sent to the State Office. This was better than last year but still short of National requirements. It is hoped through your Lecturer and others that perhaps California can promote a program of our own. These requirements will have to be worked out through the State office and reported on at a later date.

The Lecturer's skit writing was well participated in this year. The winners were Albert Moody, First from Vista Grange No. 609, San Diego County for his "The Toaster." Second place went to Rita Moore, Concow Grange No. 735, Butte County, for her "Grange Hat Parade" and Third place to D. O. Merriman, Orland Grange No. 432, Glenn County for his "The Visiting Committee".

The Community Citizen Award to a non Granger is still being used and a very worth while presentation. This is handled through the National Grange Lecturer's office directly. From reports a number of awards have been presented in California.

In closing I would like to thank the members who helped to get my art display panels set up on Monday A.M. Several youth were on hand to help as well as men. To the ladies who helped register in the entries, Vesta Gold, Pomona Lecturer, Stanislaus County, Helen Hencratt, Pomona Lecturer, Shasta County and for her help in securing judges for talent, art, and photography, Wilma Taylor, Deputy, San Benito County and several more for whom I did not get their names. This behind the scenes work is what helps make a job run smoothly.

A special thank you to all who participated in the art and photography, skit writing, Community Service projects and miscellaneous items. Some were very interesting. I know not everyone can be winners. This cooperation makes a very interesting display and enjoyment for the delegates. A big thank you to the Juniors who took part.

A special "thank you" to Waldo Haley and his crew for the display room and setting up the conference room. It was all appreciated by the State Lecturer.

The following is a report of the *Lecturer's Loan Library*. Not many books were borrowed this last year. I did put all the programs sent to Past Lecturer E. Ivey in book form. The library has a copy of six years of the Lecturer's programs

sent to him. This was done when an Ohio Subordinate Lecturer wrote and asked for some of his material and sent money to have our bulletins sent to her as Ohio has nothing like them.

STEWARD'S REPORT

Worthy Master, Officers and Members of the California State Grange:

It was just a short seven years ago that I joined the California State Grange in this very convention center here in my home town of Redding. These seven years have been filled with much growth, education, and maturity in both Grange and my personal life. I am proud to be able to now serve the Grangers of California as California State Grange Steward.

I would like to take this opportunity to thank my predecessor in office, Brother Leonard Hendricks, for his help and guidance in my term of service. He is characteristic of a good Granger, offering of his time and knowledge to make my term in office easier.

My best wishes go to the California State Grange on this, it's 107th Annual Session, and I wish all God's guidance in dealing with the issues and decisions which confront you.

Fraternally submitted,
John Wesley Haley, Steward
California State Grange

ASSISTANT STEWARD'S REPORT

Worthy Master and Delegates of the California State Grange:

Again it has been a privilege and a pleasure to serve the California State Grange in the capacity of Assistant Steward.

I thank all the delegates who have shown their confidence in me. I look forward to serving again at the 108th Annual Session in 1980 at Riverside, California.

I want to wish everyone much success as we move into the 80's and hope that this great organization will grow and prosper as we move into this new decade. Good luck and much happiness to all members of the Grange. See you next year.

Fraternally submitted,
Robert Bush, Assistant Steward
California State Grange

LADY ASSISTANT STEWARD'S REPORT

Worthy Master, Fellow State Officers, Brothers and Sisters:

It has been a continued pleasure for me to serve as your Lady Assistant Steward again this year. The issues before the delegates are many and varied this year and I wish you all much success in dealing with them.

I would like to express my thanks to all the Granges who have sent me invitations. I only wish my job permitted me time to accept them all. I am looking forward to seeing you all at the 108th Annual Session at Riverside. God bless and keep you all 'til then.

Fraternally submitted,
Lillian Daley-Booth,
Lady Assistant Steward
California State Grange

CHAPLAIN'S REPORT

Worthy State Master, Fellow State Officers, Brothers and Sisters:

We of the California State Grange were deeply saddened on hearing of the untimely death of our Worthy State Chaplain, Brother Theodore Bliss, he functioned in his office with dignity and honor.

I deem it an honor to have been selected to complete the term of office delegated to Brother Bliss.

Due to the plea of our State and Nation to conserve gasoline, I have not visited Granges throughout the State as would have been my pleasure.

I have been requested to arrange a Memorial to our Departed that could remain intact at the close of the service. I trust that the arrangement will meet with your approval.

May God bless you in your endeavors for your Grange, for your Communities and for your State and Nation.

Fraternally submitted,
Harleigh Gallup, Chaplain
California State Grange

TREASURER'S REPORT

Worthy Master, State Officers, Members of the California State Grange:

All accounts are in order. The reorganization of the Grange financial records is just about complete.

I would like to thank the State Secretary and her staff for their assistance to me as Treasurer. Also my wife, Doris, for all the help she has given me the past year.

The following report will bring you up to date on the income and expenses for 1978-79:

SECRETARY'S REPORT

Worthy Master, Officers and Members of the California State Grange:

Once again it is my pleasure and privilege to greet you at our 107th Annual Session being held in the city of Redding this year.

I wish to express my sincere appreciation to all the Secretaries throughout the state for their cooperation and assistance with the State Secretary's office and to thank them all for the many invitations extended to me during the year.

Would also like to express my deepest appreciation to the Convention Chairman, Waldo Haley, Co-Chairman, Arthur Beatie and all their committees who worked so hard to make this 107th Session pleasant and successful and many others who were helpful to the Committee Chairman.

GATEKEEPER'S REPORT

Worthy State Master, State Officers, Delegates, Fellow Patrons:

I would like to take this opportunity to thank the Deputies who have guarded the gates so that the deliberations of the delegate body would not be disturbed during this 107th Annual Session of the California State Grange. All the Deputies present have handled the problems which arose from time to time.

Mariann and I thank the delegates of the California State Grange for the opportunity to serve you during the term of my office.

The Gate Keeper that you have elected may not be as tall as I am but I got my training for many years by going through his gates and I tell you sometimes it wasn't that easy.

Fraternally submitted,
Paul Layher, Gate Keeper
California State Grange

FLORA'S REPORT

Worthy Master, Fellow State Officers, Delegates, Brothers and Sisters:

It has been a pleasure to serve you again this year as your State Flora.

I wish to thank all for the many invitations, that Peter and I received, only wish we could have accepted more.

I would like to express my appreciation to the court ladies for their acceptance and for all their help.

My special thanks and love to Peter for designing and assembling the stage for the degree.

Best wishes for a successful 107th session.

Fraternally submitted,
Marjorie Lindbeck, Flora
California State Grange

CERES REPORT

Worthy Master, Fellow State Officers, Brothers and Sisters:

Welcome to our 107th Session of the California State Grange.

Best wishes for a successful and productive Session.

Thank all of you for giving me the opportunity of serving as your State Grange Ceres for these past eight years.

Fraternally submitted,
Lillian Wild, Ceres
California State Grange

POMONA'S REPORT

Worthy Master, Fellow Officers, Brothers and Sisters:

It is a pleasure to be able to welcome you to beautiful Northern California for the 107th Annual Session of the California State Grange.

I hope that while you are here, you will take time to enjoy the things this area has to offer.

I wish to convey my appreciation to those who have made this year a memorable one, and I hope to have the opportunity to serve you as a state officer for another two years.

Again, welcome to Northern California, and much success with the work of this 107th session.

Fraternally submitted
Patty Brooke, Pomona
California State Grange

MUSICIAN'S REPORT

Worthy Master, Dignitaries, Brothers and Sisters:

Welcome to the 107th session of the California State Grange.

Again it is an honor and a pleasure to serve as your musician. I look forward to this every year. It is like one big birthday party.

I wish to thank all the Granges for their invitations to their special events and meetings. Too bad I'm not a twin.

It is a joy to receive your friendly hand shakes and well wishes. It's a thing money can not buy.

I wish to thank those who took part singing in the Sixth Degree. It was short but sweet. Wish we had more time for music and singing at our conventions.

Fraternally submitted
William (Bill) Campbell, Musician

MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE MEETING

October 16, 1978

Meeting called to order by Worthy Master, Edwin Koster Monday, October 16, 9:00 a.m., in Room 111, Vagabond Inn, Bakersfield, California, prior to opening of 106th annual session.

Roll call showed all members present; Lloyd V. Piper, David Austin and S. E. "Dick" Rafter. Also present were Overseer, Harry Schmidt and Secretary, Marjorie Brown.

State Secretary submitted financial report.

The 106th Annual Session program was reviewed and discussed and minor adjustments were made; establishing time for a "special order of business" to discuss per capita dues and proposed budget, to be presented Thursday, October 19th 3:00 p.m., by Good of the Order Committee.

Reviewed and discussed proposed budget which will be distributed to delegates at registration time, and made adjustments on budget to coincide with the financial statement of the Grange News, as submitted by Pfanner & Tate Accountancy Corporation.

There being no further business, the meeting adjourned at 9:50 a.m.

MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE MEETING

October 21, 1978

The Ukiah Autumn Leaves Incorporation Board of Directors annual meeting was held at 9:20 a.m., Saturday, October 21, in Room 111, Vagabond Inn, Bakersfield, and the minutes shall be printed in Journal of Proceedings.

The meeting of the Executive Committee of the California State Grange was called to order at 9:55 a.m. by Worthy Master Edwin Koster. Present were committee members Lloyd V. Piper, David Austin and S. E. "Dick" Rafter. Also attending were Overseer, Harry Schmidt and Secretary Marjorie Brown.

Secretary read minutes of Journal of Yesterday, Friday, October 20, 1978. The minutes were approved as corrected.

Master Koster discussed possible staff changes, due to newly created position of bookkeeper and also the possibility of some changes in Grange News staff, inasmuch as Wanda Boland is seriously ill. He also stated the most serious problem in office is filling the bookkeeper position, as Wanda does

the billing in the News. He also recommended a 10% cost of living increase for employees.

Motion by Brother Rafter, seconded by Brother Austin that the newly created position of bookkeeper be set at a starting salary of \$750.00 per month, up to a maximum of \$900.00, and that after a six month probationary period, the salary be increased to \$800.00 per month. The position will include the handling of all billing, accounts receivables and payables, payroll, State and Federal quarterly tax reports, and general office duties. Motion carried.

Motion by Brother Rafter, seconded by Brother Austin, that the \$25.00 per month increase awarded to Secretary Marjorie Brown, to make up for the difference due to loss of personal use of Grange car which has been sold, be made effective September 1, 1978. Motion carried.

Executive Committee members reviewed salaries and some adjustments were authorized. Moved by Brother Rafter, seconded by Brother Piper, that a 10% increase in salary be made to all staff members who have been employed over one year, effective October 1, 1978. Motion carried.

Brother Piper discussed final itemized bill received from the Bakersfield Civic Auditorium for facilities used at 1978 convention. Total bill amounted to \$2,344.88, less \$500.00 deposit, leaving balance due of \$1,844.88. It was approved the bill be paid.

Secretary Brown discussed payment to talent winners. Members of the Executive Committee approved continuing established policy of paying up to \$300.00 towards winner's expenses to attend National Grange; total to be divided among the winners.

Discussion on Constitution and By-Laws. Corrections and changes to be studied at the next Executive Committee meeting.

State Master announced he may transfer membership into the State Secretary's office; and there is a possibility we may be able to retain our Legislative Director John Welty on a 4-day week basis, and he feels John is extremely valuable to the State Grange as a leg-work man.

Members of the Committee approved the following departments attend the National convention: Outstanding Young Grangers Suzi Wingfield and Kirby Hitt; State Pomona, Patty Brooke; Youth Directors, Gunnor and Mary Erickson; C.W.A. Director, Joy Beatie; and Junior Director, Marie Rice and two Junior members. Allowance to be 10c per mile one way; \$5.00 each per day for meals; and lodging. Allowance to be paid out of Youth Fund, with exception of C.W.A. Director's expense.

Secretary Marjorie Brown submitted her report and presented bids for printing of 1979 Roster and the Journal of Proceedings.

Moved by Brother Austin, seconded by Brother Rafter, the low bid received from Allied Printing be accepted, and that we print 525 copies of the Journal of Proceedings and 1,400 copies of 1979 Roster. Motion carried.

The next Executive Committee meeting will be held Friday, December 1, 1978 at 9:30 a.m., at State headquarters.

There being no further business, the meeting adjourned at 11:30 a.m.

MINUTES OF THE CALIFORNIA STATE GRANGE "SPECIAL" EXECUTIVE COMMITTEE MEETING

October 28, 1978

Sacramento, California

The meeting was called to order by State Master Koster at 9:45 a.m., who stated that the "special" meeting was called at the request of Past Master Chester Deaver, who would appear at 1:00 p.m.

Roll call showed Committee members Lloyd Piper and S. E. "Dick" Rafter present. Committeeman David Austin phoned to say he was detained and was not sure he could attend. State Overseer Harry Schmidt was present.

The minutes of the preceeding meetings of September 8, October 16 and October 21 were approved and signed.

State Master Koster, members of the Executive Committee and State Overseer discussed changes relating to the State Constitution and By-Laws and after some review, phoned National Master, John Scott, to discuss with him some provisions of the State Constitution and By-Laws which did not appear to be in conformance with the National Grange Digest. David Austin arrived at 11:15 a.m.

Recessed for lunch. Meeting reconvened after lunch and met with Brother Deaver who stated he would have liked State Secretary Marjorie Brown present, inasmuch as it pertained to changes in the Constitution and By-Laws. It was explained that Sister Brown was unable to attend since her daughter was gravely ill in a local hospital. Reference was then made to Article 1, page 8 of the By-Laws; Section 5, page 10, and Section 4, page 3 of the Constitution. Brother Deaver requested that the State Secretary's minutes of Friday, October 20, the last day of the annual session be read. Brother Deaver requested that the minutes also include wording of a resolution which he presented pertaining to "Revised Constitution and By-Laws California State Grange"; which was discussed.

Discussion of a 1976 State Grange resolution authorizing the Executive Committee to change State Master's salary followed, and reference was also made to the 1960 Journal of Proceedings which Brother Deaver said was "the correct procedure to change the salary of the State Master, and the action taken at the Bakersfield convention this year relating to the increase in the State Master's salary was done correctly." He stated the action taken by the Executive Committee based on the 1976 resolution directing the Executive Committee raise the State Master's salary was not legal. He then read a letter from his attorney relating to his review of the 1976 State Journal of Proceedings and the Constitution and By-Laws, and it was his opinion that the action taken by the Executive Committee was not legal. State Master Koster

stated that if there was any question whatsoever that the action by the Committee may not have been legal, that he would much rather refund to the State Grange all overpayment made in error, rather than to pay out any money for legal fees and possible court costs. In this way the Grange would benefit, not the attorneys. Deaver departed.

The Committee discussed a marked copy of changes to be made in the Constitution and By-Laws which was distributed to all Executive Committee members for further review and consideration at the next meeting to be held on December 1.

After discussion, motion by Brother Rafter, seconded by Brother Piper, that the State Secretary, Marjorie Brown or Sister Mary Wendt be authorized to notify Brother Deaver that the State Master will refund to the California State Grange \$3,000.00 which represents the increase in salary for the past 10 months which may have been paid in error. Motion carried.

After discussion, it was determined that Brother Deaver's resolution relating to "Revised Constitution and By-Laws which he requested be included in October 20 minutes did not add anything to the State Secretary's minutes of the last day's session which had been approved on Saturday, October 21. Further, the resolution was not adopted by the delegate body and therefore could not be added to the minutes in any event.

The meeting adjourned at 4:00 p.m., until December 1, 1978, 9:30 a.m.

MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE MEETING

December 1, 1978

A meeting of the Executive Committee of the California State Grange was held at State Grange headquarters, Friday, December 1.

The meeting was called to order at 9:50 a.m. by State Master Koster. Members present were Lloyd Piper and S. E. "Dick" Rafter; Executive Committeeman David Austin called to report he would be unable to attend. Overseer Harry Schmidt was also present.

The minutes of the "Special meeting" of October 28, 1978 were approved and signed.

State Master discussed anticipated changes after first of year; possible selection of a Membership Chairman, and having all membership handled through the Secretary's office. Discussed setting goals for membership; perhaps some kind of reward for those Granges which have met the goal, and prize for greatest percentage gain. He stated the Pomona Granges

should be encouraged to participate in county legislative programs and record all of their functions where they have done something constructive in their county, and perhaps the State Grange could present the Pomona Grange with the best record book with a reward of some kind.

Discussion on needed repairs on State Grange Vega car. The Committee recommended having needed repairs done before it is used.

Arlee Ketten, bookkeeper, and Tricia Repace of Grange News appeared before the board to discuss various phases of publication. Motion by Brother Rafter, seconded by Brother Piper, that the bookkeeper purchase a new calculator in the amount of approximately \$89.00. Motion carried.

Representatives from Advertising Development Systems appeared before the Executive Committee and reviewed and discussed contract. They stated the "starts" are all done and about 1000 changes of addresses are ready to go into the system, and all changes should be done by the middle of December. They also agreed to bill the State Grange separately for their commissions, and pay the Grange \$200.00 per issue of the California Grange News, for 13 consecutive issues, representing payment of purchase for the State Grange addressing equipment, as per contract agreement. They stated that Resolution No. 27, adopted at the Bakersfield convention relating to publishing only one issue per month, would raise production cost and cut advertising revenue in half, and that the Grange News would also then have to petition Washington, D.C. for 2nd class mailing rate, etc. Discussed reducing Directory ads from approximately 7 pages to 3½ or 4 pages and sending Southern ads to South, and Northern ads to North . . . this would give us approximately 3 more pages for news; added cost estimated at \$125.00 per month for composition. Gary Doud stated they would like to send out a "Kit of Instruction" for reporting news to all Granges after the first of the year and it was suggested they mail the Kit when ready for Executive Committee approval.

Joy Beatie, C.W.A. Director, appeared before the Executive Committee and submitted report of Cash Receipts and Disbursements for 12 month period, ending October 31, 1978. She reported the 1979 theme is Communications. She also announced that Jenny Grobusky, National C.W.A. Director, will be visiting California and a C.W.A. meeting will be held in Wisteria Hall, January 31, 1979. She also reviewed the 1979 C.W.A. program which she would like printed and inserted in the revised handbooks. It was moved by Brother Piper, seconded by Brother Rafter, that the requested number of booklets be printed. Motion carried.

The Executive Committee granted the C.W.A. Director request to use cookie money for sewing entry prizes.

Motion by Brother Rafter, seconded by Brother Piper that Joy Beatie, C.W.A. Director, be authorized to purchase a file cabinet. Motion carried.

Master Koster suggested the Executive Committee recommend some guidelines for Peter Lindbeck while performing work out in field. It was recommended that Peter keep a log of all visits to Granges, etc. for review by State Master.

It was moved by Brother Rafter, seconded by Brother Piper, that Peter Lindbeck be allowed \$25.00 per day for lodging and meals while performing Grange field work. Motion carried.

Discussion and review relating to revision of Constitution and By-Laws, per instruction of the 1978 delegate body.

State Master reported our bookkeeper was using her own electric typewriter to hasten the billing and paperwork, and he questioned whether the typewriter would be covered for loss under our insurance. The Executive Committee authorized State Master to purchase a new typewriter in the amount of approximately \$190.00 when finances would allow.

Motion by Brother Rafter, seconded by Brother Piper, the California State Grange purchase a Class C Blanket Fidelity bond to cover all officers and employees in the amount of \$5,000 for an annual premium of \$21.00. Motion carried.

Motion by Brother Rafter, seconded by Brother Piper, that Christmas bonuses of \$50.00 for each employee over 1 years employment be approved; and that \$25.00 be given to employees under 1 year service. Motion carried.

Motion by Brother Piper, seconded by Brother Rafter, that State Master be authorized to transfer \$5,000 from the revolving fund to the general fund to cover impending bills. Carried.

Letter from Blue Shield of California relating to renewal of contract was submitted. Motion by Brother Piper, seconded by Brother Rafter, the Master be authorized to renew the health program with Blue Shield of California, renewal effective April 1, 1979, with no increase in rates. Motion carried.

John Welty, Legislative Director, appeared before the board and discussed current legislation.

Motion by Brother Rafter, seconded by Brother Piper, that due to the light cash flow at present, the Master be authorized to transfer monies from available accounts to the general fund as needed. Motion carried.

There being no further business, the meeting adjourned at 4:00 p.m., until January 19, 1979, 9:30 a.m.

MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE MEETING

January 19, 1979

The meeting was called to order at 9:45 a.m. by State Master Koster. Members present were Executive Committee-men Lloyd Piper, S. E. "Dick" Rafter and David Austin. State Overseer Harry Schmidt was also present.

The minutes of the December 1, 1978 meeting were approved and signed.

Motion by Brother Rafter, second by Brother Austin, that Harleigh Gallup, former State Chaplain, be asked to fill in the unexpired term of Chaplain and perform the Chaplain's duties, due to demise of Worthy Chaplain Theodore Bliss; and if accepted by Brother Gallup, that we add a little prestige to the occasion and dignify the office with a short ceremony, even though the installation of a State officer following an appointment is not required. Motion carried.

State Master Koster announced the C.W.A. would like to sponsor a Membership program and for each member gained or reinstated, etc., they would receive a reward of \$1.00 for each application submitted.

Peter Marinoff of Commercial Insurance appeared before committee and stated that if the California State Grange gained 50 thousand members he would donate \$50,000 to the CSG. Master Koster explained about proposal made by CWA and Mr. Marinoff offered to pay 50c for each member gained by C.W.A. ($\frac{1}{2}$ of \$1.00 requested by the C.W.A.)

Letter relating to changes in State Constitution and By-Laws read and discussed.

Bids for remodeling and carpeting the balance of upstairs submitted. The Committee approved remodeling and carpeting upstairs portion to be leased by Valley Medical Equipment, Inc. and also portion rented to Foundation of Comprehensive Health Services. This completes leasing of entire upstairs level of State Grange headquarters.

Jerry Rosenthal, Division Manager of California Pacific, appeared before Committee and presented C.A.R.E. Group Insurance Trust program. No action taken.

Members of the Executive Committee approved sponsoring Assembly Bill No. 262 and Assembly Constitutional Amendment No. 20 (The Foreign Investment Bill) relating to alien-owned agricultural land; and the Amendment relating to property rights.

Motion by Brother Rafter, second by Brother Piper, that the Master be authorized to have Brother Beatie build storage shelves as needed at headquarters. Brother Arthur Beatie offered to build shelving at no cost, except for actual cost of materials involved. Motion carried.

Letter from Deputy State Master Harleigh Gallup was read in which he requested an early meeting of the Executive

Committee in Riverside, relating to 1980 convention. Master Koster and Brother Rafter authorized to meet with Deputy Gallup at Mission Inn in Riverside on February 2nd.

The Committee authorized Master Koster to accept appointment as a Director of the California Future Farmers of America Foundation.

Gary Doud of Advertising Development Systems appeared before the Committee and submitted schedule of cost of ads, etc. Motion by Brother Austin, second by Brother Piper, that the new rate card dated January 1979 be approved and that Mr. Doud be authorized to have 2000 cards printed at a cost of \$64.95. Motion carried.

Gunnor and Mary Erickson, Directors of Youth Activities, appeared before the Committee and discussed the Coordinating Council and Young Married's Conference meetings. Brother Erickson requested approval of Committee to pay the Buck Lake Campout cook \$40.00 for appreciation of wonderful food and hard work, which made the campout a huge success. Request approved.

Motion by Brother Piper, second by Brother Austin, that the Master be authorized to have the changes in the Constitution and By-Laws printed for proof reading at next meeting. Carried.

Grange News budget report for period October 1 through December 31, 1978, submitted by bookkeeper, reviewed and discussed.

Letter received from Arlene Riddle, Sacramento County Pomona Youth Advisor, was read. Motion by Brother Austin, second by Brother Rafter, the Sacramento Pomona Youth be paid \$2.50 per plate for luncheon served at the Deputies Conference. Motion carried. Brother Piper opposed.

The meeting adjourned at 6:00 p.m.

MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE MEETING

February 9, 1979

The meeting was called to order at 10:50 a.m. by Master Edwin Koster, with the following members present: Lloyd V. Piper, David Austin and S. E. "Dick" Rafter. Harry Schmidt, Overseer, was also present.

The minutes of the January 19, 1979 meeting were approved as read

Letter from Erwina Meyer, relating to mileage expense as Alternates of Riverbank Grange at 1978 convention, was read and discussed. The Executive Committee approved payment of \$22.60 mileage expense.

Past Master Chester Deaver appeared before the Committee and requested the State Secretary make available copies of the October 21 and 28, 1978 minutes for review. He commented he felt the Committee was trying to "white-wash" something from the minutes, relating to the minutes of the previous day being "corrected". State Secretary made available her notes of Friday, October 20, 1978 and stated the correction was made changing the word "agriculture" to "conservation". The Committee resented his accusation. Brother Deaver presented a memorandum requesting changes in the minutes of the State Secretary as they appear in the 1978 Journal of Proceedings. No action taken.

The meeting was recessed for lunch and reconvened at 4:15 p.m. in Room 25, Redding Lodge, in Redding to meet with Convention Committee.

Eunice Smith, Chairman of California State Grange Credit Union Committee, appeared before committee and reviewed letter and program submitted by Mr. Richard Conn, Manager of American Income Life Insurance Company. No action taken.

Ursel C. Narver, Business Manager of Oregon Grange Bulletin, letter relating to Pacific Grange Farm Group advertising solicitations was discussed. State Master authorized to respond to letter advising we are interested in his plan, but will need time to study request further.

Financial report of January 1979 reviewed and discussed.

State Secretary submitted her report; stated she planned writing all Secretaries regarding membership. Also commented she expects to mail the 1979 Roster by the 28th of February. She also discussed including Arlee Ketten, bookkeeper, on Pension Plan. The Committee agreed she should be included in plan after her six month trial employment.

Authorized that Grace Lemos and Tricia Repace be changed from hourly to monthly employment basis.

Relating to Resolution No. S-83 "Retirement Home Facility". It was agreed an announcement be made in Grange News that anyone interested in obtaining a Housing Urban Development loan to build Retirement Home facilities for the elderly, can obtain application and literature by contacting State Grange headquarters.

State Master reported the Grange Vega is not in very good shape, and previous repairs are not holding up, and he felt perhaps we should investigate the feasibility of leasing a car, rather than owning the Vega.

The question of consolidating bank accounts to facilitate the flow of funds was discussed and the Master was authorized to transfer necessary funds to the General Fund, to meet current expenses and the large payment to The National Grange.

Galley proof of revised California Constitution and By-Laws was reviewed and authorized for printing.

The meeting adjourned at 6:00 p.m. to meet again at 9:00 a.m., Saturday, February 10, at the Redding Civic Auditorium, to discuss with the Convention Committee and Auditorium Manager preparation matters relating to 1979 convention.

The minutes of the February 9, 1979 meeting were approved as read.

Financial report was reviewed and discussed.

Motion by Brother Piper, seconded by Brother Rafter, that the Clerk position be prorated at \$3.50 an hour for first month's employment, and the monthly salary be set at \$606.67 per month.

Master Koster discussed convention committee meeting held in Anderson Grange, and stated the Thunderbird Lodge agreed to block off 50 rooms for convention headquarters, and the Redding Lodge would block off 15 rooms as secondary headquarters, at the following rates:

Thunderbird Lodge:

Single	(1 person)	\$18.00 plus 6% sales tax
Double	(2 persons)	\$23.00 plus 6% sales tax
Twin	(2 persons)	\$25.00 plus 6% sales tax
	(3 persons)	\$28.00 plus 6% sales tax
	(4 persons)	\$31.00 plus 6% sales tax

Redding Lodge:

Single	(1 person)	\$18.00 plus 6% sales tax
Queen	(1 - 2)	\$18.00 plus 6% sales tax
Dbl-Dbl	(2 persons)	\$22.00 plus 6% sales tax
	(3 persons)	\$25.00 plus 6% sales tax

Motion by Brother Piper, seconded by Brother Rafter, that 50 rooms at the Thunderbird Lodge and 15 rooms at Redding Lodge be reserved as headquarters motel. Motion carried.

Marge Brown, State Secretary, submitted membership report and discussed All Occasion Card program refund to Granges. The procedure for distributing the refund was discussed and approved.

Motion by Brother Rafter, seconded by Brother Piper the Master be authorized to transfer \$2,000.00 from the General Fund to the Extension Fund. Motion carried.

State Secretary was authorized to investigate the feasibility and cost of microfilming old records for safe keeping and make report at next meeting.

Letter from Department of California Highway Patrol was read and discussed. It was suggested information relating to resolution in the Assembly authorizing California Highway Patrol's use of radar in speed enforcement be included in the next Grange Action Newsletter.

Committee reviewed and approved the 1979 Extension Rules.

Motion by Brother Rafter, seconded by Brother Piper, the California State Grange not undertake sponsorship at this time of American Income Life Insurance Company, nor California Pacific Insurance Services. Motion carried.

Motion by Brother Rafter, seconded by Brother Piper, that the Vega Hatchback be sold, after receiving at least two offers, and it be sold to highest bidder. Motion carried.

Motion by Brother Piper, seconded by Brother Rafter, that administrative personnel using their own cars for Grange business purposes be paid \$15c per mile. Motion carried.

The next board meeting to be held April 17, 1979 at 9:30 a.m. in State headquarters.

There being no further business, the meeting adjourned at 2:45 p.m.

MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE MEETING

April 17, 1979

The meeting was called to order at 10:15 a.m. by State Master Koster.

Roll call showed a quorum of the members present. Brother Austin and Overseer Harry Schmidt called to advise they would be unable to attend.

The minutes of the March 16, 1979 meeting were read. It was moved by Brother Rafter, seconded by Brother Piper the minutes be approved as read. Motion carried.

State Secretary Marjorie Brown reported on membership and later introduced Robert Needles and John Dimidowich, representatives of Visual/Graphic Microfilm Systems; relating to microfilming membership records of the California State Grange which date back to the 1940's. No action was taken at this time, however the Committee felt the records should be microfilmed at some future date for preservative measures and because of storage space.

Financial Report was reviewed and discussed.

Sacramento County Pomona Youth Advisor's request relating to selling tickets and raffling cedar chest at Redding

convention discussed. Motion by Brother Piper, seconded by Brother Rafter, that the request be denied inasmuch as it is not a State Grange oriented project and there is some question as to raffles being illegal. Motion carried.

Deputy State Master Lester Boardman appeared before the Committee relating to litigation in Lake County.

Arlee Ketten's request for one week paid vacation in June was submitted to the Committee. Request denied inasmuch as the schedule of employee's holidays, vacation, etc. does not provide for vacation until after the employee has worked one year.

Ken Kemp and Mike Huber of American Family Life Assurance Co. of Columbus appeared before the Committee and submitted their cancer program. No action taken.

State Master Koster discussed letter from Ursal Narver relating to new rate cards.

Peter Lindbeck appeared before the Committee and discussed AB 327 relating to selling Cal-Expo. The members of the Committee decided we should oppose AB 327 and that letters be sent to Senator Rodda. Peter also reported on his trip to Lassen County.

Discussion on 1977 Chevrolet Vega. Master reported one very low bid received.

The State Master discussed the mechanical condition of the Ford LTD which has 130,000 miles on it, stating that the power steering unit was a problem as well as the steering box which is leaking fluid. The Executive Committee authorized the State Master to purchase another car providing sufficient funds are available.

There being no further business, the meeting adjourned at 4:20 p.m.

MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE MEETING

May 23, 1979

Fresno, California

The Executive Committee of the California State Grange met on May 23 at the Sheraton Inn, Room 373, Fresno, Ca.

The meeting was called to order at 8:00 p.m. by State Master Koster, with the following members present: David Austin, Lloyd Piper . . . S. E. "Dick" Rafter absent. Also present were Overseer Harry Schmidt and State Secretary Marjorie Brown.

The minutes of the previous meeting of April 17, 1979 were approved as read.

Financial report prepared by bookkeeper was reviewed and discussed. Brother Austin remarked that the financial

report should be simplified, and the State Master stated after the fiscal year ending June 30th the C.P.A. will be setting up a new pegboard system which will simplify and reduce the cost of accounting and auditing.

State Secretary Marjorie Brown submitted membership report and stated per capita payment to the National Grange for the quarter ended March 31, 1979 totaled \$16,648.75.

Motion by Brother Piper, seconded by Brother Austin that the \$10,000 transfer from the Revolving Fund to the General Fund made May 9, 1979 and up to \$20,000 from the Revolving to the General Fund be approved, to meet current expenditures. Motion carried.

The matter of printing 1979 Redding session programs was discussed. Motion by Brother Austin, seconded by Brother Piper that 1,500 copies of the Redding convention program be printed, at an approximate cost of \$300.00. Motion carried.

Discussion relating to 1978 resolutions limiting Grange News to 12 issues per year. It was suggested that a letter be sent to all Granges explaining why this change has not been made, due to existing outstanding contracts for publishing and with advertisers, and with necessary postal reclassification which is very time consuming could be costly. It was estimated that it would be more costly to change, than to continue with the 20 issues per year, at least until contract expires.

Committee recommended collection letters be sent to California Grange News delinquent accounts, and that commencing July 1, 1979 1½% interest per month be charged on overdue accounts.

State Master reported he had received confirmation from William Steel, National Grange Youth Director, stating that inasmuch as Dan Andrews, Outstanding Young Granger is getting married, the runner-up, Stanley Laughlin, would be eligible for National competition, providing he meets all other State qualifications.

Request from Outstanding Young Grangers to attend Washington and Oregon State sessions. Motion by Brother Austin, seconded by Brother Piper, that Patty Brooke and Stanley Laughlin be given permission to attend Washington and Oregon State conventions. Motion carried.

Motion by Brother Austin, seconded by Brother Piper, that the request to attend Region 1 Camp, by Gunnor and Mary Erickson, State Youth Directors, be approved. Motion carried.

Motion by Brother Piper, seconded by Brother Austin, that payment of \$343.00 representing members obtained for quarter ending March 31, 1979, under direction of Joy Beatie, CWA Director, be approved. Motion carried.

Discussion relating to reprinting of Grange Cook Book, or the printing of a new cook book. No action taken at this time;

it was suggested the CWA Directors make a recommendation as to their choice.

State Master Koster reported he followed the Committee's directive of April 17 and had purchased a new Grange car . . . a 1979 Granada at a reduced price of \$7,000, with a trade-in allowance of \$800.00 for the 1976 LTD which was becoming an expense to operate due to its high mileage. Motion by Brother Piper, seconded by Brother Austin, the purchase of 1979 Ford Granada be approved. Motion carried.

The 1979 Peter Marinoff and Doris Deaver Memorial Scholarships were judged. Recipient of the Peter Marinoff Scholarship of \$500.00 was Craig Blewett. There was a tie in the Doris Deaver Scholarship. Motion by Brother Austin, seconded by Brother Piper, that in view of the tie between Nancy Reed and Deborah Stilwell, \$500.00 be awarded to each student. Motion carried.

Future Farmers of America letter relating to California Future Farmer newsletter/magazine was read and discussed. Due to their need for public or organizational support, a motion was made by Brother Austin, seconded by Brother Piper, that we participate in an ad of approximately 2 x 3", in all four regions, for a period of one year, at an approximate cost of \$500.00, on condition the FFA magazine is successful. Motion carried.

American Family Life Assurance Co. of Columbus letter relating to Cancer Care Program was read and discussed. No action taken.

Discussion on bids received for sale of Vega Hatch Back. Motion by Brother Piper, seconded by Brother Austin, that due to the low bids received we retain the Vega at the present time and the matter of selling the Hatch Back be reconsidered at some future date. Motion carried.

Motion by Brother Austin, seconded by Brother Piper, that State Government Code books relating to laws covering the subjects Food and Agriculture, Water, Health & Safety and Government be purchased, for library reference, at a cost of approximately \$322.30. Motion carried.

The matter of organizing a Grange in Mariposa County was discussed, resulting from a conversation with Deputy Walker of San Luis Obispo. It was approved that Deputy Walker be allowed to proceed on a per diem and expense basis, to survey the area to determine whether there is a possibility of organizing a Grange in Mariposa County.

Discussed the parking lot problem.

Next Executive Committee meeting date to be decided at a later date.

There being no further business, the meeting adjourned at 11:00 p.m.

MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE MEETING

June 26, 1979

The California State Grange Executive Committee met at the Sheraton Inn, Room 220, in Fresno.

In addition to State Master Koster, there were present: Committee members Lloyd Piper, David Austin, Overseer Harry Schmidt and State Secretary Marjorie Brown. Committeeman S. E. "Dick" Rafter was unable to attend.

By motion of Brother Austin, seconded by Brother Piper, the minutes of the May 23, 1979 meeting were approved as read. Motion carried.

May 31, 1979 budget report reviewed and discussed.

State Secretary Marjorie Brown reported on membership and stated we may lose three Junior Granges.

Letter received from Sacramento County C.W.A. Secretary was read, requesting financial aid from State Grange to help purchase a new stove for Wisteria Hall.

Letter received from Sacramento County C.W.A. Chairman stating the Wisteria Hall stove is in good condition and that Pomona Grange felt a steam cleaning is all it needed. No action taken by Committee on either letter.

Letter received from Ohio State Grange concerning taxing unrelated income such as tours, advertising, etc. was reviewed and discussed.

State Master reported the Grangers Business Organization had leased 15 parking spaces from the Valley Land Agents, across the street from headquarters, and that the State Grange tenants would be parking in this area, leaving the headquarters lot for State Grange, G.B.O. and customer parking. Committee approved having "restricted parking" signs and designated parking spaces at headquarters.

Motion by Brother Piper, seconded by Brother Austin that Master be authorized to do whatever is necessary to repair sprinkling system and ground maintenance at State Grange headquarters. Motion carried.

State Master reported the Legislature would soon recess, and he felt this might be a good time to send Peter Lindbeck to Lassen County, as there might be a possibility of organizing another Grange in that area. Committee agreed.

Discussed the General Ledger/Double Entry Pegboard Accounting system recommended by Pfanner & Tate Accountancy Corporation, C.P.A. The new system will become effective with start of fiscal year July 1, 1979.

State Master reported on 1980 Riverside convention site. He stated there were sufficient rooms for banquets, committees, and large conference rooms available. Stage hands and lighting will be furnished by convention bureau, and the all inclusive cost to the California State Grange would be \$600.00 per day.

Motion by Brother Austin, seconded by Brother Piper that the Riverside Convention proposal of \$600.00 per day be accepted. Motion carried.

Discussed the 1979 Redding convention. State Master stated it may be necessary to call in one or two committees a day earlier. He also stated he is appointing a Constitution and By-Laws Committee to update present Constitution and By-Laws to comply with the National Grange Digest. Some ideas were expressed relating to press coverage, "Welcome Grangers" banners for the annual session.

Motion by Brother Austin, seconded by Brother Piper, that we accept estimate of \$1,500 to \$2,000 proposal submitted by Pfanner & Tate Accountancy Corporation for examination and audit of the California State Grange financial statements for the year ended June 30, 1979. Motion carried.

Committee discussed Grange Day at the Fair and agreed we try to arrange to have Grange Day on Senior Citizens Day.

Briefing sheet submitted by Advertising Development Systems relating to cost of changing the Grange News from 20 issues to 12 issues was reviewed and discussed.

Master Koster referred to resolution adopted at 1978 session relating to issuing 12 issues of California Grange News. It was his opinion we should send letter to all Granges informing them we are aware of resolution passed and explain reason why the Grange News issues have not been reduced; due to outstanding contracts with advertisers and publishers, and other complicated and possible costly postal requirements need to make the change.

Committee agreed State Master should draft letter relating to resolution concerning Grange News and then send draft to the Executive Committee for comment.

Joy Beatie, CWA Director, submitted statement of Cash Receipts and Cash Disbursements for 7½ month period, ending June 15, 1979. She also discussed printing of a new cook book and expressed some ideas about a contest to find a name for the new cook book. The Committee approved that she mail a letter to CWA Chairman relating to cook book name and recipes. Committee also suggested Sister Beatie secure cost of printing new cook book, etc. and report at next meeting for consideration.

State Master Koster reported Karen Andersen a member of the National Grange Deaf Program requested a Statewide Committee be appointed to implement the National Grange Sign Language Programs in various regions. Committee would probably meet only once a year.

Motion by Brother Piper, seconded by Brother Austin, that the State Master be authorized to appoint a Grange Deaf Program Committee. Motion carried.

Discussed the list of California Grange News delinquent accounts.

There being no further business, the meeting adjourned at 11:30 p.m.

MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE MEETING

August 7, 1979

The Executive Committee meeting was held at the Sheraton Inn, Fresno, Ca.

The meeting was called to order at 7:45 p.m. by State Master.

Roll call showed Committee members Lloyd Piper, David Austin, and S. E. "Dick" Rafter present. Also attending were Harry Schmidt, Overseer.

The minutes of the June 26, 1979 meeting were approved as read.

Contract for 1980 Riverside convention, October 20-24, was reviewed and discussed. Motion by Brother Piper, seconded by Brother Rafter that the Raincross Square, City of Riverside, contract be signed and the \$750.00 deposit be paid prior to February 1, 1980. Motion carried.

Budget report was reviewed and discussed.

State Secretary Marjorie Brown absent due to vacation. Written report was submitted indicating a slight loss of members for the June 30th quarter.

State Master reported the Fall River Grange No. 422 sale of hall is consumated and the California State Grange, as trustees, has Note of \$20,000.00 payable at 8½% interest, \$3,000 has been invested in a Certificate bearing 8¼% interest, and the balance invested in share account in the Sacramento County Grange Federal Credit Union.

State Master and Executive Committee members reviewed and signed letter which is to be mailed to all Pomona and Subordinate Masters relating to Resolution No. 27 concerning the California Grange News.

Letter received from Patty Brooke, Chairman-Teen Section, relating to financing of Youth Night activities at the State session was discussed. Committeeman David Austin to explain procedure when he attends Camp Cambria. Committee approved an advance of \$40.00 to Patty Brooke for Camp Cambria expenses.

Letter from Kingsburg Grange No. 679 relating to Mexican-American Neighbor Act of 1979 was read and discussed. Committee members authorized State Master to write letter to Kingsburg Grange advising the California State Grange will give consideration to Senator S. I. Hayakawa's bill to restore bracero labor.

Workman's Compensation premium dividend was discussed. Motion by Brother Piper, seconded by Brother Rafter, that the California State Grange retain 10% of the Workman's Compensation premium dividend for administrative purposes. Motion carried.

Motion by Brother Rafter, seconded by Brother Piper, that the State office cooperate with the request of Sacramento Municipal Utility District to help conserve energy, and that effective July 23rd through October 1, 1979 the office hours be changed from 8:30 to 5 to 7:30 a.m. to 4:00 p.m. Motion carried.

Committee members approved selection of Interim Constitution and By-Laws Committee appointed by State Master.

Letter from Joy Beatie, State CWA Director, was read and discussed. Motion by Brother Rafter, seconded by Brother Piper that Sister Beatie be authorized to proceed with the printing of the new cook book by Majestic Pub. Co., Inc. in Woodland. Motion carried.

Kemper Insurance Association inquiry relating to providing coverage for members over 65 years of age discussed. No action taken.

Motion by Brother Rafter, seconded by Brother Piper, that the parking spaces be designated and painted. Motion carried.

Next Executive Committee meeting to be held Tuesday, September 11, at Sheraton Inn, Fresno.

There being no further business, the meeting adjourned at 11:30 p.m.

MINUTES OF THE CALIFORNIA STATE GRANGE EXECUTIVE COMMITTEE MEETING

September 11, 1979

The Executive Committee meeting was held in Fresno at the Sheraton Inn and was called to order at 7:40 p.m. by State Master Koster.

Roll call showed Committee members Piper, Rafter and Austin present; including Overseer Harry Schmidt and Secretary Marjorie Brown.

Motion by Brother Austin, seconded by Brother Rafter, that the minutes of the August 7, 1979 meeting be approved as corrected. Motion carried.

State Secretary reported on membership for June 30, 1979 quarter. Following discussion, it was moved by Brother Piper, seconded by Brother Rafter, that certificates be awarded to all Granges having a membership gain of 10% or over during the fiscal membership year. Motion carried.

Membership Chairman Marjorie Brown discussed some cash incentive programs for the 1979-80 membership year. No action taken.

After discussion of the hazards on parking lot and sidewalk, it was moved by Brother Piper, seconded by Brother Austin, that the Master be authorized to secure estimates on making the necessary repairs and report at the next Executive Committee meeting. Motion carried.

The proposed Constitution and By-Laws changes as submitted by the Constitution and By-Laws Interim Committee were reviewed in detail. The Committee modified the proposed By-Laws changes:

Article II, Section 2 (new article), page 10

Strike out the words "are to" and substitute the word "may"; and add "semi-" between the words "paid monthly".

Article III, page 12, line 4

Insert the word "the" before the word "duty".

Section 8, page 20, line 17

The word "alternate" was inserted before the word "delegates".

The Committee also suggested 2 minor typographical errors be corrected in the Constitution:

Article III, Section 1, page 2, line 8

Capitalize the "O" in the word "order".

Article IV, page 4, line 3

Correct the word "day" to "days".

Motion by Brother Rafter, seconded by Brother Piper, that the Constitution and By-Laws changes as proposed by the Constitution and By-Laws Interim Committee be approved as amended, and that the proposed changes be mailed to all Pomona and Subordinate Masters one month prior to State Session. Motion carried.

The State Master discussed liability insurance for the Redding convention and suggested that Bob Clouse, the local agent of Grange Insurance Association, be authorized to write the liability coverage. The Committee concurred.

State Master Koster suggested some changes in the City of Redding contract relating to the Civic Auditorium Rental Agreement recommending that the closing hours on Monday and Friday be changed from 11:00 p.m. to 12:00 p.m. on those dates, due to more time needed to prepare for the Lecturer's program and possibility that the session may not be able to close by 11:00 p.m. on Friday.

Motion by Brother Piper, seconded by Brother Austin that the Master be authorized to sign the 1979 Redding Civic Auditorium Rental Agreement, as amended. Motion carried.

The State Master reported on a meeting in Redding, accompanied by Sister Koster and Mary Wendt, to clear up some problems with reservations and making arrangements with Press Room to reproduce supplemental resolutions, and to work out details with Ron Heuer, Civic Auditorium Convention Coordinator; Convention Chairman Waldo Haley and Marie Haley; Co-Chairman Arthur Beatie and C.W.A. State Director Joy Beatie.

In reviewing the minutes in the 1978 Journal of Proceedings, it was noted by Brother Rafter that page 73, last paragraph reads:

"Motion by Brother Rafter, seconded by Brother Piper, that the State Master's annual salary be increased to \$12,000.00 effective December 1, 1977. Motion carried."

Brother Rafter stated this should be clarified by explaining the reason for increasing the Master's salary was based on Good of the Order Resolution No. 19 adopted by the Delegate body at the 1976 Eureka convention, which reads:

"Master's Salary"

Good of the Order Committee Resolution

Whereas: The California State Grange Master has not received an increase in salary since 1960, and

Whereas: Since the cost of living has more than doubled in that period of time,

Therefore, Be It Resolved, that the California State Grange Executive Committee bring the Master's salary up to a comparative average with other West Coast State Masters."

Also, Brother Rafter referred to page 75, second paragraph from bottom, which reads:

"Secretary Brown presented Constitution and By-Laws changes to be inserted in Digest."

Brother Rafter stated:

the word "Digest" should be "Constitution and By-Laws"

and that his comment was in reference to page 10, section 5, of the By-Laws (1974 edition) relating to the language

"the Executive Committee shall meet on Monday preceeding the meeting of the State Grange"

Brother Rafter stated that this would then require the Executive Committee to meet a week prior to the opening of the convention since the California State Grange was scheduling its convention to opening on Monday, and this section would require amending by the delegate body at the 1978 session.

C.W.A. Statement of Receipts and Disbursements for fiscal year ending June 30, 1979 prepared by Joy Beatie, CWA Director, was reviewed and comment was made on the excellent form of accounting.

The 1979-80 proposed budget as prepared by Brother Rafter and the State Master was reviewed in detail, item by item, and with minor modification was acceptable, after which it was moved by Brother Austin, seconded by Brother Piper, the proposed budget be approved as amended, with the recommendation that the proposed budget be approved by the delegate body. Motion carried.

Motion by Brother Austin, seconded by Brother Rafter, that an advance of \$694.11 payable to Washington State Grange, as requested by John Squire for the purchase of an additional 105 Grange belt buckles, be granted. Motion carried.

The State Master indicated that some committees and regional directors may need to be at the convention site on Sunday and recommended that they be entitled to an extra day's compensation for allowable expenses during the session. The recommendation was approved with the suggestion that the State Master submit list of names of those entitled to the extra days.

The meeting was adjourned at 12:30 a.m. to reconvene on the Monday preceeding the opening of the State Grange session.

DEPUTY REPORTS

ANTELOPE VALLEY

Worthy Master, Officers and Members of the California State Grange:

Another busy year has flown by, Grange activities have been numerous and I hope enjoyed by all. All four degrees have been exemplified three times and the fifth degree once in our area, all degrees had a good turnout of candidates.

Our newest Grange, "Airport" is growing in members, as are most of the Subordinates in our area. We are confident this trend will continue.

The annual Booster Night was well attended by many dignitaries. Those that had other commitments has their representatives present. This event is always enjoyed by Grange members and their guests.

Fraternally submitted,
Hugo V. Wild, Deputy

EAST BUTTE COUNTY

Worthy Master, State Officers, Delegates, Brothers and Sisters:

It's again a pleasure for me to report on the activities of the six Granges in East Butte County. They are all very busy: improving their halls and taking part in community activities and striving for more new members. The total gain for the six Granges this year, Sept. 30th, 1978 to Sept. 30th, 1979, was 10 new members, making a total of 1751 for East Butte County. A very small gain, but still in the blue. Last year this date 1741.

All the C.W.A.'s are very active with their many projects.

Butte Pomona No. 16 Degree Team put on the 5th Degree twice this year, April and September. Also put on the 5th Degree for Red Bluff, Westside Grange Hall, September the 10th. Also gave two new scholarships this year.

Our Credit Union is coming along very nicely. We built our own office this year and moved in September 1st.

G.B.O. business is still good in Butte County.

Berry Creek Grange No. 694 painted their hall and overhauled the kitchen and dining room. Concow No. 735—new flooring in kitchen and painted hall. Mountain Springs No. 754 did their bath rooms over and put in safety flood lights. Thermalito No. 729 paved parking lot. Also put in flood lights. Wyandotte No. 495 did their hall all over, including drapes and flood lights. Palermo No. 493 sponsored Fireman's parade, and took over old fire hall and overhauled it for a community building for the park.

We attended two Booster Nights which were well attended and programs were very good.

Fraternally submitted,
Leonard Hendricks, Deputy

WEST BUTTE COUNTY

Worthy Master, Officers and Members of California State Grange:

Again it is time to report for the six Granges in West Butte County. They have all been active and some gaining in membership but have been losing, also at last report we have a small net loss. Everything has been done that we know how to reverse this trend. Some have dropped on account of dues raise, some that never attend anyway decided they no longer need to belong so dropped on receiving dues notice. We have taken in several young couples but cannot get them to attend and take over to keep the Grange going for the benefits they join for.

DeSable has their new hall finished and are very proud of it and working hard to pay off their debt on it. They have been growing as it is more of a retirement spot and they want something to keep busy.

Paradise has not gotten their hall repaired after the fire which destroyed most of the inside. They are trying to add to it but have run into trouble with the planning commission so has slowed them down.

Gridley has made improvements on their hall and have gained in membership, they have a drill team and all enjoy practicing on new drills.

Chico is working towards a new floor in their meeting hall, they have lost a few since their raise in dues.

Durham, Paradise and Biggs have lost a few also.

All have been holding regular meetings. I have not visited as much as I would like to on account of the gas problem.

Fraternally submitted,
Justus Borchers, Deputy

COLUSA - YOLO COUNTIES

Worthy State Master, State Secretary, Delegates and Members of the California State Grange:

This is the first report I have made as a Deputy.

Our County Granges on a whole have grown in membership this year. Williams Grange has shown a gain of 89 members. They meet twice a month. One meeting is for business and the other social. This helps keep the members interested in the Grange. Maxwell Grange is inactive. Stonyford Grange is located in a very small community and they do have attendance problems in the cold months. They now have a Grange hall and hope to remodel and weather proof it. This should help generate a new interest for the members.

Yolo Grange also has attendance problems but they are very interested in the youth and we hope this will encourage growth. Western Yolo has been very active and holding their own in membership. We raise money throughout the year but

out biggest event of the year is the annual Capay Valley Almond Festival. The members put on a dinner and also sell almond rocca which earns over \$600 a year. Many improvements have been made to the hall with the Grange ladies help. Western Yolo also gives a \$100.00 scholarship to a local student annually.

Colusa-Yolo Pomona meets every two months and membership is growing.

We attend the County Grange meeting as often as possible and participate in all Grange activities in our area.

Fraternally submitted,

Frank Nichols, Deputy

FRESNO - MADERN COUNTIES

Worthy Master, Officers and Members of the California State Grange:

I bring you Greetings from the Fresno-Madera Pomona and Fourteen Subordinates.

The Granges in these counties are holding their own in membership, gaining some and losing some.

Fresno County has two Junior Granges, the Riverdale Juniors are very active and have made much progress under the leadership of their Matron Ann Larson. They are an Honor Grange.

The Subordinate Granges are giving Scholarships and doing Community work. The Fowler Grange gave \$100.00 to the State FFA and another \$100.00 to the local FFA.

Enchilada dinners, Breakfasts, dinners are all being held.

Our Pomona CWA has strong leadership and is doing fine.

Ruth and I want to thank all the Granges for their invitations and cooperation.

Best wishes for a successful 107th convention.

Fraternally submitted,

Harold C. Harding, Deputy

NORTH HUMBOLDT COUNTY

Worthy State Master, Officers and Members of the California State Grange:

Again it is time to make a report for the Northern Humboldt Granges.

One of the most significant changes for North Humboldt Grangers as well as Grangers in Southern Humboldt and Del Norte counties is the consolidation of the Humboldt Del Norte Grangers Federal Credit Union and the Coast Federal Credit Union which will be called "COAST CENTRAL CREDIT UNION" which is State chartered. With this consolidation, Grangers will have the availability to an interest bearing share draft account as well as the usual savings and also being able to obtain loans.

Notary service and Travelers checks are available without cost to the share holders. This merger makes available offices in Arcata, Crescent City as well as the Main office in Eureka.

Overall Grange membership is about the same in Northern Humboldt with some Granges reporting gains and some reporting losses.

Five of the Subordinate Granges held breakfasts at least one Sunday a month. This has been the principle fund raiser for the Granges. Some Granges rent their halls to dance clubs and for other activities on a regular basis.

The Committee of Womens Activities at the Subordinate and Pomona levels should be complimented for their efforts to help with local and State projects. They are presently working towards a fund for the deaf.

Sister June and I wish to extend our best wishes for a successful 107th annual convention in Redding.

Fraternally submitted,
Erwin Fredrickson, Deputy

LAKE COUNTY

Worthy California State Grange Master Edwin Koster and Edna and to Officers and Members of the California State Grange:

Mrs. Boardman and I extend Greetings—

The 1979 Grange year again proved successful for Lake County. A report from the National Membership Chairman showed Lake County with a net gain of 127 members from July 1, 1978 to June 30, 1979. We should all be proud of our efforts, and the new members should be happy to be included in our fellowship.

Once again one of our young people won both the Grange Insurance Scholarship and the Doris Deaver Memorial Scholarship. Congratulations to Debbis Stillwell of Bachelor Valley Grange.

All seven (7) of our Subordinate Granges and Pomona Grange No. 43 have conducted elections for 1980. Some of our incumbents were re-elected and several were elected for their first Grange office. We feel that Lake County is fortunate in having good officer material.

No organization can have smooth sailing all of the time and Lake County Granges are no exception. We had a few trouble spots causing unnecessary tension, however we applied the old standby of "give a calf enough rope and it will hang itself". These trouble spots *did* very effectively eliminate themselves! We are now looking forward to a successful and productive 1980 Grange year.

We hope to see most of you in Redding.

Fraternally submitted,
Lester Boardman, Deputy

LOS ANGELES COUNTY

Worthy Master, Delegates, Brothers and Sisters:

It is a pleasure to report that Los Angeles County Granges have had a very good year.

All Subordinates and Pomona had an officers instruction early in the year, with a good attendance.

The three Subordinates and the Seventh Degree Club put on the four degrees, Los Angeles County Pomona put on the fifth degree. All were very well done.

All Granges had Guest Officer's Night, with interesting lectures programs.

We had a net gain in membership in our area.

Fair Valley Grange hosted the Worthy State Master, Brother Koster at a very interesting meeting.

San Dimas Grange gave a National Community Service Award to the La Verne Fire Dept. Reserve at a fire safety demonstration, open to the public.

All the Subordinates and the Pomona participated in the Los Angeles County Fair. Ranchito Grange won first place, as well as sweepstakes for featurettes, all were beautiful.

Our Credit Union is growing and doing very well.

My congratulations to the Ranchito Grange Installing team, for again doing an excellent job under the direction of George Stinebaugh.

It has been a pleasure to attend my Subordinates and Pomona Grange this year. People make the Grange and the people in my area are great.

Best wishes for a successful 107th convention.

Fraternally submitted,
Howard Wagner Deputy

MENDOCINO COUNTY

Worthy Master and Officers of the California State Grange, and National Officers attending our Annual Meeting:

I am happy to assist in doing what I can to further the efforts of a great organization such as the Grange this past year. Some times we feel we should have done more, always hoping to assist in more work.

Again I want to extend our greetings from our eleven Subordinate Granges and Pomona Grange No. 10.

Our county fair is held the last week of September, and several Granges take part, Food booths and Feature booths.

Sister Delphene and I wish to thank the Granges for the courtesies extended to us the past year.

Some of the Granges have conferred all four of the degrees several times this year, Pomona degree has been conferred three times to date this year, and we assisted in all five of the degrees.

We have not traveled as much to the eleven Granges this year as it is from 100 to 130 miles round trip for five of the Granges in this county.

Our Credit Union is growing gradually, with the office in Ukiah Autumn Leaves, East Gobbi Street with \$210,000 in assets.

A leadership conference was held in the spring with a joint meeting of Lake and Mendocino counties, which was well attended.

One of our older Granges will celebrate their 106th birthday this November.

A Grange picnic is sponsored by our Pomona Grange No. 10 each year. It will be at the Fort Bragg picnic area in July 1980. There will be room for campers and trailers and a cook out the night before.

Of the eleven Granges all but one owns their own hall and continue to remodel and improve their halls and serve their community as much as possible.

Sister Burke and I continue to install our Pomona and most all the Subordinate Granges. We have a wonderful installing team which is very faithful and we appreciate their efforts. Hope to see lots of you Grangers at the coming Annual Meeting in Redding.

Fraternally submitted,
Arthur F. Burke, Deputy

MOJAVE VALLEY

Worthy Master, Officers, and Members of the California State Grange:

Sister Agnes joins me in sending greetings from Mojave Valley Granges. I make this report with mixed emotions. Happy for two reasons: (1) the continued membership gain, (2) the community betterment and respect of the communities for their Granges. Sad because after having had the pleasure of serving the Grange for so many years I have tendered my resignation as District Deputy to Master Koster.

I am happy to report the Granges are making a good overall gain again. I had the pleasure and privilege of obligating twenty four new members into one Grange the same evening.

The Granges gave good support to the County Fair and several were rewarded for their efforts by prizes given by the Fair.

I am happy to report that the Granges have taken as one of their projects the helping of the F.F.A. and 4-H through our Pomona Grange. The Grange gave a buyers breakfast, during the County Fair, to create enthusiasm for F.F.A. stock auction and also repaired their portable scales. Cards were sent to prospective buyers by the Grange. The Granges have helped in many other ways namely: scholarships, community dinners, fellowship nights etc.

The Grange Credit Union has again been most successful gaining in assets with over \$500,000. The Credit Union and Insurance are housed in the same building and between them

are serving the Granges well to increase membership and aid financially.

With good wishes for a successful and fruitful 107th State Convention in Redding.

Fraternally submitted,
Lester E. Wendt, Deputy

NORTHERN MONTEREY COUNTY

Worthy Master, Officers and Members of the California State Grange:

It is a pleasure for me to report on the Granges activity of Northern Monterey County. The Granges have been busy this year, many Grange halls are rented for community activity, plus fund raising projects to pay their expenses. Pomona Grange had a beef dinner with the Subordinate Granges participating to send delegates to the State Convention.

There has been a small increase in some Granges and a loss in others. The Grim Reaper takes his share every year.

The Credit Union continues to serve the members well.

Best wishes for 107th Annual Convention State Grange Convention in Redding.

Fraternally submitted,
Clesson Buhler, Deputy

ORANGE COUNTY

Worthy State Master, Officers of the California State Grange, Delegates and Fellow Deputies:

It is a pleasure to be in Redding for our Annual Session in surroundings we all enjoy.

Membership has escaped Orange County again this year. Even with greater effort from our members to keep membership on an even keel, our losses have been greater than any gains made during the year. Many of our younger members live outside the immediate area and cannot help support Grange activities, but Grange benefits do keep them in our membership for support.

We were honored this year when our State Master, Bro. Koster and Sister Edna attended a First and Second Degree night at Costa Mesa Grange No. 612 with Garden Grove No. 613 and Wintersburg No. 583 Granges in support.

Again, C.W.A.'s under Dollie Cook, activities have again supported Subordinate and Pomona Granges with breakfasts, rummage sales, dinners and community services.

A recognition award was presented to the LaHabra FFA Chapter by the LaHabra Grange No. 622 again this year.

To Arnold and Rosemary Hansen the 11th Regional Youth Directors, our appreciation for another great annual Youth Breakfast.

Garden Grove No. 613, Costa Mesa No. 612 and Wintersburg No. 583 Granges entered the Orange County Fair winning 1st, 2nd and 3rd places respectively with a total of \$975

in premiums. The Orange County Pomona No. 36 entered the Los Angeles County Fair, winning a 1st place and \$813 in premiums.

Thanks you for your support and welcome to Orange County.

Fraternally submitted,
Stephen M. Tait, Deputy

RIVERSIDE COUNTY

Worthy Master, Officers, and Members of California State Grange:

The Granges of Riverside County have been active in the various Grange programs during the past year.

Riverside County Pomona Grange has been very active with Subordinate Granges in raising finances to promote the 1980 California State Grange at Riverside.

We have a slight overall gain in membership. The C.W.A. has been very active with their usual projects, Nuevo-Lakeview Grange awarded a \$150.00 scholarship to a worthy High School student, \$150.00 to American Field Service, and \$4,500 to R.I.F. (Reading Is Fundamental), and gave a sewing machine to Panthers 4-H Club.

Golden Poppy Grange awarded two scholarships to students of Beaumont High School, one scholarship to a student of Banning High School. They do repairs for widows and Senior Citizens, volunteer work at local hospital and Veterans Hospital, award trophies and judge participants in Stage Coach Days Community Fair and Parade. They are working with other Civic and Service Clubs for a Community Center with Fair Grounds, and picnic area for the Banning and Beaumont area. They also have an active Junior Grange, and sponsor a youth and young married group.

Rubidoux Grange reports for community service projects \$100.00 High School scholarship, \$100.00 to Mountain Rescue Unit, \$10.00 to Care and \$10.00 to Meals for Millions. At recent Smorgasbord Dinner netted \$159.59 which will go to Community projects.

Norco Grange had a Food Booth at Chamber of Commerce sponsored Norco Valley Fair thus participating with Civic Groups to make the Fair a success. We again had the pleasure of installing the Officers of nine Subordinate Granges and Riverside County Pomona Grange.

Myrtle and I extend our best wishes for a most successful 107th session of the California State Grange at Redding.

Fraternally submitted,
Harleigh Gallup, Deputy

SAN BERNARDINO COUNTY

Worthy State Master, State Officers and Members:

The all-over membership picture in San Bernardino County looks good. Some of the Granges have had a slight loss but others have made up for that loss by showing a gain in membership.

It is always a great pleasure to welcome a new Grange into our fold. On July 23, Hi-Desert Grange No. 821 in Yucca Valley was organized with 42 members on the Charter list. Worthy State Master, Edwin Koster installed the officers.

Now we are making plans to organize a new Pomona.

Early this year I held "Schools of Instruction" for the officers in each of the Subordinate Granges. They were very well received and the members have asked that it be done in that manner again this next year.

Officer's Guest Nights are held to promote good-will among other Granges. Each year the Pomona Grange has a picnic held for a similar purpose. Most of the Granges presented Community Night Programs, which give non-Grangers an opportunity to see what the Grange is all about.

San Bernardino County Pomona Grange No. 32 was given a plaque for having entered a booth in the Los Angeles County Fair for the 15th year. They entered again this year and received Third Place.

In closing, I want to again express my appreciation for the Deputy's Sash purchased by San Bernardino County Pomona No. 32.

Thanks for all the courtesies extended to Christine and me this past year.

Best wishes for a successful 107th Session of the California State Grange at Redding.

Fraternally submitted,
Byron Kearne, Deputy

SAN DIEGO COUNTY

Worthy State Master, State Officers and Members of the California State Grange:

As the 107th Session of the California State Grange draws near, we of San Diego County wish you a most successful Convention.

We have had a very satisfying year as a whole, but a few things are causing all of us considerable concern, the main one being a Grange that is having a very tough time trying to survive. We Grangers as a group are attending their meetings and trying our best to get them back on their feet again.

Even with the gas shortage I have managed to visit all Granges, some of them twice, and also attend many social functions. I have maintained contact with all Grangers on important matters by writing a monthly article in our County Paper, the Grange Messenger.

Our Pomona Master and Lecturer also contribute an interesting and enlightening article each month.

I feel we have accomplished a lot of our goals the last year, but our potential as a leading force in our community has not in any way reached its peak. We have added the California Eye Care Program to our Membership benefits in the last year, and feel this should stimulate some membership growth.

Geraldine "Dean" and I wish to think all of our County Grangers for the courtesies extended to us throughout the past year.

Fraternally submitted,
Fred Metzger, Deputy

SAN JOAQUIN - CALAVERAS COUNTIES

Worthy State Master, Officers and Members of the California State Grange:

It is my pleasure to bring you greetings from San Joaquin and Calaveras Pomona Granges and its nine Subordinate Granges.

In 1979 some of our Subordinate Granges had an increase in membership and others had losses. Attendance at the Subordinate meetings are not what they should be. Attendance at Pomona meetings has been good. We are all hoping attendance picks up after harvest.

My wife, Joyce, and I attended all our Pomona Grange meetings and also our Subordinate Grange meetings. We visited all the Subordinate Granges in our area and were welcomed at all of them. We hope they are not tired of seeing so much of us.

Pomona had a booth at the County Fair and came in second. Pomona also put on the 5th Degree for some new members. Many of the Subordinate Granges gave Scholarships to High School Seniors. Our Credit Union continues to grow. It had its 2500th member two months ago.

Sister Luis and I won't be at the Convention in Redding this year and we will miss seeing all of our friends and participating in the Convention. We want to wish the California State Grange a successful 1979 Session in Redding.

Fraternally submitted,
Manuel J. Luis, Deputy

SAN LUIS OBISPO COUNTY

Worthy Master, Officers and Members of the California State Grange:

It is always a pleasure to bring you greetings from the Granges of San Luis Obispo County.

For a good many years, the California State Grange Youth have held their Easter Conference here at Cal Poly. This year was no exception and the event was a success.

Most of the Granges in the county won ribbons on their booths at the fair.

Some of the Granges gave scholarships to eligible High School students.

Some Granges join in for the Installation, others want it done at their own Granges.

Our Credit Union is still growing and serving our members well.

We were at Redding in 1972 and had a successful Session. Back in 1979, Sister Walker and I wish the California State Grange another successful session.

Fraternally submitted,
Gerald Walker, Deputy

SHASTA COUNTY

Worthy State Master, Officers, and Members of the California State Grange:

It is with great pleasure that I bring you greetings from the Pomona and 13 Subordinate Granges in Shasta County.

This year has been a very rewarding year with a tremendous amount of cooperation and hard work preparing for this 107th Annual California State Grange convention.

This year the Pomona and three Subordinate Granges showed an increase in membership. The other ten Granges, I am sorry to say, had a decrease. So, over all, we ended with a decrease in Shasta County.

I had the privilege of visiting and meeting with most of the active Granges in the county.

The Granges of Shasta County welcome each and everyone to the 107th Annual California State Grange convention in Redding. Thanks to all for their support and hard work.

Fraternally submitted,
Waldo Haley, Deputy

STANISLAUS - TUOLUMNE COUNTIES

Worthy Master, Officers and Members of the California State Grange:

I would like to take this opportunity to bring you greetings from Pomona Grange and the 13 Subordinate Granges of Stanislaus and Tuolumne Counties.

Our Pomona donated \$500.00 to the Norman W. Ross Horticultural Foundation. The foundation will fund research on fruit, and nuts and promote educational programs in Agricultural Education Extension.

Ceres, Shiloh and Waterford Granges had a Grange booth at the Stanislaus County Fair. Each placed first in their own category. The Stanislaus young marrieds also had two booths at the county fair. They won first and second place.

Some of our Granges have given scholarships to high school students of their district. Our Pomona C.W.A. gave two scholarships. The Pomona C.W.A. and various C.W.A.'s also

have been busy with bazaars, dinners, breakfasts and other money making projects for their Granges and C.W.A.

It was a pleasure to go to Gratton Grange to install their officers.

Sister Elsie and I are looking forward to meeting our Grange friends and enjoying a successful convention in Redding this year.

Fraternally submitted,
John Espinola, Deputy

TEHAMA COUNTY

Worthy State Master, State Officers, and Members of the California State Grange:

I again bring you greetings from the Pomona and the eight Subordinate Granges in Tehama County.

Serving as Tehama County Deputy is always a pleasure because of the excellent fellowship in our Granges.

Our Committee of Women's Activities have been active in their Granges during the year preparing anniversary, public dinners, rummage sales and other activities to assist their Granges. All the Granges have been busy in promoting various community activities.

It is with great pleasure that I am happy to report that Manton Grange has their own Grange building started, with only the inside finish work to be completed. They are holding many fund raising projects to raise money necessary to finish their building.

The El Camino Junior Grange was reactivated in May.

Our 27th Annual Grange Day and Public Barbecue was successful through the cooperation of all the Granges and the hard work of the various committees.

The Tehama Grange Federal Credit Union has continued to grow and is well received by our Grangers.

Sister Lois and I wish to thank the Granges for their wonderful hospitality shown us during the past year.

Best wishes for a successful 107th session of the California State Grange in Redding.

Fraternally submitted,
Ernest E. White, Deputy

TRINITY COUNTY

Worthy Master, Officers and Members of the California State Grange:

This report brings greetings from the Pomona and five Subordinate Granges of Trinity County.

The Granges in our county were again asked to judge the theme for our 1979 county fair which is held in Hayfork. The theme selected "Mother Nature's Roundup" allowed a wide variety of displays to tie in with the theme. Hayfork Valley Grange won 2nd place for their display. Hayfork Valley CWA won 2nd place and North Fork CWA won 3rd place in their

division. We have been asked to select the theme for the 1980 fair.

Zenia Grange hosted their 6th annual 4th of July picnic with an attendance of more than 200. Hayfork Valley Grange made a quilt and raffled it off, had booths at both the Spring Festival and County Fair, made lap robes for the rest home and a pot luck for Grange Week. Gave trophies to Honor Students at Hayfork High and Grammar Schools as well as Hyampob School and gave a Christmas party and dinner with Senior Citizens of Trinity County as guests.

Trinity Valley No. 618 had numerous pot lucks, hosted a dinner for Vista McKnight who is a Past Master and diligent CWA worker as well as president of our Credit Union. Hosted the 21st annual Grange barbecue of which proceeds go to the scholarship fund.

North Fork Grange No. 763 conducted their annual Fancy Fair, several pancake breakfasts, bingo games and conferred the 3rd and 4th degrees in full form with their degree team.

Trinity River Grange had their traditional fishpole raffle and several potlucks.

The Granges in Trinity County will enjoy an increase in membership this year of 1979 and while not as substantial as hoped for, there is a reason for this. There are unsettled conditions in our timber industry, this being the life line of our agriculture in this county.

Looking forward to a bright 1980.

Respectfully submitted,
Lawrence O. Clayton, Deputy

VENTURA COUNTY

Worthy Master, Officers, Members of the California State Grange:

Greetings from the Granges in Ventura County!

Our Granges are not building as I had hoped, but we are working at it. We have several newer members in the Youth age group and we are trying to get better attendance and participation from them as well as getting others to join them.

We have a large Church group meeting in the Ojai Valley Grange Hall.

Our Pomona Grange and Ojai Valley Grange entered booths in the County Fair in different categories winning first and second places with prize money totaling \$790.00.

Community Service work continues with projects for the local rest homes and convalescent hospitals, 2 Schools for the Deaf and hard of hearing, and Christmas cans of cookies for the Sepulveda Veterans Hospital.

We are looking forward to a successful session of the California State Grange in Redding.

Fraternally submitted,
D. I. Jamerson, Deputy

TELEGRAM

October 16, 1979

Edwin Koster, Master
California State Grange
2101 Stockton Blvd.
Sacramento, CA 95817

Dear Worthy Master, Officers and Delegates:

The Officers and Staff of the National Grange join me in extending sincere best wishes to each of you for a very happy, effective State Session.

As you meet in your Annual Session this year, there are several issues of vital importance to the future of our nation. The impact of the shortage of domestic oil supplies was felt throughout the country earlier this year. Although the shortages of gasoline and diesel fuel are temporarily under control, a harsh winter could again raise the spectre of cold homes and a crippled transportation system. It serves no purpose to go on a witch hunt for scapegoats. We must find ways to conserve energy and increase domestic energy supplies. These sources should include nuclear, hydro, coal, solar, synthetic fuels, crude oil and natural gas.

In addition to energy problems, our nation is faced with a growing national debt, rising unemployment, and worst of all, inflation that is again raging out of control.

I know that during your Session, you will be giving thoughtful consideration to these important issues as well as to many others which are facing your state and local communities.

Words are not sufficient to express my sincere appreciation for the faithfulness of each Patron who is actively working to promote the Grange.

Best wishes for a great 1979 State Session.

Fraternally,
John W. Scott, Master
The National Grange

CREDENTIAL COMMITTEE REPORT

Worthy Master, Delegates and Visitors to the California State Grange:

I am well pleased with attendance this year in that a total of 444 voting delegates registered with my committee.

I'd like to thank all the secretaries who complied with the wishes of the Worthy State Secretary in promptness with delegate notification.

I'd also like to extend my sincere gratitude to my committee and the work and time they devoted to seeing to it you were prepared to go to work opening day. My thanks go to Barbara Moberg, co-chairman, Florence Seely, Rita and Glenn Moore, Lillian Stilson and Gladys Montgomery. I am looking forward to serving you in the future. Thank you all.

MEMBERSHIP REPORT — 1979

Worthy Master, State Officers and Members of the California State Grange:

At the end of the June 30, 1979 quarter, membership reported to the National Grange was 47,497 members with 316 Subordinate Granges reporting. This was a loss of 180 members for the quarter.

For the Grange year—June 1978 to June 1979 there was a loss of 106 members. According to the letters I receive from Secretaries most of these losses were members lost by Suspension who had not paid their dues for several quarters, (in some cases years) and their Granges could not afford to keep them on the books any longer.

Studying the membership figures at the end of the June 30, 1979 year showed 116 Subordinate Granges with net gains—182 Granges with losses and 18 Granges that maintained their same membership status.

This is a clear indication of the need for an increase in membership effort if the Grange is going to be a force of any proportion in moulding worthwhile legislation.

Inflation and loss of membership has caused the cutting back on Grange programs. This is why membership growth is so important.

While we must have new members to increase membership, let's not neglect membership retention in our effort to build. It is the keystone to Growth. Loss of members through causes other than death is an area of great concern.

Now I would like to give you some Growth Suggestions passed down from the National Grange level.

- A. 1. Divide the membership into as many groups as you have of "old faithfuls."
2. Assign one member the responsibility of contacting each person on his list before each activity.
3. Rotate the lists so the call does not always come from the same individual.
4. When the members come be sure the person who made the contact goes the 2nd mile and makes them feel welcome and a part of the activity.
- B. Enlist the help of your subordinate secretary.
 1. Be sure every member knows how much the dues are.

2. Be sure every member knows when and where to send those dues.
 3. The dues forms (if used) may more than pay for themselves in membership retention.
 4. Keep your membership lists current.
- and LAST BUT NOT LEAST
- C. Request the help of your State Master and State Secretary when needed.

Let's keep the members we have so that every new member will be the gain we so greatly desire.

Now let's look and see what some of our Granges have achieved in Membership Growth.

Even though our program was not set up this past year to present prize money awards, we do want to honor and recognize those Granges for their Membership achievements for the year.

Have put the following Granges in four (4) categories as to achieving highest membership gain in the state for the year.

Granges Up To And Including 100 Members

- Almanor Grange No. 819, Plumas Co. Membership of 62 members. Total net gain of 26 members.
- Road Runner Grange No. 813, San Bernardino Co. Membership of 92 members. Total net gain of 20 members.
- Nuevo Lakeview Grange No. 581, Riverside Co. Membership of 84 members. Total net gain of 13 members.

Granges From 101 - 200 Members

- Johnstonville Grange No. 437, Lassen Co. Membership of 178 members. Total net gain of 51 members.
- Goat Mountain Grange No. 818, San Bernardino Co. Membership of 126 members. Total net gain of 47 members.
- Winnetka Center Grange No. 668, San Bernardino Valley, Los Angeles Co. Membership of 135 members. Total net gain of 42 members.

Granges From 201 - 300 Members

- Williams Grange No. 687, Colusa Co. Membership of 240 members. Total net gain of 89 members.
- North Fork Grange No. 763, Trinity Co. Membership of 198 members. Total net gain of 58 members.
- Phelan Grange No. 607, Mojave Valley. Membership of 244 members. Total net gain of 36 members.

Granges From 301 And Up Members

- Sacramento Grange No. 12, Sacramento Co. Membership of 409 members AND
- Ostrom Grange No. 751, Yuba Co. Membership of 463 members. TIED with Total net gain of 47 members each.
- Brownsville Grange No. 708, Yuba Co. Membership of 690 members. Total net gain of 41 members.

Thermalito Grange No. 729, Eastern Butte Co. Membership of 307 members. Total net gain of 38 members.

Largest Membership As Of The June 30, 1979 Quarter:

First: Brownsville Grange No. 708, Yuba Co. with 690 members

Second: Banner Grange No. 627, Nevada Co. with 673 members

Third: Orangevale No. 354, Sacramento Co. with 596 members

Now it is my pleasure to announce the list of 31 Subordinate Granges that have achieved a 10% or higher gain for the year.

Airport No. 820, Antelope Valley
 Yucca No. 736, Antelope Valley
 Thermalito No. 729, Eastern Butte
 Gridley No. 457, Western Butte
 Williams, No. 687, Colusa
 Pleasant Hill No. 737, Contra Costa
 Owens Valley No. 808, Inyo
 Johnstonville No. 437, Lassen
 Hopeton No. 760, Merced
 Davis Creek No. 404, Modoc
 Apple Valley No. 593, Mojave Valley
 Lucerne Valley No. 673, Mojave Valley
 Phelan No. 607, Mojave Valley
 Almanor No. 819, Plumas
 Cherry Valley No. 586, Riverside
 Golden Poppy No. 798, Riverside
 Nuevo Lakeview No. 581, Riverside
 Sacramento No. 12, Sacramento
 Goat Mountain No. 818, San Bernardino
 Road Runner No. 813, San Bernardino
 Winnetka Center No. 668, San Fernando Valley
 Estrella No. 488, San Luis Obispo
 Half Moon Bay No. 794, San Mateo
 Aptos No. 800, Santa Cruz
 Santa Cruz-Live Oak No. 503, Santa Cruz
 Keyes No. 524, Stanislaus
 Shiloh No. 515, Stanislaus
 North Fork No. 723, Trinity
 Trinity River No. 458, Trinity
 West Visalia No. 782, Tulare
 Ostrom No. 751, Yuba

Certificates of recognition honoring these Granges that have reached a 10% or over gain will be issued and mailed from the State Grange office.

There were 10 Granges which were included in the 10% group that will be receiving Special Certificates for having achieved a 20% or more gain in membership: These are:

Airport Grange No. 820	35%
Williams Grange No. 687	58%
Owens Valley Grange No. 808	26%

Johnstonville Grange No. 437	40%
Almanor Grange No. 819	72%
Golden Poppy Grange No. 798	24%
Goat Mountain Grange No. 818	59%
Road Runner Grange No. 813	27%
Winnetka Center Grange No. 668	45%
North Fork Grange No. 723	29%

These Granges are all to be congratulated and deserve a lot of praise for their effort in building their Grange by bringing in new members. Keep up the good work and for those Granges that didn't show a gain or had losses strive to do better and encourage quality programming for your members.

Pomona Grange Membership showed a membership of 9,305 members in 47 Pomona Granges as of the June 30, 1979 quarter.

Would like to mention at this point in the program that Sacramento County having gained 113 members had the largest net gain for the year. I'm sure the Deputy, Brother Don McKeever is very happy and pleased to hear this news.

Junior Granges in California reported 307 members with 13 Granges reporting. There were 23 Junior Granges recorded as of the June 30, 1979 quarter.

Membership Development

The primary problem in membership development is not the lack of new members but the losses sustained by a Grange each year. Would like to mention some of the steps in membership development listed in the Grange Leaders Handbook at this time:

1. Good Grange programs — include programs and activities that will satisfy members.
2. Treat people in a considerate manner — give proper instruction — develop a constant awareness that people have feelings.
3. Active pursuit of membership renewals. Remember it takes a vote of the Grange to drop a member from the roles.

Membership Building

People become members of the Grange in two ways: they ask to join or they are asked to join.

1. We can increase the number of people by increasing the awareness the general public has of the Grange. Let the general public know what the Grange stands for, how it operates and who can belong.
2. Organize efforts to obtain new members.
3. All new members should be made to feel at home and given an opportunity to actively participate in on-going programs.

4. Individual and team efforts can be encouraged by competition and recognition of their efforts. (Through contests, prizes and recognition awards).
5. Establish membership goals.

I have just hit on a few hi-lites of membership development, in the Leaders Handbook. There is much more valuable information in the book so you should study it. I'm sure the info. given will help you with your membership programs.

We feel that the California State Grange membership Program continues to be successful because Grange members want their own individual Grange to grow.

Let's plan ahead for the 1980 year. Strive for a membership gain. Set your Goals. Have incentive programs for your members—make sure they are planned and presented with value. Remember you have the responsibility and the opportunity to shape the Grange Legacy.

Fraternally submitted,
Marjorie Brown, Membership Chairman
California State Grange

WOMEN'S ACTIVITIES REPORT — 1979

Worthy Master, Distinguished Guests, State Officers, Brother and Sisters:

The National Grange Theme for 1979 was "Reach out with Communication", using letters, telephones, TTY Systems, Radio, TV or whatever may be necessary to publicize the Grange.

We have for sale the National Grange Songbook for the Deaf, "Life Up Your Hands". We sold and are still selling Pocket Silent Sirens, A Manual Communication Guide for Field Officers, which sell for \$.25. We urge you to buy one for your own use and to give to Policemen, firemen, highway patrol, etc. Many Granges report giving them to these various officers. One Grange bought 300 Silent Sirens to give to their emergency officers, what a wonderful Community Service.

The Alphabet Sign Language Charts, that was left from our 1978 project, were purchased by the State CWA committee and were given throughout the state to schools, libraries, police and fire departments, etc. We are still saving hearing aid batteries and this money is used for deaf work in California. Approximately 100 Granges throughout California contributed \$812.99 to the National Deaf Fund. Certificates are given for a \$5.00 or more Contribution.

Sign Language classes are being taught throughout California, sponsored by the Grange. Some Granges contributed money for TTY systems in their area as well as for other Deaf projects.

VOSH, Volunteer Optometric Service to Humanity, is still a National project. We contributed approximately 3000 pairs this year.

One of the requirements needed to receive a Seal of Merit is for the Grange to present a program on Outdoor Recreation, and Leisure Time Safety. Many Granges held a program on this subject.

The Recognition Notebooks sent in by the Chairmen were much less this year. We are disappointed about this and do hope that next year we will have more participation so more Granges may receive their Seal of Merit.

The 1979 CARE Program was for Irrigation Systems in Peru. Through CARE, the Grange will provide wire, cement, concrete pipe, nails, reinforced steel bars, wood, explosives and steel gates as well as technical expertise. The Peru Government contributes part of the project's cost and the beneficiaries donate their labor. This partnership effort will enable farm families living on the edge of survival to work to improve their lives. We contributed \$1,090.44 this year.

The National Grange Sewing Contest rules were very late in reaching the CWA chairmen, so it was touch and go, but we finally reached our goal of 4000 entries. At the National level, Fern Konkell, CWA Chairman from Central Grange won the best Fitting Garment Award. We know there is to be a change in the sponsors of the National Grange Sewing Contest, but do not know who it will be at this time. The National Grange Director, Jenny Grobusky, spent six days here in January, with a representative from Fantastic Fit, a Sewing Contest Sponsor, conducting Workshops throughout California.

The National Grange Needlework Contest, sponsored by Coats & Clark, have many entries at this time, but will not be judged in time for this report. In the 1978 Needlework contest, Fern Henry of Apple Valley Grange was a Grand Award Winner with a beautiful Bedspread. Her winnings were \$660.00.

The 1978 National Grange Toy Contest was very successful with many toys made and given to Children's Hospitals and Homes. The toys for 1979 are arriving every day and it looks like we will have many to give away this year. This contest is sponsored by Fairfield Processing Corp. and McCall's Pattern Company.

Something new this year at the State level was a tatting contest. The National Needlework rules were used and the prizes are the same, at the State level. There will not be any National Prizes.

We still have some of our Favorite Recipe Grange Cookbooks for sale. We are in the process of printing a new Grange cookbook, but this will not be available until all the other ones are sold. We will announce the name of the new cookbook at the CWA conference tomorrow.

Leave your Bluebird packages in the CWA room for the Women's Breakfast, be sure to get a ticket in exchange. The

Women's Breakfast will be held at Holiday Inn, Hilltop Drive, price \$4.00, on Friday at 7 a.m. We will again have door prizes at the Breakfast. There is a limited amount of tickets so get yours early, they will be on sale this afternoon.

The judging for the Cookie and Candy contests will begin this afternoon. Be sure your candy and cookies are in the CWA room by 1 p.m. They will be on sale Wednesday

Our long standing Meals for Millions program is still a State project. This is a self help for a hungry World, teaching the hungry world to feed itself, providing the necessary technical and material assistance. For a \$10.00 or more contribution a certificate will be given by Meals for Millions. \$1887.70 was contributed by Granges this year.

The 1978 Women's March money went to the Humboldt and Cal-Poly State Universities Student Emergency Fund, which amounted to \$2000.00. This was divided equally between the Universities. This year the Women's March money will go to the State Grange Building Improvement Fund, for what ever purpose the Executive Committee feels is best.

Our cancelled stamp project is still going strong with 294 lbs. being given to the Sons of Norway, to be shipped to Norway by Norwegian ships and then the stamps are processed and sold around the world and the money raised from the sale of these stamps is used for Norwegian children with respiratory and genetic diseases.

Our quarterly reports state that 259 Grangers took the CPR class in 1979. We know that all were not reported but feel it is a worthwhile project.

The membership project started in January, funded equally by Peter Marinoff and State Grange resulted in at the end of the first two quarters of 1979 with 86 Granges totaling 851 new, reinstated or delinquent members, that the women were responsible for. Many were not reported but we do hope this is done before the end of the year.

Many thanks to all for the support and courtesy shown during the past year by all Grangers.

**ANNUAL REPORT OF STATE DIRECTOR OF
YOUTH ACTIVITIES****By Gunnor and Mary Erickson**

Worthy State Master and Mrs. Koster, Worthy State Officers, Delegates, and Members:

Once again that time of year has rolled around, and we look back on the accomplishments of the past year. More important though, are the coming year, and future accomplishments and goals of the California State Grange Youth Committee.

We are proud to be able to say that progress is being made. Sometimes it doesn't seem to happen fast enough, but perseverance always wins out, and we move ahead. All regions have new members taking active interest in Youth activities, and in their respective Subordinate and Pomona Granges. This is as it should be for after all, these are our future Grange leaders, and in several places, our present leaders.

On January 20 our Coordinating Council was held in Sacramento. Those present were: most of the officers of both sections of the Youth Committee, both Outstanding Young

Grangers, ourselves, and a few others. In this meeting, the Youth gave the State Directors several topics to take to the Regional Directors, to consider.

Our Regional Directors conference was held at State Grange headquarters over January 27 and 28, with all Regional Directors present. These included three new people: Byron and Eva Graham from Region 3; Bob and Verlaine Clouse, from Region 6; and Bill Booth's wife Lillian, from Region 10. If possible, we appreciate the dedication and hard work of these Regional Directors even more than we did, last year. Duties and assignments for the coming year were, for the most part, voluntarily undertaken.

The Young Marrieds and Singles held their annual conference and business meeting over February 17 and 18, at San Luis Obispo Grange Hall, led by chairman Sam Hood. National Grange Young Couple Ken and Kathy Reeves were guests. New chairman elected was Randy Lewis, and his wife Linda is his secretary. Vice chairman Bill Booth will help him. By the way, both of these chairmen are Grange Insurance agents!

State Master Koster presented code teaching credential cards to eight people. All past Young Marrieds and Singles chairmen received their Youth Achievement pins.

The Teens section conference and business meeting or "Cal Poly" was held April 7, 8, and 9, mostly in the San Luis Obispo Grange hall also. Motel 6 was used as sleeping quarters. The usual activities were held on the Cal Poly campus—the Saturday night banquet, with State Master Koster as speaker, and the Lecturers and tours during Sunday morning. We had a real plus this time in the Public Speaking contest, held under Sam Hood's direction—there were nine contestants! Heidi Brooke and Crystal Norbeck tied for first in the lower age group, and Suzi Doerksen won first in the older group. You will hear two of these youth tonight.

The Teen business meeting was opened by Suzi Doerksen, chairman, but because she had married a few months earlier, she then handed the gavel to Dan Andrews, vice chairman, who continued to chair the meeting. Elected to serve this year were: Patty Brooke, chairman; Corey Clouse, vice chairman; Vicki Wilkens, treasurer; and Liz Alexander, secretary. During the last morning, Dan Andrews resigned from the position of Outstanding Young Granger, as he had plans to marry. Stanley Laughlin, as next in line point-wise, is finishing out the year as California's Outstanding Young Granger.

During the late winter, spring, and summer, several Regions held their regional conferences, and or camps. We can't overstress the importance of these regional activities.

Very early in the year we began the Grange Youth Notebook column in the Grange News. Many Grangers have remarked that this was long overdue. It is intended to keep the

Youth, and all Grange members, up-to-date on what is happening, youth-wise.

Several National Youth Conferences had to be cancelled this past summer, due to the financial state of our National Grange, and our Western States Youth Conference was one of them. That meant that our Public Speaking contest winners had no higher level of competition. However, a nice arrangement was made with the Danville Grange, and you will find out what is it, tonight.

Grange Camp, an event for *all* Grangers, but under the supervision of the Youth Committee, was held at Camp Pinecrest, August 11 to 15. Registrar Bill Booth turned out to be camp director, also, until Dave Austin arrived to help him. Sign language and code reading were stressed, and several people passed these tests. Darlene Wingfield received a Youth Achievement pin, as first quarterly winner of the Youth Booster contest. Sharon Arnold was a National Grange guest.

We had several Youth ask for the Youth Representative and GISYE forms, but the applications were never turned in. Since we had one in each category last year, that probably filled our quota for this year, as well. We do have two essays competing for the Youth Booster Award, and tonight we will find out who the first winner of the annual award will be.

The Grange is carrying on with the Deaf Awareness program. Karen Andersen is California's member on the National Committee, and Lillian Booth is the chairman of the California Committee. Those appointed to the Committee met on the evening of our Grange camp, at Camp Pinecrest, for their first meeting. This committee has big plans, and we hope that any member asked to help, will do his or her best.

Again we had no contestants for the Young Couple of the Year position in 1978. We do have both positions of Outstanding Young Granger filled. Somewhere along the way, this past year, the subject of minimum requirements for all four positions was brought up. At summer camp the Youth voted their feelings that basic requirements are needed. Dave Austin has chaired the committee to work out these minimum requirements.

The GROW Club members are those Young Couples of the Year, the Prince, Princesses, and now Outstanding Young Grangers who have competed at National. The word means "Go Right On Working". The purpose of the club is to encourage these Youth to go right on working in and for their Granges. Their annual get-together was held this noon, at a luncheon.

The cordless microphones that the Youth voted as their 1978 project as a gift to the California State Grange, will have to be abandoned, it seems. Suddenly all convention centers are installing their own cordless systems, and do not want others brought in. The convention centers' systems are very sensitive, and expensive to repair, should our cordless microphones cause damage to them. But there are other projects available.

The Youth breakfast will be held tomorrow morning at Buckeye Grange. If you have not bought your breakfast tickets do so soon. We understand that a bus will pick up those who wish to go, here at the center, and will bring you back.

You have already found various items for sale by the Youth, some old, some new. You can get, among other items, caps, belt buckles, \$100.00 bill mats, and Christmas cards. The last item was so recently thought of, that we could not get organized for a large variety, but we have a few to see how they go. There are some of Leta Litler's books, also.

In concluding, we wish to invite you all to the Youth Night program and pageant which will be held here, tonight. We feel that you will enjoy every minute of it.

DIRECTOR OF JUNIOR GRANGERS REPORT — 1979

Worthy State Master, National Officers, State Officers, Brothers and Sisters:

It is an honor and a pleasure to greet you for the Junior Grange.

Last year by the June 30th quarterly report we had 28 Junior Granges. This year we are down to an alarming 23. I am sure there are more to be dropped. This low figure indicates some action must be taken and it can't be done too soon. Without the Juniors to become members of the Subordinate Grange and members of the Youth Committee we are closing out the Grange for what it was founded for. It indicates that if you do not accept the Juniors or the Youth, it isn't too far in the future, we are becoming a Senior Citizen organization instead of a family organization. Is this your desire? This past year we dropped Hessel, Phelan, Gazelle, Scotts Valley, Brownsville, Long Valley and Manton. We picked up Valley Oaks and El Camino.

The few Junior Granges that we do have, have outstanding Matrons and Patrons. The following are only a few of the things that the Juniors are doing: Five reported that they are very active in the C.W.A. program. Many entered the sewing contest and won prizes. Many Juniors entered the Art and Photography Contests and are winners. This contest comes under the State Lecturer. For Community Service: money donations to the Humane Society, Guide dogs for the blind, paper donations to a rehabilitation work shop and to boy scouts, assist at a convalescent home, raise money for reforestation, donated 15 lap robes to a hospital, 350 hours of community service by one Junior Grange and several hours reported by others, worked in cleaning up an old Chinese Cemetery, eight Juniors participated in a Bike-A-Thon for Cystic Fibrosis Foundation—collected \$229.00, clean up days for various cities, enter floats in several parades—some won trophies, 45 stuffed toys were donated to a local hospital.

Money making projects: Put in a fair booth—received 3rd prize and \$50.00, rubber maid parties, worked on small jobs for adult members, bake sales—one made \$47.57, car washes, yard sales, candy sales—earned \$24.00 and \$35.70, sold 235 tickets for a raffle, sold home made candy and pop corn at a fair, street clean up of cans—made \$31.00 and donated this to the Subordinate C.W.A.

Can drive—earned \$35.70—this money goes for paying part of the Grange telephone bill, disco dances \$58.00 and \$71.60, table at the flea market—\$29.00, cake raffle \$42.00, bakeless bake sale \$19.00, hamburger booth \$115.00, cake walks. For the State Grange—donations to the State Junior Grange Fund and to the State Master's gift. For Subordinate Granges—donated \$50.00 towards a new building fund, donated and served refreshments, cleaned up Grange halls, helped

with various breakfasts and dinners, helped in various installations. For their own Junior Grange—donated \$100.00 to a matron to help with convention expenses, plus the planning, ritualism, leadership and family living achievements. Fun — camp outs, snow parties, roller skating parties, Christmas and Halloween parties, picnics and trips to various parks such as Magic Mountain.

From the many outstanding activities it is so very hard to understand why we do not have many more Junior Granges.

Many of the Junior activities are combined with the Youth. This participation is increasing of which I am very thankful and proud for I also take part in the Youth committee. Both are beautiful, believe me, I love each and every one of them.

Again, the food concession at the California Expo kept me from attending Grange Camp. Ann Larson took care of this for me. As most of you know, Ann is the Matron of Riverdale Junior Grange. She did an outstanding job at camp. Many thanks Ann and to whoever may have assisted you.

At Cal-Expo Charlene Todd of San Dimas Grange devoted full time. She has done much for the Junior Program. Georgiana Smiley and Ruth Dean, of Placer County, the youth of Sacramento and El Dorado counties. The Juniors just could never make it without your generous help.

Our Jamboree, this year, was not as well attended as I had hoped but a lot was accomplished. Leona Greene and Allen Warfield, Matron and Patron of Lake Earl Junior Grange deserve credit for the success of this Jamboree.

The following California State Junior Grange Officers were elected, all from Lake Earl Junior Grange:

Master—Mike Greene
Overseer—Richard Galbreath
Lecturer—Dawn Brennen
Steward—Larry Greene
Assistant Steward—Darrell Emerson
Lady Assistant Steward—Pam Warfield
Chaplain—Michael Galbreath
Treasurer—Sabina Martin
Secretary—Stacey Martin
Gatekeeper—Henry Cramer
Ceres—Tina Sturdavant
Pomona—Lieanna Warfield
Flora—Tina Emmerson
Musician—Leona Greene

Thanks to the Fair Oaks and Antelope C.W.A. ladies for cookies for the Jamboree. Also to the Antelope Youth Committee. Those cookies were many and oh so good.

The Installation of Officers was beautifully done by Robert Null and his lovely wife.

As in the past, everyone in the State Office, all of the State Officers, Deputies, Joy Beatie C.W.A. Director and her committee ladies, her husband Arthur, Gunnor and Mary Erickson, Directors of Youth Activities and their committees, Pomona and Subordinate Masters and Secretaries, Matrons and Patrons, Brothers and Sisters, you have all been just the greatest. Many thanks to all that donated monetary gifts.

There were approximately seven Juniors graduated into Subordinate Granges this past year.

The Achievement Award, again, goes to Ann Larson, Matron of Riverdale Junior Grange No. 195. Congratulations Ann! You are doing outstanding work with the Juniors.

There is great interest in the Merit Badge Program and the Super JG Pin and Guard Project.

No entries were received in the Community Service Contest, Creative Container, Fabric Scrap Art, Creative Writing, all had entries. Most of these can be seen in the Junior room. Our Red Books are picking up interest. Some of these are also on display. No entries were received in the Publicity Contest.

Only one entry was received in the Grange Week Recognition Contest. Riverdale Junior Grange No. 195 won a red ribbon. Congratulations to all of the members and to the Matron and Patron.

This year we did not receive an entry for an Outstanding Junior Grange Girl. We have several entries from the boys. Believe me, the judges had quite a time. For any information please be in attendance for this afternoon's program.

I am greatly indebted to Bob and Verlaine Clouse, Regional Youth Directors of Sacramento County. They have gone out of their way to help with the food concession for the past two years. They devoted many hours to our Jamboree and were the instigators of getting Fair Oaks Grange as a permanent meeting place for our Junior Jamboree in the future. There are no words for this outstanding work. I will always be most grateful to them and to the members of Fair Oaks Grange.

A vote of thanks to Herbert Marshall, Los Angeles County Grange Pomona Master, for hauling all of my Grange material to this convention so I could fly up here and to his wife, Mae-belle for helping with the Junior registration and selling the Honorary Membership cards.

I'm sure there are several that have not been mentioned that have done much for the program. I am most grateful to all.

In closing I wish the very best to each and everyone for a most prosperous 1980.

Respectfully submitted,
Marie W. Rice

REPORT OF THE LEGISLATIVE DIRECTOR*Worthy National Officers, State Master, Officers, Delegates, Brothers and Sisters of the California State Grange:*

The stature of the Grange in California is continuing to grow. The participation of its members has made this possible. A continued effort to involve a greater number of Grangers in Grange work will assure a stronger and healthier organization.

Let me recount to you some of the accomplishments of this year. 1. The year began with a statement on November 9 before the Governor's Commission to Review California Water Rights Law in response to its draft report. The statement re-established Grange policy for the record on (a) Protection to the Counties of Origin, (b) Groundwater Resources Management, (c) Water Project Construction, (d) Forfeiture of Water Rights, and (e) Instream Water Standards.

2. The California State Grange became the sponsor of a bill and California Constitutional Amendment that in combination will prohibit non-citizens other than those lawfully admitted for permanent residence from purchasing agricultural lands in California. This is a direct result of Resolution AGRI. No. S-77 adopted last year in Bakersfield. Assembly Constitution Amendment 20 (ACA 20) is now in the inactive file on the Assembly floor and we will bring it out when the legislature reconvenes in January. Please lend your continued support and help us enact Grange Policy into Law.

3. The mandate for the Department of Food and Agriculture to rewrite its pesticide regulations and submit them to the Resources Agency for certification has been with us for over a year. The Grange gave a statement August 13 in response to the Department's first draft of the new pesticide regulations. Basically they weren't too bad with the exception of some vague language. The final proposal will be submitted Nov. 1 and then we will again respond to the final draft of the regulations.

4. In direct response to Resolution CONS. No. 18 adopted in Bakersfield, the Grange presented a statement on March 2 before the California Water Commission urging the adoption

of a resolution to study the feasibility of an enlarged Shasta Reservoir. The resolution passed and is now before the United States Congress.

5. The Grange was asked and accepted an invitation to become involved in the Inter-Agency Water Committee to see if we could develop an acceptable approach to California water development; namely, the peripheral canal. With help from the interim water committee, we were able to present and have adopted a set of Grange priorities into major legislation. However, for political reasons AB 200 failed to move. We will try again in 1980.

6. The Grange played a very important role in obtaining a review for the reinstatement funds for the FFA in the Department of Education. I would like to thank the hundreds of Grangers who gave unselfishly of their time to do their Grange work. Also, it is a great honor for the Grange to have the Worthy State Master appointed to the Board of Directors of the FFA Foundation. In addition, this office accepted a nomination as a member of a statewide advisory committee for Agricultural Education which is sponsored by the Department of Education.

7. A Grange policy statement was given before the Agricultural Water Conservation Advisory Panel on May 15 covering the subject of potential water conservation in agriculture. It was stated that the Grange supports water conservation efforts but continued reclamation projects are necessary to keep up with our continued rapid population growth.

8. The California State Grange has become a sponsor of the Cal-Poly Agri-Fairs Endowment Program which is a trust endowment used for Agri-Fairs education. The funds will be used for Agri-Fairs fellowship and scholarships, interns within the California Agri-Fairs industry, and to promote Agri-Fairs management as a profession.

9. The Grange is intently involved again this year in the legislation to rewrite the Reclamation Act of 1902. The Grange is concerned about the impact of current legislation that supports the largest farms upon the structure of the family farm in America.

10. Members of the California State Grange can certainly take pride in their work to qualify the Spirit of 13 initiative for the November 6 ballot. Known as Proposition 4 on the ballot the Spirit of 13 spending limit initiative will tie government spending to revenues and put a lid on the run-away size and spending of our state government. Congratulations again for a splendid job of qualifying this initiative for the November ballot.

This just highlights the major areas that this office represented the Grange in the past year. Other areas of interest where the Grange was represented were: support for the cooperative movement, support of a balanced budget, amendments

to the Agriculture Labor Relations Act, funding for Agriculture Commissioners, proposed designation of the Tuolumne river as a Wild and Scenic River, and at the Agriculture Roundtable a group of agriculture organizations with state-wide membership.

The office of Legislative Director is also responsible for the continued communication to keep Grangers informed of the activities of the State Office. The main means to accomplish this are articles in the Grange News and the Grange Action Newsletter sent to all Granges throughout the state.

Fraternally submitted,
John C. Welty,
Legislative Director

REPORT OF GENERAL REPRESENTATIVE

Worthy National Officers, State Master, Officers, Delegates, Brothers and Sisters of the California State Grange:

This year has been a busy year for me as General Representative. I have tried to visit as many Granges as possible and besides those that have invited me, and trying to keep up with those actions taking place in Sacramento.

I have been watching several Grange areas that seem to be having some difficulties. Some of these difficulties can be overcome if the Granges would become more familiar with the *Grange Declaration of Purposes*. Those Granges that are adhering to these purposes seem to have less unsolvable problems.

The "General Objectives" states that "United by the strong and faithful tie of an agricultural fraternity, yet welcoming all of good moral character to membership, we mutually resolve to labor for the good of our Order, our country and mankind". If each Granger would strive to follow these objectives, I could almost guarantee that the Grange would be an unsurmountable force in any of its undertakings.

Some of the difficulties that the Granges have in getting enough membership participating, is the lack of activities. If more Granges would become community minded, they would have a growth at their meetings. These Granges that are actively participating in their community are having a good membership report and have some very excellent meetings. The Grange has to take an active part in all aspects of their community — parks, schools, roads, city and county government, law enforcement and any other community activity. When this participation takes place, the Grange is fulfilling its purpose to the area in which it serves.

Communication is a subject that each Grange should be concerned with. If it is taken seriously, it can be used as a point of attraction. Communication has several areas such as: letters, items in the news media, personal communication, etc.

If the Grange membership would write to their State and Federal legislators and other representative officials concerning your feelings and Grange policy, we as Grangers would benefit. We would be recognized as a policy-making group. One way our feelings and ideas can be heard is letters to the Editor in local newspapers. This can be a valuable outlet for ideas.

I feel that each Grange should cultivate a working relationship with the local news media. As an organization you should present your views and ask what the media people wants. So when you have an item that is newsworthy you can get it printed and covered by the news media. By doing this, you can put the Grange in the eye of the people.

We, as Grange members, should be glad to personally present our views and ideas to different groups. Doing this we will become an active force within the community, using the resources of communication that are available to each Grange. Other groups and people will become interested in what we are doing and want to take an active part. Then the Grange can be a consolidating factor for ideas.

This year has been a successful year for the Grange Action Program through its newsletter. The correspondence that was received on the various subject matters were very well written and thorough. It is hoped that more of you will take the time to write and those that have written, keep up the excellent work. Those letters that were received helped your State Grange represent your policy.

This past year the *Grange Action Newsletter* has been instrumental in putting important information before the Granges. This has made it possible for the membership to follow what is happening within our state government. The Newsletter has covered approximately 45 state legislative bills and 10 federal legislative bills, besides 15 actions taken or being taken by state and federal commissions and agencies. I feel that by continuing the newsletter, we can provide this information to keep you informed.

The Newsletter is sent to all Masters and Legislative Chairmen in the Subordinate and Pomona Granges. This coming year we hope that we will receive more than the 65 names of the Subordinate legislative chairmen and the Pomona chairmen. As this is an important committee, every Grange is supposed to have one. I am emphasizing this because as delegates and Masters, it is your responsibility to appoint standing committees. When you select your legislative committee, please send the name and address of your chairman to the State Grange office, so that we can keep you informed as to the happenings that are taking place.

I am hoping that you will take some of this to heart, and use some of the ideas along with yours to make the Grange a stronger and more viable organization.

Fraternally submitted,
Peter Lindbeck
General Representative

GRANGE NEWS REPORT

Worthy Master, Honored Guests, Brothers and Sisters of the Grange:

Last year I stood before you and spoke of the problems confronting the California Grange News. There are still problems, but, this year I am happy to say has been a year of progress . . . progress that I can be proud of both as a Granger and as a representative of Advertising Development Systems, editors of the California Grange News.

The Delegates of last year's convention, recognizing the problems confronting your newspaper, provided the guidelines that governed our activities over the past year. Under the guidance of the Executive Committee, we were able to translate those guidelines into goals for action:

1. The California Grange News was to become primarily an agriculturally oriented newspaper.

2. The Grange News was to become the voice of the California State Grange, helping to disseminate information from the State level to the backbone of our great organization, the individual Grange member.

3. The Grange News was to disseminate *newsworthy* information on the activities of Subordinate Granges; to report on new innovative and different programs practiced by local Granges in an effort to promulgate ideas; to strengthen our fraternal bonds; and to promote Grange activism within the Order.

4. To correct and update the mailing list of Grange News subscribers.

5. Lastly, we were charged with making the California Grange News financially stable.

These initial goals have been met. As California Grangers, you can be proud of your newspaper. The Grange News has become a well rounded source of information to the California Grange family. In fact, your paper is more widely read than you might imagine. Just last week we received a request from New Jersey for additional information regarding an article that had been published. Also, we at ADS have been gratified at your response to agricultural stories such as our ongoing series on drip irrigation and on keeping the family farm in the family.

Columns by our Worthy State Master, the Worthy State Lecturer, the CWA Director, the Grange Youth Directors and

Brother John Welty have kept us well informed on all facets of State Grange activities.

Through news articles, we strive to keep you informed of both National and State Grange positions on issues vital to the family farm. We alert you when action is needed, both as individuals and as Grange members, on issues vital to the family farm and of statewide importance, such as putting Proposition A, the "Spirit of 13" on the ballot. It is also our aim to alert you to possible action when you can help a neighboring Grange, whether in building a new Grange Hall or in keeping an existing one out of the reaches of bureaucratic red tape. Which brings me to goal number three, "to disseminate newsworthy information on the activities of Subordinate Granges."

This goal could never have been met without the direct assistance given by your local reporters. I would like to take this opportunity to give special thanks to each and everyone who has contributed to this goal by sending in the News of the local Granges. Through them, we have reported on a wide variety of activities, such as one Grange's fight with the telephone company. We share your pride when we can boast of the ribbons won at the County Fair, and the trophies won by Grange-sponsored teams. We are extremely pleased at the proliferation of local and county Grange newsletters, and of the publicity articles clipped from local newspapers and sent to us. We have even received favorable correspondence from the National Grange regarding our "In The News" column.

Goal 4, the updating of the mailing list, was perhaps the most difficult assignment, and without the patient assistance of our Worthy State Secretary, Marjorie Brown and her able assistant Anita Elorduy who spent a tremendous amount of overtime hours, the job may never have been accomplished. We have made over 10,000 changes, and we are pleased to report that we are now working on current quarterly reports.

The final goal was to make the California Grange News financially stable. 1979 has been a year of escalating costs. The Sacramento Bee, for example, released a letter this July to its advertisers explaining that production costs had risen by 49% and that advertising rates were being raised accordingly. The Post Office has also contributed its share to inflating the cost of production. In the midst of this, we are pleased to report that the costs of producing the California Grange News is now in balance with its income. During the past year, old debts in excess of \$20,000 have been paid and outstanding liabilities are current.

Upon the untimely death of Wanda Boland, ADS assumed the duties of editorship without additional cost to the California State Grange, and in keeping with that spirit, we anticipate no increases in the coming year. We are Grangers working with Grangers toward a common goal.

The future looks even better. As an advertising agency, we know what other agencies are looking for as they shop the market to determine the most advantageous way to spend their client's advertising dollar. The reception of our "new look" has been favorable, and we feel that the time is near when agricultural accounts will be placing their advertising dollars into the California Grange News.

But rebuilding the California Grange News is like any other endeavor of the Grange . . . it is accomplished with time and a lot of hard work. Back in the 1870's it took several years and a grain sack scandal to convince California farmers of the advantages of forming the California State Grange. In 1979, we have laid the foundation that will convince California agricultural advertisers of the advantage of advertising in the California Grange News.

That is our goal for the 1980's.

GRANGERS BUSINESS ORGANIZATION

Worthy State Master, State Officers, Past State Officers, Brothers and Sisters:

I am sure that you don't need me to remind you how prices have increased this past year, especially in the steel industry. We had to increase our selling price on T posts from 19c to 39c per post, depending on height and weight. Wire prices have increased from 15% to 25% depending on the type and gauge of wire. Aluminum and steel roofing have increased 15% and aluminum ladders, 35% and we look forward to further increases in the future.

Once again we have a large inventory of wood burning stoves. According to statistics, wood burning stoves will show a 25% increase in sales over last year because of the high rates and shortage of energy power. For you members who are interested in wood burning stoves, I suggest you shop early because some models are going to be in extreme short supply. For instance, our best seller the Ashley, Model C60, we ordered 24 and we were only able to obtain 10 and we do not expect another shipment until December 20th. We also carry the Didian log splitter for you members who cut your own wood. All of our stoves are priced 10% over our cost and I do not believe that G.B.O. prices can be beat by our competitors.

We are now stocking at the G.B.O. store Lee's denim, green and brown jeans also bib overalls. Lee's long and short sleeve western shirts in a rainbow of colors, also, Lee's work-pants in matching shirts.

G.B.O. now stocks Wrangler and Texas western boots both in pointed and round toes, our prices range from \$24.98 to \$59.98 retail values from \$40.00 to \$90.00.

Thank you.

CREDIT UNION REPORT

Worthy Master, Distinguished Guests, Brothers and Sisters:

This report is about the 12th one that I have made to this annual body. The first Money Talks column was in the Grange News on Nov. 15, 1969! so I've seen lots of things happen in the credit union world since I started. It's been lots of fun; but there have also been times that have been frustrating, too. Now, seems to be one of them. I'm going to share some of my concerns with you, and there will be some of you who will think that I'm preaching.

Perhaps I will be.

Two years ago, this body voted that, to receive any of the benefits of the order, a candidate must first become a fourth degree member. I was very concerned at that time, and I still am. It can be hurtful to a new member, with either the credit union or insurance, tied together in many cases. For instance, one of our credit union members sold his home to a couple whose application had been approved; but they were not yet fourth degree members. For that reason, they couldn't assume the credit union loan or take over the insurance. They had to get outside financing and insurance which cost them a great deal more money. Is this what we want to happen to good Grange members? If so, we are in serious trouble. I've heard some of you say that they join to get the insurance or join the credit union and we never see them again. Can you honestly blame them when they don't come back? We *must* make our meetings interesting enough that new members are afraid they'll miss something if they don't come back.

I heard just recently of a Grange who will not accept an application if that person wants to join the credit union or get the insurance! All I can say to that is — where are our priorities? I admit I may be prejudiced in favor of services for Grange members, which shouldn't surprise you, I guess, since I have been involved in credit union work for 42 years.

I realize this part of my report seems critical; but I am through preaching for now. My concern is for our Granges. Our old faithful "tried and true" Grange members are going to get tired and quit eventually. So, I ask you to think about what I've said and then act as you feel you must. Now, I want to quote almost verbatim from an article this past week in the Sacramento Union called "Dollars and Cents". It was written

by Sidney Margolius of New York and he entitled it "Shopping for the Best Credit". I thought maybe if you heard it from someone else, you might hear it better. This is what he said:

Interest rates on loans are at an almost all-time high. As the prime big business rate soars upward, from 13 percent in early September, to 14.5 percent last week, small borrowers in 1979 must search harder than ever for the best buys in money.

Often as not, interest rates at credit unions will be found to be well among the lowest.

During the summer months, a credit union in a New York suburb surveyed all of the competing lending institutions in town — one savings bank, two savings and loan associations, and six commercial banks.

The survey focused on rates charged for fully secured loans — the security being savings, marketable securities, cars, or similar collateral.

Passbook loans secured by savings were an eye-opening surprise. There was a full two percent difference between the rates demanded by the town's two savings and loans — even though they were within walking distance of each other. The rate for the savings bank was 8 percent; one commercial bank charged on a sliding scale starting with 7.6 percent for 12 months to 8.5 percent for thirty six months; and others went on up. Although the credit union's rate for passbook loans was 8 percent, the credit union borrower would still have a distinct edge, because all of the other lenders required that the borrower have on deposit, both the principal and the interest for the loan as well as the surrender of the passbook. The credit union, however, required that the principal only be on deposit and did not ask for surrender of the passbooks. The credit unions compared more than favorably on home improvement loans, too, with many other of the financial institutions charging as much as 12 percent.

During the 1970s, credit unions around the country, have captured nearly 23 percent of the market on auto loans.

In a recent survey on the cost of car loans, including finance companies, and dealer information, researchers found that credit union interest rates were below all of the others with an average of 11.5 percent. The commercial banks were all the same—13.38 percent; and the dealers rate through GMAC was 17.83 percent and Beneficial Finance Company 18.1 percent. The spread between the credit union rates and the other financial institutions does not tell all of the story, however. Most of the others use a discount rate where the interest is subtracted from the amount of money before it is handed to you. The others use the add-on where the interest is added to amount borrowed and the note reflects the total of these two figures. It is also important to know that the credit union charges only on the unpaid balance, which is

especially important if you want to pay off early—the other institutions use the “Rule of 78” (which I am discussing in an up-coming Money Talks column.) Remember that the money you pay for interest is money that you can’t use for other things.

Mr. Margolius last statement is this: All in all, prospective borrowers are well advised to consider membership in a credit union to reduce the cost of their loans.

Where does the money, loaned to you by your credit union, come from? It is the invested savings of you, the members. Let’s support our credit unions. Right now, with the money situation the way it is, this may be the most important thing you can do.

At our credit union conference yesterday, with 22 credit unions represented, we had a very good discussion about problems facing our Grange credit unions. I was asked to report this to you: The consensus of opinion is that we need to make a survey to determine the feelings of our membership. We want to ask that you answer the survey because we recognize that we have varied needs because of difference in sizes, etc., but we also have many similar problems.

We will now be talking of a concept, remember, and answering the survey will not mean a commitment of any kind, but it is hoped that we can use it as a tool to help our credit unions to better serve our membership. The concept of several district Grange credit unions over the state with branch offices was discussed at great length. It was felt that we should do a survey that would give us more of an idea of what our members need and want, recognizing that a merger or grouping of our assets, would, in essence give greater capabilities for better service to our Grangers.

Remember this is a concept only, hoping to preserve Grange credit union identities, and if you feel strongly one way or another it is urgent that you respond to the survey. When we get the answers back, we, as a committee, will know better, we feel, how we can best help our membership.

Watch for this survey.

I hope that I haven’t offended anyone in my opening comments; but as most of you know, I am a staunch supporter of credit unions and the other services available to our Grange members, and I feel no need to apologize for my support of these much needed advantages to Grange membership. My best wishes to all of you for this coming year.

Eunice Smith

GRANGE INSURANCE ASSOCIATION REPORT — 1978

To the Officers and Members of the California State Grange:

Grange Insurance Association began its 85th year of operation on April 4, 1978 and the year 1978 was a good year for the Association and its nearly 75,000 members in eight western states. Those 75,000 members had over 157,000 policies in force at year end. In addition, seasonal crop hail and grain fire insurance is written for nearly 3,000 farmers and farm owners.

Following are highlights of 1978 operations, as compared to 1977:

	1978	Change from 1977
Assets	\$60,699,954	+24.3%
Surplus	19,131,517	+18.7%
Direct Premiums Written	42,918,159	+18.4%
Investment & Other Income	2,895,821	+27.6%
Dividends to Members	1,081,383	— 8.5%
Underwriting Gain	1,800,530	—57.3%
Gain, as % of Earned Premium	4.1%	11.5%
Loss Adjusting & Operating		
Expenses	14,114,631	+20.6%
Losses Incurred	28,301,015	+36.2%

As the above data illustrate, 1978 was in all respects a satisfactory year, with good results in both underwriting earnings, forming the basis for future members' dividends, as well as investment earning. However, 1978 fell short of the extraordinary results achieved in 1977. This is due principally to increasing loss and loss adjusting costs.

Inflation continues to impact heavily on GIA's loss costs. For example, automobile property damage average loss increased 15.9% over 1977, the average auto collision loss increased 18.5%, and the average auto medical claim increased 16.7%. Conversely, an absence of large property losses during 1978 resulted in excellent results on fire, homeowners and farmowners lines, where underwriting earnings averaged about 15%. Crop hail and grain fire results were also very good. Wind and hail damage to buildings was minimal in 1978, with exception of severe storms in July in the Casper, Wyoming, area.

As was detailed in our 1977 report, premium growth in 1977 had been so rapid that GIA did not write new automobile or commercial lines of insurance during the latter half of that year for persons not Grange members prior to July 1, 1977. The restrictions as to new auto business were gradually lifted during 1978, and limitations as to new commercial accounts amended. The rate of growth in premiums in 1978, as a result, declined from a 25% increase in 1977, to 18.4% in 1978.

Despite the decline in rate of growth, GIA increased its premium writings about 30% above the rate of growth for the insurance industry as a whole.

Washington, where we began in 1894, continues to produce a substantial part of GIA premium writings. Following is a summary of the portion of premium derived from each of States in which GIA does business during the past two years:

	1978	1977
	% Premiums	% Premiums
Washington	61.6%	61.0%
*Oregon	10.6	11.1
Montana8	1.0
Wyoming	1.0	1.0
*Idaho	3.3	3.1
*Colorado	4.9	4.4
California	17.8	18.4
**Nebraska	—	—

*These states also have Grange sponsored companies writing fire insurance, and in Oregon, homeowners and farmowners insurance as well.

**GIA began writing business in Nebraska in late 1978, with only \$722 in premium recorded in 1978.

GIA continues to concentrate its investments in bond exempt from federal income tax (over 90% of invested assets), with about 5% of investment in common and preferred stocks, and the balance in subsidiary companies, Mayflower Corporation and Rocky Mountain Fire & Casualty Company. Total invested assets increased \$8.7 million in 1978, which with high interest rates prevailing in 1978, brought record investment income to your Association. GIA also realized gains from Rocky Mountain Fire & Casualty Company during 1978, both from reinsurance assumed from Rocky Mountain, as well as net gains from Rocky Mountain's operations, increasing the value of GIA's investment in that subsidiary. Mayflower Corporation, 100% owned by GIA, was not active during 1978 except as a holding company for Rocky Mountain stock. 12,115.7 out of 12,190 shares outstanding (99.4%) of Rocky Mountain's stock is owned by GIA through Mayflower Corporation.

Dividends paid to members in 1978 were \$1,081,383, representing return of savings from 1974, plus the last one-half of 1969 crop hail savings. As in 1977's dividend, payments were made only on property and crop hail insurance, as no savings were realized on automobile, general liability, glass or theft lines of business.

1979 has proved different from prior years, in that property insurance has produced loss ratios higher than automobile. Large fire losses in the fire, homeowners and farmowners lines resulted in underwriting losses during the first

half of 1979 for those lines. In addition, severe windstorm in Washington in February produced approximately \$375,000 in losses, of which reinsurance paid the amount in excess of \$250,000.

At mid-1979, GIA's record was:

Total Assets\$65,388,500, up 7.7% from Dec. 31, 1978
Loss & Adjusting

Expense Reserves 20,254,420, up 6.2% from Dec. 31, 1978

Unearned Premiums 22,535,102, up 10.7% from Dec. 31, 1978

Total Liabilities 44,847,774, up 7.9% from Dec. 31, 1978

Policyholders Surplus .. 20,540,726, up 7.4% from Dec. 31, 1978

From January 1 through June 30, 1979:

Earned Premiums\$23,652,284, up 15.5% from 1st half, 1978

Total Losses 16,655,651, up 39.8% from 1st half, 1978

Underwriting Loss —394,401 (vs. gain of \$2,097,690
in first half of 1978)

Investment Income 1,642,577, up 16.0% from 1st half, 1978

Net Income

after tax 1,171,777, down 59.4% from 1st half, 1978

As we've reported so frequently in prior years, inflation in our loss costs continues to be a major problem. It's now anticipated that claims costs will increase over 10% for the full year 1979. The frequency of automobile claims may decline somewhat in the last half of 1979, as there's some evidence that people are driving their cars less; however, our own data is too little developed at this time to be confident that this will occur.

GIA's subsidiary, Rocky Mountain Fire & Casualty Company had first half results similar to GIA. Assets increased 1% to \$6,459,668, and net worth increased 6.3% to \$2,092,753 from year end 1978. Earned premiums increased 12.3% over a like period in 1978, and underwriting loss was incurred of 9.1%. Rocky Mountain's investment income increased 27.4% over 1978. Net income, after tax was \$97,874, down 40.5% from year earlier figures.

GIA is proud of its scholarship program to help young Grangers, or the sons or daughters of Grangers in furthering their education. GIA awarded 20 \$400 scholarships, plus the Ed Nielsen and Paul Holter Memorial scholarships in early 1979.

For your valuable assistance and aid in servicing Grange members, Grange Insurance Association makes its payment of 10c per member, based on your June 30, 1979 report of 47,497 members.

It is a pleasure for me to present this check for \$4,749.70 to help support the activities of the California State Grange.

REPORT ON UKIAH AUTUMN LEAVES

By Gunnor Erickson, President, Board of Directors

I bring greetings from Ukiah Autumn Leaves to the California State Grange Officers, Delegates, all Grange members, and any visitors: Our Tenants Association and tenants, both Grange members and non-members, have asked me to be sure and convey to you their wishes for a most successful convention, and that God may bless you all.

With the daily increasing costs upon us all, the functions of Ukiah Autumn Leaves, and all projects of this type, are quite a blessing for people on fixed incomes, and very particularly for our Senior citizens. They just have no way to make up for these spiralling costs. The need for more such projects is very critical.

For those who are here for the first time, or for those who are not aware of what Ukiah Autumn Leaves is, I will give a quick explanation. Ukiah Autumn Leaves is a 92 unit apartment complex for low income senior citizens 62 years of age or over, and for the permanently disabled under the age of 62. For those who qualify, only one-fourth of their income goes for rent, with the rest of the market value rent being paid from government funds set aside for this purpose. We are not allowed to make a profit, so market rents determine the rents charged per apartment, which is used to meet all our expenses, plus a small percentage over. This latter fund is used for emergencies, and to replace and repair those parts of the building, and contents owned by Ukiah Autumn Leaves, as needed.

This project, which is sponsored by the California State Grange, will after 36 more years belong to the California State Grange. The nine member Board includes the State Master and the State Executive committee men, and five members from Mendocino County Grange. These five members from Mendocino County Pomona oversee the daily operation of the apartment complex, and have full authority to make any needed decisions as they may arise.

The project is running very smoothly from all angles. We are paying all our bills on time, and these days I'd say that's not too bad.

There still has not been a vacancy for over a day or two—just long enough to be able to get the apartment cleaned up, and any necessary repairs or painting done. Also the list of people who would like to get an apartment there keeps growing longer every month. Such vacancies occur from someone moving out, but are very far and few between. Hopefully somewhere in the near future more apartments will be added, if financing can be found. This we are looking and working toward.

On October 2, beginning about 4:00 a.m., quite a bit of excitement occurred. A bad fire broke out in one of the apartments. Thanks to the cooperation of all the tenants, however, no one was even injured. We are very proud of our tenants, and of the way in which they look after one another. This paid big dividends during the fire. The Fire Department estimated that the damage to the wing involved is around \$100,000.00. Since the fire was in an upstairs apartment, the water damage to the lower apartments was quite heavy. Ten apartments in all were affected.

We are also very proud of the way the local Fire Departments responded, as well as the ambulance service. It was nearly 5:00 a.m. when I got there, and there were already nine fire engines from four different districts there. One was from Willits, 24 miles away. Two ambulance crews stood by, just in case, for several hours, and helped where ever they could.

Clothing, food, and money for those affected by the fire has been coming in from over 100 miles away, and from many local organizations and Granges. We all wish to express our sincere thanks and appreciation for all that have helped in any way, during this unfortunate experience. Most important, we feel, is that no one was hurt, in any way.

We had to increase the apartments' rents by about 8%, effective last August, due to increased operating costs. This did not affect any one that is on the subsidy program—their rents did not increase.

Our annual income this year will be around \$155,000.00. This is what is needed for the operation of Ukiah Autumn Leaves. Books are audited after January first every year by a Certified Public Accountant, and the audit is on file for any one who wishes to see it.

In concluding, we extend a welcome to you to come visit with us. We will be most proud to give you a tour of our complex so you can see for yourself what is being done to help our senior citizens.

Respectfully submitted,
Gunnor Erickson, President of the
Board of Directors of Ukiah Autumn
Leaves

INTERIM CONSTITUTION AND BY-LAWS COMMITTEE REPORT

This is in regard to the report of the Constitution and By-Laws Committee.

The Constitution and By-Laws Committee wanted to make the necessary changes in the Constitution and By-Laws to simplify the Constitution and By-Laws without making any

major changes with the exception of the method of establishing salaries for State Officers to conform with provision of the National Grange Digest. At this time I would like to thank my committee members, David Austin and Vera Brunell for helping on the Constitution and By-Laws changes.

INTERIM ENERGY COMMITTEE REPORT

The members of the Energy Interim Committee met last March at the Grange Headquarters in Sacramento to review the various energy bills before the legislature. A course of action was recommended to the executive committee of the California State Grange. Many resolutions of the Convention Committee this year deal with energy.

The Energy Committee endorses the recommendations of the Committee and encourages all to return home and help in the implementation of these resolutions.

Members of the Committee this past year were:

Ernest White, Tehama Co.
 Louis Mazzone, Santa Clara Co.
 Elwin Richter, Yolo Co.
 John Kidd, Stanislaus Co.

We thank you for the opportunity to serve for the past year.

CONSERVATION WATER COMMITTEE INTERIM REPORT

Submitted By
 Edwin Koster, Master
 California State Grange

Conservation No. 18 adopted in Bakersfield resolved that the California State Master appoint an interim committee of three (3) members to study the feasibility of enlarging the

Shasta Dam or other alternate sites for adequate water storage, and it was further resolved, a progress report be given by the State Master at the 1979 annual session.

In compliance with this mandate, I appointed Harold Niesen, John Ashley, Clyde Simpson, Adam Tustison and Joseph Plagenza to serve as members. Our primary job was to go on record in favor of a feasibility study of an enlarged Shasta Reservoir before the California Water Commission. The general comments of the statement presented by John Welty, Legislative Director, California State Grange, before the California Water Commission on March 2, 1979 follows:

I would like to take a brief moment to share with you Grange policy concerning major Northern California Water Development. This policy was adopted by delegate action representing nearly 50,000 rural Grange members. Also, a special interim Water Conservation Committee has been appointed to study the feasibility of enlarging the Shasta Dam or other alternate sites for adequate water storage.

Grange water policy is based on the belief that the Glenn-Colusa Unit and the enlarged Shasta Reservoir are alternatives to accomplish the same goals.

Let's take a moment to pursue this line of thought:

The California State Grange oppose the selection of the Glenn Reservoir site and that the State Department of Water Resources be urged to select a site with less economical and social impact, geologically safe and more practical from an energy and cost standpoint. At the same time, the California State Grange supports and encourages the passage of the resolution supporting a feasibility study of an enlarged Shasta Reservoir.

I would like now to make a comparison of the two alternatives.

The Shasta Dam Enlargement would create more acre-feet of water development while inundating less than half less-fertile, less-productive acres than Glenn-Colusa Unit, while producing 600,000,000 KWH more electricity. All this and it cost less too! It seems at least at this point, that the Shasta Dam Enlargement is clearly the preferred alternative. The California State Grange urges the passage of a resolution to pursue a feasibility study of an enlarged Shasta Reservoir.

With due respect to the Grange, the Water Commission passed the resolution supporting a feasibility study of an enlarged Shasta Reservoir and sent it to Congress for final approval.

The second half of this committee's responsibility of supporting any other alternative for water storage really left

the entire water development picture open before us. To undertake such a wide sweeping policy position, I decided to combine the Water Rights Law Committee with the Water Conservation Committee. Now we had eight capable Grangers, myself and Brother Welty, to make informed Grange decisions.

We began by analyzing all the major water bills before the legislature and all their components. These bills consisted of: AB 442, AB 303, SB 200, SB 144, SB 89, SB 47 and then we put in order of priorities which projects and components that conformed to Grange policy. This is what we came up with:

On April 2, the Grange Joint Interim Water Committee met to determine its priorities for projects to be included in a peripheral canal bill. This is the committee's preference:

1. Protection of counties of origin.
2. Peripheral canal.
3. South Delta off-stream Storage. (Los Vaqueras)
4. Fill Melones.
5. Construct Auburn. (if earthquake safety standards are met)
6. Construct Cottonwood, Dutch Gulch, Tehama.
7. Mid-Valley canal.
8. IDP Drain.

The California State Grange in a continued effort, is seeking amendments to implement Grange policy and provide the State of California continued prosperity by authorizing construction of the peripheral canal.

At the same time it was a necessary obligation to make the Grange's wishes known to Congress relating to the support of Federal appropriations for Federal flood control programs in California for fiscal year 1979-80. There were 45 projects that we had to assess dollar figures to.

All in all I would like to say that these interim hearings produced up to the minute interpretations of Grange policy over a wide range of projects. I would again like to thank all the committee members who served.

CALIFORNIA WATER LAW INTERIM COMMITTEE REPORT

Submitted by
Edwin Koster, Master
California State Grange

Resolution "California Water Laws," Agriculture No. S-85, passed by delegate action at the 106th annual session of the California State Grange resolved that the Master of the California State Grange appoint an interim committee to study the proposed changes in the California Water Laws; make recommendations to the Executive Committee; also to make

a complete report to the delegate body at the next annual session and timely reports to all the Pomona Grange Legislative Chairmen.

In keeping with this mandate in November, 1978, I appointed John Squire, Jr. of Coalinga, Elmo Ward of Escalon and Ernest White of Corning, to serve as members as prescribed by Resolution S-85.

The delegates of the 106th annual session of the California State Grange were gravely concerned about the Governor's Commission to review California Water Rights Law, and rightly so. Resolution S-85 adopted some hard hitting language in opposition to the Commission's report and even went further to designate a committee to study this report thoroughly and assure that the interests of the Grange were heard at the public hearings.

Your committee members were well prepared and ready to go to work. Our meetings were extremely productive. We first reestablished the Grange's basic policy on areas covered in the commission's report. This was our statement:

CALIFORNIA WATER RIGHTS LAW

We hold that the inland waters of this State, its rivers, lakes and streams are the property of the people, subject to their use and control and that each inhabitant of the State is entitled to the use and benefit of his equitable proportion of the inland waters of the State, as he is to a sufficiency of the free air of heaven. This is a statement given by the Committee on Irrigation at the first annual meeting of the California State Grange in 1873. Water remains to be a major issue in California. We need to reestablish our policy on the following issues:

1. Protection to the Counties of Origin.

The California State Grange holds that counties where state water originates be given maximum protection provided through the mechanism of State Water Rights Filings, their assignment, and releases from priority. Furthermore, we suggest that local custom be given priority in determining reasonable beneficial use of said water.

2. Groundwater Resources Management.

Extensive research needs to be conducted to collect the essential information necessary to effect a solution to groundwater problems. This study needs to include definition of groundwater basins, history of groundwater levels and conditions, overdrafts, storage capacities of the basins, sources of replenishment, recharge capabilities, water quality problems, etc.

3. Water Project Construction.

California's future water needs can only be met by the construction of major inter-regional water projects which would carry water from flood years to low flow years.

4. Forfeiture of Water Rights.

Water rights must take into consideration variability due to the type of growing season, rainfall, and the kind of crop that may be grown. It is not possible to define a water right with such precision that it takes into account the type of crop or growing season which would cause variations in water use.

5. Instream Water Standards

Water standards for rivers and streams need to be met from either naturally available water that is not appropriated or flows from the construction of water projects.

Next we decided to get specific and develop a statement so the Grange could go on record with the Governor's Commission. The specifics are highly technical in nature and I will not give them verbally in this report; however, they will be submitted in their entirety. I will read the opening comments of the statement given by John Welty, Legislative Director, California State Grange, before the Governor's Commission to Review California Water Rights Law, November 9, 1978, Burlingame, California:

I am presenting Grange policy adopted by delegate action at the 106th annual convention this past October.

In addition, a mandate was passed directing the appointment of a Grange Water Rights Committee. The specific recommendations that I wish to have entered in the record were passed by this committee and represent official California State Grange policy.

The Governor's Commission on Water Rights recently released preliminary report is inadequate due to the fact that the Grange has not had the time to properly study the problems, research the area of underground water supplies and management, nor has there been adequate time for concerned parties and agencies to make constructive comments.

The report appears at this time to remove local control of policy and management decisions over local water resources. The draft fails to adequately protect the "County of Origin" and abolished judicial review of water rights, decision and policies. The resolution adopted at State Convention calls for sufficient time for adequate review by all interested parties, an extensive study of ground waters and its management, strengthen local control of water policy, provide judicial review of water rights policies and decisions and the full protection of existing water rights when establishing instream flows. Further, the Grange urges any change in the Water Rights Law be taken one small step at a time, with great deliberation and study as to the impact of the decision, and only after full and complete public review.

Legislative attempts were made in 1978 to implement the contents of the Commission's report in legislative action. Responsible work done by concerned citizens groups such as the

Grange were successful in mitigating any substantial changes in our Water Rights Laws in California. The battle is not over and some future proposals may comply with Grange policy. Reports of these events were thoroughly covered in the Grange News and the Grange Action Newsletter sent to all Grange Legislative Chairmen throughout the year.

I would like to congratulate the members of the Interim Water Law Committee for a job well done.

AGRICULTURE COMMITTEE REPORT

Worthy Master:

The Agriculture Committee of this 107th Session of the California State Grange has carefully studied all resolutions presented to it. The Delegate Body has voted on all and the Grange has a policy of Action that is positive and forward looking.

My appreciation to all of the committee members for their cooperation and hard work in resolving the issues before us.

CONSERVATION COMMITTEE REPORT

Worthy Master, State Officers, Distinguished Guests, Delegates, Brothers and Sisters:

The members of the Conservation Committee having completed their assignment of work for the 107th Session of the California State Grange, sincerely thank you for having given us the pleasure of serving you.

We believe that it is in our interest that individual freedom be preserved to the fullest extent, consistent with the responsible use of our resources, but we cannot allow the destruction of those resources under the banner of preserving individual freedom.

When several resources such as water, nuclear, oil, gas and coal provide the same end product, the advantages and disadvantages of each must be carefully considered. There is no doubt that the Grange must take a position and then be prepared to defend it.

This committee worked hard to arrive at their decisions and during their deliberations always kept the good of the Grange foremost in their thoughts. We wish to thank the many persons that helped us, with their assistance and guidance.

As chairman of this committee, I wish to thank the members for their time and effort they spent to reach our decisions. We appreciate having a Youth representative on our committee.

GOOD OF THE ORDER COMMITTEE REPORT

Worthy Master, Officers and Members of the California State Grange:

The Good of the Order Committee has completed their work. We thank you for your patience with us. We have appreciated the opportunity to work for the Good of the Order.

We would recommend that Brother Herman Grabow be given the proper recognition for his years of service to the Grange.

We encourage more delegates to attend committee meetings to state their views to help the committees decide proper action.

A special thanks to my committee members who spent so many hours in meetings.

Vista Grange No. 609

"TO INSURE AN ADEQUATE SUPPLY
OF NITROGENOUS FERTILIZERS TO AGRICULTURE"

1. WHEREAS, the agricultural production of California farms is due to some extent to the use of nitrogenous fertilizers, and
2. WHEREAS, the manufacturer of such fertilizers depends on an adequate supply of natural gas, and
3. WHEREAS, the California Public Utilities Commission has the power and authority to regulate the amount and price of natural gas; therefore be it
4. RESOLVED, that the California State Grange ask the Public Utilities Commission to help insure the continued viability of the domestic nitrogen producers.

"OPPOSING ESTABLISHMENT OF THE
DEPARTMENT OF NATURAL RESOURCES"

1. WHEREAS, Grangers nationwide were instrumental in establishing the Department of Agriculture for the purposes of protecting the farmers livelihood and the national food supply, and
2. WHEREAS, the Department of Agriculture has also managed and protected the National Forests with direction provided by the Forest and Rangeland Renewable Resources Planning Act and the National Forest Management Act, and has provided an ongoing program for forestry management and timber preservation, with staff specifically trained in these fields, and
3. WHEREAS, the establishment of a Department of Natural Resources would tend to dilute the purposes of the Department of Agriculture in the areas of both agricultural and forestry preservation and would create yet another agency unfamiliar with specifics of both departments; therefore be it
4. RESOLVED, that the California State Grange and National Grange continue to oppose the establishment of the Department of Natural Resources.

RESOLUTION OF APPRECIATION

WHEREAS: The 107th annual session of the California State Grange presiding in Redding, California has reached its conclusion of working Brothers and Sisters in providing a fruitful and productive convention, and

WHEREAS: The Officers and we, the delegate body, have pursued the committees and individuals for utmost proficiency and competency,

THEREFORE, BE IT RESOLVED, The California State Grange, its officers and all members extend their sincere appreciation and warm thanks to the following for their tremendous cooperation and contributions for the continued advancement of our Order, the Patrons of Husbandry:

To Waldo Haley, convention chairman and Deputy State Master of Shasta County; Arthur Beatie, co-chairman and Master of Shasta Pomona Grange. Mutt and Jeff perhaps, but Mighty and Justifiable.

To those assigned their various tasks; Joan Boyle, CWA Region 1 Director; Howard Duncan and George Neily, housing; Wilda Rader and Doris Peterson, for plants to brighten the hall and stations; Dorothy Buffington and Fay Sousa for the lovely Feast of Pomona; and to the host counties for their bountiful, colorful fall corsages, gifts and other delights: Shasta, Butte, Siskiyou, Modoc, Trinity, Tehama, Lassen and Glenn.

To Sister Joy Beatie for the tops in receptions, a blue ribbon entry, providing the Jerry Lynn dancers with plenty of punch in disco, tap, jazz and drill performances.

Our thanks to Donald Demscher, Mayor of Redding, his mention of RV service paid off for one shop; to Supervisor Bessy Sanders, we're glad you're a Granger; State Senator Ray Johnson, Assemblyman, Stan Statham, delightful Bonnie Sharp, Redding's Chamber of Commerce representative, and Mr. Ed Rowe Montgomery, Director of the Civic Auditorium. The gentleman was so elated as we were here for our 100th session when the center was first opened. The new roof leaked and incidentally, he states it still does. All welcomes were happily received, and to Worthy Overseer, Harry Schmidt, whose response was, "we will enjoy our stay", for how true it is, wherever we are and Bro. Schmidt is there, "we enjoy".

To our dearest honored guests and speakers: W. C. Harris, Master of the Oregon State Grange and Steward of the National Grange, with Sister Lida; Past CSG Master J. B. Quinn and Sister Ruth. Brother Quinn, we noted your grand marching and keeping everyone in step, and to Past CSG Master Chester Deaver and Sister Betty.

To Naomi Fletcher and her committee for the laborious task handling the credentials of all delegates and alternates;

to GBO Manager, Clarence Weisgerber; Eunice Smith, Credit Union; Peter Marinoff and Dorothy DeAvila; and John Welty, Director of Legislation; all reports were informative.

To Francis McElhinney, State Lecturer for providing the art exhibition, and a talent show that was a belly of laughs or you'll get a pie in your face, the Lecturer's program of "Something's Astir". The stirrings done, dead, and gone.

To Marie Rice who asks if we are a Senior Citizen Organization or a Family Organization. The Junior Grange program should answer the question placed to the members, Lake Earl and Riverdale Junior Grangers were outstanding and the Dogs for the Deaf program under the chairmanship of Lillian Booth will undoubtedly be spread to each and every Grange in California.

To our distinguished guests, Jack Silvers, Master of Washington State Grange and National Grange Executive Committeeman; Mary Richardson, CWA Director of Washington State Grange; Oregon State Lecturer, Mary Ireland and Oregon State Director of Membership, Lorimer Ireland; Herb Steiner, Treasurer of Oregon State Grange and Sister Steiner, presented to the State Master by the Youth Officers; we were indeed rewarded with your presence.

To Bill and Lillian Booth and the Youth Officers team, we congratulate your excellence. We have no fear that our tomorrows yearly state sessions will progress, strengthen, and keep the CSG on the move through your guidance. The re-establishment of Youth Activities will continue to all highest of expectations as seen by their work. Can we keep up their pace? Working and training the Junior members will benefit us all. Our thanks to Harmon Kaslow, President of the California Future Farmers of America, and to Jana Nelson, California Dairy Princess who told us how much milk to expect from a cow; and best wishes to our Betsy Geissler, this years outstanding young Granger.

To Gary Doud of the California Grange News and the best news of all—we are out of debt; to Marjorie Brown, Membership Chairman, what's a loss of 106 when we'll gain by leaps and bounds from this invigorating delegate body; to Pete Linbeck our General Representative who has a lot more territory to cover.

To Harleigh Gallup, Chaplain, and your able assistant Ruth Harding for a different Memorial Service, we couldn't ask for anything more moving, beautiful and serene then the memorable service presented.

To Billy Martin, Regional Director-Mid-Pacific Region, Bureau of Reclamation who spoke about the Shasta Dam enlargement program and of his concern. If this rain keeps up the Civic Auditorium Director will be more concerned. Grangers, we have a project awaiting us.

To Lucille Swank receiving a 55 year seal to be placed in her 50 year membership book. Keep the years flowing Lucy,

To Levi Richman, a blessed happy birthday again. A true dedicated faithful Patron of Husbandry from Gilroy Grange in Santa Clara County, 94 years of age on October 21 and has been going to Grange for 90 years. Brother Levi has attended 54 state session in succession and women, I don't know what's wrong with you, he's still a bachelor!

To Donald McKeever who has obligated 262 members during the year. He likes to talk, but it goes on record there is a membership growth in his area; to Brother Bill Campbell, State Musician for his pleasant entertainment and "The Old Gray Mare"; to Bob and Verlaine Clouse directing the CSG Youth team in the precision of the Fifth Degree and 33 candidates with Helen Stith at the piano.

To Worthy State Master Edwin Koster and his officers in the exemplification of the Sixth Degree to 216 and the colorful precise Rose Drill under Violet York's direction; to Sister Edna Koster, for her graciousness, thoughtfulness and blessing as our California State Grange First Lady.

To our Committee Chairmen: George Schmidt, Agriculture; Ernest White, Conservation; Inez Hamann, Education; Finis Shepherd, Legislation and Taxation; Robert Stith, Pesticide; Harvey Nottingham, Transportation, Roads and Highways; Bob Clouse, Good of the Order; John Ashley, Elections and to all of their committee members for prompt and acceptable work; to Committee Chairman Edwin Barrett and committee for National Welfare; bless you, but didn't we give you the "riot act"?

To Beverly Stiles winning the new cookbook entitled "California Granger's Delight". Why couldn't it have been "California Grangers Delightful Joy", Joy?

To Patty Brooke and Robert Stith, our best wishes and we look forward to workers in the Junior Grange.

To the Executive Committee, as we look down upon you and note your receding hairlines and realize how diligently you use your thinking caps, we give you our vote of confidence in your trustworthiness and reliability as our State Grange Leaders.

To all other committees and workers preparing for this convention, although we may not mention your name, your able assistance and courtesy made the delegates trip to Redding worthwhile; again, please accept our thank you.

To Don McKeever and his team for installing our State Officers.

BE IT FURTHER RESOLVED, that the 107th convention with its achievements and informative lessons received be a guideline for continued membership growth in our organization and extend our principles and service from rural communities and cities throughout California and the nation.

Fraternally submitted,
Elsa Rodrigues, Monterey County
